Whirlwinds Host Abernathy In Second District Game

★★★
**Wilson Gets 100th
Coaching Win**

The Floydada Whirlwinds' 54-0 football victory over Ralls last Friday was L. G. Wilson's 100th win as a head coach and his 50th win at Floydada.

Wilson racked up 50 victories as head coach at Winters before taking over the reins at Floydada.

The 'Wind mentor has compiled a remarkable 50-10-2 record at Floydada. His record at Winters was 50-32-3. As an assistant at Brownfield, Weatherford and Temple he had 76 wins, 22 losses and six ties.

Since coming here in 1968, Wilson's teams have scored 1,421 points while giving up 455 and posting 24 shut-outs. Wilson's 'Winds have won or shared four district championships and represented the school in the state playoffs three of those years, advancing to the regional playoffs in 1969 and to the quarterfinals last year. His Winters' teams won two district crowns.

CROP March Success

Local young people earned about \$225 Saturday for CROP, the community hunger appeal of Church World Service, on a "walkathon" from Floydada to Lockney.

Seventeen Floydada young people started the 12-mile march, starting at 12:30 and arriving about 3:45 Saturday afternoon. Only three dropped out, after making it as far as Muncy. The marchers collected a dollar a mile from several sponsors, averaging two sponsors each.

Mr. and Mrs. Jerry Neeley were adult sponsors for the march.

The Floydada youth staged the march instead of the traditional "Trick Or Treat For CROP" held in past years.

Open House Sunday At Baptist Assembly

The public is invited to the open house for the new dining-conference building at Plains Baptist Assembly Sunday, October 28, from 2 to 4 p.m.

A special invitation is extended to all area Baptists and any others who wish to attend the open-house ceremonies.

Construction on the debt-free dining-conference building began last October and was recently completed at the Assembly, located south of Floydada in Blanco Canyon.

TRICK...OR TREAT?...Whether you consider Daylight Saving Time a trick or a treat, remember it ends at 2 a.m. Sunday, October 28, when the nation goes back to Standard time. Smilin' Jack, here, seems happy that it's about to end, before he "does his thing" Wednesday, Halloween. Mrs. B. A. Robertson of Floydada furnished the fancy jack-o'-lantern, and Solomon Jewelry supplied the digital clock and the elegant setting for the dramatization of the approaching end of DST. Friday At 7:30

The Floydada Whirlwinds and the Abernathy Antelopes will be trying to retain at least a share of the District 4-AA football lead when they meet at 7:30 p.m. Friday at Wester Field. The 'Winds and the 'Lopes, after a single district contest, are currently tied with Lockney for the conference lead. Floydada outmanned Ralls 54-0 in the district curtain-raiser last week, and Abernathy surprised Tullia 26-18, while the Longhorns were murdering Idalou 63-0.

Abernathy has a young team and they have been making some mistakes. Whirlwind head coach L. G. Wilson said this week, but they seem to have "put it together" last week in upsetting the Hornets. The Whirlwinds' victory over Ralls was not unexpected, but the margin was something of a surprise, so both teams can be considered as coming off "big games," and one could conceivably grab sole possession of the district lead with a win Friday.

The Antelopes are not a physically strong group, but they do have some big players at key positions, Wilson said. The defensive interior linemen

are all big, with the three inside men going 191, 210, and 273 pounds. The 273-pounder is junior David Thomas, and he does a good job for the 'Lopes, according to Wilson.

On offense, quarterback Ray Martin is a good passer and has fine receivers in end Tommy Horsford and wingback Artis Betts.

The Antelopes showed their ability to take advantage of opponents' mistakes in their victory last week over Tullia, Wilson observed, so the Whirlwinds will have to eliminate mistakes to fare well against them.

The 'Winds are in good physical condition again this week, coming out of the Ralls contest last week without any new injuries or aggravations to old ones. Wilson, after viewing the game films, remains pleased with consistency the team showed last week in the offensive attack. The blocking was especially improved last week. Wilson mentioned backs Rex Yeary and Rance Young for their blocking when they weren't carrying the ball, and end Danny Quisenberry and guards Mike Hatley and Ruben DeLeon for their blocking in the line.

gym Friday at 3:30 for the pep rally, and we'll keep that spirit flying high. Go get 'em, Green!

The Whirlwind Cheerleaders

Jay Jones Wins Football Contest

Jay Jones, Box 2573, Canyon, won first prize in The Hesperian football contest last week. Jones missed four games and edged another four-miss entrant, Alton Fields, Box 32, Lockney, by guessing 41 on the tie-breaker (Field guessed 34). Another Canyon resident, Bill Sanders of Rt. 1, Box 148, won third place with five misses and the closest estimate (42) on the tie-breaker.

Jones, who received \$7.50 for his first-place effort, missed the Abernathy-Tullia game (only four contestants picked the Antelopes, who join Floyd County's two team atop the District 4-AA standing with their 26-18 upset of Tullia), Dumas-Muleshoe (the Demons beat the Mules 33-7), Cooper-Tahoka (the Pirates outscored the Bulldogs 27-12), and Levelland-Canyon (Sam Mitchell was too much for the Eagles, too, as the Lobos won 14-8).

Fields' wrong guesses were on Abernathy-Tullia, Hereford-Monterey (the Herd winning 26-10), Crosbyton-New Deal (the Chiefs, 19-13), and Brownfield-Sweetwater (the Cubs over the Mustangs, 21-8). He wins \$5 for second.

Sanders missed Abernathy-Tullia, Crosbyton-New Deal, Cooper-Tahoka,

Levelland-Canyon, and Littlefield-Dimmit, good enough for the \$2.50 third prize.

Five other contestants missed five games but underestimated the tie-breaker score by a greater margin: Jon LaBaume, Don Warren, Billie Moore and Clarence Denton of Floydada, and Jerry Gentry of Crosbyton.

This week's contest appeared in the Sunday Hesperian. Entry deadline is 5 p.m. Friday. Entries in The Hesperian contest should be mailed or brought to the Hesperian office, Box 700, Floydada, and entries in the Lockney Beacon's contest should go to the Beacon office in Lockney. We can't guarantee that entries arriving at the wrong office will make the judging.

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Oct. 21-27 — Pastor of South Plains Baptist Church and his wife, Gay, request the honor of your presence for an Open House at the Baptist Parsonage in South Plains Sunday, October 28, between the hours of 3-5 p.m.

Daylight Saving Time will be over this coming Sunday, October 28, so you can set your clocks back an hour.

W. W. Merrell, from near Quitaque, was released from Central Plains Hospital this past Monday after spending nearly two weeks there with a heart seizure. He is the father of Mrs. J. P. Taylor.

Mrs. Fred Marble entertained in her home after school, Oct. 16, with a birthday party for her daughter, Cindy, on the occasion of her eighth birthday. Guests played games, opened gifts, and then were served punch and birthday cake. Attending were Pam Powell, Cynthia Mulder, Meredith Kitchens, Mitzi Julian, Kelly Marble, the honoree, Cindy, and her mother.

We offer our sympathy to members of the Sanders family on the death of a great aunt, Mrs. Lillie Colston, whose funeral was last week.

Guests at the Baptist parsonage in South Plains over the weekend were Roy Reed, grandfather of Mrs. Oden, and Teresa Gay

Sparkman, niece of Mrs. Oden who were also Sunday church visitors. Sunday guests with them were her parents, Mr. and Mrs. Paul Sparkman and their son, Mr. and Mrs. Fred Sparkman and children, all of Plainview. All were Sunday night church guests.

Johnny Lackey of Plainview, who formerly lived at Cedar Hill, underwent major surgery Thursday morning in Plainview at Nichols Clinic. He has been quite ill the past few days. We hope for an early recovery. His niece, Mrs. Ruby Higginbotham, has been spending some time at his bedside, as have other relatives.

John Cummings, son of Mr. and Mrs. Sterling Cummings, placed third in the Punt, Pass & Kick contest in Dallas in the ten year old division.

Mr. and Mrs. Arby Mulder left last Friday for Albuquerque, New Mexico for a visit with his brother, Mr. and Mrs. O'Dell Mulder, and after visiting there they plan to spend a few days in Red River.

Visitors at the South Plains Baptist Church Sunday morning included Roy Reed, Teresa Gay Sparkman of Plainview, Mrs. James Norrell, Liberal, Kan., and Bruce Julian of Perryton. Rev. Mike Oden and wife, and his guests, and Mr. and Mrs. Bill Gilbreath, song leader and wife, were among

the group that went to the convalescent home at Lockney Sunday afternoon for services and songs.

Mr. and Mrs. Bruce Julian and Clay of Perryton, Mr. and Mrs. Kendis Julian, Kristi, Mitzi and Tim, and Mrs. Jerry Moore of Abilene were Sunday guests of Mr. and Mrs. Murray Julian. The Bruce Julians spent the weekend and Monday here with his parents, her father, Edell Moore in Floydada, and the Kendis Julians. Mrs. Moore came Saturday night to spend Sunday here with the children.

Mrs. George Weast went back to the Central Plains Hospital in Amarillo last Thursday to have her eye surgery checked, and doctors said she was getting along well. She had eye surgery two weeks before.

Open House for the new dining-conference hall of the Plains Baptist Assembly will be held Sunday afternoon, October 28, from 2-4 p.m. You will want to go and see the beautiful new building which will serve this area.

Our hearts have all been touched with grief this past week as several friends have lost their lives in accidents.

We were shocked to hear that Delilah Cummings, daughter of Mr. and Mrs. Zach Cummings, who formerly lived here and went to schools here, was killed in a one-car accident in Salem, Oregon. Her brothers, Ster-

ling Cummings, Kendall Cummings, and formerly Zach Walton and families all live here, with the exception of Zach, who now resides at Glen Rose. Funeral services were held Saturday at the Lockney First Baptist Church.

Members of the South Plains Church where the family were former members, served lunch Friday noon to the Cummings family. Mr. and Mrs. Zach Walton Cummings and children from Glen Rose, Mrs. Mona Geller of San Francisco, Calif., Mrs. Jean Rose from Denver, Colo., and Mrs. Leonard Cooper of Plainview were among those of the family present, with the families who live in our area.

W. T. Conner of Dumas, son of Mr. and Mrs. Jim Conner of Cedar Hill, was killed in a two-car accident Thursday, and his services were held Saturday. We offer our sympathy to his family.

Another family who suffered a loss Friday evening were Mr. and Mrs. Early Pritchett, whose stepfather, H. H. Stephenson of Plainview, passed away at his home after a long illness. His services were held Saturday afternoon in Lemons Memorial Chapel in Plainview.

Mr. and Mrs. Frank McClure have gone to Plainview this Monday night to the Park View Baptist Church to hear the evangelistic preaching of Mickey Warlick, who is conducting a week's revival at the church.

Mr. and Mrs. James Norrell of Liberal, Kansas, were here over the weekend at the home of her parents, Mr. and Mrs. Shelby Calahan and Randy.

Mrs. Poyner Roberts was visiting in Tyler and at Plano, the past week with relatives. In Plano she visited her son, the Ken Roberts' and Jason, and the Dale Roberts', Mike and Pam. She and her family enjoyed the Rose Festival at Tyler.

Mrs. Hazel Powell was brought home from Caprock Hospital Tuesday of last week after a long stay following surgery. She was taken back to Crosbyton for a medical checkup Friday, and we are glad to hear she is doing fine. A daughter, Mrs. Carl Jones of Tulsa, Okla., stayed with her last week, and another daughter, Mrs. Garry Gilbreath is staying here this week.

Mrs. Jo Y'Blood, from Medford, Ore. arrived here last week for a visit with her sister, Mr. and Mrs. Early Pritchett and Steve. They have planned a trip back to their old home place in Arkansas.

Boyd McClure of Kerrville was here over the weekend visiting with his mother, Mrs. Jean McClure in Plainview. Saturday he spent the night here with her grandparents, Mr. and Mrs. Frank McClure.

Mr. and Mrs. Bryan Karr of Richardson returned to their home Sunday morning after being here for the funeral of her niece, Miss Delilah Cummings. They

came Thursday for another funeral, this one being for Bryan's aunt, Mrs. Lula C. Karr, 82, of Spur, who died Tuesday in Methodist Hospital in Lubbock. Services were held Thursday in the First Baptist Church at Spur.

Mrs. Walter Wood received word Monday (today) of the death of her sister, Mrs. Amy Fry, of Roscoe, where she had been in a nursing home the past few years. Funeral services have been scheduled in Sweetwater October 23.

Everyone is invited to attend Bible Study at the South Plains Baptist Church Tuesday, October 30, at 2 p.m. with Mrs. Early Pritchett leading the study. There will be Mission Friends with Mrs. Arby Mulder and Mrs. L. T. Wood.

Mr. and Mrs. Sylvain Kinniburgh left Wednesday for Oklahoma City, where they visited with his cousin, Mr. and Mrs. J. D. Horne. They all left there for a vacation in Arkansas, spending some time at Eureka Springs, and Rogers. They reported the leaves have not turned there as yet. All returned home Saturday.

Mrs. L. T. Wood, Mrs. Mike Oden and Mrs. Murray Julian spent October 16 at the Caprock Associational WMU meeting held in Floydada First Baptist Church's cabin at Plains Baptist Assembly. Members brought salads served at the noon hour. A wonderful day was enjoyed, with inspirational songs, and preaching by Rev. David Dyer of Spur Bethel Baptist Church. Mrs. Wood led the Baptist Women in their afternoon study.

Election Day Of Interest To Veterans In Texas

Tuesday, November 6, 1973, is General Election Day in Texas and is of particular significance to Veterans who reside in the State. This was announced today by D. G. Ayres, Veterans Service Officer for Floyd County.

The voters of Texas will this year be asked to vote "for" or "against" a proposal to add \$100 million to the Veterans Land Program to finance purchases of farm and ranch lands by eligible Veterans. The 1973 General Election Ballot will contain a number of Constitutional Amendment proposals, and this will be Number 7 on the form. The proposal is to increase the Veterans Land Program Bond Issue from \$400 million to \$500 million.

The Veterans Land Program has been in existence since 1949, and has helped thousands of wartime Veterans to purchase farms and ranches. Under the program, a maximum loan of \$10,000 may be made to an eligible Veteran for the purchase of ten acres or more of rural property.

RONALD BAKER IN AIR FORCE WEAPON TRAINING

HAMPTON, VA. — Airman Ronald M. Baker, son of Mr. and Mrs. A. E. Baker, 705 W. Grover, Floydada, Texas, recently participated in weapons firing training with his Aerospace Defense Command (ADC) unit at Tyndall AFB, Fla. Airman Baker is a weapons mechanic with the 48th Fighter Interceptor Squadron at Langley AFB, Va. The unit is equipped with F-106 Delta Dart all-weather interceptor aircraft. All ADC interceptor pilots are required to complete training annually to evaluate their skill against a radio-controlled target drone that effectively simulates an "invader" aircraft. The elusive targets fly more than 600 miles per hour at an altitude of 60,000 feet. Ground crews are evaluated on their weapons loading ability and speed in preparing aircraft for launch during the training period. Airman Baker, a 1967 graduate of Floydada High School, earned his B.S. degree in electrical engineering last year at Texas Tech University. His wife, Patty, is the daughter of Mr. and Mrs. Dennis E. Dempsey, 601 W. Mississippi St., Floydada.

MRS. JAMES PAUL McCRIGHT

Miss Charlotte Beth McCluskey And James Paul McCright Solemnize Vows

Stained glass windows enhanced the natural decor of the University Chapel in Stillwater, Oklahoma Saturday evening, October 20, as wedding vows were exchanged by Miss Charlotte Beth McCluskey and James Paul McCright. The bride is the daughter of Mr. and Mrs. C. H. McCluskey of Aiken and the groom is the son of Mr. and Mrs. J. A. McCright of Lubbock.

Officiating at the candlelight service was the Rev. Neil Schoole from the Baptist Student Union, before an altar illuminated with tapered brass candles entwined with tropical foliage and blue candles, two large matching brass altar baskets of blue and white gladiolas and carnations, and large blue ribbon bows marked the mothers' pews.

The organist, Miss Carol Phillips of Stillwater, presented a melody of wedding music and traditional professional and recessional organ music.

Emma Jo McCluskey, sister of the bride, served as maid of honor, wearing a floor length gown of open blue taffeta covered in organza. The bishop sleeves and yoke were accented with gathered lace. The blue veil and waistline were accented with matching velvet ribbon and she carried a blue and white nosegay of carnations.

J. A. McCright, father of the groom, served his son as best man. Wesley Ahrens of Lubbock and Tommy Martin of Stillwater served as ushers.

Floyd County Educators To Meet At TSTA Meeting

The opening general session for all teachers begins at 9:30 a.m. October 26 at the municipal auditorium. Featured speaker at the general session will be Dr. Millard G. Roberts, noted educator from Oneonta, New York.

The Elementary session will be held at 2:15 p.m. at Coronado High School. Secondary teachers will attend meetings for their special fields.

on Reality". Taking part were Mrs. John Shipley, Mrs. M. L. Solomon, Mrs. Reue, Mrs. Whitaker and Mrs. W. O. Baker.

Mrs. G. L. Bryant was leader of the program. Mrs. Jimmy Willson gave a resume on "Life and Death", (rooted in Time) quoting Paul Tillich, "Is there any difference between life and death? Is one absent from the other? We were born knowing we will die, but we refuse to act that way. There is only one healing power — Jesus Christ — HE is the NEW REALITY." She continued quoting, "We want proof of everything — proof that God exists — in the midst of it all. God speaks to us in HIS own way, though we may not recognize it. Do we recognize GOD in a face coming down the street? When we know we are near death we sometimes become more dedicated to life."

Mrs. Ray Smith continued the study, quoting, "We should not separate the physical body from the spiritual body. We should surrender ourselves to life, energy, art, flowers, nature, etc. If we have what we feel is "unearned suffering" we should try to make it a virtue — it is redemptive. How would you want to die? Smoke or drink yourself to death, a wreck, or by fire or a disease? It is the suffering more than death that we fear. Life and Death are rooted in Time; Eternity is another dimension."

Refreshments were served to Mmes. W. O. Baker, G. L. Bryant, John Reue, Ray Smith, Lorin Leibfried, M. L. Solomon, John Shipley, E. E. Hinson, Bryan Denley, Sam Green, Fred Stewart, G. M. Armstrong, Jimmy Willson and Emma Lou Whitaker.

Next meeting will be with Mrs. Ray Smith.

THE U.S. Consumer Product Safety Commission urged parents today to take special precautions for making Halloween a treat rather than a dirty trick for children.

Fire and motor vehicle-pedestrian accidents contribute to the increased number of injuries during the annual observance, the federal agency said in offering the following safety check list:

—Don't set candle-light pumpkins outside where they might brush against a child's costume, or inside where curtains or other furnishings might be ignited. Don't allow children to carry them door-to-door.

—Consider sewing reflective tape on costumes, or give children flashlights to carry.

—Adults should accompany younger children.

—Don't allow children to eat any of the treats until they have been checked.

—Instruct children on everyday safety rules, such as not dashing from between parked cars, and warn them not to run across darkened yards where they might hit lawn ornaments or clothes lines.

IF you were the parents of a high school student in Mexico today, you might say: "Estudie mucho para entrar a la universidad."

The words mean, "Study hard so you can get into college," and the words mean more than ever before now that our neighbor to the south is readying a huge new 24,000 student university, with campuses spread throughout Mexico City. It will be operational in time for the semester that starts January, 1974.

"BULLET Goes Off In Vacuum Cleaner." Scared Housewife. An unusual headline if it was put to story form, but since it "JUST" scared a housewife there is no reason to play it up. Mrs. Jerry Thompson was the victim, and her Kirby was the vacuum cleaner. The bullet belonged to her husband and their three year old son was involved in a round-about way. Mrs. Thompson said her son found some bullets in a drawer, dropped them in the den, and when they were picked up, one was left on the carpet un-noticed. She later was vacuuming and the stray bullet was sucked into the vacuum unit and exploded. Mrs. Thompson said she realized what had happened when she smelled gun powder, so called her husband and when he got to the house and investigated, he found the bullet in the vacuum tray. The projectile part of the bullet was "boogered" up... and the shell casing in three pieces. Mrs. Thompson gives thanks to "a good Kirby Vacuum cleaner."

As It Looks From Here

Omar Burleson, M.C. 17th District, Texas WASHINGTON, D. C. —

The cost of running for political office has gotten ridiculously high. No person should be denied the right to seek public office simply because he or she is unable to either pay for it himself or is forced to receive contributions from sources which obligates him after he is elected.

There is nothing wrong with financial contributions to political campaigns. Large sums, however, should be prohibited and the sources of contributions should be made an open book for all to see.

Our state legislature has done a good job and will probably go further in subsequent sessions to accomplish this purpose.

On the federal level, there is wide support for controlling expenditures, revealing the sources of donations and other methods of control. There are already numerous provisions on the law books for limits but there are loopholes which need to be closed. Legislation has been introduced proposing numerous approaches. The U. S. Senate has passed a broad bill which places strict compliances on Federal candidates in the general election. Under the Senate bill, individuals could contribute no more than \$25,000 to all Federal candidates. No more than \$9,000 of that sum could be given to any one candidate. If strictly enforced, such a law would effectively curb the influence of big individual contributors.

The solution, however, carries with it some vexing new possibilities. Candidates who challenge incumbents more readily need substantial funds. Normally the advantage lies with the one already in office. He has access to publicity that goes

with public service and other resources to promote his re-election.

The challenger overcomes these advantages only by raising the funds required to mount a strong and effective campaign. The Senate bill would severely limit his ability to raise those funds unless, however, the candidate is supported by "write off" of union dues which goes into a campaign fund, not necessarily contributed to the candidate, but used to promote him in numerous ways. Other organized groups have a similar provision for support of their candidates in the general election.

Consideration is now being given to having federal elections financed from tax money on a formula which divides the funds between parties or between candidates.

The law now provides that a taxpayer may have a \$25.00 credit for a campaign contribution. It is something else to pay these costs out of the Federal Treasury from everyone's tax money.

Another question arises. Should the federal government place control over campaigns for Federal office, how long would it be before they would want to include State primaries?

As a matter of fact there are those in Congress and in influential groups outside who want to include all primary elections under the control of Washington. Those of us who maintain that the State legislatures should retain this authority and responsibility have been opposing any such ideas for a number of years.

In the House of Representatives there is now a move to enact a mixed system of public and private financing of qualified candidates for President and Congress in the general elections. The purpose is to enable any candidate to mount an effective campaign without the need for large private contributions. The goal is to provide sufficient financial support to encourage the maximum feasible degree of participation in elections for Federal office. The advocates of this line admit that they would like to extend this system to primary candidates at a later time.

If absolute accountability and open records are available to the electorate, people will exercise a judgement which could determine their support for a candidate. This is what our Legislature wants to do and would be a most effective way of guaranteeing wholesome elections.

Guffee Injured In Farm Mishap

Corky Guffee sustained a badly mangled left hand, a broken bone and another shattered in the wrist of the same arm on the Guffee farm Tuesday evening around 6 o'clock. The injured man, a longtime office employe of Lighthouse Electric, also sustained bruises and abrasions on his shoulder and other parts of his body when he was jerked from a tractor after his hand was caught in the power take-off of a shredder.

Although in a great deal of pain, Corky was reported to be doing as well as could be expected following two

hours of surgery Tuesday night in Lubbock Methodist Hospital. The family received enlightening medical reports yesterday, and were also told the circulation in his hand was improving.

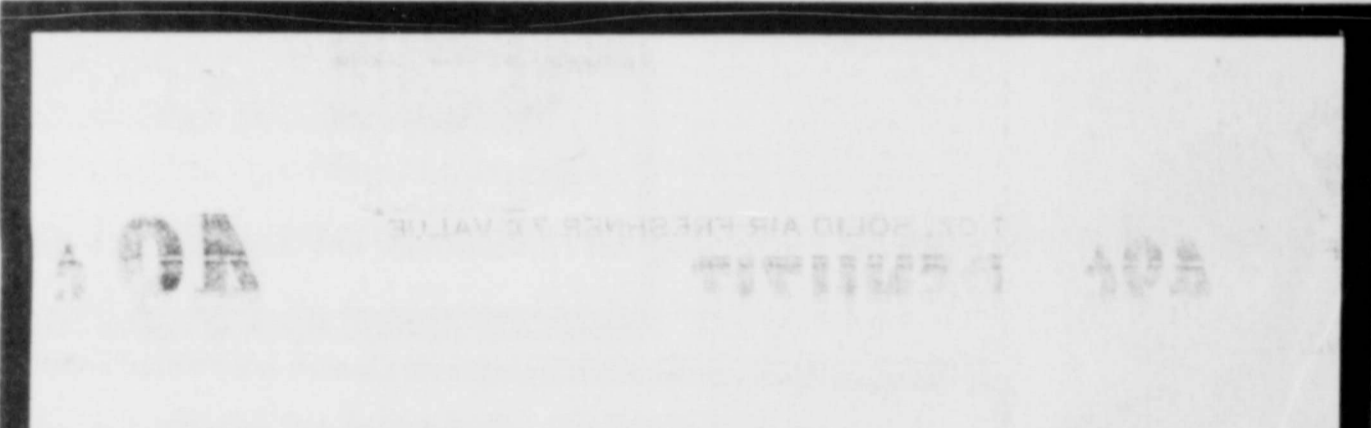

Corky had been on the tractor only a short time, relieving his father of that duty, when the mishap

occurred. Clarence Guffee rushed his son to Caprock Hospital by pickup from where he was transferred by Moore-Rose ambulance to Lubbock.

Sorghum Groups Host Japanese Officials

Thirty three members of a Japanese feed and livestock study team were guests of Texas Grain Sorghum Producers Board and Grain Sorghum Producers Association in Lubbock October 18, 19 and 20.

Leader of the team was Kohichiro Hamada, assistant chief, commercial feed division, Animal Industry Bureau of Japan's Ministry of Agriculture and Forestry. Assistant leader was Michio Maeda, executive director of the Japan Feed Trade Association.

While in Lubbock the team studied grain sorghum production, harvesting, inspection and storage. They visited feedlots and Texas Tech University.

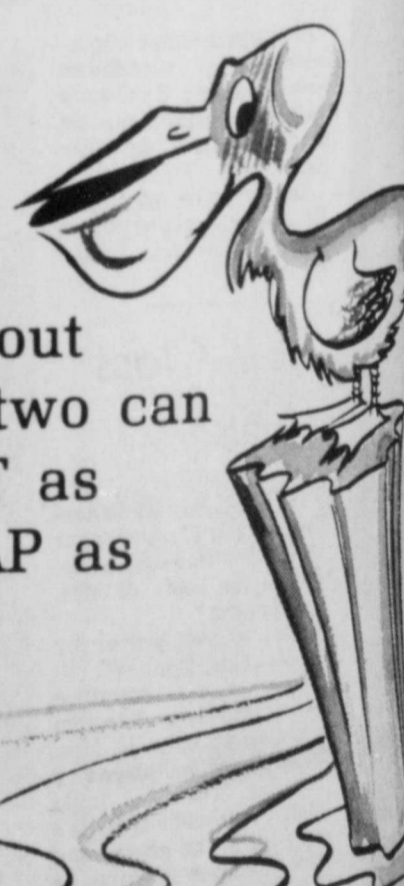

The team also studied U.S. marketing methods for feedgrains and scientific blending for feeding various classes of livestock.

TGSPB and GSPA officers and staff members acted as official hosts for the team while they toured West Texas.

Japan imported \$390 million in U.S. feedstuffs in 1972. In the first six months of 1973, Japanese imports of U.S. feedstuffs jumped to \$488 million and were expected to equal that amount in the last half of the year.

Members of the team stated that the Japanese feed industry will continue to need increased volume of grain sorghum and other feed grains.

Floyd Families Move Into Higher Brackets

NEW YORK — How well are Floyd County families making out financially? What proportion of them are now to be found in the upper income brackets?

The latest figures show that rising wages and salaries in the area have benefitted most families, moving them up to higher positions on the income ladder. Conversely, the proportion at the lower level has become smaller.

The extent to which these changes have affected local residents is brought out in a copyrighted report released by Sales Manage-

ment. It indicates, for every section of the country, the percentage of families that fall within each income bracket.

The breakdown was made for the purpose of obtaining a better understanding of a community's purchasing power than was possible through its "average income" figure alone.

It shows whether that average represents earnings that are well-distributed among the bulk of the population, or whether it is unbalanced, with a few families with very large incomes compensating for a

larger number with small incomes.

In Floyd County, it appears, both the general level of earnings and the distribution are relatively good.

Locally, some 55.8 percent of the households had net cash incomes of \$5,000 or more in the past year after payment of their personal taxes.

The proportion was greater than was reported for previous years. Three years ago it was 53.0 percent.

Since the survey took into account only cash income, it understates somewhat the

situation among farm families, since no allowances are made for the lower living costs on the farm.

The Floyd County breakdown gives the position on the income ladder of each group of local families. It lists 20.6 percent of them on the \$5,000 to \$8,000 rung, 9.7 percent at the \$8,000 to \$10,000 level and 25.5 percent with earnings of \$10,000 or over. The remainder have a net of less than \$5,000 after taxes.

Although incomes have been going up, so has the cost of living. Families need the additional money and more to keep abreast of their zooming expenses.

Revis Chandler and Brent Hinson also showed placing lambs at the fair stock show.

Floydada FFA, 4H Members Place Lambs

Floydada FFA lamb exhibitors faced stiff competition at the State Fair of Texas Livestock Show last week but placed as high as third in the show.

Ray Hinton showed a third-place Suffolk and a seventh-place Hampshire, and brother Dean had a seventh-place Suffolk. Mike Marble exhibited a fourth-place Shropshire, and Nancy Lloyd showed a fifth-place Shropshire.

Revis Chandler and Brent Hinson also showed placing lambs at the fair stock show.

Floydada FFA Gets National Safety Award

KANSAS CITY, MO. (Special) — Awards were presented October 18 to 86 FFA chapters for outstanding achievement in the National FFA Chapter Safety Award Program sponsored jointly by the Farm and Industrial Equipment Institute (FIEI) of Chicago, Illinois, and Dow Chemical USA of Midland, Michigan, through the National FFA Foundation, Inc. The awards were presented at the 46th National FFA Convention in Kansas City, Missouri.

In all 28 FFA chapters were presented "Gold Emblem" safety awards, the top award in the program. "Silver Emblem" awards were presented to 33 chapters, including the Floydada chapter, and 25 chapters received the "Bronze Emblem" award. Floydada also received the silver medal in Chapter rating awards.

The chapters recognized this year participated in a wide range of safety activities including: farm and home safety surveys, auto and farm equipment safety inspections, promotion and sale of slow moving vehicle signs, safe corn harvest campaigns, programs to illustrate safety procedures in the use of farm chemicals and many other farm and home safety projects.

The FFA Chapter Safety Award is one of three awards recognizing chapter participation in activities of national significance. It is designed to increase awareness of safety practices through classroom instruction and educational activities. Each year accidents on the farm and in the home exact a tragic toll of death, destruction and mutilation among rural and urban families. The FFA Safety Program is designed to make students aware of the causes of accidents and how they can be prevented.

All FFA chapters are eligible to participate in the National FFA Safety Program. Applications containing information on chapter safety programs are submitted to the State FFA Association which must rank the chapters. Ten percent of the chapters submitting applications ranked as Superior Chapters at the state level are eligible for national competition. At the national level chapters are rated gold, silver, or bronze, and are presented a gold, silver or bronze spur designating their rank. The spur is to be placed on a plaque presented the first year the chapter earns recognition. The plaque is designed for spurs to

The Lieutenant Governor's Report

By Bill Hobby
AUSTIN — Since the discovery of what first seemed to be limitless supplies of crude oil in Texas, our state has been an exporter of this basic energy source.

We now discover that far from being limitless, Texas oil reserves are becoming critically short.

In 1970, Texas exported 325,000 barrels of crude oil a day to other parts of the United States. By 1980 it is estimated that Texas will be importing 3.5 million barrels a day. That will increase to 5.5 million barrels a day by 1985.

Almost all of this oil will have to come from the Persian Gulf and other far-flung producing areas.

Conventional tankers cannot deliver such massive amounts of crude at an acceptable price. Thus we must rely on the supertankers to supply Texas refineries at a reasonable cost.

The problem is that no port in the United States is capable of handling these huge ships, which require water depths of between 55 and 110 feet.

The only practical solution appears to be the construction of deep-water offshore terminals, or so-called superports. Those in state government have recognized the problems and promise of this approach to easing the energy crisis. Last fall, the Legislature established the Texas Offshore Terminal Commission, and charged it with developing an overall plan for construction of a deep-water port.

The commission is well underway with that plan which will be presented to the next session of the Legislature.

Legislation is presently pending before the U. S. Congress which would simplify the licensing procedures necessary for superports, whether they are to be built by state or local governments or by private

be attached over a period of several years.

The FFA has approximately 8,000 local high school chapters in 49 states and Puerto Rico. Judging of the safety award applications in national competition was carried out under the supervision of agricultural specialists representing the U.S. Office of Education.
