

The Floyd County Hesperian

Volume 77 Floydada, Floyd County, Texas 79235 Sunday, September 10, 1972 12 Pages In One Section 10¢ Copy Number 38

DO YOU BELIEVE GOLD FISH IN THE COTTON PATCH?... Junior Fred gold fish swimming out of the cotton patch of the Harvey week and Harvy is pictured above with some of the fish. He received some eight inches of rain the last two weeks. His boat is located 1 1/2 miles south of McCoy, just north of catfish... and fish draw. (Staff Photo)

Floyd County Co-Op Gin, Inc. Stockholders Meeting

The meeting will feature a financial report and a film about new ideas in cotton harvesting - stacking cotton in turnrows and the storage of seed cotton in the field, moves to prolong the ginning season and reduce ginners' overloads at peak harvest times.

PARADE FLOATS NEEDED!

There is a desperate need for floats from Floydada for the Floyd County parade. Please make an extra effort to have a float in this parade. For information call Mrs. Jenna Sue 652-3355 or 652-2521; or Pat Thorn 2627.

FLOYD COUNTY FAIR SCHEDULE

- September 14, 1972
 - Classes must be made on this date ... department deadline in each department.
 - 10 a.m. Judging of Community Exhibits.
 - 11 a.m. Judging in Women's Division.

 - 12 p.m. Beef Steer Judging
 - 1 p.m. Miss Floyd County Queen Contest Preliminaries
 - 2 p.m. Queen Contest Finals

Caprock Chat

BY WENDELL TOOLEY

GETTING around town Friday morning, noticed R. L. standing by a big hole in the wall at White's Auto. I thought his wife might have thrown him through it. He was knocking the hole in the wall in order to coming just east into one big store. This will enable him to move more carpet, furniture and appliances.

Marshal James Isbell was alerted on the police check for a 1972 black Ford coming through town, and the car coming down the highway, stopped it and arrested the driver. He asked for his drivers license, checked it and told the driver "Sir, I think you left your wife at home and she is wrong" the driver said. She is right here in the car sleeping" and he turned and pointed to the seat. The wife was not there. The man was really across country they were alternating between sleeping. He had stopped at Guthrie to get gas. He did not know his wife had gone to the rest room. He was in business and drove off.

Wondering what the conversation was when he got out. (RALLS BANNER)

COACHES' COMMENTS

Whirlwind head coach L. G. Wilson said Saturday morning that tackle Terry Bunch led the 'Winds defensively with 19 assisted and 2 unassisted tackles against Crosbyton. Wilson said Steve Hale and Mike Hale did a good job for the Floydada defense at their end positions, and corner linebackers Gary Sanders and Jay Jones did a good job keeping the Chiefs turned in.

"We're going to have to work on our passing game," Wilson said -- the 'Winds went 0-for-6 passing Friday night. But all but two of the Whirlwind passes came when the Crosbyton defense was expecting attempts and receivers were well-covered.

Fullback Jerry Hearon paced the Whirlwind rushers with three touchdowns and 127 yards on 12 carries. Mark Vinson scored twice and picked up 111 yards on 17 carries. Rex Rose added 49 steps on 10 tries. Quarterbacks Mike Hale and John Cagle gained 44 yards apiece rushing, Hale with 11 attempts and Cagle with seven.

STATISTICS		
	F	C

Whirlwinds Defeat Crosbyton Chiefs 32-6

The Floydada Whirlwinds breezed into the Crosbyton stadium Friday night and came home with a 32-6 victory over the A Chiefs.

While the 'Winds were winning, the football fans were fighting a losing battle with mosquitoes from a nearby lake.

It was the season non-conference opener for both teams and the stadium was running over with fans.

Jerry Hearon and Mark Vinson dominated the 'Wind TD excitement. Hearon made pay dirt in the first, third and fourth quarters for 18 of the points. Vinson scored in the second and fourth quarters for 12 points and ran over two extra points in the third quarter for a total of 14 points.

The only completed pass of the game came when Chief quarterback Buddy Brown passed to end Roger Freeman, good for the Chiefs' only TD.

The Whirlwinds were unable to complete a pass, but didn't attempt many as they were able to make good yardage on the ground.

Both Floydada quarterbacks saw plenty of action, Mike Hale at the helm first half and John Cagle in the second half. Cagle also served as running back.

MARK VINSON picks up good yardage for the Whirlwinds before being hauled down at the Crosbyton 28-yard line in a second-quarter play. (Staff Photo by Jim Huggins)

FIRST QUARTER

The Whirlwinds won the toss and Jerry Hearon returned the Chief kick-off to the 42 from the 15.

Quarterback Mike Hale picked up a first down around end, then halfback Mark Vinson rambled for 15 and another first down.

Hale made another eight and the third first down as the 'Winds headed for paydirt. Then it was Vinson with eight yards, Hale with three and the fourth first down. Then Hearon took off through the middle, making good hardage, fumbled the ball, and Rance Young recovered on the Crosbyton three yard line. Hearon took the ball over for the first 'Wind TD from the three yard line with 9 minutes left in the first quarter.

A high snap caused Young to change action from kicking extra point to running and he didn't make it. It was Floydada ahead 6-0.

The Chiefs took the 'Wind kick-off, made one first down, kicked a short punt and the 'Winds had the ball again on the 48 yard line. Rex Rose, Hale, Hearon and Vinson brought the ball down to the Chief's 12 yard line, but a 15 yard penalty moved it back away from the goal area.

At the end of the quarter the ball went over to Crosbyton on downs at the 13 yard line.

SECOND QUARTER

Crosbyton couldn't go as a strong Whirlwind defense held them yardless. A short Chief punt gave the 'Winds the ball again on the 40 yard line. Vinson, Hearon, Hale, and Rose brought the ball down to the 14 yard line, then Crosbyton took over. The Chiefs had the ball one play, fumbled and Hale recovered the fumble.

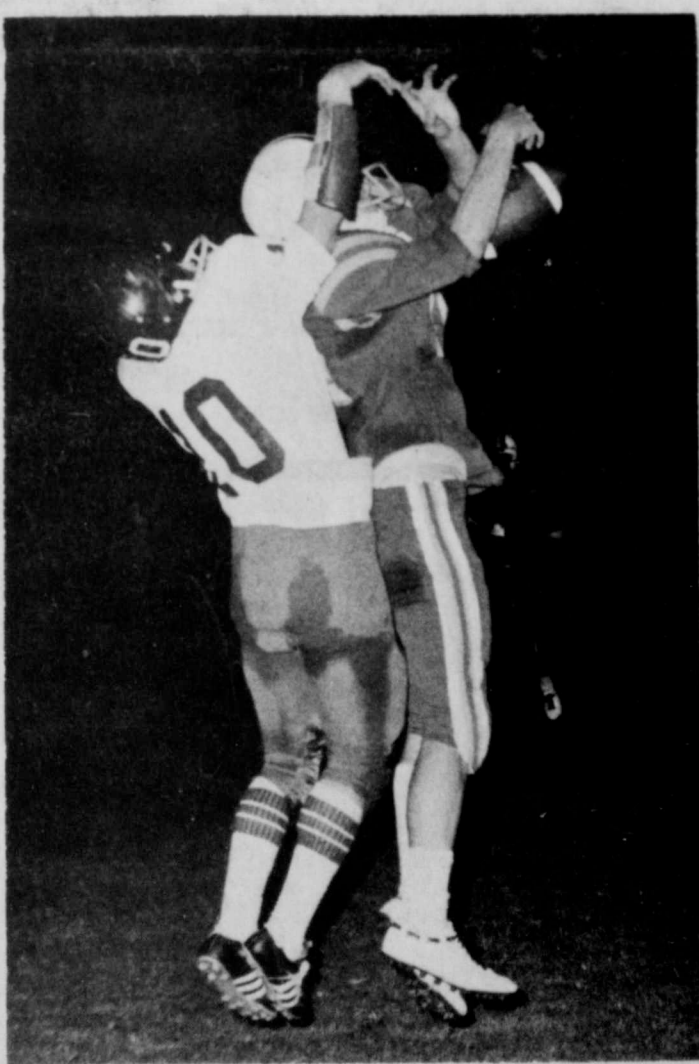

Vinson crashed through the middle of the line to the five yard line, then on the next play plunged over for the second 'Wind TD from the five. The clock showed 9:13 left in the quarter and the score was Floydada 12, Crosbyton 0. Vinson lacked about a foot making the extra two points on a center smash.

After the Floydada kickoff Crosbyton managed to make one first down, and Floydada took over on the 20 yard line. No appreciable gain was made by either team as time ran out and Floydada tried a couple of incomplete passes just before the half.

THIRD QUARTER

Crosbyton took the opening kick-off and promptly made two first downs. Quarterback Buddy Brown and fullback Brady Wheeler making the gains. Tony Goen crashed through and set the Chiefs' Brown back four yards, and the ball went over on downs.

Rose, Hearon, Vinson and Cagle took the ball down to the Chief's 34, then Hearon took off on a beautiful 34 yard run for the third 'Wind TD and Floydada was leading 18-0

RANCE YOUNG (No. 10) was the intended receiver of this Mike Hale pass, which fell incomplete near the goal line on the last play of the first half. (Staff Photo by Jim Huggins)

they passed on first play and the 'Winds and that was about all Cagle intercepted for the the action as time ran out.

HIGH IN THE AIR goes a Crosbyton defenseman, too late to catch the Whirlwinds' Mark Vinson, who is goal-ward bound, for Floydada's fourth TD of the game. (Staff Photo by Jim Huggins)

Cotton Forecast Up 3,000 Bales

The new estimation is a 3,000 increase from the August 1 report of 90,000 bales.

The increase is based upon rainfall last month that has boosted dryland production. Of course there is a possibility that some irrigated areas of the county may be hurting due to the big rainfall of the past two weeks.

The Lubbock Cotton Exchange and Plains Cotton Growers have announced a new estimate of cotton production for the South Plains that predicts Floyd County will make 93,000 bales this Fall.

County-by-county cotton estimates for September, in 480-

pound net-weight bales, compared with the August predictions, and new tabulations on standing acres include:

COUNTY	ACRES	AUG. 1	SEPT. 1
Bailey	80,000	20,000	20,000
Borden	12,000	12,000	14,000
Briscoe	25,000	20,000	18,000
Castro	25,000	20,000	20,000
Cochran	81,500	20,000	19,000
Crosby	125,000	125,000	140,000
Dawson	230,000	170,000	200,000
Deaf Smith	1,500	3,000	3,000
Dickens	18,000	20,000	20,000
Floyd	108,000	50,000	50,000
Gaines	220,000	175,000	180,000
Garza	72,000	21,000	25,000
Hale	135,000	120,000	120,000
Hockley	175,000	175,000	160,000
Howard	65,000	40,000	40,000
Lamb	141,000	100,000	100,000
Lubbock	227,000	225,000	210,000

Motley	25,000	15,000	14,000
Parmer	72,000	21,000	21,000
Swisher	45,000	35,000	40,000
Terry	175,000	125,000	125,000
Total	2,494,500	1,917,000	1,983,000

SENATOR TO RUSH REDEVELOPMENT GRANT

WASHINGTON, D.C. - Senator Lloyd Bentsen acted today to expedite Federal assistance to 18 Texas counties that experienced decreases in both population and employment during the 1960's.

"Because of the decreases," Bentsen explained, "these counties are eligible to be designated as 'redevelopment areas' which would entitle them to receive grants, loans and loan guarantees under the Public Works and Economic Development Act."

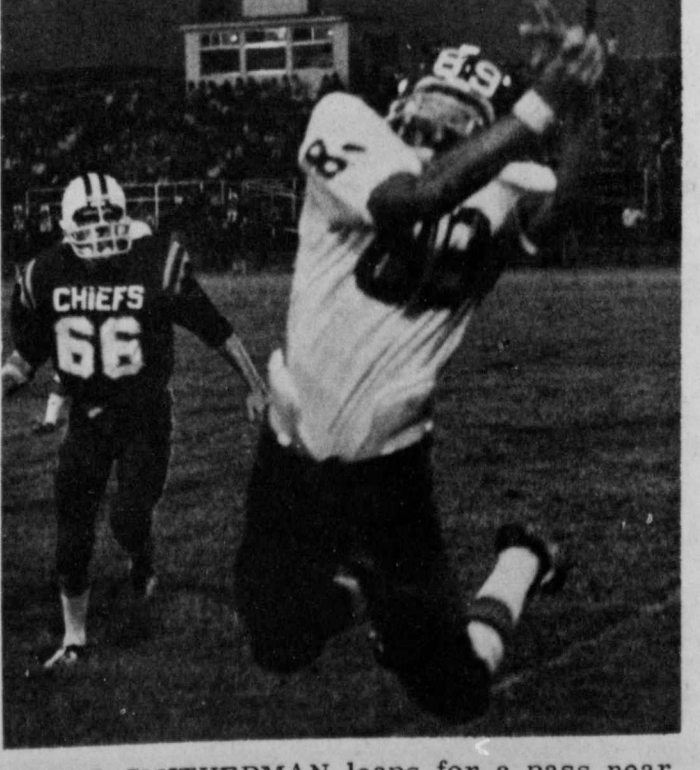

"I am working to speed up the process."

Counties affected in Texas are Armstrong, Bailey, Coch-

ran, Dawson, Edwards, Fisher, Floyd, Foard, Hansford, Hudspeth, Lipscomb, Lynn, Menard, Motley, Presidio, Reeves, Stephens and Terrell.

Senator Bentsen has contacted directors of the State Planning Regions in which each of these counties are located, asking them to coordinate efforts to obtain 'redevelopment area' designation.

"I have asked the individual Planning Region directors to arrange meetings between county officials and representatives of the federal government's Economic Development Administration," Bentsen

MARC SMITHERMAN leaps for a pass near the sidelines. (Staff Photo by Jim Huggins)

Second Sunday Singing

The regular Second Sunday Singing will meet as usual today (September 10) at the Church of the Nazarene in Floydada.

Everyone who likes good gospel singing is invited to attend.

MRS. DANNY DORCAS

Vows Read Sept. 1 For Miss Connie Rogers, Danny Dorcas

The First Assembly of God Church in Canyon was the setting for the double ring ceremony for Connie Rogers and Danny Dorcas. The Rev. A. J. Pettit, pastor of the church, read the ceremony. The bride is the daughter of Mr. and Mrs. Berl Rogers of Lockney and the bridegroom's parents are Mr. and Mrs. Max Smith of Lockney. For sentimental reasons the bride was escorted to the altar by her uncle, Kenneth Cole of Garden City, Kansas, and given in marriage by her parents.

The altar setting included twin wrought iron candelabra twined with pink and white carnations, and other flowers in paired baskets, with a background of greenery.

Mrs. Ronnie Rogers of Farwell, sister-in-law of the bride, was her matron of honor, and Ken Cooley, of Wichita Falls, was best man. Sisters of the bridegroom, Misses Robin Smith and Lana Smith were bridesmaids, with Charlie Carthel of Lockney, and Ronnie Rogers, brother of the bride as groomsmen. Brothers of the couple, Bob Smith and Randy Rogers, were ushers and candlelighters. Robin Carthel was flower girl and Kenneth Rogers, brother of the bride, was ring bearer.

Wedding music was by Mrs. Cassie Peppard at the organ and Frankie Buchanan sang "Love Me Truly" and "We've Only Just Begun."

Lace trimmed the bride's gown of white silk organza over peau-de-soie, forming the stand-up collar, and capping Bishop sleeves, which were gathered to lace cuffs. A lace panel down the center skimmed the skirt front and circled to back fullness, rounding into a chapel train. Her illusion veil extended over the train from the head piece of illusion petals sprinkled with sequins and seed pearls. Her bouquet consisted of baby breath pink roses, carried on a white Bible. She wore a single strand of pearls borrowed from the bridegroom's grandmother, and her grandmother's wedding ring was attached to her bouquet. She also wore the traditional blue garter, and a penny in her shoe bearing birth dates of the bride and groom.

Bridal attendants wore rose pink satin fashioned with short puff sleeves, and high waists, lined with lighter pink velveteen streamers, which fell down the skirt front to floor length. Their nosegay bouquets were of pink and white carnations.

A reception followed the wedding in the church parlor. Miss Becky Wesley of Canyon served a three-tiered cake, as Mrs. Gene Rogers of Amarillo ladled the punch. Mrs. Kenneth Cole, aunt of the bride, was at the guest register.

The bride's table was accented by pink carnations on a lace cloth. The groom's table covered with brown lace was centered with a chocolate cake and Misses Robin and Lana Smith served cake and coffee.

Leaving on a honeymoon trip to Red River, New Mexico, Mrs. Dorcas changed into a white dress with a pleated skirt, trimmed in blue braid. She wore her necklace, given her by the groom, and a corsage of miniature roses.

Dorcas is in the U.S. Navy and stationed in San Francisco, Calif., classified as Third Class, E-4. He still has overseas duties awaiting. Mrs. Dorcas will remain in Lockney until his return. Mrs. Dorcas graduated from Lockney High School in 1971, and is employed with the First National Bank.

Deadline Set For Entries In Art Show

The deadline has been set and all county artists are invited to participate in the Floyd County Fair Annual Art Show Sept. 14, 15, and 16. There will be competition for ages 3 and up, including teachers, in all media.

Deadline for entering children's art is Wednesday, Sept. 13 at 6 p.m. Adult art must be entered by 12 noon on Thursday, Sept. 14.

No article may be over three years old. All adult pictures must be framed and wired for hanging. (Children's art may be neatly matted with an attached string for hanging.)

All paintings must be picked up Saturday, Sept. 16 at 9 p.m.

Club Assembles For New Year

A re-assembly coffee was the opening meeting of the 1929 Study Club Thursday morning in the home of Mrs. S. W. Ross. Mrs. Sam Green was co-hostess and assisted Mrs. Ross in serving a lovely breakfast plate.

Mrs. J. A. Colston, first vice-president, presided in the absence of the president, Mrs. Q. D. Williams. Club collect was read in unison and led by Mrs. Vance Campbell. Minutes of the last meeting were given by Mrs. Ross.

Mrs. Cleo Goins, Mrs. Ross and possibly others plan to attend the workshop meeting in Lubbock October 23.

A report on the Satellite School at Lockney was given by Mrs. J. A. Arvine and the club voted to give a donation to the school.

Committees reported on the Floyd County Museum, Day Care Center, MAC and other projects and goals of the club, after which Mrs. Sam Green, chairman of the program committee, presented yearbooks.

The club's theme this year is "Purposeful Study of Our Changing World." Mrs. Green quoted lines from Tanner's Essays published 1917-1918, fifty years ago: 1. Born out of Time; 2. Too Much is Happening too Fast; 3. The World Has Grown Smart. 4. I Feel Like Letting Out a Loud Lamentation Over the Passing of the Past; 5. It's a Most Uncomfortable Human Process; 6. I'd Like It Better if the World Stayed Put.

She continued from Isaiah 40:8 - God's Word will stand forever - but the word comes to a world that's always changing, (like the grass withers)- the flower fades - yet we say we live in the most wonderful age of all time.

Mrs. Green asked, "Do we all feel now that we were 'born out of time,' and what we would have missed if the world had stayed put 55 years ago?"

Members present for the meeting were Mmes. J. A. Arvine, Vance Campbell, J.A. Colston, C. W. Denison, Clarence Goins, Sam Green, Clay Henry, Lee Rushing, Clement McDonald, C. M. Meredith and S. W. Ross.

FORGETS ANNIVERSARY
Gillingham, England-- Hoping to remind her husband of their 30th wedding anniversary, Mrs. Jock Cowie ran an ad in the paper congratulating him for marrying her 30 years ago. He forgot--and missed seeing the ad in the paper.

John--Where have you been all this time? Here I've been waiting for you like a fool for the past hour.
Marie--I'm sorry if I kept you waiting but I think you are unreasonable to blame me for how you waited.

22 Study Club To Re-Assemble

A coffee, for re-assembling of 1922 Study Club members for the new term, will be held in the J. M. Willson home Thursday afternoon, Sept. 21 at 3 o'clock.

Mrs. Willson has invited all former club members to meet with the group, and all present members are also encouraged to attend.

Mrs. Lon V. Smith will present the program based on her 50 years as a member of the club.

Officers presiding will be Mrs. J. H. Barnard, president; Mrs. P. W. Bell, 1st vice-president; Mrs. John Kimble, 2nd vice-president; Mrs. Kenneth Bain, recording secretary; Mrs. P. D. Helms, corresponding secretary; Mrs. W. O. Tye, treasurer; Mrs. Lon Smith, reporter; Mrs. Willson, parliamentarian; and Mrs. Ben Whitaker, Federation counselor.

Attends TSTA Meet

Mrs. Merle Brotherton of Lockney, was among delegates attending the meeting that was hosted by the District 17 President of TSTA in Lubbock last week. Mrs. Brotherton is the local Lockney TSTA president and is on the District Legislative Committee.

MORE WAC JOBS

Washington--The Army reports it will nearly double the size of the Women's Army Corps by 1978. WACs will receive almost any type of assignment except combat and there's a possibility they will wear pantsuits.

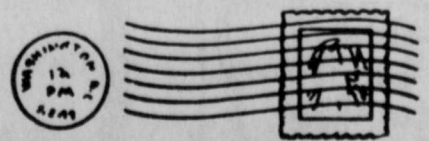

PROUD PAPA

Tampa--Determined to be present when his wife gave birth to their child, James Koski handcuffed himself to his wife. Police were summoned to remove the handcuffs but Koski was allowed to stand by and watch the delivery of his daughter.

Women's Army Corp is to be expanded.

Physicians disagree on euthanasia at hearing.

LOUISA'S LETTER

Dear Louisa,
I am a mother with teenage children and the ideas they have frighten me as to the survival of our country and its people. Where in the world have these boys and girls got the idea that they can decide to live without rules? They seem to think that anything they do is right, if it seems right to them. And then they persuade themselves that what they do is right.

We hear nothing but tolerance and appeasement from the judges, news media and parents. Don't you think it is time to go back to moral standards and respect for law, order and religion?
Mother--Vt.

Answer:

Nations have been destroyed from within when they became corrupt and morally decadent. But I hope the pendulum is beginning to swing back from this era of crime and other evils.

Many parents are responsible for their children's behavior but there are others who do the best they can but have their offspring influenced by bad associates or articles they read and X movies they see.

If you have done your best, by example and precept, to rear good children, they will probably turn out well although they may have a struggle to do this. Continue to let them know you love them although you disagree with their ideas.

SMILES

Hardly
He--My girl is a twin.
Him--How can you tell them apart?
He--Her brother walks different.

Modern Spouse
A--Do you know your wife is telling it around that you can't keep her in clothes?
B--That's nothing. I bought her a home and I can't keep her in that, either.

When
Waitress--Did you order this sundae, sir?
Customer--No, late Saturday afternoon, I think.

Eggs-actly
Did you hear the one about the rooster who discovered a basket of Easter eggs near his coop? So he went next door and beat heck out of a peacock.

U.S. flights slowed by new security checks.

Four railroads plead for U.S. disaster aid.

SHOT

The government announced that it has developed a new influenza vaccine that promises to control influenza. It will head off epidemic forecasts for 1970's.

AGAIN

The Agricultural Department has given approval to sausage made with the use of SAPP and other cooked meats such as bologna and wurst beginning

show to continue in December.

TIME HEALS A LOT OF THINGS and the picture at left shows the Dougherty school just after the explosion in late May this year. The picture at right shows how re-building can heal the structure of the school, and time and the good Lord have healed the bruises, scratches and injuries suffered by some of the pupils. FLOYD PHILOSOPHER

Has High Praise For New Bottles That Dissolve In The Sunlight

Editor's note: The Floyd Philosopher on his Johnson grass farm goes overboard this week over a new discovery.

Dear editor:

Since it apparently is impossible to keep people from throwing cans and bottles out of their cars, science has just about come up with a solution, according to an item I read in a newspaper somebody threw out of his car near this place yesterday.

A scientist claims he has invented a plastic container which can be scheduled to self-destruct. Exposed to sunlight, it melts into nothingness, but the time of its melting can be regulated over days or months by changing the formula, so you won't suddenly find yourself on a picnic holding nothing but a handful of soda water.

But beyond solving the litter problem, this idea has far more practical uses.

For example, all television and radio tapes of political speeches should be made of this self-destructing material. Say a man is running for Justice of the Peace on a platform of increased trade with China. It's embarrassing

to have his opponent play a recording of his denunciation of all dealings with China when he ran the time before.

Or a judge comes out on the steps of the courthouse and in the glare of television lights says he's for a thousand dollars for everybody, and three months later says he's not.

Some smart alec for the networks is always going back and digging out these tapes and playing them side by side, and if Congress is on its toes it'll pass a law immediately requiring all such tapes to be made of material that'll melt away. The right formula for the time schedule on this will have to be worked out. Some say a politician shouldn't be held responsible for what he said a year ago, some say three months would be a more realistic figure.

By the way, come to think of it, this new material, if it works, would certainly be ideal for notes you sign at the bank. And there may even be editors who wish some of their last-year's opinions would melt away when exposed to sunlight.

Yours faithfully,
J. A.

GUEST EDITORIAL

Ignoring the Facts

The garbage workers at Lubbock, Texas went out on strike last week, demanding a 15 per cent wage increase on threat of letting Lubbock home owners be smothered in their own garbage.

The city stood for this a couple of days, then hired new people who manned the trucks and started picking up garbage. The union leaders thought this terrible and a violation of principles.

Union leaders have threatened walkouts by teachers in Philadelphia, Detroit and New York, demanding higher pay and less hours. Philadelphia teachers, already among the highest paid in the nation, are demanding a 34 per cent boost, and a minimum of \$12,000 annual salary.

The United Federation of Teachers in New York wants the top pay of New York teachers raised by 47 per cent to \$25,000.

The teachers union leaders are out of touch with the times. They do not realize that school districts are in a tough situation these days and are fighting to keep the schools open. The Detroit system is \$40 million in debt and had to release 1,500 teachers this year in order to open the schools.

Teachers no longer enjoy a sellers market as they did a few years ago, when school administrators roamed the country to hire teachers. Jobs are scarce now and teachers can be replaced. If it is not against the law to replace them, a strike is a foolish step indeed.

The International Typographic Union has called strike after strike of printers, demanding more and more pay. The result has been the offset printing revolution and the phasing out of letterpress printers. The strike no longer scares the printing company owners.

Union labor has had its own way far too long. It's time now to face facts. If union people do not want to work there are people that do.

Floyd Fair Facts

GOSPEL SINGING

Friday, September 15, 1972

Chairman: Mrs. George Winn

The annual Gospel Singing will be held on the second night of the Fair beginning at 7:30 p.m. and Mr. Reeves is expecting persons from over the Tri-State area to attend and participate in the singing. Some will serve as pianist, organist and song directors.

Congregational singing will be featured along with many solos, trios, quartets and other special singing groups.

Gospel Singing Night is a popular feature of the Fair and annually attracts a large crowd. As other features of the Fair, the only admission fee is the gate charge.

Come early, see the Fair then have an evening enjoying Gospel Singing.

Moreno Finishes Navy Basic Training

SAN DIEGO (FHTNC) Sept. 5 — Navy Seaman Recruit Alfred Moreno Jr., son of Mr. and Mrs. Alfred G. Moreno of Cone, Tex., graduated from recruit training at the Naval Training Center at San Diego.

FLOYD DATA
Spending Labor Day weekend in the Lee Rushing home were his daughters, Dorothy Poe of Tulsa and Mr. and Mrs. Malcolm Bridges of Houston.

All attended services at the First Methodist Church Sunday morning and that afternoon were present for the Center and Fairview reunions.

FALL OPENING OF ART STUDIO

Classes begin Sept. 18 - 19, Mon., & Tues., of each week. Classes will also resume in China Pines on these dates.

Adding To Your Home?

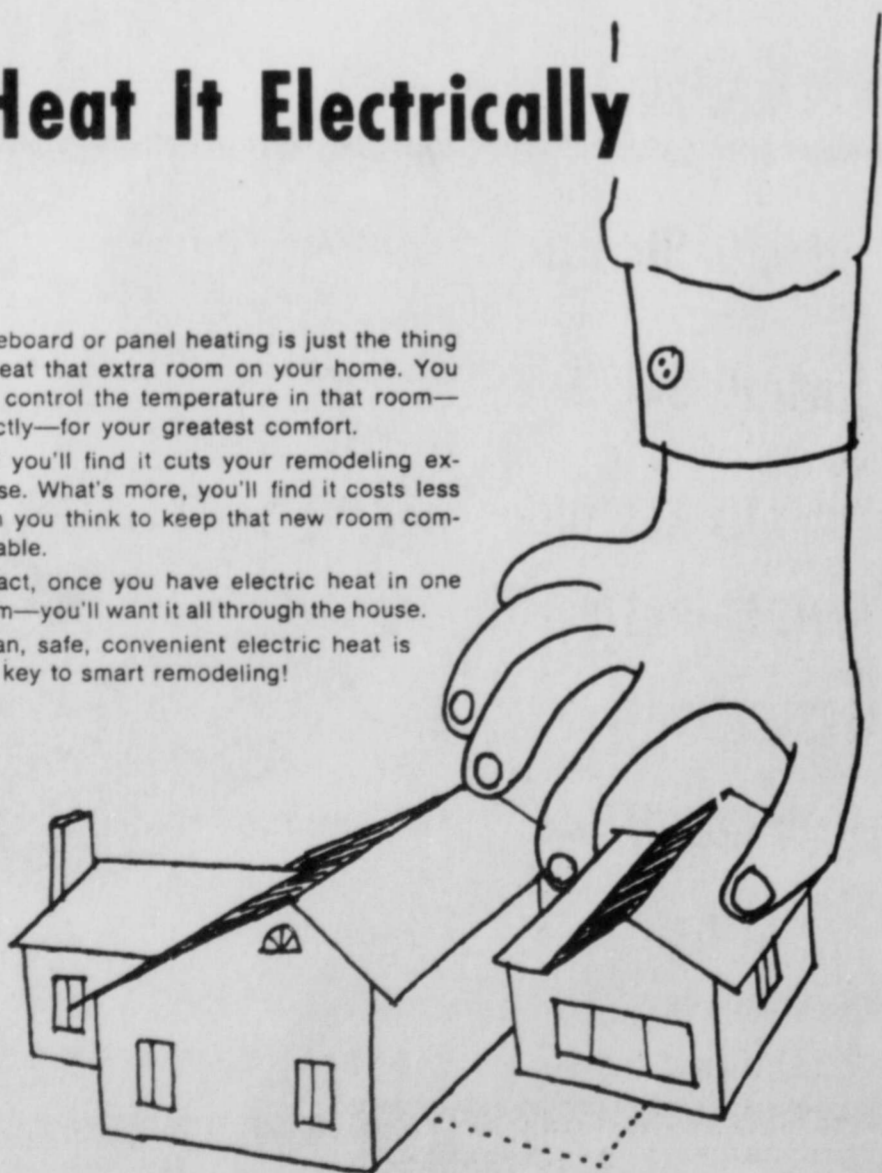

Heat It Electrically

Baseboard or panel heating is just the thing to heat that extra room on your home. You can control the temperature in that room—exactly—for your greatest comfort.

And you'll find it cuts your remodeling expense. What's more, you'll find it costs less than you think to keep that new room comfortable.

In fact, once you have electric heat in one room—you'll want it all through the house.

Clean, safe, convenient electric heat is the key to smart remodeling!

nd JV Tops Crosbyton 28-6

Whirlwind Junior Varsity football team defeated Crosbyton 28-6 in their first game of the season Thursday night.

The Whirlwinds, led by quarterback Jett Cheek, tallied on five, six, and seven point plays to lead 14-0 at the end of the first quarter. Cheek carried eight yards on five carries for 35 yards. He completed four of six passes for 50 yards.

Linebackers Rusty Holladay and MacArthur Mitchell and linemen Mike Reves and Billy Fulton were defensive stalwarts for Floydada.

Next contest for the Whirlwind JV is scheduled for 7:30 Thursday at Tulla, that game to follow a 5:30 p.m. contest between the schools' ninth-grade teams.

RUSTY THORNTON will be appearing in the Variety Show Thursday evening, Sept. 14 at the Floyd County Fair. Everyone is invited to attend and enjoy the fine entertainment.

OBITUARIES

L.A. Cooper

Services for Leo A. Cooper, 82 year old pioneer Panhandle resident and a retired school teacher, were held Wednesday afternoon in the Blackburn-Shaw Memorial Chapel in Amarillo. Cooper was the father of Mrs. David Kirk of Floydada. He died Monday evening in an Amarillo Hospital.

Cooper was a native of Temple and had resided in Canyon since 1921 teaching in high school there and coaching basketball during the early 20's. He later taught at the Amarillo Air Base School. Cooper was a member of the Methodist Church and was a Mason.

Survivors include his wife, Beulah; two sons, two daughters including Mrs. Kirk; two brothers; one sister; 11 grandchildren; 12 great grandchildren and two great grand-children.

Funeral services will be held at 1:30 p.m. at the Blackburn-Shaw Memorial Chapel in Amarillo. Burial will be in the Greenwood Cemetery in Amarillo.

Make Church - Going a Habit

YOU'RE UNIQUE

You play a musical instrument . . . have a flair for teaching . . . enjoy dancing . . . or have some other special ability.

Your talent is your trademark of divine individuality . . . waiting to be used for the glory of God and the good of your fellow man.

In this changing world where people want to make their identity count, the Church offers avenues for imaginative service. It also leads to life's Source for fresh inspiration and understanding.

You are unique. Discover your potential! Explore the satisfying fulfillment which God and the Church have to offer.

Evaluating Your Town

In an issue of Town Journal, there appeared a questionnaire which has attracted widespread publicity and comment. The questionnaire invites persons to rate their towns.

Although the article by Donald S. Stroebe admits that no questionnaire is foolproof, still it suggests that if the answer "yes" to 30 or more of the 40 items, you are you live in a town of which you can be proud.

The list the 40 criteria on which to evaluate your town, hoping that we can get "yes" to the "required" number: Most high school graduates stay in town.

Getting a loan on a sound business here is possible.

The local paper constantly pushes improvements.

There's a chamber of commerce with a wire manager.

Local speeders pay the same fines as out-of-towners.

There's a place to swim within easy reach.

Young couples have little trouble finding a place to live.

The head of your local government "get-things-done" man.

Town entrances are free from junk, signs, billboards, and eyesores.

Teachers' salaries are better than state average.

There's at least one doctor per 800 people in your county.

There's a library with a good collection of recent books.

Newcomers quickly feel they're part of the town.

Schools have plenty of room for students.

Fire insurance rates are low for type of town.

Service, veterans' and women's clubs help on projects.

There is an active, well-organized Scout Troop.

18. A modern hospital is within your trading area.
19. All streets are paved and sidewalks are in good shape.
20. Well-stocked stores keep shoppers in the town.
21. There's a hotel or motel you'd enjoy if you were a visitor.
22. It's easy to find parking space in the business section.
23. At least one restaurant serves outstanding meals.
24. The sewer extension program keeps pace with new housing.
25. It's easy to get volunteers for any worthwhile projects.
26. Public toilets are provided for farm folk shopping in town.
27. Prompt, reasonable priced ambulance service is available.
28. Good zoning keeps factories away from residential areas.
29. There's an annual Clean-Up, Paint-Up, Fix-Up Week.
30. Streets throughout the community are well lighted.
31. More than half the church congregations are younger than 40.
32. Shade trees line nearly all the streets.
33. There's an ample supply of good drinking water.
34. There's a recreation center where the young people can dance.
35. The business section has a modern prosperous look.
36. There's as much interest in local as national elections.
37. The tax rate is attractive to new industry.
38. There's a community council to guide town progress.
39. There's an active P-TA.
40. Firemen must take regular training courses.

WELL.....HOW DOES YOUR TOWN RATE?

Special Days

City and area teachers, plus military will be special Panhandle South here Sept. 25-30.

"Area school days" have during the week.

"Area school day" slated on opening day. Some 100,000 free gateadmission passes will be distributed to schools throughout the South Plains and eastern New Mexico.

In addition, 40,000 tickets will be distributed in Lubbock for "Lubbock school days" on

Tuesday and Wednesday. One-half of the city's schools will be dismissed early on Tuesday and the other half will be let out of classes early on the following day.

"Military day" is Thursday, and all military personnel, plus civilian personnel at Reese AFB, will be admitted to the grounds free upon presentation of identification cards.

"College day" is Friday and

all students attending colleges will be admitted free with proper identification.

Fair officials pointed out that the public also is invited on these days as well.

Opening day traditionally has been "area school day" because about 30 area schools participate in the "Parade of Bands" which officially launches the fair. This year's parade through downtown Lub-

Hesperian To Install Computer Typesetter

COMPUWRITER TYPESETTER

bock is set to start at 10 a.m. It also features high school bands in Lubbock, but the host aggregations do not compete for any of the \$1,200 in prize monies offered in competition in Classes B, A, AA, AAA and AAAA.

All participating bands receive trophies, however.

A host of new attractions and exhibits, plus two free shows - "The Sensational Leighs" performing on the giant space wheel, and Tony, the organ grinder, and Chris the wonder monkey - are slated this year.

In addition, the fair's top drawing card - Charley Pride - will appear on stage in Fair Park Coliseum on Monday and Tuesday nights along with The Pridemen, country and western singer Johnny Duncan, ventriloquist Alex Houston and Elmer and The North Door.

Tickets are priced at \$5, \$4 and \$3.

On Wednesday night, "The best in gospel music" will be featured, starring The Blackwood Brothers Quartet, The Blackwood Singers and J.D. Sumner and The Stamps Quartet. Tickets are priced at \$3 and \$2.

An all-star Mexican variety show is slated Thursday. It will star Lola Beltran, Cuco Sanchez, Graciela Flores -

"Mexico's Miss Personality" - a mariachi band, Juan Puento and Oscar Zamora.

Roy Clark, The Sound Generation and Tom T. Hall and The Story Tellers round out the week on Friday and Saturday nights. Tickets for the Mexican variety show and Clark's performances are priced at \$4.50, \$3.50, and \$2.50.

All shows will be at 5:30 p.m. and 8:30 p.m. daily. Tickets may be obtained at Fair Park Coliseum box

CATTLE AND LIVESTOCK BUYERS

WE NEED MEN IN THIS AREA. Train to buy cattle, sheep and hogs.

We will train qualified men with some livestock experience. For local interview, write today including complete background, address, and phone number.

WESTERN MEAT PACKERS TRAINING, INC. 4318 Woodcock, San Antonio, Texas 78228

An order has been placed by the Floyd County Hesperian for one of the most modern typesetters on the market. It is a Compuwriter, produced by the Compugraphic Corporation and is a computer typesetter system.

At present the Hesperian "reader type" is set on a seven year-old set of Justowriter tape machines. The new office from 9 a.m. until 5 p.m. daily (telephone 762-83-49), at Luskey's Western Wear, Sears' downtown store or at TG&Y stores on the Brownfield Road and Parkway Drive.

Compuwriter will print eight different sizes of type. The Justowriters print only one.

The new machine will set "reader type" just a little larger . . . and people with poor eyesight will probably enjoy this feature of the new typesetter.

Although the Compuwriter is much faster than the Justowriters, it will still require an operator, and the Hesperian will still employ Gwen Cogdell, Sharron Huggins and Carolyn Fuqua . . . all who are very capable typists.

Publisher Wendell Tooley said he hopes the new machine will be in by Thanksgiving, Compugraphic production is behind on orders.

ABA Supports \$250 Billion Federal Debt Ceiling

WASHINGTON - The American Bankers Association has announced its support of a proposed \$250 billion ceiling on federal spending.

Allen P. Stults, president of the ABA, said legislation to impose the ceiling on fiscal 1973 expenditures was endorsed this week by the association's board of directors.

Stults said the 23-member board unanimously adopted a resolution expressing concern about "the resumption of inflationary pressures and their potentially adverse impact upon the American people and the U. S. economy."

"The discipline of a rigid expenditure ceiling would alleviate the immediate danger of generating an excessively expansionary deficit," the resolution continued.

As a second step, said Stults, the bankers proposed a four-point program to develop permanent measures to control spending:

- * Adoption of multi-year budget projections for total spending and specific programs. This will permit law-

makers to assess the ultimate costs of programs.

- * Assign definite termination dates to new spending programs, and to existing programs of questionable value.

- * Create a joint Congressional Committee to evaluate the federal trust fund programs as a whole.

- * Subject trust fund programs to budgetary review, expenditure control, and accountability procedures applied to other tax-supported programs.

COTTON.....

WE GROW IT'

WE'LL WEAR IT

the type of game to be hunted and the likely terrain. As a rule of thumb, shot groupings from 50, 100 and 200 yards will prepare the hunter for most situations.

The specialist suggests that handguns be sighted in for distances up to 60 yards. Accuracy is difficult at greater distances. Remember, range safety is of critical importance with all firearms but especially with handguns, cautions Shult.

For the shotgun enthusiast, the specialist suggests getting in a little trap or skeet shooting.

Another good practice is "patterning" the shotgun. This can be done by firing at large sheets of paper or cardboard at distances of 15, 25, and 50 yards. Thus the hunter will know how his weapon performs at those distances with whatever load he is using.

For the hunter with a double barrel, slide-action or semi-automatic shotgun, it's good to fire more than one round to get used to getting off a second or third shot.

An equipment check is also in order for the archer. For instance, broadheads may need sharpening. Shult suggests practicing with silhouette field targets rather than bullseyes, since this gets the archer accustomed to firing at "vital spots" rather than just "at the deer."

Most hunters carry some type of cutting tool for dressing game. These knives, hand axes and bone saws should be checked and sharpened.

Shult emphasizes that wearing apparel also needs checking. Footwear is especially important as a painful blister can ruin an otherwise enjoyable hunting experience. Boot stitching should be checked and the leather should be oiled or treated for comfort and protection. It is a good idea to break in new boots before starting out on a long day's hunt.

In addition to checking his gear, the smart hunter prepares himself physically for the field, notes the specialist. "Many of us work at jobs which don't allow us to stay in shape for that once-a-year hunting trip. Perhaps the best solution is to start early with sensible exercise. This may mean just walking every day or it may include jogging and dieting off a few pounds. Remember, more hunters die from heart attacks brought on by over-exertion than from firearm mishaps."

The sportsman who begins preparing his gear and his body now will have a much more rewarding experience in the outdoors when hunting season rolls around, contends Shult.

his weapon again." To sight in center-fire rifles, use the bullet weights and powder charges that you expect to use in the field. Determine sighting distances by

TIPS FOR OUTDOORSMEN

by Vern Sanford

Tired of not catching fish? That's a common complaint at certain "slack" seasons of the year—especially days when the temperatures are high.

Naturally the easy answer to the problem is to fish at night. Then the water is cooler by several degrees. As a consequence of the temperature changes the big bass move up from the depths and into shallow water where again it's comfortable and there's new food to be found.

Anglers who like to hear the explosion of a lunker bass in the still of the night as it smacks a top water lure with all of its dynamic power—use a chuggar, or a popper or a stick with spinners fore and aft.

Let this happen alongside the boat, as it sometimes does and you'll not only get a thrill but the sensation of a cold chill running up and down your spine . . . despite the warm night.

One who seeks the bass in the hot daytime weather, needs a different approach. He has to fish deep—real deep. Big bass seek not only the shade to escape the hot rays of the

sun, but also the cooler water (around 68°) which may be 30 to 60 feet deep if the weather has been very warm for some time.

First of all one needs a worm rod and a bait casting reel for this job, with 20 pound-test line or stronger. That is, if he wants to land a lunker. This time the lure needs to be a plastic worm, preferably the small seven-inch size in strawberry red, brown, blue or black.

Fish off of a point from boat to bank, shallow water to deep, using a slip sinker heavy enough to keep the worm crawling slowly along the bottom . . . deeper, deeper and deeper, until you feel that longed-for "telltale tap" that means a strike.

If at first you don't succeed, change worms until you find a color or combination of colors, to his liking. A white-tailed worm is great!

If still no luck, try longer worms! Failing there, tie on a jig and eel and bounce 'em off the bottom in the deepest hole you can find. Here, a depth finder comes in mighty handy.

Don't give up — they gotta eat sometime!

Instructions For The Hunter

COLLEGE STATION - The fall hunting season is fast approaching and Texas sportsmen will want to get "geared up," as far as their equipment and physical condition are concerned.

"A little time and effort devoted to getting your field gear and physique 'in shape' can be a big plus for that upcoming hunting adventure," contends Dr. Milo Shult, area wildlife specialist for the Tex-

as Agricultural Extension Service.

A good beginning for the equipment check is your firearm. Clean the piece carefully, giving special attention to the bore and the action.

"Carefully sight in all rifles and handguns," suggests Shult. "This will not only prevent disappointment over a missed shot but also will help the shooter get the 'feel' of

Farmers Union Charges Loss To Wheat Farmers Result Of Russian Grain Deal

WASHINGTON - The Russian wheat deal has cost wheat farmers in early - harvest

areas an estimated \$100 million in government wheat certificate payments, according to Tony Dechant, the national president of the Farmers Union.

This will occur, Dechant said, because the rising wheat market could raise the average price to \$1.75 per bushel, or higher, during the July to November marketing period. This will have the effect of reducing the federal subsidy by approximately 40 cents a bushel, he said.

Dechant explained that farmers receive the difference between the average price during the five-month marketing period and 100 percent of parity, now estimated at \$3.03 per bushel, on that portion of their wheat used in domestic markets. This is slightly less than half the total wheat harvested.

"But those farmers who sold their wheat in July received only \$1.30 to \$1.35 per bushel, Dechant said. "Their wheat certificate will amount to only \$1.28 per bushel, if the average for the five-month period is \$1.75 - making their total return about 40 cents a bushel less than the full parity price to which they are entitled under law."

Dechant charged that the situation is the result of the secrecy surrounding the Russian wheat deal. "Full details should have been announced in advance so that farmers could have made better judgments at the time of harvest,"

he said. Dechant estimated that farmers may have sold between 400 and 500 million bushels of wheat in July in such early-

harvest areas as Texas, Oklahoma, Kansas and parts of Nebraska and South Dakota. "They were entitled to 100 per-

cent of parity on about half of this wheat," he said. "Instead, they will receive less than 90 percent of parity."

Beef Factory Increases . . . Egg Production Gain . . . Cattle Sold At Auction Declines . . . Chicks Decline . . . Screwworm Agreement . . .

THE BEEF FACTORY of Texas, the largest-hatchery has increased almost 275,000 head during half of the year.

The number of beef cows, which determine the number of beef calves to be produced, total 6,850,000 in Texas as of July 1. This compares with 6,820,000 on January 1.

The number of all cows in Texas has also increased. Total cow numbers in the state as of July 1 totaled 6,080,000 head; this compared with 6,050,000 as of January 1.

The Blacklands have the highest number of cows and all cows. As of July 1, there were 2,200,000 (854,000 of that being beef cows) in the Blacklands, east Texas and south central Texas regions with total numbers of cows and beef cows.

The east and northeast Texas area had 775,000 cows and a total of 864,100 cows as of July 1. The central area had 766,000 beef cows and a total of 864,100 cows as of July 1.

EGG production in Texas during July was down 1 percent from a year ago, but steady with last year. Egg production during July totaled 222 million. Nationwide, egg production was down one percent last year.

Total numbers of Texas layers as of July 1 totaled 10.5 million. Texas eggs laid daily per 100 hens averaged during July; a year ago the average was 57.5. The average was 62.7.

The July hatch of egg-type chickens in Texas was down 34 percent from a year ago and 23 percent from a month earlier. Broiler chicks showed an increase of 10 percent. The total turkey poult hatch for July was down 17 percent from a year ago and 39 percent from a month ago. Sales of goats at 27,000 were down 10 percent from a year ago.

Hog sales totaled 45,000 head; this is down 10 percent from a year ago.

A NINE percent decline in numbers of calves marketed through Texas auction markets by the Texas Animal Health Commission is reported by the Texas Crop and Livestock Reporting Service. Cattle and calves marketed totaled 619,000, a nine percent decline from a year ago. Sheep sales totaled 17,000, a 17 percent decline from a year ago and 39 percent from a month ago. Sales of goats at 27,000 were down 10 percent from a year ago.

THE FINAL step toward eradicating screwworm in Texas has been taken. An agreement between Mexico and the United States was signed which will result in a cooperative effort to eradicate screwworm in Mexico.

NATIONAL HONORS today went to the Texas Jobs for Veterans Task Force, headed by Texas Employment Commission Chairman Harold K. Dudley (right) of Austin. The six-member committee was cited by the national Jobs for Veterans organization for leadership in promoting the employment of returning veterans. State and local task forces, working in cooperation with the Texas Employment Commission, placed 41,534 veterans in permanent jobs during the fiscal year ending June 30. At left is state committee member E. Glenn McAlister of Austin. Other members of the state task force are Clifford T. Teer, Waco; Miss Edith Martin, Houston; Laurence Melton, Dallas, and W.A. Hazlewood, Jr., Austin.

'Jobs For Veterans' Commended

AUSTIN — Efforts to find employment for Vietnam era veterans brought national recognition today to the Texas Jobs for Veterans Task Force, appointed earlier this year by Governor Preston Smith. James F. Oates, Jr., who heads the national Jobs for Veterans organization, praised the Texas group in a letter written to Texas Employment Commission Chairman Harold K. Dudley, who serves as chairman of the state task force. Oates said, "The whole nation is indebted to you for the substantial contribution you have made to the . . . Jobs for Veterans Program. (The) focusing of energy to get the job done has depended heavily on the inspiration, dedication, and leadership by the Task Force Chairman. Your participation in this vital role has been noteworthy."

Accompanying the commendation was a certificate of appreciation from the national committee. Serving on the state task force committee with Dudley are E. Glenn McAlister and W.A. Hazlewood, Jr., both of Austin; Clifford T. Teer, Waco; Miss Edith Martin, Houston; and Laurence Melton, Dallas. The group has helped to organize local task forces throughout the state and has assisted in various other ways in promoting the hiring of returning veterans. Texas currently has 25 local task forces.

Those groups have sponsored job fairs and other events to bring employers and job-seeking veterans together. During the fiscal year ending June 30, the Jobs for Veterans groups, working in cooperation with the Texas Employment Commission, placed 41,534 veterans in permanent nonagricultural jobs.

Save Your Child's Life!

Several plants can cause illness or death

By DAVID HENDIN
NEA Science Editor

About 300,000 different types of plants exist on our planet and, according to current scientific records, more than 700 of them in the Northern Hemisphere have caused illness or death.

It is true that the proportion of poisonous plants is not very high, but many are so beautiful and so well-known that it is hard to believe they are lethal.

Poisonous plants can easily be found in your garden and foundation plantings, as well as growing in vacant lots and woods. The U.S. Public Health Service reports that about 12,000 children eat potentially poisonous plants every year.

And plants can be tricky. Often one part of a plant is not only edible, but nutritious, while another part can kill. Twigs of cherry trees release deadly cyanide when eaten and the leaves of peach trees contain one of the most dangerous poisons known, hydrocyanic acid. Children have become very ill after drinking a "tea" made with hot water and peach-tree leaves.

FRUIT TREES aren't the only plant deceivers. In your vegetable garden you may also find poisons, especially parts of the rhubarb, whose delicious stalk is commonly used in cooking. The leaves of the rhubarb plant contains oxalic acid, which turns to crystals when it reaches the kidneys and causes severe damage.

Do you have hyacinths, narcissus or daffodils around the house? Poisons from their bulbs cause nausea, vomiting and diarrhea, and may be fatal.

Rhododendron, azalea, daphne and wisteria have leaves, stems and berries that can kill your child.

Larkspur, lily-of-the-valley, iris, sweet peas, autumn crocus and bleeding heart are a few more familiar plants which have poisonous flowers, stems, leaves, seeds, roots, berries, or bulbs.

There is enough poison in a tiny packet of castor beans to kill a half-dozen youngsters. One rosary pea seed can kill a child. Beautiful holiday greens and plants are nice to have around, but mistletoe, holly, Jerusalem cherry and poinsettia can all cause serious cases of poisoning.

HOW MANY know, for example, that the yew's, common garden evergreens, are also a type of hemlock and that poisons abound in both its needlelike leaves and colorful berries? In fact, other hedge plants, such as the box, privet and hydrangea, are all dangerous if leaf clippings or small plants are eaten.

As for wild mushrooms, the best rule is to leave them to the experts. Most of them—no matter how much they look like the kind of mushrooms you buy in the store—are poisonous.

In his book, "Deadly Harvest," Dr. John Kingsbury gives this advice concerning poison plants:

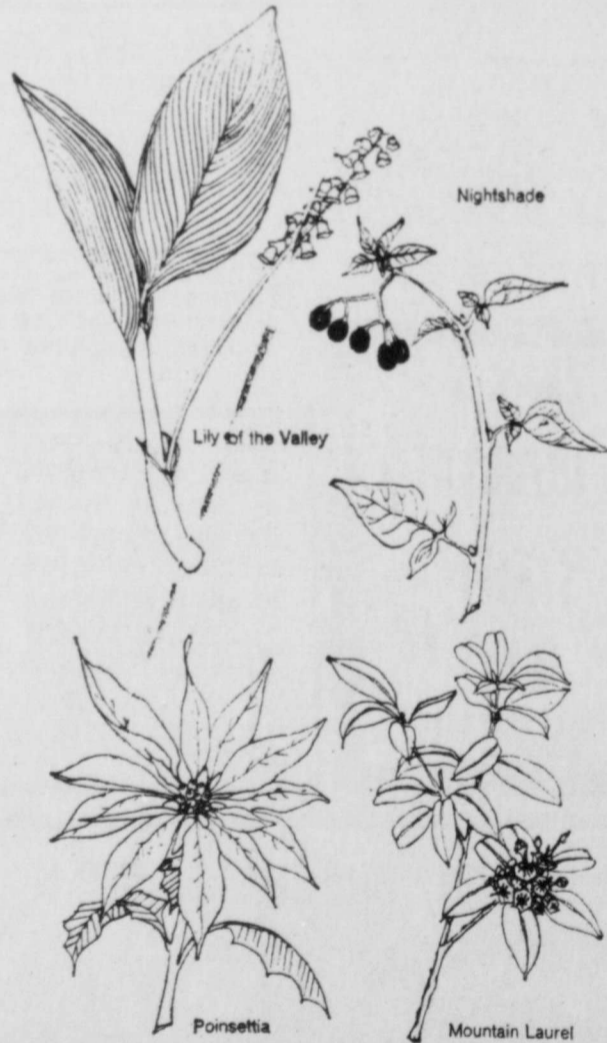

"First, learn the poisonous plants in your neighborhood. "Second, take as a firm rule, and impress upon children, never to eat any unknown garden or wild plant

herb, shrub or tree; never to make medical preparations from them. Also keep dangerous prunings, clippings or garden cleanings away from livestock.

"Third, in any case of poisoning or suspected poisoning, call your physician and be prepared, if at all possible, to tell him the name of the plant involved."

If plant poisoning is suspected, you may treat the child as if he had ingested any other poison where induced vomiting is called for.
