FRIONA, FARMER COUNTY, TEXAS — FRIDAY, SEPTEMBER 20, 1946

Price: 5c Per C

News of Our CHURCHES

Congregational Church Notes.
W. H. North, Minister.
Church School, 10 a. m. There is a class for you.
—Otho Whitefield, Superintendent.
Morning Worship, at 11, a. m. It will do you good to come.
Pilgrim Fellowship, 6 p. m.
Mr. North's sermon topic will be—"Seeds of the Kingdom."

Baptist Church News:
Sunday, September 22nd:
Sunday School, 10:00, a. m.
Morning Worship, 11:00, a. m.
B. T. U., 7:45, p. m.

Yes, we did more than reach that goal of 200. We passed it with 209 in Sunday school. We did have such a nice, large crowd for church services, Sunday; but we could easily have had more. Let us all join the onward march and be in church services, Sunday. We invite you to worship with us at any time. You are welcome.

Tuesday, September 24th:
W. M. U. will meet in the church at 3 p. m. for the regular meeting.
Wednesday, September 25th:
Let us not neglect our mid-week prayer meeting, at 8 p. m. for only one hour.

Pentecostal Holiness:
The revival in the Open Air Tabernacle is now in the third week and is carrying on nicely. Revs. Dick and Facemier are both competent evangelists and preachers. Their manner and ways bespeak a close walk with God. Their preaching is of the highest type. Rev. Facemier has the ministry of Divine healing. She has held two Divine healing services so far. Many have felt the healing touch of Divine power.

Another healing service will be held on Saturday night. Rev. Facemier has also the ministry of song. By this gift she brings the gospel story in such a beautiful way that is so enjoyed by all.

Methodist Church News:
The regular monthly meeting of the W. S. C. S. was held Tuesday, September 17th, at the church, with twenty-seven ladies present.

As a prelude to the study of India, which will begin in two weeks, the table setting, food and games were made to represent the India ways.

Five of the ladies were dressed in native costumes and served India foods to the guests who sat on rugs on the floor. India people do not wear shoes and do not use silverware; therefore the ladies were required to remove their shoes and to eat with their fingers.

Two very interesting games, led by Mrs. W. H. Ford and Mrs. Joe Poindexter were played and enjoyed by all.

The next meeting will be, Tuesday, September 24th at the church, and we urge every member to be present.

Mrs. Pearl Kinsley and Mrs. Granville McFarland left Monday for Temple to enter the clinic there.

School for Scout Leaders To Open On Wednesday

A training course for Scout Leaders will be inaugurated in Hereford next Wednesday, September 25, and will continue with sessions each Wednesday night for six or seven weeks, according to Urlin Streu, District Scout Commissioner.

Sessions will be held at the Scout Hut starting at 8 o'clock, and all troop leaders and troop committeemen, as well as others interested in the work, are expected to attend. Included are leaders of Friona Troop 56.

"These courses have been organized due to the need for trained leadership in scouting in this district," Streu said, pointing out that, due to the fact that most young men have been in armed services, there has been little time for training of new leaders during the past four years.

Streu will be in charge of the course, assisted by Scoutmaster Phillips.

State Fair Will Have 20 Millionth Visitor This Year

The State Fair of Texas will entertain its twentieth million visitor sometime during the exposition this year, Oct. 5-20, W. H. Hitzelberger, executive vice president and general manager of the State Fair Association, predicted this week.

Since 1916, the first year of official records on attendance, 19,520, 312 spectators have thronged through the gates to view the great harvest festival of Texas. The total does not include visitors to the Texas Centennial and the Pan-American celebrations of 1936 and 1937.

Of the 22 State Fairs held since 1915, seven have drawn over a million visitors. Six have pushed close to that mark with the last State Fair before the war holding the all-time high of 1,252,527.

The 1946 State Fair, first since the ending of hostilities, with exhibits, shows, and attractions greater than ever before, is expected to set new records in every department, Mr. Hitzelberger said.

THANKS FOR THE TOMATOES
We, of the Star, are indebted to Mrs. Alfred Petty for the bag of fine tomatoes, which she sent in by Mr. Petty last week. They were truly nice tomatoes and we truly thank you, Mrs. Petty, for them.

J. J. Williams returned this week from a trip to Oklahoma. L. F. Lillard and Roy Slagle returned, Monday from a fishing trip to Hot Springs, New Mexico.

Little Miss Judy Taylor celebrated her birthday with a party in the park, Tuesday evening. Her mother was hostess and after games, refreshments were served. She received several nice presents.

REPUBLICAN HOPE

Frank T. O'Brien, Amarillo lawyer and Navy veteran of World War II, visited Friona this week in the interest of his candidacy as Republican nominee for Congress from the Panhandle district.

COGITATIONS and APHORISMS of Jodok

Sure enough! I attended church again, Sunday. I had not intended to begin this effusion with the same statement that I have been using nearly every week for the past several weeks, and thought sure I would be writing along a far different line this week, but when I sat down behind—on in front—of the little writing mill, this same thing or matter seems uppermost in my mind, and this is perhaps produced from the fact that some three or four people have told me during the past few days that they had read last week's effusion and liked it, and are pretty much of the same opinion.

But, as I stated last week, I attended a different church, in a different city, with different people who belong to a different branch of the church (I dislike the name, "denomination") all of whom were strangers to me with the exception of the one who was with me and two other people, who are good friends and former neighbors of mine, and I had the pleasure of a few seconds visit with them following the services.

Thus, it will be seen that conditions were entirely changed or different from those to which I am accustomed, but the same outline of service was followed, the same hymns were sung, the same scripture was read and the same formalities were observed as those to which I am accustomed. And the minister, a young man of perhaps thirty years, preached from an oft used subject, with, perhaps just a very little variation, it being "THE KINGDOM, NOW," and he was fully alive with the importance of his subject, and I found myself following his line of thought with great interest, and agreeing with him almost perfectly.

Now, here is what I am trying to get at: Just why is it that the Protestant branch of the Christian church has so many varying branches? The Jews, I am told, are practically a solid body as to their religious views, and the Catholic Church, as I understand it, has but two schools of belief, while the Protestant branch of the Christian church has, if I remember correctly, over 2,000 branches, each under a different name and known as denominations. And members of some of these, are as bitter toward those of other branches and fight them, apparently as hard as they do the devil himself, and I am speaking pretty much from personal experience. At least I have had them tell me that if I do not change my way of thinking (they have not mentioned my actions) I am doomed to go to hell—whatever and wherever that is.

Well, just what do I think that is so bad? I doubt very much, if any of them know. In fact I (Continued on Back Page)

EVENTS YOU MAY BE INTERESTED IN

You are invited to the First Annual Southwest Amateur Championship Rodeo, to be held at Dallas, October 5 through 20th. This Rodeo will be held at the Grand Stand during the 61st annual State Fair of Texas.

Many survivors of World War II veterans, who have died since leaving the service, will benefit from one of the provisions of the Social Security Act Amendments of 1946, according to John R. Sanderson, manager of the Amarillo, Texas Social Security Administration.

The 15th Annual Texas Prison Rodeo will open at the Prison Stadium at Huntsville on Sunday, October 6th, and continue each Sunday during that month. No passes will be issued for this forthcoming show.

Texas Tech Will Field Strongest Team This Year

LUBBOCK, Sept. 20—Indications are that Dell Morgan, Texas Tech head football coach, will be able to field one of the strongest teams in Tech's football history this season, with the first game the night of Sept. 21 against West Texas State.

Upwards of 150 candidates reported and from these Morgan will have a hard time selecting starters. About 60 percent of aspirants are war veterans, most of them big and rugged.

Tech will take to the road after its first home game with West Texas, visiting San Antonio Sept. 28 for a game with the Texas Aggies, and Dallas Oct. 5 for a game with SMU as a feature of West Texas Day at the State Fair of Texas.

Fans expect Morgan to start a team composed entirely of war veterans, at least as starters.

Hereford, Friona Lutherans Install Pastor Sunday

The Rev. E. W. Lichtsinn of Indianapolis, Indiana, will be installed as pastor of the Immanuel Lutheran Church of Friona in a ceremony at the Friona church next Sunday evening at 8 o'clock.

Rev. E. H. Rise of Littlefield will be in charge of the service, assisted by Rev. J. H. Hartenberger of Amarillo and Rev. Charles E. Wedig of Clovis, N. M. Rev. Lichtsinn succeeds the Rev. H. H. Ries, who accepted a call to Madison, Wisconsin, earlier this year, as pastor of the local churches.

He is a recent graduate of Concordia Theological Seminary in St. Louis, Missouri.

Rev. Hartenberger of the Amarillo church has been conducting services for Immanuel, Lutheran Church here for the past several months in the absence of a regular pastor.

Far from baseball diamonds, Mickey Owen, former Brooklyn Dodgers catcher, works his farm near Springfield, Mo. He's barred from organized baseball for five years for signing up with the Mexican League, which he left after becoming dissatisfied.

Picks 162 Baskets of Tomatoes in One Day!

Mrs. Daisy Marvin of Moline, Ill., holds what surely must be the one-day record for picking tomatoes—162 baskets! Each basket weighs 33 pounds, which gives her an aggregate of 5346 pounds.

FORMER FRIONA PEOPLE HERE

Mr. and Mrs. George M. Baker, of Lubbock and their son, Captain Frank Baker, spent a short while in Friona, Tuesday morning.

Mr. and Mrs. Baker and Capt. Baker were on their way from Portales, where they had visited another son and brother, to Amarillo, Pampa and Boyer to visit three other boys of the family, and had only a few minutes to stop and greet their Friona friends. Mr. and Mrs. Baker formerly lived at Friona for several years and thus have a large circle of friends here.

Mr. and Mrs. David Crow left Saturday afternoon and drove to Abilene. They were accompanied by Mr. Crow's brother, Douglas Crow, who had been here visiting them for the past week, and who is now enrolled as a student in the Hardin-Simmons College at Abilene. David Crow is the Business Manager for the Farmer County, Community Hospital and Mrs. Crow is chief nurse at the hospital. They returned to Friona Sunday night.

Bill Filippin was taken seriously ill Sunday evening and his suffering became so intense that Dr. Barnett, of Hereford, was called to give him relief. The malady was diagnosed to be the result of a stomach ulcer. Bill was able to be out again on Tuesday.

HAS FREAK PEACH TREE

George McLean had growing in his garden here in Friona, two freaks of nature in the form of a peach tree and a grapevine.

The peach tree is a seedling and has the peculiarity of bearing two distinct varieties of peaches, both varieties being on the tree at the same time but being of different color and size.

One variety which is more the color and size of an Elberta, ripened and was gathered and canned some two or three weeks ago. The other variety is quite a bit smaller, but of fair size and a deep, solid red on one side and the other side being red mottled with yellow, with a rich, delicious peach flavor. This latter variety is just now becoming ripe enough for use. It appears that these two distinct varieties are not confined to certain branches but are both found on all parts of the tree, thus they can hardly be called "sport" branches.

The grapevine freak is that of a Concord grape, and the vine has been yielding ripe grapes since the 20th of June, and is still in bearing, having young grapes, green grapes and ripe grapes on the vine at the same time.

Mr. McLean brought samples of both the later peaches and the grapes to the Star office, Monday.

Mrs. Emmett Day was able to return home from the hospital at Hereford, Monday evening.

Mrs. M. M. Shirley was called to Seymour, Sunday on account of the illness of her father, who passed away Monday.

Mrs. Davis Crow, nurse at the local hospital, was quite unwell, Tuesday and Wednesday, but was reported as improving.

Mr. and Mrs. Milton Blalock have moved into their new home on the south side of the Highway, in the northwest part of town.

Junior Women's Club Meets

The Junior Women's Club met Tuesday evening at the Club House with thirty-one members present. Mrs. Mack Bainum and Mrs. Forest Osborn were welcomed as new members. Mrs. Ray Hurst was a guest.

Mrs. Dick Barnard, of Hereford gave a very interesting program on The History and Description of Period Furniture. Hostesses were Mrs. Meta Terry and Mrs. Lucile Latta.

BASE BALL FINALS OF THE 1946 SEASON

By ED WHITE

Friona won ten games and lost eleven.

Friona made 139 runs to their opponents' 93.

Friona made 113 hits to their opponents' 120.

Friona made 88 errors to their opponents' 73.

Friona had only one player that played in every game. That player was Joe Wilkins. He also played in every position except pitcher.

Barrett was the leader at batting, with an average of .422 of those that played in ten games.

Games won: Friona 16; Hereford 4; Friona 9; Nazareth 6; Friona 4; Grady 1; Friona 10; Sunday 7; Friona 11; Springlake 6; Friona 5; Sudan 4; Friona 11; Springlake 3; Friona 2; Vega 1; Friona 13; Sudan 1.

Games Lost: Friona 6; Clovis 13; Friona 6; Tucumcari 14; Friona 8; Clovis A. A. F. 10; Friona 7; Clovis A. A. F. 8; Friona 6; Canyon 7; Friona 3; Canyon 7; Friona 2; Canyon 9; Friona 3; Needmore 5; Friona 3; Vega 5.

We expect next week to have the remainder of the season's report which will include the batting averages of the players.

LADIES' AID REPORT

The Congregational Ladies Aid met Wednesday afternoon, September 18th in the home of Mrs. C. C. Maurer, with Mrs. J. R. Roden as assisted hostess. Ten members were present.

The program for the afternoon was:

Devotional: "I will not let anything Master Me." I Cor. 9: 24-27; I Tim. 6: 11-12. By Mrs. Bert Shackelford.

Report on Grinnell College, by Mrs. W. H. North.

Following the program, the afternoon was spent at sewing. Refreshments were served by the hostesses.

Mrs. C. A. Holmgren and Mrs. B. E. Sanders will be hostesses for the next meeting.

MISS MATTIE MAE SWISHER RE-OPENS STUDIO

Miss Mattie Mae Swisher, of Hereford, has reopened her studios of singing in the Friona Public Schools, after a summer study with Chicago teachers and a visit with home folks in West Virginia.

The kindergarten for pre-school and first grade children meets at 3 p. m. in the High School. Also a class for older students is being organized.

Miss Swisher teaches in the Grade School on Wednesday mornings and at the High School in the afternoon of the same days.

During the football game at Morton, last week, Wayne Womack received two broken ribs, suppose to have been caused by a kick in the side from one of the opposing team. He was taken to the hospital at Clovis.

Republicans On Panhandle Tour Visit Friona

Friona was visited about the noon hour by a group of Republican workers, Panhandle District, and here had short interviews with some of the Republicans precinct.

The group consisted of Bacon, District Secy Frank T. O'Brien, Rep candidate for congress; Messrs. Shannon, Chairman, and Lane, County Chairman.

The group was around acquainted in the various ties of the District, and from here to Tulla.

Baptist Pastor Is Honored at Meeting

One of our local The First Baptist Church signally honored, when gates to the Tierra Baptist Association, that recently held at Dimmit the pastor, Rev. Clay as its Vice-Moderator.

Rev. Day is one of the best, perhaps the youngest in the Association but thus honored considered as nothing less compliment, both to his church.

SUNDAY LESSON

Emphasis on Truth Underlies Power of Jesus as a Teacher

The International Sunday School Lesson for Sept. 23 Scripture: Psalms 119:33-38; Matthew 5:43-48

THE commandment of love which Jesus gave His disciples was new only in the sense that He gave it new depth, meaning, and application.

When a lawyer tempted Him with the question concerning eternal life, Jesus turned the question back upon His questioner: "What is written in the law? How readest thou?"

Sale of Surplus Motor Vehicles At Amarillo Field

Amarillo Army Air Field is announced as one of six sites at which sales of surplus used motor vehicles will be conducted by War Assets Administration's Fort Worth regional office during the week starting Monday, Sept. 23.

Included in the offering are listed command and reconnaissance cars, carryalls, ambulances, weapon carriers, pickup trucks, scooters and a wide variety of various makes and models of trucks.

Bananas, Oranges Only Fresh Fruit Still Under OPA

Bananas and oranges are the only items on the fresh fruit and vegetable community pricing roster still remaining under OPA control, the district OPA office at Fort Worth announces.

The pricing poster has been discontinued, and bananas are being added to the Dry Grocery Community Price List, with oranges being priced by the retailer.

The highest legal ceiling price for oranges is 14 cents a pound, the OPA announces.

Canned baby foods, canned soups, canned peas, canned apricots, and peanut butter have been exempt from price control and are being removed from the OPA lists.

Old Bess has a pain in her back... where the brush end of her built-in fly-swatter won't reach it.

Bessie's trouble, according to County Agent Hugh Clearman, is heel flies... a problem that's bothered rows and ranchers since the days of the open range.

The Research Administration of the Department of Agriculture recommends dusts, sprays, washes or dips containing rotenone as the best treatment to get rid of the pests, Clearman says.

The destruction of the grub stage of the heel fly, the USDA reports, not only reduces annoyance by the heel flies during the spring, but prevents the cattle from having many grubs the following winter.

A hide containing no more than five cattle grub injuries is classed as a No. 1 hide, and this grade brings the highest price.

To produce such a hide, it is necessary to kill the grubs 2 to 3 months before the animals are to be slaughtered.

Stockmen agree, says the USDA, that whatever method of treatment is chosen, enough material should be used to insure effective results... that is, to reduce the number of grubs to the point that will insure No. 1 hides, the greatest gain in weight, and freedom from annoyances during the heel fly season.

County Agent Clearman can supply formulas for all types of dips and sprays.

Fertilized Legumes for Improving Soil Urged by A & M Agronomist

COLLEGE STATION, Sept. 20—Results of experiments and demonstrations in Texas are convincing evidence that it pays to plant fertilized and inoculated legumes for soil improvement.

As legume planting time is near, E. A. Miller, agronomist of the Texas A. and M. College Extension Service, points out to Texas farmers that the use of inoculated seed and fertilizer will enable them to get the most out of a legume crop.

To illustrate that fact, Miller points to a demonstration carried on at the Agricultural Experiment Station at College Station. The yield of cotton following vetch that was not fertilized or inoculated was increased only five pounds of lint an acre.

At experiment substations at Nacogdoches and Tyler, fertilized and inoculated hairy vetch produced over 100 pounds more lint cotton an acre than did cotton that was planted on ordinary, unimproved soil.

In a demonstration at the Temple Experiment Substation, cotton following Hubam clover, which was harvested for seed and turned under, produced a five-year average of 315 pounds of lint cotton an acre.

The yield was only 165 pounds from cotton grown continuously without the clover. Corn yield was also improved—10 bushels an acre—by the clover.

Back in Power

King George of Greece smiles broadly after being voted back into power by the Greek electorate—649,705 to 254,787. Picture shows him at the Greek Embassy in London.

For fertilization, Miller says that 200 pounds an acre of 20 per cent superphosphate, or its equivalent, is a good application on sandy loam soil.

Reserve Officers to Organize Hereford Chapter on Tuesday

Members of the U. S. Army Reserve Officers Corps from Deaf Smith, Farmer, Castro, and Oldham counties are invited to attend the charter meeting of the Hereford Reserve Officers Association next Tuesday night at the county courtroom in Hereford.

The meeting will open at 8 o'clock. A partial list of reserve officers residing in this area has been sent here from R. O. A. Headquarters in Washington, D. C., and letters are being mailed this week to all known reservists in the area, notifying them of the meeting.

The list, however, is incomplete, and all Reserve Officers in the four-county area who are interested in the organization of the Reserve Officers Association here are invited to be present and become members of the Hereford Association.

The nearest ROA now organized is at Amarillo. National ROA headquarters has recently authorized a charter for a Hereford association, to serve Deaf Smith and adjoining counties.

Officers for the Association will be elected at the meeting Tuesday night, and organization of the chapter will be completed at that time.

Purpose of the Hereford chapter will be to keep reservists in this immediate area informed regarding legislation and other matters pertaining to the Reserve Corps.

Important legislation affecting all reserve officers is now pending in Washington, including a retirement act which would permit reserve officers to retire, after 20 years service, on half pay. Other important information regarding the reserve corps will be disseminated through the ROA chapters.

Sixty-five reserve officers have been listed by headquarters as living in the Deaf Smith area. Best estimates are that a complete roster would list more than 100 names.

Governor-Elect Jester to Speak At Lubbock Fair

LUBBOCK, Texas, Sept. 14.—Beauford H. Jester, governor-elect of the State of Texas, will be principal speaker at the "Welcome Home" day celebration for veterans of World War II on Monday, October 7, the opening night of the 29th Annual Panhandle South Plains Fair, it was disclosed today by Homer D. Grant, president of the Fair Association.

In addition to the talk by Jester, Col. Thomas G. Lanphier, deputy administrator of Veterans Administration branch

Kicks 'Em Barefoot

Halfback Johnny Naumu kicks 'em barefoot for U. of Southern California. Coach Jeff Cravath predicts big things for the Hawaiian this season.

office 10 in Dallas, will tell veterans of services available to them at the various offices of the Veterans administration.

In accepting the invitation of the Fair association, Jester indicated his happiness at the opportunity to speak to the veterans of the Panhandle and South Plains areas and their families. Jester said he expected to discuss veterans problems and the role of the individual veteran in taking part in the government of the state.

Fair officials have announced that all World War II veterans wearing discharge buttons or in uniform would be admitted to the Fair grounds free of charge during "Welcome Home" day. Veterans of Foreign Wars, the American Legion and other veterans organizations will cooperate in the day's program.

Admission to the grandstand for Jester's speech will be free to everyone on the Fair grounds.

Thank Goodness! NOW I HAVE ELECTRICITY IN MY HOME

It's a great day when the last wire is in place and you can flick a switch and have electricity at your command.

It has taken time to bring the wonders and advantages of electricity to folks in this great area. But today, in a major part of our 12 million dollar expansion program we're stretching our rural power lines to reach more and more farms and ranches.

Folks in those homes have been waiting a long time for low cost electricity, and many of them can look forward to better living electrically.

A pioneer in building ahead for the future, we're proud that in our 22nd year we can bring low cost electric power to so many more of you.

Elite Cafe Robbed Saturday Night; Owner Was Slugged

Hereford, Tex.—Sept. 19, 1946 J. Johnson, owner of the Elite Cafe, was slugged and robbed of more than \$300 in cash shortly before 11 o'clock last Saturday night at his cafe on south Main street.

Two men believed to have been involved in the robbery have apparently escaped without trace.

Johnson was found unconscious behind the counter of the cafe at 11 o'clock Saturday night by City Marshal Bruce Wooddell and Nightwatchman Earl Pittman. His wallet which was found near the cash register, had been rifled of more than \$300 in cash. A number of checks were untouched.

The robbery was discovered after a local telephone operator had received a signal from the Elite, and hearing groans issuing from the receiver, notified city police. Wooddell and Pittman immediately rushed to the cafe, where they found Johnson unconscious behind the

Strictly Fresh

THE first month is always the hardest for school children. It takes about that long for motorists to get used to the signs that read "Drive Slow—School."

It is reported that Rep. Andrew J. May will be able to testify soon before the Senate War Profits Investigating Committee. So maybe we'll learn something new about the lumber shortage, since May seems to have done some checking on the situation.

Navy's plans for air conditioning didn't come about through mere snap judgment. Popularity of the idea was first tested on the pants before being applied to the ships.

British psychologists are interested in what makes American studio audiences shriek with laughter at quips that fail to crack a smile over the air. The answer may be that the audiences are laughing at instead of about.

Shanghai street car operators struck in protest against being beaten up by Chinese navy men, who insisted on riding free. Unfair tactics, the operators complained.

AUNT DORA

YOU CAN NEVER LOSE IF YOU FOLLOW THE GOLDEN RULE.

We have a "rule" at the BLANTON BUTANE GAS COMPANY... and that rule is "Your customer's wants... FIRST". Whether you want a Roper range, Butane or Propane gas tanks or repair work on your bottled gas system... you'll find us ready and capable to please.

Elite Cafe Robbed Saturday Night; Owner Was Slugged

counter with the telephone Johnson tightly to his chest. Johnson told officers that he and his wife had closed the cafe shortly before ten o'clock, after checking in the day's receipts and placing the cash in his wallet, and had gone home. Then, missing his dog, he had returned to town to look for him.

Johnson said he had entered the cafe by the front door, apparently failing to lock it after himself, and went through to the rear door to call for the

dog. As he came back through the cafe, he noticed "a large man, wearing blue overalls and a light hat" standing in the door and was watching him carefully as he walked forward. As he passed the end of the rear counter, he was slugged from behind, his assailant having apparently hidden himself between the two counters. Officers said the weapon was probably a sand bag or bag of small shot.

Time of the robbery was placed at about 22 minutes to 11, as the electric clock in the front of the cafe was stopped at that time and Johnson was certain that it had been running when he entered the building. The clock, which has a bright neon front, had been

disconnected. Johnson was taken to the Deaf Smith County hospital by E. B. Black ambulance, and was released the following day.

Miss June Maurer left Saturday for Colorado City where she will attend college again this winter.

Miss Jeane Crawford departed Tuesday for Stillwater, Oklahoma, where she will again matriculate in college for the coming year's work.

What's your score in this Money quiz?

Q. Will money make the mare go?

A. Yes, sir! Of course it doesn't mean putting your hay-burner on a diet of dollar bills. But this old saying *does* emphasize the fact that an income of hard, cold cash is necessary for the existence of any individual, any family, any business. Every dollar you put into Savings Bonds now, assures you an income—in hard, cold cash—later on, when you may want or need it most!

Q. Are a tool and his money soon parted?

A. They usually are! But fortunately you and millions of other Americans are no fools. You've learned that the Payroll Savings Plan is the *safest and surest* way of piling up dollars for your future. That's why wise Americans keep on buying Bonds through the Payroll Plan—why they keep all the Bonds they buy!

Q. Does it take money to make money?

A. It sure helps! And just about the best way to put your money to work is in U. S. Savings Bonds, where the \$75 you invest today will come back as \$100 in 10 years. So, if you want your money to make more money—if you ever expect to have enough to buy a home, or to travel, or to quit work for good—put every dollar you can spare into U. S. Savings Bonds.

Save The EASY Way—Buy Your Bonds Through Payroll Savings

(From Page 1)

in doubt about at any rate, I am satisfied with my life, for, through it, I give my God credit for being an and loving God while striving to I precepts of the ing of my boy- riller manhood, were, to a de- to me, when I ough to do some g.

ical expression and he began to grin—I could not call it a smile—but he said nothing. I again asked him to tell me, as I was anxious to know, and that I would not feel the least bit offended, but he only continued to grin but said nothing. Then I said, "You do not know, do you?" Then he answered me honestly—"You are Right, I do not know." Then, why did you so freely accuse me of some- thing? He said, "I shall do so no more." And he never did. I was little interested in his individual religious views. That was HIS business. I did not, nor do I now, try to force my individual views on my neighbors, but they suit ME and that is MY business. Why cannot we all be of that mind?

It occurs to me that if all the many subdivisions of the Christian Church would drop their selfish and absurd atti- tudes, one toward the other, and all combine under one great banner and that be the banner of Christianity, then Christian- ity would sweep almost like wildfire throughout the earth and each individual would be

filled with the Christian spirit, and would result in an everlast- ing peace, such as which never will come while the spirit of greed, selfishness, animosity, enmity, revenge and all the rest of the group of dirty passions shall rule the hearts of the peo- ple, and especially the hearts of those who rule. I can see no hope for even a semblance of peace in the deliberations of the U. N. O. or kindred organi- zations, since the spirit of many of the vices I have named, are more potently expressed in the deliberations of those august bodies, than are the principles of the Golden Rule.

The cogitations and aphorisms that I have expressed above have produced in me a sad, al- most doleful state of mind, and I am reminded of a few stanzas in Longfellow's poem, "The Day Is Done," but since these poetic quotations are rather tedious for the linotype operator to put into type, I shall quote them in the form of prose:

"I see the lights in the village gleam through the rain and the mist, and a feeling of sadness comes o'er me that my soul cannot resist; a feeling of sad- ness and longing, that is not akin to pain, and resembles sorrow only as the mist re- sembles rain. Come read to me some poem, some simple and heartfelt lay, that shall soothe this restless feeling, and banish the thoughts of day."

I have promised myself that I shall not attend church next Sunday at any place or time, so that will give me an oppor- tunity to get off on some other line of effusion—maybe bet- ter, maybe worse.

Look, Iowans!

Tall corn conscious Iowans might be interested in this bit of competition—12-foot stalks in the Mineola, L. I. garden of Oscar Calen, shown admiring his crop with daughter Dorothy. The seed was brought from Ecuador by a neighbor.

Miss America 1946

 Marilyn Buford, 21-year-old Californian and "Miss America of 1946," is crowned at the Atlantic City, N. J., beauty pageant by her predecessor, Bess Myerson of New York. "Miss America of 1945." The blue-eyed beauty from Los Angeles won a \$5000 award, said she would study dramatics. She's a non-smoker.

NICOLAI (THE ABSENT-MINDED SCULPTOR) BY GEORGE

Worley Views Results of Atom Bomb At Hiroshima; Dodges Russian Zone
 EDITOR'S NOTE: Here is another in a series of articles by Congressman Gene Worley reporting on a recent trip to the Far East.
 Peiping, like many other Chinese cities, is surrounded by a high wall of tremendous thick- ness and all entrances to the city are guarded. The Commu- nist Army was very active in that area and the Nationalist forces were taking no chances of a surprise attack. The type of Chinese in the north seemed to be different from those in the south. The northern Chi- nese are larger in size and seem to be more versatile. Weather in the northern part is often severe in winter while it is gen- erally temperate farther south.
 Again came conferences with our American representatives and about daylight a day later, we were leaving for Tokyo 1400 miles to the east. We had been "advised" at Peiping not to fly closer than twelve miles over Port Arthur, which is a heavily fortified Russian base in lower Manchuria. You will probably recall that a number of our Navy planes had been shot at or shot down by the Russians when they came any closer than the twelve mile limit. Having no de- sire to either be shot at or shot down, we skirted Port Arthur from 12 to 15 miles but our bi- noculars helped us to see the port and facilities reasonably well. It seems more than strange that our former allies, the Rus- sians, would adopt such an at- titude, particularly when we al- low them full permission to fly in or over our own installa-

tions either in Europe or the Far East or the U. S. We have nothing to hide but apparently they have.
 We made an unscheduled landing at Seoul in Korea and spent a short time there with our own occupation forces. As usual, I inquired if there were any Texans about and of course found Texas well represented. One member of the Committee was from a small Middle-West- ern state but, much to his own dismay, he seldom found a home state boy.
 In Korea our forces occupied the southern half with the Russian forces in the northern half. The Russians put our forces on notice they were not to come north of 38 degrees, a boundary which is the dividing line of the occupation forces. While the Com- manding Officer informed us there had been no recent con- flicts between the two forces, we were given to understand that the entrance of any of our people into the Russian Zone would be most vigorously op- posed. It is important to point out that the USSR has an oc- cupation force of better than two hundred thousand soldiers, plus a strong air force, in their zone compared to the handful we have in the American Zone.
 Leaving Korea, our next sched- uled point was Nagasaki on the southwestern tip of the Jap- anese chain of islands. We had hoped to see where one of the two atomic bombs was dropped. However, the weather was very bad over Nagasaki so we turned north to Hiroshima and saw where one single atomic bomb had killed at least sixty thou- sand people. Save for a few con- crete and steel buildings, ab- solutely nothing was left of Hiro- shima in the area where the bomb hit. I have seen the shambles left in several of the big German cities but the destruc- tion there was not as complete as the destruction of Hiroshima. In addition, the German cities were destroyed by thousands upon thousands of block-bust- ing bombs and incendiaries whereas Hiroshima felt the force of only one bomb. It should of course be borne in mind that the construction in Japan is entirely different from the modern German towns but one important thing to remem- ber is that the concussion from the bomb itself and the radio-

active properties destroyed six- ty thousand lives. Just compare this with the population of Am- arillo, for example, and then wonder what sort of defense we could use against an enemy at- tacking with atomic bombs.
 —Next Week: Tokyo

Some employees who have moved and who have lost their social security account number card seem to think it is com- pulsory to secure a duplicate card from the office where they secured the original. The facts are that any field office of the

Social Security Administration will be glad to accept an ap- plication for a duplicate and thereby save the applicant time and expense in wiring or writ- ing back to the office where the original was issued. The nearest office of the Social Security Administration is at Amarillo.
