Conner Cagle kept the ball and made a fine run down the field for some 35 yards. Cagle carried for 11 more yards and the ball carried for 11 more yards and

down the field for some 35 yards. Cagle carried for 11 more yards and the ball was on the Post four yard line. It looked like Floydada would tie the score 14-14 with about 40 seconds left in the game. A Cagle to Young pass was dropped under the goal posts, a Cagle run was held, then a Post lineman charged through and jerked the ball loose from Cagle. That was the ball game!

Although the game was not of district classification, it leaves Floydada with a 1-1 record and Post with a

Wilson Says TD Runback The Turning Point

"It was bound to catch up with us sooner or later," Whirlwind head coach L.G. Wilson said Saturday, speaking about the 'Winds' penchant for winning football games in the last seconds. They couldn't do it against Post Friday night, although they threatened to pull off another "Cardiac Kids" trick when they had the ball on the Antelope four with less than a minute to play.

Probably the main problem for the 'Winds was that the defense was not as sharp as it should have been, Wilson said, and failed to get the ball for the offense in a decent field position. Every time the 'Winds got the ball, they were having to think about the long drive and the big yardage gainer. The Floydada offense was able to move when it got the ball but, after the initial scoring drive, couldn't get into the end zone.

with a beautiful 25 yarder, he threw Young one that was a little too high, ther hit Young with a five yarder. Smitherman caught a two yarder then with Post thinking all was pass play, Zone. Wilson noted that the 'Winds looked pretty good running inside in the first half, when the Antelopes were taking away the Whirlwind option and ck The Turning Point allowing Danny Bradford and John Cagle to gain yardage up the middle. Then shortly before halftime, the 'Lopes went to a six-man line, plugging up the middle but letting the 'Winds

who carried for some 45 yards in the

first half, didn't carry the ball in the

success in the first half, didn't carry in after halftime. But Wilson was not pleased with the defense. "We need to keep teams from controlling the ball," he said Saturday—and the 'Winds didn't do it Friday night.

pick up yardage on the end sweeps.

That's why Bradford, who had such

Probably the turning point in the game, Wilson said, was Post's length-of-the-field touchdown runback of the kickoff following Floydada's first-quarter storing drive. The big play fired up the Post team and gave them the confidence Wilson says they probably didn't have until then.

But—"We may be down, but we're not out," the Whirlwind coach declared after the defeat, "and we're still alive and kicking."

Lockney Youth Dies In Wreck

A 17-year-old Lockney senior, James Aldon Colvin, died Friday afternoon in a one-car turnover six miles west of Lockney on U.S. 70.

Although a passer-by tried to revive

Colvin at the scene, he was pronounced dead there by Lockney Justice of the Peace R.H. Ford.

Colvin, who had been to a dentist in Plainview, was eastbound when he apparently lost control of the Mustang he was driving, highway patrolman Bill Dawson said. The car overturned three times, rolling over Colvin who was thrown from the car.

Colvin was a popular student at Lockney High School, he was a member of the basketball team and other school organizations.

Services were pending Saturday morning at Carter Funeral Home.

Survivors include his parents, James C. Colvin Jr., of Lockney and Mrs. Mary Lynn Lewis of Plainview; a sister, Jo Beth Colvin; and his grandparents, Mr. and Mrs. Al Bigham and Mrs. Lena Colvin, all of Lockney.

Whirlwind JV Stops Post, 22-14 Highway Department

The Floydada High School junior varsity football team beat Post Thursday, 22-14. All the Whirlwind JV's scoring came in the first half. Post didn't score until the final quarterr, and one Antelope TD came with one second left in the game.

> Fullback Dewayne Kunkel scored all three Floydada touchdowns. Kunkel's

Freshmen Tie, 6-6

The Floydada High School freshmen and the Post ninth-grade football team battled to a 6-6 tie at Post Thursday.

Wren Wells scored for the 'Wind frosh in the second quarter, on a 15-yard run around left end, and Floydada led 6-0 at the half.

Post scored early in the final frame. The Whirlwinds held on the conversion attempt to leave the score knotted. Late in the game, the Floydada

defense stopped Post on a fourth-down try at the Whirlwind 12. The Whirlwinds looked "pretty good", offensively, in the first half,

with Wells and Randy Ratheal moving the ball on the touchdown drive, coach Derrith Welch said. Linebacker Rick Carthel drew mention for his defensive work in the game.

The Whirlwinds stopped their own drives with fumbles. "We just fumbled too much (seven times) to win a ball game," Welch said.

The freshmen host Olton next Thursday. first TD came in the first quarter, on a 20-yard run. Greg Goen passed to Royce Chadwick to make it 8-0. Again in the first period, Kunkel

went 14 yards for a score. Joe Huerta's run for the extras was good, bringing the count to 16-0. In the second, Kunkel crossed the

goal from three yards out. A running attempt for the conversion was no good.

Post put together a scoring drive in the final frame, the 'Winds held on the extra try, and, quite late in the game, the Antelopes scored again and made the PAT's.

The Whirlwinds played "a real good first half," according to Floydada coaches Curt Chatham, Joe Paty and Don Rainer, but let up defensively after intermission. The Floydada defenders did put up two goal-line stands in the second half.

The 'Winds coaches noted the good offensive play of quarterback Goen and halfback Chadwick, who caught two key passes in the first half. Chadwick replaced Gordon Bond, who was injured on the opening kickoff. Charlie DeLeon also made several good pass receptions from his end position, tailback Donzell Minner turned in a

good performance, and Gary Nixon played well at guard. Defensively, tackle Leslie Soto's game performance drew mention from the coaches. Huerta played a good game at linebacker, and Minner, at safety, did a good job on defense for the

'Winds. The JV 'Winds' next game is with Olton here Thursday.

Open House Thursday

Everyone is invited to visit the Texas Highway Department building in Floydada on open house day Thursday, September 27. The openhouse is being conducted as part of the highway department's celebration of Highway Week this week, September 23-29.

The public is invited to tour the highway department building and meet the new foreman, J. D. Davis, who takes the place of J. W. Gooch.

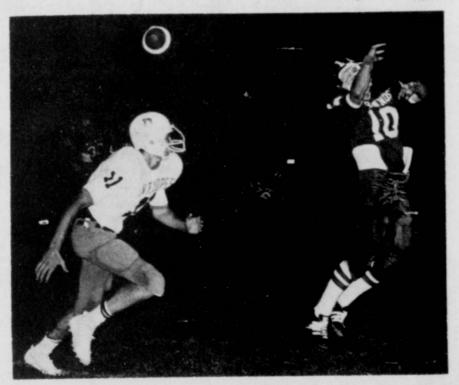

Refreshments will be served at the open house.

Netters Invited To See Film At Tennis Club Meeting

The Floydada Tennis Club will meet at 7:30 p.m. Tuesday in the Lghthouse

Electric building in Floydada. Junior high and high-school tennis players are invited to see the film about Billie Jean King which will be shown at the tennis club meeting. The tennis film is educational and entertaining, according to Totch Upshaw, club president.

the club's regular business meeting will follow the film showing.

NEARLY... Whirlwind back Rance Young couldn't make the catch of Cagle's pass with 2:23 left in the game Friday. Number 11 Bryan Davis is the Post defender. Post won 14-7. (Staff Photo by Jim Huggins)

BUT NOT QUITE HARDLY. . . Young, in the end zone, couldn't hang on to the pass that would have made it 14-13 with seconds left. (Staff Photo by Jim Huggins)

Floydada Development Company

Membership Meeting Set Monday

OBITUARIES

Mrs. Gerlach

Services for Myrtle Eliza beth Gerlach, 68, of Littlefield, and sister of Doyle Moore of Floydada, were held Saturday at 2 p.m. in the First Baptist Church in Littlefield. Mrs. Gerlach died Thursday morning in Littlefield Hospital after a lengthy illness.

A native of Hot Springs, Ark., Mrs. Gerlach had resided in Littlefield for the past 35 years.

Survivors include her husband, Fred; two daughters; her mother, Mrs. Lena Moore of Crosbyton; five brothers, Ola, Frank and Arvis Moore of Crosbyton; Doyle of Floydada, and Reed of Ralls; two sisters, Mrs. Bonnie Lee Flemins and Mrs. Gertie Ratheal, both of Crosbyton, and five grandchildren.

RS OF

TOI

Burial was in Littlefield Memorial Park.

H.J. Bontke

Services for H. J. Bontke, 74, a longtime Plainview resident who died Wednesday at his farm, three miles east of Plainview, were held at 2 p.m. Friday, September 21, in St. Paul's Lutheran Church.

The Rev. William K Schuster, pastor, officiated. Burial was in Plainview Memorial Park by Wood-Dunning Funeral Home.

Mr. Bontke was born in Abilene. He and the former Emma Stephen were married Oct: 23, 1921, in Romney. They lived in the Abilene and Cisco areas until 1925 when they moved east of Kress, where they farmed until 1932, when they came to the Plainview farm

He was a member of St. Paul's Lutheran Church.

Surviving are his wife, a son, Herman of Plainview; three sisters, Mrs. Pauline Barbian of Kress, Mrs. Mrs. Emma Miessner of Anson, and Mrs. Bertha Lichte of Littlefield; a er, John of Lockney;

and three grandchildren.

years of age. Any youngster meeting the age requirements, who can punt, pass or kick a football - or who'd like to try - will want to compete. Participants compete only

age, and there is no body contact. No special equipment is needed and participation does not impair a youngster's amateur standing.

MRS. DAVID HALE

Miss Gaya Clampitt Becomes Bride Of David Hale In Double Ring Vows

In a setting of gladiolus and blue carnations, flanked by lighted tapers, Miss Gaya Clampitt became the bride of David Hale in a double ring ceremony read by the bride's father in the Victory Baptist Church Saturday, September 15

The bride is the daughter of Rev. and Mrs. Emmitt Clampitt of Floydada and of "At This Altar" and "The Lord's Prayer". She was accompanied at the piano by

Miss Penny Bertrand. The bride wore a formal gown of peau de soie over satin, accented with Chanttilly lace at the Victorian pointed neckline and long sleeves, then used again to border the hemline and chapel length train. The Dire waist was circled in

surrounded with miniature chrysanthemums and baby's breath.

For something old the bride carried a lace handkerchief belonging to her mother and borrowed her diamond earrings. She also wore a diamond pendent, a gift from the groom. Miss Kathy Clampitt.

Floydada, sister of the bride, as maid of honor and Miss

they carried blue and gold Miss Cogdell To Participate flower girl distributed petals of blue carnations.

Dan Hale, Lubbock, serv ed his brother as best man. Ushers were Larry Guthrie and James Hale, Floydada. James Hale also served his brother as groomsman. David Cochran was ring bearer and Jamie and Joey Hale, nephews of the groom, were candlelighters. A niece, Debbie Hale, distributed rice bags.

Following the wedding a reception was held in the home of the bride's parents. A gold colored cloth under white covered the serving table. The cloth was used at the bride's maternal grandparents' golden anniversary celebration 12 years ago. The vase, which graced the table holding an arrangement of gold colored roses and blue carnations, was used on the serving table at her paternal grandparents' 50th anniversary 15 years ago. The bride's September wedding date was specifically chosen for this reason, as well as it being the month for her family's birthdates. Mrs. Roger Sauls of Denton registered the guests. Serving from crystal and silver appointments were Mrs. Dan Hale, Mrs. James Hale and Mrs. Allen Cochran, Floydada, and Mrs. Richard Sims of Plainview.

For a wedding trip to Ruidoso, the bride changed to a blue two piece suit, trimmed in navy blue with navy blue accessories. She wore the corsage taken from her bridal bouquet.

Upon the couple's return to Floydada they will reside at 415 W. California St. Mrs. Hale, a graduate of Denton High School, is employed by the First National Bank in Floydada. Her husband, a graduate of Floydada High School, is employed at City Auto.

The groom's parents sted the rehearsal dinner

New Arrival

In Texas Rose Festival from Floydada High School Miss Connie Delle Cogdell in Floydada. During the will participate as royalty in summer she attended Camp the Coronation Court and

Waldemar. She will participate in the elaborate Queen's Coronation of the Festival the nights of October 18-19, wearing a beautiful gown designed to portray her role in the Coronation, a glamorous pageant in a Renais sance Setting.

She will be honoree at a number of teas, dances and other social activities, and will ride on a rose-adorned float in the mammoth Rose Festival Parade at 10 a.m.,

MR. AND MRS. CALVIN POTEET

MISS CONNIE COG

Saturday, October 20. Miss Cogdell will be presented at the Queen's Ball, sponsored by the Order of the Rose, along with many other beautiful coeds from many states.

The Texas Rose Festival. now in its 36th year, is the largest floral fiesta in the Southwest. It is attended

'34 Club Reconver The Floyd Lawson

The 1934 Study Club Care reconvened for a new year of study and activities Tuesday night in the home of the club president, Mrs. Floyd Law-son, Mmes. W. O. Newberry, Wilson Bond, L. B. Stewart, Jr., J. S. Hale, Jr., and Lonnie Hinsley served a delicious Texas-style meal of Mexican casserole, beans, green salad, frito chips, and pecan pralines to the following club members: Mrs. Thelma Hoffman. Mmes. William Bertrand, Allen Bingham, Everett Collier, Dennis Dempsey, Leon Ferguson, Garland Foster, Kyle Glover, M. J. McNeill, J. P. Moss, Vernon Parker, Sam Spence, George Springer, Fred Stewart, Jake Watson, and J. M.

After the welcome ad

dress, stressing pride in the

club by Mrs. Lawson, a short

business meeting was held

in which the club voted to

give \$25 to the Caprock

and Mrs. Roy Hale of the Harmony community in Floyd County. Rev. Clampitt also gave

HONEY GROVE, Texas - the last four years in Italy with corresponding increases in soybean meal use for hog rations, according to Don Blacketer, Honey Grove, Texas Soybean Assn. president.

To control or not to control cotton exports is still one of the hotter issues in Washington and in the cotton industry. Mills continue to stump for a "system of export licensing," while producers remain firmly opposed to any form of government tampering with foreign sales.

The Texas Association of Cotton Producer Organizations (TACPO), following a meeting in Dallas September 10, wrote to Secretary of Agriculture Earl Butz saying "Export controls on cotton are in no way justified or advisable." The TACPO letter in large part echoed a "position paper" previously submitted to the Secretary by Lubbock-based Plains Cotton Growers, Inc.

Both the Lubbock group and the statewide organization commended the Secretary for his strong and articulate defiance of control advocates. TACPO said "Your public statements against export restrictions have been and continue to be a great and valuable service to this country."

Mills, primarily through the American Textile Manufacturers Institute, maintain that the supply-price situation is unlikely to improve without government action and contend that "increasing prices will have an adverse effect on the cotton industry, textile manufacturers and the general public.

On the other side of the question producer groups such as PCG and TACPO warn that export controls would destroy producer confidence in market prices, halt the current strong upward trend in production and therefore perpetuate rather than alleviate the supply situation. "The institution of export restrictions would be an attempt to treat symptoms, not causes, and any relief for any segment of the industry that might result therefrom would be temporary at best and in the long run injurious to all," the TACPO letter stated.

Senator Herman Talmadge, a democrat from Georgia where both textile manufacturing and agriculture are important to the economy, and chairman of the Senate Agriculture Committee, on September 10 also called on the Secretary of Agriculture to institute a cotton export licensing program and strengthen the Commodity Exchange Authority in order to stop "runaway" prices for raw cotton. 'should the Senator pursue this course to the point of introducing legislation in the Senate," says Donald Johnson, executive vice president of PCG and secretary-treasurer of TACPO, "the danger of government tampering with our foreign cotton markets would be greatly enhanced. So we are doing all we can and working with other producer groups across the belt to get Senator Talmadge to reconsider his position

A copy of TACPO's letter to the Secretary was sent to each member of the Texas delegation in Washington, exhorting each to "actively oppose export restrictions of any kind

The Texas delegation, the Secretary of Agriculture, Senator Talmadge and other Washington officials are also being supplied with all available facts and figures to refute the claim that export controls or "licensing" is needed, the best since 1962, Production in the state is now Johnson said.

Sunday, September 23, 1973, Page 6

Fresh pork consumption was 20.5 pounds per capita in 1969 but has climbed to 27.3 pounds in 1972. This compares to 14.7 pounds per capita consumption in 1963. Sovbean meal imports have jumped from 88,660 tons in 1963 to 524,700 tons last year. Blacketer empha-

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource ... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 / of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

PIONEER NATURAL GAS COMPANY

Yield based on Sept. 1 conditions is expected to average 406 pounds per acre compared with 408 pounds in 1972.

estimated at 4,650,000 bales. This compares with

Harvest for the state has reached about 10 per cent completion. Cotton on the High Plains and Low Plains is making excellent progress. Crop potential on the Plains is above average.

Rains have hampered harvesting in southern sections and cotton root rot is a problem in the Blacklands.

BASED on Sept. 1 conditions, a record grain sorghum crop is forecast for Texas at 421,600,000 bushels. This would be more than 100,000,000 bushels above the 1972 crop.

Peanut production is now estimated at a record high in lexas of 502,400,000 pounds compared with 480,455,000 pounds in 1972. Yield is expected to average 1.600 pounds per acre: Acres estimated for harvest total 314,000 which is 7,000 more acres than the 1972 crop.

Soybean production for Texas is also estimated now to set a new record of 11,475,000 bushels. This would be more than twice the 1972 soybean production. Acreage this year is double that of the previous year. Average per acre yield is estimated at 27 bushels per acre.

Production of corn in the state this year is estimated at 60,800,000 bushels, an increase of 54 per cent over last year

Wheat seeding for the state is now above 10 per cent, and is on schedule with last year. Farmers are preparing fields or have them prepared throughout the state.

RANGE and non-irrigated pasture conditions as of Sept. 1 averaged 76 per cent of normal and compared with 77 per cent last year and 86 per cent last month.

Agriculture's outpost on Wall Street

Most farmers and ranchers don't realize the Federal Land Bank gets its loan funds from the sale of bonds to investors. There is no government money in the Land Bank system. The quality of Land Bank Bonds, plus the skill with which the Farm Credit System's own Fiscal Agency works on behalf of agriculture, means a constant flow of low-cost financing from the nation's money market. Come in . . , and let's talk over how Land Bank money is bought-and soldat a fair price to the borrower.

ASSEMBLY OF GOD

CHURCH

Adults see the intensity of a child's emotion—but seldom understand. Our natural tendency is to assume a child is small and his feelings are just "miniatures" of our own.

To the contrary, many childhood emotions are more intense than anything we feel . . . stronger because the child hasn't yet learned to understand and curb his feelings.

This is the ideal time to *begin* religious education. Then a child's understanding of *himself* grows with his perception of spiritual values.

Sunday morning in church is the high point in thousands of "little lives." Things that aren't going too well have a way of straightening out when you're grasping the central truth of Christianity: JESUS LOVES ME!

Mr. and Mrs. Tommy Hutton and children have moved back to Lockney after living in Nevada for several months.

Hubert Frizzell underwent surgery Tuesday at Methodist Hospital in Lubbock. The surgery is more treatment for injuries Frizzell received in a tractor accident last spring.

Mrs. J. V. Ormond remains in Caprock Hospital at Floydada where she has been about three weeks.

SUPPER TO AID DAY CARE CENTER

The Floydada Day Care Center board has planned to sponsor a spaghetti supper ust before the Littlefield-Floydada game here on the evening of October 5.

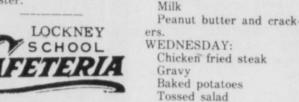

The board members are now selling tickets to the supper priced at \$2.00 for adults and \$1.50 for children Proceeds of the supper go to keep the center in operation, with some 35 children now enrolled.

A spokesman for the fund raising supper said, "we hope to hold our charges down for day care service so the working mothers can afford it.

Lockney Newcomers

Sunday, September 23, 1973, Page 9

Four school teachers are listed among Lockney newcomers this week. Two, Janie Carter and Jane Lynn share the former home of Mrs. Livingston which is on SW 2nd near the telephone office.

Janie Carter, a Sweetwater native and a graduate of Lubbock Christian College, is filling her first teaching position at Lockney Elementary, serving as a Plan "A" resource teacher. She attends Main Street Church of Christ.

Also new to the teaching profession is Jane Lynn, a recent graduate of McMurry College in Abilene. Jane is a junior high math and science teacher. She completed high school at Borger, but her

parents now live at Loraine. Jane's father is a Methodist minister.

Another Jane - Jane Miller - has moved into the home of the late Mrs. Mattie Cates on Washington Street. The high school English teacher is married to Don Miller, a Marine Corps career man stationed in Japan this year. Mrs. Miller is a Baptist.

Neighbors to Mrs. Miller on Washington Street are Mr. and Mrs. Danny Paul Smith. Danny is a pre-pharmacy major at Wayland and is employed at the Medical Center Pharmacy in Plainview. Donna Smith teaches social studies and English I at Lockney High School. They will be attending the Baptist Church.

Her cool dude cools it when it's a family affair

By Abigail Van Buren © 1973 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I met a really cool guy who travels, and he makes this town once every two weeks. Tex and I dug each other right away, and I might as well tell you we ended up at his motel on the second date.

Every time he'd come to town, we'd go to his motel. I really grooved this dude, Abby. He even told me he loved me.

Well, imagine how hurt I was when I found out his brother got married right here in this town last week and Tex took another girl to the wedding.

Wouldn't you think if Tex liked me well enough to have me at his motel every time he got to town he should have asked me to that wedding?

Should I ask him how come I'm good enough to go to bed with, but I'm not good enough to take to a family HURT wedding?

DEAR HURT: Don't ask him any questions. The answer is obvious. Just because a man says: "I love you." doesn't mean he means it. And doesn't the fact that he took another girl to a wedding where his friends and family would be present tell you something?

DEAR ABBY: There is a poem by Ogden Nash that I would like to find, but all my efforts led me nowhere. It goes something like this

"He drinks because she nags, he thinks.

She nags because he drinks, she thinks."

Then it goes on to say that: "In fact, he's a sot and she's a shrew.

I am going crazy trying to track it down. Can you help AVID CHICAGO READER me, please?

DEAR READER: My reference library contains 15 volumes of Ogden Nash and I can't find it either. But I'll bet one of my readers out there can.

DEAR ABBY: My pet peeve is the way some daughters in law pick on their mothers in law.

I refer to that silly crab who griped because her mother in law always got to sit next to her son [daughter in law's husband] when they rode in the car.

She wrote: "As my husband opens the car door for us, I step back and let his mother get in first. This puts her next to my husband, which I think is MY place.

Well, for Pete's sakes, gal. Get in the car first if you want to sit next to your beloved. He can then help his mother in, and close the door. This puts his mother on the outside, next to the door, which is really the best spot because then she can view the scenery, and isn't squeezed between two bodies with nothing to look at but the hood of the car and the pavement ahead.

More power to you! Me? I'm a mother in law, and refer to sit near the door and let my daughter in law sit next to my son I've noticed, too, that after a mother in law becomes a grandmother, she no longer is despised, but suddenly becomes a wonderful baby sitter. What a difference a child makes! Just wait, young wives, one day you'll become mothers in law, too. And then God help you! NORTHERN CALIFORNIA GRANDMA

Archeology To Begin In Tule Canyon

With Mackenzie Dam scheduled to begin holding water by early October, archeologists will begin a crash digging program on archeological sites threatened by the proposed rising waters.

The sites-some 18 of them will be under the lake-had threatened to forestall completion of the dam, but spokesman for the Gilvin-Terrill Construction Company of Amarillo and Goodnight now say they expect both can be done without delay.

Dr. Jack Hughes, head of the anthropology department at West Texas State University in Canyon, will head the digging project, aided by Billy R. Harrison, archeologist with the Panhandle-Plains Historical Museum.

The scientists' work will be financed by \$35,000 in state emergency funds, recently allocated by Governor Dolph Briscoe.

The \$35,000 represents half of Hughes' estimate of the total cost of exploring the sites which will eventually be flooded by the new lake.

On January 1 the Floyd

locally-financed dam in the country-will provide municipal water for Tulia, Silverton, Floydada and Lockney.

Hughes said the digging teams will focus at first on the 18 sites which will be flooded during the first year of the dam's existence, hoping for future funding to allow them to stay ahead of the water.

Hughes said the sites in question are mostly open camp sites of both historic and prehistoric Indians. There is some evidence of a sedentary culture which may have occupied the area in prehistoric times, and such sites are included in the initial study.

He said there is a chance that the diggers will unearth remains of the prehistoric creatures which lived in North America in the canyon which provided wood, shelter and water for men who hunted on the adjoining Plains.

Hughes said there are some 70 sites in the immediate area of the dam, and these range from the Paleo-Indians up through early habitations of the area's earliest Caucasian settlers.

I would like my letter printed because it concerns every single person who lives in West Texas and Gulf Coast. A sickness hit our family called encephalitis or sleeping sickness. The cause is a tiny mosquito. There is no cure medicine and it takes 2 to 3 weeks to find out what type of encephalitis it is.

I strongly believe she was bitten in Floydada. She was then 3 weeks old.

For seven to ten days there were very few signs. In her case, she started throwing her arms and hands into the air, mainly when she passed gas or heard certain noises. She was bitten probably around Sept. 1

By Friday, Sept. 7, the arm shaking increased and Friday night second stage appeared of high fever. The doctor said she had a sore throat (also a sign). She compounded her illness by developing bronchial pneumonia. By Sunday, Sept. 10, her arms, legs and bottom jaw would shake out of control and her eyes would stare a blank-look stare. Her skin was chalky white. By Monday morning, Sept. 10, she was in the hospital first for bronchial pneumonia then by the afternoon, for encephalitis. This was discovered by cells in a spinal test.

Sunday, September 23, 1973, Page 12

Her shakes averaged every ten minutes apart. I can't tell you how it tears you apart to watch this and know neither you, the nurses or medicine can stop it. In six days she has had nearly 80 shots, 2 blood transfusions, four iron spinal taps, lots of blood tests, brain wave test, and many intraveinous feedings. Also a baby or adult must be kept in an oxygen tent until the shakes or convulsions subside. She was given a seditive constantly in hopes to keep her calm during the shaking.

Her fever went down in a few days, this is second stage. With luck, she got over the pneumonia. Her shakes got further apart then they just stopped. Wednesday, she entered third stage, the sleeping stage. You still can shake during this as well as awaken ever so often.

She went 48 hours without shakes so she was moved out of the oxygen tent.

About four days in the hospital she developed a strong sucking desire. She has had no mouth fluid and won't until Sunday, Sept. 16. This is a good sign to desire to suck.

Her recovery has been unexpectedly quick and probably not a normal pattern, because her age and the pneumonia was against her from the first.

There are three major types of encephalitis. The Western. is the worse and very fatal. The St. Louis can be fatal but also results in mental and/or physical damage. The last is Echo, survival is good and some or no physical and//or mental damage. Encephalitis attacks the nervous system and brain.

Saturday, Sept. 15, she looks like she will survive and

Stamps By Mail Introduced

A "Stamps By Mail" program was introduced Sept. 17 throughout the southern region by the U.S. Postal Service at post offices having "City Delivery"

customers to order stamps from the Floydada post

shows no outward damage. However it may be months or years before any damage shows, due to normal body growth patterns.

I'm not writing this letter for pity but to show the people it isn't worth the risk to go places where mosquitoes are heavy. Cut your weeds down, chemically destroy the mosquitoes. Wear clothes to protect you while irrigating. I hope this letter will help some parent to diagnose their child or adult illness in the early stage and to be prepared for extreme emotional torment they will have.

Ignorance is not bliss in dealing with encephalitis. Thank that airplane that wakes you up spraying. It may have just saved your life.
