Young And Hearon Highlight Scoring

A big following of Whirlwind fans travelled to Abernathy Friday night for a real crowd pleaser as Floydada came out with a 35-0 win. The 'Winds are now 7-0 for the season and 2-0 in district play.

The Floydada scoring was as follows: In the first quarter Young kicked a field goal for three, added another in the second quarter. Quarterback John Cagle then scored on a four yard run. In the third quarter Rose scored six, in the fourth quarter it was Hearon with six, Rex Yeary with another TD. Young kicked extra points for the Hearon and Yeary YD's, then kicked another field goal for three more points.

Tony Goen, Lynn Becker and Terry Bunch highlighted the 'Wind defensive by continually blitzing the Antelope quarterback.

First Half Play By Play

The Whirlwinds took the kick-off from the 23 back to the 33 yard line. Hearon and Rex Rose couldn't make anything on the ground and Mike Hale punted.

Abernathy took the punt fumbled and 'Wind Jay Jones recovered. The ball was on the 45 yard line. Cagle proceeded to hit Hale with a beautiful 29 yard pass. A five-yard offsides penalty followed.

In two runs Hearon had made a first down and the ball was on the Abernathy 5 yard line. Then there was another five yard penalty for illegal procedure against the 'Winds. Hearon brought the ball back to the 8 yard line.

A good play . . . a handoff from Cagle to Young and then Young passed to Smitherman However the ball was overthrown and no good.

At this point Young kicked the first of three field goals and Floydada led 3-0.

Abernathy took the kick-off, completed a 25 yard pass, then Vickers ran two times for four yards, then the 'Winds took a 15 yard penalty bringing the ball down to the Floydada 31. At this point Young intercepted an Antelope pass and brought it out to the Floydada

Abernathy took the kick-off and promptly made two first downs on the ground. The ball was on the 49 yard line, fumbled, recovered, Bradford intercepted an Antelope pass and the 'Winds had the ball on their 40.

A holding penalty put the 'Winds back on the 25... Hearon scampered for 25 yards, then Cagle hit Rose for a good 18 yard pass and the ball was on the 18 yard line. Hearon carried the ball four times and brought it down to the four. Cagle kept and crashed over for the TD. With 3:45 left in the first half, a fake kick-pass failed for extra points and Floydada led 12-0.

The rest of the half was Abernathy trying to go against a strong Whirlwind defense.

Play By Play Second Half Abernathy received the kickoff, couldn't go and punted. The ball was about the middle of the field. Hearon ran for 11, then 11 more, Cagle made three, then Hearon made five more. Another good ground gainer at this point with Cagle keeping for

Junior Varsity Downs Olton

The Floydada Whirlwinds defeated Olton here Thursday in a junior varsity football game, 12-6.

Olton scored first, capping a 50-yard drive with a one-yard scoring run in the first period. Extra-point try was no good.

The Whirlwind JV knotted the score in the second period. Quarterback Mike Vickers tallied from six vards out, the PAT failed, and it was 6-6 at the half.

Floydada controlled the ball most of the third quarter, driving from their own 35, and scored in the fourth period when Malvin Collins ran the final yard with eight minutes left in the game. Still no extra point, and the 'Winds had to be content to keep their 12-6 lead until the final gun. Dario Castillo made a key interception late in the game, stopping an Olton drive with about a minute to play.

Billy Fulton, tackle, and Keith Marricle, linebacker, led the Floydada defensive effort. Collins carried the ball 15 times, picking up 58 yards to lead the Whirlwind rushers, and caught one pass for a

25-yard gain. Vickers completed four of eleven pass attempts for 47 vards.

COACH'S COMMENTS

Jerry Hearon "tore 'em up' Friday night, picking up 190 yards rushing in the Floydada Whirlwinds' 35-0 romp over Abernathy. The 'Wind fullback-turned halfback (after an injury to regular halfback Mark Vinson) carried the ball 29 times, including a 43-yard touchdown scamper, against the Antelopes. Quarterback John Cagle added another touchdown and 54 yards to the 'Winds' rushing total, on 11 carries; halfback Rex Rose carried six times for a 24-yard net and scored once; fullback Danny Bradford rushed five times for 31 yards, and Rex Yeary got ten yards and a fourth-quarter TD.

"We feel this team effort proved we're a complete football team now," Whirlwind coach L. G. Wilson said after the game, adding "we have jelled offensively, we think." Wilson praised the 'Winds' offensive blocking and added. "We felt we could have thrown the ball more if we had had to, but were able to move the ball on the ground - and it's good to be able to control the ball against a dangerous passing team like Abernathy.

The 'Wind defense limited the Abernathy ground game to a minus yardage for the game, mainly due to the efforts of the front four (Lynn Becker, Terry Bunch. Mike Hale and Steve

Mrs. Selman 1st In Contest

Mrs. Andy Selman, 1301-D-Smythe, Plainview, won the first prize of \$7.50 in last week's Hesperian football Contest, beating out Floydadans Bobby Whitaker and Christine Willson (who tied for second) by a single-point on the tie-breaker guess.

Mrs. Selman missed five games and showed 40 in the tie-breaker box while Whitaker and Ms. Willson had five misses each and 41-point

tie-breaker totals. The second-place winners split \$7.50 (total second-and third-place money).

The latest contest is in the Sunday, October 21 Hesperian. Entries must be in the Hesperian office (or postmarked) by 5 p.m,. Friday.

Mrs. Selman picked the wrong winners in the Post-Frenship (Post won 8-7), Monterey-Hereford (the Herd fell 7-0), Lorenzo-Spur (Hornets 31, Bulldogs 0), TexasHigh School agriculture building.

Anyone 12 years of age or older is eligible to take the Hunters' Safety Course. Depending on the number that show interest at the organizational meeting Monday, several evening classes will be set up, at dates to be determined later, in Floydada High School classrooms. A maximum of 15 per class will be taught.

Arkansas (UT stunned the Hogs), and Missouri-Notre Dame (the Irish were upset 30-26) contests.

Other frequently - missed games in last week's contest were Tahoka's win over Cooper and Lockney's thumping of Idalou.

Honorable mention goes to six contestants who missed six games - John Vega of Plainview, Bill Norman, Dougherty, and Billy Marricle, Don Warren, W. O. Newberry, and Travis Gentry of Floyda-

outlook 18 months from now. "I believe the market can withstand a 5 percent increase December-through-May

farrowings and another 5 percent increase in the June-to-November 1973 crop without a sharp drop in late 1973 - early 1974 prices. If farrowings are much larger, profit margins by late 1973 will

In general, the hog outlook is quite favorable for the rest of 1972 and into the third quarter of 1973, the Extension specialist said. Pig crop estimates for the February -to May period indicate that the volume for the rest of this year should run at least 6 to 7 percent below last year. A sizable gilt and sow holdback for 1973 farrowing could reduce slaughter a bit more.

Hollis adds that basic demand conditions should continue strong this fall, especially in view of further improvement in economic activity. Nevertheless a seasonal pickup in marketings will cause prices to trend lower.

"Looking at 1973 market prospects, intended farrowing point to at least some reduction in slaughter supplies during most of the January to-June 1973 period," Hollis continued. "I look for first quarter 1973 prices of barrows and gilts on the Midwest interior markets to start at a \$25 to \$26 per hundredweight range then work down to a \$23 to \$24 range.

Prices are likely to weaken still more during April, then show seasonal strength and

reach the \$25 to \$26 level at the Midwest markets by July, the specialist predicted. After

that, the outlook depends largely upon the size of the 1973 spring pig crop.

Cotton producers and many others in the industry were astounded and highly disappointed at USDA's recent announcement that the 1973 cotton loan would not be raised from the 1972 level of 19.5 cents per pound, basis middling-inch, 3.5 to 4.9 micronaire at average location.

"It is beyond our understanding that the Secretary would leave the U.S. cotton loan seven cents a pound or more below the average world market price," said Ray Joe Riley of Hart, president of Lubbock-based Plains Cotton Growers, Inc.

The average world market price for middling-inch cotton for the 1970 and 1971 marketing years was determined by USDA to be about 26.5 cents. Current law provides that the U.S. loan shall be set at 90 percent of that average, except that the Secretary may adjust the figure downward if he deems it necessary to keep U. S. cotton prices competitive.

It was under this latter authority that Secretary Earl Butz announced the 1973 loan at 19.5 cents, less than 74 percent of the world market average.

"The announcement was especially disheartening," Riley stated, "in view of the wide agreement among industry leaders that a higher loan would not seriously affect cotton's competitive position and is badly needed to help stabilize U. S. production, supplies and prices.

Cotton market prices across the Belt have declined about a third from price quotations of a year ago, and producers fear a further drop to just above this year's "disaster-level" 19.5 cent

If prices continue to decline," Riley said, "and with no greater price protection from a higher loan, producers in 1973 will be forced to severely reduce cotton acreage and we'll go right back to the short supply conditions of 1971. And when this happens we can't even hope to hold the line against market competition from man-made fibers, nor will we have sufficient supplies for export

Producers are backed up by leading cotton economists in their contention that a loan of around 24 cents for 1973 would maintain competitive prices for cotton, and perhaps even more important, would prevent further erosion of U. S. and foreign markets by stabilizing the year-to-year ups and downs in U. S. supplies and

An extensive study underwritten by the Producer Steering Committee of the National Cotton Council shows that a price of 25 cents a pound — one cent above the producer-recommended loan level - would hold markets for U. S. cotton both here and

abroad, Riley pointed out. "In view of this study, made by our most imminent cotton economists, and considering that individuals and organizations representing all segments of the cotton industry have advised the secretary of the need for a higher loan," Riley continued, "we have to believe that the low-loan decision was based on some factor or factors not concerned with the best interests of cotton

producers and the cotton industry.' It is noteworthy that the Federal Register notice of USDA's ntention to make the loan determination gave interested parties until October 16 to submit views and recommendations: then the announcement of the 1973 loan was made early on the morning of

Close on the heels of the loan decision came news the Department was "discussing" a government purchase program for cotton. At the moment no details of USDA's plans in this direction have been released, making it impossible to assess any potential effect on cotton prices.

"If the government bought enough cotton of the right qualities at the right price," Riley commented, "and if the acquired cotton were kept out of competition with producer-owned cotton, there could be some beneficial effects. PCG will support and encourage any USDA action or program that might improve the market outlook," he added, "but by the same token we will reserve our support until we are convinced the program is in the best interest of cotton growers on the High Plains.

Riley doesn't believe, though, that any government purchase program, however well conceived, will avert the grave consequences that await the U.S. cotton industry unless producers are given the price protection of a higher loan for 1973.

"A 19.5 cent loan for next year will foster even greater instability in U.S. cotton supplies and prices, thereby jeopardizing both our domestic and export markets," he concluded, "and we will make every effort to get the secretary to rectify the serious mistake of announcing the loan at such a low

LAST MINUTE HUNTING TIPS

In transporting guns, break them down whenever possible. Keep guns in a case or securely wrapped. Carry all ammunition separately. Always transport guns unloaded.

In practicing, know the potential of your gun. Make sure you have an adequate backstop. Keep the firing line and shooting area restricted.

Always store guns out of reach of children, unloaded and uncocked. Store ammunition separate from firearms and also out of sight.

Keep the gun safety on until ready to shoot

Agree beforehand on the area each hunter will cover. Unload gun before crossing fence and pass gun under first. Never climb into a stand, a tree or over obstacles with a loaded gun.

When duck hunting from a boat, two hunters should face in opposite directions. Never lay a loaded gun in the boat. Fall is a wonderful time of

the year in Texas. And you can make it a productive one and a happy one by thinking safety first, last and foremost.

Mitchells Attend Water Conservation Studies

Mr. and Mrs. Chester Mitchell of Lockney recently returned from a trip to Dallas and Houston in an attempt to study methods of water

conservation. The Texas Water Development Board, Oklahoma State Department of Agriculture and theTexas Water Conservation Association conducted a Cloudtap Conference October 16 at the Royal Coach Inn in Dallas. The meeting was for the purpose of presenting to those interested the basic principles behind the tech-

nique of cloud seeding. Mitchell, vice president of the board of directors of the High Plains Underground Water Conservation District No. 1, felt the conference was a successful attempt to pool the ideas of learned men in an effort to bring water to the arid regions of the United

States. The couple went on to Houston with other members of the board of directors to attend the Thirty-Second Annual State Meeting of the District Directors of the Texas Soil and Water Conservation Districts. The meeting, held October 17, 18 and 19 at the Astroworld Hotel, was entitled 'Natural Resources - Meeting the Needs of People.

Mr. and Mrs. Mitchell met and talked with Lieutenant Governor candidate Bill Hobby and Governor hopeful Dolph Briscoe. Hobby attended a Tuesday reception and Briscoe spoke at the Wednesday banquet. A well-known water conservationist, Mitchell has shown time and again his interest in solving the water problems of the High Plains area. His interest is exemplified by his attempt to seek out knowledge of weather modification to bring home to West Texas.

LAST MINUTE HUNTING TIPS

When handling and demonstrating a gun, treat it as if it were loaded. Keep the muzzle pointed in a safe direction. Remove the clip if there is one. Open the action and leave it

If you're practicing with an empty gun, be sure it is actually empty. Check every gun you pick up. Even with empty gun, aim at a safe backstop

When cleaning a firearm, the same safe handling rules apply. Keep others away when you're cleaning a gun.

MRS. FRED EDWIN SEAL

Candlelight Ceremony Read For Miss Jill Stansell, Fred Edwin Seal Saturday Evening

A candlelight ceremoney read in the sanctuary of the First Baptist Church at 5 p.m. Saturday, October 28, united in marriage Miss Jill Ann Stansell and Fred Edwin Seal.

Dr. Floyd C. Bradley, pastor, performed the doublering vows before a background of Jade trees in graduated sizes and flanked by urn arrangements of cranberry colored glads and pale pink spider mums. Brass arched candelabra holding matched arrangements of glads and mums in cranberry and pale pink completed the setting.

The bride is the daughter of Mr. and Mrs. Jack Stansell of

Richardson, and Wilburn Seal of Dallas.

Given in marriage by her father, the bride wore a Regency wedding gown of long ivory cotton lace, fashioned Empire with a high ring neckline marked with satin ribbon edged in lace ruffling. Long slim sleeves with pouf tops were also banded in satin inset. The double ruffling skirt was gently eased at the sides and back to fall straight in graduating bands of satin ribbon and lace ruffling. Satin ribbon encircled the waistline with back bow and long streamers.

Floydada, and the groom is the in the cluney lace, formed her son of Mrs. Joyce Seal, chapel train, and was caught to

a matching capulet of lace. The bride carried a small nosegay of frenched white carnations and stephanotis accented with salad foliage and centered with miniature white sweetheart rose buds.

Mrs. Joe Hennig of Richardson was her sister's matron of honor. Bridesmaids were Misses Katie Taylor of Lubbock and Alison McLain of Denton. They wore old fashioned two piece dresses of cranberry crepe knit. The blouse was styled with long slim sleeves with pouf tops and the neckline was accented with ivory lace and cranberry velvet ribbon. The lower edge of the quilted skirt was

Rail Car Derailed In Floydada

An AT&SF Railway tri-level automobile car derailed about 2 a.m. Thursday morning when it was struck by another car at a rail switching in east Floydada.

Trainmaster P. R. Buchanan of Slaton said Friday the cause of the derailing was still being investigated by AT&SF authorities. He reported no injuries in the mishap. Buchanan said the auto transport car had just been unloaded at the QA&P "piggy-back" lot and the empty railroad car was being sent back to the coast. He said there was "minor" damage to the empty car.

The derailed car was righted by mid-morning Friday.

Lubbock Inn Open For Business

In our fast moving society the combination of the modern and the touch of nostalgia is sometimes hard to come by. Reviving something of the past worth remembering and emulating is an extra special accomplishment. The New Lubbock Inn revives the name, and the spirit, of the original Lubbock Inn of the 1920's. The old Lubbock Inn was known for it's hospitality and fine food. . .it was the place to go. People would travel for miles just to eat. . . and this was back when the horse was really the

ABOUT MAURICE ANGLY

He's the candidate for State Treasurer who has pointed out Jesse James' role in the Sharpstown scandal.

State Rep. Maurice Angly is an Austin attorney with a thorough knowledge of state government. He's a graduate of the University of Texas School of Law. He's married to the former Surrenden Hill and they have three children.

Since 1967 he's been a hard-working, effective legislator. He was one of the original small group of legislators who stood firm last year and spoke out for a full investigation of the Sharpstown scandal.

Rep. Angly is the only Republican ever elected in Austin. He has been reelected twice, as the top vote-getter among all GOP candidates on the ticket, because he earned bi-partisan support.

He pledges to run the treasurer's office as a public trust for all of the taxpayers of Texas. He won't play favorites as James has done for years in placing the State Deposits.

On November 7, vote for reform and responsible state government with Rep. Maurice Angly for State Treasurer.

And if you want to help his campaign now, please send your contribution to Angly for Treasurer Comm., P. O. Box 9114, Austin, Texas 78766.

the mouth; dry, scaling, itching patches on the skin; changes in moles; and sores caused by jagged teeth or ill-fitting dental plates.

As to chemical causes, it is now generally accepted that cigarette smoking is the major cause of lung cancer in the U. S. Heavy smokers have 10 to 20 times as much lung cancer as non-smokers. Smokers are also likely to have cancers of the mouth, throat and bladder.

Filter tips may cut down on the tar and nicotine you inhale, but there is no such things as a 'safe cigarette." Also, pipe and cigar smokers still risk mouth, throat, bladder and in less degree lung cancer.

There are indications that there is a greater risk of getting cancer in polluted areas (cities). Also, occupational exposure to pollutants in factories and special kinds of work, is related to some forms of cancer.

To dispel some possible myths, there is no evidence that any food in the normal American diet causes cancer or that a single or occasional bruise or injury to soft tissue such as the breast can cause cancer. However, there is such a thing as a "familial tendency" in cancers of the breast, colon, stomach, prostate, lung and leukemia. This is a tendency for the particular cancer to occur with greater frequency among members of a particular family (including cousins,

aunts, uncles, etc.). Therefore, when a case of any of these types occur in one member of a family, precautionary measures are recommended for the other members.

Cancer is usually detected through a complete case history and physical examination in conjunction with a biopsy, an examination under microscope of a tiny sample of tissue by a pathologist.

The examination should be thorough and complete and include (a) a health interview; (b) insepction of the body surface plus examination of heart, blood vessels, lungs, mouth, nose, ears, eyes, throat, rectum, sex organs and breasts; (c) tests of blood, urine, uterine cells and other body fluids; and (d) protosigmoidoscopic or X-ray examination of the rectum and lower bowel.

According to the American Cancer Society, seventy-five percent of cancers of the colon and rectum can be discovered by a procto, and if detected early, treated promptly.

Cancer is cured by removing or destroying the cancerous growth or cells through such methods as radiation, radioactive isotopes, hormones, other chemicals, and surgery.

Radiation treatment is effective depending on the type and location of a growth and the amount of radiation that can be used safely. Cancer is not caused by a

germ so it does not seem to be contagious or spread from one person to another. However, research is being done with cancer and viruses. The best cure for cancer is

early diagnosis and prompt treatment. If a person suspects possible cancer, delay can be deadly. Pain is usually a late symptom of cancer.

Check with a physician immediately. About 212,000 could be saved each year from cancer, and more than 1,500,000 Americans living today are positive proof that cancer can be treated.

Mrs. Betty Koontz of Olton defeated Mrs. Hendrix 6-0, 6-0.

Farmers Union Thinks Butz **Should Raise Cotton Prices**

WACO - Farmers Union registered today a strong protest with Secretary of Agriculture Earl Butz over his failure to raise the cotton price support loan in the 1973 program. In a letter to the agriculture secretary, Texas Farmers Union President Jay Naman said that "maintaining the same programs and price supports for the '73 season that have caused the low production-cost prices this year indicate a callous disregard for the nation's cotton producers. Your decision to retain the 19.5 cent price support is clear evidence that once again your administration of the cotton program is based on the welfare of the cotton trade at the expense of cotton producers." The letter noted that under the law the secretary of agriculture can at this discretion set the loan at 90% of the two-year average world market which in this case would be 24 cents per

Naman said that both the cotton trade and the USDA had urged farmers to increase cotton acreage this year and gave assurances that prices received would permit a reasonable profit. "Following that advice," he said, "farmers produced a large surplus and now cannot sell their cotton even at the present loan level of 19.5 cents per pound.

"An increase in the price support loan level is clearly possible under existing law. As your own spokesmen have indicated, the loan level could be raised to 24 cents per pound.

Naman said, "Failure to increase the cotton price support loan level will assure the cycling of all unsold cotton through the Commodity Credit Corporation at great cost to taxpayers and to the disadvantage of producers. By increasing the loan level, prices would be stimulated and producers would be able to market their crop this year through traditional trade channels.

The protest to Secretary Butz expressed strong agreement with the views of House Agriculture Committee Chairman W. R. Poage who personally urged an increase in the price support level and said, "In January Congress must begin working on a new farm bill. The Department can do a better job with some of the freedom of action Congress has granted it. But if that freedom is to be abused at the expense of producers, Congress may consider taking this discretion away."

High School **Rodeo Starts** Wednesday

The Fifth Annual Tascosa High School Rodeo will be held November 2, 3, and 4 at the Fair Park Coliseum, Amarillo. It is sanctioned by the Tri-State High School Rodeo Association representing 30 high school rodeo clubs in the Tri-State area. More than sixty high schools in the Texas, New Mexico, Colorado, and Kansas area have students entering. The students that are members of the Tri-State High School Rodeo Association will gain points towards the finals to be held in Amarillo in June 1973. More than five hundred entries have been

Performances will be at 8 p.m. November 2, 8 p.m. November 3, 2 p.m. and 8 p.m. November 4. Tickets are \$2.00 adults, \$1.00 students and are available from members of the Tascosa Rodeo Club.

What Are The Most Important **Reasons For Giving?**

Recently 3,441 ministers and laymen from the United States and Canada were interviewed as a part of the North American Interchurch Study. This study included information concerning stewardship education and scales designed to elicit theological beliefs and psychological orientation.

One question asked was, "What are the most important reasons for your giving to the church?" The possible answers were as follows:

A. Giving is a part of worship

Obligation placed on man by God Church needs money

D. I approve of church's program

E. It's a privilege to share

F. Love for others

G. It's a duty of membership

H. Gratitude to God I. I've always given

J. I'm proud of the church

K. I'd feel guilty if I didn't

L. It makes me feel good

Social pressures of friends

N. I'd fear God's judgment if I didn't O. I want to get God's favor

P. Persons next to me at worship gave.

The first three ranked in the following order: 1-H; 2-A; 3-E. How do you rate them for yourself?

RANCE YOUNG GOES down after returning an Abernathy punt 10 yards. The versatile Whirlwind played (almost) everything Friday - in additin to returning kicks, Young kicked field gials and extra points, played offensive halfback, quarterback, and defensive halfback.

Hair-raising "I always wash my hair

in beer." "Does that help?" "No, but I've got the happiest dandruff in town."

There's Still Time "Why are you so sure there is no life on Mars?"

"Well, for one thing, they have never asked the United States for a loan."

"When a man is faced with two evils, what is usu-

ally the best choice?" "It's hard to say; but I've noticed most of them pick up the blonde."

HALE HAULS IN a John Cagle pass. Whirlwind end Mike Hale got to Aber nathy's 16-yard line

COACH FROM 1 Hale) and the inside line backers (Tony Goen and David Marricle)

"The big thing about our defense was the pass rush," Wilson said. "Becker got to Riley (Abernathy quarterback Steve) at least six times by himself. They were doubleteaming Bunch and trying to pick up Goen, and Becker did a fine job getting to the quarterback."

About the field goal that brought the score to 35-0 with just eight seconds left in the game - "No comment" - was the Whirlwind head coach's (non) comment. The field goal came shortly after a scuffle that resulted in the ejection from the game of Floydada's Steve Hale and Abernathy's David Thomas. Reportedly, the Antelopes

have worn green practice jerseys duriing workouts all season and were to wear them until they beat Floydada. The feeling around Whirlwind-land Saturday was "They (the green jerseys) had better be pretty durable.
