Chamber Of Commerce Banquet Tonight

'Revelations' To Entertain

Revelations, a singing group from Amarillo, will be featured entertainment at the Floydada Chamber of Commerce and Floyd County Development Banquet, Thursday, Feb. 16. The Chamber is scheduled to begin the Massie Activity

and Higginbotham will introduce Chamber Directors. New directors include Jerry Thompson (1972-73 treasurer), Doyle Walls (1973-74 treasurer) R. G. Dunlap, C. J. Payne and Clarence Denton (West Texas Chamber of Commerce director).

Carryover directors are Jim Word, Ed Wester, Andrew McCulley, Russell (1973-74 president), Louis Anderson and Travis Jones.

Retiring directors include Boone Adams, R. L. Giesecke, Charles Tyer, Rev. C. B. Melton and Higginbotham.

Master Hypnotist To Appear Here

The Great Dr. Kit, black-bearded hypnotist of international fame, will appear at the Floydada High School auditorium for one night only on Friday, Feb. 16, at 7:30. This great showman is being brought here by the Floydada High School Student Council. Dr. Kit is one of the few living Master Hypnotists who has been 16 years a showman on the road and has continuously

broken records in city after city all over Europe, Hawaii, USA, Alaska and Canada. This great entertainer has been acclaimed as one of the greatest attractions on the road today.

On his tour throughout Europe, Hawaii, Alaska, Canada and the USA, he has broken box office records in city after city and has hypnotized over sixty thousand people in the past. "Professional researchers have been able to achieve remarkable results by applying hypnosis to the treatment of physical and mental ailments", says Dr. Kit.

Hypnosis is the answer to correcting such habits as stuttering, stammering, smoking, biting of fingernails, drinking, weight reduction, plus others.

During the show the great Dr. Kit will demonstrate the phenomenon of mass hypnosis and actually hypnotizes 20 to 25 local volunteers from the audience at one time.

The hypnotist's show has been described as the most amazing and funniest entertainment sensation to be seen in many years. It is a clean, wholesome show for the entire family.

Terry Bunch Signs Angelo State Football Scholarship

Terry Bunch, the Floydada Whirlwinds' all-state tackle, signed a four-year football scholarship Monday with Angelo State University, San Angelo.

Bunch, 6-2 1/2, 212 pounds, was named to the second all-state football team in 1971, and was a first team all-state selection in 1972, when the Whirlwinds advanced to the state quarterfinal playoffs.

The 'Wind defensive stalwart was in on 154 tackles, nine of

them unassisted, during his junior year, 1971. Last season, Bunch made 26 unassisted tackles and was in on 136 assists, bringing his two-year

totals to 281 assists and 35 unassisted tackles.

He is the son of Mr. and Mrs. W. A. Bunch of Floydada.

NOTICE

Stock Show Swine To Be Tempered Sunday Only

Swine will be tempered for the Floyd County Junior Fat Stock Show starting at 1:30 p.m. Sunday, February 18, at the show barn in Floydada.

New regulations by the Texas Animal Health Commission require that swine be tempered before stock shows.

Dr. Paul Glasston, Lockney veterinarian, will be at the show barn on Sunday only.

Animals may be tempered in trailers, and can remain in the show barn until the stock show starts Monday morning.

The 29th annual Floyd County Junior Fat Stock Show runs Monday through Wednesday [February 19-21]. Weighing, classifying and siting will take place on Monday, with judging scheduled for Tuesday and the auction sale set for Wednesday.

Gin Employee Sustains Hand Injury

Martin M. Garza, an employee of Floyd County Co-op Gin, is expected to be able to return home the latter part of the week from Central Plains Hospital where he underwent emergency surgery for an injured hand Friday night.

Garza sustained the injury and the loss of the tip end of

his middle finger of the right hand when it was caught around the pulley of belts at the gin, according to PeeWee Ferguson, manager.

Some three and a half hours of surgery was required to repair his hand, his wife said. Although in a great deal of pain, Garza was reported by his wife to be improving Tuesday.

POW Bracelet Names On Release List

Several Floydada people, most of them students, are wearing "POW bracelets" carrying the names of prisoners who are on the list of acknowledged POW's due to be released from North Vietnam.

Some of the Floydada High School students whose bracelets' names are on the list include the following (student's name, then POW's name):

- Diane DeLeon — Capt. John Murphy;
- Rhonda Jackson — Martin Vandam Ekel;
- Jobie Coffman — Maj. Willard Gideon;
- Connie Anderson — Maj. Wayne Bolte;
- Aracelia Cervantes — Capt. Laurence Barbay;
- Teresa Love — Maj. John Brodak;
- Donna Powell — LCDR Robert Fant, Jr.;
- Maria A. Rodriguez — LCDR Robert Fant, Jr.;
- Nancy Lloyd — Maj. Elmo Baker;
- Beatrice Guzman — LCDR Phillip Butler;
- DeAun Wilson — LCDR Giles Novington;
- Leroy Juarez — Capt. Fred McMurry;

City Council Election April 7

The Floydada City Council in its regular monthly meeting Monday evening set election for a mayor and two councilmen on Saturday, April 7.

Mayor Jimmy Seay's term expires, also councilmen Ed Hammond and Boone Adams. All three have indicated that they will not seek re-election for the two year term.

Other Business
In other business the council:

Approved an ordinance prohibiting the parking of trucks on Floydada streets and the full provision of the ordinance are published on page 11 of this edition of The Hesperian.

Visited with Emma Lou Johnston, who was seeking funds to help maintain the Day Care Center. Mrs. Johnston said that the government funds had been cut and money from other sources must be secured to keep the center in operation. The council decided not to fund money for the center.

A request by Bill Selman to

install recreational equipment at the Whirlwind was tabled to see if his request conformed to the city ordinance on that type business.

The lease on the east-west dirt runway at the city airport will be up on November 15, 1973 and the council chose not to renew it.

The council approved scheduling a public hearing for paving Fourth Street between Kentucky and Mississippi. . . also some alley repair paving work.

The council approved city secretary Jimmie Lou Stewart's going to Graduate Institute for Texas Municipal Clerks and Secretaries, February 15 - 16 in McAllen, Texas.

Bids are to be let on mosquito control for the city this summer.

Merit pay increases for employees will be added to the new budget and public hearing on the budget has been set for March 12. The pay increases would begin April 1.

All councilmen were present.

A MESSAGE FROM THE MAYOR

To my fellow citizens and friends:

I say a sincere thanks to you for the opportunity of serving as your mayor the past two terms. It has been demanding at times, but very enjoyable. The Council and I can look back with a certain amount of pride on some of the accomplishments made while in office.

I can't say enough on behalf of the Council, who has served with me. They were diligent in their duties and possessed a very real interest in this community.

I will not be running for mayor this time, because of other business demands, but will lend a helping hand to the city if called upon.

Jimmy Seay,
Mayor of Floydada

Floydada Religious Census Sunday

Several Floydada church members will go door to door

beginning Sunday afternoon to make a census of church membership or church preference of everyone in the Floydada community.

Census workers have already received letters notifying them to be at the Floydada First Baptist Church at 1:30 Sunday for instruction and assignments.

Some of the churches participating in the census are: The First United Methodist, Church of the Nazarene, Assembly of God, First Baptist, First Christian and City Park Church of Christ.

Lockney Locals

Mrs. Johns Cox was admitted to Central Plains Hospital in Plainview last Thursday for surgery Friday. This was her second surgery in four weeks. Her daughter, Mrs. Freddie Ivy and Mr. Ivy of Arlington came Thursday. Saturday Sheila and Ricky Ivy and Marla Hargett of Arlington came. Freddie returned home with them Sunday, but Mrs. Ivy stayed to be with her mother.

The other daughters, Mrs. Max Marble and family of Hart and Mrs. Marjorie Martin and Charlotte and Mr. Cox have all been with Mrs. Cox. She is reported to be doing better and should get to come home this weekend.

Larry Marble of Hart, former Lockney resident, is a member of the Hart Seventh Grade Basketball team that won the District 3A Championship Saturday night at Springlake-Earth. The team was only defeated one time this season, that being in the season opener.

Recently they competed in the Tulia Tournament with Tulia, Dimmitt, Olton and Canyon and was beaten for first place by Dimmitt. Coaches are Jerry Reed and Glen Gleghorn.

The seventh grade football team also were the District champs with only six points scored against them. Larry was a member of this group also.

Larry is the 12 year old son of Mr. and Mrs. Max Marble.

His grandparents are Mr. and Mrs. Johns Cox and Mr. and Mrs. Hugh Marble, all of Lockney.

MR. AND MRS. GLENN DALE BAILEY

Smith-Bailey Vows Exchanged

Double ring wedding vows were recited by Miss Sandy Smith and Glenn Dale Bailey in a ceremony at 8 p.m. Friday, December 15, in the home of her parents, Mr. and Mrs. Lynn Ray Smith of Lockney. Parents of the bridegroom are Mr. and Mrs. Guin Bailey, also of Lockney. Officiating the ceremony was Frank Duckworth, minister of West Side Church of Christ. The bride was presented in marriage by her father.

The bride's gown was white satin with a lace panel and long lace sleeves. For something borrowed she had veil, something blue her garter, something old was her Mother and Dad's old wedding bands that were attached to her bridal bouquet, something new was her dress.

Maid of honor was Miss Becky Smith, sister of the bride, and Gary Smith, brother of the bride was ring bearer. Best man was Carl Bailey of Floydada, brother of the bridegroom and Terri Bailey of Plainview, the bridegroom's niece was flower girl.

The vows were exchanged under an archway decorated with blue and white daisies. The reception followed the ceremony. The bride's table was laid with a lace cloth over blue and crystal appointments were used to serve punch and wedding cake to guests.

After a short wedding trip

OBITUARIES

Leonard Pope

Services for Leonard Davis Pope, 72 year old Friona resident, and former Floyd County resident, were held Monday in the Church of Christ in Friona. Pope died Sunday in Palmer County Community Hospital in Friona.

A native of Dewey, Okla., he was a retired farmer and was married in 1923 to Irene Smith.

Survivors include his wife, four sons, Fred Pope of Idaho Falls, Idaho; Smith Pope, Amarillo; James Pope of Friona and Gene Pope of Vilas, Colo.; a daughter, Mrs. Glenna Banium of Hartley; three sisters, Mrs. Ada Ellis of Plainview and Mrs. Edna Ellis of Earth; a brother, Lonnie Pope of Deming, N.M.; 19 grandchildren and three great grandchildren.

Mrs. Bilbrey

Mrs. Lena Leota Bilbrey, 69, of Lockney died about 5:45 a.m. Sunday in Caprock Hospital in Floydada where she had been a patient for five weeks.

Services were held at 2:30 p.m. Tuesday, in First Baptist Church of Lockney with Dr. Neil Record, pastor, officiating, assisted by the Rev. Frank Oglesby of Lockney United Methodist Church.

Burial was under the direction of Carter Funeral Home here.

Born in Tennessee, Mrs. Bilbrey was a Lockney resident for 27 years, moving from Hollis, Oklahoma.

She was married to John B. Bilbrey December 11, 1923 in Friona, Oklahoma.

Survivors include her husband, a son, Lowell of Floydada; a daughter, Mrs. Wilma Newman of Midland; two brothers, Jim Kyle of Mangum, Okla., and Avon Kyle of Mangum; a sister, Miss Kate Kyle of Winnboro; five grandchildren and four great-grandchildren.

J.W. Pharr

Rites for J. Wesley Pharr, former resident of the McCoy community in Floyd County, were held last Friday in Wolfe City. The deceased was the last son of the late P.H. Pharr.

A number of relatives live in the South Plains and Panhandle area but only four were able to attend the service, namely: C. L. Berry of Floydada, Myrtle Allmon of Hereford, and Mr. and Mrs. Walter Chiddix of Amarillo.

Pharr was born in Alabama April 30, 1893, and married Della Robinson in 1913 in Wolfe City where they lived most of their married life.

Survivors include his wife, two sons, Ray of Fort Worth and Robert of Wolfe City; four daughters, Mrs. Pauline Summerlin of Cartwright, Okla., Mrs. Genevieve Reynolds, Wichita Falls, Mrs. Thelma Pinson of Greenville and Mrs.

Martha Joe Trapp of West Virginia; 15 grandchildren; 18 great grandchildren and eight great great grandchildren.

Also five sisters, Mrs. Myrtle Allmon, Hereford; Mrs. Ludie Morris, Gober; Mrs. Jewel Sparkman, Brownfield; Mrs. Jetta Ewing, Amarillo and Mrs. Lounette Chiddix, Amarillo.

Pharr was a member of the Baptist Church, Masonic Lodge and Oddfellow Lodge at Wolfe City. Masonic graveside rites were held at Mt. Carmel Cemetery near Wolfe City.

C. L. Berry said a most unusual coincidence at the ceremony, the Masons who presented Mrs. Pharr with the lambskin apron, gave her husband the apron, the same week he received his Master degree, twenty five years ago exactly.

BY PEGGY MEDLEY

A MOST gracious lady passed from our midst this week and I know Floydada's beloved piano teacher will be remembered by many for her unsung deeds. People loved Mrs. Kirk for her gentle Christian manner and for the example she set for the generation to come. She loved the good and the beautiful and we can find no greater tribute to her than to say "The measure of a person is not the number of his servants but in the number of people he serves." In her career of teaching three stems several third generations. Certainly an empty place will be left by this wonderful woman.

A SELECTIVE Service spokesman, commenting on the end of the draft, said that draft boards will not be closed. Men will still be required to register during the 30 days before and 30 days after their 18th birthday.

WE'VE had it all, weather-wise, the past 10 days, rain, sleet, snow, spring weather and a dust storm Monday. Fifteen years ago in February of 1958 they were calling a four inch snow which fell over Floyd County fields and ranges, "white gold." I doubt that farmers would call moisture at this time white gold, however most of the county's cotton has been harvested with few exceptions.

ALSO back in '58 Lindsey Graham had surgery; school census showed increase; Mrs. Gaines Teeple breaks leg in fall on ice; Lynette Payne honored on third birthday; Valdonna Bennett honored on eighth birthday; death claims N. A. Armstrong; Jackie Dukes, Kinder Farris, O. N. Bertrands and the Roy Teagues are parents of new arrivals.

IT'S strange but it is said

that a woman driver is a person who drives the way a man does — only she gets blamed for it.

IT was in 1937 during the wheat season that wheat with four grains to the mesh was harvested in Floyd County!

ASKED why he called his wife a heavenly creature, the man answered, "She's always up in the air about something and always harping about not having an earthly thing to wear. And then there was the husband who claimed his wife was so dumb that she put her cake in the refrigerator and couldn't understand why it didn't get frosted."

A SIGN in a western state read "1029 died of gas in this state last year; two inhaled it. . . 27 put a lighted match to it and 1000 stepped on it!"

OVERHEARD: Life is a magic vase filled to the brim, so made that you cannot dip into it nor draw from it; but it overflows into the hand that drops treasures into it — drop in malice and it overflows hate; drop in charity and it overflows love.

LOVE MATCH—Super-comfortable cotton knit takes to the courts in a sleeveless tennis dress with matching shorts. Banded in red and blue, the outfit's teamed with a long-sleeved cardigan in flag-colored window checks. By Hang Ten.

Willie (glancing over stock market page)—Pa, what is "short covering?"
Father—Your mother's latest party dress, my son.

Gordon Downing, Mrs. Phillips To Wed Saturday

Gordon L. Downing and Frances D. Phillips will be married at noon Saturday, February 17 in the San Jacinto Church of Christ in Amarillo. Lemuel Phillips, minister of the church, will perform the double ring ceremony.

Downing, head of the Bible Department the past 14 years at West Texas State University, and Director of the Church of Christ Bible Chair on the campus, was minister of the City Park Church of Christ in Floydada for a number of years. He is past president of the Rotary Club in Canyon.

The bride-elect, who resides in Amarillo, is past president for Railway Business Women of Amarillo and is presently an officer in the National Secretaries Association. She was runner-up for Secretary of the Year in Amarillo last year, and is employed at Santa Fe Railway in the Engineering

Department.
Ron Downing, son of the groom, will serve his father as best man, and will also sing the Wedding Prayer. The bride-elect's daughter, Becky Phillips, will attend her mother as maid of honor.

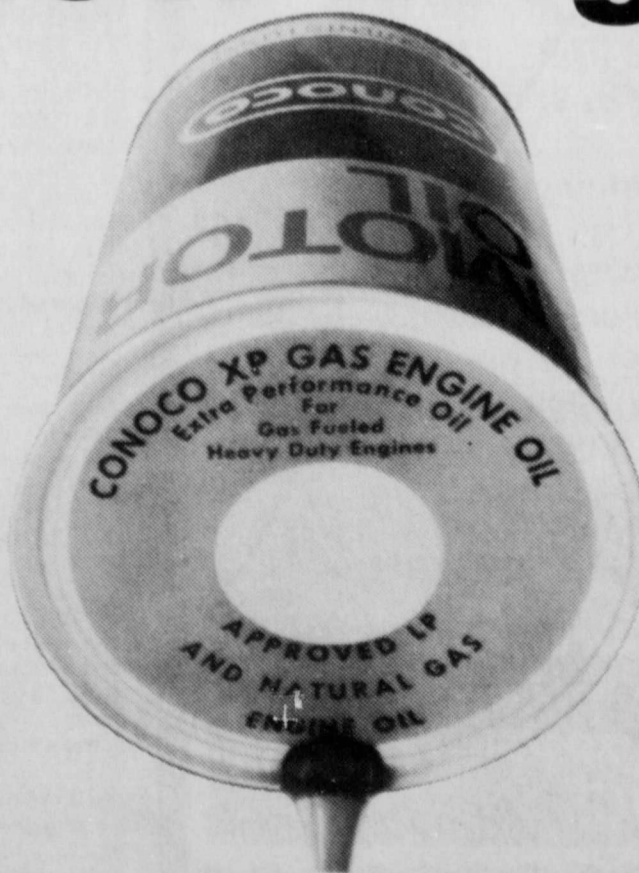

A private family luncheon and reception will be held following the wedding in the Colonial Cafeteria.

The couple will be at home at 1026 Sunset Terrace in Amarillo after a wedding trip to south Texas.

Parents Invited To Visit FHS During Vocational Education Week

If you are concerned about the future of your son or daughter, you should visit the Floydada High School Vocational Programs during the week of February 11-17. This week has been designated as National Vocational Education Week and thousands of schools across the country will be opening their doors to citizens who have never before visited vocational agriculture, vocational homemaking or Distributive Education Departments.

C. E. Tyer, principal, urges all adults of the community to visit the school during National Vocational Education Week. You can learn a lot about career education by observing the existing vocational programs and talking with community employers who serve on school advisory committees.

FLOYD PHILOSOPHER Turns His Thoughts To Domestic Ills And Then Soon Wishes He Hadn't

Editor's note: The Floyd Philosopher on his Johnson grass farm shifts from war to domestic issues this week with uncertain results.

Dear editor:

Now that the 10-year-old Vietnam war is over — not only was it the longest war in the history of the U.S. but it's the only war in the history of the world I guess where both sides claim they won — everybody is saying we ought to get back to domestic issues.

And the first rattle out of the box I ran into an issue which certainly is a domestic one.

According to an article I read yesterday in a newspaper my banker handed me in lieu of a loan, there is a move on to allow housewives to qualify for Social Security. The argument is that a housewife works as hard as a woman in an office or a factory and therefore ought to be covered by Social Security benefits.

This no doubt is a fine idea, but I got to thinking. If they qualify for Social Security, wouldn't they also qualify for unemployment compensation? Now there's an area that may be too big for even the Supreme Court to handle. Where is the man with nerve enough to sit in judgement over when a housewife is

working and when she's unemployed?

Oh, I know some housewives work 40 hours a week, some maybe even 60, but on the other hand there are those who... well you show me the man who's going to wade into that situation.

I've always contended that there never was an office, however obscure or dangerous or under-paid, some man wouldn't run for, just as there never was a man, however sorry, some woman wouldn't marry, but you find me the government bureau brave enough to go into a home and write down how many hours a housewife is working, especially if its agents went in right in the middle of a soap opera or busted up a bridge game.

Would a woman with seven kids ages 1 to 8 get no more Social Security credit than one with two away at school, a maid and a 26-inch color TV set?

Such problems like that might make the Vietnam war settlement look like it was child's play, and I doubt if you could get Henry Kissinger to tackle it.

Yours faithfully,
J.A.

GAS Central AIR Conditioning

The Cool Investment

PIONEER NATURAL GAS COMPANY

* Free thermometer with every Gas cooling survey before March.

Bullish on central air conditioning? Consider investing just a little more in a long-term, blue chip Gas air conditioning system.

Only a Gas air conditioning system pays you regular dividends for many happy years. That's because the heart of a Gas cooling system is a simple gas burner, rather than an electric, mechanical compressor. A clean-burning gas flame doesn't wear out — so there's less to go wrong, fewer maintenance calls, a longer life with no loss of original cooling capacity. And because natural gas is the prime energy source, you'll also save money on operating cost.

Call one of our air conditioning specialists this week — before the summer market becomes really active. He'll make a free, no obligation, survey of your home and give you a quotation on the cool investment.

It'll cost you more than ever to grow a crop this year.

It'll be as easy as ever to lose the whole bundle.

The cost of everything you buy to make a crop has climbed sharply.

You're investing more hard cash than ever. Many growers spend double what they did 10 years ago... on chemicals and fertilizer, seed, tractor fuel, hired labor, taxes... etc.

You'll probably borrow money from the bank (or out of the kid's college fund, or your own retirement nest egg) to produce your crop.

Are you prepared to stand the loss of this money — in case some disease comes along or there's a freezeout... or a plague of bugs? Or you name it?

There could be some lean years if you're wiped out now.

The financial side of farming has changed. Perhaps it's time you re-thought your need for Federal Crop Insurance — which has made some changes, too, in keeping with the times.

This may be the year to listen closely when the FCIC man comes around.

Only ALL-RISK Federal Crop Insurance GUARANTEES you'll get your money back... whatever happens.

Whirlwind Girls Finish Cage Season Unbeaten

Don Ford's Whirlwinds finished the basketball season undefeated with a record of 15-0. The team's victory over Abernathy on Monday night, Ford said, was the hardest game last. Sunday was the big Abernathy team. The Whirlwinds' Johnson and Don Ford capped off their season with 22 points apiece in the final game.

Ford said that, with help from this group, next year's varsity team should be stronger.

The Floydada Junior High seventh-grade Breezers registered their 11th regular-season basketball victory with a loss Monday night, beating Abernathy 30-26. Abernathy took the eighth-grade contest last game.

Floydada was ahead 10-7 after one quarter, 19-12 at the half, and 31-24 starting the final period.

Seventh Grade Breezettes Beat Abernathy, Eighth Grade Girls Lose

The Floydada seventh-grade Breezettes won, but the eighth grade lost Monday night, as the Junior High Breezettes hosted Abernathy in a pair of basketball games.

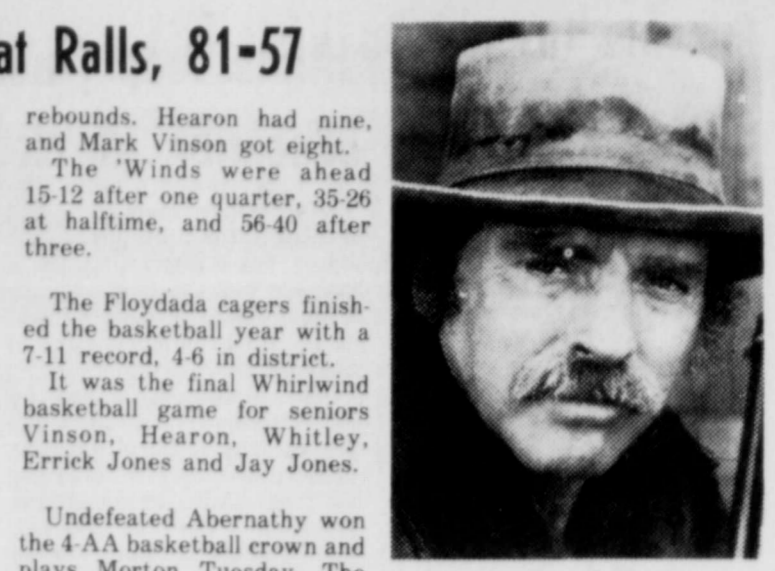

The seventh-grade Breezettes took a 24-18 victory, limiting Abernathy to four points in the last half (all of those in the third quarter). The Breezettes were behind 14-9 at halftime, but they owned a 19-18 lead at the end of the third period.

Whirlwinds Defeat Ralls, 81-57

Travis Johnson scored 22 points for the Floydada Whirlwinds Tuesday and the 'Winds beat the Ralls Jackrabbits 81-57 in the final 4-AA basketball contest of the year.

Four Whirlwinds scored in double figures — Johnson, Erick Jones (14), David Whitley (13) and Jerry Hearon (10).

Errick Jones led the 'Winds on the boards, getting 10 rebounds. Hearon had nine, and Mark Vinson got eight.

Heavy Fertilization Increases Cotton Yield

Most research in fertilizers and fertilizer applications has dealt with commonly applied amounts of fertilizer under different conditions including timing of application, irrigation methods and cultural practices.

But what happens when extra heavy amounts of fertilizer are applied intentionally? Results from such a demonstration at the High Plains Research Foundation this year turned out to be surprising.

Dennis Mooney, associate agronomist, said that at the time it seemed like "a way out idea", but decided to try it anyway. "It's that sometimes you just stumble onto something", Mooney said in summarizing the test.

The extra heavy fertilizer applied eight to 10 inches deep increased lint cotton yields by 163 pounds per acre. "Results from this test were really outstanding," Mooney said. "But we knew something like this was happening because during the year in cotton with the heavy fertilizer the boll counts were up."

Under the test, the land was prepared for planting by cross chiseling. As anhydrous ammonia, 50 pounds of nitrogen was applied conventionally on half the block. After bedding, the other half was deep chiseled 12 inches deep then 200 pounds of nitrogen was chiseled in as deep as the fertilizer rig could go, Mooney said.

Due to timely rainfall during the season, the crop was not irrigated.

"The idea was to get the fertilizer down deep enough to see if we could get deeper penetration of the cotton root system to utilize as much of the soil moisture as possible," Mooney said.

The cotton was planted early, May 2, and hand harvested from eight random plots. Yields of the deep placement fertilized cotton averaged 1022 pounds of lint per acre. On the conventionally fertilized area, average yield was 859 pounds of lint.

"We don't know why the yield was increased and we do not know that this will happen every year, but we are sure going to find out," Mooney said.

Shorthorns 40

Tulia 28

The Lockney Shorthorns eighth grade team ended their season Monday night with a win over Tulia 40-28. Lockney trailed by two points after one quarter 6-4. At the half the Shorthorns led 15-7. After three quarters Lockney led 19-12.

Glen Lane scored 19 points to lead Lockney in scoring. Clint Riddley scored 13 points for Lockney. The Shorthorns finished the season with a record of 11 wins and 5 losses.

Horns Drop Finale To Abernathy

The Lockney Longhorns stayed right with the Abernathy Antelopes for the first half Tuesday night, but fell behind in the third period and could not catch up after a comeback in the final quarter, as they fell to Abernathy 73-59 in the final roundball game of the year.

The Longhorns trailed by only 3 points 19-16 after one period. The score at halftime stood Abernathy 37 Lockney 28. The Antelopes opened the game up in the third quarter, leading 57-38 at the buzzer. In the final period Lockney cut the lead to 9 points 61-52 with three minutes left in the game. Abernathy then starting to fast break, and finally pulled the game out 73-59. John Clark was high point man for Lockney with 15

points. Willie Phillips was right behind with 14 points, and Larry Cunyus scored 12 points. Bubba Mathis, and Zach Cummings each scored 9 points.

The Longhorns finished the season with a record of 15 wins and 9 losses. The Horns came in second to Abernathy in district, with a record of 7 wins and three losses. The Horns were picked to finish near the bottom in the pre-season poll, however the Horns weren't to be denied, as Coach Alton Fields and his crew finished with a fine record.

In the Junior Varsity game, Lockney pulled it out by one point 46-45. Tony Gross was high point for the Junior Horns with 22 points. James Colvin scored 14 points, and Bernie Ford popped in 9 points.

ready for a jolt! President Nixon's budget cutting axe whacked approximately 43% off of last year's feed grain check, and the cotton portion has been reduced by another 13%. These figures are what the reduction will be if you left out 45% of your grain last year, and that is what most farmers did in this area. Any way that your figure it, 1973 will have to be a BELT TIGHTENING YEAR for farmers.

Lockney's Fred Carthel Top Soybean Producer In Texas

Top soybean producers in Texas for 1972 were named in Paris, Texas, at the sixth annual meeting of the Texas Soybean Association. The state champion was Fred Carthel of Route 2, Lockney. He produced almost 63 bushels per acre on

irrigated land with the Clark 63 variety. Carthel was awarded a plaque and a two-week trip for himself and his wife to Denmark, Russia and France. The trip was sponsored by Elanco Products Co.

The second place winner was Larry Haydon of Rt. 2.

Plainview, with a yield of 63.7 bushels per acre. Haydon planted the Hill variety and produced the crop under irrigation. He received a plaque plus \$100.

Capturing third place was Glen A. Nichols of Route 6, Clarksville, who produced almost 62.5 bushels per acre with the Lee 68 variety on dryland. He was awarded a plaque and \$75. Nichols was the state champion in the 1971 contest.

The top producers were selected from each soybean producing area of the state — Northeast Texas, the Gulf Coast and the South Plains — and these in turn were entered in the overall state competition.

The three winners were also initiated as members of the 1972 Texas 60-bushel Soybean Club, a club that recognizes those producers who have reached the milestone of producing an average per acre yield of 60 bushels or more. Wesley Schumacher of Route 2, Plainview, also joined the club with a per acre yield of 60.2 bushels. The average per acre yield in Texas is about 28 bushels.

The Texas Soybean Association sponsored the cash awards and plaques. The soybean production contest and the annual meeting were sponsored by the TSA in cooperation with the Texas Agricultural Extension Service.

THIS NEWS FROM THE QUITAQUE AREA:

"The hardest winter in over 50 years." That is the phrase that has been used repeatedly by weather forecasters the past few weeks to describe prevailing weather conditions throughout West Texas. And indeed it has been a MOST UNUSUAL WINTER! There have been 23 days in which snow has been recorded in the Caprock area, and in the early part of January we had one of the worst ice storms of this century. During the first 10 days of 1973 there was less than 3 hours of sunshine, and country roads became so boggy that travel slowed to a standstill. Four-wheel drive vehicles were much in demand as the icy blasts of winter took its toll, and all this time over half of a bumper cotton crop stood waiting in the fields. Farmers under the Cap were finally able to start stripping about the 19th of January, and it is hoped that not too much damage has been inflicted to the crop from the long delay and the terrible weather conditions.

A century ago only the American Indian roamed the Caprock country around Quitaque. There were no weather forecasts or modern electronic instruments in those days that could warn him of sudden weather changes, or when a hard winter was approaching. He did, however, have MANY SIGNS and superstitions, and on these he placed a great deal of trust. For instance, the Redman believed that when it came a hard freeze or ice-storm before frost (as it did last fall), and the leaves remained on the trees afterward, then this was A SURE SIGN of very adverse weather ahead. Last year our first snow fell on October 31, and the Indians even had a superstition to cover this. They believed that when the first snow came on October 31, it meant there would be 31 snows in all, and they immediately made plans for a severe winter.

If you're afraid to get your feet wet you'll never learn to swim.

Heart Ills Cause 52.4% Of Floyd County Deaths

(Special to the Hesperian)
 NEW YORK — Heart disease is found to be responsible for no less than 52.4 percent of all deaths among residents of Floyd County.

This is the local average, based upon figures compiled by the U.S. Public Health Service and released in its last three annual reports.

The extent of the problem, locally and elsewhere, has been brought into sharp focus by the recent death of President Johnson and by the fact that this is National Heart Month.

Heart disease, comprising all ailments of the cardiovascular system, continues to be the major hazard to life in the United States, dwarfing all other diseases by a wide margin.

Although there have been

important gains made in the fight to control it — through new anti-coagulants, pacemakers, open heart surgery and various other techniques — the dramatic cures for which medical scientists have been searching still elude them.

The 52.4 percent mortality among Floyd County residents is somewhat lower than the United States average, 53.9 percent.

It is lower, also, than the Mountain States rate of 52.5 percent.

A series of major endeavors to reduce the heart toll has been undertaken by the National Institutes of Health and others.

The big push is to find out how to prevent arteriosclerosis, or hardening of the arteries, which was the cause of President Johnson's death. It is the primary culprit in

heart disease.

Doctors know that it is something that begins early in life and progresses steadily as deposits of fat form in the walls of the body's arteries, destroying their flexibility. Eventually, the passageway becomes too small for blood to flow through freely. Trouble follows.

To counteract this, doctors are advising people to cut down on fatty meats, shell fish and fat-rich baked goods and candies and to substitute, wherever possible, products prepared with unsaturated fats.

Among residents of Floyd County, according to the vital statistics reports covering the three years, the number of heart deaths per year averaged 54 out of a total annual mortality of 103. This is exclusive of deaths locally of non-residents.

DPS Investigates Two Floyd Wrecks In Jan.

The Texas Highway Patrol investigated two accidents on rural highways in Floyd County during the month of January, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region #5 for January, 1973, shows a total of 572 accidents, resulting in 16 persons killed and 207 persons injured as compared to January, 1972 with 500 accidents resulting in nine persons killed and 217 persons injured.

The Highway Patrol Supervisor reminds the motorist that it takes 16 times the normal distance to stop a vehicle on ice than on good dry pavement. The icy weather will still exist in these winter months.

The 16 traffic deaths for the month of January, 1973 occurred in the following counties: Hartley, four; Gray, Sherman, and Lubbock, two each; Dallam, Deaf Smith, Roberts, Swisher, Palo Pinto and Parker with one each.

Rain And Snow Halt South Plains Cotton Harvest

The South Plains cotton harvest was near peak activity until interrupted by rain and snow on Tuesday and Wednesday, according to W. K. Palmer, in charge of the USDA Cotton Classing Office in Lubbock.

The mid-week adverse weather conditions halted harvesting activities, but the three South Plains USDA classing offices continued receiving cotton samples due to the backlog of cotton at gins and warehouses.

Samples from 101,900 bales were tested and classed at the South Plains USDA cotton classing offices at Lubbock, Brownfield and Lamesa during the week ending Friday, February 9. This brought the total classed for the season to 1,564,000 bales.

Grades of cotton classed at Lubbock remained about the same as the previous week. Strict Low Middling Light Spotted (42) and Strict Low Middling Tinged (44) were the predominant grades, making up 34 percent of all cotton classed. Strict Low Middling (41) made up 12 percent and strict Low Middling Spotted (43) 14 percent.

Average staple length was also about the same as the previous week.

Sorghum Producers Association Considers New Feed Grain Program

At its meeting on January 26, the Board of Directors of the Grain Sorghum Producers Association asked the Executive Committee and staff to continue their study of a new approach to the Feed Grain Program and supply management.

The proposal that is under study would eliminate the present base allotments, which have long been outdated, and replace them with a program under which set-aside would be directly related to the acreage actually planted during a crop year.

The present base allotments were established by the amount of grain planted in 1959-60. Since then, the grain sorghum production area has shifted into many new areas. Therefore, the producers who have begun planting since the base allotments were established are not participating in the feed program to help keep the production in balance with demand.

The essential recommendations of the GSPA study are:

1. Secretary of Agriculture shall be required to carry out a feed grain program each year that will hold the production in balance with consumption, and prices at levels which will be profitable to producers.
2. Base allotments established in 1959-60 will no longer apply since they have long been obsolete.
3. Set-aside acreage that is required by the Secretary shall be related directly to acreage actually planted for harvest on a farm during a given crop year.

(Example):

(a) National Goal — If Secretary of Agriculture set a national goal of 100 million acres planted and 30 million acres set aside, the requirement for set-aside would be an acreage equal to 30% of the acres planted for harvest.

(b) Farm — A farmer would plant 100 acres and set aside 30 acres.

4. Secretary shall set payments at levels necessary to achieve the goal of production and set-aside.

5. Secretary shall set payments at levels necessary to raise farmers' income to the degree that average market prices paid to farmers plus government payments will equal the national weighted average cost of production and include a fair profit.

GSPA Executive Director Elbert Harp asks grain farmers to study this proposal and to let the Association know their views. National headquarters of GSPA are located at 1212 14th Street, Lubbock, Texas.

Lockney Cadette Troop Number 29 Study First Aid

The Pack 2 meeting of Troop #29 on Monday, January 29 and Monday, February 5, have been devoted to first aid training. Rita Griffith gave the First Aid session from the Red Cross First Aid Book. It covered many subjects such as what to do at an accident scene and artificial respiration. The second training course was on the application of various bandage styles and shapes. This session was conducted by Virginia Owens.

The girls will continue to practice and study until they have completed their first aid badge and can meet the Challenge of Emergency Preparedness. This is one of the steps to become a First Class Girl Scout.

The troop feels very fortunate to have such able and willing volunteers as these ladies, Miss Griffith and Mrs. Owens, who gave of their time and talents to help train these young ladies. If you have any questions, please call Mrs. Harley at 652-2641.

MISS LYDA WALDING TELLS OF EASTER SEAL SERVICES

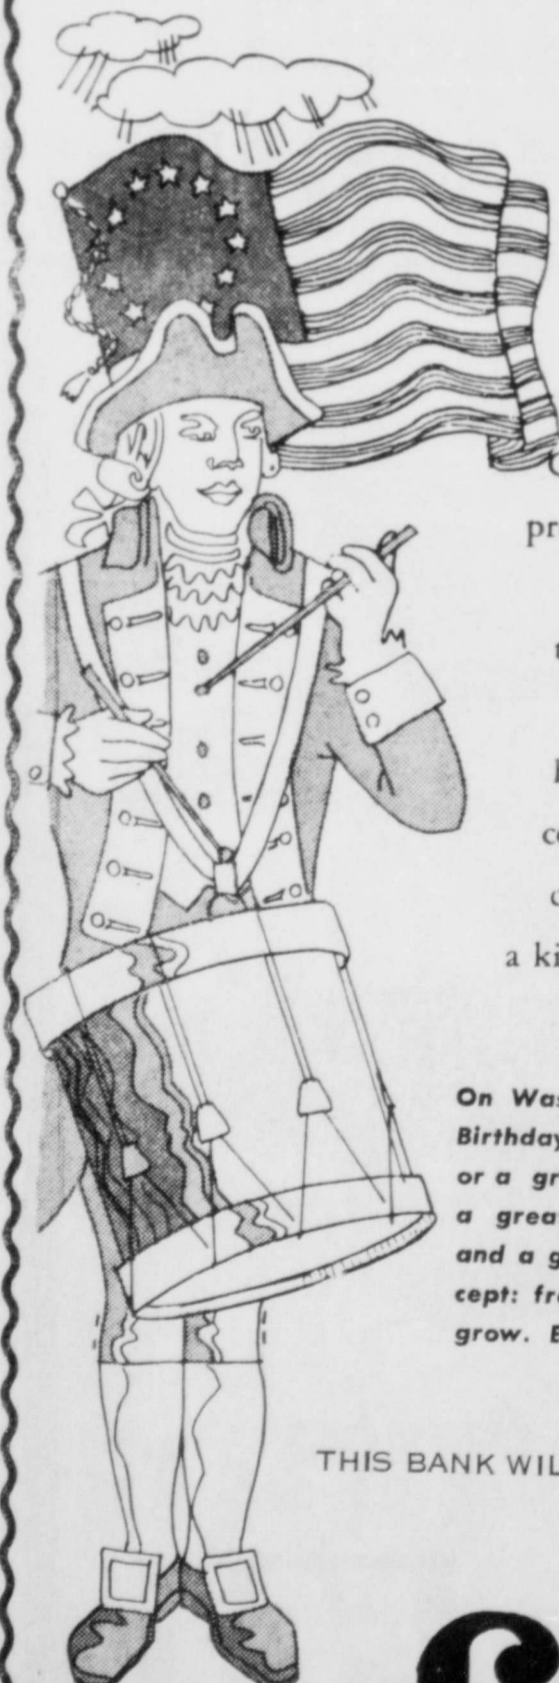

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

According to Miss Lyda Walding, who is the Easter Seal Representative for Floyd County, 16,572 handicapped Texans received Easter Seal treatments during 1972.

"Despite medical scientific advances," Miss Walding explained, "the number of crippled people are growing because of population increase and medical advances saves victims of diseases who might have lived in past years."

"Through these persons with a handicap receive the help they need to live as Miss Walding said."

South Anna Quisenberry LHS Betty Crocker Homemaker Of Tomorrow

Lockney Water Inc. Members Will Attend Meet Saturday

DONNA QUISENBERRY

Donna J. Quisenberry has been named Lockney High School's 1973 Betty Crocker Homemaker of Tomorrow. Chosen on the basis of scores in a written knowledge and attitude examination administered to high school seniors here and throughout the country last Dec. 5, she will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow. In addition, she remains eligible

for state and national honors. The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging centering on results of the Dec. 5 test, will receive a \$1,500 college scholarship. A 20-volume reference work, "The Annals of America", will also be presented to the state winner's school by Encyclopaedia Britannica Educational Corporation. The second-ranking student in the state will receive a \$500 scholarship.

In late April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia — each accompanied by a faculty adviser — will gather in Washington, D.C., for an expense-paid educational tour of the capital city and Colonial Williamsburg, Va. Personal observation and

interviews during the tour will be added to state-level judging results in the selections, to be announced at a dinner in Williamsburg, of the 1973 Betty Crocker All-American Homemaker of Tomorrow and three runners-up. Scholarships of the four national winners will be increased to \$5,000, \$4,000, \$3,000 and \$2,000.

Instituted in last year's Betty Crocker Search, a \$1,000 Nutrition Scholarship is also part of the program again this year. Recipient of this award will be the participating student who plans a college major in nutrition or a related field, ranks among the highest in his or her state on the overall examination and, from those meeting these two criteria, achieved the top score on the exam's nutrition questions.

Science Research Associates, Chicago, constructed and grades the written examination, and is responsible for all judging and selection of winners.

A total of 665,600 seniors were enrolled in this year's Search, the first in which boys were eligible to participate. Approximately nine millions students have taken part in the program since its inception in the 1954-55 school year and, with this year's grant, total scholarship awards will exceed \$2 million.

Regarding the inclusion of boys in the program, General Mills said, "While, historically, the feminine homemaker has usually exerted the major influence in shaping the home, teamwork between husband

and wife has long been the ideal. In today's changing society, that teamwork will undoubtedly become increasingly important during the years ahead. That is why high school senior boys as well as girls are now eligible to join the Betty Crocker Search with full opportunity to earn scholarships and, hopefully, gain the other educational benefits of participation."

Lockney members of Water, Inc. will be attending the organization's sixth annual membership meeting in Amarillo Saturday.

Balloting was done by mail and the ballots will be counted at the Amarillo meeting. Gene Collins of Lockney is running

opposed for re-election to a 3-year term as director of District 15 (Floyd County).

New directors will be announced at the meeting.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Feb. 12 — Our weather is still following a pattern that began in the early fall — a day or so of nice weather, then rain or snow and cold weather for several days. Some of the farmers are still trying to get cotton out.

Our hearts were saddened yesterday (Sunday) at the passing of Mrs. Ohmer W. Kirk. This writer first knew "Miss Mabel", as I call her, when I was nine years of age at Eless where she and her mother taught school. Mrs. Kirk taught piano in Floydada for many, many years and dearly loved her work. She will be greatly missed by a large number who were her pupils, as well as by her many friends and loved ones.

Mr. and Mrs. Carl Nelson of Dimmitt, Mrs. Troy Johnston, Beverly and Sharon of Springtown and Mr. and Mrs. George Burgett, Shelly and Jeff of Amarillo spent Sunday at the home of Mr. and Mrs. Ruy Irwin. Mrs. Irwin and Mrs. Nelson accompanied Mrs. Troy Johnston and children home Monday (today) and will be in Ft. Worth most of the week. Travis Burgett, son of Mrs. Irwin, is a patient at St. Joseph Hospital there.

Mr. and Mrs. Walter Hollums and Mr. and Mrs. T.C. Hollums visited Friday night, Feb. 2 in the home of Mr. and Mrs. Lindsey Graham.

Mrs. Walton Wilson and Mrs. Georgia Finley were luncheon guests Friday of Mrs. Ila Hammonds and Mrs. Wilson spent the afternoon with Mrs. Hammonds.

Mr. and Mrs. Walton Wilson visited Sunday with Mr. and Mrs. Harvey Allen, Mike and Norman and had dinner with them.

A number from Fairview attended funeral services Wednesday afternoon at First Baptist Church for Lawrence Reeves.

Mr. and Mrs. Lindsey Graham visited Friday night with Mr. and Mrs. R. B. Hatley.

Mrs. Jess Finley visited Sunday afternoon with Mrs. C. H. Wise.

Mrs. R. A. McMeans of Amarillo, who had been spending several days in the home of her brother and sister-in-law, Mr. and Mrs. Edell DuBois, returned home

Lockney School COUNSELOR Helps Students And Parents

By Gayle Jackson Mrs. Douglas Degge considers her role as Lockney school counselor to be a helping person to the students and their parents.

Now in her second year as a full-time counselor, she divides her time between the elementary, junior and senior high schools. Her schedule calls for her to be at the elementary school on Monday, Wednesday and Friday mornings; at the junior high on Tuesday and Thursday mornings; and at the high school those afternoons.

Naturally, this is flexible to allow her to deal with problems wherever they arise. Mrs. Degge is working increasingly with teachers in the system to infuse more career education into the curriculum. This follows a state and nationwide emphasis on telling students about career possibilities and necessary preparation for these jobs.

In all cases, Mrs. Degge is searching to find a helpful solution for the particular child. Because of the human factors of environment, heredity, personality, etc., no one solution works for all problems.

In junior high, Mrs. Degge does not do as much psychological testing as in elementary school, concentrating instead on helping the child to understand himself and the reasons he might be having difficulties.

High school students still have problems understanding themselves, and it may be helpful to both these age groups to talk confidentially with the counselor. Through various testing procedures, Mrs. Degge hopes to be able to guide students into vocational or academic educational fields following high school.

then refer the parents to agencies where they can get help for the child and his learning disability. Early diagnosis of such a problem is important.

In some cases, the child responds well to attention, and to the positive reassurance of his abilities to function in a classroom.

Mrs. Degge also works closely with Mrs. Henry Ansley, school nurse, to understand health problems that might be contributing to the over-all problem. Basically, when a student does have a problem, she administers a battery of tests which may include an individual achievement test, a learning disability test, an individual IQ test, and some informal tests. These help her to understand the child's performance. Next step is to explore possible solutions.

Mrs. Degge is working increasingly with teachers in the system to infuse more career education into the curriculum. This follows a state and nationwide emphasis on telling students about career possibilities and necessary preparation for these jobs.

High school students still have problems understanding themselves, and it may be helpful to both these age groups to talk confidentially with the counselor.

Through various testing procedures, Mrs. Degge hopes to be able to guide students into vocational or academic educational fields following high school. At all times, she is interested in helping students to be happier, better-adjusted citizens in their school community now, and in the world as citizens of tomorrow.

A time-consuming part of the counselor's job is to administer the various tests approved by the school. Achievement tests are given students in the third, fifth and eighth grades to decide at what grade level the student is performing. Intelligence tests are given fourth, seventh and tenth graders.

Freshmen take the Differential Aptitude Test, which indicates what ability they might have in seven different areas: mechanical reasoning, clerical speed and accuracy, numerical ability, verbal reasoning, abstract reasoning, space relation, and uses of language.

Juniors at LHS take a preliminary scholastic aptitude test, and armed service personnel administer the Armed Services Vocational Aptitude Battery to senior boys and girls.

Mrs. Degge assists seniors in making applications for the college entrance tests SAT and ACT. Students must take one of these to enter colleges of their choice.

She has information in her office about financial aid and loans for college students, scholarships and educational and vocational opportunities for the graduating senior, and she will assist in making applications for these.

She also has available a great deal of vocational information that might be of

interest to persons outside of the school, and can make arrangements for people to take the high school equivalency test.

Mrs. Degge had to complete special courses and get her master's degree to become Lockney's first full-time certified counselor. She began graduate work at West Texas State University in the summer of 1968, and completed the Master of Education in August of 1970. Her major was in education, with a minor in psychology. The counseling certificate was awarded at the same time after completion of 6 hours college credit above those required for the master's degree. These hours were in administering and interpreting psychological tests.

Mrs. Degge recommends several steps to the parents whose child might be having a scholastic or personality problem: (1) recognize and get an understanding of the actual problem; (2) consider things that might be helpful or be a possible solution; (3) look at this as fairly as you can, giving some thought to his home relationships, and his relationships with friends and at school; (4) try to create a warm understanding with the child that something needs to be done and possibly can be done; (5) take a positive action of some kind, even though it might require trial and error to discover the solution. Mrs. Degge is there to help with all of this and to guide the parents and the child.

MRS. DOUGLAS DEGGE visits with David Brotherton, a LHS student, regarding where he will be attending college. (Staff Photo).

MARK ESTES ON DEAN'S LIST

Mark W. Estes, a junior at McMurry College, has been named to the Dean's List for the fall semester, according to Dr. Allen F. Cordis, dean of the college.

Estes, son of Mr. and Mrs. Claude Estes of 801 Cedar in Floydada, earned a 3.62 average during the semester.

Mrs. Charley Spence is being bothered with some throat and ear trouble. Their son, Orville of Greenville called Saturday for a long distance chat with his parents.

Mrs. Thomas Warren and sister, Mrs. Bob Alldredge were in Crosbyton Tuesday p.m. seeing their aunt, Mrs. Linda Peel, who is very ill in the Crosbyton Hospital.

Mr. and Mrs. Thomas Warren were guests at a party at the Leon Fergusons Friday night.

There is still much sickness in the area.

Dinner guests were Mrs. Leo Franz, Mrs. Ava... Mr. and Mrs. Clark... of Amarillo... Mrs. Lois Durkin... Mrs. Warren's Friday... We join the many friends in the passing of... Kirk, that many loved... our city for 42 years... be sadly missed.

CENTER NEWS by Mrs. J.E. Green

CENTER, Feb. 12 - We are still having variety in the weather since last week at this time - rain, snow, sunshine and today, wind.

Mr. and Mrs. Claud Carpenter returned home last Monday from Lubbock where they spent over the weekend with their daughter and husband, Claudine and Joe Conway.

Mrs. Clarence Ashton visited Mrs. Frank Dunn awhile Saturday.

Thursday, Feb. 22 at 6:30. This meeting will be for the churches from Silverton, Quitaque and Flomot. The Home Mission Book, "No Man Walks Alone" will be taught by Dick Roehr, who has worked with the Home Mission Board and is now working with the missions in Silverton and Quitaque. Everyone is asked to come and bring a salad.

Mr. and Mrs. Charles Nelms are keeping their two grandchildren until Wednesday while their parents, Mr. and Mrs. Bill Clymer, are attending an entomology meeting in San Antonio. The grandchildren, Tonya and Cindy have been here since the weekend.

There will be an Association Library Clinic in Floydada First Baptist Church at 10 Tuesday, Feb. 20. Mrs. A. C. Pratt will be the Association Coordinator.

Forty seven were registered for Sunday School services Sunday morning, with Mr. and Mrs. Joe Taylor, Rise and Gregg from Lockney, Katie Taylor from Texas Tech and others in for the sermon. Many families of the community are ill with the flu. Several Sunday School teachers were absent with illness and song leader, Bill Gilbreath, is ill at his home in Floydada. Mark Smitherman led the morning singing, and Kendis Julian led the night service.

Mr. and Mrs. L. T. Wood were hosts for Sunday dinner with guests Mr. and Mrs. James Teague and three boys of Lubbock, Mr. and Mrs. Riley Teague of Floydada, and other members of her family.

Sandy Powell has been out of school three weeks with a bad case of influenza. Others ill were Sterling Cummings and members of his family. Travis Young is still not able to be out since a bout with the flu bug.

We are sorry to hear that Mrs. Edith Magnuson, sister of Mrs. Ruby Higginbotham, is in intensive care at an Amarillo hospital, going in last Thursday with what they feared was a heart seizure. Mrs. Higginbotham spent Saturday at her bedside.

Mr. and Mrs. Frank McClure went to the Parkview Baptist Church in Plainview Sunday morning and attended services with their daughter, Mrs. Jean McClure, Boyd and Rev. and Mrs. Jeff Messer. They later had dinner at the Messer home with all the family present, including D'Ann McClure.

Bible Study will be held this Tuesday afternoon at the home of Mrs. Keith Marble, with all of the community invited to attend. They will be hearing a tape recording of Dr. Fred Howard's, along with their study.

The South Plains Baptist Church will begin a study of the Book of Hebrews, Feb. 14, under Rev. Troy Cartmill. The past Sunday night at the church the regular business meeting of the Baptist Church was held. \$200.00 was set for the Home Missions goal.

Mr. and Mrs. Curtis Sanders, Brian and Shawnda went to Lubbock Sunday for a family reunion of her people, the Botelers. 52 family members met at the home of Mr. and Mrs. Jack Clayton for a family dinner. Mr. and Mrs. Carl Boteler and boys were also there. They also celebra-

ted the 77th birthday of their great grandmother, Mrs. H. C. Boteler, Sr.

Dickie Julian, the grandson of Mr. and Mrs. Murray Julian, and son of the Terry Julians of Roscoe, has recently won several ribbons with his prize pig. Dickie won first at Roscoe, won at Sweetwater, won a first at Abilene Stock Show, and then at Fort Worth in the Fat Stock Show, where his pig won a second. Congratulations to Dickie for these honors.

Congratulations to Mr. and Mrs. Allan Adams of Ralls, who are parents of their first child, a girl, born February 5, at Ralls, weighing 6 pounds, 13 1/2 ounces and named Kandace Karen. Allan was raised in the South Plains area and is the son of Mrs. R.H. Adams and the late Mr. Adams.

Mr. and Mrs. Murray Julian returned home Friday night from a vacation in Hollywood, Florida with his brother, Mr. and Mrs. Cliff Julian, and with other relatives. They visited Disney World, and also relatives in Melbourne and in Fort Pierce. The weather was beautiful for trips around the country, and were home just

ahead of storms here. Sunday they visited in Lubbock with Mrs. Terry Julian at the University Hospital and saw Terry Julian and Dee. Monday night they enjoyed a turkey supper at the Kendis Julian

home.

Mr. and Mrs. Grigsby Milton attended the program by Tech Jazz Rock Ensemble and the Floydada Stage Band Saturday night. Their daughter, Darla is in the stage band, and plays the trap set.

FLOYD DATA
 Mr. and Mrs. Virgil Boyd of Dallas spent Saturday night with her sister, Mrs. V. D.

Letters To Editor

February 9, 1973

I need in my check for another year's subscription to your paper for my grandparents, Mr. and Mrs. Andy Owens of Chick, Beadton, Oklahoma, 73428.

I appreciate you mentioning in your paper that my father had surgery a couple of weeks ago and would love the cards or letters from her friends in Floydada. Last year I subscribed to your paper for them, my grandfather surgery and so many people in Floydada wrote him and enjoyed hearing from them.

My grandmother having gall bladder trouble, they had been in very good health. They went on a "traveling last summer and visited a lot of their children.

Recently added a great granddaughter to their list. If my mother serves me right, they now have 21 grandchildren and 9 grandchildren. We had a girl on January 9 and named her Ree. It was our first.

Thank you very much for your attention and I certainly appreciate you notifying me about the subscription. My father's 77th birthday was February 1, so this is part of his gift to me.

Sincerely,
 Mrs. Tona Payne

 County Hesperian
 Lockney, Texas

I just read Matt and Mark Martin's account of their trip to South Africa, and enjoyed it thoroughly. I have known Mark since I was a child, when my dad, Marion, worked for Mark. All through my growing up years I was wonderful to me, and I think Mark's letter to the Hesperian reveals adventurous spirits, warmth and humor. I have observed in them all my life. The letter reveals humorous, informative and touching; when Mark talks about Texas, and being a West Texan, we can all relate to that. This brings me to the main point of my letter, and that is that Floydada, West Texas and the U.S.A. do not have a better Ambassador of good will than Mark and Matt. I have traveled in foreign countries, too, and in my travels and my husband's work I have met the very rich, the very poor, and it is my observation that among them are a variety of types of people much like those at home. I have observed warm and generous folks, some snooty types, and some who are just plain folks. Still as we travel we find that we have much in common with our brothers and sisters in all lands, and I am sure that Matt and Mark will agree with me that the exhausting effort of learning new customs, trying to cope with different accents, even different English accents, different currency, enormous expense, are well worth the effort. Our hats to two remarkable people, who in their youthful seventies set out halfway around the world to see their family.

Sincerely,
 /s/ Norma Carpenter Wilcox
