

Commissioners Races Contested In Primary

"Serving The Floyd County Trade Area Since 1896"

Floyd County Hesperian

Floydada, Floyd County, Texas 79235 Sunday, January 27, 1974 8 Pages In One Section 10c Copy Number 8

Filing Deadline February 4

The deadline for candidates to file for office in the May Democratic Primary in Floyd County is 6 p.m. February 4, according to County Democratic Chairman Ben Ayres.

Floydada, and three grandchildren. Mrs. W. H. (Bill) Yandell is currently in her ninth year as assistant county school superintendent. For six years, she was secretary to the principal at Andrews Elementary School in Floydada. The Yandells have two children, Judy Kalama of Newark, California, and Lane Yandell of Plainview, and two grandchildren.

So far, two races are contested in the local primary. Bob Jarrett and Raymond Martin are in the race for County Commissioner, Precinct 2 (Jarrett is seeking re-election to the Commissioner's post) and Jack Lackey is challenging incumbent Bill McNeill for the Precinct 4 Commissioner's office.

Several county and district officials up for re-election this year are so far unopposed in the primary. They include County Judge J. K. Holmes, County Clerk Margaret Collier, District Clerk Mary L. McPherson, and H. E. Porter, Justice of Peace, Precincts 1 and 4. Dell Yandell is the only announced primary candidate for the County Treasurer's office.

Judge Holmes has held the office since September 28, 1964, and has lived in the county since 1918. He has farmed in Floyd County and served three terms as County Commissioner from Precinct 1. He was born in Hill County, Texas. He and his wife Mabel have three children, Mrs. Leo O'Hare of Kimball, Nebraska; Joyce Holmes of Amarillo; and Mrs. Virginia Cowart, who is city secretary at Dimmitt.

Miss Collier has served as County Clerk since January, 1943. She started work as a deputy clerk in 1941 and moved to Floydada from Lockney in 1942. She was employed for ten years at the First National Bank in Lockney and was cashier there when she left to become deputy clerk. She is a graduate of Lockney High School and attended Lippert's Business School in Plainview.

Miss McPherson, District Clerk since January, 1949, was raised at Lockney and graduated from Lockney High School. Before becoming District Clerk, she was secretary to the Floyd County Agent and the County Home Demonstration Agent for eight years. She attended Draughon's Business College in Lubbock.

Porter took office as Justice of Peace for Precincts 1 and 4 in November, 1972 after being elected to fill the unexpired term of the late S. J. Handley. He is seeking his first full term as Peace Justice. He and his wife, who celebrated their 50th wedding anniversary last November, moved to Floyd County in October, 1938. Porter was employed by Higginbotham-Bartlett Lumber Company in Floydada for 22 years. He was born and raised in Denton County. The Porters have two children, Mrs. Joyce Wallace of Amarillo and Mrs. Carolyn Smith of

Jarrett took office for the first time in January of 1959 and he has served in that capacity for 15 years.

He attended high school in Lockney and has lived in Floyd County for 50 years, coming here at the age of three months.

Bob and his wife, Dorothy were married August 5, 1945 and they have three children, two of which are now married, and another one who is a sophomore at West Texas State University. All three are girls, Trudy, Mickey and Peggy. Mrs. Jarrett is the former Dorothy Belt of Lockney.

Raymond Martin, who is a candidate for Commissioner of Precinct 2 moved to Floyd County in 1947, making him a resident of Precinct 2 for 27 years.

Martin came here from Flomot, and his wife Mildred is also from Flomot. The Martins were married December 27, 1933.

Raymond was a candidate for the commissioner of Precinct 2 once before in 1957.

The Martins have two daughters, Mrs. Kay Phillips of Plainview and Mrs. Mike Patrick of Hereford.

Lackey was born in the county and, except for a six-year period, has lived here all his life. The Precinct 4 Commissioner candidate has farmed in Floyd County (he still owns an interest in a farm here) and at one time owned a blacksmith and welding shop in Floydada. For the past five years Lackey has been in the trucking business. This is his first time to run for office.

McNeill was appointed to fill a vacancy on the Commissioner's Court in May, 1957 and has been re-elected four times. He has lived in Floyd County since 1927. McNeill is the father of three children, Troy McNeill of Dumas, Mrs. Kent (Barbara) Covington of Dougherty, and James McNeill of Muleshoe. He has nine grandchildren, ages 4 to 15. His wife died four years ago. The incumbent Precinct 4 Commissioner farms and raises cattle near Dougherty.

It was learned Friday that R. H. (Raz) Ford has filed for re-election as Justice of Peace, Precincts 2 and 3.

100,000 Bond Election Set Here Feb. 19

Special called meeting Thursday Floydada City Council resolution and order calling for the issuance of bonds in the amount of \$100,000 for the purpose of construction and extensions to the electric system. The bonds are to include a new 1000 KW generator for the City power plant. The bonds will be advertised for the sale of one 2,000 KW to 2,500 KW generator, building addition and necessary electrical work and necessary materials of the new generator and

operation of the light system. There is no tax increase involved in the issuance of the bonds.

The election will be held Tuesday, February 19 at City Hall. Polls will be open from 8 a.m. to 7 p.m. Absentee voting will be conducted at the city

secretary's office at City Hall from Jan. 30, 1974 to Feb. 15, 1974.

Any resident of Floydada who is a registered voter is qualified to vote in the bond election.

While the Council could have issued the bonds without the election, it was

decided to bring the issue before the people because of the large sum of money involved. Councilmen stressed that the bonds would be tied directly to revenue from the power plant and passage of the bond issue would in no way involve a tax increase.

Electric Rate Up 20%

The Floydada City Council, at a special meeting Thursday, passed a 20 percent increase in electric rates for Floydada Light and Power, to become effective with the April 1 billing.

The reasons for the increase, the Council said, include increased cost of all materials which FL&P purchases, increased wages, a 265 percent increase in diesel fuel costs, and a 36 percent increase in the price of natural gas.

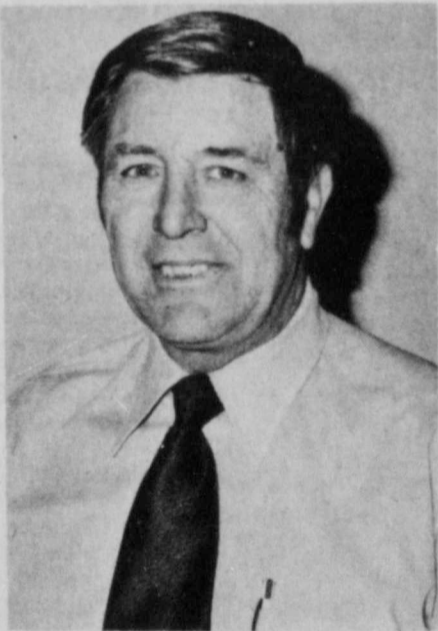

FL&P was built in 1939, and the rate schedule set at that time was not changed until 23 years later, in 1962. Now, 12 years after the last rate change, the City Council feels that the rates must be increased to take care of increasing operating costs.

Wilson Nominated To Coach All Stars

L. G. Wilson, head football coach at Floydada High School, is one of four nominees to coach the North team for the All-Star Football Game in the Astrodome at the Coaching School in Houston August 2. Wilson won the Region 1 nomination at the Dallas Coaching School in December.

Other All-Star Coach nominees include Charlie Johnston of Childress, Bill Shipman of Lewisville, and Jerry Larned of Monahans, nominated along with Wilson to coach the North team, and Al Dennis of Ross Sterling High School, Baytown, Clint Humphrey of Longview, Charlie Williams of Alice, and Marvin Gustafson of San Antonio Churchhill, the South All-Star Coach nominees.

Coaches will vote on the All-Star Coach nominees at regional meetings in February, when they will also nominate players for the All-Star game.

L. G. WILSON

FOR HELP WITH DAIWA EFFORT

Bill Hale Thanks Floyd People

Floydada, Texas 79235 1-25-74

To The People of Floyd County,

I wish to take this means of expressing my appreciation to all of you for your assistance in attempting to locate Daiwa Spinning Co., Ltd., of Osaka, Japan in our community.

As you know, we lost out to Levelland, but not without a good battle. I congratulate Levelland on their success and apologize to Floydada for not bringing us in first place.

In attempting to compile a list of all who helped in our venture, I rapidly listed over 200 people. Therefore, it would be impractical to list everyone and tell how much they had done in behalf of our community.

To all of those who signed pledge cards, must express deep appreciation, for they are the ones who showed us the spirit and the trust which enabled us to go all out in our attempt. Alton Higginbotham, Bill Flynn, the Floydada Board of Development, the Mayor and City Council, the County Judge and Commissioners Court... these were the people most instrumental in our venture.

Mark Martin, Aldine Williams, J. R. Turner, Howard Gregory and the McClesky family were the people who furnished us the sites.

Kinder Farris and the First National Bank were just super in their financial support. George Miller handled all of the legal end. Wayne Russell also handled the pledges. The Gene

Arwines, the Dale Goens, Mrs. A. E. Baker and her Home Ec class, and the girls at Lighthouse Electric handled our social affairs superbly.

Claude Estes and Jonelle Fawver, who must have figured taxes fifty times for us. Bill Feuerbacher, Bill McMorries and Lon Davis, who worked so hard on water and sewage. Joe Mills and the Texas Employment Commission, Jim Parker and the Texas Tech Textile Research Center, Jim Heath and the Texas Industrial Commission, Frank Hunt and the staff of South Plains College.

And to the many, many more who helped... thank you so much.

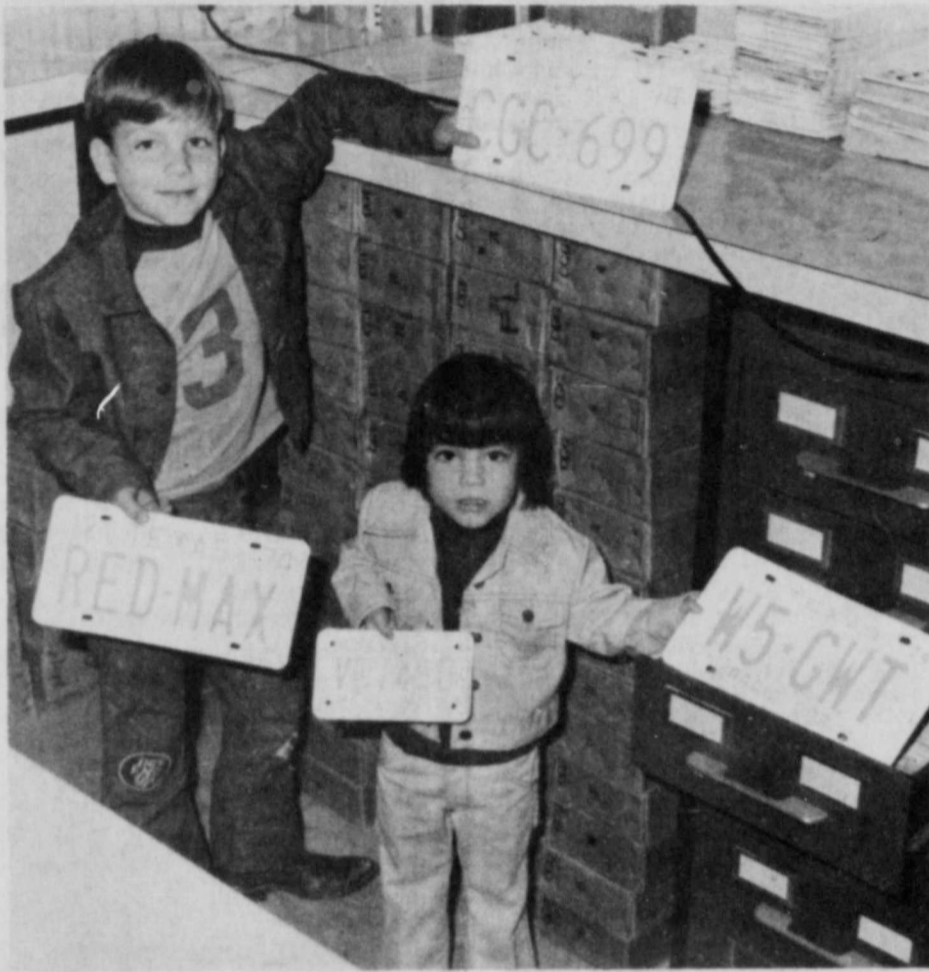

I feel I must mention the cities of Lockney and Plainview for their help and support, and some bankers and others from Lubbock who DID NOT.

Of course, my father and others at the store who covered for me during my absences, and my wife, who had to listen, and listen, and listen.

But most of all... to this entire community who showed complete faith and trust, unstinting support, did everything they were asked and then more, and put forth a completely unified effort. They made this effort a most enjoyable, if not successful, venture.

Next time we will be first.

Sincerely,
/s/ Bill Hale
Bill Hale

LICENSE PLATES ON SALE FEBRUARY 1 — Ange Shurbet, 3, and brother Shannon, 7, display some of the new Texas license plates which go on sale at the courthouse in Floydada Friday. The plates will be sold in Lockney beginning in March, at a location to be announced later. Ange and Shannon are the children of Mr. and Mrs. Don Shurbet, who live north of Floydada. (Staff Photo by Jim Huggins)

License Plates On Sale Friday

Starting Friday, February 1, the 1974 Texas license plates go on sale at the Floyd County Tax Assessor-Collector's office in the courthouse in Floydada. Plates will be available, beginning in March, in Lockney at a location to be announced later.

License renewal notices have been mailed to Floyd County residents, according to Mrs. Jonelle Fawver, Tax Assessor-collector.

The renewal notices will help speed

up the process of purchasing new license plates. Mrs. Fawver said residents should bring the notices in when they come to get their license plates.

If car owners do not have their renewal notices, they are required to bring their auto title and last year's license plate receipt. If they have traded cars and do not have a car title, they should bring a transfer receipt, not over 60 days old, Mrs. Fawver said.

Meals On Wheels Meeting Tuesday

Tuesday, January 29, a community-wide meeting will be held to discuss the possibilities of establishing a "Meals-on-Wheels" program for Floydada.

The meeting will begin at 7:30 p.m. at the First Christian Church of Floydada. All members of the community are invited to attend, including representatives of service clubs, study clubs, etc.

A program of this type seeks to provide one hot meal per day for those unable to prepare their own meals, i.e., the elderly, convalescents, etc. The

meals are prepared at a central location and delivered by volunteers to subscribers of the service. Subscribers would pay for the meals according to their ability.

Mrs. Mary Williams, R.N., coordinator of the Lubbock Meals-on-Wheels program will present details of the Lubbock program and will show slides depicting the services provided to subscribers.

For more information contact Mrs. Scott Faulkenberry at 983-2756 or Rev. Dwayne Grimes at 983-2542.

Classes Use The Hesperian In Studies

Resource classes at Andrews Elementary School in Floydada use the Floyd County Hesperian in their study of reading and math as well as in current events studies. The Hesperian furnishes the classes with copies of each edition of the newspaper.

Mrs. Noma Lou Rainer teaches "Resource I," a group of 9- and 10-year-olds, and Mrs. Mike Cocanougher is the teacher in "Resource II," for 11- and 12-year-olds. Mrs.

Brenda Jones is teacher's aide in both resource classes.

The students read The Hesperian twice a week, picking out for discussion stories that are of special interest to them. They compare prices in the grocery ads, and teachers use the ads to devise math problems for the students. The newspaper is one of the tools used to teach the students practical, everyday skills.

READING THE HESPERIAN — as part of the study program in resource classes at Andrews Elementary School. In the top photo are members of the Resource I class (left to right): Dora Esquivel, Mrs. Brenda Jones (teacher's aide), David Zavala, Luis Garza, Martina Rodriguez, Teresa Enriquez, and the teacher, Mrs. Noma Lou Rainer. In the bottom picture the Resource II teacher, Mrs. Mike Cocanougher, points out an item of interest in the newspaper to class members (left to right) Gerald Ledbetter, Frankie Rodriguez, Joe Marmalejo, Dorothy Ledbetter, Andrua Ledbetter, May Smith and Irene Chavez. Mothers March Monday

Mothers' March of Dimes will have its annual fund raising door to door campaign in Floydada Monday January 28, beginning at 6 a.m. The 1956 Study Club is sponsoring the Mothers' March, by drive chairman, Mrs. Mary Mathey. Mrs. Roy Kinard is chairman.

The drive will last some two weeks. The rural drive will begin about Monday and will continue through the week.

Brook Chat

By WENDELL TOOLEY

IT'S A GOOD STORY that's spread around the state's rivers the past several weeks, like to share it with you. It's thought. It is titled "A Tall Tree Story."

It's a time at the corner of It All At and What's What, a grasshopper was out on the grass smoking pot. Her sun beamed down on his head. He didn't have a care in the world. Then along came an ant, his head full of grain, heading for National Silo.

He sat down, rap with me our mind go free," said the ant. "Drop out of that ant's head, ant stopped for a moment. He fell over at the grasshopper in blue jeans and the old Army No thanks", said the ant, his head. "I'm preparing for winter that lies ahead. It will all too soon. I think you'd be the same."

Worry about the winter? All care about is the almighty you're hung up on material things. Your whole world is made by economics. Winter! Winter! That's all I ever hear. What a drag." The ant nudged his tie, picked up his nose, and continued on his way. Winter was severe. The United States Service called it "the winter of the past fifteen years." The ant had no place to go; his home had been razed for another housing project. He had no money. He found himself starving.

He applied for unemployment compensation but found he was since he had never worked. The grasshopper realized that he had to make some sacrifices. He went to the Laundromat, threw his clothes in a machine, and slipped into a room, where he washed his hair. "My heavens!" he said to himself. "Am I turning gray?" He quickly dismissed the thought from his mind. He combed his hair, polished his shoes and put on his shoes. He then went to the ant for food. "No way!" said the ant. "I'm out for the summer while you did and did nothing. You made me lie in it!"

He thought the grasshopper was lying. Two weeks later, much to his surprise, he received a notice from the government that there would be a percent deduction from his pay to support the grasshopper.

He tried to call his Senator to get action, but was told by the office that his elected representative was on the campaign trail. He found out that the senator was to speak that night in theitol... to a massive group of people.

FARM REVIEW

Cotton Harvest Nears Completion

The South Plains cotton harvest reached the scraping stage in most counties this week, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the USDA. However, ginning, sampling and classing continue because of the volume of cotton remaining in trailers and in ricks.

Samples from 2,297,000 bales had been classed at the Lubbock, Brownfield, Lamesa and Levelland offices through Friday, January 18. Personnel at the four offices tested and classed

samples from 94,700 bales during the week ending the 18th.

Quality of cotton continued excellent and this crop continues to be one of the highest quality crops ever produced on the South Plains.

Grades 31 and 41 continued the predominant grades at Lubbock, making up 74 percent of all cotton classed. Grade 31 made up 17 percent, Grade 41, 57 percent, Grade 32, 10 percent and Grade 42, 6 percent.

Staple lengths improved

as a high percentage of cotton classed was from cotton harvested earlier in the season and stored in ricks. Twenty-nine percent had a staple length of 31, 32 percent stapled 32 and 15 percent stapled 33.

Micronaire readings also continued excellent. Seventy-nine percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 6 percent was in the high micronaire range of 5.0 to 5.2 and 2 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the USDA reported increased trading on the Lubbock market during the week ending Friday. Prices changed almost hourly and ended the week \$10.00 to \$15.00 per bale higher. Demand continued strongest for cotton with staple lengths of 31 and longer but was strong for cotton with staple lengths of 29 and 30.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 56.65 cents per pound, Grade 31, Staple 31 - 63.40, Grade 32, Staple 32 - 67.40, Grade 41, Staple 30 - 55.70, Grade 41, Staple 31 - 62.25 and Grade 41, Staple 32 - 65.95.

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

Plants On Endangered List

If you have ever seen Prairie Cord grass, Big Sandreed, or Englemann-daisy, you are probably ahead of most people living in the Panhandle.

These are some of the 11 plants now on the rare or endangered list for this section of the state as determined by the Texas Organization for Endangered Species (TOES).

John W. LaBaume (district conservationist for the U.S. Soil Conservation Service) at Floydada, says he has only seen a few of these plants himself in the last several years.

LaBaume said SCS is cooperating with TOES to help monitor threatened species of plants and animals.

TOES is a coalition of state, federal, educational, professional and lay groups with a current membership of about 250. It was formed in 1972 after the Soil Conservation Service called a statewide meeting to try to coordinate inter-agency efforts to preserve threatened species.

John W. Arn of Temple, state resource conservationist for SCS, is president of TOES. President-elect is Dr. Frederick R. Gelbach of Baylor University. Other members of the steering committee include Dr. Chester Rowell of Angelo State University and Charles Ramsey, Texas Agricultural Experiment Station, College Station.

SMV Can Cause Soybean Yield Reduction

Experiments at the High Plains Research Foundation have shown for the first time that Soybean Mosaic Virus (SMV) can cause reduction in soybean yields. Dr. Douglas Owen, Senior Agronomist and soybean breeder for the Foundation stated that researchers suspected that SMV caused yield losses but previous studies had been inconclusive.

The test conducted in 1973 consisted of six pairs of "twin" soybean strains. One strain of each pair was susceptible to infection by Soybean Mosaic Virus and the other strain was resistant. The average yield for the resistant lines was 26.8 bushels per acre and for the susceptible lines was 24.3 bushels per acre. Although the yields of all the strains were reduced because of hail occurring late in the season, the difference between the resistant and susceptible lines was considered to be statistically significant.

The experimental strains were obtained from North Carolina. The test was conducted in cooperation with Dr. E. E. Hartwig, USDA agronomist at Stoneville, Mississippi. Plans are underway to continue this study in 1974. The research was supported in part by the Plains Cooperative Oil Mill in Lubbock and numerous Coop elevators in the area. Detailed information on this test and other soybean research at the High Plains Research Foundation will be found in the 1973 Annual Research Report to be released early in March.

MELVIN BROCK AND HIS FARMWORKER J. Herreria were out early Friday morning picking up cotton bales on the turn row just north of Lockney.

FHA County Office Ready To Receive Business Loan Applications

Preapplications for business and industrial loans in Floyd and Motley Counties may be filed with the

Farmers Home Administration office in Floydada.

This announcement was made by FHA County Supervisor Alfred A. Harrison, who said provisions of the Rural Development Act of 1972 are now operative in the two-county area.

Harrison explained that a letter of preapplication is the first step in seeking assistance under the new federal program of financing local business development. The letter should briefly explain the type of industry or business, the proposed

Farmcast

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

The Best Since 1961... Freeze Cuts Into Citrus Production... Sheep and Lamb Feeding Increases... Milk Production Shows Some Gain.

Even though the 1973 estimate for cotton has declined from earlier predictions, the Texas' crop will be the best since 1961. Texas' cotton crop is now estimated at 4,650,000 bales.

Yield is expected to average 429 pounds of lint per acre compared with 408 pounds in 1972 and only 263 pounds in 1971. Harvested acres are estimated at 5,200,000 compared with 5,000,000 in 1972.

Harvest of the crop is virtually complete except for a few isolated fields.

Stalk destruction and land preparation for the 1974 cotton season is active in the southern Texas. Planting of the crop in the Rio Grande Valley will begin in mid-February.

IT'S OFFICIAL: the freeze in the Rio Grande Valley of several weeks ago has cut into production of the 1973-74 citrus crop. The Texas Crop and Livestock Reporting Service notes that the crop now is forecast at 18,700,000 boxes. This is three per cent below the 19,200,000 boxes produced last season.

The January 1 estimate is down from the December 1 forecast due to the hard freeze that hit the Valley in late December.

Grapefruit production is expected to be three per cent below the production of last year.

Overall tree condition has dropped in many areas because of the low temperatures.

AN INCREASE of 19 per cent in numbers of sheep and lambs on feed in Texas is reported by the Texas Crop and Livestock Reporting Service. Drylot sheep feeders with a lot capacity of 2,000 head or more had 108,000 sheep and lambs on feed as of January 1. This is 20 per cent above the number on feed a year ago and 19 per cent above a month ago.

MILK production, which has shown a steady decline in Texas and the nation for the past year, did show a one per cent increase in December of 1973 and a three per cent increase above the previous month.

Milk production per cow kept for milk averaged 755 pounds during December which is 10 pounds above a year earlier.

Nationwide, however, milk production declined three per cent during December.

STOCKS of hay on Texas farms as of January 1 are almost twice as high as a year ago. Hay stocks totaled 4,356,000 tons compared with only 2,753,000 tons as of a year ago.

AGRICULTURE producers throughout the state are urged now to get their fuel needs known to their local distributors. Federal officials in charge of the fuel allocation for agriculture recommend that farmers let their suppliers know how much fuel they will need for 1974.

County Agricultural Stabilization and Conservation Service offices are designated as the agency to handle fuel supply programs through the federal fuel program.

ASCS offices are receiving the detailed information on how the federal program will work, and should be contacted by producers having problems in getting sufficient fuel for food and fiber production in 1974.

The official announcement January 27 that a new yarn spinning plant will be built at Floydada is a cause for congratulations to the people of Hood County. The plant is the result of aggressive leadership, says Ray Joe Hill, county commissioner. Hill said the plant is the result of the leadership of Lubbock-based Plains Cotton Group. Several High Plains towns until now considered "in the running" as Japanese-owned yarn forming operations. Daiwa Spinning Company of Osaka, Japan, under the name "Daiwa Texas, Inc." has been promoting High Plains open-end spinning operations and the Hood County plant is scheduled to begin operation this year. The Lubbock operation, incorporated, will be jointly owned by the largest integrated textile firm in the world, Nijverdal-Ten Cate N.V.

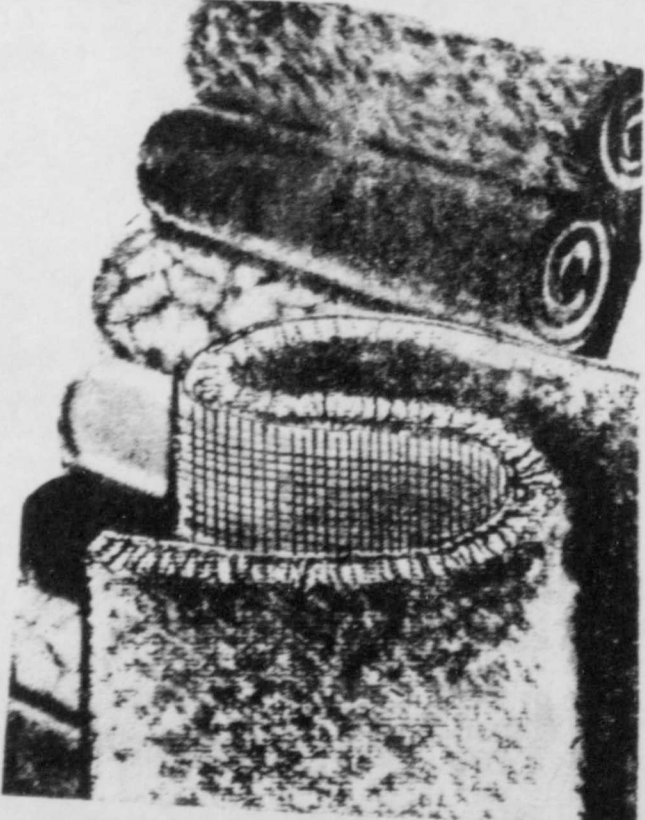

"Communities which bid for and lost the Japanese plant need not be discouraged," because we anticipate that other mills in the area both by local investors and by PCG is embarking on intensified research. The Textile Research Center at Texas Tech assure that High Plains cotton stays optimum fiber for open-end spinning.

"Our research will be designed to further High Plains cottons on the open-end spinning plants happy with our cotton and into open-end spinning operations in the world."

With regard to textile operations on the High Plains, it points out that the Federal Rural Development program is expected to guarantee up to a million dollars in business enterprises in towns of 10,000 population. "We are hopeful that this program is possible for substantial textile activity in the High Plains with a high level of local ownership and it is in this direction that PCG will intensify open-end spinning research and monitoring of the Rural Development Program."

BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

SECTION 1: That an election be held on the 19th day of February, 1974, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption hereof, at which election the following proposition shall be submitted:

"SHALL the City Council of the City of Floydada, Texas, be authorized to issue revenue bonds of said City in the amount of SIX HUNDRED THOUSAND DOLLARS (\$600,000), maturing serially in such installments as may be fixed by the City Council, the maximum maturity being not more than FORTY (40) years from their date, to be issued and sold at any price or prices and to bear interest at any rate or rates as shall be determined within the discretion of the City Council at the time of issuance, for the purpose of constructing improvements and extensions to the City's Electric Light System; to be issued in accordance with and in the manner provided in Article 1111 et seq., V.A.T.C.S., and secured by a pledge of the net revenues from the operation of the City's Electric Light System, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation?"

SECTION 2: That the official ballots for said election shall be prepared in accordance with the V.A.T.S. Election Code so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

"THE ISSUANCE OF \$600,000 REVENUE BONDS FOR IMPROVEMENTS AND EXTENSIONS TO THE CITY'S ELECTRIC LIGHT SYSTEM"

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of the proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST", and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 3: That said election shall be held at the City Hall in said City, and the entire City shall constitute one election precinct for said election.

SECTION 4: That the following named persons are hereby appointed officers of the election:

FAY GOOCH Presiding Judge
CLAUDE WEATHERSBEE Alternate Presiding Judge

The Presiding Judge shall appoint not less than two (2) nor more than five qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to 7:00 P.M.

Worldwide natural rubber consumption will climb 4 per cent to a record 7.85 billion pounds in 1974.

Absentee voting shall be conducted at the City Secretary's office in the City Hall, in accordance with the provisions of V.A.T.S. Election Code, Chapter 5.

SECTION 5: All resident qualified electors of the City, including those who own taxable property in said City and who have duly rendered the same for taxation, shall be permitted to vote at said election. That at said election two separate ballot boxes shall be provided at the polling place. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned, and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

SECTION 6: That a substantial copy of this resolution and order shall serve as proper notice of said election. Said notice shall be posted in the election precinct or precincts and at the City Hall not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation in said City, published therein, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election. PASSED AND APPROVED, this the 24th day of January, 1974.

IL Penseroso Junior Study Club Meets

IL Penseroso Junior Study Club met in a joint meeting with Athena Study Club Thursday night, January 23, in the lounge of the First National Bank. Hostesses were Mrs. Omar Burleson and Mrs. Jerry Cannon. The meeting was opened with prayer by Mrs. Kenneth Holt and the pledge to the flag led by Mrs. John Peck. The group enjoyed an interesting program presented by Mrs. Sue Zorger, a former Lockneyite who has just returned to Lockney as the new migrant teacher for the Lockney School system. She is the daughter of Mr. and Mrs. Lloyd Wofford of Lockney. Her program was on the Navajo Indians. Mrs. Zorger and her husband have lived in Shiprock, New Mexico on the Navajo reservation. She taught the fourth grade for 4½ years in their school system. 99% of the students in their school system were Navajo, with some white

and Mexican, and once in a while a Negro. The school administration is trying to hire as many Navajo teachers in their school system as possible. The Navajos are still adhering to their old customs such as the woman is still the head of the house. She owns the home, children, sheep, etc. They still carry their water in a barrel and transport it home in the back of a wagon. They make their own adobe homes and all their houses face the East, where the sun comes up. There are still the old Trading Posts on the reservations. The Navjos health conditions are very poor. In the winter, they will not change their clothes or bathe until Spring. The Navajo people like turquoise and coral for their jewelry. Also they will use abalone and of course, silver. They believe mainly in the Earth. They worship the sun, mountains, soil, etc. and when they are sick they will go to see their witch doctors. The interesting program was ended with a question-and-answer period.

Following the program, refreshments were served in the lounge. Then the two clubs separated for their business meetings. IL Penseroso Junior Study Club

president, Mrs. Keith Jackson, presided over the lengthy meeting. Mrs. Omar Burleson introduced her guest, Mrs. Phil Green and then she was later voted into membership. Roll call was answered with "A Woman I Would Like To Be." The minutes of the previous meeting were read and approved by the Secretary, Mrs. Buster Terrell. During Departmental Reports the following chairmen were recognized: Fine Arts Department — Mrs. Tom Taylor asked for poems that the members had prepared for the Poet Laureate contest. Home Life chairman, Mrs. Jerry Johnson read an article on Savings Bonds. Conservation chairman, Mrs. Cliff Hardy gave a report on quilting. Education chairman, Mrs. Buster Terrell, gave information on the Texas Mental Retardation School, and then passed out library books on successful women. International Affairs chairman, Mrs. Joe Frank Hawkins, gave a report on the United Nations and on several African countries under the CARE program. Members of the club were asked to give their opinions on foreign aid. The club voted to give \$10 to the CARE program. Mrs.

Hawkins brought a Queen Elizabeth cake and asked for 25 cents for a club member to receive the original recipe. She also passed around some toys purchased in America and made in a foreign country. For example, a Fisher-Price puzzle made in Holland; a chalk board made in Portugal, and a children's book made in London, England.

Mrs. David Bloys reported to the group that the South Plains Kidney Foundation is holding open house Monday night, January 28. The club voted to give \$25 to the South Plains Kidney Foundation.

Election of officers was held and they are as follows: president, Mrs. Audrey McCormick; first vice president, Mrs. Tom Taylor; second vice president, Mrs. Jack Whittington; secretary, Mrs. Delvin Bybee; treasurer, Mrs. Joe Frank Hawkins; reporter, Mrs. Bill Bigham; historian, Mrs. David Bloys; Parliamentarian, Mrs. Omar Burleson; and Federation Councilor, Mrs. Eddie Teeter.

Those present for the meeting were Meses. Keith Jackson, Charles Smith, Buster Terrell, Kenneth Holt, David Bloys, Bill Race, Bill Bigham, Byron Brock, Joe Frank Hawkins, Jerry Cawley, Van Bradley, Bill Evans, Delvin Bybee, Cliff Hardy, Jack Whittington, Tom Taylor, Omar Burleson, Jerry Johnson, Audrey McCormick, Jerry Perry, Eddie Teeter, Roy Kidd and Phil Green.

Tech in December with a degree in Elementary Education.

Miss Mooney had a perfect 4 point grade average in the fall semester at Tech, and her average over a four year period at the Lubbock School was 3.04. She was on the Dean's List all four years at Texas Tech.

TOMMY BALL ON DEAN'S LIST

Tommy Ball, son of Mr. and Mrs. Charles O. Ball of Lockney has qualified for the Dean's List for the fall semester at Texas Tech University in Lubbock. Ball is a 1968 graduate of Lockney High School and a senior at Texas Tech, majoring in Wildlife Man-

EL Progreso Club Meets

El Progreso Study Club met Wednesday, January 23, in the home of Mrs. Ethel Mitchell. The group then traveled to the Floyd County Museum in Floydada. The devotional thought was given by Mrs. Hazel Johnson. Roll call was answered with "An Old Custom". A short program was then enjoyed by the following members present: Meses. Faye Ferguson, Meda Honea, Faye Holmes, Hazel Johnson, Bobbie Kellison, Jeanette Marr, Alice Mitchell, Haley Record, LaVerna Sams, Pauline Sams, Dimon Schacht, and Ethel Mitchell.

The next meeting will be Wednesday, February 13 with Bobbie Kellison as the hostess. The devotional thought will be given by Mrs. Kellison. Roll call will be answered with "A Valentine Poem." The program will be "A Love Story", given by Anna Dell Quebe. The group will also appoint a yearbook, telephone and sunshine committees.

Homebuilders Club Meets

The Homebuilders Extension Club met Tuesday, January 22 in the home of Mrs. Wm. H. Smith.

Mrs. Ernie Widener gave the council report. Mrs. W. W. Trapp was elected as nominee to Council for a delegate to the District meeting this spring.

Mrs. W. L. Moore gave a very interesting informative program on "Warning signals that can save your life." Recreation was led by Mrs. Raymond Williams, a game of buttons and bows, after which refreshments were served to Meses. O.G. Mayfield, W. I. Moore, Elmer Norrell, Lee Rushing, Smith, Trapp, John Walker, Widener and Williams.

Tommy took 17 hours in the fall semester and had a grade point average of 3.41 on a 4 point system at Tech.

Tommy is married to the former Jan Wofford of Lockney, daughter of Mr. and Mrs. Kenneth Wofford.

Methodist Women To Serve Call To Prayer

United Methodist women of Floydada will observe their annual observance — The Call to Prayer and Self-Denial. A million women in all 50 states will join in the

observance, inspired by a deepened awareness of the needs of the world, a deepened understanding of the meaning of prayer, and a renewed commitment to service. Major events include a Day of Prayer and Self-Denial and an offering for the mission of the United States and the world for which a special offering will be made. Each woman who is asked to give by denying herself and to cultivate prayer a spiritual life with planners, markers, and those church-related

from around the world have provided information for the Call to Prayer and Self-Denial talks to be given at the meeting.

United Methodist Women is the successor body to two former denominational women's groups — the Women's Society of Christian Service and the Wesleyan Service Guild, and is related to the Women's Division of the United Methodist Board of Global Ministries. Last year the Call to Prayer and Self-Denial offerings of United Methodist Women totaled \$680,144.

All women of the community are invited to attend the local program scheduled at 7 o'clock p.m. January 28 in the church chapel. The nursery will be open.

New Books At Library

Mrs. Nita Hull, Floyd County Librarian, has announced a partial list of new books which have been recently added to the library. The books are available at both the Floydada and Lockney libraries.

Fiction:
"Tuesday the Rabbi Saw Red" — Kemelman, Harry
"Burr" — Videl, Gore
"The Adversary" — Spicer, Bart
"Theophilus" — Wilder, Thornton
"Sound of Drums & Cymbals" — Wilder, Robert
"Beulah Land" — Coleman, Lonnie
Nonfiction:
"Hiding Place" — Boom Corrie ten
"Women of Texas" — Nunn, W. C.
"A High Old Time" — Russ, Lavinia
"Colored Glassware of the Depression Era" — Weatherman, Hazel
"Wilderness USA" — National Geographic
"History of Writers' America" — American Heritage
"History of the Artists' America" — American Heritage

FLOYD DATA

Mrs. Neil Pierce was able to return home Friday from Caprock Hospital where she continues to recuperate from a broken leg. Mrs. Pierce will not have to have surgery at the present on her leg, as first thought. She sustained the break in a fall from a step ladder.

Opera Star Beverly Sills says:

"The Mothers March is no parade. It's more like canvassing votes for an election campaign. But our candidate, birth defects prevention, doesn't belong to any one party. Our appeal is universal by nature. Birth defects can strike any family."

"During the past year I marched in Walk-a-thons, visited an intensive care nursery, made films and radio and TV spots, talked at medical service centers... Whew! It's an active life, and I'm continually surprised by how many pies the March of Dimes has a thumb in."

by MARY LEE THOMPSON

Two important words that should be in every home-rules. maker's vocabulary are salmonella and staphylococcus. Knowing about these two try, and eggs. It is carried by

Lockney Locals

Mrs. Danny Harris and twin sons, Casey and Corey, who are nearly three years old, visited her mother, Mrs. Alma Dutton last week. Brentie Harris was an attendant in the Miller-Tapley wedding Friday night. She and her sons returned to their home in El Paso Saturday.

Mrs. Paul Mangum returned home Monday from Central Plains Hospital in Plainview where she had surgery last week.

Mr. and Mrs. Johnny Pee of French-Count, Mississippi were guests in the home of Mr. and Mrs. W. L. Carthel the past week in Lockney. Mr. Pee and Mr. Carthel were in the Air Force together, and had not seen each other in 28 years.

Ken Cox was honored for the month of January as the student of the month by the Lions Club in Paris, Texas. Ken is the son of Mr. and Mrs. Garland Cox, formerly

of Providence. He is a former student at Lockney High School, and is now a senior at Paris High School. Ken is the grandson of Mr. and Mrs. B. W. Cox of Lone Star.

Mr. and Mrs. Harley Workman of Lockney returned late Saturday from Oklahoma City where they were at the bedside of her brother, Buster Snodgrass.

Mr. Snodgrass passed away Thursday, January 17, and services were held on Friday, January 18. He was formerly of Quitaque, Texas.

ROC To Offer Night Courses

The Regional Occupational Center, Plainview will offer a variety of night courses during the spring semester.

Courses will be offered in the following areas: Mid-Management, Mental Health Aid, Fire Protection Technology, Welding Technology, Secretarial Science, and Medical Secretary.

Registration for all courses will be January 28 and 29 from 9:00 a.m. until 3:00 p.m. at the ROC, 302 W. 8th. Night registration will be one night only, Jan. 29, from 7:00 until 9:30 p.m. in the lobby of Gates Hall, Wayland College due to space limitations of the ROC office. Late registration will continue through Jan. 31. All necessary steps for enrollment can be completed at the time of registration.

The ROC, as a branch of South Plains College, Leveland, is a Community College, registration for classes is open to everyone. The ROC is approved for veteran training.

Both credit and non-credit courses will be offered, but Leon Harris, Director, emphasized that the credit courses are for terminal two year programs and are generally not transferable to a Senior College. Harris explained that ROC courses are intended to improve the wage-earning ability of the student in the shortest possible time.

Non-credit courses that will be offered include, Phase I of the Real Estate Course, Public Relations Seminar, Deal Sign Language Course and a Secretarial Refresher Course. Certificates of completion will be issued for these courses. Additional non-credit courses range from \$45.00 to \$58.00.

A minimum enrollment of

OBITUARIES

Royce Fuller

Services for Royce Fuller, 77, of Strawn, brother of Mrs. Gene M. Collins of Floydada, were held Saturday in the First Baptist Church in Strawn. Fuller died of an apparent heart attack while enroute by ambulance to the hospital in Ranger.

Fuller was a retired manager of an electric utility company for the Central Texas area, and a civic worker. He was the son of the late Mr. and Mrs. J. J. Fuller of Floydada.

Survivors include his wife, Edna; three sons, two grandchildren and the Floydada sister.

Mrs. Ozbirn

A Floyd County land owner and former resident of Floyd County, Mrs. E. Lee (Katie) Ozbirn of Fort Worth, died around noon Thursday after a brief illness. Mrs. Ozbirn resided at 1731 Hulen in Fort Worth. Funeral rites were conducted Friday afternoon in the First Presbyterian Church.

Mrs. Ozbirn was the daughter of an early day Floyd County physician, Dr. and Mrs. W. H. Freeman. She grew to womanhood in Oklahoma, where she married and took up residence in Oklahoma City.

In the twenties and thirties Mrs. Ozbirn encompassed a period in which she gave a great deal of effort to organized welfare. During that time among her social contacts was membership in a women's federated club. She stood out as executive ability and was soon serving as head of the State Federation of Women's Clubs of Oklahoma.

In 1960, Mrs. Ozbirn was chosen as president of the General Federation of Women's Clubs as well as General Federation Public Affairs Department. In these duties it was required that she make her home in Washington, D.C. for two years at Federation Headquarters.

She assumed roles as an international leader, hostess to national and international leaders, and scheduled a convention in Rio de Janeiro, which was followed by subsequent seminars in four other countries in the South American continent. Mrs. Ozbirn was encouraged by two different presidents of the United States, Dwight D. Eisenhower and John F. Kennedy, both of whom "opened doors" for her activity in those lands. As General Federation president she worked closely with Mr. Eisenhower and Under Secretary of State Clinton Herter on planning international meetings of women of the Western Hemisphere.

Mrs. Ozbirn, listed in Who's Who in the South and Southwest, was International Chairman of the Women's Pavilion of the Hemis-Fair at San Antonio

in 1967-68 and had much to do with the construction of the Women's Pavilion.

Although Mrs. Ozbirn moved from Floyd County at an early age, her interest in the community continued. She visited here frequently with friends until failing health. The Freeman land in Floyd County is farmed by Vernie Moore. He and his father, Doyle Moore, were among the hosts of friends from this area present for last rites.

Mrs. Ozbirn is survived by a daughter, Mrs. Lewis H. (Kathrin) Bond of Fort Worth; three grandchildren and two nephews, Dr. Charles Freeman of Oklahoma City and Wilmatt Freeman of Hydro, Okla.

Texas To Run Despite Energy Crisis

Canyon, Texas, January 16, 1974. Members of the Board of Directors of the Texas Panhandle Heritage Foundation, Inc., met in a general meeting today at the Amarillo Club at 11:30 a.m. The purpose of the meeting was to discuss the opportunities available for the "Texas" Musical Drama in this coming season.

During the early part of the meeting, members studied reports and analyses of the energy situation from the House and Senate Committee Conference report (S 2569), from the Institute of Outdoor Drama,

from the ATTRACTIONS AND RESORTS INSIGHTS, and FROM TRAVEL TRADE. They were particularly interested in two releases. One was the statement on petroleum allocation in the "Wall Street Journal" of December 12, 1973, that fuel-efficient buses would have fuel priorities for charters. The second was a report made by McCann-Erickson of Dallas for the Texas Tourist Development Agency on some research in the uses of energy. It was that a traveling family consumes about the same energy as they would at home if they are away for a week and drive no more than 750 miles.

After discussion of the opportunities for "Texas" in 1974, the members of the Board decided to:

1. Present the 1974 show in as polished a way as

Honor Roll

HONOR ROLL

Third Six Weeks
GRADE 4

"A" — Jim Waller, Stacy Graham, Todd Denton, Norman Allen, Treva Ham-

possible.

2. Urge patrons to use public transportation whenever they can, including the bus service from any door in Amarillo and Canyon to the show.

3. Postpone capital investment.

Show dates for the 1974 Season of the "Texas" Musical Drama are June 19 through August 24, nightly except Sundays at 8:30 p.m. For more information call 806-655-2182 or write Box 268, Canyon, Texas 79015.

TRACKMEN START

Whirlwind tracksters working hard in preparation for the upcoming season. The "Winds" trying to regain the championship that was won last year after being in first place three years in a row.

The "Winds" will be led by senior lettermen and captain Quisenberry (hurdles), Danford (mile), Rance Young and Lynn Becker (discus).

Several boys are competing on the team and join them when the basketball season is completed.

The 1974 varsity schedule:
February 23 — Brownsville
March 2 — Levelland
March 9 — Lorenzo
March 16 — Hereford
March 23 — Canyon
March 29-30 — San Angelo
Amarillo Relays
April 5 — District 4-4A
Wayland College, Plainview
April 19-20 — Regional Meet
April 4-5 — State Meet
