## REVENUE BOND, NO TAX INCREASE

### Floydada City Council For Staying In Electric Business

Floydada City Council voted to stay in the electric business and go for a \$200,000 revenue bond to purchase more power equipment. Every councilman voted for the bond. Mayor Parnell Powell told a reporter Friday that the council could have voted to go out of the electric business, but it felt that it was a matter of indebtedness for the city to assume the electric business. The council voted to present the bond to the people in a revenue referendum on February 19. The facts that the council voted to know that support staying in the electric business are as follows:

1. If the city didn't produce its own electricity, it would have to pay some electric company approximately \$23,500 per year for street lights, and around \$13,000 per year for electricity used to pump water wells and boosters. This doesn't include the electricity supplied free to the baseball parks and other city recreation areas. (This would have to be purchased like the street lights with tax money from an

electricity company if the city had no power plant of its own). "Actually, this decision to purchase more power should have been made back in 1969-1970. Since then the business increase, plus the old engines

that are wearing out, forced the city to have to drop service to all the gins except one last fall," the mayor said. Electric plant engineer J. W. Cannon told a Hesperian reporter that the three 1939 Worthington engines that

generate 600 KW per hour will be junked and a new engine that will generate 2500 KW per hour will be replacing them, giving the plant an increase in power of 1900 KW. The \$600,000 revenue bond would go for purchase of the engine, its installation, and more plant space.

The remaining power units include: 540 KW Cooper (1948) 1250 KW Cooper (1953) 1250 KW Superior (1958) 2-1250 Nordberg (1963).

"Although this improvement in the

plant will put the city a little over a million dollars in debt on the plant, the council feels that this is a safe financial venture, with a total evaluation of \$2,203,970 in the plant and distribution system when the improvements are made," the mayor said.

"Of course the main reason for staying in the electric business is to keep low city taxes for our people, as we use the profits from the plant to meet the city's operational needs," the mayor concluded.

DR. GEORGE G. McBEE, director of research, Texas A&M Agricultural Experiment Station, located north of Lubbock was the speaker at Floydada Rotary luncheon Wednesday. In outlining advancements in agriculture, he stated there would soon be announcement of "midge proof grain sorghum." He was introduced by Rotarian Grady Walker, right. (Staff Photo)

## NEAR \$41 MILLION

### Floyd Banks Hit Peak Deposits In January

Although Floyd County's two First National Banks at Lockney and Floydada hit a record high of around \$35 million in deposits on the December 31, 1973 state bank call, both hit new peaks during January. About January 15, the Lockney bank deposits increased to almost \$17 million and the Floydada bank deposits hit a little over \$24 million.

Both bankers surmised that the totals would have gone higher, but cotton prices slumped some and county farmers held off selling their cotton. Also, both bankers felt that some farmers are still holding their 1973 grain sorghum.

Grain sorghum prices have been steadily increasing to a record \$4.70 per hundred on Friday.

Wheat eased down to \$5.05 per bushel and soybeans were holding steady at \$5.65. Some Floyd farmers are still holding last year's wheat, and there is a considerable amount of soybeans that haven't been sold.

The big concern on the farm front continues to be a need for moisture for this year's wheat crop... and the row crop to come.

For apple we suggest the Golden Delicious and the Holland which is a Texas apple.

Blackberries are another dependable fruit because they bloom late and seldom miss a crop. We would strongly suggest the Brazos as an excellent maker, one that is a heavy producer.

## MONDAY IS LAST DAY TO FILE FOR OFFICE

Tomorrow (Monday, February 4) is the filing deadline for candidates in the May primary elections.

In the Floyd County Democratic primary, contests have developed in the two races for County Commissioner's seats. Raymond Martin is opposing incumbent Bob Jarrett for the Precinct 2 Commissioner's place, and in Precinct 4, Jack Lackey is challenging Bill McNeill for his place on the Commissioners' Court.

Running unopposed (through mid-morning Friday) in the local primary are five incumbents. Seeking re-election are County Judge J.K. Holmes, County Clerk Margaret Collier, District Clerk Mary L. McPherson, Justice of Peace (Precincts 1 and 4) H. E. Porter, and Justice of Peace (Precincts 2 and 3) R. H. (Raz) Ford. Dell Vandell is an unopposed candidate for County Treasurer in the Democratic primary.

### Free Blood Pressure Clinic Scheduled Here Wednesday

February is Heart Month, and as part of many local activities during the month, the Floyd County Unit of the American Heart Association is sponsoring a free blood pressure clinic next Wednesday, February 6, in the county courtroom on the first floor of the courthouse in Floydada.

The clinic is for everyone in the community age 12 and older. The blood pressure test is free, painless (no needles involved), and quick (it takes only a few minutes, including registration time).

The testing will be conducted from 3 to 9 p.m. Wednesday (so Wednesday-night churchgoers may come before or after prayer meeting). All residents of Floydada and the surrounding area are urged to attend the clinic.

Those who attend the clinic will be given a card with their blood pressure

reading. If at that time the reading shows to be above the normal range, it will be suggested that they see their own physician.

High blood pressure, or hypertension, is a leading cause of disease and death in this country. One in every six adults has some elevation of blood pressure. High blood pressure can result in stroke, congestive heart failure and kidney failure and is a major cause of death in black Americans.

High blood pressure is a silent, mysterious killer...silent because it has no characteristic symptoms; mysterious because, in more than 90 percent of the cases, the cause is unknown, and there is no cure.

Surveys of various population groups indicate that only 10 to 20 percent of hypertensive patients are currently receiving preventive treatment. Approximately half of those with high blood pressure do not know that they have it.

## MAC Board To Meet Monday

The board of directors of the Massie Activity Center will meet at 7:30 p.m. Monday, February 4 at the MAC, according to an announcement by Bill Brown, president of the board.

## Youth Basketball League Needs Coaches

Coaches are still needed for the Floydada Lions Youth Basketball League, according to Clarence Denton and Curt Chatham, directors of the program. Officials for the games are also needed. Anyone who would like to help out with the coaching or officiating may contact Denton, Chatham, or Bob Alldredge, president of the Floydada Lions Club, sponsors of the basketball league again this year. The program was a success in its initial season last year.

Sign-up is going on now at Andrews

Elementary school. (The League is for boys 11 and 12 years old.) Practice will probably start about February 23 — exact date will be announced later.

Games this year will start at 5 and 6 p.m., probably on Tuesdays and Fridays. Starting times have been moved up an hour and a half so that the games can be played during daylight hours, conserving a much lighting energy as possible. The games will be played in Graves Gym on the Floydada Junior High School campus.

## Sue Williams Buys Floydada Sears Store

Mrs. Sue Williams has purchased the local Sears store in Floydada from Mrs. Willma Beaver. Mrs. Williams will continue to service customers in the Sears tradition.

## 'Caprock Chat' Plea Gets Quick Results For Floydada Day Care Center

bibs, washcloths and other items. She expressed thanks to everyone who has made donations to the Center, and added: "Don't forget us when you're

cleaning out your closets." Mrs. Mildred Wylie, a member of the Day Care Center board, has donated several shade trees to be planted in the

planting area. The honey locust trees arrived Friday. The Center cares for children ages six months to 10 years. It is licensed by

the state to take care of 35 children. Last week it averaged 33 per day. The Day Care Center is open from 7:30 to 5:30 Monday through Friday.

DAY CARE CENTER COTS REPAIRED — J. C. Odam saw a note in The Hesperian that the Floydada Day Care Center needed someone to repair cots, so he went to work and, in the last two weeks, has repaired nearly all the cots in the Center. The Floydada man also fixed many of the Center toys. Pictured on the newly-repaired cots during naptime at the Center are (left to right) Shannon Thornhill, Greg Chatham, Dallas Becker and Shana Ferguson. (Staff Photo by Jim Huggins)

...BUT THERE'S STILL SOME FIXING-UP TO BE DONE — The Center still needs someone to repair some play cabinets and re-upholster several chairs. Tina Lara, Rusty Reddy, Heather Donaldson, Wesley Durham, Tracy Warren and Julie Self (left to right) look at a cabinet and one of the chairs which are sadly in need of repair at the Day Care Center. ## Truckers Threatened

Although they were afraid to be identified by quotes, two Floydada truckers told a Hesperian reporter they had received threatening phone calls, "not to put their trucks on the road or they would be blasted!"

The truckers are keeping their trucks at home until Monday, hoping the national truck strike will clear up. The nation's truck drivers are protesting the 55 mph speed limit and the shortage and high cost of diesel fuel.

The lower speed costs them money in transportation timing, many diesel trucks operate with less fuel at 60 mph than 55 mph as they are geared for the faster speed.

Other Floydada truckers did not receive threatening calls, or if they did they're continuing business as usual.

One of the truckers said that many truckers are carrying weapons for protection.

## Check At Schools Shows 141 Out

A spot check with principals at the four Floydada city schools Friday revealed 141 students out, and absentees in at least one of the schools was lower than normal, but nothing alarming, as compared to some area schools who are having to close due to a flu-like disease.

Plainview doctors recommended that schools there close for the remainder of the week Wednesday when absentee counts dropped to an alarming low. The pediatricians there said the closing of the schools may break the cycle of the contagious sore throat, fever, headache and virus. A spokesman in Plainview Friday said it looked like the schools there may continue closed until Wednesday, giving most students an opportunity to recuperate.

State health officials, according to other news sources, said Thursday they are checking reports of a flu-like disease that has forced some schools in West and Central Texas to close temporarily.

In Floydada, some of the illnesses are reported as a stomach virus, usually lasting some 24 hours. A few teachers have also been ill, and more students were counted absent Friday than on Thursday, however, one principal said though all may not mean more are ill.

At Andrews Ward absentee is about normal with 27 on Thursday, but seven more than that figure Friday, making a total of 34 absentees. At Duncan they had 35 absent, the lowest figure for the week. At Junior High 47 students were out Friday and at High School, a count at second period showed 25 students absent.

A RESOLUTION AND ORDER by the City Council of the  
City of Floydada, Texas, calling a bond election to be held  
within said City, making provision for the conduct of the  
election and other provisions incident and related to the  
purpose of this resolution and order.

WHEREAS, this City Council deems it advisable to call a  
bond election for the purpose hereinafter mentioned;  
therefore,

BE IT RESOLVED AND ORDERED BY THE CITY  
COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

SECTION 1: That an election be held on the 19th day of  
February, 1974, which date is not less than fifteen (15) nor  
more than thirty (30) days from the date of the adoption  
hereof, at which election the following proposition shall be  
submitted:

"SHALL the City Council of the City of Floydada, Texas,  
be authorized to issue revenue bonds of said City in the  
amount of SIX HUNDRED THOUSAND DOLLARS  
(\$600,000), maturing serially in such installments as may be  
fixed by the City Council, the maximum maturity being not  
more than FORTY (40) years from their date, to be issued  
and sold at any price or prices and to bear interest at any  
rate or rates as shall be determined within the discretion of  
the City Council at the time of issuance, for the purpose of  
constructing improvements and extensions to the City's  
Electric Light System; to be issued in accordance with and  
in the manner provided in Article 1111 et seq., V.A.T.C.S.,  
and secured by a pledge of the net revenues from the  
operation of the City's Electric Light System, each bond to  
be conditioned that the holder thereof shall never have the  
right to demand payment of said obligation out of funds  
raised or to be raised by taxation?"

SECTION 2: That the official ballots for said election shall  
be prepared in accordance with the V.A.T.S. Election Code  
so as to permit the electors to vote "FOR" or "AGAINST"  
the aforesaid proposition which shall be set forth in  
substantially the following form:

"THE ISSUANCE OF \$600,000 REVENUE BONDS FOR  
IMPROVEMENTS AND EXTENSIONS TO THE CITY'S  
ELECTRIC LIGHT SYSTEM"

The word "FOR" and beneath it the word "AGAINST"  
shall be made to appear on the left of the proposition. A  
square shall be printed on the left of each of the words  
"FOR" and "AGAINST", and each elector shall place an "X"  
in the square beside the statement indicating the way he  
wishes to vote.

SECTION 3: That said election shall be held at the City  
Hall in said City, and the entire City shall constitute one  
election precinct for said election.

SECTION 4: That the following named persons are  
hereby appointed officers of the election:

FAY GOOCH Presiding Judge  
CLAUDE WEATHERSBEE Alternate Presiding  
Judge

The Presiding Judge shall appoint not less than two (2)  
nor more than five qualified clerks to serve and assist in  
holding said election; provided that if the Presiding Judge  
herein appointed actually serves, the Alternate Presiding  
Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to  
7:00 P.M.

Absentee voting shall be conducted at the City  
Secretary's office in the City Hall, in accordance with the  
provisions of V.A.T.S. Election Code, Chapter 5.

SECTION 5: All resident qualified electors of the City,  
including those who own taxable property in said City and  
who have duly rendered the same for taxation, shall be  
permitted to vote at said election. That at said election two  
separate ballot boxes shall be provided at the polling place.  
In one box only resident qualified electors who own taxable  
property and who have duly rendered the same for taxation  
shall be allowed to vote. In another box all resident qualified  
electors (who are otherwise qualified but do not own taxable  
property which has been duly rendered for taxation) shall be  
allowed to vote. The votes cast in each of said boxes shall be  
recorded, returned, and canvassed in such manner as will  
reflect separately the votes cast by the qualified electors  
who own taxable property and who have duly rendered the  
same for taxation from the votes cast by all qualified  
electors (including those who own taxable property and who  
have duly rendered the same for taxation).

SECTION 6: That a substantial copy of this resolution and  
order shall serve as proper notice of said election. Said  
notice shall be posted in the election precinct or precincts  
and at the City Hall not less than fourteen (14) full days prior  
to the date on which said election is to be held, and be  
published on the same day in each of two successive weeks in  
a newspaper of general circulation in said City, published  
therein, the first of said publications to be made not less than  
fourteen (14) full days prior to the date set for said election.

PASSED AND APPROVED, this the 24th day of  
January, 1974.

## His new-found devotion shouldn't surprise wife

By Abigail Van Buren  
© 1974 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: Three years ago, when my husband was  
58, he had an affair with his secretary. It was no secret,  
and all the tongues in this little town were wagging a mile  
a minute.

Once I found a motel key in his coat pocket, and he  
had the gall to tell me that he got tired driving so he  
checked into this motel to take a nap. [Three miles from  
home!]

Last year he had an operation which left him practical-  
ly impotent, and since then I couldn't ask for a more  
devoted husband. He phones me if he knows he's going to  
be half an hour late. He buys me presents, sends me  
flowers, and even takes me on business trips, which he  
never did before.

Of course I'm enjoying all this, but why in your opinion  
has my husband suddenly turned over a new leaf?

WONDERING

DEAR WONDERING: Probably because there's not  
much left under the old one.

DEAR ABBY: For years I have cherished the friend-  
ship of a very fine woman. She's a lady of character,  
intelligence and charm. She is very devout in her religion,  
as I am in mine, tho our religions differ vastly.

Lately whenever we are together she tries to convert  
me to her religion. I have told her emphatically and repeat-  
edly that her efforts to convert me are futile, but she is  
persistent.

How can I convince her that she is wasting her time  
and trying my patience? I don't want to end our otherwise  
pleasant friendship of many years.

SPIRITUALLY SATISFIED

DEAR SATISFIED: Send her this quote:

"I never told my own religion, nor scrutinized  
that of another. I never attempted to make a con-  
vert, nor wished to change another's creed. I have  
ever judged of the religion of others, and by this  
test, my dear Madame, I have been satisfied yours  
must be an excellent one to have produced a life  
of such exemplary virtue and correctness. For it is  
in our lives and not from our words that our reli-  
gion must be read."

The above is a portion of a letter written by Thomas  
Jefferson to Mrs. H. Harrison Smith on Aug. 6, 1816.

If your cherished friend is as intelligent and virtuous as  
you say she is, she will get the message and act accord-  
ingly.

DEAR ABBY: My friend's mother died, and all the  
funeral arrangements were left to my friend, so she asked  
me to go with her for moral support.

Her mother had requested cremation. We went to the  
mortuary and a man took us to a room where my friend  
picked out a casket. They were exquisitely finished, and  
expensive, so I asked the [dumb?] question, "What hap-  
pens to that beautiful expensive casket after the body is  
cremated?"

The man gestured as tho he was putting a loaf of bread  
in an oven, and said: "The whole thing goes in. It's against  
the law to reuse the casket."

My husband works for a utility company, and one of his  
coworkers was called in for a repair job where cremations  
take place, and he told my husband that the casket was  
NOT burned. It was returned, and rented out.

What can be done to protect grieving survivors from  
being swindled out of thousands of dollars? In their sorrow  
and befuddled state they never ask any questions.

D. E. P. IN MILL VALLEY

DEAR D. E. P.: Your husband's coworker is mistaken.  
A casket is never "re-used" or rented out. It's against the  
law.

Problems? You'll feel better if you get it off your chest.

#### Mrs. Trowbridge

Services for Mrs. Floyd  
(Minnie Belle) Trowbridge,  
73, were held Saturday in  
the First Methodist Church in  
Petersburg. Mrs. Trow-  
bridge, a longtime resident  
of Floyd and Hale County,  
died at 12:25 p.m. Thursday  
in Lubbock Medical Center  
Hospital following a lengthy  
illness.

A native of Coryell  
County, born August 1,  
1900, she and Floyd B.  
Trowbridge were married at  
Petersburg September 20,  
1923. She had been a  
Methodist for 60 years and a  
longtime Sunday School  
teacher.

Survivors include her  
husband, two sons, Steve  
Trowbridge of the Harmony  
community and W. C.  
Trowbridge of Amarillo; a  
sister, Mrs. Leedale Clubb of  
Southgate, Calif., and three  
grandchildren.

Pastor of the church, Rev.  
Lee Crouch, officiated for  
the service, assisted by Rev.  
Jess E. Nave. Burial was in  
Floydada Cemetery under  
the direction of Moore-Rose  
Funeral Home.

STATE SENATOR JACK HIGHTOWER of Vernon is  
shown here receiving a gavel from Constitutional Con-  
vention President Price Daniel, Jr., significant of his position  
as Chairman of the Administration Committee of the Con-  
vention. Delegate Hightower was appointed by Daniel  
during the first week of the Convention to serve in the chair-  
manship position of the committee. The committee has been  
meeting since January 14 at the State Capitol in Austin.  
"These committee appointments recognize the expertise of  
individual delegates regardless of legislative seniority," said  
Daniel. "However, the chairmanships and vice-chairman-  
ships of the committees reflect a great deal of legislative  
expertise and know-how, as in the case of Senator  
Hightower who has served for many years as the Chairman  
of the Senate Administration Committee." Hightower, a  
Democrat from Senatorial District 20, said he is "proud to  
serve the State in the re-write of its basic document, the  
Constitution, and especially honored to be chosen to fill one  
of the prime leadership roles of the Convention by serving as  
Chairman of the Administration committee."

### Veterans Should Return Questionnaires

The Veterans Admin-  
istration urges veterans,  
widows and parents to  
promptly return income  
questionnaires received last  
November, even though the  
January 15, deadline has  
passed.

"Each year, thousands  
miss the deadline because  
questionnaires are misplac-  
ed, forgotten or lost, causing  
interruptions or delays of  
monthly benefits checks,"  
Jack Coker, Waco VA  
Regional Office Director,  
explained.

He noted that 907,000 of  
the 1.2 million questionnaires  
mailed were returned to  
VA before the deadline.  
Information from the ques-  
tionnaires is used to adjust  
pension benefits.

Questionnaires were mailed  
to veterans on VA

pension rolls, widows of  
veterans drawing pensions  
based on non-service-con-  
nected deaths, and parents  
receiving dependency and  
indemnity compensation for  
service-connected deaths of  
sons and daughters.  
Pensioners 72 years old or  
older who have been on  
pension rolls during the last  
two consecutive years gen-  
erally are exempt. "But they  
still must report changes in  
income, and those who were  
mailed questionnaires must  
return them," Coker pointed  
out.

Information on pension  
and other benefits is  
available at VA offices,  
veterans county service  
offices, and from represen-  
tatives of local veterans  
service organizations, he  
added.

## SPORTING EVENTS

### April 1 License Plate Deadline

AUSTIN — February 1 and April 1! Two important dates for Texas motorists to remember. February 1, in person motor vehicle registration begins at county tax offices and substations. April 1 is the deadline for Texas motorists to display their 1974 license plates. Within this two-month period, 8.4 million motor vehicles must be registered to operate on Texas streets and highways. Again, as in recent years, the same rules for motor vehicle registration apply. The motorist may register his vehicle in person at his county tax office or substation by bringing in the entire handy three-part form he received in the mail from the Texas Highway Department. It takes only a few minutes to process the form. SEE DEADLINE, PAGE 5

THE LOCKNEY LONGHORNETTE FRESHMEN will enter their game Monday night against Ralls with a season record of 9 wins and 2 losses. They are front row, left to right, Tammy Carthel, Karla Broussard, Deneen Johnson, Jan Glasscock, and Karen McCarter. Back row, left to right, Coach Louis Fry, Janis Marr, Tina Dipprey, Beverly Barker, and Denise Johnson. Also in the picture is the trophy won by the Freshman girls as they took first place in the Dimmitt Tournament last weekend. (Staff Photo)

two pros, numerous books and magazine articles, a group of young homemakers have taken up the old art of quilt making, including a bit of thimble thumping. The "pros" aiding and abetting are Merle Wofford, and Jewel Roberts, who also lent the quilting frames for the first quilt. The group known as the "Crazy Quilt Circle" meets in different homes until the article they are working on is finished, all is not work, however, since the women have some rather interesting and unusual conversations about everything except... Watergate and the energy crisis. Members say the work might be slow since they are beginners, but it's never tedious. It also brings back fond memories of Grandmother's day when making bed covers was more of a necessity than not. Charter members of the circle, who expect to finish their own quilts by 1979 are Gayle Jackson, Mary Etta Ehler, Elaine Hardy, Barbara Coffman, Tona Belt, and Brenda Elam.

MRS. JAMES DONALD APPLE

### Miss Ann Ivy Bride Of James Donald Apple

Miss Ann Janelle Ivy of Crosbyton and Mr. James Donald Apple of Ralls exchanged wedding vows in a double ring ceremony at 6 p.m. Friday, January 25, in the home of the bride's parents, Dr. and Mrs. Roy Ivy Sr. of Crosbyton. The bridegroom is the son of Mr. and Mrs. Willis Apple of Lockney.

Rev. Ernest Stewart, Jr., pastor of Harrison Street Baptist Church of Omaha, Nebraska, formerly of Crosbyton, officiated at the ceremony.

Miss Mary Lou Ivy served her sister as maid of honor and played traditional wedding music at the organ.

Willis Apple was his son's best man.

The bride is a graduate of Crosbyton High School, and the groom is a graduate of Aledo High School. Mr. and Mrs. Apple hold degrees from Texas Tech University. They will reside in Ralls, Texas, where the groom is associated with the Ralls school system.

An aloe plant can live for two or three years without water or earth!

It was once believed that seeds from trees fell into small crevices on an alligator's scales, and took root so that he resembles a small island!

Alchemists believed that mercury and sulphur could produce silver and gold.

Even artificial plastic flowers have a stigma when it comes to collecting dust and grime. An easy way to clean them is to "dunk" them in a sudsy sinkful of warm water and Ajax Dishwashing Liquid, then rinse. Thanks to its "flower power," they look freshly picked again.

You can easily polish off fingernail polish stains by following this method. Sponge the stain with acetone or amyl acetate (buy at drug-store). Use amyl acetate on acetate, arnel and dynel. Use acetone on other fabrics. Nail polish remover can also be used to remove the stains. But do not use this on the above materials without first testing the fabrics to see if it will cause damage.

There's an effective, down-to-earth method of removing mud stains. Let mud dry. Brush out most of it and soak in cold water, then launder. If stain remains, use alcohol.

## Lockney Jolly Stitchers Meet

The Jolly Stitchers met Thursday, January 31 in the home of Mrs. Hugh Marble. The afternoon was spent electing new officers and filling out the year book.

New officers for the year are Mmes. President Hilburn Casey, Vice President Andy Jolly, Secretary Dow Colson and Reporter C. H. Andrews.

The next meeting will be February 28 in the Harmon Handley home.

Refreshments of home-

made cookies and coffee were served to Mmes. Ben McGhee, Andy Jolly, Harmon Handley, C. H. Andrews and one guest, Mrs. Thelma Moreland of Borger.

**FLOYD DATA**  
Mildred Franks, who underwent surgery for a leg tumor in Crosbyton Hospital earlier this week, is reported to be doing nicely with hopes of returning home by the first of the week.

## HEAD OVER HEELS IN LOVE

Valentine's Day—the day when one traditionally loses his or her heart to another—was named for two men who literally lost their heads.

The first St. Valentine was a priest who lived in Rome under Emperor Claudius II. He was jailed by the Romans for aiding persecuted Christians. He reportedly cured the jailkeeper's daughter of blindness, but about 270 A.D., the Romans beheaded him on Palatine Hill.

The other St. Valentine was a bishop of Terni, about 60 miles from Rome, who was persecuted for converting a Roman family to Christianity. He was beheaded in Rome about 273 A.D.

The Romans of that time had a feast called Lupercalia. It was a lover's festival for the young, with men and women partnered by lot and then exchanging gifts, says World Book Encyclopedia; many such encounters ended in marriage.

With the spread of Christianity, churchmen began attempts to reform the pagan rites. In 496, Pope Gelasius changed the festival date, which had been Feb. 15, to Feb. 14 and called it St. Valentine's Day.

There's an effective, down-to-earth method of removing mud stains. Let mud dry. Brush out most of it and soak in cold water, then launder. If stain remains, use alcohol.

Our residents have been listening to records and getting a kick out of hearing all the old songs. If anyone has some really old records we could use for a day, we would love to.

Our Resident of the Month is Mrs. Betty Lester and our Employee of the Month is Mrs. Katie Callahan.

**FLOYD DATA**  
Mrs. A. W. Anderson, who underwent surgery for the removal of kidney stones, remained in the intensive care unit of University Hospital Friday. She was reported at that time to be doing as well as could be expected.

**FLOYD DATA**  
Mr. and Mrs. Leroy Burns and Cheryl spent last weekend in Iowa Park visiting another daughter, Mrs. Clifford Hacker and family, and to return the Hackers' son, Cliff, who had been in Floydada visiting two weeks.

## Lockney Care Center News

How time does fly—here is February and Valentine Day around the corner. Our February birthdays are: Myrtle Burke 26th and Johnnie Chaney 22nd. This has been an exciting week for us. We've had our pictures taken, little Mrs. Hamilton was so thrilled said that's the first anything like that ever happened to her.

The pictures will be back the 15th so anyone interested in getting pictures of your folks here in the Center be here the 15th of February.

We've had so many visitors I wish I had all your names to say thank you.

Mrs. Elsie Woodall was tickled this week, her daughter in Illinois called her and talked for the longest. They had a wonderful visit.

Mrs. Lester and Mrs. Burke went visiting this week to Mrs. Charlie Cottrell and Mrs. Roy Reed's. Mr. and Mrs. Lackey were in to visit Mrs. Lackey's father, Mr. Bratton.

We were so pleased to welcome two new residents this past week. Mrs. Joveta Austin from Paducah and Mrs. Maggie Payne from Matador.

Mrs. Payne had been with us once before, we hope both ladies enjoy being with us.

Mrs. Manning and Mrs. Bryant was visiting with Mrs. Thornton.

Mrs. Chaney went visiting with Floyd E. Chaney, Jr., Sunday and had a good time.

Mrs. Norrell was over several times this week to visit her dad, James Turner.

Mrs. Brasher and Mrs. Word have been to see their mother, Mrs. Anna Dietrich several times this week.

We appreciate Mrs. Brasher and all the extra work the Aides did to make our picture day such a success.

Mr. Tinnin is still in the hospital, we do hope he can come home soon.

Mr. de LaCruz is doing very well and will be coming back soon.

Our residents have been listening to records and getting a kick out of hearing all the old songs. If anyone has some really old records we could use for a day, we would love to.

Our Resident of the Month is Mrs. Betty Lester and our Employee of the Month is Mrs. Katie Callahan.

## Miss Burgess-Gary Kent McDonald Exchange Vows

In the presence of family members and close friends, Carol Burgess became the bride of Gary Kent McDonald in a double ring ceremony at 8 p.m. Friday, January 25, in the chapel of Polk St. Methodist Church, Amarillo, Texas. Officiating was the Rev. N. C. Thomas, assistant minister of Polk St. Church.

The bride is the daughter of Mrs. Juanita Thompson of Amarillo, and the bridegroom is the son of Mr. and Mrs. Robt. G. McDonald of Lockney.

Wedding vows were spoken before a candlelit altar.

Cathie McDonald of Canyon, sister of the groom, presented selected wedding music at the piano.

The bride wore a formal length gown in a light blue color, with A-line styling, scoop neckline, and long sleeves gathered at the wrists. Her sheer picture hat, in matching color, had ribbon and lavender floral trim. Her bridal bouquet was a cascade of American Beauty roses.

Only attendants were Paul Burgess, son of the bride, who carried the rings atop a blue satin pillow with lavender tassel trim, and Miss Kelly Thompson of El Paso, Texas, cousin of the groom.

Members voted to support the following projects monetarily: Project Concern, Healthy Babies division of the March of Dimes and Project Hope.

Mrs. Doug Bowles, Home Life Chairman and head of the Healthy Babies Project asked each member to make a poster related to that theme for display later this month. Mrs. Bowles is working in cooperation with the local High School Home Economics teachers in this and other projects.

Members were reminded to make their favorite recipe to take to the Hospitality Room at the District Convention. Members also volunteered a work day for the Caprock Junior Director, Mrs. Louis Fry, to help her in preparations for the Convention.

Mrs. Williams, the club's representative to the Floyd County Museum Auxiliary reported on their last meeting.

Resignation of Mrs. Scott

People once believed that if a horse's hair fell into a pond, it would become an eel.

You can get out perspiration stains with no sweat. If possible, wash thoroughly with warm water and detergent. Apply diluted ammonia to fresh stains and rinse with water.

Mrs. Burke, Mrs. Lester, and Mrs. Woodall love to make the egg carton baskets and have gotten quite good at it.

We've had an ice cream cone party for the residents and boy can they ever put away the ice cream. I'm always concerned with someone getting a stomach-ache, so fare everyone is O.K.

We were glad to welcome Fr. Ralph Zinsler of the San Jose Church who are having the Friday devotionals. The devotionals seem to be better each week and we do so appreciate all the wonderful people who come and share with us so faithfully.

Till next week...

AIRMAN KIM ROSE

SAN ANTONIO — Airman Kim K. Rose, son of Mr. and Mrs. Roy A. Rose of 401 W. California, Floydada, Texas, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in aircraft maintenance.

Airman Rose, a 1972 graduate of Floydada High School, attended Henderson County Junior College in Athens, Tex.

### Constitution Writers 'Get Down To Business'

"The pomp and circumstance of the opening days of the Constitutional Convention are now a part of history," Rep. Phil Cates reports from Austin this week. "We are now down to the serious business of writing a new Constitution for Texas".

Delegates to the convention have been meeting all week long in committee, hearing testimony from people from every corner of the state, and presenting proposals that they feel should be included in the new document.

Rep. Cates has been working on the committee on the Executive Branch of the State. Toss-up issues in the executive committee include possible deletion of the Comptroller of Public

Accounts from the constitution, whether or not to give the governor the proposed new power to reduce legislative appropriations on a line-item basis, require the Commissioner of the General Land Office to be elected, and how much control to give the Governor in the reorganization of the executive department.

"People from throughout my district are responding overwhelmingly in answering the questionnaire on the constitution that was sent out recently," Rep. Cates said.

"We are tabulating each one as soon as it comes into the office," Rep. Cates notes. "I am always glad to hear from the folks at home and hope that all who received the questionnaires will fill

W (Special) - mental health means to ordinary folks. "The Central Plains Comprehensive Mental Health/Mental Retardation Center was created by the people of this county and the people of our catchment area. It is a center where we try to the very best of our ability to solve mental or emotional problems of our people at home. This is why we need the input of local people. We are doing our best to help each community in our nine county area have a sound mental health program." Mr. Bill Dillard, Executive Director of the Central Plains MH/MR Center, said.

After March 1 it will be necessary to go to the county tax office or substation in person as 30 days are required for mail delivery. In any case, owners will find the procedure simplified by using the computerized forms.

With the form, a certificate of title and last year's registration receipt are not needed.

Whether applying by mail or in person—the important thing for the driver to remember is DO NOT SEPARATE THE THREE-PART APPLICATION FORM. The entire form must be mailed or taken to the county tax office or substation. A stick-down strip showing the new license number is attached to all sections of the form. The tax office separates the form, returning part of it as a receipt for the owner.

Applications for license plates should be sent only to the local county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration.

Register early! Remember the deadline, midnight, April 1!

**LAKEVIEW NEWS**

BY MRS. CLYDE BAGWELL

LAKEVIEW, January 30 - F.D. McClintock reports ginning season at Lakeview Gin has been completed and they are taking a much needed rest for a few days.

Mrs. Fred Lloyd visited Mrs. Louis Lloyd Thursday afternoon. Later in the afternoon Mr. and Mrs. Vernon Mitchell and Mrs. Viola Brown visited Mr. and Mrs. Fred Lloyd.

Mr. and Mrs. Troy Montgomery and Mrs. Greg Williams and Shelley of Lubbock spent Saturday and Sunday in the home of Mr. and Mrs. Fred Lloyd.

Tuesday night Mr. and Mrs. Fred Lloyd went to Lubbock and visited her parents, Mr. and Mrs. Lee Keesee.

Sunday afternoon visitors in the home of Mr. and Mrs. Joe Dunn were Mr. and Mrs. Jack Crawford of Lockney and Joe's nephews, Mr. and Mrs. Eldon Dunn, and Mr. and Mrs. Billy Joe Dunn of Clovis, New Mexico. Later all visited L.A. Williams at Caprock Hospital.

Our heartfelt sympathy is with the family of B.C. Hinsley, who passed away at Caprock Hospital Sunday night following a heart attack. A number of years ago the Hinsley family lived in the Lakeview Community, and at this time are near neighbors of this writer. A large number of friends of Lakeview Community and surrounding area attended the funeral Wednesday afternoon at City Park Church of Christ.

Mr. and Mrs. Floyd Anderson and Mr. and Mrs. Otis Anderson went to Lubbock Wednesday morning to be with their mother, Mrs. A.W. Anderson who had surgery Wednesday at University Hospital.

Mr. and Mrs. Leonard Alexander went to Olton Monday and visited Mr. and Mrs. John Hambricht and Mrs. Hugh Alexander.

Mrs. Viola Brown spent Tuesday in Floydada with Mr. and Mrs. A.M. Dorsey and Mrs. Bob Henry.

Mrs. D.C. Harrison visited Mrs. Bill Smith in Floydada Saturday afternoon.

Mr. and Mrs. D.C. Harrison went to Lubbock Sunday and spent the day with Mr. and Mrs. Jerry Bob Harrison, Marty, Kay and Amy.

Mrs. Q.D. Williams attended the wedding of Alice Myrick and Roger Mitchell Saturday at the City Park Church of Christ and the reception at Massie Activity Center.

Mr. and Mrs. Grady Dunavant visited Sunday afternoon with her mother, Mrs. E.T. Williamson in Floydada.

Mrs. Bess Brooks of Santa Cruz, California is here visiting for a few days in the home of her nephew, Mr. and Mrs. Homer Newberry.

Tuesday afternoon, Mrs. W.H. Watson, Mrs. Dean Watson and Deanna visited at Crosbyton with Mrs. Fred McDougle.

Monday night Mrs. Dean Watson attended the Beta Sigma Phi meeting at the P.C.A. party room.

Those visiting Mrs. R.F. Hall during last week were Mr. and Mrs. O.R. Tabor of Lamesa, who spent the week with her mother, P.L. Hart who came Sunday and sang for Mrs. Hall. She enjoyed it very much. Also Mr. and Mrs. Hortence Jackson, and Racheal Nance of Cone; Mrs. Mattie Jameson, Joan Masters, Mr. and Mrs. Earl Edwards, Mrs. Mattie Covington, and Clyde Alexander. Mrs. Ruby Shoemaker came today (Wednesday) to stay a week with her mother.

Bill Moore of Floydada visited Mr. and Mrs. Dean Watson and Deanna Saturday night.

Mr. and Mrs. Dean Watson and Deanna attended the varsity basketball game Tuesday night at Floydada High School, Steve Moore, brother of Mrs. Dean Watson played on the team.

Hunter Smith of Floydada spent the weekend with his grandparents, Mr. and Mrs. A.L. Smith.

Saturday night visitors in the home of Mrs. R.C. Smith were Mr. and Mrs. Travis Dunn and Jean of Plainview.

Mr. and Mrs. G.W. Smith of Dougherty; Reagan Everett of Ralls; Mr. and Mrs. Roy Smith of Tulia; and Mr. Milton Harrison.

Sunday Mr. and Mrs. Max Harrison, Debbie, and Tracy of Floydada visited Mrs. R.C. Smith.

Mrs. Henry Brewer, Mrs. Fred McDougle and Mrs. Millard Watson spent Thursday in Lubbock visiting in the homes of Mr. and Mrs. Ken Robison and Mr. and Mrs. Harry Glen Brewer. Ty and Brandon Brewer came home with their grandmother to stay while their parents were on a trip to Old Mexico, won through Amway Co.

Mr. and Mrs. Millard Watson, spent Monday in the home of Mr. and Mrs. Henry Brewer.

Mrs. Harry G. Brewer of Lubbock came Tuesday to get her children, Ty and Brandon and had lunch with Mr. and Mrs. Henry Brewer.

We express sympathy to Mrs. V.W. Bradshaw and family on the death of her sister, Mrs. Elmer Lacy last week.

Mr. and Mrs. Bradshaw lived for many years out in the community and owned and operated a store at Lakeview.

Saturday, Syd Brown, Mrs. Donie Havsen and Mrs. H.M. Thomas all of Floydada spent the day with Mr. and Mrs. Howard Bishop and family.

Mr. and Mrs. Howard Bishop, Mike and Greg were Sunday dinner guests of Mr. and Mrs. Riley Teague. Others were Mrs. Betty Howard and Gail of Lubbock.

Later Sunday, Mr. and Mrs. Bob Teal and grandson, Brian of Lubbock visited in the Howard Bishop home.

**Green Thumb Refunded**

Texas Green Thumb Director, Robert J. Mullins of Waco, announced today the refunding of the Green Thumb Program for 1974.

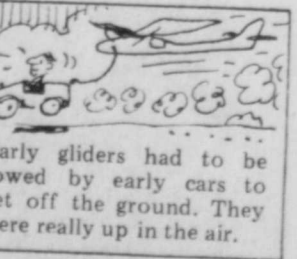

The 1974 contract which will fund Green Thumb through September of this year refunds the Texas program at its 1973 level of 172 job slots for Texas.

"With the refunding of Green Thumb at the same level as last year I anticipate no cut-back in our present enrollment or curtailment of projects," Mullins said.

**Pioneer Declares Dividend**

AMARILLO, TEXAS - January 28, 1974 - The board of directors of Pioneer Natural Gas Company, at a meeting today in Amarillo, declared a dividend of 22 1/2 cents per share on the common stock of the company. This represents an increase of one and one-half cents in the quarterly dividend. The dividend will be paid on March 7 to stockholders of record on February 21.

Figures for the fourth quarter operations of the company and for 1973 will be available about February 15, according to K. Bert (Tex) Watson, company president. The Annual Report for 1973 will be mailed to stockholders about March 15.

**Man or Statue?**

Today we see Lincoln in heroic size. He appears almost more of a statue than a man—a great figure cast in bronze, with a furrowed brow and solemn countenance.

Yet Lincoln was a man. He walked the earth, and felt love and joy; but he knew tremendous frustration and almost insurmountable sorrow. He prayed, earnestly and effectively.

Throughout each crisis in his life, and there were many, he was sustained by faith. God seemed close to him, and he turned to Him often. He didn't pause to think about whether he'd go to church or not. He went.

Do you?

# World War Vets To Get \$17,000

ORK — For Floyd County veterans there are good news. According to a government report, they will receive a total of \$17,000 in the next 12 months. The report, which was issued by the U.S. Department of Veterans Affairs, says that the total amount of money available for World War I and II veterans is \$17,000. The report also says that the amount of money available for World War II veterans is \$17,000. The report also says that the amount of money available for World War I veterans is \$17,000.

issued to those who served in the second World War. The others are veterans of the first World War. They hold U.S. Government Life Insurance policies. The 220 residents of Floyd County who kept their policies in force and will therefore be on the receiving end, represent only a fraction of the World War veterans in the local area. The total number, based upon the latest VA tabulation, is 920. The individual dividend checks will vary in amount, depending on the type of policy, its size and the age of the insured. The general average, for those who were in World War I, is \$156 and, for the others, \$75. Some will receive much more than these averages and some much less. The added \$17,000 that the local vets will have to spend will provide that

much added stimulus to business in the area. Those entitled to the dividend checks will receive them automatically on the anniversary dates of their policies. Currently, states the VA, over 4.2 million World War vets are carrying nearly \$28 billion worth of government insurance.

## Lowdown On High Blood Pressure—Can Shorten Your Life

We all need blood pressure. That's what moves blood throughout the circulatory system. It's similar to water pressure pushing the water through a garden hose. Blood pressure normally rises and falls with each beat of the heart. But when it goes up and stays up, you have what doctors call hypertension or, high blood pressure. And you're in trouble, along with the 23 million other Americans who suffer from this silent and mysterious killer.

High blood pressure is silent because there are no easily discernible symptoms. It's mysterious because in 90 percent of the cases, doctors don't know its cause. And the tragedy is that half of the people who have high blood pressure don't know it; of those who do, most are being treated inadequately or not at all.

The American Heart Association, and its Affiliates and Chapters across the nation, are determined to do something about this disease which can lead to two of the major cardiac killers — heart attack and stroke.

Substantial sums of money are being invested in heart research to solve the medical mystery of hypertension. For it is believed that finding the cause could bring us closer to a cure.

But the important message for all Americans is this: high blood pressure is easily detected and can usually be controlled.

Detection is as easy as a visit to your doctor. But Heart Associations realize that many Americans put off a visit to their doctor until they "feel sick". And, since you can have high blood pressure without knowing it, without feeling sick, Heart Associations are beginning to conduct screening programs throughout the year wherever people congregate — in schools, shopping centers, even at industrial plants. The goal: find hidden hypertensives and refer them to their doctors or to treatment programs in health centers or clinics.

Hypertension screening programs are just one of the many ways your Heart Fund dollars are put to work for you and for your heart by the Heart Association. This is just one good reason why you should give generously when your Heart Fund volunteer calls.

## Explorers Tape Constitutional Revision Convention In Austin

At the invitation of State Representative Phil Cates, two members of Explorer Post 83 and their sponsor were in Austin videotaping the opening days of the Texas Constitutional Revision convention.

Alan Kilgore, son of Mr. and Mrs. George Kilgore; David Chambers, son of Mr. and Mrs. W. J. Chambers and Wayne Steddum, Manager of Pampa Cable TV, recorded the historical event to replay on PCTV, Channel 9 in Pampa, Texas as a public service.

Dignitaries who were taped, included Governor Dolph Briscoe, Lt. Governor William P. Hobby, Secretary of State Mark White, Jr., and Chief Justice of the Supreme Court of Texas Joe R. Greenhill.

The Scouts, from the Communications Post, also taped the election of the Convention President, Price Daniel, Jr., the rules fight, Governor's Day, and Citizen's Day.

Highlighting their visit to Austin was the presentation by State Representative Phil Cates of a Texas flag which had flown over the Capitol during the opening day of the Convention.

The Scouts also visited a number of historical sights while in Austin, including the Lyndon Baines Johnson Library on The University of Texas campus.

Rep. Cates personally escorted the Scouts on the Capitol tour which included the climb to the dome and an outside view of the city's skyline.

PCTV includes a taped interview with Rep. Cates every other week, filmed either at the Capitol or in the district.

Rep. Cates is on the Executive Board of the Adobe Walls Council of the Boy Scouts of America. He has served as a member of the Board of Consultants of the Baptist General Convention of the Texas Christian Life Commission as well as the Board of Directors of the Panhandle Plains Historical Society.

Rep. Cates has served as vice chairman of the Human Resources committee during the past legislative term as well as vice chairman of the sub-committee on water within the Natural Resources committee. Rep. Cates also has a seat on the Agriculture Committee in

## FARM REVIEW

FLOYD PHILOSOPHER

### Answers Survey Claiming Lots Of People Not Satisfied With Their Paper

Editor's note: The Floyd Philosopher on his Johnson grass farm defends newspapers this week, we think.

Dear editor:

According to a nationwide survey I read about in a newspaper last night, "people generally aren't satisfied with the way newspapers are run". They said papers sometimes slant the news, are sometimes inaccurate, irresponsible and biased.

I don't know who was interviewed in this survey or what papers they were talking about, if they'd be willing to sign their names, if their daughter's wedding was left out, or what, but my theory is that you show me a newspaper nobody criticizes and ILL SHOW YOU A NEWSPAPER NOBODY READS.

I've always thought that criticizing a newspaper was half the fun of subscribing, like buying a ticket to a football game is a license to lambast the coach if he loses. Nowhere in the Constitution does it say you can't laugh at a Congressman just because you voted for him.

Sure, most newspaper editors are biased, biased in favor of their own community, and sometimes they leave out the truth, which is better than having to leave town. Most people want the truth published about others, not themselves.

But I got to thinking about that survey. If the people who conducted it have any money left over they ought to broaden their inquiry. For example, how many people are dissatisfied with the way their church is run, their grocery store, their bank, their city government, their radio or television stations, their schools, their universities? Why they might even find out some people are dissatisfied with the way surveys are run.

But they shouldn't go too far. For example, I don't want them conducting a survey to find out how many people like my letters to this paper every week, and if they go ahead and do it anyway I hope you'll avoid the risk of slanting the news and refuse to print it.

Yours faithfully,  
J.A.

Drilling of new wells continues at a furious pace throughout the Southern High Plains. Applications for well permits in the last quarter of 1973 are up approximately 100 percent over a comparable period from 1969 to 1972. With the passage of time, competition for well sites will become increasingly aggressive.

One function of the High Plains Water District is to issue water well permits on specific sites and, once issued, to afford the well protection by requiring all subsequent wells to space away from it. The responsibility for supplying complete and accurate information on the Water Well Permit Application lies with the landowner.

The information necessary to make an application will include a complete legal description of the property: block and section, league and labor, township, range and section, homestead pre-emption name and abstract number, etc. The location within the section or tract must be further identified by specifying measurements from two non-parallel legal and physical boundary lines.

Most of the land will have a public road along the legal lines between sections. In all such instances, measurements to the proposed well site should be made from the center of the road.

Measurements made from property lines are not acceptable unless the property line coincides with a legal subdivision line. For example, if a property was described as the SW 1/4 section, the west line and the south line would be legal subdivision lines, while the north and east lines would be property lines.

After the proposed well location has been staked, the distances from the stake to the three nearest existing wells located within one-quarter mile must be measured. These measurements will be the straight line distance from the staked well site to each well.

For the landowner, the investment of the time required to make accurate measurements and assure the correctness of all information recorded on the permit application will insure the validity of the well site and afford future protection from challenge.

Cattle Feeding Turns Down... Some Up, Some Down... Texas Poultry Value Increases.

It came as no surprise when the Texas Crop and Livestock Reporting Service noted that cattle being fed for slaughter as of January 1 is down in both Texas and the nation.

The number of cattle on feed in Texas totaled 2,205,000, down two per cent below a year earlier, three per cent below December 1 and five per cent below October 1.

Nationwide, cattle on feed were down six per cent below a year ago.

Placements are down 21 per cent from a year ago in Texas. Feedlot operators reported intentions to market 1,150,000 cattle between now and March 31. This would be 52 per cent of the number on feed as of January 1 and would be six per cent more than the total marketed during this period a year ago.

In the state, large feedlots—those with 1,000 plus capacity—numbered 233 and held 2,158,000 cattle on feed for slaughter. Of that number, 81 per cent reported cattle on feed, while the remainder reported their feedlots empty as of January 1. Capacity for all 233 feedlots showed a 71 per cent occupancy.

"Small" feedlots—those with less than 1,000 head—held 47,000 head.

Nationwide, there was a decrease of 15 per cent in the number of cattle and calves placed on feed October through December of last year. Anticipated marketings now through March are one per cent below those actually sold during the same period a year ago.

TEXAS planting intentions show increases in major crops including corn, grain sorghum, cotton, and soybeans. Decreases in acreage are indicated for oats, barley, rice, and sugar beets.

An indicated corn acreage of 800,000 is up 50,000 from 1973 planting of that crop. Grain sorghum indications are that 8,500,000 acres will be planted in 1974. This compares with 8,100,000 in 1973.

Cotton acre indication for 1974 in Texas is 5,800,000; this compares with 5,400,000 acres in 1973.

Soybean acreage indications show an increase over 1973 plantings for Texas. Indications are that 500,000 acres of soybeans will be planted in the state this year.

Oat acreage in Texas in 1974 shows that the crop will be less than in 1973; barley will also be down as will rice.

A huge increase in flaxseed acreage in Texas is indicated for 1974. Acreage this year is indicated at 40,000 acres compared with only 9,000 acres in 1973.

# List 231 Business Firms In Floyd County

NEW YORK — How many business establishments — stores, factories and other enterprises — are in operation in Floyd County?

How many people do they employ and how big a payroll do they carry?

According to the latest government data, just released, the number of businesses locally is greater, in terms of population, than in many sections of the country.

The facts and figures are provided in a series of reports entitled "County Business Patterns 1972", compiled by the Commerce Department with the cooperation of the Department of Health, Education and Wel-

fare. The reports contain comparable data for all counties in the United States as to retail and wholesale operations, services, manufacturing, construction, transportation and the like.

Floyd County, it is shown, has a total of 231 such businesses that employ one or more persons. This is exclusive of owner-operated ones that have no employees.

Of the total, 149 have 3 employees or less, 46 have from 4 to 7 and 27 from 8 to 19.

Noted is the fact that most small and medium-size businesses in the local area have proved to be quite durable and, in general, of long

standing. Despite the tough competition from larger enterprises, they have been able to hold their own.

As an indication of this durability, no less than 96 percent are firms with fewer than 20 employees.

The report shows that Floyd County's commercial establishments provide gainful employment for some 1,206 people in jobs covered by Social Security.

Not included in this total are self-employed persons, domestic workers, members of the armed forces, government employees and farm workers.

The figures show that the payroll for the local work force was at a high level, reflecting rising wage and

salary scales. The total for the year came to \$5,812,000. By way of comparison, the total three years previously, when a similar survey was made, was \$4,364,000.

It was a rise of 33.2 percent, as against a 22.2 percent rise in the United States and 26.1 percent in the West South Central States.

## More Locals Living Alone And Liking It

NEW YORK — Living alone and maintaining their own homes has become a way of life for more and more single people in Floyd County.

These men and women — some of them young and some of them old — would have been living with, and dependent upon, relatives in

former years. Now, however, attitudes and conditions are different and people are able to satisfy the secret urge that many of them have had to be on their own.

They find that they can get jobs and earn enough, often aided by social security, pensions or family

assistance, to swing it financially.

In Floyd County, according to the latest government figures, the proportion of local housing units occupied by singles is now 16.9 percent. In 1960 it was 12.9 percent.

Elsewhere in the United States the ratio is 20.2 percent. It is 18.4 percent in the West South Central States and 18.2 percent in the State of Texas.

Of the 66.7 million households in the nation last year, 13.5 million were occupied by singles, reports the Department of Commerce. It was 71 percent more than in 1960.

By way of comparison, the proportion of dwelling units occupied by singles increased four times faster in the period than did those occupied by two or more persons.

Most of the surge is

attributed to young people. Because of the greater freedom they have acquired in the last decade or so there has been a growing tendency on their part to have their own living quarters away from the parental home.

Also, more men and women under 35 are staying single or delaying marriage, than was the case formerly, adding to the live-alone total.

Among the older people, too, it is no longer common as it was years ago, for parents to move in with their married children when widowed. Three-generation households are a rarity these days.

The net result, in Floyd County, is that the number of one-person households has reached 559, a marked increase over 1960, when the total was 465.
