STRAY DOG PROBLEM
The problem of dogs run-
ning loose in the city is another
one being tackled by City of-
ficials. Joe Mack Breed, em-
ployed as dog catcher since
August 1, has brought in an es-
timated 80 to 100 stray ani-
mals, about 25 per cent cats,
and the rest dogs. A city ordi-
nance prohibits "uncontrolled"
dogs (and cats) within the city
limits and provides for im-
pounding of animals running at
large in the city, "at large" meaning "off the owner's prop-
erty and not under control by
leash, collar, chain or
otherwise." The law also re-
quires a rabies vaccination
once a year.

CHURCH ATTENDANCE DRIVE PUBLICITY is provided by Lisa Gregory (left) 15-year-old FHS junior, and Pam Els, 14, a sophomore, as they add another car to the number sporting "Everyone In Church" bumper stickers. Church Attendance Efforts Progress

"Everyone In Church Sun-
day" bumper stickers are com-
mon sight on Floydada cars, and
other promotions for the all-
out church attendance drive are
shaping up, according to drive
chairman Ed Wester, Septem-
ber 12 is "Everyone In Church
Day" here; the effort is spon-
sored by the Floydada Minis-
terial Alliance.

The bumper stickers were
distributed at church services
starting Sunday, August 22, and
they're appearing on more and
more autos here as the drive
gains momentum, Wester said.

This Sunday at 8 p.m., junior
high and high school youth will
meet at the First Baptist Church
for a "poster party", then the following week they will
distribute the posters over
town. Each is asked to bring
cookies to the poster party -
the First Baptist Church will
furnish the soft drinks.

Church bulletins this week
will contain bulletins announc-
ing the attendance effort.
Churches who have announc-
ed participation in the drive
include the Assembly of God,
Calvary Baptist, First Baptist,
First Christian, Nazarene and
Methodist.

Jury List Drawn From Wheel For First Time

For the first time in the his-
tory of Floyd County a jury list
was drawn Monday from the
Jury Wheel. Mary McPherson,
Floyd County District Clerk,
and County Deputy Foster Am-
burn, drew the names under the
supervision of District Judge
L. D. Ratliff.

The wheel contains the names
of all registered voters in Floyd
County. It has been used in the
larger cities for some time, but
is a first for the smaller towns.

Judge Ratliff explained the
only legal reasons for not serv-
ing on jury duty. This being for
persons over 65 years of age
and a woman who has legal
custody of a child under the
age of ten years. All other com-
petent jurors are liable for jury
service, and court shall not ex-
cuse jurors for economic rea-
sons, the Judge said.

Persons over 65 or women
with children under the age of
ten, if called for jury duty, may
file a written statement with the
district court, county clerk,
sheriff's office or tax assessor
and collector, stating the nature
of their exemption from jury
duty. By filing no card for such
persons will be placed in the
jury wheel for the ensuing year.

Persons with names drawn
for jury duty will be notified by
the sheriff's office.

This statute does not apply to
the selection of a grand jury,
Judge Ratliff said. As in the
past a grand jury will be se-
lected by the jury panel and not
drawn from the jury wheel.

Texas Senator Jack Hightower
will be the featured speaker at
the annual Rotary-Teacher
banquet Tuesday evening in
Duncan Elementary Cafeterium.
The banquet begins at 7:30
p.m.
The Floydada Rotary Club
stages the banquet in honor of
the school system's teachers
and officials each year with
over 200 in attendance.
Master of ceremonies will be
Rotary president Wendell Too-
ley. Theme of the banquet will
be American patriotism.
Rotary vice president A. E.

dent will introduce school of-
ficials for recognition of teach-
ers.

SENATOR HIGHTOWER

The Grain Sorghum Pro-
ducers Association called upon
Secretary of Agriculture Har-
din to take steps to prevent
further decay and to help
strengthen grain prices on the
eve of the largest feed grain
crop in history which is pre-
dicted for this year.
In a letter from GSPA Exe-
cutive Director, Elbert Harp,
to Secretary Hardin, it was
stated that "local grain prices
have deteriorated up to 20%
during the last month." Harp
recommended that the Secre-
tary take the following action
immediately to help halt this
downward trend.

- (1) An extension of the resale
program for 1970 and 1971 feed
grains in commercial and on the
farm storage.
- (2) The 1972 feed grain pro-
gram allowing additional diver-
sion of up to 50% of base with

diversion payments on all over
20%.
(3) C.C.C. will refrain from
further selling of government
owned grain, except for disaster
relief, until grain market
regains its strength.
(4) An increase in the national
Loan rate to the maximum
permitted by law.
GSPA tried its best last fall
to get USDA to extend the pro-
gram of diversion up to 50% of
the feed grain base with diver-
sion payments on all over 20%.
"This would have taken more
land out of production and pre-
vented another surplus building
crop," Harp stated. USDA re-
fused because of the corn blight
scare.
Harp stated "The farmers
are again being asked to make
sure that adequate supplies are
available without sufficient
price protection when surplus
building crops are produced."

Hit And Run Charges Filed

City Police and Sheriff's De-
partment officers investigated
a "hit-and-run" accident here
early Sunday morning. The
mishap occurred at about 2 a.m.,
near the intersection of Second
and Price Streets. No one was
injured, but "considerable"
damage to both cars resulted,
officers said.

Street went out of control, hit
the curb of the north-bound
traffic lane, bounced back and
hit an automobile which was
traveling north and driven by
Mrs. Rayford Martin of Lock-
ney. The driver regained con-
trol, circled the city swimming
pool and left town, heading
north on the Lockney Highway,
the witnesses said.

Witnesses said a car occu-
pied by "three or four" per-
sons and going south on Second

The car was later found aban-
doned.

Businesses Open, Offices, Bank, Schools To Close For Labor Day

Most retail businesses in
Floydada will open for business
as usual on Labor Day, Mon-
day, September 6, but utility
company business offices, city
and county government offices
and the First National Bank
will close in observance of the
national holiday. Labor Day is
not one of those holidays re-
commended for closing by the
Retail Trades Committee of the
local Chamber of Commerce.
Opening as usual will be the
following firms: automobile
dealers - Reed Ford, City Auto
and Oden Chevrolet; Depart-
ment stores - Beal's, Hale's,
and Hagood's; drug stores -
Arwine's, Bishop-Ramsey and
Thompson's; grocery stores -
Powell's, Piggy Wiggly, Hall
Mart, Hull & McBrien, Joe's 7-
11, and L&J; and Perry Broth-
ers variety store. A spot check
with service stations and driv-
ing indicated most would be
open as usual.
Those offices observing the
holiday will include City Hall,
court house offices, Southwes-
tern Public Service, Southwes-
tern Bell Telephone, Lighthouse
Electric and the bank. Floyd-
ada public schools will dis-
miss classes Monday.

It was reported at press
time yesterday that Pioneer

FLOYD COUNTY PIONEERS often reminisce about "knee high to a cow" native grass way back before our grassland was plowed up. If you want to see what they are talking about, drive out to the northwest city limits where Mark Martin has a few acres of grass... it's knee high to a cow.

Memard Field said he remembers when farmers combined the pastures of grass for the seed... the heads were waving in the wind like a wheat field.

MARY TOM AND I enjoyed visiting with the folk down at Roaring Springs last week. I met a fellow by the name of Virgil Smith of Dickens who sent me a copy of a handbill advertising a Confederate and Cowboy reunion in Plainview back in 1895.

The circular reads as follows:
"RE-UNION! Confederates and O-Cowboys!
A Grand Celebration of the Confederate Veterans and Cowboys will be held on the Fair Grounds at Plainview, Aug. 2d 3d 4th and 5th 1895.

EVERYBODY INVITED, Especially the Veterans of the Gray and Blue and all Cowboys.
FREE TO ALL. Free Grass, Free Water, and Free Air. Our water facilities are much better than last year and copious rains have made grass fine and abundant.

The 2nd and 3d will be given to the exercises of the Confederate Veterans, the 4th and 5th to the Cowboys.
The Confederate Veterans and Cowboys will have programs of each day's exercises distributed on the grounds.

Roping Contests, Tournament Riding and Broncho Busting will be some of the features of the Cowboys' exercises.
Grown cattle only will be used in the roping contest.
MUSIC by Brass Band Each Day.

The Association is better equipped in every way to accommodate the people and no pains will be spared to make everyone have a good and most enjoyable time. We expect a much larger crowd than last year and are making arrangements accordingly.
A number of prominent speakers will be present.

Come and see the largest encampment outside of Chicamauga or Cuba. Come and bring all your friends with you.

J. N. DONOHOO, President C. G. LEACH, Secretary.
Mr. Smith made these notations about the reunion:
"My mother is the late Mrs. Samantha Smith. The former Samantha Sarille and her father Jonas Carlile (old Confederate soldier) who lived on the north bank of Duck Creek about where the Mackenzie Trail entered Dickens County.

Went to this reunion with a covered wagon loaded with watermelons. Mother then in her early 20s said it came up a storm the nite they camped on the way. Instead of sleeping on the ground she made her bed in the wagon on the melons.
She said that was the hardest bed she ever slept on. (The melons were large.)

DON'T LET YOUR WIFE SEE THIS - Many men seem to think that having a "working wife" means having one who brings a paycheck home every week. That just isn't so. Your wife is a worker at home and she is worth \$235.60 a week, according to Jobber and Warehouse Executive.

The average mother of two spends eight and a half hours per week cooking. The average hourly rate for cooks is \$2.40. That amounts for \$20.40. She also washes dishes, plans meals, bakes and waits on tables an additional 15 hours per week. That comes to \$27.80. Then, there are 20 hours of babysitting at 60 cents per hour.

Your wife also is a private nurse, governess, chambermaid, purchasing agent, veterinarian, laundress, home economist, dressmaker, handyman, hostess, general housekeeper and secretary for a total of 73 and a half hours per week. Total for these jobs is \$159.24.

The little woman also works as a gardener, chauffeur and recreation director for another 14 hours per week. This means \$28.25 in salary. It all adds up to \$235.60 per week, or more than \$12,000 per year!

(23JJ0618A) (FHTNC) USS EDWARD McDONNELL - Navy Seaman Clifton H. Garrett, son of Mr. and Mrs. Austin Garrett Sr. of Route 4, Floydada, Texas, is now participating in Operation UNITAS XII aboard the Destroyer Escort USS Edward McDonnell.

UNITAS XII, a multi-nation training operation is being conducted off the coasts of South America in the Atlantic and Pacific Oceans. The navies of Columbia, Peru, Chile, Argentina, Paraguay, Uruguay, Brazil and Venezuela are included in the exercises.
Conceived in 1959 by Admiral Arleigh Burke, UNITAS exercises had been primarily anti-submarine warfare oriented, but in recent years have included anti-air warfare, surface gunnery, communications, seamanship, and naval control of shipping.

Tech Games On Closed Circuit

Texas Tech students, faculty, ex-students and fans who can not go on the road with the Red Raiders this fall will have the opportunity to watch the Tulane and Texas games via closed circuit, color televisions.
Tech plays Tulane in New Orleans Sept. 11 and Texas in Austin on Sept. 25.
Tickets for the closed circuit presentation of the 7:30 p.m. Tulane game are now on sale at the Tech ticket office. Arrangements have been made for 5,000 seats in Lubbock Coliseum. Tomorrow Entertainment officials announced that the 4 p.m. Texas game will be shown in both the Municipal Auditorium and Coliseum.

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

The Board of Directors of Lubbock-based Plains Cotton Growers, Inc. has adopted a \$199,450 budget for the organization's 1971-72 fiscal year. Officials state that the cotton producer association's funds each year are dedicated to a wide range of activities designed to "better the conditions under which High Plains cotton is grown and marketed."

Voluntary producer dues to PCG are 15 cents per bale, paid through gins, and these account for some 85 percent of the organization's income. Additional dues are paid by ginners, compresses, oil mills, banks and other cotton-oriented businesses. The association covers 25 counties surrounding Lubbock and has almost 25,000 members who in 1970 produced over half the cotton grown in Texas and about 17 percent of national production.

Lloyd Cline of Lamesa, Chairman of PCG's 15-man Finance Committee, told the Board "We have tried to bring you a budget which allocates available funds in a manner which will return maximum benefits to PCG members, and a budget which authorizes only those expenditures absolutely necessary to the achievement of association goals."

The budget is up \$5,050 from the previous year, generally reflecting the inflationary pressures acting on all society, Cline said. He noted, however, that the organization will effect economies wherever it is possible to do so without reducing benefits to the membership. As evidence of PCG's "conservative management," he reported that the \$194,400 budget authorized by the Board for 1970-71, less than \$170,000 was actually spent.

Final approval of all budgetary and policy matters at PCG is required of a 50-member Board, with two members from each of the organization's 25 counties. Donald A. Johnson of Lubbock serves as PCG's Executive Vice President.

Major items in the 1971-72 budget include:
Agricultural Research (\$23,950), under which grants-in-aid are made to established research institutions for work on variety breeding, temperature studies, moisture studies, gin pollution control, minimum tillage, narrow row or "broadcast" cotton culture, and the control of cotton diseases, insects and weeds;

Fiber Research and Service (\$12,000), which covers the cost of fiber and spinning tests on new and established High Plains varieties, plus technical services to spinning mills that are customers or potential customers of High Plains cotton;

Fiber Quality Analysis and Reports (\$3,000), includes a twice monthly, computerized cataloging of each year's High Plains crop by grade, color, staple, strength, micronaire and elongation, with reports going to merchants and mills around the world as the crop is harvested;

Advertising and Public Relations (\$25,000), for the publication of a monthly membership newsletter and for national, international and area advertising of High Plains cotton's availability and spinning qualities;

Salaries and Employee Retirement (\$65,000), for the full-time employment of four men and two secretaries, plus a part-time textile consultant and supplemental help at periods of peak work-load, and

Travel (\$17,500), which takes staff members and other officially authorized PCG representatives to meetings and hearings, textile mills, Washington, Austin and other places where decisions are made that affect the future of cotton and cotton producers.

ASCS Newsletter

1972 WHEAT ALLOTMENTS will generally be as for 1971 and should be mailed to producers early in the month. Provisions of the 1972 wheat program as set forth by Secretary Hardin require a set-aside equal to 25 percent of the farm domestic allotment, the maximum provided by the program. That barley will be included as a feed grain and that the limit on the acreage planted. Be sure to study the pamphlet.

As was the case this year, producers will receive secondary payments after July 1 equal to 75 percent of the face value of the wheat certificate. Any remainder will be paid after December 1, 1972.

1971 COTTON YIELDS: The procedure for determining cotton payment yields is being changed to encourage farmers to plant poor crops of cotton to maturity. If a farmer does not plant the 1971 expected production (1971 base allotment) the payment yield for 1972 will be protected in that the 1971 production is of the 1971 expected production. This proves to be more advantageous for him than the 1972 payment yield on the basis of the three-year production. The adjustment for 1971 yields reduced due to weather conditions is being changed from 80 percent to 75 percent.

Abandoned acreage must be reported to this office. Destroying crop remains and proper documentation for the county committee to be able to make an adjustment for 1971. Be sure the gin identifies your serial number, owner and operator, as well as bale net weight.

1972 SET-ASIDE REQUIREMENTS: To give producers opportunity to plan their operations for 1972, the following provisions have been made regarding physical requirements for set-aside acreage:

A. Productivity of designated acreage shall be equal to the average of the other cropland on the farm used for crops. In determining the productivity of set-aside acreage shall be made with land on which program crops are produced.

B. In the case of blended dryland-irrigated production designated acreage must reflect the proper proportion.

C. The designated acreage must be cropland which under normal conditions could have been planted to a crop during the current year.

D. The set-aside acreage should be in one tract or in two or more tracts of reasonable size and shape designated only to complete set-aside requirements. Where a part of a field is used, it must contain three acres unless the producer needs less than that to fill his set-aside requirements. A minimum width of 1/4 mile is required. In skip-row plantings, 2 normal rows are required.

E. The set-aside acreage must be designated and certified.

F. Acreage used as set-aside will not be eligible for REAP: Funds are still available to assist in cost-share practices. Make your application before beginning the season.

1971 GRAIN SORGHUM LOAN RATE for Floyd County is 66¢ per cwt. for grade #2 or better.

HAYING AND GRAZING OF SET-ASIDE ACREAGE has been extended through December 31, 1971, and does not have to be filed for haying or grazing in cases where these privileges are subleased to another party.

MEETING: There will be a meeting Tuesday, Sept. 14 at 8 p.m. in the Floydada High School Auditorium for the purpose of discussing highway safety for farm machinery operators of the Texas Department of Public Safety (new and old regulations governing farm vehicles (tractors, trailers, etc.) on highways. The public is cordially invited.

HOLIDAY: This office will be closed Monday, Sept. 13, in observance of Labor Day.

Cooperation is the key word.

We have the cooperation of people in securing the birds and not killing them off. The game warden and game department are helping in every way possible. Ford notes.

Ford, also justice of the peace, issues a stern warning that "I'll be plenty rough on anybody caught shooting hens or cocks out of season. We need to get a pheasant population started, and we can't do it if a lot of birds are needlessly killed."

The hunt seasons for cocks is in December.

After a trip to Kansas last week end, Ford believes that lack of water and sand-gravel are two items which are against us.

For this reason, he thinks near a lake is an ideal spot for releasing young birds.

Sand, gravel, oyster shell or other similar material is another must.

A truck load of gravel around a lake would last 10 years.

Martin, after receiving the infant pheasants, starts them on chick starter, just like baby chickens. Later we ease them onto wheat, maize, corn, locally grown grain.

He has received "lots of advice" from Howard Campbell of Plainview, game management officer.

Nine feeders have been placed at strategic points for the young birds which

Second Floyd County Texas Picnic Of California Held

The California, Floyd County Texas Picnic was held Saturday, August 21, in Bixby Park of Long Beach, California. There were 50 present to enjoy the day of visiting and picnic lunch.

Marvin Jeter of Tulare, California, was the oldest person attending. A grandson of Mrs. Oleta Potts, 2 1/2 year old John Zimmerman, was the youngest.

Earl Newell of Ventura left Floyd County in 1923, making him a California resident for the longest time of those present.

Mr. and Mrs. John Gamble of Tulsa, Oklahoma, traveled the longest distance to attend.

Attending were: Claude and Irene Higgins Cash, Bernie and Opal Nelson Higgins, Dana and Trevor Moseley, Virgil and Virginia Bell Womack Breit, all of San Diego, California;

Mr. and Mrs. John Gamble, Tulsa, Okla.; Mrs. Oma Johnson Seeds, Fullerton, Calif.; J. M. and Joyce Johnson, Anaheim, Calif.; Lila Hennessee Youngblood, Norwalk, Calif.; Lorraine McLain Wallace, Woodland Hills, Calif.; Marvin Jeter, Ralph and Jewell Hennessee Taylor, Tulare, Calif.; E. T. and Faye Jeter Williams, Bakersfield, Calif.; Mozelle Vile, Mills, Panorama City, Calif.;

Mr. and Mrs. Theron Summerville and Floyd Jeter, Santa Barbara, Calif.; Garnett Ezell, LaCanada, Calif.; Edgar and Jean Wilkins Willis, Moorpark, Calif.; Kenneth and Marilyn Fry Slough, Corona Del Mar, Calif.; Ronald and Doris Cypert McPeak, Salinas, Calif.; Norvill and Iva Moore Rainer, Bob and Maudene Moore Cole and sons, Rob and Kerry, all of North Hollywood, Calif.; Jim and Oleta Norris Potts, Beth Patrich, Loreta and Johnny Zimmerman, and Connie Smith of Paramount, Calif.; Mr. and Mrs. A. J. Roberts, Glendale, Calif.; Mr. and Mrs. Jewell Gilbreath, Fontana, Calif.; Earl Newell, Gilbert and Betty Newell Shirey, Ventura, Calif.

The next California Floyd County Texas Picnic will be held the third Saturday of August, 1972 in Bixby Park, Long Beach, California.

Fiesta Bazaar Planned For Sept. 10-11

Everyone is invited to attend the gala Fiesta/71 Bazaar on the K. N. Clapp Park grounds around the Garden & Arts Center in Lubbock, 4215 University Ave., Sept. 10-11.

Hours for the "fun fair" are 12 noon to 9 p.m. Friday and 8 a.m. to 5 p.m. Saturday. Free entertainment for Friday will feature Flyte Rock Group, Cecil Caldwell's Western Band, LCC Singers, Indian dances, Lubbock Karate Club, and Sweet Adelinas.

Saturday, entertainment will include Ponton the Magician, Mexican dances by children, Barbershoppers - Singing Plainsmen and Lubbock Civic Ballet. Various demonstrations will also be given. The new Chrysanthemum-in-Art and South Plains Circuit Shows will be presented in the Center auditorium, together with "live art."

Sales booths on the Center grounds, rented by cultural, civic and hobby organizations and individuals, will present an opportunity to buy unique gifts. Available will be paintings, drawings, prints, pottery, ceramics, sculpture, wood carvings, toile paintings, decoupage, picture frames, hand-sewn items, hobby supplies, antiques, Americana, used books, food items and many other offerings. Meals, drinks and snacks will be on hand.

Twenty percent of all proceeds will go to the Center Development Fund for needed equipment and expansion. Portions received by clubs will go for various projects for the benefit of the community.

They carried baskets filled with sapphire and white pom poms.

Kelly Springer of Kress, cousin of the groom was best man. Groomsmen were David Hart, Plainview, and Johnnie Reed, Kress.

Serving as ushers were Tony Thompson, Bonham, Don Buchholz, San Angelo, Ed Warren, Floydada, and Kenny Blount, Kress.

Following the wedding a reception was held in the church parlor. The bride's table was covered with a sapphire blue linen cloth, with an overlay of ivory lace. Candles and the flowers from the bridesmaids baskets formed the centerpiece.

Mrs. Elmer Dean Williams and Mrs. Keith Teague served. Mrs. Emery Roberson presided at the reception.

For a trip to Cloud Croft, N.M., the bride changed to an ensemble of Riviera blue. The groom traveled in white and navy blue.

The couple will make their home at 2404 10th St., Apt. 201 in Lubbock.

Both are students at Texas Tech University. Mrs. Boggs is employed as secretary at Traders and General Insurance Co., and her husband is employed at Northrup King.

Double Ring Vows Read In First Baptist Church For Miss Smithey, Gregory L. Boggs

The First Baptist Church in day evening, August 27, for the Floydada was the setting Friday evening, August 27, for the wedding of Miss Iwana Smithey

and Gregory Lee Boggs. Parents of the bride are Mr. and Mrs. J. W. Smithey, Route 1, Floydada. The groom is the son of Arlene Boggs of Lubbock and Andy Boggs of Austin.

Rev. Walter Brian, the groom's maternal grandfather, pastor of the Calvary Baptist Church in Alamogordo, New Mexico, performed the twin ring ceremony at 8 o'clock p.m. before a setting of spiral candelabras, gladiolus and greenery.

Todd and Monty Williams, Floydada, nephews of the bride, were candlelighters.

Mrs. Tony Cochran was organist, Miss Lori Daniel, pianist, and Kenny Baker, Dallas, guitarist. Baker was also soloist and presented "We've Only Just Begun." Tommy Mojica, Albuquerque, N.M., sang the "Wedding Song."

The bride, presented in marriage by her father, wore a formal length gown of white silk organza fashioned with scalloped peau-dauge lace at the high Victorian neckline. Sheer Bishop sleeves were applied and ended in deep pearl point cuffs. The Empire bodice was accented by matching lace, extending down the front to the hemline of the A-line skirt. Her detachable chapel length train was caught to the high waistback by a flat bow. Peau-dauge lace bordered the train and also complimented the centerback. A profile lace petal headpiece, edged in pearls, held a veil of imported silk illusion. She carried a bouquet of white rose buds with stephanotis, on a lace covered Bible.

The bride presented a long stem white rose to her mother prior to the vows and a matching rose to the mother of the groom following the ceremony.

Miss Cerita Crutchfield was maid of honor, and bridesmaids were Misses Judy Harris of Hereford and Beverly Appling. They wore formal length gowns of sapphire imported chiffon trimmed in white Venise lace. Lace bodices were adorned with tiny satin covered buttons down the front to match the button trim of the wide lace cuffs on long Bishop sleeves. The floor length column skirts of chiffon were softly gathered for added fullness. Matching headpieces fashioned of sapphire chiffon petals held brief tiered veils of matching maline.

New Arrivals

Mr. and Mrs. Ronnie Tucker of Abilene are parents of a son, Richard Heath, who was born Saturday, August 21. The young man weighed seven pounds and 13 ounces at birth. He has an older sister, Kristi, age three. The mother is the former Jenis Moore of Floydada. Tucker is stationed at Dyess AFB in Abilene.

Grandparents are Mr. and Mrs. Edell Moore of Floydada, Jerry Moore of Abilene and Mr. and Mrs. Marion Tucker of Amarillo.

50 Club Plans Patio Supper

The first meeting of the 1950 Study Club for the ensuing term will be held Tuesday, September 14, with a patio supper at the Gene Arwine home. Meeting time will be 7 p.m.

Jake Webb, husband of the club president, will be guest speaker giving women pointers on football entitled "Kick-off".

The Yearbook committee will give their program and present yearbooks at this time. They are Mrs. Arwine, Mrs. Doris McLain and Mrs. Dallas Ramsey.

HOME

A hardware shower for the bride-to-be may be unusual but it's certainly practical. Before she starts keeping house the bride usually wants such things as fancy cookie cutters and

Miss Beverly Ann Appling, Lon Ed Conner Exchange Double Ring Vows August 29

Double ring wedding vows were exchanged Sunday, August 29, in the First Baptist Church by Miss Beverly Ann Appling and Lon Ed Conner. The 3 o'clock p.m. ceremony was performed by Dr. F. C. Bradley.

The bride is the daughter of Mr. and Mrs. Wayne Appling of Floydada and the groom is the son of Mr. and Mrs. Eddie Conner of Amarillo.

Pink and white gladiolus, and greenery formed the wedding altar.

Following the wedding a reception honoring the newlyweds was held in the church parlor. In the houseparty were Mrs. Roy Miller and Mrs. Joe Appling, aunts of the bride. Mrs. Don Sanders and Mrs. Chuck Farley, sisters of the bride, served. Also in the

houseparty were Mrs. Conner is a sophomore at Texas Tech High School, is also at Tech where he is a junior. He is General Research.

Her bouffant illusion veil was gathered to a Juliet capulet of Aleen lace, accented by a satin bow. She carried a bridal bouquet of white rose buds with satin trim.

Miss Caryn Jean Lawson of Dallas was maid of honor. She wore a formal length gown of hot pink crepe, fashioned with an empire waist trimmed with a matching color velvet ribbon. Miss Lawson carried a nosegay of pink carnations and white pom pom mums, accented by white streamers.

Among these needed essentials are mixing bowls, a good can opener, sharp knives, kitchen shears and a colander.

A tool kit, made up of a hammer, screw driver, ruler, pliers, tacks and assorted nails will be quite handy when the couple set up housekeeping. Even the groom will bless these thoughtful gifts.

A good investment for any home are rubber or coco doormats. Place them in such places as the foot of the base-

ment stairs, the door and side doors.

This investment away with many spots on the floor will also protect harmful wear of ground into them.

Lloyd McCrays, Residing In Floydada After Saturday Vows

Mr. and Mrs. Lloyd McCray are making their home at 420 West Kentucky following their marriage Saturday afternoon in the City Park Church of Christ in Floydada. Mrs. McCray is the former Leona Oden.

Steve Bracken, minister, performed the double ring vows at 3 o'clock before the immediate family and friends of the couple.

The bride wore a blue street length dress fashioned A-line with long sleeves and high neck. She wore a single strand of pearls and carried a white Bible belonging to her granddaughter, Jackie Cockrell. A corsage of white carnations and streamers graced the Bible.

Mrs. James Lee Nichols of Floydada, daughter of the bride, was her matron of honor. She was dressed in a street length ensemble of blue styled as her mother's, and wore a corsage of white carnations.

Virgil Overstreet of Aber-

nathy was best man, and Jimmy Nichols, grandson of the bride, and Thomas Green, Floydada, were ushers.

Assisting with the wedding were Brenda McCray, Lubbock, daughter of the groom, and Nancy Nichols, Jackie Cockrell and Jan Nichols, granddaughters of the bride.

Following the wedding a reception for the couple and their families was held in the McCray home.

Out of town guests were sons of the groom, Larry McCray and Mr. and Mrs. Steve McCray of Houston; the bride's son, Slick Oden of Graham; Mr. and Mrs. R. W. Blankenship of Stephenville; Mr. and Mrs. Alfred Spencer of Amarillo; Mr. and Mrs. H. C. McCray, Marlow and Mr. and Mrs. Hubert Gray of Lubbock.

Prior to the wedding Mrs. McCray was employed at Hale's Dept. Store. Her husband is employed at Carthel Oil in Floydada.

say and congratulations are in order for these two fine women.

If you don't have your ticket for the annual University of Oklahoma-Texas football game October 9 in Dallas, forget it! Ticket manager Harold Reid of Oklahoma said Monday the OU's allotment were all sold by noon Friday. Texas sold its allotment several weeks ago.

In an article written several years ago by Ralph Bugg in the VFW Magazine he dwelled on the subject of smoking. It hit home and has caused some chuckles, among the smokers at least. At the time he wrote it he probably never realized that cigarettes would someday be selling for 50 cents per pack, and people would be thinking up substitutes in order to get their smoke. Bugg said, "I must confess it was pride that caused me to take up smoking. Because I would never be a millionaire, I had resolved to smell like one. Then one day, while shrouded in cigar smoke, I experienced a revelation: Were I destined to be a smokestack, my nostrils would have been pointed up rather than down. I

then announced to my office mates that I was quitting—that minute. They said I wouldn't. They resolved that we had been together too long for them to depart this earth with blackened lungs and leave me behind.

Thus, my associates seemed to be smoking more and I was enjoying it less. The office smelled like a tobacco barn and produced enough black to supply a shoe polish factory. I grew sensitive, my eyes reddened and my sneezes flew papers across the room. My co-workers thought I was taking cold or had hay-fever. They said it was drafts, so closed the window. What I needed was fresh air or an oxygen tent. I began to notice things, like observing how many women employ smoking to achieve an image—by being ostentatiously dainty or else attacking their cigarette like a fireman stroking a locomotive.

Social arbiters say a woman cannot smoke on the street and look ladylike. I say a woman cannot smoke anywhere and look like anything but an incinerator.

I developed difficulty in communicating with my boss. Be-

fore, when I too had a cigar in my mouth, I could understand him implicitly. Now he sounded like a two year old with a mouth full of melon. I cautioned smokers like, so many cigarettes a year would pay for his daughter's college tuition, that over 200 irritating chemicals are in them, and my brother-in-law saw red when I suggested that his trips to the drug store were to get away from his wife rather than to buy smokes.

Smoke-haters of the world arise! Having arisen, what can we do? Our best defense is a strong offense. Let us bring burning wool in our lunchboxes, wet our dogs down and leash them to our desks, use snuff and spit on the floor and drop cigar butts in the boss's loving cup.

A noted surgeon has said smoking will gradually phase itself out. In the meantime, so will we."

Appetite "Round Up"

Here's a way to rustle up a fresh approach to America's all-time favorite, the sandwich. "Round-Up Sandwich" offers you proof that a hamburger patty need not be round to be a success. This recipe takes an edge off the dog days of summer by sparking summer appetites plus being easy on the cook. Bottled barbecue sauce, one of everyone's favorite summertime ingredients, teases the taste buds with a bouquet of snappy spices. This ground beef sandwich may feature uniqueness in the shape, but the traditional cheese topping proves just as palate pleasing. All you need add for a hearty meal for big and little buccaroos is your special bean dish and a selection of crisp relishes.

Round-Up Sandwich

1 lb. ground beef
1 cup Kraft Barbecue Sauce
1/4 cup chopped green pepper

1/4 cup chopped onion
8 hot dog buns, split
Velveeta Pasteurized Process Cheese Spread, sliced

Combine meat, green pepper and onion; mix lightly. Shape into patties to fit hot dog buns. Brown patties; add barbecue sauce. Cover; cook 15 minutes. For each sandwich, cover top half of bun with Velveeta slices; broil until Velveeta begins to melt. Place patty on bottom half of bun; serve with top half of bun. 8 sandwiches.

One of the leading causes of death in America is heart disease, with statistical figures revealing that the fatality rate is on the increase. All of the causes for this increase in heart disease are not known, but medical science is devoting endless hours and vast sums of money in attempting to find the answers.

One of the early findings in patients is a history of early hypertension or high blood pressure resulting from a known or unknown cause. It's most important that this early onset of hypertension be known and proper treatment be started.

LABOR DAY WEEKEND

Boys Ranch Rodeo Set

The young rodeo contestants at Cal Farley's Boys Ranch are preparing for record crowds during their 27th annual rodeo at the Ranch.

Qualification rides to determine just who would be the contestants were held for three months prior to the rodeo next Sunday and Monday. After trying for the best riding times on calves, steers, bulls and broncs, the number of boys has been narrowed to about 160.

Although just about all of the 375 boys now at the Ranch would like to be contestants, the two performances limits the number of entries. The four clowns in the rodeo were selected from 54 boys and five trick riders were picked from 38 boys.

All the boys will have some part in the rodeo, however, working at the many jobs necessary for a successful production. Some will prepare a barbecue plate that will be sold for \$1 for visitors.

their work.

Each of the three bundles left behind had been secured by two size-40 belts, buckled together and tied around what must have been double armloads off the store racks.

Police checked the roof and back doors of the department store and found no evidence that the building had been entered at either place. There was no glass breakage or other evidence of break-in besides the front door pry marks.

The store was broken into once before, some eight to ten years ago, Hale said, but that time the losses were insured; the insurance had been dropped after premiums soared. The \$1,500 loss represented the insurance premiums for "a year or two," Hale noted. Police surprise burglars attempting to enter the store via the roof about two years ago.

Conservation Benefits Wildlife

Are you a wildlife enthusiast? Then here's a message for you.

Did you know that sediment is one of the biggest enemies of fish and wildlife?

Sediment fills streams with mud, chokes game fish, and destroys their spawning grounds. That's why we say soil and water conservation work which reduces sediment benefits wildlife.

Did you know that conservation farmers and ranchers who do well planned grassland improvement work help wildlife?

For example, opening up dense stands of brush can be especially beneficial to deer, turkey, song birds, quail and other wildlife. This allows nutritious food plants to grow which are critically needed by many birds and wild animals. This also im-

proves hunting and makes it easier for sportsmen to harvest surplus game, a factor which is often overlooked in wildlife management.

The Soil Conservation Service has published an important new leaflet which tells how grassland improvement work can be planned to benefit wildlife. The leaflet, "Grassland Restoration and Wildlife", stresses the need for the right combination of well planned grassland improvement measures.

To get your free copy, contact the Soil Conservation Service and ask for the leaflet "Grassland Restoration and Wildlife." That's "Grassland Restoration and Wildlife" from the Soil Conservation Service.

Garcia said he was alone in the car when the accident occurred, conflicting with the eyewitness reports of three or four occupants.

FLOYD PHILOSOPHER Reflects Some More On The Plight Of The Cities

Editor's note: The Floyd Philosopher on his Johnson grass farm tries his hand at writing legislation this week, more or less.

Dear editor:

In these days of price freezes I couldn't help but get interested in a bill approved by the United States Senate a couple of weeks before any freeze was announced.

In a bill to control and limit spending by candidates, some of whom spend ten to twenty times as much getting elected as the office pays, the Senate voted a ceiling of "10 cents per voter on the amount a candidate for any Federal office can spend on any kind of advertising."

I don't know that the Senate intended it this way, but it looks to me like they're saying my vote is not worth more than a dime, or if you want to figure it another way, mine is worth say 2 cents and yours could be inflated to 18 cents. Either way, they'd still be within the 10-cent-per-voter limit.

On the whole, I suppose this is a good bill, but it doesn't go far enough.

I'd like to add an amendment. Not only should a candidate not be allowed more than 10 cents a vote to buy, but once elected should himself be limited to more than 10 cents for his own office. Only the cost of electing someone high, it's also the cost of keeping him in office.

Under my amendment to the no voter would be allowed to spend more than 10 cents per office-holder on any legislation. You could call it on the inflationary costs of government.

Under this system, about all wanting to entertain a Congressman buy him a package of chewing gum.

Speaking of money, I noted that in foreign countries are up in arms over the dollar after the President's announcement.

You reckon they're so made that they'll insist all foreign aid from us go in their own money, Japan in yen in marks, England in pounds, France and the South Sea Islands in shells?

Yours faithfully,
J.A.

Suniga In Night Refuel Operation

AUG. 30 - What weather and nice hill in the afternoon comes out, then this is August, thol guests of Mr. and T. J. Watson of former neighbors. Sunday afternoon extreme Winters of Mrs. S. E. Styles, Billy Ruth of Lub-

for the week end were his aunts and uncle, Mr. and Mrs. Lee Andrews and Mrs. Nita Crook of Fresno and Dostolas, Calif. We extend our sympathy to Mrs. W. L. Hartline who Sunday morning received news of the passing of her brother, Captain John H. Brown of the U.S. Army, Retired, of Buford, Ga. Death followed a heart attack. Capt. Brown had been in failing health and Mrs. Hartline visited him at his home only a month or so ago. A sister-in-law, Mrs. Ethel Brown of Roaring Springs, came up to be with Mr. and Mrs. Hartline Sunday. Remember the Center-Fairview Homecoming Sunday, Sept. 5, at Lighthouse Electric. Basket dinner, paper plates, cups, napkins and drinks are furnished.

(19JJ03365) (FHTNC) USS ENTERPRISE - Navy Petty Officer Second Class Jesus Suniga, son of Mr. and Mrs. Fonciano Suniga of 311 W. Kentucky St., Floydada, Tex., participated in the first night operation which simultaneously employed dual methods to refuel and resupply an underway aircraft carrier.

With the hazards of two ships steaming together at close fueling quarters intensified by South China Sea darkness, Suniga's ship, the nuclear powered attack aircraft carrier USS Enterprise, took fuel from the combat stores ship USS Sacramento by the familiar "high-line" method.

At the same time, in another critical operation, the "Big E" was receiving vital supplies by helicopter transfer from the multi-mission Sacramento.

A BIRTHDAY PARTY AT PHILLIPS

The home of Mr. and Mrs. J. B. Massingill of Perkins Ave., Phillips was the scene of a get-together Saturday, Aug. 28, honoring the 90th birthday anniversary of the mother, grandmother and great grandmother, Mrs. K. J. (Epsie) Matthews.

A bountiful dinner, topped off with homemade ice cream, was served from 12:30 to 1:30 p.m., after which "Grandma" opened her gifts. There were pictures made, singing, piano solos, and so much good visiting until after 4 p.m. when the visitors prepared to go home.

Mrs. Matthews, who goes in a wheelchair and resides in the Magic Plains Convalescent Home in Berger, still enjoys life despite ailments. She has had sunshine and shadows in life but still maintains her interest in and a love for her church, friends and family. She grew up at Lakeview, Floyd County, and visited in the area as long as she was able.

Those present for the occasion were Mr. and Mrs. Anthony Latta, David, Sam and Carol of Mt. Blanco; Mrs. Carrie Latta, Crosbyton; Mr. and Mrs. J. E. Green, Floydada; Mrs. Ruby Stone and Mr. and Mrs. Bill Coggin, Berger, and their daughter Mrs. Mary Russell, Canyon; Mr. and Mrs. Leonard Deskin, Roxann and Debra, Berger; and the hosts, Mr. and Mrs. J. B. Massingill and daughter, Mrs. Dorothy June Cass, Phillips.

Boy Suspended After Jr. High Knife Fight

A 14-year-old Negro boy was suspended from Floydada Junior High School Friday after he pulled a knife in a fight with another 14-year-old boy, a Latin-American. The other boy was not seriously injured; county juvenile court judge J.K. Holmes said the Latin-American youth, from Dougherty, was "just scratched" in the fight. Holmes recommended that the Negro youth be sent to a Plainview psychiatric ward. The boy, whose name is being withheld at the request of the court, was to enter the ward on Tuesday.

The fight Friday was apparently a continuation of an argument between the youths on Thursday. The juvenile court judge said the knife-wielding youngster gave authorities some trouble last year at Andrews School and was involved in several altercations at baseball games this summer.

IN TULIA Murder Case Testimony

TULIA (Special) - Testimony began yesterday at 9:30 a.m. in the murder trial of Lonnie Ray Brown, 23, of 3002 1st Place, Lubbock, charged with murder with malice in the shotgun slaying Jan. 14 of Mrs. C. Kesler, 79, in her Swisher County rural home.

A jury of nine women and three men were selected from 175 potential jurors originally called. Jury selection began Monday and was completed at 4 p.m. Tuesday.

will be handled by District Atty. Judge John Thomas Boyd of the 64th District Court will preside during the trial. Prosecution will be handled by District Atty. Tom Hamilton of Plainview. Walter Knapp of Amarillo is Brown's defense attorney.

Bond for Brown was set earlier at \$100,000. Also indicted by a grand jury here on murder with malice charges in the same case were Billy Lee Croft, 28, whose address at the time of his arrest was listed as 3425 Ave. R, Lubbock; and Bobby DeShazo, 23, of Sherman. Both are being held in Swisher county jail in Tulia.

Mrs. Kesler's son Frank found her body Jan. 14 in the den of her farm home. She had been shot once in the left side and once in the head with a shotgun. The body was clad in nightclothes and a housecoat.

Authorities said evidence indicated the killers had forced their way into the home through the front door. Kesler said his mother's killers did not take a large sum of cash and left \$14,000 in bonds Mrs. Kesler kept inside her house.

Motions denied by Judge Boyd Monday included a request by Brown's attorney for a change of venue.

Other expenditures in the proposed budget include \$72,309 in the interest and sinking fund; \$92,916 general fund expenses, \$14,303 for the two county libraries, and \$128,700 in officers' salaries. The general fund pays for such things as the veterans service

Crash Ends High Speed Chase; Quitaque Man Fined, Jailed

A Quitaque man was assessed fines of \$100 (for driving on the wrong side of the highway and causing an accident) and \$250 (on a DWI charge, second offense) plus court costs and 60 days in jail following a 100-mile-per-hour chase and collision Thursday about three miles north of Floydada on the Silverton Highway.

Mike Alvin Austin, 20, was jailed here last Thursday night after the 1965 Corvair he was driving collided with a late-model Pontiac station wagon driven by Stephanie Arwine, daughter of Mr. and Mrs. Gene Arwine. Kacky Weems, daughter of Mr. and Mrs. Milton Weems, was a passenger in the Arwine vehicle. No one was reported injured in the wreck, which occurred at about 7:15 p.m. in front of the Toby Williams residence.

Sheriff Walter Hollums said he had pursued Austin's car from two miles west of Cedar Hill to the accident site, at speeds exceeding 100 miles per hour. Although the Floyd County sheriff had overtaken the Corvair, he had been unsuccessful in pulling Austin over. Hollums said Austin drove "four or five" other cars off the road as he sped down the highway, weaving from side to side.

Both cars were headed south when the collision occurred. Miss Arwine had reportedly just backed out of the driveway after letting out a passenger at the Williams house. Hollums said he had radioed deputy Connie Reed for help in capturing the driver of the Corvair. Reed was about two miles from the scene when the crash occurred. He handcuffed

and brought to town Austin, who was still trying to flee the scene of the accident when Reed arrived. Highway patrolmen Bud Rainey and Fred Cockrell filed charges on Austin, Hollums said.

Hollums' wife, who was "along for the ride" of the high-speed chase didn't believe she was another such "outing."

NOBODY WAS INJURED...but this station wagon, driven by Stephanie Arwine, took the brunt of the crash at the end of a high-speed chase involving the driver of a '65 Corvair and Floyd County Sheriff Walter Hollums. The Corvair received considerable damage too.

Boll Weevil Control Program Underway

The first insecticide treatment in the 1971 diapause boll weevil control program should be completed during the first few days of September according to County Agent Doyle G. Warren. Spray operations will be conducted on a selective basis during the current program, Warren said. Only fields which show significant evidence of weevil infestation will be treated. Survey teams are working in all counties in the control zone in order to select fields which require treatment.

According to Warren, special attention will be given to fields treated during the early phase of the program since insecticide applications made during this time cause an increase in bollworm infestations. Due to the potential bollworm threat, only fields having large numbers of weevils will be treated during the early portion of the program. Survey teams are making bollworm counts as well as weevil inspections. In general, bollworm infestations have decreased during the past two weeks and the possibility of

heavy infestations now appear less likely, Warren said. However, program officials stated that wide scale weevil spraying would be avoided until after the threat of a bollworm buildup subsided.

Overall, boll weevil infestations have been very light up to this time, Warren stated. According to the latest survey reports only a small number of fields in Hall, Dickens and Kent Counties will require treatment during the first application. However, very heavy weevil infestations have developed in a few fields. It is im-

portant that treatment be initiated in these fields to prevent damage and weevils from spreading to fields Warren said.

FLOYD PHILOSOPHER Comes Out Against New Chemical That Makes People Remember Better

Editor's note: The Floyd Philosopher on his Johnson grass farm tackles a new problem this week.

Dear editor:

According to an article I read yesterday while resting my brain from all the secret documents the newspapers have been filled with lately, scientists have been working on a new chemical they claim will improve man's memory.

They haven't tried it on people yet, but they say it may be possible to develop a chemical that'll perk up the memory section of the brain and enable a man to remember far more than he now does.

If there ever was a piece of information that ought to have been classified as Top Secret and not to be published for at least a hundred years, that should have been it.

That sort of chemical, if it works, will wreck most governments of the world. What politician could stay in office more than one term if people remembered today what he said

six months ago? From the Peloponnesian War to modern times, how many peace candidates have wound up as elected war leaders? Don't ask me because I forgot.

If taxes had been reduced every time a cut has been promised, a man could live mighty cheap just on pleasant memories.

If Congress is smart it'll ban this new memory chemical before it gets out of the test tube. A forgetful electorate is the key to a happy officialdom, and the same goes for most marriages, all human relations and a good many children.

Other people's forgetting is one of the handiest things ever invented to keep a man going. Those scientists are working on the wrong chemical. What I want is one that'll blot out, not freshen, some of the recollections some of my neighbors have.

You show me a man who can remember everything and I'll show you a man who knows more than he should about you and me.

Yours faithfully,
J. A.

Mrs. Quain

Services for Mrs. Veola Sel-etia Quain, 59, mother of Mrs. Bennie Cates of Floydada, were conducted Wednesday in the Church of Christ in San Saba, Texas. Mrs. Quain died of a lengthy illness August 31 at 6 a.m.

The scientifically substantiated principles presented through Concept Therapy are the correlation of areas common to the sciences, psychology, philosophy and theology.

Texas FHA Loan Volume Is Largest In Nation

J. Lynn Futch, Texas State Director of the Farmers Home Administration, announced here that the agency extended credit to rural Texans in the amount of \$155,456,817 during the 1971 fiscal year ending June 30, 1971. This credit was furnished farmers and rural residents through the many loan programs administered by the agency with rural housing leading the way with \$72,302,453. Loans for community services facilitates such as rural water systems and sewer systems totaled \$24,205,192. Credit extended to individual farmers and ranchers for operating expenses, capital purchases and land purchases totaled \$58,949,172. This was the largest yearly volume of loans in the history of the organization, which has as its overall mission the development of rural areas.

Futch said that he was also pleased that there was a sizeable decrease in the percentage of loan delinquencies as compared to previous years. Due to the severe drought in the spring and early summer of this year, it is expected that the demand for emergency credit to farmers and ranchers this fall and winter will substantially increase the volume of farm loans in fiscal 1972, with all other programs also expected to be expanded. The program is administered in Texas through 144 county offices and the state office in Temple.

FLOYD DATA
Mr. and Mrs. Patrick Hughes and family of Los Angeles, Calif., have returned home after a visiting in the Floydada area with her parents, Mr. and Mrs. Joe Dunn and other relatives.

Whirlwinds In Shape, Have Depth Problem

The Whirlwind varsity came out of the first two weeks of football workouts in good physical condition, according to head coach L. G. Wilson.

The "Winds looked 'fairly good'" in last Friday's scrimmage with Brownfield, Wilson said. The Floydada crew stayed "just about even" both off-

fensively and defensively with the Brownfield team, picked to challenge Lubbock Estacado for the 3-AAA title this year.

The Floydada passing game

looked especially good, Wilson said, with quarterbacks Rick Watts, Mike Hale and John Cagle all throwing the ball well. Wilson said the offensive line looked good at times, especially Les Robertson and Steve Hale.

Defensively, the Whirlwinds were tough and aggressive while making several assignment mistakes, the head "Windcoach" said. Van Mitchell looked good from his linebacker position, and tackles Kim Rose and Jim Kunkel and safety Langston Williams were impressive.

Depth continues to be a problem with the "Winds" now down to just eight starting lettermen, as Cagle and Robertson are recovering from injuries created by a shortage of offensive secondary and receiver positions.

Wilson will test young players this week in scrimmages at Tule to solve the depth problem. Scrimmage sessions are scheduled for 7 p.m. on Friday and Saturday. Junior varsity will play at Jayton, also on Friday.
