## Whirlettes To Play Tulia District Championship

### Whirlwinds Also Defeat Idalou

Wendell Tooley  
The Whirlettes  
triumphed over Idalou

guards did not allow the Idalou girls to score until about five minutes in the first quarter when they were leading 10-0. At the end of the quarter it was 18-8. The Idalou girls were still behind ten points at half, 36-26. At halftime coach Hollis Payne turned his sixth grade girls loose for a thrilling halftime performance. I'm not sure, think this one might have ended 4-0 in favor of the "Greens".

Pauline Cooper and Kathy Hinsley allowed Idalou only two points in the third quarter. . . only six in the final stanza. Coach Sally Miller allowed the second stringers to play the last three minutes of the contest. The Whirlettes had a heart shaped box of candy for their sweetheart, Travis Johnson. Miss Cooper made the presentation and a kiss on Johnson's cheek. Donette Marble really had a good night. . . top scorer with 25. Next was Nancy Puckett who sank 20 points, ten on free throws. For Idalou Sherry Wall made 13 points and Cindy Jones scored 11.

#### WHIRLWIND GAME

The Whirlwinds also took off with a good lead of 12-6 at the end of the first quarter. However at halftime the Wildcats had tied it up 19-19. Actually, both teams were pretty cool goal-wise the first half.

At halftime Payne's sixth grade boys hit the floor and furnished the crowd an exciting halftime show. Again, I'm not sure who won. . . looked like the team with the green uniforms might have won.

In the third quarter the Whirlwinds got behind and were still trailing until 5:31 was left in the last quarter. At this point Travis Johnson made a neat jump shot and tied it up at 40-40.

The crowd went wild. Then Kelvin Ratliff made a couple with 1:24 left in the game and Floydada led 48-46. At this point the Whirlwinds began stalling tactics trying to run out the clock. The Wildcats suffered some fouls trying to get the ball. . . Michael Curry made the last three shots and the game was over.

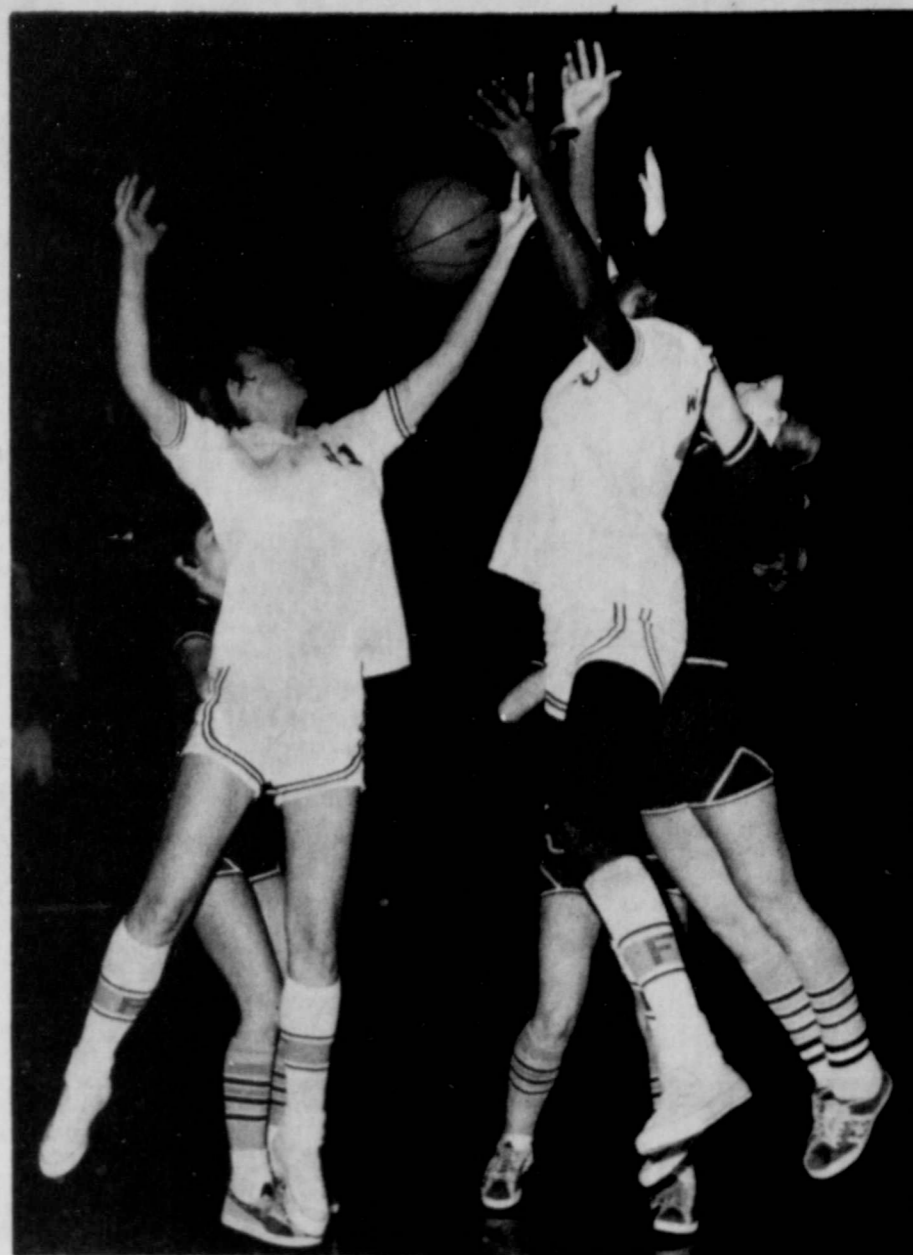

Curry was high point scorer for the Winds with 19 points. Johnson was second with ten points. For Idalou it was Rex Isom with 18 and Frank Sneed with 15.

Floydada won the junior varsity boys game 33-25.

MARBLE SHOOTS — Donette Marble arches a shot in the Whirlettes' victory over Idalou Tuesday. The win clinched the second-half district title and moved the Floydada girls into a playoff game with Tulia to decide the 4-AA girls' basketball championship. Marble scored 25 points, high for the Whirlettes in the 61-34 victory.

REBOUNDING — Whirlette guards Kathy Hinsley (number 31 in white, left) and Pauline Cooper (43, right) go up for a rebound in the Floydada girls' Tuesday-night win over Idalou. The Whirlettes, 5-0 in second-half district play, meet Tulia tonight in the Valley High School gym to decide the 4-AA champion.

WE HAVE A LOT OF . . . in our community, and I'm thankful for three good doctors.

GETTING EXCITED ABOUT ALL. . . and I hope every boy to Valley High School cheer the Whirlettes on to championship. Believe it or not at 7:30. What's the good about "EAT TULIA"?

Forget. . . the Whirlwinds beating Lockney here Friday eve the JV game starts at 6:30 following. . . do you get to Valley High to Quifaque, then go east of the school is about Turkey.

BOOK DO YOU think was better during 1973? One of the "dated" sex books? a diet book?

One of the above, you see the book topping the best as The Living Bible which million copies during 1973. It was second, far behind and a book about sex was a flake.

Er's Day a year or two ago, Bible was selling faster than them in stock. I held back my Mary Tom for Mother's Saturday before Mother's Neeley just had to have a Bible to give to his wife and Mary Tom into waiting at shipment for her Bible. Jerry have that copy.

Another at Hale Center had a Bible for her father. It came in, so LeAnn let her mother have the Bible to her father. When her Bible arrived LeAnn had back (and a few weeks Tom got hers). The episode of this Living Bible when Jerry lost his motorcycle to Sunday and Mrs. Joe Green found through a friend who had lost Bible over the years decided to put her name in. . . or all the names for her having it. . . and it is no worse for its many.

IF THEN "an oldie" comes to me that I really enjoy. Eddie Arnold is beginning to be, he still has a good voice, and his program sponsored Natural Gas Monday night. It's an actor I always thought good, so enjoyed his late "Last Challenge."

MUTUALATIONS! . . . to the binole. . . they got a Dotty factory that will employ workers. Wish we could get . . .

BACK IN 1970, the official census showed Floydada with a population of 4,109. This was based on an average of 3.9 persons per water meter.

Chamber of Commerce manager Bill Flynt says we have a gain of some 14 water meters, making the current population estimate 4,163.

Of course we lost some 40 families when United moved to Amarillo, and this hurt our population count.

I SEE MORE young couples coming to this community, and hopefully the trend has changed. . .

Harold Hudson makes these observations in The Perryton Herald:

BACK TO THE COUNTRY  
People in rural areas have bragged for years about how fine the quality of life is in the country, with the fresh air and open spaces, but hardly anybody paid much attention except their neighbors.

There has been a steady migration of people from rural areas, from farms and small towns, into the cities, and this trend continued for decades.

But now, at long last, it appears that the trend is not only being slowed down, but reversed.

The energy crisis might have some effect upon this. If travel is restricted, then it will tend to develop small town trading centers simply because it will at least be inconvenient for shoppers to get into a car and drive to the city.

This country was settled by pioneers who tilled the soil. As more people came, they gathered in clusters and small trading centers developed. By the turn of the century, however, it was evident that the cities were getting bigger and the farmsteads were getting further apart.

In the 1950s the government statisticians said there were 5.5 million people who moved from rural areas into metropolitan areas. The trend slowed down in the 1960s when only 2.2 million followed this pattern from small town to big city.

Calvin L. Beale, who heads the Population Studies Group of the U.S. Department of Agriculture's Economic Research Service, now reports: "We believe that between the spring of 1970 and July, 1972, the net movement from the metropolitan to the non-metropolitan areas in this country was 300,000 to 500,000, a complete reversal of an 83-year-old trend."

A lot of experts view this trend from big city to rural areas with delight because it solves a lot more problems than it creates.

The bigger a city gets, the bigger its problems become. It becomes quite a problem just what to do with the sewage once it is flushed down a commode. It is another big problem as to where to get the water to put in the pipes that enable the commode to flush.

Cities have problems in transporting people around and in parking them when they get there.

A Gallup Poll of city dwellers recently found that one in five was unhappy with the quality of life in his city. Of those living in cities of one million or more persons, one in three said they wanted to move out.

In another poll last year, half of the persons living in cities of 50,000 or more said they wanted to move to smaller towns or to the countryside.

City folks are generally to find that small town residents are not hicks. They have money in the bank, wear smart clothes, read extensively, travel around quite a bit, and smile a lot.

Some day the urbanites will discover what American life is all about and will demand to be let out of their concrete cages.

### BULLETIN!

Agreement was reached with Tulia Wednesday morning that the play-off game for district championship between the Whirlettes and the Hornettes will be played in Valley High School gymnasium at 7:30 p.m. tonight (Thursday).

### 3 Races Contested

With the filing of Mrs. Glenna Orman for County Treasurer, the list of contested races on the local level in the Democratic Primary increased to three. Mrs. Orman opposes Mrs. Dell Yandell for the treasurer's post. Two County Commissioner places are contested — Jack Lackey is challenging J. McNeill, the incumbent in Precinct 4, and Raymond Martin is opposing Precinct 2 Commissioner Bob Jarrett in the Lockney area.

Running unopposed on the Floyd County Democratic Primary ballot are County Judge J. K. Holmes, County Clerk Margaret Collier, District Clerk Mary L. McPherson, Justice of Peace H. E. Porter in Precincts 1 and 4, and Justice of Peace R. H. (Raz) Ford in Precincts 2 and 3.

Judge L. D. Ratliff of Spur, District Judge for the four-county 110th Judicial District for 17 years, has filed for re-election with the Chairman of the State Democratic Committee.

## Letter To The Editor

February 3, 1974

Dear Mr. Tooley,

As the City of Floydada has a very important election coming up soon and I being the only living elected survivor of this important asset to Floydada, I thought perhaps the younger generation, who is taking our place, would like to know how this electric system was built and what it has meant to Floydada.

But first I would like to mention the long and tiring hours that our city attorney, Ben Ayres spent with small pay, fighting different injunctions filed on our city.

I am sure that all of which I have to say is on the 1939 and 1940 minutes at City Hall and open to the Public.

In 1938 the voters of Floydada held a revenue bond election to build a small Municipal Light Plant under the Public Works Administration, owing in the amount of \$80,000.00 payable in 20 years.

So in 1939 I was elected on the City Council with J. W. Lanier, Conner Oden, R. E. Fry, Doc or Ulmer White, and Glad Snodgrass, Mayor who had served as Mayor two years before.

On our first meeting night, all bills were looked over and we mailed them checks but lacked \$800.00 to be carried over, and as I was at that time a fair mechanic with some experience with machinery, I was appointed Power Commissioner and John Lanier was to have streets, and we all were to head some department, and I know that Earnest Fry was Public Relations, as he thought things were always good and all did a good job.

So we instructed John Lanier to go to Lubbock and get a new grader blade which cost \$5.50 and he was told that Floydada had no credit and he paid for it himself.

So things went fine until the 1st of January, 1940, when we were about to get in the electric business but our motors were dry and the diesel tank empty and no major company would extend any credit until we could get started. So private funds in the amount of 420.00 were given to the local consumers to fill the engines and fuel tank. So I believe we started January 6, 1940 and our first customer was the Mayor. On our first meeting night we knew we would have to have a pickup but couldn't buy one. We asked for bids and bought a Chevrolet from Oden Chevrolet for \$625.00.

The "improvements and extensions" include replacing three of the City power plant's "original" 1939 Worthington engines (total output 600 KW per hour) with a new engine that will generate 2,500 KW per hour, and the addition of plant space.

### Mrs. Glenna Orman Announces For County Treasurers Office

Mrs. Glenna Orman of Floydada has authorized this newspaper to announce her candidacy for the office of county treasurer, subject to the May Democratic Primary.

In her announcement, she states:

"To the Voters of Floyd County:

I am seeking the office of county treasurer. I was born in Floyd County and have lived here all my life. I feel I am qualified for this office as I have worked as a bookkeeper and cashier for the past twelve years.

I will appreciate the support each one can give me. If I am elected, I will do my best for the interest of the people of Floyd County.

Mrs. Glenna Orman"

## Longhorns Slip Past Tulia

The Lockney Longhorns managed to keep their district 4-AA record intact for the second half on Friday night as they slipped past a much improved Tulia team 63-62. Lockney ran their season record to 19 wins and 5 losses, and in district play the Horns were 2-0 starting action Tuesday night with Ralls. The Horns won the first half championship of the district with a 5-0 record. Overall the Horns are 7-0 in district competition. The Longhorns trailed early in the game as Tulia

jumped out to a 5 to 0 lead before Lockney got started. Tulia led for three quarters before the Horns finally took the lead in the final period and held on to win the game. Lockney trailed Tulia 17-13 after one period. The Horns gained one point on Tulia in the second period as the score was Tulia 34, Lockney 31 at the half. In the third period Lockney scored 17 points while Tulia put 16 on the board to keep the Hornets in front 50-48 going into the final period of the contest. The Longhorns scored 15 points in the final stanza to 12 for Tulia to pull off the one point victory, 63-62. Longhorn fans got a scare with only two seconds left in the game Tulia had a chance to win the game on two free throws. However both shots were missed and John Clark grabbed the rebound of the second shot to save the win for Lockney. Clark was the leading scorer for Lockney as he canned 18 points. Willie Phillips scored 14 and Tony Gross was also in double figures with 12 points.

### Horn Freshmen Trip Abernathy

The Lockney Longhorn Freshmen traveled to Abernathy on Monday night, January 21, and defeated Abernathy 57-54. Lockney led all the way in picking up win number 7 for the year along with 5 losses. The young Horns led after one period 20-11. At the half the Lockney lead was only four as the score read Lockney 34, Abernathy 30. Lockney managed to stay

on top in the third period as the score going into the final period was Lockney 44, Abernathy 41. Both teams scored 13 points each in the final period as Lockney held on to win 57-54. Glen Lane was the leading scorer for Lockney with 17 points. Clint Riddley hit for 14 points and Ronnie Cunyus scored 13 points for Lockney.

### Longhorn Freshmen Beat Ralls

The Lockney Longhorn Freshmen rolled to their ninth win of the year Monday night, February 4 in Longhorn gym as they flew past Ralls 64-29. Lockney's win gave them a season record of 9 wins and 5 losses with only one game left to play next Monday at Tulia. In the first period Lockney pulled out to a 21-2 lead. In the second quarter the young Horns were a little cold as they scored only 8 points to lead at the half 29-8.

Lockney came back to score 15 points in the third period to lead 46-21 at the start of the final quarter of play. The Horns outscored Ralls in the last period 18 to 8 to win going away 64-29. Four players were in double figures for Lockney as Ronnie Cunyus and Greg Taylor led the Horns with 12 points apiece. Glen Lane and Clint Riddley both scored 10 points each for the Horns, and Randy Mitchell popped in 8 points.

### Junior High Girls Rip Ralls

The Lockney Junior High seventh and eighth grade Shorthornettes both won games on the road Monday night at Ralls. In the seventh grade game Lockney picked up win number 7 on the year along with 5 losses as they tripped Ralls 38-25. Lockney led after one quarter 13-6. At the half Lockney took the lead 22-8. The seventh grade girls increased their lead to 30-10 after three periods of play as

coach Robbie Biggerstaff used a number of players in the contest. Ralls outscored Lockney in the final period of play against the second team but fell short as the final score was Lockney 38, Ralls 25. Karla McCarter was the only Lockney girl in double figures as she scored 18 points. Cindy Frizzell and Stephanie Turner scored 7 points each for Lockney. The Lockney girls will close out their season next Monday night at home against Tulia. In the eighth grade game Lockney moved their season record to 12 wins and 4 losses as they thundered past Ralls 28-12. Lockney led after one period 10-0. At halftime Lockney maintained a big lead 18-4 over Ralls. Ralls came back in the third period to outscore Lockney 8 to 3, however Lockney led 21-12 at the start of the final period of play. In the final quarter Lockney outscored Ralls 8 to 0 to make the final Lockney 28, Ralls 12. Lupe Gonzales was the leading scorer for Lockney with 15 points, and Regina Dudley scored 10 points for Lockney. The eighth grade girls will close out their season next Monday at home against Tulia.

farmers and ranchers need an organization more than ever before.

"We producers need a stronger organization to help solve problems in marketing, agricultural public relations, taxation, as well as other matters affecting our net incomes," Schacht said.

Part of the proclamation issued by Judge Holmes reads:

"Agriculture is vital to the economy of Floyd County, our State and Nation. Many of our citizens are dependent directly or indirectly upon agriculture for their liveli-

hood. All of our people benefit from the productive efficiency of modern agriculture.

"Farmers and ranchers have learned to promote their industry through organization. Four out of five agricultural producers in this Nation belonging to a general farm organization are members of Farm Bureau."

### AF Student Club Speaker

Peter McGoldrick, Floydada American Field student from Townsville, Queensland, Australia, was guest speaker Tuesday night for members of the 1950 Study Club, at Light house Electric. The high school student showed slides of his native country after which an informal question and answer session was held. When Peter completes this semester of schooling in Floydada he plans to return to Australia and enroll in the University to study medicine.

He spoke briefly on the Universities in Australia saying that tuitions there had been abolished. He continued students usually knew what field of study they were entering when they get in the 11th year of high school. If a major is changed, say in the second year of college, then it would be like starting over, because four years must be completed in one particular

Bybee volunteered to be leader with Mrs. Audrey McCormick assistant. The First Baptist W.M.U. met Monday, Feb. 4 in the home of Mrs. Fred Fortenberry for their general meeting. In charge of the program was Mrs. Sid Thomas. The program was volutionized England's textile industry. Some brainstorms are lighting up a lot of people lately. That little ol' lemon which science has found more use for than any other citrus fruit, has come through again. A dash of lemon has been added to new menthol Twist cigarettes. And it tastes fresher than ordinary cigarettes and gives you a smoother cool. This is one idea that's definitely meant to be a lemon!

on missions in New York. Refreshments were served to Mmes. T.B. Mitchell, R.C. Mitchell, Sid Thomas, Guy Sams, Neil Record, Marvin Cox, Earnest Fowler, H.E. Frizzell, Harmon Handley, and Fred Fortenberry.

One of the simplest ideas of all time was also one of the most strikingly successful. The steel pen and ink-well were good enough for Grandpa, but American businessmen wanted something more efficient with which to sign their growing volume of business letters. Could a pen be made that carried its own supply of ink? Yes, but it required a medicine dropper to fill its hollow barrel, and what happened when no medicine dropper was available?

What happened, eventually, was that someone put the dropper inside the pen barrel, and made a slit in the barrel. When a coin was pressed in and then released, the sac filled with ink. But what did you do when you couldn't find a coin?

What did you do? mused an Iowa jeweler back in 1913. What he did, after some thought, was to put a lever on the barrel to do the job of the coin. A self-filling fountain pen! Why, it was better than diamonds, thought the jeweler. And so Mr. Shaeffer closed up his jewelry shop.

## Obituaries

### Miss Odam

Rites for Miss Naomi Odam, native of Floydada, were held Monday in Lubbock followed by burial rites in the Lakeview Cemetery, where her parents, the late Mr. and Mrs. B. C. Odam are interred.

Miss Odam, 47, died Friday morning in her residence at the Abilene State School where she had lived for the past four and a half years. Miss Odam was a cousin of J. C. Odam of Floydada.

Survivors include a brother, Dan Odam of Lubbock and a sister, Mrs. Henry Mitchell of Crosbyton.

Franklin-Bartley Funeral Home of Lubbock was in charge of arrangements.

### Elmer Lacy

Services for Elmer Lacy, 61 year old former mayor of Turkey, Tex., and brother of Mrs. Vernon W. Bradshaw of Floydada, were held Tuesday in the Turkey Church of Christ. Lacy died Monday morning in Lubbock Methodist Hospital. He and his wife were in an automobile accident January 21 near Turkey which resulted in the death of Mrs. Lacy. He had been hospitalized since that time.

Lacy was vice president of People's State Bank in Turkey and a former owner of hardware stores in Turkey, McLean and Petersburg. He was a veteran of World War II and a native of Oklahoma.

Survivors include four sisters, Mrs. Bradshaw of Floydada, Mrs. Luke Lane and Mrs. George Johnson, both of Turkey and Mrs. Ellen Smith of Amarillo.

Officiating for the rites were Odell Purdy and Clark Johnson, both of Lubbock, and Herbert Gipson of Amarillo. Burial was in Dreamland Cemetery.

### Opal Durham

Funeral rites for Mrs. Opal Durham, 62, a resident of Plainview the past 23 years and sister of Mrs. Mae Stambaugh of Floydada and Clyde Bramlet of Lockney, were conducted yesterday in the Calvary Baptist Church in Plainview. Mrs. Durham died Monday night in Central Plains Hospital.

A native of Harrold, Texas, she and Bill Durham married in 1926. She was a member of the Date Street Baptist Church in Plainview and had been employed in the Plainview Hospital for the past 18 years.

Survivors include her husband; four daughters; three sons; three sisters; two brothers; 29 grandchildren and nine great grandchildren.

Burial was held in Plainview Cemetery.

two contests this week. One is the Texas Conservation Awards Program sponsored by the Fort Worth Chamber of Commerce and the other contest is the Goodyear Program sponsored by Goodyear Tire and Rubber Company. The Texas Conservation Awards Program is in its 29th year honoring men and women across the state of Texas for their

accomplishments in outstanding work in soil and water conservation activities. The Goodyear Awards Program is in its 27th year. It honors outstanding districts across the nation. The district will submit certain phases of work done during 1973. The entry will be judged on a regional and state basis. Region 1

consists of 51 counties in the Panhandle and South Plains area. Fawver also announced that several other entries from the Floyd County SWCD will be submitted this week and winners will be announced at a later date.

**HINTONS MAKE DEANS HONOR ROLL AT TECH**

Ray and James Hinton, sons of Mr. and Mrs. Henry Hinton of Dougherty have both made the Dean's Honor Roll at Texas Tech. Ray is a Freshman majoring in agricultural science.

James is a Junior majoring in agronomy. Both Ray and James were active in the Floydada FFA Chapter while in high school.

**Production Credit Business Increases**

Spiraling costs on the agricultural economic scene were re-emphasized in the Plains area today when Plainview Production Credit Association reported its stockholders borrowed \$208 million in 1973 - \$20.7 million more than in 1972.

James Rogers, the association's manager, said loans for production agriculture were up all over the state and were expected to increase even more in 1974.

Rogers noted that alleviation of the subsidy programs for agriculture and encouragement of a 15 percent production increase pointed to even greater money needs in 1974.

"In addition, fuel and energy in all forms are going to cost more," the manager predicted. "We are confident that adequate credit for production agriculture will be available in 1974", Rogers said, "but because of higher cost of money and inflationary pressures, the price may be higher."

In 1973, Plainview PCA with its 31 sister associations which make up the Texas PCA System, loaned more than \$1.4 billion. Plainview PCA's charter territory includes Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Pomeroy and Swisher counties.

Plainview directors are Loyd Widener of Lockney, Billy W. Carthel of Friona, Ray Robertson of Dimmitt, H. L. Porter of Petersburg and A. W. Anthony, Jr. of Friona.

**Singing Sunday**

The regular Second Sunday Afternoon Singing will meet Sunday, February 10 from 2 to 4 p.m. at the Church of the Nazarene in Floydada.

All who enjoy good Gospel singing are invited to come, according to C. M. Lyles of Floydada. "We are expecting singers to attend from Spur, Roaring Springs, Tulia, Plainview, Lockney, and all around," Lyles says.

## Freshman 'Winds Upset Tulia

**RICKY CARTHEL** scores two for Floydada in the freshman game with Tulia Monday. The Whirlwinds surprised Tulia 58-53; Carthel pumped in 21 points. [Staff Photo by Jim Huggins]

Floydada High School's freshman boys' basketball team avenged an earlier loss to Tulia Monday night when they dropped the Hornet freshmen by a 58-53 count in a game played in Floydada. Tulia has lost only one other district game (to Lockney) all year long. Their only other loss (besides the two to the Floyd County teams) was to Morton.

Ricky Carthel, Randy Ratheal and Steve Westbrook made the double-figure scoring column for the Whirlwinds. Carthel had 21 points, Ratheal scored 11, and Westbrook netted 10.

It was close all the way. The 'Winds scored first and took a 14-8 lead to the second period, but the Hornets led 28-25 at intermission. It was 41-40 Tulia after three quarters. The 'Winds broke loose and outscored Tulia 18-12 in the final frame.

Down by a point, 51-50 midway in the fourth, the 'Winds went ahead on a basket by Carthel. Tulia regained the lead moments later. The Whirlwinds came back with a pair of baskets to run the score to 65-53, then called time out. With 1:29 to play, the 'Winds started a stalling game. With time almost gone, Joey Davis passed to Mickey Minnitt under the basket, and Minnitt made the layup to put the game out of reach. It was one of two important baskets by Minnitt in the fourth quarter, Cocanougher said. Tulia got one more shot but missed. Carthel came down with the rebound, and the 'Winds killed the clock.

Tulia won the first game this season

## Whirllette Freshmen Win Second At McAdoo

The Whirllette freshman team won second place in a basketball tournament at McAdoo last weekend. The FHS girls beat Crosbyton in the opener, downed Valley High in a second-round game, then fell to Lubbock Cooper in a close finals contest.

The Whirllette freshmen had no trouble with the Chieftettes in the first game, winning 63-29. Tracey Puckett scored 18, Kellie McDowell 14, and Brenda Fulton 11 for Floydada. Puckett led the Floydada girls again

Saturday, scoring 28 points as the Whirllettes won 44-31. Mellane Gilly added 14 for FHS.

In the championship game, it was Cooper 49, Floydada 46. Puckett scored 21 and McDowell chipped in 19.

Puckett and Nanette Burk were selected to the all-tournament team, and Brenda Fulton was named most valuable player of the tournament.

In a road game Monday, the Whirllette freshmen dropped a 42-27 decision to Tulia. Puckett's 14 points was tops for Floydada; McDowell added 11.

## Whirllette JV Tops Idalou, 42-36

The Whirllette junior varsity team closed out their season Tuesday with a 42-36 victory over Idalou in a basketball game played in Floydada.

Nesa Jackson scored 17 points, high for the Floydada girls. Diana Grimes netted 15 for the Whirllettes. Jodie Eastham had six defensive rebounds and three steals to top the Whirllette guards, and Nancy Anderson had three steals.

The JV Whirllettes finished with a season record of 11 wins and nine losses.

**Floydada Care Center Happenings**

By Faye Walters

This has been a wonderful week for me. Tuesday about 2 p.m. when my workers who were able, and I were in the activity room, our administrator, Dartha Westbrook and Bert King, the afternoon cook, came in and everyone shouted "Surprise."

They had a beautiful cake and presents for me.

I have lived many years and this is the first surprise birthday party I have ever had and it could not have been given by sweeter people. I felt very humble to think these dear people though enough of me to go to the trouble to show me such a wonderful time. Everyone had kept it so quiet until about ten minutes before the party, and I had a phone call from Victoria Bartlett and she kind of let the cat out of the bag.

Everyone wished she could have been there too. Victoria spent several weeks in our care center and we still feel like she is one of us.

This will always be one of my fondest memories.

Our devotions this week were good food for our souls and all our residents enjoyed every word spoken and every song.

They also enjoyed every visitor, and there were several.

We were sorry to lose two of our residents, Della Finley and Florence Simpson, but glad they felt like their health had improved enough to go home. We hope they will continue to improve.

All our residents who have been so sick seem better and for that we are thankful.

Thursday bingo was lots of fun as we had missed two weeks. Everyone won at least one game. Minnie Wood and Hope Hammonds won four games each. Ray Reed and Ellen Love had three games and Bessie Palmer had two games.

We hope next week will be a good one for all our residents.

Mr. and Mrs. Johnny Redding, Rebecca and Matthew of Idalou visited Saturday with her parents, Mr. and Mrs. Grady Dunavant and all made a trip to Matador.

Monday morning Mr. and Mrs. Grady Dunavant visited in Floydada with her mother, Mrs. E. T. Williamson.

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses the fuel shortage this week, sort of.

Dear editor:

Some people, I gather from reading newspapers and talking with my neighbors, are either puzzled by the fuel shortage or baffled by it or hopping mad about it.

The way it looks to me, you can read plenty about it but you never know when you have the facts.

At any rate, it seems to be a fact that the big oil companies' profits last year were nearly 50 percent above the previous year, and in that previous year they weren't exactly on relief. It's sort of like what the farmers, scratching their head, say about fertilizer: if fertilizer manufacturers made a profit last year when fertilizer was selling for \$80 a ton, how much profit you reckon they're making now when it's selling for \$160 a ton?

One interesting statistic about the oil companies is that while their sales last year were up only 6 percent, their profits were up

The way it looks to me, you can read plenty about it but you never know when you have the facts.

At any rate, it seems to be a fact that the big oil companies' profits last year were nearly 50 percent above the previous year, and in that previous year they weren't exactly on relief. It's sort of like what the farmers, scratching their head, say about fertilizer: if fertilizer manufacturers made a profit last year when fertilizer was selling for \$80 a ton, how much profit you reckon they're making now when it's selling for \$160 a ton?

One interesting statistic about the oil companies is that while their sales last year were up only 6 percent, their profits were up

nearly 50 percent, which seems to be the case every time they pull out their hearing aid.

But if you think that think what the politician last Presidential campaign.

"Why, those chaps they're probably hemmed and hawed with a measly \$100,000,000 known they were making we'd have doubled the ought to kick ourselves total of five million have been ten. Just campaign."

However, maybe they write down their losses in case they're not in campaign. You know swap oil stock for a

**Arab Oil May Be Blessing For Texas**

AUSTIN - Ironically, the energy crisis may prove to be a blessing in disguise for Texas.

For the past few years, Arab nations have been selling oil to the United States at a price so low as to restrict exploration for new oil in this country, and to retard recovery of oil here by the more expensive secondary methods.

With the Arab oil boycott and substantial increases in price of other imported crude, we are seeing a boom in the oil fields of Texas.

Suddenly, there is economic incentive to go out again and find oil. In many parts of the state, this boom is having a very beneficial economic effect.

The majority of Texans will benefit primarily because this new activity will result in greater tax and royalty payments to the state. In fact, income to the state from oil and gas production is the only reason Texans have been spared from onerous corporate and personal income taxes so far.

Before the Arab nations shut off their oil, this country was using about 17 million of oil and its gas equivalent. Ten per cent of this was imported from the Middle East.

Through new incentives for exploration, producing known reserves in Alaska, the Gulf of Mexico, Atlantic and Pacific Oceans, and cutting back our very extravagant use of energy, I believe we can make the country virtually independent of Middle East crude in a few years.

One of the most hopeful developments in working out a solution to the energy problem is the appointment of William Simon as director

### Schacht Attends FB Presidents Conference

Paul Schacht of Lockney, president of the Floyd County Farm Bureau, attended a two-day conference for newly-elected county Farm Bureau presidents Jan. 24-25 in Waco.

Conducted by the Texas Farm Bureau, the third annual new presidents' meeting was designed to give the county leaders a better understanding of the structure of the TFB and its operating procedures. Current programs and activities were also discussed.

Areas of activities covered in the orientation sessions included membership acquisition, state and national legislation, Constitution revision, public relations, commodity activities, economic service programs, and research and education.

While in Waco, the county leaders toured the Texas Farm Bureau's new \$2.7 million headquarters build-

ing. This building, which houses the organization and its service-to-member companies, was dedicated last June.

Floyd County Farm Bureau is one of 209 organized county units in Texas. In 1973 all of those counties achieved a gain in membership, pushing the state total to more than 152,000 member families. The 1974

state goal is 170,000. The local county organization ended its 1973 year with 679 member families.

The Texas Farm Bureau is affiliated nationally with the American Farm Bureau Federation, largest general farm organization in the world. Farm Bureau is organized in all states except Alaska and ended 1973 with 2.3 million member families.

### Fred Carthel To Speak At Soybean Meeting In Lubbock

The agriculture spotlight will be on the soybean industry Feb. 7-8 when the Texas Soybean Association and the Texas Soybean Producers Board hold their seventh annual meeting in Lubbock.

Award presentations to Texas' top soybean producers and the selection of Texas Princess Soya will be featured highlights.

The event is expected to draw some 150 producers, researchers and TSA officials, says Dr. James Supak, agronomist for the Texas Agricultural Extension Service.

The meeting of the Texas Soybean Producers Board and directors of TSA is scheduled for Feb. 7 at the Villa Inn.

Beginning at 4 p.m. both organizations will meet separately to discuss past and future business, hear a

series of executive reports and examining the present problems concerning today's soybean industry.

The next day, registration for the regular TSA annual meeting will be from 8 to 9 a.m. in the lobby of the Plains Cooperative Oil Mill.

Leadoff speaker is Clarence Wright of Plainview, general manager of United Farm Industries, discussing "Producing and Processing Quality Soybean Planting Seed."

Two talks on "What Happens to the Soybeans We Grow" will include remarks by Bruce Crosslin of Lubbock, sales manager of the Plains Cooperative Oil Mill, and Fred Carthel of Floydada, a soybean producer. Crosslin will discuss movement of soybeans from the field to the mill while Carthel will give his views on the European markets.

Also featured on the morning program is Dr. John Sij with the Texas Agricultural Experiment Station at Beaumont, discussing "Soybean Research in the Texas Gulf Coast."

Presentations by two Extension Service specialists at Lubbock will conclude the morning session. They are Dr. Supak, speaking on "A New Soybean Variety for the High Plains," and Area Economist Marvin Sartin, who will provide some answers to the question, "Are Soybeans Really the Cinderella Crop of the 70's?"

The afternoon program begins with a discussion of a key issue, "Present and Future Effects of the Energy Shortage", by Roy Childers, area Extension agricultural engineer from Lubbock.

"Worldwide Markets for Soybeans" will be presented

by Ralph T. Jackson of Hudson, Iowa, executive vice president of the American Soybean Association.

The afternoon program will conclude with a business meeting and a tour of the Plains Cooperative Oil Mill, says Sunak

A banquet will climax the day's events. Set for 6:30 p.m., the affair will feature the selection of TSA's beauty queen, Princess Soya.

The annual meeting is being sponsored by the Texas Soybean Association in cooperation with the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station.
