### Whirlwind Grid Workouts Start

Whirlwind football workouts started Monday, and cool weather has resulted in some very spirited drills, head coach L. G. Wilson said after the Tuesday morning workout.

Wilson said player turnout for the "Wind pre-season drills was good, and that all boys showed that had been planned on.

Working out with the first-team backfield Tuesday were quarterback Rick Watts, probable starter for the first time this year; fullback Jim Kunkel, up from the JV; 1970 all-district halfback Walter Harris, who tallied 17 TDs last season; and honorable-mention all-district back Van Mitchell, who rambled for seven 6-pointers

in '70. Watts, Harris and Mitchell earned varsity letters last year; other returning lettermen are linebacker-center Kim Rose, another all-3-AA honorable mention pick; ends Charles Jackson and Dirk Campbell and linemen Mike Vinson and Mike Grigg.

**FIRST SCRIMMAGE FRIDAY**  
The "Winds' first inter-squad scrimmage will be held Friday night as part of "Meet the Whirlwinds Night" beginning at 7 p.m. at Wester Field, Wilson said.

First game for the Mean Green will be September 10, a non-district 8 p.m. encounter at Ralls.

WHIRLWIND LETTERMEN Kim Rose, Mike Vinson and Mike Grigg are probable 1971 starters on the Mean Green line in front of what some say may be the best 'Wind backfield in several years - halfback Walter Harris, quarterback Rick Watts, fullback Jim Kunkel and halfback Van Mitchell. (Staff Photo)

### Caprock Chat

BY WENDELL TOOLEY

FRANCE found a March, 1927 copy of the Farm old trunk. It was the 50th anniversary of the magazine publication in March of 1877.

Advertisements featured brand new Oldsmobiles, the new deluxe light six Nash for \$1085, and cream separators for \$24.95, the Star Six \$245, and Essex Super Six for \$750, and many, many medicines of all kinds.

Wanting to note the fine quality of printing, some color is noteworthy on the cover and three or four pages were 116 pages and must have required many hours to staple it together.

### Don Hardy, Ricky Burns Named Outstanding Young Men

Don Hardy and Ricky Burns have been chosen for inclusion in the 1971 edition of OUTSTANDING YOUNG MEN OF AMERICA, according to the Floydada Chamber of Commerce.

Nominated by the organization earlier this year, the men were chosen for the annual awards volume in recognition of their professional and community leadership, a spokesman said today.

Sponsored by leading men's civic and service organizations, OUTSTANDING YOUNG MEN OF AMERICA honors men between the ages of 21 and 35 whose demonstrated excellence has marked them for future leadership in the nation.

"These young men," according to Doug Blankenship, Chairman of the Board of Advisory

Editors, OUTSTANDING YOUNG MEN OF AMERICA, "are truly outstanding because they have distinguished themselves in one or more aspects of community and professional life." Blankenship was U. S. Jaycee President in 1962-63.

Nominations for the awards volume are submitted each year by civic organizations, Jaycee chapters, college alumni associations, and military commands.

President Nixon, complimenting the awards volume, has said, "OUTSTANDING YOUNG MEN OF AMERICA presents a most fitting testimonial, not only to the success of many of our young people, but also to their awareness of the debt which they owe our free society."

Publication date for the 1971 edition is November.

### The Ponderosa Expands Meat Sales

Announcement was made this week by Johnny Harris that he has increased the size of The Ponderosa Meat Company here to 5,000 feet, meeting government inspection on requirements and offering retail meat sales to the public.

Harris said three meat display cases have been added and the housewife may purchase all types of quality home killed meats from the displays.

Although Harris plans a "Grand Opening" later, he invites the public to begin purchasing meat with a half page advertisement in this edition of The Hesperian.

Heretofore, Harris has specialized in production of Johnny's Sausage, maple cured

hams and bacon, custom beef and swine butchering and packaging. He has increased Ponderosa personnel to eight persons as he has enlarged his business retail sales.

"Very few meat packing plants in this area have been able to meet the new government requirements," Harris said, "and I want to continue to serve the people of this area of the South Plains and the Caprock Country."

Johnny's Sausage is possibly the best known product from the Ponderosa in the past seven years Harris has been in the business. He makes a "whole hot" sausage in both mild and hot flavors.

The Hesperian will be publishing more information and pictures of The Ponderosa during the Grand Opening Later.

### Dodgers Lose Late Game, Bow From State Tournament

The Oden Chevrolet Dodgers, city and district Freshman League baseball champions, were eliminated at the state tournament at Killeen last week after losses to the host team and Sweetwater.

The local champs were scheduled to play at 10:30 Tuesday night but didn't take to the field until 12:30 a.m. and finished the game at a quarter 'til 2. Final score in that game was 4-2 Killeen. The Dodgers had traveled since 6 a.m. Tuesday, arrived in Killeen at 2 p.m. and got checked into the dormitory where they were to stay at about 4.

In a Wednesday game against Sweetwater, the Dodgers fell 2-0 and bowed from the double-elimination tourney.

Dodger coaches Jim Jackson and Rex Batty had much praise for the way the Floydada team conducted themselves both on and off the field while in Killeen. Jackson said the team

members conducted themselves like perfect gentlemen and left a good impression of both the team and Floydada.

Jackson, who also served as Freshman League vice president for this baseball year, said the team could have been at a disadvantage because they had to travel so far and play the late game on the first night of the tourney. He expressed the belief that the Dodgers had as fine a team as any in the state meet.

Jackson expressed appreciation to all the townspeople, both individuals and business firms, who gave their support and financial aid in sending the Dodgers to the state tourney. The Dodgers, the league, and the local baseball association certainly wish to thank everyone for their support, Jackson said. The Dodgers wish to especially thank the Floydada Chamber of Commerce for the telegram they received at Killeen.

### New LP Gas Law Effective September 1

The recent 62nd Regular Session of the Texas Legislature amended the Liquefied Gas Tax Law whereby a farm or ranch user can elect to secure a Special Farm User Permit and pay taxes in advance on 1,200 gallons of fuel per year per vehicle, or a monthly fraction thereof, on vehicles secured after January, and to purchase tax free LP Gas without filing monthly reports and tax payments, or keeping records, other than annual speedometer readings. The law requires that the speedometer be kept in good operating condition at all times. The new law becomes effective September 1, 1971.

Under the new law a supplier cannot sell or deliver LPG tax free to any user who owns and/or operates a motor vehicle with LPG unless the owner holds a valid permit as a Bonded-User or as a Special Farm User.

The new law states that a person who owns and/or operates a motor vehicle powered with LPG cannot legally issue, nor can a supplier accept in lieu of tax payments, a signed statement that none of the LPG purchased or acquired in Texas by him will be delivered or permitted to be delivered into the fuel supply tanks of motor vehicles.

The Special Farm User Permits will be issued to farmers or ranchers by the Comptroller of Public Accounts, and will cost \$60.00 a year or \$5.00 per month for each remaining month after January. The Special Farm User permit will authorize the holder to purchase LPG tax free in a LPG operated vehicle. A representative of Robert S. Calvert, State Comptroller, will be at Judge Holmes office, Court House, Floydada on Sept. 1 to 3 incl. from 8 a.m. to 5 p.m. for the purpose of issuing these permits.

Permits may be obtained at the Lubbock District Office, 2424 34th at any time.

The study course, entitled "Elementary Principles of Management", is offered to those who are working toward a supervisory position in the SCS. The course deals with subjects such as Supervision, Working and Communicating with People, Writing and Policies of the SCS.

## Miss Hasslocher, William Murphy Staniforth III Wed August 14

The St. Andrews United Methodist Church in San Antonio was the setting Saturday, August 14 for the wedding of Miss Susan Lynn Hasslocher and William Murphy Staniforth III. Dr. Barcus Moore and Dr. Darrel D. Gray performed the twin ring ceremony at 8:30 p.m.

The bride is the daughter of Mr. and Mrs. Germano (Jim) Hasslocher of San Antonio and the groom is the son of Mr. and Mrs. W. M. Staniforth Jr., of South Plains.

Mrs. Leo McMahon was organist and Richard Cranford presented trumpet solos. A special reading was given by Mrs. J. Gordon Collie.

Presented in marriage by her father, the bride wore a formal wedding gown of pale ivory Alencon lace embroidered on English net. Clustered seed pearls and iridescence accented the bodice and skirt. The fitted bodice was styled with a portrait neckline and short double flounce sleeves, and the flared skirt was bordered with a deep satin roll at the hem circling into a full Chapel length train. Her scalloped lace crescent headpiece with pearl bead embroidery, held a floor length veil of silk illusion, and she carried a bridal bouquet of white roses.

Mrs. J. W. Ogilvie-McDonnell of Tampa, Fla., sister of the bride, was matron of honor and Miss Sharon Lynn Cohen, Longview, was maid of honor. Bridesmaids were Misses Julie Ruth Hasslocher, San Antonio, sister of the bride, Patricia Margaret Speier, San Antonio; Sara Lee Staniforth, South Plains, sister of the groom, Nancy Debra Strauss, Dallas; Bruce Cary Thornton, Houston and Betty Sue Waller, San Antonio.

Feminine attendants wore

gold chiffon blouses and tulle skirts, and carried baskets of fresh yellow daisies.

Misses Stacy and Lisa Zenger of San Antonio, were flower girls, and Chris Regan Zenger, San Antonio, was ring bearer.

The groom's father served as best man. Ushers were Wayne Orin Brinkley, Dallas; Tryon Dexter Lewis, Odessa, and Jeffrey Wesley Ogilvie-McDonnell, Tampa, Fla.

Groomsmen were Dr. Roy William Bledsoe, Dallas; Thomas Allen Forbes, Georgetown; James Craig and Robert Calvin Hasslocher, San Antonio, brothers of the bride; Robert Allen Higley, Austin; Robert Wayne Jackson, Huntsville, and Randall Ray Moore, Lubbock.

Following the wedding a reception honoring the couple was held in the Anacacho and Peraux Rooms of the St. Anthony Hotel.

For travel the bride changed to an ecru double knit dress and matching short jacket with off-white sueded cobra shoes and bag.

After a honeymoon trip to California and Cuchara, Colo., the couple will be at home after September 1, at 8715 Starcrest Dr., Apt. 37 in San Antonio.

Mr. and Mrs. Staniforth are both graduates of the University of Texas. The groom received his Bachelor of Journalism Degree in advertising in July and Mrs. Staniforth received her Masters Degree in Business Administration in May.

The groom's parents were hosts for the rehearsal dinner given Friday, August 13 in the La Louisiane in San Antonio.

Mrs. Jeffrey Wesley Ogilvie-McDonnell and Miss Julie Ruth Hasslocher, sisters of the bride, were hostesses for the bridesmaids' luncheon in the Argyle Club.

A chapel length train of peau in tulip shape, was edged in scalloped lace and caught to the high waist in the back by a small double bow. Her double tiered veil of silk illusion, fell elbow length from a multi-petaled queen's crown adorned with crystals and seed pearls.

She carried a white Bible which held an arrangement of feathered white carnations and stephanotis, highlighted with garlands of springerri ferns.

Some of the questions as to "how and why" have been answered on the 90 day freeze so here are just a few you might be interested in. What is the level at which prices, rents, wages and salaries are frozen? The Government says the ceiling price or wage may not exceed the level that prevailed in the month ended August 14, 1971. What does the price freeze cover? All commodities and services effected except raw agricultural products. What's the effect on proposed telephone charge increase, increased plane and bus fares, tuition increases already announced by colleges to take effect in September? They say pending further action.

# A BRAKE!

**Please don't hurt our children**

DEAR DRIVER

Today, our daughter, who is six years old, started to school for the first time. Her brother was with her, but he's only nine himself, and he still looks pretty little to me. Their Cocker Spaniel, whose name is "Scoot," sat on the front porch and whined his canine belief in the folly of education as they waved "goodbye" and started off to the halls of learning.

Last night we talked about school -- our daughter and I. She wondered what the teacher would be like... she hoped she could sit beside Mary (the little girl next door). She said her "letters" for me -- just to be sure she knew them. Oh, we talked about a lot of things -- tremendously vital, unimportant things. Then she tried on her plaid pinafore to show me... and then to bed.

She looked so helpless -- sound asleep, with "Princess Elizabeth" (that's her doll) cuddled in her right arm. You see, I'm her daddy. When her doll is broken or her finger is cut, or her hand gets burned, I can fix it -- but when she and brother start to school when they walk across the street, they're in your hands.

They're nice kids, both of them. They like to ride horses and swim and hike with me on Sunday afternoon. But I can't be with them all the time. I have to work to pay for their clothes and education. So please help me look out for them. Please drive slowly past the schools and intersections -- and please remember that children do run from behind parked cars.

PLEASE DON'T HURT OUR CHILDREN

A PROUD DADDY

there legal authority for such a freeze? Yes, remember Congress passed an authorizing law last spring, but few of the lawmakers, however, expected President Nixon to use it!

If I understand correctly most food prices, excluding fresh fruits, vegetables and other raw agriculture commodities, have been frozen at the retail level. The price freeze is based upon the highest charged within the 30 day period preceding August 15. The same goes for clothing. All prices have been set on clothing bought earlier in the year from now until the first of the year. Merchants say that since most of the clothing was bought by them the first of the year, the wage-price freeze will have

## Letters To The Editor

IS THE CITY COUNCIL DRAGGING ITS FEET? It seems to me the City Council of Floydada must have had the worst public relations of any town. Last week of a meeting when we were asked to take over more of Christmas lights is a fair example of what I mean.

To me the story of the meeting was that everybody had to do the right thing, except possibly the council was the worst.

All the city is now doing is putting the lights up for Thanksgiving, taking them down soon after Christmas, and then the power to keep them lit for 30 or 40 days.

I recall that when Christmas lights were just a light we felt we had made a master stroke when we got them to agree to do that.

Perhaps, with changing times, this is no longer a good idea. I am entitled to have an opinion on this matter, and of the current stream of affairs.

But surely I am not wrong in the belief the city has had this change in the budget for the taxpayers to see to be made. Possibly, with so much permissiveness, we walk of life, a pledge to budget spending may not be a thing any more. We have plenty of examples set by other areas of our Congress.

But as well as I know that retailers are bedeviled by the problem, and that they are ridden mercilessly, possibly be stretched across the barrel any tighter than Floydada is.

My plea is please give the council a chance. If a change and desirable tell it to them at budget time. Is it their fault that they make a concession at this stage of the game?

no effect on the price of fall clothing. One merchant said prices cannot be increased, however.

MANY laborers are scratching their heads after the announcement of the freeze, just as it would have on the wage law, now \$1.80 per hour, expected to go to \$1.80 by the first of 1972.

IN DAYS to come government agencies will pay exactly what we pay upon us all.

THE town has got dogs but not for long. Floydada has a dog Joe Mack Breed started Monday and departs weather this week. Some people, especially the town's small fry, look very uncomplimentary to Jo Mack.

Some residents who on the back for long stray dog (which by the way, always someone's pet) others may spell out a very unbecoming man ear. You can't win and I'm sure Joe Mack never win a popularity test, but he is doing one that has been needed for some time.

If you love your dog and wish to keep it, then comply with the law. They are supposed to be licensed with a city tag, and against rabies year. They must be on a leash. If your pet up, expect to pay to get it back. If it's the second time within a year, then to get it back pay a \$4 fine.

You will also be charged \$1 per day by the City if it is kept in the street if the dog has not been licensed by its owner after the tag then it will be destroyed with by pet owners and will be enforced, city said. By the way the dog has been moved and under observation at the City. Seems like someone letting dogs out which caught and that is such a no." You can be

### 4-H's Attend County Camp

The 4-H members and their families attended the annual Floyd County camp at Roaring Springs. The camp this year was held August 12 and 13. There were around forty-five 4-H members and thirty parents, adult leaders, and agents attending.

The Floyd County 4-H Council members of Ginger Henderson, Pam Patterson, and Teena Jones, and Sam Fortenberry met with the Adult Leader's Association in planning the camp-out. Committees were headed up by Kay Russell, Sam Fortenberry, Mitch Probasco, Regina Jack, and Curtis Smalley.

The 4-H's really enjoyed attending the camp. This gives them a chance to have one last fling before school starts. The parents had a real good time also. Chief cook F. G. Jones and the agents thank all the parents for their help at county camp. This year's camp was a real success considering the weather.
