

Whirlwinds Tame Bobcats, 56-52

Triumph First In Eight Years

For the first time since 1964 (near as coaches can tell) the Floydada Whirlwinds Tuesday night came up on the long end of the score in a basketball game with the Dimmitt Bobcats. It was the first time the 'Winds had ever beaten Dimmitt in a district basketball contest, and their last chance to do so (for a while, anyway) because the schools move to different districts next year.

The Whirlwinds overcame a four-point (45-41) deficit at the start of the final period and posted a 56-52 victory. Floydada led 31-29 at halftime and 13-12 at the end of the first

quarter. Charles Jackson scored 21 points to lead the 'Wind quintet in scoring and shared the rebounding lead with Mike Hale. Each pulled down 10 rebounds for the night.

Coach Curt Chatham credited the big victory to a fine team effort by the 'Winds, including good defensive play by Leslie Robertson, Walter Harris and Langston Williams, good board work by Mark Vinson, and a good job by Jerry Hearon, who came off the bench and played well.

The game, played in Floydada, marked the opening of the

SPORTS

second round of District 3-AA play for the Whirlwinds. Morton, the first round winner, tangles with the Whirlwinds here Friday night.

JV LOSES

The Whirlwind junior varsity didn't fare as well against the Bobcat JV, losing by a score of 81-44. Travis Johnson's 14 points led the Floydada offense.

JV Whirlettes Beat Post, Lose 2

The Floydada junior varsity basketball girls lost their opening-round game in the Slaton JV Tournament Thursday, falling to Idalou, 53-27. Charlotte Neison scored 24 of the Whirlettes' points.

Miss Neison got 24 points again Saturday morning, including a game-winning set shot with 13 seconds left that gave the Floydada girls a 33-32 victory over Post. Vanda Carthel's six rebounds and six steals led the Whirlette defense.

Whirlettes Roll Over Dimmitt

The Whirlettes upped their season record to 16-8 and their district record to 6-2 as they rolled over the Dimmitt Bobbies 38-21 here Tuesday night. The Floydada girls led 10-4 after the first quarter, 19-8 at halftime, and 24-15 after three quarters.

Janette Conwright tossed in 20 points and Denise Chadwick hit 14 to lead the offensive effort. The guards turned in a fine defensive effort. Cindy Moore pulled in 12 rebounds and two steals, Debra Baird had seven rebounds and two steals, and Sonja Curry had six rebounds and eight steals.

In the consolation finals Saturday afternoon, Abernathy downed the Floydada girls 38-20. Miss Neison had 13 points, and Miss Carthel four rebounds and two steals.

The keys to the victory were defense and free-throw shooting. The Whirlettes ran a 1-2 zone defense, Dimmitt was forced to shoot the long shots, and the Floydada guards dominated the rebounds.

Although the Whirlettes missed three one-and-one's in the first half, they hit a total of 18 of 24 attempts, as Dimmitt was whistled down on fouls 17 times. The Whirlettes committed only 10 fouls. They hit 15 of 17 free-throw attempts in the second half.

In District 3-AA, championship play is played in two rounds. Friona won the first round with a 4-1 record, while the Whirlettes were second at 3-2. The Whirlettes are now 3-0 in the second round, and they will travel to Friona for a second-round showdown next Tuesday. The Floydada girls defeated Friona by one point in their game here in the first round, but the game in Friona will be a real test.

In the meantime, however, the Whirlettes will take time off from district play to tangle with Tulia there Friday night. Tulia defeated the Whirlettes 38-36 in overtime in the Slaton Tournament during the Christmas holidays.

There are only eight girls playing for the Whirlette junior varsity this year and they play hard, inspired ball, but they get very little chance for rest. Although all eight played Tuesday night, most of them were slowed by a touch of the flu bug. The Dimmitt JV came out on top by a score of 36-17.

Charlotte Nelson led the offensive effort with 13 points. Terry Stovall had seven rebounds and three steals to lead the defensive charge.

Next action for the JV comes Friday night when they meet Tulia in a game at 6:30 preceding the varsity game.

Whirlwind Junior Varsity Takes Consolation At Slaton Tourney

The Whirlwind Junior Varsity lost the first game in the Slaton Junior Varsity Basketball Tournament last Thursday but came back to win three straight Friday and Saturday and take the tournament consolation title.

The Clovis, N.M. sophomores took the Floydada JV out of the winners' bracket Thursday afternoon, beating the 'Wind, 74-62. The score was knotted 22-22 after a quarter of play; Floydada fell behind 46-38 at the half and closed the gap to 51-48 at the end of the third quarter.

Larry Jackson led the Floydada scorers with 24 points. Marc Smitherman added 18 points and pulled down 10 rebounds.

In the second game Friday, the Whirlwind JV advanced in the consolation bracket with an easy 82-57 win over Ralls. Larry Jackson had a good game, scoring 24 points and leading the rebounding with 18 grabs. Travis Johnson scored 19 points.

A last-second field goal by Travis Johnson gave the 'Winds a 46-45 victory over Roosevelt and the right to advance to the consolation finals later Saturday afternoon.

It was a close game all the way; the score was 10-10 after a quarter, 23-22 Floydada at halftime, and 34-33 'Winds starting the final period.

Johnson finished with 12 points. Jackson scored 20 and grabbed nine rebounds; Carl Lewallen had 10 points.

In another close one, Floydada defeated Tahoka in the consolation finals. The 'Winds held a three-point advantage starting the fourth quarter and didn't pull it out until late in the game, winding up with a 51-41 victory.

Johnson topped the Whirlwind scorers with 19 points, and Mike Hatley and Jackson had 10 apiece. Carl Lewallen caught eight rebounds, and Hatley and Jackson each had seven.

Whirlwinds Fall To Long

Lockney scored a 76-61 basketball victory over the Floydada Whirlwinds Friday night in the final game of the first round of district play.

Charles Jackson had 18 points for the Whirlwinds, Mark Vinson scored 17, and Langston Williams hit for 15 points.

Jackson led the Floydada rebounding with 12, and Mike Hale pulled in 10 rebounds. Vinson was credited with four steals and three blocked shots for the night.

It was "one of the best" games for the Whirlwinds, ended by the final percent of their season.

Whirlette Overtime

Janette Conwright scored 21 points to lead the Whirlette pair of free throws, giving the Floydada girls a 44-43 basket.

Lockney's girls played a 44-43 basket.

Frosh Fems Fall To Lockney

The Freshman Whirlettes played one of their better games Monday night, even though they were defeated by Lockney. The score was 39-28.

Karen West led Floydada with 15 points, Belinda Covington had six rebounds and Carol Cozby had five rebounds and four steals for the defensive effort.

The freshman girls' season record is now 4-6. They play Tulia here next Monday.

Jr. High Girls Split With Lockney

Lockney's seventh-grade girls beat flu-weakened Floydada Monday night, 36-29. For Floydada, Nancy Robinson had 12 points and Tracey Puckett 10. Kellie McDowell led Floydada rebounders with five grabs.

The eighth-grade Breezettes' 23 points was enough, as they allowed Lockney only 16 in Monday night's game. Debby Johnson scored 12 points for Floydada. Nancy Anderson and Verna Newton had four rebounds apiece, and Nesa Jackson latched onto three rebounds and three steals.

Next action for the FJHS girls comes Monday when they host Tulia in games beginning at 5:30.

8th Grade Boys In Olton Tourney

In the Olton Eighth Grade Basketball Tournament last week, the Floydada Junior High boys won their first game, getting a 39-17 victory over Friona. Kelvin Ratliff led the scoring for Floydada with 14 points.

Tulia beat the Floydada eighth graders in their second game, 46-38.

Breezettes Win Consolation

The eighth grade Breezettes won the consolation trophy at the Olton Eighth Grade Tournament last week. They were beaten by Friona in the first round, 38-21, but defeated Tulia and Hart to rate consolation.

It was Friona 38, Floydada 21 in the first game, the first one the Floydada eighth grade girls had lost this season. Debby Johnson led the Breezettes in scoring with 10 points. Donette Marble paced the Floydada defensive effort with four rebounds and one steal.

The Breezettes defeated Tulia 26-13 in the second round, behind Miss Johnson's 21-point scoring effort. Newton grabbed eight and three steals for the night.

Hart fell to the Breezettes 26-10, in the consolation game. Miss Johnson again led the scoring with 21 points. Jodie Eastman had three steals.

The tournament brought the eighth grade season record to 11-10.

Girl Scout Leader Meet Held In Floydada

Floydada Girl Scout leaders were hostesses to the towns of Area 4 last Thursday in Lighthouse Electric meeting room. Floydada's seven activetroops were represented as they welcomed leaders and workers from Lockney, Ralls, Crosbyton, Lorenzo, Klatou, and Lubbock. Mrs. Ken Weaver and Mrs. Fred Lipham were at the registration table and presented each leader with name tags and a "Happy 1972" greeting star as she arrived. Mrs. C. R. Smith, Ralls, presided over the business meeting as Area 4 chairman.

Sharon Washburn, Camp Director for the Caprock Council and Area 4 Adviser, brought information from the Council to the area towns. A letter was read from Mrs. James Russell, former Area 4 Adviser, who has been reassigned to Leadership Training in the council. The new camp folder for spring and summer 1972 was discussed. A new form of supervised troop camping, called "Resident Troop Camping" will be in operation this year. Troops and leaders who are not accustomed to camping may go for two, three, or one four-night camping session at Camp Rio Blanco with a supervisor from the council staff to train troops in camping operations. On these special sessions, troops will cook breakfast and supper out, but will be served lunch in the lodge dining hall. Fourth and fifth grade troops were urged especially to take advantage of these training camp-sessions.

Mrs. Felix Jones, Klatou, area cookie sales chairman, displayed and explained the new size and new-price Girl Scout cookies for this year. All boxes are double in size (called the new family size) and will be \$1.00 per box this year. The same fine, "Flavor-favorites" will be sold by the girls, and troop profit will be doubled. All proceeds will continue to go to the Girl Scout Established Camp Rio Blanco, which is available to all troops in the Caprock Council. Cookie sales will begin Friday, February 25. This year, a girl may earn the Champ Cookie patch by selling 48 boxes; a campership will be awarded to any girl selling 180 boxes. The campership award is two weeks at Rio Blanco for Junior, Cadette, or Senior age girls.

The program for the area meeting was presented by Program Consultant, Jane "Chip" Deyo of the Caprock Council staff. Assisted by Sharon Washburn and Stephanie Arwine, a campus girl scout at Abilene Christian College, Mrs. Deyo taught the leaders and workers songs and games that may be used in all troop meetings and on outdoor trips. One of the favorite rhythm games taught was the Lemmy Sticks.

A covered dish luncheon was served at noon, during which time leaders talked with, and exchanged ideas, with leaders from other towns. Special guests for the luncheon were Nan McCulley and Margyenne Giles, two members of Senior Troop 97, who have been accepted for a council-sponsored trip to the Girl Scout retreat near Cuernavaco, Mexico, "Our Cabana". Fifteen senior-level girls will be taken from the 18-county council. Special recognition was given Mrs. Andrew McCulley, who has been chosen as one of the two leaders to accompany the senior girls to "Our Cabana" in July of this year.

The next Area 4 meeting will be held at Crosbyton Thursday, April 13.

Candlelight Ceremony Unites Belinda Neff, Andrews Coats

A candlelight double ring ceremony for Belinda Gay Neff and Robert Andrew Coats Jr., was performed at 7:30 o'clock p.m. Friday, January 21, in the home of the bride's aunt and uncle, Mr. and Mrs. O. A. Neff in Floydada. Elder Joe Jackson, pastor of the Primitive Baptist Church in Floydada, united the couple in marriage.

The bride is the daughter of Mr. and Mrs. Eli Neff of Floydada and the groom is the son of Mr. and Mrs. R. A. Coats, Sr., of Odessa.

Given in marriage by her father, the bride wore a floor length gown of white velvet fashioned with a round neckline, empire waist and flared skirt. The bodice was styled with long tapered sleeves of white lace, scalloped at the wrists. Her waist length bridal veil of illusion, edged in lace, was caught to a white velvet headband, highlighted by white satin appliques. She carried white gardenias and white stephanotis, tied with white satin streamers. The bridal bouquet lay atop a Bible she carried, which belonged to her grandmother West.

The Bible was something old; her bridal attire, something new; a diamond heart shaped pendant belonging to Miss Janice Dillard, was something borrowed; and something blue was her wedding garter. She also wore a dinner ring belonging to her mother. For luck, both the bride and groom had pennies in their shoes bearing their birthdate.

Mrs. Aubrey Neff of Dalhart, was maid of honor and Randy Coats of Odessa, brother of the groom, was best man. Aubrey Neff, Dalhart, cousin of the bride, was candlelighter.

The maid of honor wore a two-piece double knit gold colored suit with an orchid corsage trimmed in gold.

For the ceremony the wedding party stood before a mantle covered with red and gold mums, accented with yellow pom poms. Greenery, with gold satin bows at either side, were above the mantle. Gold spiral candelabras holding seven candles, decorated with white garlands, completed the setting.

Following the wedding ceremony a reception honoring the couple was held in the home of the bride's parents. The serving table was laid with a white lace cloth, accented by gold satin bows and streamers bearing the names of Belinda and Andy in green lettering. The bride's bouquet and a candelabra holding eight candles formed the centerpiece.

A two-tiered wedding cake and shurbet punch were served from crystal appointments.

Cousins of the bride, Mrs. Jerry Galloway of Floydada and Mrs. Harvey Rials of Denver City, served.

For travel, the bride changed to a three piece red, white and blue pant suit, and wore a corsage of white gardenias from her bridal bouquet.

Mr. and Mrs. Coats are residing in Lubbock where the bride is employed at S&R Auto Parts. The groom is employed by Pioneer Natural Gas.

The bride is a 1970 graduate of Floydada High School and her husband is a graduate of Odessa High School. They both attended Draughton's Business College in Lubbock.

MR. AND MRS. CLAUDERING

Hosting the reception were their children, Jay and Helen Womack of Dallas; Gene and Sue Bain of Los Angeles, Calif.; Kenneth and Doris Ring of Floydada; and Hubert and Clovis Ring of Muncie, Indiana.

A centerpiece of gold mums and gold roses, graced with candles at either side complemented the reception table. A tiered wedding cake decorated in white and gold with the emblem "50th", completed the table decor.

Out of town guests present were Mr. and Mrs. Gene Bain, Los Angeles, Calif.; Mr. and Mrs. Jay Womack, Dallas; Kenneth Ring, Tony and Bill of Floydada; Hubert Ring, Muncie, Ind.; Mr. and Mrs. James A. Reale Jr., Cambridge, Mass.; Mr. and Mrs. Charles Womack, Lubbock; Steve Womack, Dallas; Gladys Haley and Mr. and Mrs. M. Ausband, Denton;

Mabe Barbee, Mrs. Elvis Driver and Mr. and Mrs. Jess Quisenberry.

Mr. and Mrs. Ring were married in Quannah January 14, 1922 by the Rev. Scott Crawford.

Miriam Amburn Honored With Farewell Fete

Mrs. Foster (Miriah) Amburn was honored with a farewell coffee Saturday morning in the A. H. Robertson home. Mrs. Robertson received guests and Lyda Walding presided at the guest register.

The serving table was laid with a white linen cloth and held a branched candelabra decorated with baby's breath and other flowers. The arrangement was a gift to Mrs. Amburn from her daughter, Nell Swinson and Nancy Bishop poured from a silver service.

Bennie Leibfried read a poem in tribute to Mrs. Amburn, which was written by Kay Robertson Brown. She stated the poem was a sentiment expressed to Mrs. Amburn from all her friends.

TO MIRIAH

Effort Being Made To Find Early Day School Annuals

Mrs. Heien Patterson, Floydada High School librarian, is making an effort to acquire all past school annuals for historical purposes at the library.

Mrs. Patterson would like to have the first issue of the Hesperian, name of the annual in early publications, and each issue thereafter with the exception of those printed in 1922, 1925, 1927, 1929, 1930, 1948. These Mrs. Patterson has, as well as

issues of the Whirlwind annuals from 1953 to the present year.

J. C. Wester donated the 1922, 1925 and 1927 issues to the school library and Mrs. Keith Burham donated the issues of 1929 and 1930. They were annuals of her parents, the late Mr. and Mrs. Ernest Carter, graduates of Floydada High School.

Persons having annuals for the years not mentioned may

contact Mrs. Heien Patterson at her home or at her school or at her home and the annuals to be returned to her.

Mrs. Patterson would be pleased to place a glass case in the library to be well cared for.

From other news sources it was said Hancock saw the lights of an approaching car on the winding road, but the car passed the injured victim. Then it stopped and backed up to where he stood in a daze. A. J. Draper of Lubbock was the man to back his car up, finding Hancock bleeding profusely from a deep laceration behind his right ear.

Draper rushed Hancock to Matador but learned that no hospital facilities were available there. The Motley County Ambulance Service received the injured man at El Matador Travel Center and rushed him to Caprock Hospital in Floydada. The driver called the Highway Patrol in Floydada and asked for an escort through town and that the hospital be notified of the emergency.

Physicians at the hospital related that Hancock would have died in a short time if he had not received medical aid. The other factor threatening his life was the cold temperature.

The object of this story? Thank God for good Samaritans regardless of their race.

Thank God for ambulance service and thank God Floydada has a hospital and physicians to give this emergency care when it arises.

Bearden And Ross Wedding Vows To Be Read February 25

Mr. and Mrs. Homer Bearden of Brownfield announce the engagement and approaching marriage of their daughter, Phyllis Gwynn, to William Wayne Ross of Lubbock, son of Mrs. W. J. Ross and the late Mr. Ross, formerly of Dougherty.

First Baptist Church Chapel in Brownfield. Miss Bearden graduated from Dawson High School and attended West Texas State University. Her fiance, a graduate of Floydada High School, also attended WT, and is presently employed by the Purina Co. in Lubbock.

Club Meets In Eastham Home

The regular meeting of the Dougherty Home Demonstration Club was held in the home of Mrs. Lucy Eastham January 19. The vice president called the meeting to order before nine members and one visitor, Mrs. W. J. Ross of Ralls. Roll call was answered by each member naming their favorite carpet and why.

During business Mrs. Eastham was elected as delegate to the district meeting. Moments of silent prayer was held for Richard Ward and Howe Hines, who are both in Lubbock hospitals.

The club's program, Carpet Care, was given by Mrs. Alta Smith. She spoke on the care of carpets, colors, fiber and history of rugs. Mrs. Smith said the first actual synthetic textile fiber dates back to 1830. However, the idea of a chemical process similar to a silk worm's spinning, was mentioned in an article as long ago as 1664.

In prehistoric times, man threw animal skins on the floors of caves. Ancient Egyptians used plaited rush mats. Hemp, grass, straw and jute were used in China and Japan.

The arts and craft of carpets dates back some 5,000 years. Carpets can often tell the story of a civilization. Among the famous figures of history who used elegant rugs of gold, silver and silk were Cleopatra,

and two former Floydada residents this week. Mrs. Eunice Miller of Dallas and Garnett Ezell of Las Vegas, Nev. Mrs. Miller is still a land owner in the Dougherty community. Garnett is a nephew of J. C. Wester of Floydada and used to be employed at Doc White's Drug Store.

He asked about some of the old timers here and said to send hello greetings to Winnie Angus in Floydada Nursing Home and to the Wester family.

The standard deduction is up this year. But maybe you should itemize.

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars.

Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

And Frank down at the office... he helps everybody with their return... what did Frank recommend?

If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you.

You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn

things about your income tax that you never knew existed. Things that we know, because income tax returns are our only business.

H & R Block's fees start at \$5 and the average cost was under \$12.50 for over 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

It means that H & R Block also offers you year-round tax service for just one low fee, with no extra charge for audits and estimates.

Yes, it's true. The standard deduction is up this year. It's one of the many things we'll consider when we do your return.

DON'T LET AN AMATEUR DO HAR BLOCK'S JOB.

ADD THE SOFT TOUCH TO YOUR WASH

Adding fabric softener to your laundry will give softness and differences to all washable fabrics. Perhaps more important, it reduces or eliminates static cling that often makes it necessary to peel away synthetics and permanent press items when folding laundry or wearing garments. Some fabrics no longer need ironing when softener is used, and those that do, dry with less deep-set wrinkles than before.

Though it isn't necessary to use fabric softener in every washload, frequent use is recommended. If softener is used with towels, for instance, where fluffiness is desirable but moisture absorption is also important, skip the use of fabric softener occasionally.

There are two types of fabric softeners. The most familiar is the one used in the rinse cycle. Either dilute with water first and add it to the rinse water or pour into the washer fabric dispenser, if available.

It is important not to add other agents to the water when a rinse cycle fabric softener is used. This includes bluing, water conditioner or any other additives. In fact, though fabric softener is effective in both hard and soft water, it should not be used in rinse water containing a packaged water conditioner.

A new type fabric softener can be used in the wash cycle. Compatible with other wash compounds such as detergents, these fabric softeners usually require that you add the fabric softener to the wash before adding detergent and laundry. Then proceed as usual. Do not pour a wash cycle fabric softener into a fabric softener dispenser unless you want it used in the rinse cycle, the manner in which the dispenser is designed to work. Never add any kind of fabric softener to a bleach dispenser or a detergent dispenser. These features are not equipped to handle softener.

Take care not to pour softener directly on fabrics as it may cause staining. If, however, this should accidentally occur, immediately hold the stained area under cool running water and rub with bar soap.

Mr. and Mrs. Bill Smith and Grady Dunavant attended the 25th wedding anniversary reception at Slaton Sunday for Mr. and Mrs. Fred Kallich. Mrs. Dunavant was unable to attend due to illness.

Mr. and Mrs. Norman Muncy visited Sunday afternoon with Mr. and Mrs. Q. D. Williams.

PANTS SUIT LENGTH HIDES THE ANKLES.

When long pants are worn as part of a pants suit, they should really be LONG pants. Pants should cover the ankle.

A good rule to follow is for the back of the pants leg to touch where the shoe heel joins the shoe.

This is the rule for shoes with higher heels which currently are worn with pants. If the heels of the shoes are flatter, the length of the pants can be a little shorter, perhaps touching the top of the shoe. And for the pants suit you wear with several different heel heights, compromise the pants length.

Center Stresses Family Planning

The Neighborhood Center in Floydada offers free services in family planning.

The following release on family planning is from the Neighborhood Center:

"With the cost of living rising each day and the change in our economic conditions, it is extremely hard for a man to support a large family. Food, clothing and education are three necessary things for a happy family. If you cannot provide these, chances are something will have to go lacking. By planning your family, you have a better chance of providing the things that are needed in life.

"Daily we hear that the world is becoming overpopulated. If we plan our families, we eliminate overpopulation and not being able to provide for our family.

"Free family planning service is available through the Neighborhood Center. You alone know your needs. If you are having trouble with the five or six children you have, then you need family planning. Contact us. Our service is offered to you."

Winnie Dyson In Plainview For Therapy

Mrs. Winnie Dyson, who has been ill and confined to bed since April of 1971 and hospitalized since that time, was transferred from Caprock Hospital Monday to Nichols Clinic in Plainview.

Mrs. Dyson, partially paralyzed since her illness, will receive therapy at Nichols Clinic, in order that she can be capable of handling an electric wheel chair, a gift to her from the people of Floydada and area. Mrs. Dyson will also receive speech therapy while at the clinic.

Pants legs that are too short ruin the attractiveness of many pant suits.

Check your pants length. Be sure they don't look like they shrunk when they were washed or cleaned.

CAPROCK FROM PAGE 1

AT THE STATE PRESS convention in Fort Worth Saturday morning, I enjoyed a question and answer period with Congressmen James M. Collins, Graham Purcell, Bob Cayce and Jim Wright.

All seemed pretty sharp, all seemingly did their best to answer our questions. I am impressed with Congressman Purcell and feel that he is really for the farmer. . . and interested in helping save the rural communities.

The Republican Congressman of the group admitted that this year's national budget might run in the red \$40 to \$60 billion and said he figured the best way to curb inflation was to get the country on a balanced budget. I agree.

HOW DO YOU GET TO BE A FIFTH GENERATION ESKIMO? . . . I wish I knew. One of the Congressmen said this Congress is a "spending Congress". . . they'll spend money for almost anything.

For example, the government now is giving millions of dollars to fifth generation Eskimos in Alaska because it is felt that the USA bought Alaska too cheap!

Wonder where the Indians come in? . . . they didn't get much pay for this country.

HOWARD HUGHES. . . because he has successfully avoided reporters and interviews for years, and because he's enormously wealthy, many headline writers think everything Howard Hughes does is major news of great significance.

Hughes recently talked to seven reporters in a long distance telephone interview. This crowded many news stories off the front pages and television commentators discussed the interview for days. It just shows what a common notion one can cause being unobtainable.

The interview was, of course, as interesting as the overdose of news stories on Bangladesh and probably more interesting than much of today's political gas.

And what has Howard Hughes done for the good old U.S.A. that would merit any publicity?

LETTERS TO THE EDITOR

Dear Mr. Tooley:

Let me take this opportunity to express to you my thanks for your work in improving the future of Floydada.

The bulk of the credit for initiating the new facility planned for Floydada, the Massey Activity Center, belongs to you. Without your work and leadership a center of this sort would never have become reality. Thank you very much.

Along with the new clinic, the activity center promises to add much to the quality of life in Floydada and the surrounding area. Those voices of doom, that say that Floydada cannot survive the turn of the next century are, as their name implies, doomed. I believe that those voices of positive, progressive action, like yours, will ultimately determine the future.

Sincerely yours,
/s/ Sam

"ALL TIED UP"

"All tied up" usually suggests that one's movements are restricted.

But to us, "all tied up" means good things. For example, this year we'll complete building a transmission line that will enable us to move electric power to the Public Service Company of Oklahoma . . . maybe even as far away as the East Coast. Or, to bring electric power into our system from far-away places.

Either way, it's a good deal for you — our customer. It means efficiency in the distribution of electric power and it means firming up dependability.

Yes, "all tied up" means we'll be — so you won't be!

Vanguard PVC plastic pipe. It won't leak

You're thinking, "Ok, Buster, prove it to me."
 And that's exactly what we want to do. Because we've already proved it to ourselves.
 When we first got the idea that a rubber gasket joint could solve a leaky irrigation problem, people said, "phooey." But our engineers ignored them. They went right ahead designing. And when they finished that they started testing.
 Lab tests. Acid tests. Hydrostatic tests. Field tests. Every kind of test imaginable.
 Guess what happened? Nothing.

The rubber gasket still looked the same. Still felt the same. And still acted the same.
 It still held a watertight seal.
 In addition, the rubber gasket saves about one third of the installation time with less manpower.
 And, used inside our exclusive long formed coupler, it allows the line to expand and contract when the ground does.
 Get in touch with our representative. He'll show you firsthand what we're talking about. Then he'll explain how we can custom design your system to make the best use of your irrigation water.
 Use Vanguard. It won't leak.

Don't lose your voice!

When the person on the other end of your telephone line can't hear you, there isn't much point in talking. If the fault is ours, we want to know about it. But before you speak to us, try speaking up to the other party. If you're holding the handset below your chin, he won't hear much. But if you hold it directly into the mouthpiece, your voice comes through loud and clear. Though it's only a small tip, it doesn't leave you speechless.
