

OBITUARIES

Mrs. L.B. Boling

Services for Mrs. L. B. Boling, 78 year old Lubbock resident and formerly of Floydada, were conducted Tuesday in Resthaven - Singleton - Wilson Funeral Home. Mrs. Boling died at 5:10 p.m. Sunday in West Texas Hospital.

Mrs. Boling moved to Lubbock with her husband from Roaring Springs in 1955. She was a native of Dallas and a member of the Westmoreland Church of Christ.

Survivors include her husband, Lucien; five sons, M. L. of Lubbock, O. A. of Midland, C. G. of Las Cruces, N.M., Bob of Monahans and Wayne of

Houston; four daughters, Clea Russell of Lubbock, Jerre Lowe of Roberta, Ga., Mrs. Forrest Lemly of Midlothian and Mrs. Glenn McDaniel of Abilene.

Also surviving are three sisters, 25 grandchildren and four great grandchildren.

Mr. and Mrs. V. D. Turner were among those attending the last rites. Turner is a distant cousin of Lucien Boling.

Conner Oden

Conner Oden, 67 year old well known automobile dealer and a resident of Floydada since 1936, was interred in Floyd County Memorial Park Saturday following funeral rites in the First Baptist Church.

Oden died in Caprock Hospital about 6 p.m. Thursday after being stricken ill at the family home with an apparent heart attack.

A member of a pioneer ranching family of the Canyon area, Oden was born Oct. 27, 1904 in Hereford. He was married to Bernice Avent May 22, 1927 in Tulsa where the couple resided until moving to Floydada in October of 1936. He was a dealer and a partner in Oden Chevrolet - Oldsmobile and was still active in business at the time of his death.

Oden was an active Rotarian, a member of the Masonic Lodge, First Baptist Church, and had been a member of

CONNER ODEN

Chevrolet-Oldsmobile Dealer Council for 25 years.

Survivors include his wife, three sons, Gary of Phoenix, Ariz., Jerry of Honolulu, Hawaii, and Jimmy of Dallas; one daughter, Marjorie Oden of New York; Fred of Carlsbad, J. A. of El Paso and Pascal of San Francisco; one sister, Mrs. Paul Graham of Carlsbad and four grand children.

Dr. Floyd C. Bradley officiated at the funeral and was assisted by Rev. C. B. Melton, minister of the First United Methodist Church.

Moore-Rose Funeral Home was in charge of burial and arrangements.

Pallbearers were employees of Oden Chevrolet - John McKinney, Doyle Walls, L. B. Stewart, Stephen Fyffe, Jodie Jameson and Gary Pate.

Lt. Col. Dunn

Funeral services for retired Lt. Col. James Milton Dunn, 55, of San Antonio, were conducted yesterday afternoon in Fort Sam Houston Chapel in San Antonio with full military honors.

Col. Dunn died Saturday morning about 9 o'clock in Caprock Hospital in Floydada. He and his wife were here to attend funeral rites for their son-in-law's father, Conner Oden. The couple was staying at the Fieldan Motel and Col. Dunn had just had breakfast and returned to the motel when he was apparently stricken with a stroke.

The deceased was a native of Merkel, had lived in Ralls and graduated from Hale Center High School. He was married to Helen Lowery July 30, 1958 in Oklahoma City. He retired from the U.S. Air Force in 1970.

Survivors include his wife, one daughter, Mrs. Deborah Oden of Dallas; a step-son, two stepdaughters, his mother,

Mrs. Anna L. Dunn of Stamford; two sisters, Mrs. A. C. Jensen of Big Spring and Mrs. Mark Gordon of Gulf Port, Miss.

Mrs. Campbell

Funeral rites for Mrs. John W. Campbell, 53, who resided north of Plainview, were conducted Monday in Lemons Memorial Chapel. Mrs. Campbell died Saturday night in Central Plains Hospital.

The deceased was the mother of Mike Campbell, sales representative for Gifford-Hill Western in Floydada. He and his family are in the process of moving to Floydada.

Mrs. Campbell was a native of Temple, Texas, and moved to Crosbyton in 1925, attending schools in Fairview. The former Willie Dyess, she and John W. Campbell were married in Crosbyton in 1934. They moved to Plainview from Canyon in 1963.

Survivors include her husband, two sons, Billie Ray and Mike Campbell, both of Plainview; a daughter, Gayle Alexander of Longview; two brothers, two sisters and seven grandchildren.

Mrs. Cannon

Funeral rites for Mrs. Cannon, 78 year old longtime Floyd County resident, were conducted yesterday afternoon in the Calvary Baptist Church in Floydada. Mrs. Cannon died about 3:30 Tuesday morning in the home of her son in Floydada. She had been in failing health for several months and in the hospital. She was brought to the J. W. Cannon home from Lockney Nursing Home Friday. Relatives said death was attributed to her delicate health and complication of flu.

Mrs. Cannon was born July 6, 1893 in Wise County. She was the former Ora Belle Stewart and was married to R. M. Cannon in Boonville, Tex. June 13, 1916. The family moved to Floyd County in 1927 from Wise County where Cannon farmed until retirement. At that time the couple moved into Floydada where they were residing at 518 Mississippi St. at the time of Mrs. Cannon's death. She was a member of the Calvary Baptist Church.

Survivors include her husband, two sons, J. W. of Floydada and R. A. of Covina, Calif.; three grandsons, five brothers, Sherman Stewart of Sweetwater, Jim Stewart, Plainview; Arthur Stewart, Garden City, Tex.; Vernon Stewart, Springfield, Mo. and W. O. Stewart, Northridge, Calif.; and two sisters, Mrs. L. V. Cheves of Amarillo and Mrs. S. G. Evetts of Oden, Tex.

Rev. Hollis Payne, pastor of the church, officiated. Interment was in Floydada Cemetery.

Pallbearers were Bud Warren, Willie Rogers, Jim Hall, Jerry Galloway, Gerald Smalley and Woody Morris.

The conversation was about a very important community, and Conner was ready and willing to help. Although we knew Conner as a business man, his loyalty to his community and his willingness to help inherited 'way back when he was reared on a farm. May the Lord bless and comfort those who mourn.

DID YOU EVER SEE 'SQUARE HUBCAPS'

Christmas money that I spent on a set of big square caps for my business car. My FHS senior daughter Karla says the hubcaps were, not literally, actually they're round. What she says I should have "mags", "flicks", "racing hubs", if I'm going to be "up to speed" and it seems that I have another "general" my FHS Freshman son, Brad. He contends that putting anything on my hair... now it's the "real cool" appearance. Man... there are some days I just don't see "in the groove."

THE 1972 EDITIONS of various types of "out now and it is noteworthy that two Floydada are listed. Mrs. J. M. Willson is in the "Dictionary of Biography" and Mr. Willson is in the known "Blue Book". He is also listed in "Person South".

BOY, FROM PAGE 1

According to the family the youngster sustained the wound in the rib cage when the pellet gun was accidentally discharged by another youth. The pellet entered the liver, where it lodged. The parents were told by the Lubbock physician that surgery to remove the pellet would do more harm than leaving it intact.

Chuck was not hospitalized but remained at home Monday for observation. It was thought he would be able to return to school some time this week.

What Would Be Your Share If Farm Land Were Divided Was Share

What would be your family's share if all the land used for farming in the United States were divided equally among U. S. families?

The answer is slightly more than 27 1/2 acres, according to James O. Murphy, district conservationist. "Since most of us are not farmers, yet all of us eat food, wear clothes and live in houses, the large share of which come from farms, then how that farmer who is using your 27 1/2 acres gets along is of great concern to each of us.

Actually, only about 22 acres would be yours. The other 5 acres (1/2 range and 1/2 woodland) would be rented or leased from the government. On this 22 acres you would have about 9 acres in crops, 10 acres in pasture, grassland or range; 1 1/2 acres would be grazed woodland and 1 1/2 acres for buildings, roads and non-farm uses. On the 9 acres of cropland, you would plant less than 6 acres to row crops.

Biologically speaking, your animals and poultry are rather puzzling. You have 1/4 dairy cow which produced 2,287 lbs. of milk annually. Your 1.8 cow beef herd produced 3/4 of a calf while your 1 hog had a litter of 2 pigs. Your 6.4 hens laid 113 dozen eggs, and you produced 58 broilers and 2 1/4 turkeys per year. NET INCOME OF \$316.

Your 22 acres is valued at \$4,086 or about \$182 per acre. When the year began you had about \$460 worth of livestock and poultry, and \$211 worth of crops. Your machinery investment was about \$671. For your year's work you produced \$1,068 worth at a cost of \$752, leaving you a net income of \$316.

That farmer who did all the work to let us eat better at lowest cost of any people on earth put in a lot of long, hot dusty days during the summer, and some cold, windy, muddy days in winter to produce the abundance of wholesome food we enjoy. He took the best of his produce to the market place. Some of the processors, wholesalers, retailers and haulers got more of the price you paid than he did.

While this American farmer was operating your farm, he terraced the rolling land, planted crops on the contour, irrigated and reused water on the level land. He strip-cropped some of the fields to prevent erosion so that your streams run clear; planted shelter belts around the farmstead where birds and small game find food and shelter. He let you hunt on the land, fish in the farm pond and the stream running through the woodland. And at the same time, he kept the buildings, fences and farm roads in good repair, doing his part to keep America beautiful.

FARM NOT HIS ONLY INTEREST
Along with all this he serves on your school board, is an elder in your church, a board member of your Farmers Coop, Grange or Farm Bureau. He serves as a REAP Community or County Committee member, belongs to a cattle breeders association, and may be a Soil Conservation District director. Every other year he may be an election official, may be Republican, Democrat or Independent.

He grants an easement for your road, utility lines and flood control dam, drainage or irrigation canal. He looks after your country cabin, hunting or fishing camp or your land while you work at another job.

He goes to sleep at night worried about the rain he needs or the gully-washer he got, the hog price, grain market, and farm out-look. He gets up 2 hours before you do, puts his pants on one leg at a time, like you do, and at times has worked 3 hours before you get to your job and may work 3 hours after your quitting time.

Next time you meet Mr. American Farmer on the street of your town, salute him for a job well done. Remember that as he prospers, so will you. Hope and pray that he continues to do well with your 27 1/2 acres, because your good health, wealth and well-being come from the sweat of his brow and the labor of his hands applied to the land that sustains us all.

Cadette Girl Scout Troop Holds Installation Ceremony

An informal and impressive installation and court of awards ceremony was conducted last Wednesday in the regular meeting of Cadette Girl Scout Troop 283. New patrol officers were elected at the first meeting of the new semester, the ceremony was planned by the troop at the following meeting. Mothers were invited to attend the ceremony.

Mrs. Carl Armstrong began the meeting with a welcome and an explanation for the installation. A flag ceremony was presented by the Smile Patrol, including Tammy Tyer, Elizabeth Farris, Ellen Bradley, Renee Grimes, Cheryl Bearden and Elisa Garrett. Outgoing patrol officers installed the new officers in order, beginning with the Patrol Leaders. Each new officer was presented with a symbol of her office, and her duties were explained to her by the girls. At the close of the installation, the troop was led in the girl scout promise by BraVada Garrett, ninth-grade Cadette. A new Service-Awareness committee was named and presented by Mrs. Dewie Parson, composed of one girl from each patrol—Nanette Burk, Kelli Sue Parson, and Belinda Covington. These girls will report any area of service in which the troop may participate.

Mrs. J. A. Welch talked to the troop about badges which have been earned and will be received shortly. These include badges in Good Groom-

ing, Chef, Rock and Mineral, Child Care, Horsewoman, Photography, Swimmer, Hiker, Explorer, Games Leader, Conservation, World Understanding, Interior Decoration which eighth and ninth grade Cadettes are finishing. In addition to the requirements for study on the badge, each girl is required to do a service upon completing the badge.

The meeting was closed with a charge to service by Mrs. Kinder Farris, and the friendship circle by Tammy Tyer.

Refreshments were served to the troop and all visitors. Julie Poage and Connie Welch were in charge of table decoration for the occasion, which included an arrangement of yellow roses, a green candle in a ring of yellow, and yellow napkins on a table laid with a white cloth. Kelli Sue Parson had made the refreshments and served the Lime-Sprite punch, cheese-spread crackers and cookies to the guests.

There are 22 members of the Cadette Girl Scout troop, which includes girls in the seventh, eighth, and ninth grades. Five adult leaders are registered with Troop 283.

Auxiliary To Meet. Needs New Members

Members of the Caprock Hospital Auxiliary are having a called meeting Monday, February 7, at which time additional plans will be made on a new project they have undertaken, landscaping the grounds in front of the hospital. Help is needed with this project, so they are urging women of the community to meet with them and help in any way possible. New members are needed and present ones implore you to join and enjoy the assistance you can give the Auxiliary, the hospital and those in need. A new president will also be named at the called meeting.

During the past year the Auxiliary has had a bake and rummage sale, and with the help of donations from individuals, have purchased six cotton blankets for the emergency supply in the hospital; two tea containers for the nurses station and gave a reception for the new physician, Dr. and Mrs. Noble Ballard.

Their main project was to raise funds for a new Bennett respirator for the hospital, which the Auxiliary members did with the help of donations from friends. They would like to thank the people who made this possible.

SOME, who are at the present or have been suffering from flu, remembers when the siege hit Floyd County in January and February of 1960. If I remember correctly it hit Lockney residents first, which became an epidemic, then moved on into the Floydada area. It was nothing to take lightly then and certainly isn't now.

NOTICE of postponement of a third class postage rate increase originally scheduled to go into effect last week, was received by the Floydada Post Office. The increase was postponed indefinitely in compliance with a ruling of a US District Judge. Third-class rates will be held where they have been since May 16, 1971. The decision is on appeal with the U. S. Court of Appeals for the District of Columbia Circuit.

In the past, Texans who did not have a poll tax receipt or a voters registration certificate by Jan. 31 were out of luck when it came to voting. Not so this year. Under the state's new voter registration law, residents can register up to 31 days prior to "ANY" election. For example, registration for the May 6 party primaries is open until April 5. In order to vote in the Nov. 7 general election, a person must register by Oct. 7. The same is true in various local elections. 3850 persons in Floyd County had registered to vote as of Monday night and the clerks said they were too busy to open mail for the past few days but felt the voter registration number would go over the 4000 mark.

THE alertness of Texas designers to the return of old favorites of the feminine fashion scene is showing up in the spring fashions already gracing the windows of Floydada merchants. Consideration has also been given to the woman with courage and imagination to change her fashion mood. She may sport anchors on her short shorts one day, march in with military braid on her blazer the next, and float on a cloud of floral chiffon at night.

While on fashions, white patent oxfords herald a return to the gentlemanly days of shoes for spring. The gentlemanly days, in case you didn't know, "hark back to the days when the Prince of Wales sailed the world and the English University set sported the best in masculine fashion." Saddle shoes, also one look out of that era, for spring come in tri-color hues or neutral in brown

and beige. Some call 'em two-tone, and like the song, some are perforated.

DRAFT calls of area men have come to a standstill and those subject to the draft may not receive notices until March at the earliest.

No one will be considered for induction until a new set of directives are received from the national draft agency, explained Miss Bertha Clapp, secretary of Local Board No. 45 in Plainview.

Since the new draft law was passed in late 1971, local boards still have not received directives by which to operate. One directive is that boards must give inductees 30 days notice prior to induction. For that reason, if new rules are not received in February, no men could be inducted until March, 30 days later, Miss Clapp said.

That's a reprieve for some of you fellows and that's meddlins for me this week.

DOUBT very seriously if the groundhog saw his shadow in our area yesterday, so if legends hold true, spring is just around the corner. After he comes out of his winter's lodging and cannot see his shadow, the rodent decides he will remain out of his hole and wait around outside for spring to arrive. That's a little silly what with a temperature reading of 7 degrees last night. If he had spotted his shadow then he would have returned to his hole in the ground with thoughts of six more weeks of winter weather. Actually the dictionary does not read there will or will not be six more weeks of bad weather if the furry animal see his shadow or not, and there is no such animal on the South Plains unless you call a prairie dog a groundhog.

I am no meteorologist but I think we still be having freezing weather in March and even as far as Florida. That should really shake the groundhog up.

TRIBUTE TO BAND STUDENTS

Dear Mr. Tooley:
I would like to pay tribute to our Floydada Band students. Very seldom does news travel of the good things youngsters do, only the bad. I think Floyd County can be mighty proud of its young citizens, especially for their conduct and for their thoughtfulness shown adults.

I'm referring to a recent band trip to El Paso when I, as chaperone, became ill and was hospitalized there. The band students, each and everyone, showed as much concern for my well-being, as if they were my own children. I received a beautiful bouquet of flowers from them and after they reached home they started a love fund for me in order that I could fly home when I was dismissed from the hospital. Their nickels and dime-brought me home in 45 minutes which otherwise would have taken seven to eight hours of uncomfortable riding.

I have chaperoned these youngsters to out of town ball games and other out of town band functions the past few years and have the greatest respect for them all as I know they do for me.

Naturally, my association with them makes me more aware of their good deeds than most other youngsters, but I feel they are but some 55 of our one thousand Floydada youths who have been taught respect and courtesy for adults.

I'm sure that I am speaking for other band chaperones when I say "Floydada has the best bunch of band kids in the world and we are happy to be your chaperones."

Barnes Urges Trailer Law Revisions

Lt. Gov. Ben Barnes Friday called on Gov. Preston Smith to include revision of the portion of the "Rules of the Road" law involving trailers in legislation which can be considered by a special session of the Legislature due later this year.

Barnes said the bill - S.B. 183 - contained language "which apparently is working hardships on many thousands of Texans who pull trailers behind their vehicles."

The bill requires trailers over 3000 pounds to have brakes on all wheels which can be operated from the towing vehicle plus emergency brakes for the trailers.

"CYCLE"

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

FLOYDADA PASTOR ON COUNCIL - Dr. Floyd Alley, seated, pastor of First Baptist Church, Floydada, attended an organizational meeting of College on Monday (Jan. 24). The council has been formed to permit a broader path of communication between the college and the church. With Dr. Bradley are, from left, Gerald Tidwell, pastor of First Baptist Church, Silverton, and Rev. Robert Field, pastor of First Baptist Church, Halfway.

Floyd Bradley On Wayland Advisory Board

An organizational meeting for a Pastors' Advisory Council was held on the campus of Wayland Baptist College, Plainview, on Monday.

Presiding over the premiere meeting was Rev. Eugene Hawkins, pastor of First Baptist Church, Seminole. Those attending represented a wide area and included Rev. Claude Cone, pastor of Calvary Baptist Church, Lubbock; Dr. Floyd C. Bradley, pastor of First Baptist Church, Floydada; Rev. Pat Cummins, pastor of First Baptist Church, Brownfield, and Rev. Douglas DuBose, pastor of First Baptist Church, Muleshoe.

Others were Rev. Murry Brewer, pastor of First Baptist Church, Abertathy, Rev. Gerald Tidwell, pastor of First Baptist Church, Tulia; Rev. Larry Heard, pastor of First Baptist Church, Silverton, and Rev. Robert Field, pastor of First Baptist Church, Halfway.

The Advisory Board has been instituted for three main reasons, according to Dr. Roy C. McClung, president of the college. First, since Wayland is an affiliate of the Baptist General Convention of Texas, it is felt that the direct relationship of the churches of the area needs to be strengthened with a greater pattern of communication between the institution and the pastor.

Dr. McClung, as president of Wayland, feels the necessity of such a board for his personal feedback, counsel and advice. The third reason for the organization is the profit which the pastors on the board can gain through contact with the denominational school of the area.

WHIRLWINDS' FORT FALLS, 87-56

Indians Go On Warpath

The Morton Indians walloped the Floydada Whirlwinds 87-56 Friday night in a second-round District 3-AA basketball contest.

The Indians made it look easy. "They could have kicked the ball and made it go in," joked Whirlwind coach Curt Chatham, who said the 'Winds played well against the loop leaders.

Morton led all the way — 16-12 after a quarter, 41-24 at the half, and 62-40 after three periods of play.

Charles Jackson's 19 points led the Whirlwind scoring. Langston Williams netted 14, and Mike Hale hit for 13. Hale pulled down 13 rebounds to pace Floydada in that department.

Elton Patton scored 23 points for Morton. Morton, winner of the first round of district play, looks to be the favorite to take the district crown, since a tie for the second-round lead would give the Indians the title. However, there were at least five district

games left on the slate for 3-AA clubs after district action Friday night saw Dimmitt even up its second-round record at 1-1 by beating Olton 86-50, Abernathy do likewise by besting Friona 69-65, and Lockney trip Littlefield 80-70.

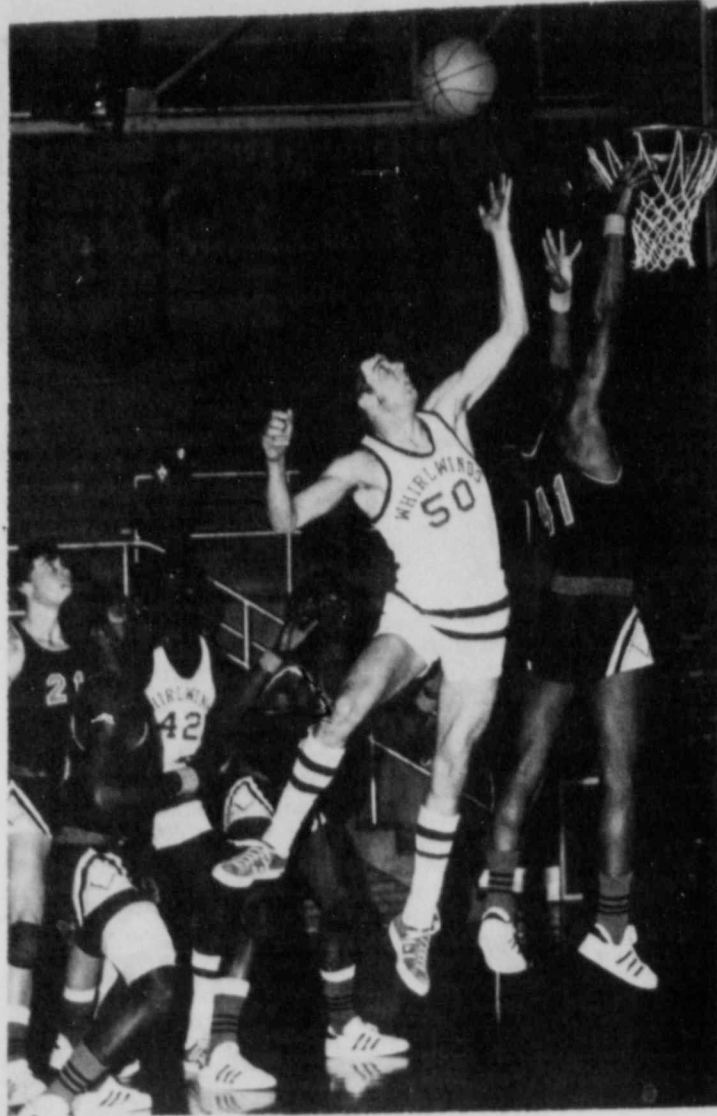

'WIND JVS LOSES
A fourth-quarter surge by the Morton JV resulted in a 73-62 victory for the visiting Indian B-team.

The Whirlwind JV led until that final period, 13-10 after one quarter, 25-24 at halftime,

and 44-41 at the end of the third.

Travis Johnson and Bubba Lewallen had 14 points apiece for Floydada. Larry Jackson scored 12 points and grabbed 10 rebounds, and Marc Smitherman had seven rebounds.

The 'Wind JV played a good game, coach Joe Paty said, shooting 45 percent from the floor and 67 percent from the free-throw line, but they were weakened by the flu and had two players to foul out.

Friona Avenges Loss To Whirllettes

In a showdown game to determine the second-round leadership and probably the district 3-AA championship, the Friona Squaws outlasted the Whirllettes 54-45. The game was played in Friona Tuesday night. The Whirllettes won the first-round game in Friona.

Friona led after the first quarter 17-14, at the half 30-22, and after three quarters 38-32. The Whirllettes scored first on a basket by Nancy Puckett, but the Squaws took the lead and never relinquished it. The Whirllettes closed to 30-26 in the third quarter and to 45-42 in the fourth.

Friona hit only one field goal more than the Whirllettes, but they hit 22 of 28 free-throws while the Floydada girls hit only 15 of 23, which included missing four one-and-one attempts.

The Whirllettes hit 15 of 38 field goal attempts for 40 percent, and the Squaws hit 16 of 44 for a 36 percent effort.

Janette Conwright led the Whirllettes in scoring with 24 points and Denice Chadwick followed with 17. Nancy Puckett added four points to the effort.

Sonja Curry pulled in seven rebounds and three steals, and Janette Conwright had six rebounds for the defensive effort. Dianne Day, who scored only 15 points in the first game at Friona, had 37 points for Friona.

The Whirllettes are now 17-0 for the year and 6-3 in district play. Friona is 24-3 for the year and 7-1 in district.

Floydada plays Abernathy Friday night in their last game of the year. Abernathy defeated the Whirllettes in the first round, but the Floydada girls will be ready for this one. It will be the last game for the following seniors: Denice Chadwick, Debra Baird, Gaye Hammonds, Krista Simpson and Ann Winter.

A special feature of this game will be held at halftime. The Whirllette Basketball Beau for 1971-72 will be named and presented.

Whirllettes In Comeback

The Floydada Whirllettes spotted Tulia to a 22-15 half-time lead but came back to take a 47-42 non-district basketball victory Friday night.

Tulia beat the Floydada girls 38-36 in overtime in the Slaton Tournament in December. The Whirllettes hit only six of 24 field goal attempts in the first half but warmed up in the third quarter and made eight out of 14 tries.

The Floydada femmes led 33-32 going into the final period, but Tulia regained the lead and, early in the last frame, held a 38-33 advantage.

The Whirllettes' eight-of-nine free-throw shooting in the fourth quarter won the game, as Tulia outscored them by one field goal but committed too many fouls.

Janette Conwright poured in 22 points, 18 of them in the second half, to lead the Floydada scoring. Denice Chadwick added 15 points.

Miss Conwright grabbed seven rebounds and stole the ball six times, and Miss Chadwick hauled in six rebounds.

Cindy Moore had six rebounds, and Sonja Curry got five rebounds and seven steals to pace the Whirllette guards.

TULIA JV WINS
Tulia won the JV game 57-27. They led 16-1 at the end

of the first quarter. A freshman scored 13 points.

Vanda Carter bounds and a gwynne Giles steal for Floydada.

WHIRLETTES' LAST GAME... Whirllettes will play their last game Green and White Friday night, Feb. 10, at the Palace Theatre. Not pictured is Gaye Hammonds.

Thinks New Rule Allowing You To Cut Off Others' Phone Good

Editor's note: The Floyd Philosopher on his Johnson grass farm says he has discovered a new law.

Dear Editor:
As I understand it, the way civilization works is, first you invent something to make life easier, like the automobile, then you wonder what to do with it when it becomes the unbearable nuisance anybody who was ever caught in a traffic jam will tell you it is.

Or take the telephone. The telephone is a fine thing when you need to use it, but it can ring at some of the worst times.

Therefore I was pleased to read in a newspaper paper last night right after my phone rang and it was a wrong number that a man in Maine is asking the Federal Communications Commission to cut off the phone service of a credit company that has been hounding him.

I didn't know this, but a new rule allows the Commission to disconnect a loan company's phone if it uses interstate telephone lines for

harassment.

This is a splendid idea and there must be millions of parents of teen-age children who'll be looking into this law as soon as they find out about it.

But the law ought to be expanded. For example, why couldn't it cover the mail too?

Say the tax collector is hounding you with delinquent tax notices. Why shouldn't a man have the right to ask the Federal Communications Commission to stop him from using the mail? I don't know of anything more harassing than a tax notice.

Getting mail is one of the pleasures of life if the letter is from somebody you're interested in or has a check in it, but using the mail or the telephone to harass somebody just because he owes you, that's carrying civilization too far and ought to be stopped just as soon as I wind up collecting the few bills people owe me.

Yours faithfully,
J.A.

'Winds 75, Friona 60

The Whirlwinds slapped District 3-AA foe Friona with a 75-60 basketball loss Tuesday night in a game played on the Chieftains' home court.

Langston Williams' 20 points topped the well-balanced Floydada scoring. Charles Jackson connected for 17 points, and Mark Vinson contributed 13 points, including a perfect six-for-six field-goal effort.

The 'Winds as a team averaged 53 percent on a hot-shooting night.

Floydada led 16-7 at the end of the first quarter and held a 43-22 halftime bulge. It was 61-40 starting the final period.

FRIONA WINS JV GAME
Friona topped Floydada in the junior varsity encounter, 60-52.

Ralph Wayne Will Not Seek Re-Election

Representative Ralph Wayne of Plainview announced today that he will not be a candidate for reelection to the Texas House in the Democratic Primary May 6.

"As many of my friends know, the pressures of personal business have been increasing recently, and it is for that reason that I must regretfully decline to seek reelection," stated Wayne.

He further said, "I am making my plans known early enough so that the voters will have ample opportunity to properly evaluate and select the best candidate, whoever their choice might be, in the upcoming election."

Wayne has served in the Legislature from the 78th District for eight years and has been a member of nearly all of the most important legislative committees during his tenure.

He will serve out the remainder of his current term and continue to represent the 78th District during the special session of the Legislature which will come sometime later this year.

"This was a difficult decision for Sue and me to make," Wayne commented. "We will never forget the wonderful kindness with which we have been treated through the years we have been privileged to serve in Austin."

He continued "serving the voters of the 78th District has been one of the most gratifying and inspiring things which has ever happened to me." Counties in the 78th District include Hale, Swisher and Floyd.

CHOOSING GROUND BEEF

Have you ever gone to the supermarket and found yourself confused by the many different names of ground beef products? Or maybe you have wondered why hamburger has so many different names. Perhaps the following information I have recently received will help answer these questions.

Each name on the label of a package of ground meat has a distinct and different meaning. Knowing the right meat to buy for the dish you plan to serve will save you aggravation and money. It will also result in more delicious and satisfying family meals.

For example, hamburger can contain up to 30 percent fat. (This may include the addition of beef fat over and above the fat which is attached to the meat being ground). Extenders such as non-fat dry milk, soybean products, cereals and water may not be used if the

product is labeled as hamburger.

Although ground beef may also contain up to 30 percent fat, it will frequently contain less than this amount of fat. This is because only the fat which is on the beef being ground may be used for ground beef. Because of the higher fat content hamburger may tend to shrink more in cooking than ground beef.

Both hamburger and ground beef are made from boneless chunks of less tender beef, along with less popular cuts such as neck meat, flank shank and trimmings from boned roast. While hamburger or ground may be used as meat patties, they're best when served in combination with other items such as meat loaves, casserole, meat sauces or Mexican dishes. Ground chuck is meat that comes from animals shoulder. Chuck is a more popular cut of meat than cuts used in hamburger or

ground beef. This is why it is usually more expensive. It also contains less fat than hamburger or ground beef (15 to 25 percent) fat and so it shrinks less in cooking. For this reason, it is especially good for use in ground meat patties. Ground round is simply round steak that has been ground. Ground round contains

less fat than hamburger - it may not be desirable for use in patties, but those on low-fat diets might find the ground round a wise choice. Ground round is usually the best used with other ingredients that add moisture. For example, meat loaves, casseroles and meat sauces are good uses for ground round.

What To Do With Today

In one place or another, in one way or another, we must all "serve" at this terrific moment of human history we call "today." We all have our work to do, our witness to bear, our post to hold, For this reason we should be glad to be alive in this mighty age: "All of which we see and part of which we are,"

What to do with today? Be glad that we are alive! Wallace Speers has listed some suggestions as to what to do with today. "Have faith in God, in man, in yourself, Have faith in the ultimate victory of right over wrong. Have faith in our leaders and in God's ability to use them for his purpose. Be an island of calm confidence in a world of turmoil, not blind wishful thinking, but belief in the power for right of a God who cares."

"Be friendly to everyone you meet. Throw a pebble of kindness into the pool of human relations to help overcome hatred, Pray repeatedly, realizing that you are using an overwhelming power for good. Practice the exclusion of doubt and fear from the mind. Develop the consciousness that there is a constructive answer no matter how depressing events may seem."

"Look upon yourself as a child of God, made in his image. Then love your neighbor as yourself."

Mr. and Mrs. Raymond Up- ton went to Hereford Sunday to visit members of the Solomon family. Raymond's nephew's wife, Mrs. Ruby Frances Sol- omon, 52, of Hereford passed away Friday in the Deaf Smith General Hospital in Hereford. She was taken there Tuesday with the flu, and contracted pneumonia. Services are to be held this Monday in the First United Methodist Church with burial in Restlawn Memorial Park Cemetery in Hereford. We offer our sympathy to the family. The family had lost a son in the Armed Services some six months ago.

Mr. and Mrs. Grigsby Milton and Darla returned Sunday afternoon from Abilene where they had spent the weekend, having flown there in the Milton plane Friday.

Mr. and Mrs. Fred Marble's home in South Plains is progressing with the electricity in, and roof tarred this past week.

Garvin Beedy and Sylvan Kinn- ibrugh are in Dallas and will be there until Wednesday buy- ing cattle.

Mrs. Sylvan Kinnibrugh went with relatives Sunday afternoon to Truscott where she is spend- ing this week with her mother, Mrs. J. R. Spivey, who is ill, and requires constant atten- tion. They have brought her home from the hospital and she is doing as well as possible. The daughters are taking week- ly turns staying with their mother.

Mr. and Mrs. Harold Hamm and Arlaine went to Amarillo this past Sunday to visit with her sister, Mr. and Mrs. J. V. Nelson. Nelson has been in the hospital, but is home and doing well at this time. Mrs. Hamm returned home from Tyler Thursday after visiting her daughter, Mrs. Mickey Mead and husband.

Neighbors will be shocked to know that the young woman who worked at the Toddle Inn in Lubbock who was found mur- dered some few weeks back, up- near Amarillo, was the niece of Mrs. Tom Respondek, who for- merly lived in our vicinity, but now resides in Slaton. We are sorry to learn of these facts.

L. N. Johnson was taken to the Lockney Hospital Friday suffering with flu, and he has pneumonia at this time. How- ever, he is better this Monday afternoon.

Carpenters have been re- building and painting the home of Mr. and Mrs. Kendis Julian the past two weeks.

Mr. and Mrs. Curtis San- ders, Shawnda and Brian have moved to Floydada and will be living there for the next two or three months while their new home on the Silverton Highway is being built.

E. J. Kinslow arrived home the first part of last week from the Methodist Hospital, and is getting along well at his home.

Mr. and Mrs. Frank McClure went to Plainview Thursday to help celebrate the birthday of their granddaughter, Donna. Mrs. Jean McClure has had the flu, and been out of the class room for several days, but was able to go back to her teaching Thursday.

Mrs. Sylvan Kinnibrugh and her granddaughter, Melissa Horne of Plainview, arrived home last Wednesday from Truscott where they had gone to see about Sylvan's mother, Mrs. J. A. Kinnibrugh, who lies ill in the Seymour Hospital, and Bobbie's mother, Mrs. J. R. Spivey at Truscott.

Mrs. Arby Mulder is very ill at her home this Monday with flu. Arby, who has undergone surgery, is doing fine, and had the stitches taken from his lip Saturday.

It has been eighteen degrees two or three mornings lately, and this Monday morning it is eighteen degrees again, and cold. We are promised more falling weather, but have had no moisture, only heavy ice last Thursday morning, as every- thing was covered with a freez- ing mass until afternoon.

Mrs. Jerry Taylor was able to go home from the Floydada hospital Wednesday afternoon, and is doing well at this time. She is the daughter of Mr. and Mrs. Arby Mulder. They kept the little girls, and his folks the little boys, while she was in the hospital.

Mr. and Mrs. Don Marble left this weekend for the National Cotton Council 34th annual meeting which is being held in New Orleans, La from Jan. 31 - Feb. 1. Besides attending the meetings, many interesting meetings and places will be visit- ed.

Rev. and Mrs. Troy Cartmill enrolled for spring semester work at the Wayland Baptist College in Plainview this past Tuesday morning, Jan. 25.

Mr. and Mrs. W. B. Blalock of Clovis, N.M., arrived Mon- day to visit until Wednesday with their granddaughter, Mr. and Mrs. Nathan Mulder and children. The Blalocks have been on a prolonged visit to California and Arizona.

Douglas Bradford of Dumas was home over Saturday night with his parents, Mr. and Mrs. Melvin Myers and Larry, and spent Sunday in Silverton with Genetta Younger and family.

Mr. and Mrs. George Weast went to Seymour Sunday and

came home this Monday. They visited with old friends, Mr. and Mrs. Martin, who at one time lived in South Plains.

Moore On WT Honor Roll

CANYON - Terry M. Moore, son of Mr. and Mrs. Thomas E. Moore, is among the 245 stu- dents listed on the fall semes- ter Honor Roll at West Texas State University. Terry, a freshman agricul- ture major, made a 2.5 grade

point average. To qualify for the Honor Roll a student must maintain at least a 2.5 on a 3.0 basis and must carry a minimum of 15 semes- ter hours.

FLOYD DATA Mr. and Mrs. C. M. Lyles and E. B. Chesnut were in Shamrock Sunday where they attended the 14th County Sing- ing Convention.

Two From Floydada Receive Degrees From Texas Tech

A total of 888 students in the six colleges at Texas Tech Uni- versity, Lubbock, received bachelor's degrees at the con- clusion of the fall semester. Bachelor's degree recipi- ents from Floydada included Kathryn Louise Kendrick of Rt.

2, a zoology major, and Tomi Beth Dycus Covington of Rt. 1, an elementary education ma- jor. The College of Business Ad- ministration graduated 273 students; Arts and Sciences, 205; Education, 130; Agricul-

tural sciences, 109. Engineer- ing, 4, and Home Economics, 77. Fall enrollment at Texas Tech in the six colleges and Graduate School and School of Law totaled more than 21,000. No commencement exerci- se are conducted for fall grad- uates, but students completing requirements for graduation in the fall are invited to partici- pate in the spring commence- ment ceremonies May 13.

FLOYD DATA

"After rain there is always sunshine", at least C. L. Berry thinks so. Just received a letter from Mrs. Mary Morris of Houston, that her daughter, Cynthia Lou Berry had enrolled in State University at Austin. Cynthia graduated at mid-term, at Houston, gained a semester. She is the only daughter of the late C. L. Berry, Jr.

The same day, a message came from Mrs. Tubal Cain, of Elsinore, Calif. that her second son, Calvin Cain had received first chair in State band of California, the third time in a row. His father is Band Master at Elsinore High School. Both the youngsters were present in Floydada for the Berry funeral the 21st of last month.

FLOYD DATA

Mrs. Lewis Jones remains in a fair condition in Seymour Hospital Authority in Seymour where she underwent surgery some three weeks ago. Mrs. Jones is in Room 13.

Feeder Pig Tour Announced

The Agriculture and Livestock Industry Committees of the Lubbock Chamber of Commerce will sponsor a Feeder Pig Tour February 22-25. Reservations are being taken by the Agriculture Department of the Lubbock Chamber of Commerce at Box 561, Lubbock.

Walt Olivo, chairman of the Agriculture Committee stated, "The group will leave Lubbock

Regional Airport Tuesday morning, February 22 and fly to Springfield, Missouri, to begin the tour." After lunching in Springfield the group will visit two feeder pig producers in route to Lebanon, Missouri. The group will then observe grading and sorting procedures prior to the feeder pig sale. They will breakfast Wednesday morning with local authorities on feeder pig production before attending the auction.

"After the sale the group will travel to West Plains, Missouri, for a panel discussion conducted by area producers, truck line representatives, veterinarians, bankers and other local individuals," explained John Key, chairman of the Livestock Industry Committee. Pig sales reach the 175,000 head mark in this yearly West Plains sale.

The group will visit the Missouri Farmers' Association Tel-O-Auction station at Imboden, Arkansas. This sale is conducted through the use of telephones connecting all three stations and bidders. At noon the group will visit the Pochontas, Arkansas, feeder pig auction to observe grading and auction proceedings. Tuesday night the group will have a free evening in Memphis, Tennessee, before attending a special slide presentation Friday morning. The presentation explains exactly what happens to a feeder pig from the time he leaves the farm through the auction. Friday afternoon the group will return to Lubbock Regional Airport to conclude the four-day tour.

Carter Snodgrass, Agriculture Development Consultant for Southwestern Public Service Company in Lubbock, explained that the cost of the tour will be \$200 and that the maximum number of seats available will be limited to 80. Snodgrass has worked on tour arrangements during a recent trip to Missouri, Arkansas and Tennessee.

Bob Hand of the Chamber of Commerce Agriculture Department stated that several persons had already sent their checks and encouraged persons interested to make their reservations as soon as possible. It is hoped that this tour will give area bankers, businessmen and producers a chance to see first-hand what is entailed in

Life Holds a Little More Because of Electricity

A Salute to National Electrical Week, and a pledge to try to make life better and brighter.

And it's right at the tip of your fingers -- with an unobtrusive light plug, a small switch to flick. That's what starts industries humming and farms producing. That's what floods homes and buildings with brilliance. There also are a lot of little -- but important -- things that get going this way, too. The toaster toasts. The family laundry comes up sparkling. TV presents entertainment and information. Newspapers record instant history. Oh, yes. Life is a whole lot better because of electricity. We're looking forward to making it even more exciting and satisfying -- starting now.

Floydada Coaches Will Attend Meet

Floydada coaches L. G. Wilson, Bill Grissom, Joe Paty, David Thompson, Curt Chatham, Don Rainer and Danny Clark will attend the Region I Coaches Meeting Saturday (February 5) in Lubbock.

The standard deduction is up this year. But maybe you should itemize

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars. Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

And Frank down at the office ... he helps everybody with their return ... what did Frank recommend?

If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you.

You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn

things about your income tax that you never knew existed. Things that can reduce your income tax returns and increase your business.

H & R Block's fees start at \$50. The average cost was under \$50 for over 7 million families last year.

Furthermore, H & R Block return is audited. It's an extra cost, to the Internal Revenue Service, and explain how your return was prepared even though we act as your legal representative.

It means that H & R Block also offers you a "round tax service" for a low fee, with no extra charges and estimates.

Yes, it's true. The standard deduction is up this year. It's one of the many things we'll explain when we do your return.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block. The income tax people.
