Vegetable Harvest Starts

Onions Roll To Sheds For Grading, Sacking

Vegetable harvest in the Floyd County area is underway with the clipping of onions starting in several county fields and grading and sacking going on at two sheds in Floydada and one at Barwise.

The Louisiana Strawberry shed in Floydada processed over 1300 sacks on the first day of operation and about 30 employees were working Tuesday at the shed. When the vegetable harvest hits full stride the last of this month, Louisiana Strawberry will employ about 100 persons at their two vegetable sheds and some 500 to 700 in the fields.

The S&H Onion Shed here had about 6,500 sacks of onions from two fields on the floor Tuesday morning awaiting shipment. S&H processes only onions, and employs over 100 hands at the shed and in the fields. Three local men, L. D. Simpson, J.S. Hale and Buck Hickerson, own the S & H shed

and process onions for 15 growers. Griffin and Brand of Hereford are the brokers for the S&H operation. The 200 to 250 acres contracted by S&H could yield up to 100,000 sacks, shed supervisor Oscar Barrera estimated.

The onion harvest will last another five to six weeks. Louisiana Strawberry bookkeeper Romeo Jimenez said cucumbers will start coming in to the shed here the latter part of July, and bell peppers and hot peppers will be ready to harvest in mid-August. Some growers are still replanting cukes after earlier plantings were hailed out, Jimenez said.

The total harvest from Louisiana Strawberry contracted fields looks to be about the same as last year. Initial vegetable acreage planted in the Floyd County area was much higher for the 1971 crop than in previous years, but damaging hail brought the expected yields down to the 1970 level.

City officials estimated at the time of the election that revenue from the new tax would amount to \$35,000 to \$40,000 yearly, and the first quarter collection goes along with that figure.

Guns Taken In Break-In

Police are investigating a break-in and theft at Kirk and Sons Hardware Store here in which five handguns were taken from the store's front display window.

The thieves reportedly heaved a brick through the front glass of Kirk's gun display. The incident apparently occurred between 4 and 7 p.m. Sunday. Owner David Kirk discovered the damage on a routine check at about 7 p.m.; City Patrolman Frank Breed had found no sign of the break-in when he checked the store about 4 o'clock.

One handgun and about \$4,000 worth of rifles and shotguns were left in the display case, indicating the thieves may have been frightened off in the middle of their venture.

Police have questioned several possible witnesses to the incident and are investigating

several other leads.

Breed said he thinks the break-in may have occurred after 6 p.m., when he investigated an accident at the corner of Main and Missouri, less than

a block from the store.

Taken were two .32-caliber

Rossi handguns, a .22-caliber Rossi, one .38 Rossi, and one .38 Smith and Wesson.

Floydada 'Firecracker Hot' On The Fourth

Floydada sweltered along with the rest of the area as high-temperature marks fell on July 4 and 5. The city's high on the Fourth was 104, and the temperature reached 101 on Monday and 99 on Tuesday.

The mercury climbed past the 100-degree mark for the first time here this year on the hot-as-a-firecracker holiday, and residents flocked to area swimming pools, lakes, and other "waterholes," or just stayed in front of the air conditioner to escape the heat.

County 18 Year Olds Can Vote In All Elections

County Tax Assessor-Collector C. J. Payne has received official word from Martin Dies, Jr., Texas Secretary of State, that registered voters who are under 21 years of age may now vote in all city, county

and state elections, as of July 1, 1971.

Prior to that time, the 18-, 19-, and 20-year-old voters could vote only in federal elections in Texas.

The notice from the Secretary of State reads:

This is to formally notify you that persons 18, 19, or 20 years of age who are presently registered to vote for federal elections only may now vote in ALL elections in your county and other political subdivisions.

The 26th Amendment to the United States Constitution lowering the voting age to 18 in all elections has been duly ratified by the state legislatures as prescribed by the Federal Constitution. The Federal Register in Washington D.C. confirmed July 1, 1971, that this new amendment went into immediate effect. This United States Constitutional Amendment overrides Article VI of the Texas Constitution insofar as it requires an otherwise qualified voter to be 21 years of age to be eligible to vote. Thus as of July 1, 1971, any registered 18, 19, or 20 year old may vote in ANY election - federal, state, county, city, or other political subdivision.

Persons who turned 18 years of age AFTER the close of the regular 1971 registration period may still register for the current voting year. The certificate is effective for any election held 30 days after registration. It is not necessary to segregate these late registrations from any other age classification on the list of registered voters. Also, DONOT stamp any of these registration certificates "For Federal Elections only."

Yankees Take T-Shirt Crown

The Yankees of the T-Shirt League wrapped up a perfect season Thursday night with a win over the White Sox. The Yankees put together a season record of eight wins and no losses to lead the local league.

The League winners beat out the White Sox in a thriller last Thursday, going into extra innings after being tied 10-10 at the end of regulation play. The Yankees finally came out on top, 13-10. Feuerbacher and Watson pitched for the Yanks; it was Castillo and Wells doing the 'Sox hurling.

In second place, with losses only to the league leading Yanks, were the White Sox, with a 6-2 mark. The Cubs finished third in the league with a 4-4 record, and the Pirates and the Orioles shared the cellar spot with identical 1-7 marks.

The Yankees will play a group of All-Stars picked from the other four teams in a series starting Monday (July 12) and continuing through Tuesday and (if needed) Thursday. A tournament with teams from Lock-

ney, Silvertown, Abernathy and Paducah is tentatively scheduled here the following week.

The Yankees picked up three players from other teams for the contest with the All-Stars. David Welborn of the Cubs and Pete Castillo and Robert Armstrong of the White Sox join the Yanks for the best-of-three series.

Yankee players are Mark Beedy, Alex Torrez, Barry Watson, Brad Feuerbacher, Todd Williams, Gary Cooper, Mark Phillips, Brett Turner, Jerry Battey Jr., Michael Self and Phillip Holbert. Button

MRS. THOMAS KINDER FARRIS, JR.

Miss Lewis And Gary Wayne Bennett Repeat Double Vows

Miss Pamela Bell Lewis and Gary Wayne Bennett repeated nuptial vows in a double ring ceremony read at 7:30 p.m. Thursday, July 1, in the First United Methodist Church. Rev. C. B. Melton, minister, performed the vows.

Parents of the couple are Mr. and Mrs. David C. Lewis and Mr. and Mrs. Harold Wayne Bennett all of Floydada.

White gladiolas, yellow and turquoise color mums, accented by baby's breath, formed the wedding scene. Bridal pews were marked by white ribbon and bows.

Presented in marriage by her father, the bride wore a formal length gown of Chantilly lace over taffeta, fashioned princess style. The gown featured a lace shoulder train, scooped portrait neckline, edged with seed pearls, and petal point sleeves. Her veil of illusion was caught to a headpiece of pearl trimmed petal leaves, and she carried a white Bible on which lay a single orchid, accented by baby's breath, greenery and satin streamers.

For something old and borrowed, the bride wore a pearl bracelet belonging to her mother, something new was a diamond pendant, a gift from the groom, and something blue was the traditional wedding garter. She also wore a lucky penny in her slipper.

Mrs. Darrel Dudley of Lockney was matron of honor and Mrs. Steve Ferguson was bridesmatron. They were gowned identically in formal length dresses of turquoise satin with overlays of chiffon on the long puffed sleeves. The scooped necklines and empire waists were fashioned as the bride's. Matching velvet bows adorned their hair, and each carried bouquets of daisies in colors of turquoise and yellow.

Rhonda Bennett, sister of the

groom, and Sheldon Sue, were candlelighters. They wore gowns fashioned as other attendants, with wristlets of matching color flowers.

Mike Moore, cousin of the groom, was ring bearer. The rings were placed atop a white velvet cushion made by the bride's grandmother.

Brady Hunt of Dumas was best man and Ricky Bennett, brother of the groom, served as groomsmen.

Ushers were Wayland Richardson, Amarillo, uncle of the groom; Larry Barbee, Corpus Christi, brother-in-law of the groom; Larry Ogden and Larry Guthrie, Floydada.

Piano selections were played by Miss Denise Tanner, Lubbock, cousin of the groom, while guests were being seated.

Sharon Hutchins sang, "Oh Perfect Love", accompanied at the organ by Mrs. Bill Hardin.

A reception honoring the couple was held in Fellowship Hall following the wedding.

Rice bags were distributed at the door by Kelby Sue, and guests were registered by Mrs. Larry Barbee, Corpus Christi, sister of the groom.

Miss Denise Cates, Miss Kathy Chappell and Mrs. Sarah Hinsley served wedding cake, punch and coffee.

The bride's table was laid with a white satin and net cloth

and held the bridal attendants' bouquets. Candelabra and silver appointments completed the setting.

Following a brief wedding trip the couple will reside at 605 21st in Canyon where the groom is a student at West Texas State University. He is presently employed at Amarillo Security.

The couple are graduates of Floydada High School.

MRS. GARY WAYNE BENNETT

Wedding Vows Read For Miss Bartlett, Thomas Kinder Farris Jr.

Miss Lorrie Jo Bartlett became the bride of Thomas Kinder Farris Jr., in a double ring ceremony read in the First Christian Church in Lubbock Saturday evening, July 3.

Dr. Dudley Strain, minister, was assisted in performing the 8 o'clock ceremony by the groom's grandfather, Rev. Russell C. White of Houston.

The bride is the daughter of Mr. and Mrs. Burl Bartlett of Kingfisher, Okla., and the parents of the groom are Mr. and Mrs. Thomas Kinder Farris of Floydada.

Magnolia leaves accented the communion table and pulpit. The wedding scene was formed by arched candelabra, banked with magnolia leaves and holding crystal votive lights. Pine place candle trees held white tapers. Satin pew bows marked the family section.

Miss Donna Patterson of San Antonio sang selected wedding songs, accompanied by Miss Debbie Lansford of Lubbock, organist.

Given in marriage by her father, the bride wore a formal gown of white silk organza and French re-embroidered scalloped Alencon lace. Pearl studded Alencon lace. Pearl studded lace and pearl designs accented the Empire waist and A-line skirt to the hemline. Tiny self covered buttons enhanced the back opening of the gown.

The detachable Watteau train, edged in lace and pearls, fell chapel length. The Alencon lace also complemented the bride's elbow length mantilla which was attached to a Cameliot cap. She carried a cluster bouquet of white carnations, yellow daisies, stephanotis and gypsophyllin.

Mrs. Larry Tubbs of Oklahoma City, sister of the bride, was matron of honor. Miss Janie Bartlett of Kingfisher, also a sister, was maid of honor. Bridesmaids were Miss Elizabeth Farris, Floydada, sister of the groom, and Miss Vicki Vannoy of Lubbock.

Bridal attendants were gowned in citron yellow linen, styled with Venice ruffled scooped necklines and baby doll sleeves. The gowns were fashioned with Empire bodices and softly gathered column sheath skirts. Matching yellow sheer braid large brim picture hats with bows and streamers of illusion, and white lace mitts completed the attire. Cluster bouquets of multi-colored summer flowers were carried by the attendants.

Gift Shower Honors Mrs. Bill Carr

A gift coffee honoring Mrs. Bill Carr was held in the Harmony community center Thursday, July 1.

Mrs. Elmer Dean Williams registered guests and Mrs. James Hale served coffee, frosted grapes, and banana bread.

Special guests included the bride's mother, Mrs. Emmett Willis, the groom's mother, Mrs. Wesley Carr, and his grandmother, Mrs. Mather Carr.

Guests were served from a table laid with a pink and gold colored cloth, centered with an arrangement of pink carnations intermingled with baby's breath.

Hostesses for the occasion were Mrs. Elmer Dean Williams, Mrs. Glenn Pool, Mrs. James Hale, Mrs. Zant Scott and Mrs. Bob Hopper.

Their gift to the honoree was a pressure cooker.

Miss McCarty Honored With Lingerie Fete

WE should feel fortunate to have as much moisture in the ground as we do. Crops are beautiful around our area but west as far as we drove during vacation, things were burning up that weren't being irrigated. New Mexico is very dry. Ruidoso residents say it's the driest there in fifty years. Many of their camp grounds are closed due to the fire hazards. It was pleasant not to hear the usual fire crackers popping over the holiday, but still good to get back home safe. If Wendell thought it was hectic last week when Sharron and I were gone, he should have a roaming camera to see what it's like when he is gone. That stinker and his family are in the cool Colorado this week, fishing, and Sharron is still up there somewhere vacationing in the company of the Guy Roys. We never get rested until everyone is back on the job from vacations. Next week goes James, then Carolyn.

HAVE talked to several persons who have visited Bonita Lake in the Ruidoso area, but say they have never been past that spot. You have missed the best part. Beyond that point is beautiful Miles from nowhere we came upon the old Parson Hotel still in operation. Miners lived there years ago, and in the lobby stands the old piano used at that time. An antique dealer would really have a time admiring all the items the hotel houses. The fish must have been biting at the lake, as fishermen were lined up solid on the banks.

IT'S art, history, anthropology, and astronomy all under a brand new roof at West Texas Museum at Texas Tech. The Moody Planetarium at the museum is having special shows each Saturday and Sunday at 3 p.m. "Mars, the Red Planet" will be the subject in July. Museum visitor hours are 10 a.m. to 5 p.m. Tuesday through Saturday and 1 to 5 p.m. Sunday. It's a worthwhile trip believe me.

The number of children found illegally employed in non-agricultural industries rose more than 15 percent during fiscal year 1970. Of the 11,570 minors found employed contrary to Federal Child Labor laws, 4,412 were engaged in hazardous occupations. In agriculture, 1,472 minors were found illegally employed - an 18 percent increase over the 1969 total.

Handicapped workers may have employment opportunities broadened through a new project sponsored by the Labor Department, Project Volunteer Power. The pilot project will investigate possibilities of involving volunteer women's organizations in aiding the handicapped. The women's groups will help by encouraging businesses to establish policies for employing the handicapped providing orientation on how to look for a job, transportation and other services.

MRS. JULIO SALAZAR
(Maria Luna)

Miss Marie Luna, Julio Salazar Repeat Vows

Wedding vows for Miss Marie Beima Luna and Julio Salazar were read at 2 p.m. Saturday, July 3, in the home of Mr. and Mrs. W. M. Stanforth, Jr. at South Plains. The Rev. C. B. Melton of the First United Methodist Church, Floydada, officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Guadalupe Luna of

South Plains, and Mr. and Mrs. Marcos Salazar of Corpus Christi. Given in marriage by her father the bride wore a formal length gown of white silk organza accented with lace and fashioned with a high neck, empire waist, and leg of mutton sleeves. A chapel train was attached with bows and the shoulder length veil was highlighted with a

metallic embroidery is seen on chiffons and on brocaded fabrics.

Suede weskits are used woolen suits.

The United States is the only country where it takes more brains to make out the income tax return than it does to make the income.

Mr. and Mrs. Salazar will reside in Arlington where he is employed with Redman Industries Company.

Miss Rosie Luna was her sister's maid of honor and Anita Juarez of Grand Prairie was bridesmaid. They each wore a floor length pink gown and carried bouquets of roses. Manuel Salazar, the groom's brother, served as best man and Tony Ortez of Abernathy, cousin of the bride, was a groomsman. Wedding music was presented by John Wilson at the piano and Miss Ester Luna, sister of the bride, was at the guest register.

Refinishing Terminology

If you're a potential furniture refinisher, but in the dark about some commonly used refinishing terminology for genuine hardwood furniture, here are some basic definitions:

FINISH - Permanent coating applied to wood both for protection and for enhancement of the beauty of the wood.

WAX or POLISH - Used to protect the finish and to keep it looking new.

SHELLAC - Basic finish containing alcohol which dries quickly and is easy to use. It's easy to polish. Used for all parts of furniture except table tops, which should be varnished.

VARNISH - Another finish which is resistant to alcohol.

SEALER - A substance which closes pores of the wood, sometimes shellac, which is used under varnish.

STAIN - Coloring applied to hardwood which is used to emphasize the figure or wood grain or to change the appearance of the wood itself.

REMOVERS - Ammonia, denatured alcohol, liquid paint remover, lacquer thinner, bleach, or special preparations available at hardware stores used to remove an existing finish. Prepares the piece of furniture for a new finish. (NF Features)

Praying To A Mighty God

"Call unto me, and I will answer thee, and shew thee great and mighty things, which thou knowest not." Jeremiah 33:3.

Outside of salvation God has not given us a greater blessing than the privilege of prayer. I have a little note written in front of my Bible that reads like this, "We have really learned to pray when we realize that prayer is a privilege rather than a necessary duty." The Lord wants us to pray. As an earthly father is desirous to answer the request of his children, so much more so is our Heavenly Father anxious to hear and answer prayers, Jesus points out this idea very emphatically in his own words as recorded by Luke.

"Ask, and it shall be given you;

Seek, and ye shall find;
Knock, and it shall be opened unto you." Luke 11:9

As we look to the Word of God as recorded in Jeremiah 33:3, we immediately see four things that he tells us.

First, He would have us see the simplicity of prayer: "Call unto me." There are so many mistaken ideas about form, eloquence, much talk, emotion, and other things concerning prayer. It seems that this is about as simple as God could make it for us.

Second, the certainty of prayer. "I will answer thee." It has been pointed out that the answer God gives to our prayers may not be as we had expected it. Sometimes He answers yes-sometimes no-and sometimes not yet, later on. One thing, however, we may be certain that He is a responsive God. He hears He knows our needs - He answers for our good and His glory.

Third, the discoveries in prayer. "And shew thee great and mighty things." We discover strength and courage in and through prayer that we never knew before. As we read God's Word and secular history as well, we see that truly great men were men of prayer. Prayer unleashes the power of God to work through us.

Fourth, the mysteries of prayer. "Which thou knowest not." No man understands all about prayer, but those who have prayed know of its results. Paul said on one occasion, "Hereby, do we know." He knew by experience. God will do for us through Christ what man cannot do for himself. Man's greatest potential is through prayer. Try it - God will bless your life through this fellowship.

Accompanying them this year will be their new little daughter, Ollie Dine, who was born December 22, 1970.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

CARE OF HOUSEHOLD EQUIPMENT

To get the most efficient use and longest possible service from the equipment you buy, read the manufacturer's instructions carefully and follow them exactly.

Equipment that is kept clean, oiled and in proper adjustment lasts longer. An alert eye and ear can save costly repairs. If you hear an ominous grind in the motor or notice that an appliance is not working, call a service man.

Refer to your warranty. It may assure you of service on new parts if the appliance does not work properly through no fault of your own.

To help keep the appliances you have in top working condition, follow these tips.

Never force gears, controls or working parts.

Don't overload equipment; overloading causes wear and possible damage.

Set controls according to the manufacturer's instructions.

When connecting an electric appliance, plug the electric cord into the appliance first, then into the outlet.

When disconnecting an electric cord, always grasp the plug. Don't pull the cord.

Allow hot appliance to cool before storing.

Coil electric cords loosely. Hang them over two supports or store in a drawer. Do not wrap the cord around a hot appliance or bend sharply.

Always put equipment away

Knox Named As Director

R. L. Knox has been appointed by Judge J. K. Holmes to succeed Harley McCasland as Floyd County director of the Central Plains Comprehensive Community Mental Health - Mental Retardation Center, Plainview. McCasland has moved from the community.

The Center serves Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Motley, Farmer and Swisher counties.

Announcement has been made by Representative Bob Price and Senator John Tower that the Center has been awarded a federal staffing grant by Health, Education and Welfare and the National Institute of Mental Health in the amount of \$407,119.

This grant is effective August 1. It means that the long awaited opening of the Central Plains Mental Health Center will be open for the five services that it had been approved.

Weldon Dodson and Bob Gibson are members of a special advisory committee for this county.

Team Approach Shows Results In Research

Dr. Jerry Johnson, sorghum breeder, and Dr. George Teetes, sorghum entomologist, both with the Texas Agriculture Experiment Station, Lubbock, are proving the team approach to a problem pays dividends. Both scientists are under a grant from TGSFB to develop greenbug resistant lines.

Preliminary results indicate resistant hybrids could be on the market within five years, provided everything goes as planned.

There is some indication that climate may affect the degree of resistance. Dr. Johnson and Teetes are utilizing field locations on the High Plains, greenhouses, and a winter location in Puerto Rico. Similar programs are also being conducted in Oklahoma and Kansas.

The biggest problem is to identify resistant types, and transfer these genes to lines presently used in hybrid sorghums. Most of the resistant materials are introductions and not adapted to High Plains conditions. It is encouraging to note that progress is being made.

California Water Project Tour Set

A large contingent of West Texas and New Mexico residents will tour facilities of the California State Water Project on a Water, Inc., sponsored tour August 22-26. Reservations are now being accepted for the guided tour which includes visits with California water officials.

The California State Water Project, now in operation, includes impoundments on the Feather River in Northern California and a canal system extending almost the entire length of the state providing municipal, industrial and agricultural water to vast areas. The project also includes a lift system for carrying the water over the Tehachapi mountain range northeast of Los Angeles.

Gaston Wells, president of Water, Inc., issued an invitation to all interested persons to join in the trek.

"This is a unique opportunity to see a water development program similar to the one proposed for Texas," Wells said. "Although not as large as the project envisioned for Texas," Wells added, "most of the pro-

ject problems facing Texas such as large canal systems, the necessity of lifting the water almost 2,000 feet over the mountain range and the complex of lateral distribution systems to water users are similar and give us a good insight into what we can expect here."

Plans call for the entourage to fly aboard regularly scheduled airlines from Lubbock and Amarillo to Sacramento, California, on August 22. Utilizing chartered buses in California, the group follows the canal system from its beginning at the Oroville Dam south with overnight stops in Fresno and

Bakersfield, flying back from Los Angeles on the fifth night. Cost of the tour including all transportation, lodging and a portion of the meals while away is \$300 per person. The tour will be limited to 80 persons and Wells suggests that those interested contact the Water, Inc. offices in Lubbock as soon as possible.
