Remember To Vote, General Election Tuesday

192 Absentee Ballots Cast

According to figures from the County Tax Assessor-Collector's office, 4,505 Floyd County residents are eligible to vote in the general election Tuesday (Nov. 7). The 1972 figure is 101 more than the total eligible to vote in the June primary, but down from the 4,603 registered for the 1970 general election and the 4,820 total in 1968, the last presidential election year. In the 1968 presidential election 3,617 voted in the county.

The Floyd County ballot offers voters the opportunity to vote for one of three parties' candidates for president and vice president, and four parties' candidates in the U.S. Senator and Texas Governor's races. There are three names on the ballot as Lieutenant Governor candidates, two for Attorney General, Comptroller of Public Accounts, and Land Office Commissioner, and three for State Treasurer, Railroad Commissioner and State Board of Education Member.

The opposition on the ballot to the Nixon-Agnew Republican presidential ticket comes from Democrats George McGovern and Sargent Shriver, and Linda Jeness and Andrew Pulley of the Socialist Workers Party.

In the race for U.S. Senator, Democrat Barefoot Sanders and Republican John Tower face opposition from Flores Anaya of the Raza Unida Party and Socialist Workers Party candidate Tom Leonard.

The Texas Governor candidates on the ballot are

Democrat Dolph Briscoe, Republican Henry (Hank) Grover, Raza Unida's Ramsey Muniz, and the Socialist Workers' Deborah Leonard.

Democratic Lieutenant Governor candidate Bill Hobby is opposed on the ballot by Alma Canales of the Raza Unida and Socialist Workers candidate, Meyer Alewitz.

Democrat Phil Cates and Republican Tom Christian are the candidates for State Representative in District 66, in one of the more-publicized races in this area.

The other contested races include Attorney General, John Hill (D) and Thomas Kincaid (SW); Comptroller of Public Accounts, Robert S. Calvert (D) and Anne Springer (SW); State Treasurer, Jesse James (D), Maurice Angly (R) and Ruben Soliz (Raza); Commissioner of General Land Office, Bob Armstrong (D) and Howard Petrick (SW); Railroad Commissioner, Byron Tunnell (D), Jim Segrest (R) and Fred R. Garza (Raza); and Member of State Board of Education, District 17, James M. Binion (D) and James Rominger (R).

There are no contested races at the county level, the Democratic Primary winners being the only candidates listed on the official ballot.

Texas voters will also cast their ballots for or against 14 proposed amendments to the state constitution.

In addition to the four party columns on the ballot this year, there is a fifth column for write-in votes.

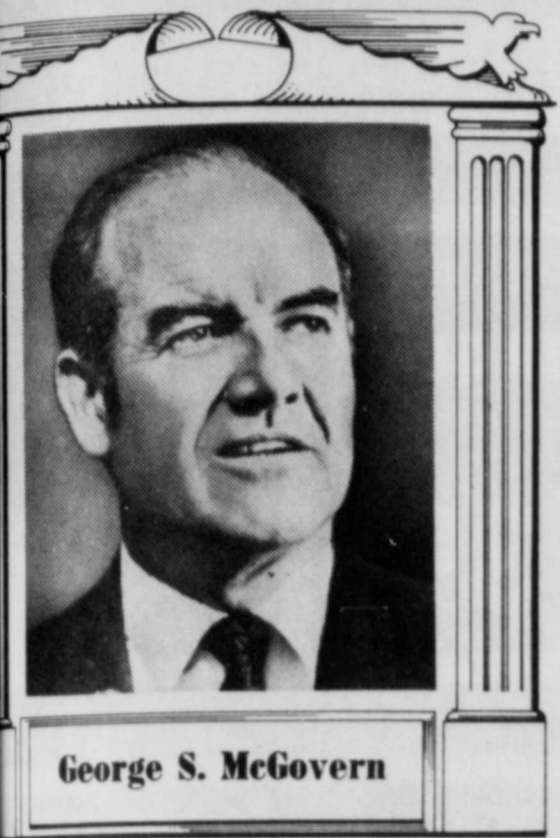

Where To Vote

Sixteen voting boxes will be open from 8 a.m. to 7 p.m. in Floyd County Tuesday. These include the following:

SOUTHWEST FLOYDADA No. 1, Massie Activity Center ALLMON No. 3, Allmon Gin SANDHILL No. 4, Sandhill Community Center EAST LOCKNEY No. 5, Lockney City Hall PROVIDENCE No. 7, Providence Lutheran Church LONE STAR No. 8, Lone Star Community Center SOUTH PLAINS No. 9, South Plains School House CEDAR HILL No. 11, Cedar Hill Baptist Church BAKER No. 13, Baker Community Center GOODNIGHT No. 17, Fairmount Baptist Church WEST LOCKNEY No. 18, Lockney High School NORTHWEST FLOYDADA No. 19, Floydada City Hall DOUGHERTY No. 20, Dougherty School House McCOY No. 22, McCoy Gin SOUTHEAST FLOYDADA No. 23, County Courtroom, Court House NORTHEAST FLOYDADA No. 24, North Hall Court House

Absentee Vote Down From 1968

A total of 192 absentee ballots had been issued at 5 p.m. Friday, the absentee vote deadline, according to County Clerk Margaret Collier. In 1968, the last presidential election year, 212 voted absentee in Floyd County.

Caprock Chat

BY WENDELL TOOLEY

UP TO TULIA Friday night and watched the next two opponents play. Tulia won the game 8-0. I am particularly impressed with either team's offense, but the Longhorns held off the Hornets three or four times on the 35 yard line... good defense.

Probably should have had another TD. Their quarterback made the first play of the game. The receiver was 'way off, near the goal. The ball was perfectly thrown and caught. It looked like 6-0 first play. But the receiver was just as he caught it... and dropped the ball. The Coyboys' Calvin Hill a couple of weeks ago. was set up by a 15 yard penalty that was rough on the penalty for hitting late or piling on. There was unhappiness by the Longhorn fans on this.

Freshmen Play To 6-6 Standoff

The Floydada Whirlwind freshman football team played their Hereford counterparts to a 6-6 tie here Thursday, all the scoring coming in the first half.

The Floydada frosh scored first when quarterback Gregg Goen tossed a 45-yard TD pass to Freddy Selman in the first quarter.

The Hereford ninth-graders came back to knot the score in the second period.

Floydada drove to the Hereford four-yard line in the

fourth quarter and on a fourth-down attempt, missed picking up a first down by a foot.

Defensive halfback Gordon Bond intercepted two Hereford passes, and linebacker Steve Moore, tackle Randy Duke, and cornerback Dwain Kunkel turned in outstanding defensive performances for the Whirlwinds.

The Floydada freshmen play the Hart B team here Thursday at 5:30.

JV 9-0, Beats Soph Herd 34-Zip

The Floydada High School Whirlwind Junior Varsity extended its 1972 football record to nine wins and no losses Thursday night with a 34-0 thumping of the Hereford High sophomores. The 'Wind JV is on a 16-game win streak that extends back to the second game of the 1971 season.

Dario Castillo, Mike Vickers, Malvin Collins, Tony Soto and Lonnie Robinson made the scoring column for the 'Winds.

Castillo scored first, on a 38-yard pass from Vickers in the first quarter. The conversion attempt was no good.

Collins made it 12-0 on a two-yard run, again the points-after try was unsuccessful, and Floydada owned a 12-0 lead at halftime.

Soto ran back the second-half kickoff 85 yards for another Whirlwind TD, and Collins ran over the extras to bring the count to 20-0.

Vickers added another touchdown in the third period, scoring on a one-yard run, and Collins added two points again.

In the final period, Lonnie Robinson got the Whirlwinds' fifth TD of the night, going over from two yards out after Vickers had hit Joel Hendrix on a 20-yard pass play to set up the score. PAT attempt failed.

Collins led the Whirlwind

rushers with 103 yards and a TD on 23 carries. Vickers carried 14 times for 37 yards, and one touchdown; Robinson had 15 yards and a touchdown on three attempts, Ronnie Stewart carried five times for 15 yards, Rusty Holladay netted 12 yards on five tries, and Mark Probasco got 11 yards on five carries.

Vickers completed four of eight passes for 79 yards and one TD. Castillo caught one for 38 yards and a score. Hendrix snared two for a 26-yard total, and Tom Assiter was on the receiving end of a 15-yarder.

Doing a good job for the 'Winds defensively were linebacker Keith Marricce, ends Mike Reves and Hendrix, tackles Billy Fulton and Mark Craig, corner linebacker Sammy Mercado, cornerbacks Mark Probasco and Lyle Suggs, halfbacks Castillo and Soto, and safety man Vickers, who set up a TD with a pass interception. Craig recovered two Hereford fumbles.

The Whirlwind defense allowed only 108 yards, all of it on the ground, and seven first downs.

The Floydada JV closes out its 1972 season next Thursday with a tough game, traveling to Lubbock to play the Monterey sophomores.

Whirlwinds Make It Eight In A Row, Beat Idalou 41-6

(By Jim Huggins)

The Floydada Whirlwinds turned a slim 14-6 halftime lead into a 41-6 rout of the Idalou Wildcats here Friday. Six Whirlwinds got in the scoring column - Mark Vinson, Rance Young, Tony Goen, Jerry Hearon, and Rex Rose put points on the board for Floydada.

After a scoreless first period, Vinson got the 'Winds in business on a one-yard TD run, but Young's conversion kick was no good, leaving the score 6-0 with 9:54 remaining in the first half. A 37-yard burst by Vinson was the big play in the Whirlwinds' initial TD drive.

Vinson tallied again in the second quarter, going the final 13 yards in three carries after Steve Hale recovered an Idalou fumble at the Wildcat 29 and Hearon broke loose to the 13 on the following play. Vinson bulled over from four yards out for the TD. John Cagle passed to Marc Smitherman for the two-point conversion, making it 14-0 with 7:59 left in the second period.

The 'Cats returned the kickoff to their 23-yard line, and four plays later narrowed the 'Winds' lead to eight points, thanks to Randy Nettles and Oscar Rodriguez. Nettles rambled for 37 yards, then Rodriguez scored on a 31-yard pass from Bonney Esquivel. Whirlwind Lynn Becker blocked the point-after kick, and Floydada led 14-6 with 6:14 to play in the first half.

Young's unsuccessful 32-yard field goal attempt with three seconds remaining left the 'Winds with a 14-6 halftime bulge.

The Whirlwinds took the second-half kickoff and marched 80 yards for another Floydada touchdown, the drive sparked by Cagle's passes to Vinson and Smitherman. Jerry Hearon went the final two yards, Young's kick missed the mark, and the 'Winds owned the scoreboard 20-6 with 5:39 left in the third.

The Wildcats found themselves in a deep hole after Danny Bradford trapped the Wildcat kickoff-return man on the nine and, four plays later, punted from their four-yard line. Going to work from the Idalou 40, the 'Winds drove again on the ground, and fullback Rex Rose went the final yard. Cagle hit Smitherman again on the conversion pass, and it was 28-6 in the waning moments of the third quarter.

The Whirlwind defense got on the board in the final period when end Mike Hale blocked an Idalou punt and linebacker Tony Goen scooped up the ball and took it in for the score. A muffed snap and a running attempt by Young failed, leaving the score 34-6 with 9:33 left to play.

Later in the game, David Marricce recovered for the 'Winds at the Idalou one-yard line after a bobbled punt, and following an exchange of fumbles at the one, Young sneaked over from his quarterback position, then kicked the extra point to wind up the scoring with just 10 seconds left on the clock.

Play-By-Play

Idalou's Bonney Esquivel returned the opening kickoff 18 yards to the 22. Three running plays by Ray Esquivel and Modesto Esquivel netted the Wildcats only nine yards, and Rex Isom punted to the 'Winds' 42. Rex Rose brought the ball out to the 46, got another yard, then the 'Winds had to kick the ball away after an offside penalty and an incomplete John Cagle-to-Mark Vinson pass.

Vinson's punt sailed 44 yards to the Idalou 14, and was returned to the 19. The Wildcats again lacked a yard on fourth down and punted to the Floydada 42. After an eight-yard pickup by Vinson, Hearon picked up consecutive first downs at the Idalou 38, then the 24, but a wayward Cagle-to-Mike Hale aerial was picked off at the 20, ending the Floydada threat.

Lee Ann Thompson Named Whirlwind Band Sweetheart

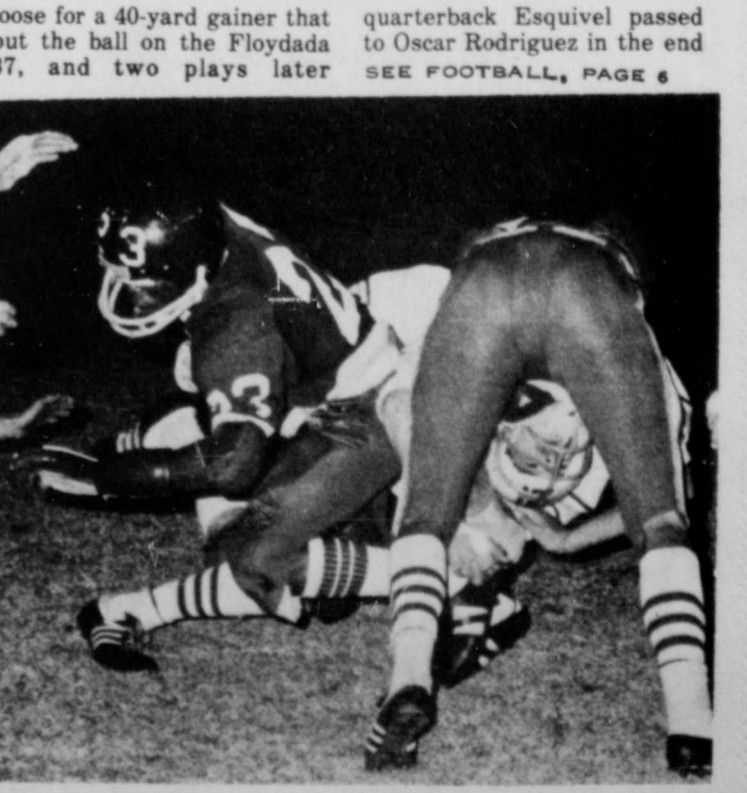

After the Whirlwind band and twirlers Cary Brown and Ester Luna "wowed 'em" with a lights-out fire-baton routine at halftime Friday night, the band presented its 1972 Sweetheart.

Lee Ann Thompson was named Band Sweetheart and received a dozen red roses from band president Kerry Kirk.

Two other senior band members, Carla Moosberg and Reita Fitzgerald, were Sweetheart nominees. The Band Sweetheart is chosen by secret balloting of the band members.

Quintanilla said the potato and carrot pictured here each weighed about four pounds. (Staff Photo by Jim Huggins)

LOCKNEY

Captain Cooper Comes Home

Captain Leonard T. Cooper has returned to his home in Plainview after a 13-month tour of duty in Korea.

Captain Cooper's wife is the former Karen Brown, daughter of Mr. and Mrs. Arthur Brown of Plainview. They have two children, Chris who is eight years old, and Cindy, six years old. Captain Cooper is the son of Mr. and Mrs. W. T. Cooper, Jr. He will spend a weeks leave in Plainview before reporting to next assignment, in Wellington, North Carolina and Mrs. Cooper and children will accompany him.

An Army-career officer, Captain Cooper is in transportation and has been in military service eight years. He went to Vietnam in 1967. He had worked the year before at High Plains Research Foundation.

He graduated from Lockney High School and West Texas State University.

Floydada Christmas Decorations Only Half Paid For

The Floydada Chamber of Commerce Christmas decoration fund is still short of its goal, according to Chamber manager Bill Flynt. Flynt said Friday that just a little over 50 percent of the cost of rebuilding 20 Christmas scrolls had been collected.

The materials for rebuilding the scrolls, for holiday decorations for downtown Floydada, must be paid for by November 12. Flynt said. The

Floydada Chamber, with the help of several local businesses and organizations, is rebuilding more scrolls like those seen for the first time last Christmas in Floydada. Other material for the rebuilding chores is being furnished by Kirk and Sons Hardware and Russell's Shop and Equipment. Southwestern Public Service has been doing the rewiring on the new decorations, and agriculture students at Floydada High School are welding and wrapping garlands on the scrolls. The City of Floydada, Lighthouse Electric, and Southwestern Public Service are in charge of putting up the decorations.

Greenbug-Resistant Sorghum Developed

Two greenbug-resistant sorghum breeding stocks--TAM Bk-41 and TAM Bk-42--have been released by the Texas Agricultural Experiment Sta-

tion. The stocks are agronomically improved sources of resistance to the greenbug but are not yet suitable for commercial production.

They were developed at the Texas A&M University Agriculture Research and Extension Center at Lubbock by Dr. J.W. Johnson, sorghum breeder, and Dr. G.L. Teetes, entomologist. A grant in aid for the project was provided by the Texas Grain Sorghum Producers Board. Johnson said TAM Bk-41 and

42 are being released to expedite development of a wide range of commercially acceptable greenbug-resistant sorghum hybrids. "Greenhouse and field trials have shown the sorghums to be highly tolerant to greenbugs in both the seedling and adult plant stages of growth," Johnson said. "Preliminary studies

indicate that insecticide not be required to protect plants possessing the Bk-41 and Bk-42."

MRS. VICTOR LEE SMITH

Miss Nancy Davis And Victor Lee Smith Wed Saturday In First Baptist Church

The First Baptist Church in Floydada was the setting for the Saturday, November 4 wedding of Miss Nancy Carol Davis and Victor Lee Smith. Dr. Floyd C. Bradley, pastor, performed the double ring ceremony.

Mr. and Mrs. Melvin Davis, 801 W. Virginia, Floydada, are parents of the bride. The groom is the son of Mr. and Mrs. Billie Jo Smith, Route 1, Floydada.

Branched candelabras, accented by mums and set in front of elevated palm leaves formed the wedding scene. Hurricane lights were at either

side. Bridal aisles were marked by orchid bows.

Mrs. Bill Hardin was organist and Mrs. Johnny Reed of Lubbock was pianist. Selections of "More" and the "Theme from Love Story" were sung by Mr. and Mrs. Hollis Payne.

The bride, given in marriage by her father, wore a French lace original over taffeta. The gown was fashioned Empire style with a high ring neckline of scalloped lace. A redingote effect formed the three dimensional satin ribbon laid down the front. A lace bow in the back gently gathered a

sweeping chapel length train. Long, full sleeves of lace were gathered below the elbow to slim cuffs, which were caught with satin buttons.

Her veil of mantilla fell elbow length and descended from a flat rose crown of pearls and beaded lace. She carried a bridal bouquet of white sweetheart rosebuds, centered by a white orchid and carried on a white prayer book.

Miss Cindy Day was maid of honor and Miss Darla Milton was bridesmaid. They wore long skirts of deep purple velvet, accented at the waist with velvet orchid ribbon. The

HELLO WORLD

Mr. and Mrs. Price Pritchett of Chicago, Ill., are parents of a new daughter, Julie, who was born Nov. 1 at 10:30 a.m. The young lady weighed eight pounds, 10 and one-half ounces at birth. She has an older sister, Kimberly Paige, who is two and a half. Pritchett is a psychologist for a business consultant firm in Chicago.

Grandparents are Mr. and Mrs. E. P. Pritchett of South Plains and Mr. and Mrs. Essie Moore of Austin.

Baptist Women Meet In Home Of Mrs. Bunch

Baptist Women of The First Baptist Church met in the home of Mrs. W. H. Bunch Wednesday morning, November 1 for Mission Study.

Mrs. Bunch, president, presided over a short business session. She announced Mission book, "Europe-A Mission Field" written by J. D. Hughey, will be taught Wednesday, November 15 at 10 a.m. A covered dish luncheon will be served during the noon hour.

Mrs. W. S. Simmons was elected Baptist Women's reporter. Mrs. C. O. Parson read the Calendar of Prayer, and Mrs. Ralph Johnston voiced prayer.

Mrs. Floyd Lawson was leader of the Mission Program, and Mrs. Elna Ellis, Oleta Collier and Mrs. W. O. Newberry assisted with the program.

Mrs. Floyd Bradley voiced the closing prayer.

Coffee and cake were served to the following members:

Mmes. Floyd Bradley, Arnold Ratheal, W. O. Newberry, Floyd Lawson, O. G. Mayfield, O. O. Parson, T. L. Holland, Oleta Collier, Glen White, Ralph Johnston, Elna Ellis, W. B. Cates, May Garrett and the hostess.

bodices of white dotted swiss were of Empire design with white lace lining the low necklines and used again on the puffed sleeves. They carried colonial type bouquets of mixed pom poms of purple and orchid.

Alan Daniel of Lubbock, cousin of the groom, was best man. Ushers were Johnny Dunlap, Floydada and Michael Wortman, Lubbock, cousin of the bride. Johnny Smith, Floydada, brother of the groom, was groomsman.

Miss Nancy Winter registered guests.

A reception in Fellowship Hall of the church, followed the ceremony. Miss Donna Wortman, Lubbock, Mrs. Ernest Young, Stephenville, Miss Laura Campbell and Miss Debra Smith, Floydada, served.

A white cloth, trimmed in chantilly lace, covered the serving table. Attendants' bouquets, placed around a wedding candle formed the centerpiece.

After a trip to Santa Fe, New Mexico, the newlyweds will reside on Route 1, Floydada, where the groom is engaged in custom farming.

Both are graduates of Floydada high school.

County Farm Bureau Queen To Complete In State Finals

Miss Karen Willis of Floyd County will represent District 2 in the state finals of the 1972 Texas Farm Bureau Queen Contest to be held Monday evening, Nov. 13 in Houston. Daughter of Mr. and Mrs. Kenneth Willis of Floydada, Miss Willis was selected to represent this area in a recent district elimination.

The District 2 nominee will compete with 11 other district

Lockney Jolly Stitchers Meet

The Lockney Jolly Stitchers Club met October 26 with Mrs. Hilburn Casey. The afternoon was spent in doing handwork, and plans were also made for the Thanksgiving dinner.

Delicious refreshments of pie, coffee and spiced tea were served to Eathyl Marble, Mamie McGee, Grace Colson, Robbie Latimer, Johnnie Jones, Vera Duvall, Bobbie Jolly, Mable Andrews and the hostess, Mrs. Dorris Casey.

Golden Agers Meet In Lockney

The Golden Agers met Wednesday, November 1, at the Rebekah Lodge. Rev. Frank Oglesby gave the devotional. There were nineteen members present at the 10 a.m. meeting. Those present were: Mr. and Mrs. C. A. Gloyna; Mrs. Olive Myers;

RICKY BENNETT HOME FROM MARINE CAMP

Ricky Bennett, son of Mr. and Mrs. Harold W. Bennett, arrived in Lubbock by plane Friday night to spend this week with his parents and other relatives.

Ricky is a recruit trainee at the Marine Base in San Diego, Calif. He will report back to the base Nov. 14.

Miss Thrasher Is Member Of AWSCPA

Eileen J. Thrasher, CPA, daughter of Mr. and Mrs. Leo Thrasher of Floydada, has been voted membership in the American Woman's Society of Certified Public Accountants by its Board of Directors.

The AWSCPA, a national society, was formed in 1933 to advance the professional interest of women certified public accountants and encourages their participation in other technical accounting organizations.

Eileen, a 1963 graduate of Floydada High School, obtained her B. A. degree from North Texas State University and her CPA certificate from the state of Texas. She is presently affiliated with Atlantic Richfield Co. in Dallas.

FLOYD DATA
Mrs. Lon V. Smith and Mrs. Ralph Johnston attended the WMO State Convention Monday and Tuesday in Abilene.

winners at the state contest which will be held in conjunction with the 39th annual meeting of the Texas Farm Bureau. The state winner will receive expenses for herself and matron escort to attend the American Farm Bureau Federation convention to be held in Los Angeles during December.

A 17-year-old senior in Floydada High School, Miss Willis is 5'4" and has blue eyes and brown hair.

Miss Willis is active in school and church activities. She has been on the school annual staff 2 years and this year is assistant editor. Other activities include 3 years with the International Club, a member of the National Honor Society, varsity cheerleader, Future Homemakers of America, and senior class secretary. She is also a member of 4-H and active in the Floydada First Baptist Church.

Miss Willis says she plans to attend college next year and probably study art. Her hobbies include oil painting, reading, and raising steers for show.

Mary Cooper, Mattie Manis, Mr. and Mrs. Hugh Marble, Ethel Mitchell, Mr. and Mrs. H. Cunningham, Dimple McGavock, Grace Byars, Mr. and Mrs. C. H. Rose; Mrs. Viola Mullins, Henry Ford, Mrs. Bob Knox, and the guest, Rev. Frank Oglesby.

Mrs. Denison Hostess For '29 Study Club

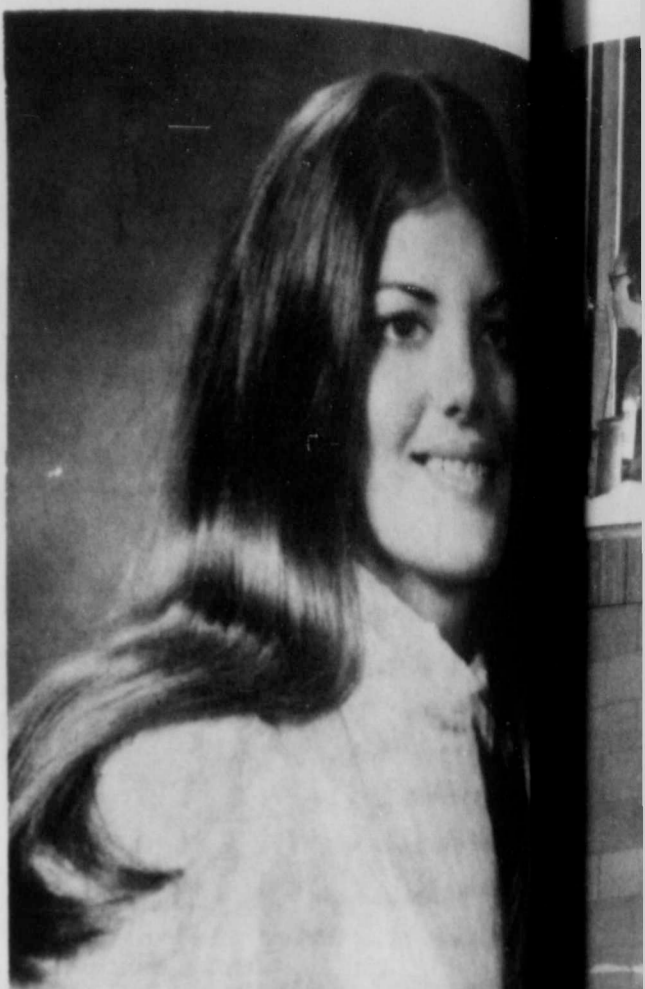

Mrs. C. W. Denison was hostess to members of the 1929 Study Club Thursday afternoon in her home. Club president, Mrs. Q. D. Williams, presided during the business session at which time club projects and goals were discussed. Members also contributed a donation for the State Hospital in Wichita Falls.

For the program Mrs. Jimmy Willson was guest speaker and reviewed the book, "Invitation To Joy" given from memory in her own gracious way and in first person. Club members commented the review was most interesting and given in a delightful manner.

All club members and two visitors, Mrs. Ernest West and Mrs. Jimmy Willson were present for the meeting. Members included Mmes. J. A. Arwine, Vance Campbell, J. A. Colston, C. W. Denison, Clarence Goins, Sam Green, Clay Henry, Lee Rushing, Clement McDonald, C. M. Meredith, S. J. Ross and Q. D. Williams.

Next club meeting will be December 7 with Mrs. Clarence Goins. Mrs. C. M. Meredith will be assistant hostess. All club members are to bring a gift for Christmas exchange.

There are too many do-gooders and organizers and not enough quiet humanitarians among us.

KAREN WILLIS

1966 HOMECOMING QUEEN OF MATADOR (Dorothy) Campbell, returned to over the weekend to attend Homecoming in which her third grade school teacher, Mary Hamilton Meason, left, was honored. Meason was Homecoming Queen in 1966. Above photo was taken the year Mrs. Meason reigned as Homecoming Queen. She is resident of Floydada.

Floyd County Pioneers Honored By Crosby County Old Settlers Group

County Judge J. K. Holmes received recently, on behalf of Floyd County, a certificate of appreciation awarded by the

West Texas Pioneers and Old Settlers Association of Crosbyton. The certificate reads: "This

certificate of appreciation is awarded by the West Texas Pioneers and Old Settlers Association to Floyd County and its pioneers for settling the West and developing the cattle and farming industries of West Texas. Through their efforts West Texas has become the greatest agricultural and

livestock area of modern times." Crosby County Judge Robert Work presented the certificate to Holmes. Similar certificates were presented to Garza and Briscoe Counties. Holmes said the framed certificate would hang in his court house offices.

FLOYD DATA
W. H. Hilton and J. B. Grundy returned home Thursday from the coast where they visited relatives. They were guests of Mr. Hilton's daughter and J.B. Grundy's brother, Mr. and Mrs. Billy Grundy at Port Aransas and another daughter of Mr. Hilton's, Mr. and Mrs. J. O. Johnson at Grant Shells, Texas.

County Youth Get Scholarships

Two Floyd County youths and students at Texas Tech University, were recipients of scholarships Thursday night at the 45th Annual Pig Roast held at Livestock Pavilion in Lubbock. Approximately 70 students were awarded scholarships during the program.

James F. Hinton, son of Mr. and Mrs. Henry Hinton of Floydada, received a \$1,000 scholarship from Houston Livestock Show and Rodeo, and the \$700 C. J. "Red"

Davidson Scholarship went to Richard Brock, son of Mr. and Mrs. Harold Brock of Lockney.

"Don't confuse me with the facts about electric heat"

You think electric heat is a great way to heat a house. Right? But, you won't even think about it for your house because of the cost? Think again. This time, with a factual cost estimate that can prove how inexpensive electric heat can be. In your house. You have everything to gain and nothing to lose but the time for a phone call. Ask us for a free estimate. It's a real eye-opener.

Lockney Homecoming

By Kay McCarter and Donna Quisenberry

The Activities Planned for "Homecoming '72"

10 a.m. Registration at front of Lockney High

10:30-11:30 Receptions and teas for ex-basketball girls, cheerleaders and twirlers

11:30-1:30 Student Council will serve lunch in the Homemaking Lab.

1:30 General meeting and Memorial Service in the Gym

3 p.m. Pep Rally in the Gym

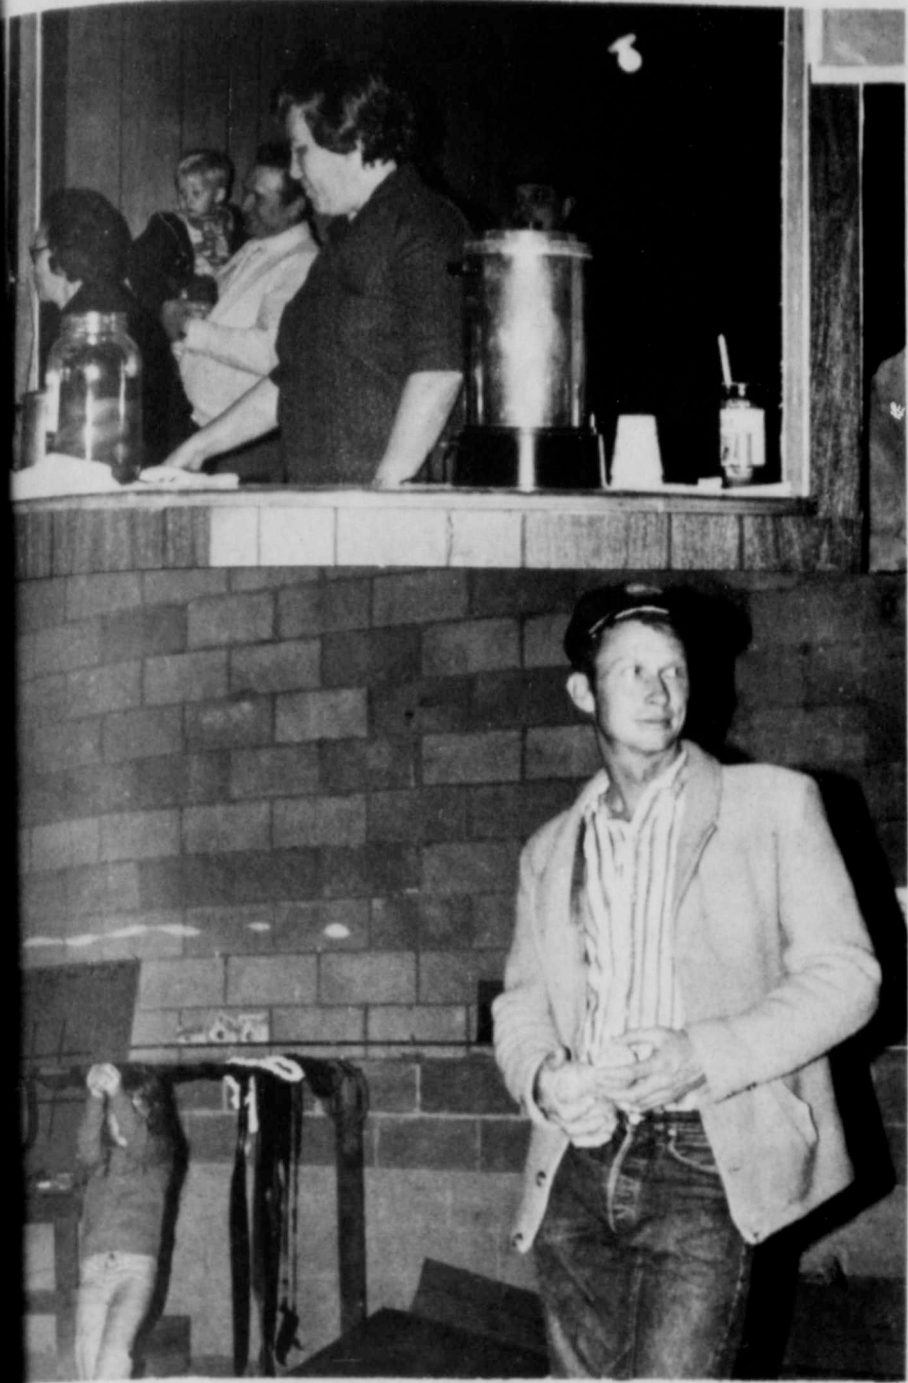

4 p.m. Class Reunions at Elementary School

5-6:30 Barbecue at Elementary

7 p.m. Pre-game activities

7:30 LOCKNEY VS. FLOYDADA

10 p.m. Dance for the Exes at the American Legion Hall

ON STAND AT LOCKNEY HALLOWEEN CARNIVAL features Blenden, George Sparkman, Mrs. Bill McCarter and Ted Carney DAVIS is pictured at the dunking board booth in the lower (Staff Photo)

FLOYD COUNTY FARM FACTS: First Your Wheat - Now It's 19¢ Cotton!

- FACT:** Although farmers heeded the advice of the USDA and planted more cotton, the bottom fell out of the cotton market.
- FACT:** The USDA has refused to raise the cotton loan rate above the present 19.5¢ per lb. for the 1973 program even though the present law allows the Secretary of Agriculture to set the loan as high as 24¢ per lb.
- FACT:** Average support price for cotton here on the South Plains will be 16¢, according to the Lubbock Co-op Marketing Association.
- FACT:** No loan base raise for this year or next, according to the Lubbock Co-op Marketing Association.
- FACT:** The Wheat Scandal, the fall of the cotton market, as well as the Agribusiness Accountability Project in-depth studies of the USDA, has shown that while farmers may benefit from some official policies, any benefits trickle down to farmers only after windfall profits have been guaranteed to giant corporations.

- FACT:** A number of top men at USDA want a new census definition of a farm before mid 1973. Minimum annual gross sales of \$5,000 is what is being talked about.
- FACT:** The Senate Wheat Resolution (S. RES. 136) directs the Nixon Administration to reopen the International Wheat Agreement negotiations to include minimum prices and related provisions. The Administration has ignored the unanimous Senate Resolution.
- FACT:** Five officials of Cargill, Inc. gave a total of \$12,000 in political contributions to the Committee to Re-elect the President one day before House hearings on the Russian wheat scandal. Cargill was second only to Continental Grain in its wheat sales to the Soviets. Cargill board chairman, Erwin E. Kelm, said the timing of the contributions was purely coincidental.
- FACT:** A class action suit against Clarence Palmby and six grain companies was filed by wheat farmer Edgar Cleveland, who is suing on behalf of 50,000 Oklahoma producers. Cleveland contends the former assistant secretary and the grain companies were part of a conspiracy in the Russian wheat sale which cost Oklahoma farmers thousands of dollars.

"ADAPT OR DIE, RESIST OR PERISH . . . AGRICULTURE IS BIG BUSINESS. MANY PEOPLE ARE TRYING TO STAY IN AGRICULTURE THAT WOULD BE BETTER OFF SOMEPLACE ELSE."

DAMAGE . . . Duncan Elementary School principal W. P. Nicholson, janitor W. W. Gentry, and police chief Tom Hopper look at east doors of the school. Several windows in the doors were broken Wednesday or early Thursday. (Staff Photo by Jim Huggins)

Broken At Duncan School

Several windows in two doors and a door were broken at Duncan Elementary School sometime between 7:30 a.m. and 4:30 p.m. Wednesday. School janitor W. W. Gentry discovered the damage about 7 a.m. Thursday when he "opened up." Gentry said the glasses were intact when he left the building at about 4:30 p.m. Wednesday. The school principal said the small door windows had been broken several other times, but Wednesday night was the first time the large glass over the doors had been broken.

Estes Elected

Dormitory VP

ABILENE — The men on McMurry Campus have elected their Dormitory Council for the year. One student from Floydada was elected vice president for Hunt Dormitory. He is Mark Estes, son of Mr. and Mrs. Claude Estes, 801 Cedar, Floydada. Mark is a junior at McMurry.

FOOTBALL FROM PAGE 1

zone to put the 'Cats back in the game. Whirlwind Lynn Becker blocked the extra-point kick and the 'Winds still owned a 14-6 lead which they carried to the dressing room at halftime.

Vinson pulled off a 44-yard kickoff return, and it looked as if the 'Winds might hit paydirt again before the half, as they drove to Idalou's 30 before

Second Half

Vinson took Mauro Rocha's kickoff from the one to the Whirlwind 20, and the 'Winds drove 80 yards in 14 plays: Hearon got six, then seven yards, Rose picked up another five, Vinson picked up seven yards and a first down at the Whirlwind 45, Rose got to mid-field, and Cagle hit Smitherman for a first at the Idalou 44, then connected with Vinson for another 19 yards. Rose, Vinson and Cagle divided the running for a while, Cagle keeping the drive alive with a one-yard fourth-down plunge. Cagle tossed to Smitherman, moving down to the Idalou four, then Hearon got the call and went two yards after an offside call on Idalou. Young's kick missed again.

Danny Bradford ripped down the Idalou kick-off return man after he bobbled the ball, and the Wildcats had to go to the attack from their own nine-yard line. Whirlwind linebacker Tony Goen dropped Esquivel for a six-yard loss, forcing the punt from the end zone.

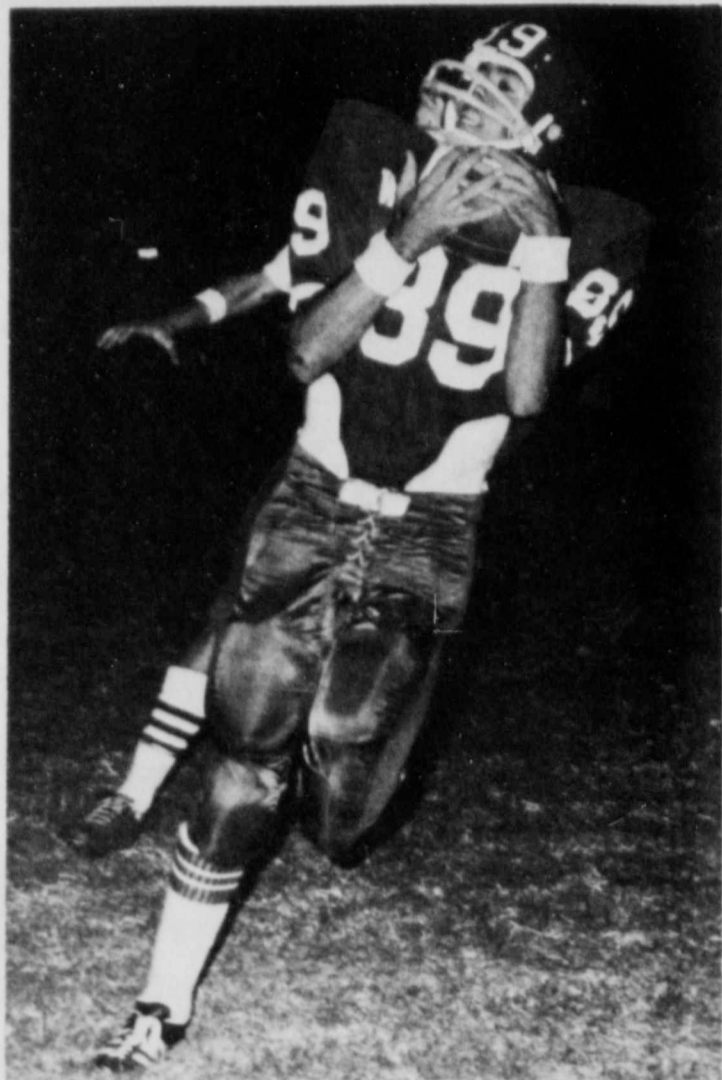

Going to the offensive from the Idalou 35 after Young returned the kick five yards, the 'Winds stayed on the ground, eating up the rest of the third-quarter clock before scoring with 37 seconds left in the period. Vinson accounted for 20 of the 35 yards, on five carries. Hearon picked up seven, and Rose got the rest, including the final step for the TD. Once again, it was Cagle-to-Smitherman, good for the two-point conversion.

Idalou had picked up a single first down and advanced to their 42 before losing ground back to the 37 and sending in the punt team. Mike Hale blew in and blocked the effort, and Tony Goen scooped up the ball and racked up six points for the Whirlwind defense.

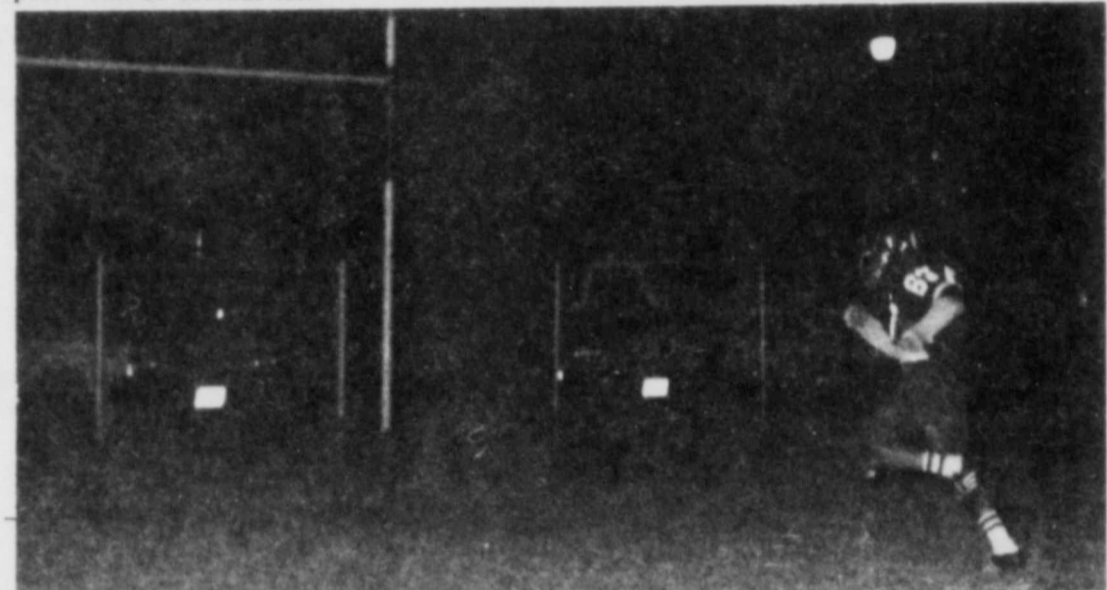

The Wildcats started a drive from their 20 after Young's kickoff went into the end zone, and the Whirlwinds couldn't stop 'em until they had reached the Floydada five-

losing the ball on downs. The Wildcats couldn't go and had to punt. Young made it to his own 48 with the return, then Cagle carried twice for a 19-yard total and, after a late-hit penalty, the 'Winds had the ball at the Idalou 15-yard stripe. Young tried a 32-yard field goal with three seconds left in the half, but the effort went awry.

yard line, where the ball went over on downs. Esquivel completed passes of nine, 19, and 12 yards to Ray Winter, Rodriguez, then Winter again, and the 'Cats were aided by a face-mask penalty that took the ball down to the Floydada 11. In the shadow of the goal posts, the Floydada defense stiffened, and the 'Winds took possession at their own five. On the first play thereafter, Cagle kept and picked up 28 yards, then passed to Hearon for another 11. Hearon swiping the ball from an Idalou defender. The 'Winds bogged down at mid-field and Vinson punted — but the Idalou return-man muffed the catch, and David Marricla recovered at the Wildcat one. A carry by Rick Fuller was stopped short of the goal, and after the teams exchanged fumbles there, Young, in at quarterback, sneaked over for the TD, then tacked on the Whirlwinds' 41st point with 10 seconds left.

CAGLE'S PASS . . . to Marc Smitherman was good for 15 yards to the Idalou four, in a third-quarter touchdown drive. (Staff Photo by Jim Huggins)

WHIRLWIND DEFENSE SCORES . . . Tony Goen heads for a Whirlwind touchdown after a blocked punt in the fourth quarter. (Staff Photo by Jim Huggins)

SURROUNDED BY WILDCATS . . . Whirlwind halfback Mark Vinson nears the end of a seven-yard carry at the Idalou 25-yard line. (Staff Photo by Jim Huggins)

Wilson said he thought the Whirlwind backfield, as it is now (Rex Rose at fullback, Mark Vinson and Jerry Hearon at the halves, John Cagle at quarter) . . . gives us real good balance. Rose did a fine job Friday night blocking from his fullback

position, and we were also pleased with the blocking of our halfbacks." He mentioned Vinson's wipe-out of Bonney Esquivel on a 28-yard keeper by Cagle.

Mike Hale, who played Friday with a strained ligament in the back of his leg, blocked a punt in the fourth quarter and Tony Goen took it in for a Whirlwind score. "Mike slipped in practice Wednesday," Wilson told The Hesperian, "and he was a doubtful participant right up to game time. But he did a fine job for us, playing at half speed."

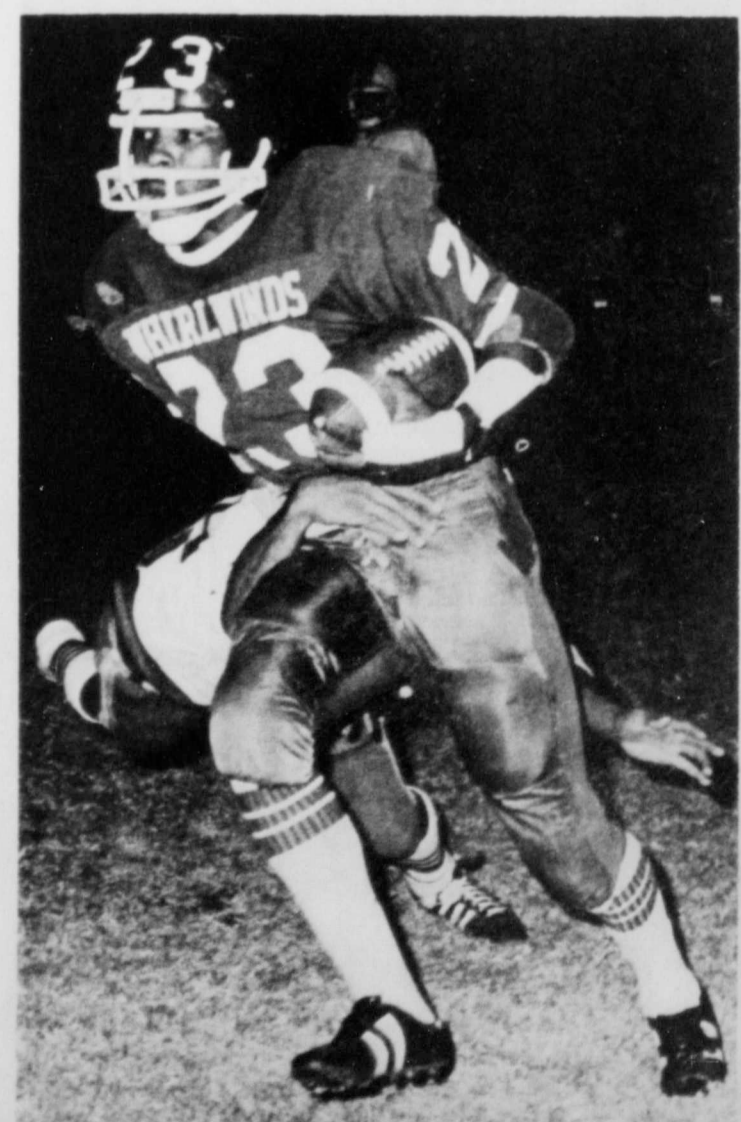

what happened to Rance Young's kicking game? "We felt that our inability to work out on Tuesday (the day the 'Winds normally work on the kicking game) threw Young's timing off." He kicked a few Thursday but didn't work on the kicking much . . . Young will get his timing back."

Lynn Becker led the 'Winds in tackles, getting in on 12 assists and one unassisted tackle, and David Marricla was in on 10 assists, made two doubtful participant right up to game time, and recovered an Idalou fumble at the one-yard line, setting up the 'Winds' final TD.

★★★ COACH'S COMMENTS

Whirlwind head coach L. G. Wilson expressed satisfaction with his 'Winds' offensive effort against Idalou Friday night, but said the defense . . . could have done a better job — and will have to do a better job, if we continue to win.

However, he added, although the defensive was "not real crisp and sharp" Friday, it could be contributed to the fact that the 'Winds were not "sky-high" for the game. "We realize that we'll have to get 'up' for Lockney next week, then Tulia," Wilson said, and added that trying to get a team "up" three weeks in a row is "something else."

HEARON SLIPS A TACKLE . . . enroute to a 14-yard gain that put the ball on Idalou's 24-yard line in first-quarter action Friday. (Staff Photo by Jim Huggins)

Floyd County's Biggest Sheep Herder.....Hubert Frizzell

Hubert Frizzell, herder of seven of Lockney, has more sheep

Hubert says, "I had 1200 on feed last year over 10,000 at one time. The market gets better every year. Hubert stays in business year out. The price is now." Hubert has been on buyers all over moving out the sheep for market. He raises sheep, not lambs in the or Colorado. He prefers the two full time sheep as farming a He is presently new feed barn to his feeding sheep. He got into lamb accident, and on the initial he surprised he after one try. He year to strip before he grain. He had any times and out the lambs after they had

FARM REVIEW

finished working the maize field.

They didn't make any money. In fact, the first several strings of lambs made no money. But Hubert found he enjoyed handling lambs. He kept going back for more, and over the years a majority have made some profit.

On the other hand he has given up feeding cattle for himself though he sends some to commercial lots to be fed. "They can feed cattle cheaper than I can do it at home," he says. "But I can feed lambs cheaper than a commercial lot."

Hubert contends that lambs take closer supervision than cattle. "The man who is carrying the pocketbook had better be in those lamb feedlots himself," he says.

He gives all shots personally, for the security it gives him to know it was property done. Only in a pinch does he delegate the drenching chore to somebody else.

He has the feed mixed at a

commercial mill in nearby Lockney and has 2 trucks to haul it to the place. He feeds the lambs 5 or 6 times a day to keep it fresh. Whenever possible, Hubert goes into the lots with the feed truck, for he finds that a good time to observe the lambs. He likes to see them often.

"When you see something wrong, you can't wait around until tomorrow to do something about it. At least, you'd better not. If someth goes wrong and you don't see it, you can be in trouble in a hurry," he said.

The most common problems he encounters in the feedlot are overeating disease, water belly and scours, which corresponds to the experience of most other Texas lamb feeders.

After a set of lambs gets off to a good start, he pushes their ration up to almost 100 per cent concentrate. They begin on alfalfa and other roughage, but he uses his own judgment rather than a set timetable in weaning them off of the roughage onto the hot ration. One set of lambs may make the transition quicker than another, so he plays it by ear, or better said, by "eye."

Hubert is the only man feeding lambs in his immediate area. Nevertheless, he has not found this a handicap in selling them. Sometimes they go to Fort Worth, sometimes to San Angelo, sometimes to Denver or Greeley, Colorado.

He obtains his feeder lambs principally in Southwest Texas, from San Angelo or farther south and west. In the fall, when the New Mexico feeder lambs are moving, Hubert usually tries to get a string of those, too. He likes a crossbred lamb for feeding rather than a straightbred lamb because in his experience they fatten

faster. He likes a lamb with good bone; get good bone and the quality will follow, he says.

After a dozen years he has not reduced lamb feeding to any pat formula, or found any way to set up a schedule and follow it. Hubert finds too many variations, too many surprises. "That's why it pays to be here all the time."

Pioneer Natural Declares Dividends

AMARILLO, TEXAS... October 30, 1972... The board of directors of Pioneer Natural Gas Company, at their regular meeting held today, declared a quarterly dividend of 21 cents per share on the outstanding common stock, according to Burton P. Smith, president and chief executive officer. The dividend will be payable December 1, 1972, to stockholders of record on November 15, 1972.

Consolidated net income of Pioneer Natural Gas Company and subsidiaries for the quarter ended September 30, 1972, amounted to \$1,591,903. This compares with \$1,665,135 for the third quarter of 1971. Consolidated net income for the first nine months of this year amounted to \$7,409,550 compared to \$6,886,757 for the same period in 1971.

Earnings per share for the third quarter amounted to 21 cents on 7,468,132 shares outstanding during this period. This compares with 22 cents per share on the 7,468,132 average number of common shares outstanding at the end of the same period last year. Earnings per share for the first nine months of 1972 are 99 cents compared to 92 cents per share for the same period in 1971.

The report for the third quarter operations of the company will be mailed to the stockholders about November 9.

He manages to turn out lambs unusually high in yield, which in most cases means a little premium over the average going price.

Though he operates a section of irrigated cotton and maize, Hubert is more likely to delegate much of this responsibility to someone else and spend a large part of his time around the lambs. He doesn't find that the row crops need the personal supervision that his lambs do.

"I don't know why I enjoy

lambs like I do, as much hard work as they are," he comments.

Years ago Hubert used to

grow vegetables extensively, including onions, lettuce, cantaloupes and cabbage. But they required a lot of water, and he had to give them up as the lower plains water supplies declined.

A vote for AMENDMENTS

PAID POL. ADV. BY LOCKNEY LOCAL UNIT T.S.U.A.

The Great Grain Robbery

On July 8th, the Nixon Administration announced an agreement to sell \$750 million worth of American grain to Russia - a potential boon to farmers.

But the Administration pulled a fast one. It concealed the size of the potential wheat deal from the farmer, so that about five big corporate wheat traders could be

given secret information enabling them to reap wind-fall profits.

Unsuspecting Texas farmers sold their wheat at only \$1.30 to \$1.35 per bushel.

Had the Administration been truthful with them, they would have held their wheat and waited for higher prices - which are currently soaring at \$2.10 a bushel.

LOCKNEY 4-H CLUB NEWS

Lockney 4-H met at 7:30 at the High School. They brought the deer and Denise led the roll. Present were: Janie Archer, Derra Brock, Darlene Bybee, Ronnie and Roxanne and John David, Jody and Bryan Hayes, Christie Jack, Denise Johnson, and Howard Moore, Lisa Spencer, Greg Jim Bob and Ronee Thorn. Troy Turley,

Kevin and Stephanie Turner, Lane Turner, and Virginia and Mark Mangum.

During the meeting, we discussed the 4-H achievement Banquet which is held every year. This year Lockney, Lone Star, and the Dougherty 4-H clubs were in charge of decorations for the banquet. Arrangements were made to decorate the Lockney Grade School Auditorium at nine thirty Saturday morning.

Members from the Lone Star 4-H who attended this meeting to help make decorations Tuesday night were Jackie Lou Holt, Gay McPherson and Kristie, Kellye and Curt Ford. Doyle Warren and the county agent also attended the meeting.

Texas Farmers Were Cheated Out of 75¢ to 85¢ on Every Bushel Sold.

Two Nixon Agriculture Department officials gave essential information which enabled wheat traders to quietly buy up all the wheat available at low prices in anticipation of huge profits. Those officials were then rewarded with *lucrative executive positions* with the grain companies.

Assistant Secretary of Agriculture Clarence Palmby, who was said by a high ranking USDA official to be the man most responsible for the U.S.-Soviet grain deal, left his office one month before the announcement of the deal to become vice-president of Continental Grain Company, the largest participant in the Soviet trade. Palmby was replaced by USDA by Carroll Brunthaver from Cook Industries, another of the grain traders participating in the Russian deal.

Clifford Pulvermacher, general manager of the USDA export marketing service, also accom-

panied Agriculture Secretary Earl Butz to Moscow. In June, he left the USDA to become Washington representative for another major grain trade participant, the Bunge Corporation. There was a job opening at Bunge because George Shenkin had left earlier to become Pulvermacher's assistant at USDA.

The evening of Sept. 29, Walter Cronkite, the Texan who gives the CBS Evening News, exposed even worse information. The Nixon officials let the big corporate supporters cheat the taxpayers out of tens of millions of dollars more than the subsidy program intended!

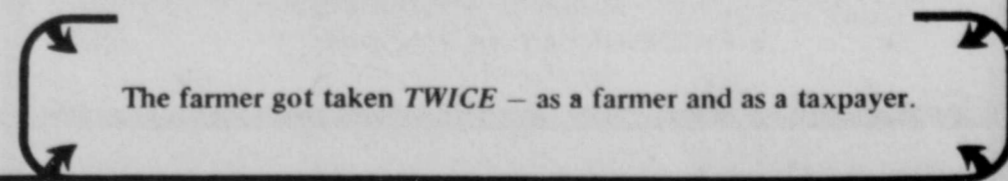

Take a minute. It's a little complicated, but this is how Texas farmers got taken.

Texan Cronkite explained - By midsummer the word was out and the price of wheat was zooming up. Nixon's fat-cat corporate friends had already made a killing *buying* our farmers'

wheat. Now they made a double-killing on *our own government*.

The export companies sold the wheat to the Russians at still low prices; but Nixon's people in the government let the exporters wait to "register" the sale for weeks and weeks as the price shot up. Thus, Nixon paid the exporters a huge subsidy - an *added bonus* - based on the high price when they finally registered the sale, weeks after the actual sale. When the Nixon Administration finally did set a final date for exporters to register their sales, it gave them a full five days. CBS News figured the "special subsidy" in those five days cost the taxpayer about EIGHTY MILLION DOLLARS.

As Cronkite explained, the "U.S. price" already included a reasonable profit for the exporters. They got tens of millions *extra* profit on the farmers' wheat.

MAC Meeting Monday Night

President of the Massie Activity Wendell Tooley reminds all MAC board members to attend the regular monthly meeting Monday night. The meeting will be in the MAC at 7 p.m., and several items of business must be conducted.

It is not good to be too free. It is not good to have everything one wants. -Blaise Pascal.

TOM CHRISTIAN STATE REPRESENTATIVE

TOM CHRISTIAN

"stop wasteful spending"
As the parents of four children, Tom and Anne recognize the responsibility of providing a wholesome atmosphere around the home and neighborhood. Food, clothing, medical bills... all must be paid out of take-home pay. Waste in government spending creates an unnecessary tax burden on every family.

TOM CHRISTIAN

"more jobs, better wages"
With the knowledge that comes from first-hand experience, Tom knows that new industries are needed to create more jobs. His ability to work with all levels of government to create job opportunities for the Panhandle is proven by his efforts in helping to establish the Texas State Technical Institute.

TOM CHRISTIAN

"water is vital to us"
Tom, a Navy veteran, is a man who has earned a living by farming and ranching. He knows the need for water. Conservation and increased supply are two key factors in the program that must be developed to meet future water needs. Tom has earned a reputation in the Texas Legislature as an effective leader in the agriculture industry.

DR. HUGH RITCH AND TRAVIS JONES CO-CHAIRMAN OF CITIZENS FOR CHRISTIAN

SCOUT TROOP 297 . . . Four new Girl Scouts were invested, 20 members rededicated in ceremonies held Tuesday by Floydada Girl Scout Troop #297. The Girl Scout troop's adult leaders are Mrs. Latham, Mrs. Lloyd Allen and Mrs. Ken Weaver. (Staff Photo by Jim Huggins)

BOYS AND GIRLS YEARLY BANQUET

Four year pins were awarded to Mark Sherman and Dar Lee McPherson of the Lone Star Club; and Jill Probasco and Danny Colston of the Floydada 4-H Club. Fifth year pins went to Lisa Scheele, Gregg Taylor, and Karen Latimer of the Lockney 4-H Club; Quinn DuBois of the Cedar Hill Club; Curtis Smalley, Mark Miller, and Scott Patterson of the Harmony Club, and Jay Womack of the Floydada 4-H Club. Six year pins went to Millard Patterson, and Van Miller of the Harmony Club; Leslie Sinor of the Floydada Club; Marcia Fortenberry and Bonnie Jack of the Lockney 4-H Club. Seven year pins were awarded to Ricky Pool of the Harmony Club, and Ginger Henderson of the Lone Star 4-H Club. Eight year pins were given to Pam Patterson of the Harmony Club; Tom Lovell and Lee Sinor of the Floydada 4-H club. Nine year pins were given to Craig DuBois of the Cedar Hill 4-H Club; Sam Fortenberry of the Lockney Club; Karen Willis and Kay Russell of the Floydada Club; and Patsy Schulz of the Harmony 4-H Club. The ten year pin awards went to George Finley and LuAnn Lovell of Floydada.

On a cold day why does one not hear the buzz of insects, so common in warmer weather?

Practically all insects die or become dormant when the temperature drops below a certain point. The experts have figured out the exact temperatures at which bees, bugs and other creatures cease all movement.

Bees, for example, will cease their activities at about 50 degrees. If the temperature is less than 50 degrees you will not hear or see a bee. The exact degree at which other insects and bugs become inactive has been a subject of careful study, which seems to prove that the behavior pattern seldom, if ever, varies.

Natures laws, then, are better obeyed than most of man's.

The ten year pin awards went to George Finley and LuAnn Lovell of Floydada.

Work On New Dining Hall Starts At Baptist Retreat

Heading forward to the building of a new dining hall, the Plains Baptist Assembly is working on the new building which will be completed in 1973. The new building will be located on the south of the existing building and will be a 15-acre site about 1/2 mile south of Floydada. The new building will be a 15-acre site about 1/2 mile south of Floydada. The new building will be a 15-acre site about 1/2 mile south of Floydada.

Committee Members
The administration center contains hospital quarters, registration offices, manager's office and a board meeting room. It has a spacious adjoining covered patio.

Facilities at the assembly, one of the 22 encampments and assemblies within the state sponsored by churches in the Baptist General Convention of Texas, provide for a wide range of recreation activities. These include basketball, baseball, football, volleyball, archery, and riflery. Many of the areas are lighted at night.

Others providing leadership include the Rev. Strauss, Atkinson of Plainview, area missionary of the Caprock-Plains Assembly; the Rev. B. H. Kendrick Jr., pastor of the Idalou First Baptist Church, who is president of the board; and J. D. McPhaul, director of the Lubbock Association Brotherhood.

Three dollars and sixty seven cents.
Three dollars and sixty eight cents.
Three dollars and sixty nine cents.
Three dollars and seventy cents.

Wayland Bus Fund Started

Wayland Baptist College ex-students and supporters of the Plainview School are being asked to contribute to a fund drive aimed at raising \$26,000 for a new athletic bus for the school, according to Mrs. Ted Bell of Floydada, a member of the board of directors of the WBC ex-students' association.

Wayland exes and supporters of the school may send contributions to Mrs. Ted Bell, 907 Garrison, Floydada, or to Charles Bassett, in care of the Bus Fund, at Wayland.

The anniversary loan was available to producers in 1971, but market prices were such that it wasn't needed. "But the situation is different this year," notes PCG president Ray Joe Riley of Hart. "If prices continue to fall and we can get only a little over loan value for our cotton at harvest time," he says, "it may well be to our advantage to put cotton into the loan and hold it against possible price advances during the coming year."

FLOYD PHILOSOPHER Comes Up With A Plan To Cut Down On The High Costs Of Campaigning

Editor's note: The Floyd Philosopher on his Johnson grass farm offers his views on high campaigning costs this week.

Dear editor:
I was sifting through a batch of campaign literature that turned up in my mail box, each piece of which claimed the country is headed for ruin if its candidate is not elected, makes no difference what he's running for, and among all this I found a non-partisan leaflet which reported that there are some 500,000 elective offices to be filled on Nov. 7.

expense comes in keeping them there afterwards, and I have been giving the matter some thought.
The thing to do is to set aside one night a week during say the last two months of the campaign when all television and radio stations, on penalty of forfeiting their licenses, are required to turn all their air time over to the candidates free of charge, allotting time on a democratically worked-out schedule, 5 minutes to Justices of the Peace, 8 minutes to County Judges, 10 minutes to State Representatives, 15 minutes to Governors, 20 minutes to Congressmen, 25 minutes to Senators, an hour to Presidential candidates, or some such arrangement. Do this every Tuesday night, say from 6 o'clock to midnight. Show nothing else on television, cancel all the programs that one night a week and turn the candidates loose.

FORMER LOCKNEY BAND DIRECTOR TO BE ON TV

Raymond Lusk, former band director in Lockney, now assistant band director of the Kansas State Band, will have his marching band perform at the halftime during the Oakland-Kansas City Chief game Sunday afternoon on NBC. Mr. Lusk was well known and liked by everyone when he resided in Lockney. So, be sure and watch his halftime performance Sunday.

1940, 1941 LOCKNEY CLASSES PLAN HOMECOMING MEET

The class of 1940 and 1941 will meet after the Lockney-Floydada football game in the home of Mr. and Mrs. C. L. Record. Everyone is urged to attend. Those whose class is not going to meet anywhere are also invited to attend.

BE SURE TO VOTE TUESDAY

Re-Elect State Representative PHIL CATES

PHIL CATES... Democratic Candidate for re-election to the State Legislature... a young man concerned with the future of the Texas Panhandle-Plains, A Candidate with Legislative experience!

CONSIDER THESE POINTS WHEN YOU VOTE November 7

- *Phil Cates is a qualified, experienced candidate, Phil Cates is a young man who seeks better government.
- *Phil Cates will work for "all" of the people in the 66th District.
- *Phil Cates realizes the importance of new industry to our area of Texas.
- *Phil Cates favors a strong water program for the District so that we will have an adequate water supply in the future.
- *Phil Cates is a capable speaker, and is listened to in Austin.
- *Phil Cates is working hard and wants to be re-elected YOUR State Representative.

ON NOVEMBER 7TH CAST YOUR VOTE TO RE-ELECT PHIL CATES

PAID FOR BY CITIZENS FOR GOOD, EFFECTIVE REPRESENTATION FROM THE PANHANDLE-PLAINS, SAM HENRY, CHAIRMAN.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

The "anniversary" loan program for cotton may be a useful marketing tool for producers in 1972 for the first time, according to officials of Plains Cotton Growers, Inc., the organization most responsible for institution of the new concept in 1971. The anniversary loan permits farmers to hold title to their cotton for up to 12 months from the date of ginning. Previously, all Commodity Credit Corporation loans on cotton expired at the end of each marketing year on July 31, with CCC assuming title to all cotton not redeemed before that date.

Pros and Cons Noted for 14 Constitutional Amendments

As happens just about every time the Texas voter goes to the polls, Texas voters on Nov. 7 will be faced with a long list of constitutional amendments.

There are 14 of them and they range all the way from authorizing a constitutional convention to abolishing a hospital district in Lamar County.

The fact that it takes a constitutional amendment to abolish that strictly local hospital district—it took a constitutional amendment to create the district—is one of the reasons pointed out as indicating the need for a new state constitution.

The fact that each regular session of the legislature finds it necessary to submit a new batch of constitutional amendments is also cited as a reason for a new constitution.

The 59th Legislature submitted 27 amendments and 20 were adopted. Two years later the 60th Legislature submitted 20 and 13 were adopted. The voters approved nine of 16 submitted by the 61st Legislature. The 62nd Legislature submitted four amendments on May 18, 1971 and one was adopted. The 14 to be voted on next month are also submitted by the 62nd Legislature.

Since the present constitution was adopted in 1876 it has been amended 201 times and the voters have rejected 133 amendments.

No. 1

Amendment No. 1 would raise the salaries of members of the legislature. Senators and representatives are now paid \$4,000 per year. The amendment would increase the salary to \$8,400 per year.

Proponents of the amendment say \$4,000 is not enough to compensate the legislator for the time he must spend in Austin for the regular session and the numerous special sessions, plus the time required as a member of standing committees and the numerous interim committees made necessary by an increasingly complex state government.

Opponents insist that it is a part time job and argue that increased salaries would be an added drain on the state budget.

No. 2

Amendment No. 2 concerns no one but the people of Lamar County. In 1960 the voters authorized an amendment to let Lamar County set up a hospital district. The district has ceased

to function and privately-owned hospital facilities are now being used for hospital care in Lamar County.

No. 3

Amendment No. 3 puts justices of the peace on salary, eliminating the fee system which is still in effect in counties of less than 20,000 population although the JPs in larger counties have been paid on a salary basis since 1935.

Those favoring the amendment say justices of the peace should be paid on an equitable salary system related to all other officers of the same classification in the state. They say the change would discourage the "speed trap" image associated with justice courts. It would eliminate the inequity existing in some areas where justices paid on a fee basis are paid two or three times as much as justices paid on a salary basis in nearby counties.

Those against the amendment say it would make justices of the peace subservient to county commissioners courts which would set the salary for the office.

No. 4

Amendment No. 4 is the constitutional revision amendment. It would grant the legislature convening next January authority to establish a constitutional revision commission which would report its recommendations not later than Nov. 1, 1973. Members of the legislature would then convene in January, 1974, in a constitutional convention to serve 60 days for the purpose of drafting a new state constitution or revising the present constitution for submission to the voters.

Supporters of the amendment say there is a real need for a more workable basic law which would require less periodic revision than the 96-year-old constitution. They say that since the legislature has always been entrusted with proposing constitutional changes, the legislature is the proper body for the responsibility of preparing a new or revised constitution.

Opponents want a constitutional convention of delegates elected for that purpose only. Also opposed is the alternative of a complete new constitution, those taking this position saying any needed changes can be accomplished by revision of the present constitution.

No. 5

Amendment No. 5 is a permissive amendment which would allow the legislature to grant a tax exemption on certain property owned by disabled veterans. The exemption would be on a graduated scale ranging from \$1,500 to \$3,000 based on the percentage of disability.

Those favoring the amendment say the exemption would be a gesture of appreciation which would work no tax hardship on taxing authorities since the value of the property exempted could not exceed \$3,000.

Opponents say the move would open the gate for efforts to grant exemptions to other special groups or classes in conflict with the intent of "equal and uniform" taxation.

No. 6

Sixth on the list of amendments is another permissive measure. This one would allow counties, cities, school districts and other political subdivisions to exempt from valorem taxes not less than \$3,000 of the value of residence homesteads of all persons 65 years old or older.

One argument for the amendment is that the \$3,000 homestead exemption for state taxes does not provide the needed protection for homesteads since the largest taxes on real estate are levied by local governments for local purposes. Proponents say senior citizens need this protection from the effects of inflation. They point out that local governments are not required to grant the exemption.

Opponents point out that a basic concept of the law is that taxes should be equal and uniform. They add that social security, retirement and welfare programs reduce the need for homestead exemption for those over 65.

No. 7

Number Seven is the "equal legal" amendment, providing that equality under the law shall not be denied or abridged because of sex, race, color, creed or national origin.

Proponents of this amendment are not satisfied with language of the Texas constitution which guarantees equal protection of the law and political equality to all persons. They want "sex, race, color, creed or

national origin" spelled out in the constitution. They insist that discrimination exists in many fields and only a comprehensive equal rights amendment can make a complete change.

Those against the amendment say it is not necessary since all discriminatory legislation is now prohibited by the United States Constitution.

No. 8

Four-year term of office for certain state officers is provided by Amendment No. 8. Officers affected are the governor, lieutenant governor, attorney general, comptroller of public accounts, treasurer, commissioner of the general land office, and other officers elected state-wide.

Supporters of this amendment say officers serving a four-year term would have time to master the functions of the office before facing re-election campaigns. They say governors of 39 states including Louisiana, Oklahoma and Colorado, serve four-year terms. They argue that two-year terms make effective long-range planning impossible.

Opponents say longer terms of office make officers less responsive to the wishes of the people. They add that too much power is inherent in long terms and say history has shown that long tenure in office and political corruption go hand in hand.

No. 9

Amendment No. 9 exempts directors of soil and water conservation districts from the provision that no state salary may

be paid to any person holding more than one office of honor, trust or profit under the state of the United States.

The argument for this amendment is that in less populous areas there is a shortage of qualified persons to hold such offices.

Opponents say there should be protection against concentration of public jobs among a few people.

No. 10

Amendment No. 10 is a double-barrelled amendment. Currently constitutional amendments may be proposed only by a resolution submitted in the regular biennial session of the legislature. The amendment would allow amendments to be proposed also by special sessions of the legislature.

The amendment would also change the present requirement that the full text of each proposed amendment must be published four times in a newspaper in each county of the state. The amendment would require only a summary of the amendment to be published twice in every newspaper qualifying for publication of official notices.

Supporters say the proposal would permit greater flexibility in submission of amendments and provide better information to inform the voters.

Opponents say called sessions of the legislature are not long enough for proper consideration of constitutional amendments. They question the wisdom of voting on some official's interpretation of the amendment rather than the actual amendment itself.

No. 11

The salaries of the lieutenant governor and the speaker of the house would be raised by Amendment No. 11. Presently they are paid the same as other members of the legislature—\$4,800 per year.

The amendment would set the salaries at \$22,500 per year.

Those for the amendment point out that the leadership positions are fulltime jobs with the same relative importance as other fulltime state offices.

Chief argument of the opponents of the amendment is that the speaker of the house should not have the same salary as the lieutenant governor since he is elected by other members of the house while the lieutenant governor is elected state-wide.

No. 12

Amendment No. 12 is similar to No. 9. It would permit state employees—but not elected officials—to serve on school boards, city commissions, and governing bodies of other governmental districts without forfeiting their state salary. It permits them to hold only non-salaried positions.

Arguments for and against this amendment are approximately the same as on Amendment No. 9.

No. 13

Amendment No. 13 would allow an increase in the constitutional limit on the interest rate paid on bonds issued by agen-

cies, instrumentalities and subdivisions of the state.

Supporters of this amendment point out that the constitutional limit, 5 per cent in most cases, is lower than the prevailing interest rate on bonds which can be sold on the open market. The result is that the bonds cannot be sold and programs, such as the parks program of the Texas Parks & Wildlife Department, must be curtailed for lack of funds.

No. 14

Amendment No. 14 would permit county commissioners to reduce the county permanent school fund and distribute the money to the school districts of the county to be used for permanent improvements or for reduction of bonded indebtedness.

In 1881 each county of the state was granted four leagues of public land—a league is 1.66 acres—with funds from the sale of the land to be invested in county bonds or other prescribed securities with the revenue to be used for current county school expenses.

Supporters point out that some school districts need new buildings but are already indebted up to the statutory limits. By using part of the permanent fund the districts could build buildings or to reduce the bonded indebtedness, the financial strain on the district would be eased.

Opponents point out that reducing the income produced at the county level would call for increased financial aid from the state.

ANNUAL LOCKNEY DRIVE Cemetery Group Solicits Funds

With a goal of continuing to keep Lockney Cemetery a place of beauty and dignity to preserve the memory of loved ones buried there, Lockney Cemetery Association is asking the community to open its purse strings during the annual fund drive.

Gifts were used exclusively to provide the custodian's salary and to make additional cemetery improvements.

Mrs. L. M. Honea, secretary-treasurer of the association, says that contributions may be mailed or given to her or to Carter Funeral Home.

Mrs. Honea compliments

Lockneyites and former residents who have been unselfish with their gifts to support the Lockney Cemetery Association endeavors. She solicits their continued support.

"Please make your contribution as liberal as possible and let's keep our cemetery a beauty spot of the county," Mrs. Honea urges.

All gifts are tax deductible.

Why You Should Re-Elect President Richard Nixon Nov. LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our export livestock, fresh meats, grain sorghums and grain are going to add many dollars to general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the economic situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

FOR YOUR OWN GOOD

RE-ELECT THE PRESIDENT

November Proclaimed Food And Fiber Abundance Month In Floyd County

ABUNDANCE MONTH PROCLAIMED . . . County Judge J. K. Holmes signs a resolution proclaiming November Food and Fiber Abundance Month in Floyd County. Floyd County Cotton Improvement Association president Don Robertson, County Extension Agent Doyle Warren, and Floyd County Home Demonstration Council president Mrs. O. G. Mayfield look on.

To recognize the contribution made by the agricultural industry in Texas, the month of November has been designated as Food and Fiber Abundance Month. This celebration was the idea of many people involved in the agricultural industry including farmers, ranchers, and agri-business people, according to Charles G. Scruggs, editor of the Progressive Farmer, and chairman of the state organization sponsoring the celebration. Scruggs said, "Never in the history of the world have so few fed so many so well with such a selection of foods. The average farmer in the U.S. today raises enough food to feed himself and forty-five other people."

Abundance Month activities in Floyd County. Holmes said, "While telling the story of agriculture it must also be mentioned that no nation provides the consumers with food as cheaply as we do in the United States for the average family spends only sixteen and one-half percent of its income on food."

W.H. Meischen, Executive Director, Vocational Agriculture Teachers Association of Texas and State Coordinator for the celebration, commented, "Perhaps the most significant fact is that we need only five percent of our entire population to provide this food and fiber. The other ninety-five percent are free to pursue other vocations that in turn help to make our standard of living something that every other nation can very well envy."

J.K. Holmes, Floyd County Judge, will serve as Chairman of the Food & Fiber

A RESOLUTION

WHEREAS we as citizens of a great Nation, State and County are blessed with an abundance and a quality source of food and fiber,

Whereas we need only 5% of our nation's population to provide this resource, and,

Whereas no nation on the earth provides its people with so much for so little with an average family in the United States spending only 16 1/2% of its income on food, and

Whereas much of this abundance and quality source is produced by the agriculture industry of Texas,

NOW THEREFORE BE IT RESOLVED that the County Proclaims November to be Food and Fiber Abundance Month, and urges all of its citizens to observe this important occasion.

/s/J. K. Holmes
County of Floyd Judge

FLOYD COUNTY FARM FACTS: Nixon's Farm Record Worst of any President in 40 years.

- FACT:** Although candidate Nixon in 1968 promised you high parity, three years of Nixonomics saw the parity ratio plunge to 67%, the lowest since 1933. The slight increase in 1972 was eaten up by high rising cost, thanks to Nixon-fueled inflation.
- FACT:** The President froze badly needed funds for the REA three times in the past three years - funds that Congress has appropriated to meet the growing electric power crisis.
- FACT:** In 1969 and 1970 Nixon requested zero funding for the Agricultural Conservation Program. The Democratic Congress promptly restored \$195.5 million to the program. In 1971, Nixon refused to spend \$46 million earmarked for the program.
- FACT:** He was the first President since Hoover not to send a farm message to Congress.
- FACT:** He made no mention of agriculture or the farmer's problems in his inaugural address, his State of the Union addresses, or his state of the economy address.
- FACT:** The Nixon Administration held up nearly \$400 million in advance payments for feed grains in 1970, forcing farmers to go out and borrow money at the highest interest rates in history.
- FACT:** Nixon's budget for 1971 cut Department of Agriculture funds by over \$450 million. The budget showed a reduction in feed grain payments and loan programs of over \$500 million, representing a huge cut in farm income in 1971.
- FACT:** In 1972 the Nixon budget showed sharp decreases in expenditures for commodity programs. Payments in the wheat, feed grains and cotton programs were sharply cut by \$679 million.
- FACT:** The Administration cut the support price on soybeans by 32 cents a bushel, driving down farm prices and paving the way to an estimated \$300 million in windfall profits to grain traders in foreign sales.

"ADAPT OR DIE, RESIST OR PERISH . . . AGRICULTURE IS BIG BUSINESS. MANY PEOPLE ARE TRYING TO STAY IN AGRICULTURE THAT WOULD BE BETTER OFF SOMEPLACE ELSE."

- Earl Butz, Nixon's Secretary of Agriculture
