"Serving The Floyd County Trade Area Since 1896"

The Floyd County Hesperian

Floydada, Floyd County, Texas 79235

Sunday, May 5, 1974

14 Pages in two sections

10¢ Copy

Number 36

FLOWERS FROM THE BOSS...and a big award to the "Employee of the Month." (Left to right) Bill Cagle, office manager Valarie Green, and representative of the women's division of the Floydada Chamber of Commerce, Kay Flynt.

Valarie Green "Employee Of The Month"

The Office Manager of Producers Cooperative Elevator in Floydada, Valarie Green was selected as the "Employee Of The Month" by the Women's Division of the Floydada Chamber of Commerce Wednesday morning.

Valarie has been employed by Producers for more than four years. She was born in Tahoka, Texas, daughter of Mrs. Sam Bartley, and the

late Mr. Bartley. In 1947 she was married to Starks Green. The Green family has resided in Floyd County since 1952.

The Greens have two sons; Phil, 26 and Sam, 22, both Floyd County farmers.

...and there's a granddaughter, Aimee.

The purpose of the award is to recognize outstanding employees in the Floydada community and to encourage others to examine their attitude to the public and make Floydada a more friendly place to live and trade.

The honoree each month is chosen by an anonymous panel of two men and three women. The employee of the month is presented with a certificate and a "traveling" trophy to be passed on to next month's awardee.

MRS. JERRY BULLOCK
SALVATION ARMY
CAMPAIGN CHAIRMAN

Shown above is Mrs. Jerry Bullock who has been selected by the Floydada Salvation Army Service Unit Chairman Tommy Assiter, to serve as the 1974 Campaign Chairman for the Floydada area.

Mrs. Bullock is a housewife, mother of two fine sons ages 13 and 10, and attends the Methodist Church. This is her very first stint as a fund drive leader.

The 1974 Floydada Salvation Army Campaign will hold its annual kick-off with coffee and doughnuts at the Community Room of The First National Bank, Thursday morning, May 9, 1974 at 10 a.m. At that time all team captains and workers will receive their complete instructions and prospect cards. The campaign will last two weeks and its goal is \$2,000.00.

GIRL'S SOFTBALL
PRACTICE SATURDAY

Floydada Girls' Softball practice will be held Saturday afternoon, May 4, at 2 o'clock at the boys' baseball field east of high school.

All girls between the ages of 8 and 14, interested in playing and any adults wishing to help in the summer softball program, are invited and urged to attend.

"Betty's Place" New Business

A new business opens in Floydada "Betty's Place." Location of the new business is on the wye, just across the street from Thriftway.

Betty Miller is opening the new business and is also doing extensive remodeling to the building.

She will feature ladies ready-to-wear apparel: pants, blouses, and men's shirts and slacks. She said she also planned to stock some western wear.

Business hours will be from 9 to 5:30 Monday through Saturday.

Over \$2,000 Worth Tools In Burglary

Between the hours of 5:30 p.m. Thursday afternoon and 10 a.m. Friday morning, tools were stolen from Sellars Automotive, located on East California Street in Floydada.

The tools are valued between \$2,000 and \$3,000 by Elmer Sellars. Break-in was through a window on the east side of the building. The burglary is similar to that of M&N Auto Repair last week when a window was broken on the east side of their office.

A reward is offered for information leading to the arrest and conviction of the thieves or a reward for return of the tools.

Appreciation To Floydada Men

A few years ago when Louisiana Strawberry vegetable company wanted to locate in Floydada, three Floydada men signed personal notes with the Floydada bank for over \$40,000 to buy the old Bowling alley and rebuild it to meet the needs of Louisiana Strawberry.

Pay-back to the bank was made each year according to how many cartons of peppers, cucumbers and other vegetables were processed in the plant.

Now, the note is almost paid out, and the men received the following letter from Bill Hale, president of the Floydada Development Company:

22 April 1974
From: Floydada Development Co.
Floydada, Texas.
To: Jimmy Willson Jr.
W. H. Simpson Jr.
Wendell Tooley
Gentlemen:

As spokesman for the Floydada Development, I want to take this opportunity and method to express our sincere appreciation for your trusteeship of the vegetable shed which is occupied by Louisiana Strawberry Co. Your complete underwriting of the large financial expenditure and the fact that you did this for community betterment and not for personal gain makes your actions worthy of the highest civic acclaim.

Now that you are turning the vegetable shed over to the Floydada Development Co. we do say thank you from us and the entire community of Floydada.

Sincerely,
Bill Hale

TAX REFUNDS

More Money Headed For Floyd County

NEW YORK — Residents of Floyd County will be getting a financial uplift during the next month or two by virtue of checks coming to them from Washington.

Most of this cash represents tax refunds due to people in the local area who paid a larger amount in withholding taxes during the past year, through payroll deductions, than they needed to.

On the receiving end, also, will be all persons who are getting Social Security benefits each month. Their current checks are running seven percent higher than they were in March. In July they will go up an additional four percent.

All of which means that there will be more spending money available to consumers in the area. Whether they will use it at once or will salt it away depends upon their individual attitudes toward present economic conditions.

With respect to the forthcoming tax refunds, they will go to some 3,150 persons in Floyd County, it is estimated, and will total about \$1,155,000, based upon figures from the Treasury Department as to the size

and the number of returns it expects to issue.

The total amount to be refunded, nationally, is a record \$22 billion. It will go to some 60 million taxpayers who overpaid in 1973. That is far more than last year.

Their checks will average \$361, it is estimated, as against \$345 previously.

Together with the \$2.4 billion additional that will be going to Social Security beneficiaries, it will mean that about \$24.4 billion will be pumped into the economy shortly from these two sources.

Assuming that Floyd County gets its proportionate share of it, there will soon be approximately \$1,282,000 more available to local people.

Just what they will do with it is anyone's guess at this time. The economists themselves are far apart in their forecasts of consumer reaction in this period of spiraling living costs.

The consumers themselves are of two minds. Should they cut down on their spending and reduce their debts or should they buy now before prices go out of sight? Each will decide for himself.

Membership Month Activities Set By Chamber Of Commerce Women

Women of the area are reminded that May is Membership Month for the Women's Division of the Floydada Chamber of Commerce, who have set aside this month to participate in various activities of the Chamber.

All women in Floydada and surrounding areas are extended an invitation to join the women's organization. Membership fees are \$5 annually.

Activities scheduled in May include the naming of an Employee of the Month, which was held Wednesday. A workshop is set for next Tuesday night, May 7, at 7:30 in Lighthouse Electric. The Plainview Chamber Women will be in charge of this event.

On Thursday night, May 16 at 7 o'clock a salad supper for Chamber Women and all area women interested in joining will be held at Lighthouse Electric.

Rites Tentatively Saturday For Harvey Irwin

Funeral rites are tentatively set for 3:30 p.m. Saturday, May 4 in the First Baptist Church in Floydada for Harvey Mack Irwin, 20 year old son of Mr. and Mrs. Shirley Irwin of Amarillo, who was found dead about 8 p.m. Thursday in the home of an uncle in Puttman.

Irwin died from the result of a gun shot wound and was alone at the time of the incident, according to a member of the family.

grandparents, Mr. and Mrs. R.R. Waller of Novis, also former Floydada resident.

Dr. Floyd C. Bradley, pastor of the church, and Rev. Lon Ed Conner of Amarillo, will conduct rites. Interment will follow in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

About 7% Wheat Request Abandonment

According to Tom Moore of the Floyd County ASCS, out of 1221 wheat farms in the county, 80 have requested appraisal for wheat abandonment payments.

Of course the 80 were not entire wheat acreages, some were only portions of the wheat on the farm.

Most of the requests were due to greenbugs or drought. In the 12 counties of this district, 100 requests for wheat abandonment payments have been received.

If more rain isn't received, Moore said there is a possibility of more requests for abandonment.

Mrs. Brown Mental Health Drive Coordinator

Citizen Volunteers will be going door-to-door in Floydada from May 4-31 asking for a contribution in the fight against Texas' Number One Health Problem...Mental Illness. The drive is sponsored by the Texas Association for Mental Health.

The Texas Association for Mental Health is a volunteer organization working to improve the quality of mental health services in Texas. In 1957, the Association successfully worked for the passage of the community mental health center law. This law has resulted in the development of mental health centers which provide treatment, consultation and research in a community based setting throughout Texas.

The Mental Health Association has also had a direct role in updating laws to protect the rights of the mentally ill, in obtaining the money necessary to provide treatment for emotionally disturbed children, and in providing referral services for those in need.

This year, the Association is placing special emphasis on the needs of children and youth and upon the continued transfer of mental health service from the state hospital to facilities in the community.

The Mental Health Association receives no public funds. Its income is derived from community drives throughout Texas. Mrs. Billy Brown is serving as community coordinator for the drive in Floydada.

Providence

By Gayle Jackson

Mr. and Mrs. R.L. Richards of Plainview were visitors Sunday evening with their daughter and family Mr. and Mrs. Cecil Boedeker and Vicki.

Mrs. Bob Damron, Shayne and Rayna visited Sunday at Tulia with her mother Mrs. Jim Barnes.

Recent guests of Mr. and Mrs. Weldon Cumbie were her cousins Mr. and Mrs. Orville Faith, Mr. and Mrs.

Charles Faith of Owensboro, Kentucky.

Mr. and Mrs. Warren Mathis and Karen, Mr. and Mrs. L.B. Brandes enjoyed dinner out in Plainview Thursday night of last week, celebrating Warren and Karen's birthdays and the Brandes' anniversary.

Mrs. Lanny Glascock and Angie accompanied her mother Mrs. Weldon Hammonds of Floydada to Big

Spring Tuesday to visit Ann's sister and family for the day.

Richard Matthews was in Nichols Hospital Monday through Wednesday for lip surgery. The Matthews' daughter Mrs. Kenneth Griffith and Jackie of Liberal, Kansas, left Thursday morning after being here with her parents this week.

Walter Boedeker's brother-in-law Stewart McKallip of Plainview is confined to Veterans Hospital in Amarillo after suffering a stroke several weeks ago.

Mrs. Mary Barr and Kevin of Levelland visited Sunday afternoon with her brother Mr. and Mrs. Fred Carthel.

Mr. and Mrs. Gary Faries of Spearman were here for the weekend as guests of her parents Mr. and Mrs. Donnie Bybee, Louie and Becky.

Price Wylie of Plainview was out Sunday to visit his father W.O. Wylie and with Elton Wylie, Mr. and Mrs. Ed Jones and Edward.

Visiting Sunday with Mr. and Mrs. Ewald Quebe was John Quebe and Karen Webber, both of Lubbock.

Mike Mathis and Martin Stoerner have been approved to receive state FFA degrees. In addition, Mike is the district star Lone Star farmer and is now competing on the area level for that honor.

Mr. and Mrs. S.M. True and Mr. and Mrs. L.B. Brandes flew to Ruidoso, N.M., last weekend.

Mr. and Mrs. Herbert Smith and Lori attended a party Saturday night at the Loyd Morphis home at Edmonson.

Visiting Saturday afternoon with Mr. and Mrs. Fritz Steinfeld was their daughter Mrs. Elmo Cowart, Vitricia, Malcolm, Nathan and Andrew and D'Lynn Gilbert of Plainview.

Rev. and Mrs. Luther Durkop, Rev. William Durkop and Wilfred Stoerner were in Austin Friday, Saturday and Sunday to attend the Southern District of American Lutheran Church annual convention at the Villa Capri convention center.

The Durkops returned home Wednesday after visiting at San Antonio with Bill Durkop and at Fredericksburg with her mother Mrs. George Krueger.

Albert Scheele conducted services at Trinity Lutheran Church Sunday morning in the absence of the pastor.

Mr. and Mrs. Ewald Quebe attended the district Lions Club convention in Plainview Thursday through Saturday of last week.

Mrs. Vernon Collins was injured Friday of last week while mowing the lawn for an elderly neighbor at Borger. Two fingers were nearly severed from her right hand in the accident. Frances was taken to Amarillo for surgery at St. Anthony's Hospital, where she stayed until Saturday afternoon.

Mr. and Mrs. Marvin Scheele visited Sunday

afternoon and until after lunch Monday with their daughter and family at Borger. Frances saw the doctor again Wednesday, and it is believed that her fingers have been saved.

Dorcas Circle met Wednesday afternoon in the home of Mrs. Weldon Foster in Plainview. The group studied in Revelations. Devotional was by Mrs. Lucy Boedeker.

Attending were Mrs. Boedeker, Mrs. Foster, Mrs. Virgil Brasher, Mrs. Marvin Scheele, Mrs. Bill Cypert, Mrs. Albert Steinfath, Mrs. William Fairbanks, a new member, and Mrs. Hattie Sparks, a visitor.

Mr. and Mrs. Joe Foster, Mr. and Mrs. Ewald Quebe were in Lubbock Monday night to attend a meeting of the South Plains Shrine Club, where the program was given by a doctor from the Shriners Burn Institute in Galveston.

RUBY LEE KISER of Lockney passed the Educational Development (GED) Testing and received this certificate of High School Equivalency on April 29. The certificate after she completed correspondence course at Abernathy High School, states that she has the GED testing program that meets the requirements prescribed by the Texas Education Agency. (Staff Photo by Jim ...)

BROCK NAMED SADDLE TRAMPS SECRETARY

Richard Brock, son of Mr. and Mrs. Harold Brock of Lockney, has been elected secretary, by acclamation, of the Texas Tech Saddle Tramps organization. Brock has also been named vice president of the Men's RHA (Resident Housing Association) at Tech.

Oro Grain Sorghum the shape of a winner.

Here's what you can expect from Oro. Expect and get... because Oro is the grain sorghum that performs.

Yellow endosperm hybrid.

Wide adaption. Medium maturity. Adapted for both dry land or irrigated conditions. One of the top yielders in actual field trials. Double row or narrow row plantings. Responds to high rates of fertilization and irrigation. Excellent standability. High test weight. Resistant to head smut, MDMV, anthracnose.

Plants...38-48 inches tall with wide leaves

Head Exsertion...4 to 7 inches

Blooms...in 60 to 70 days

Ready to harvest...in 100-125 days

Head size...semi-loose, 8 to 10 inches

Now you can see why we call it a winner. Stop in. Ask us about Oro.

Sorghum Major Export Growth

COLLEGE STATION — Sorghum has come to the forefront as a major export grain, and its markets are strong and steady.

"About one-fifth of the milo crop in the United States is exported each year, making it the top sorghum exporting country", says Roland Smith, grain marketing specialist for the Texas Agricultural Extension Service.

"A continuing uptrend can be expected in the long run although exports may soften some this year. Japan continues as the leading importer. Israel looks like she will continue importing along with India, Venezuela, Chile, Nicaragua, the Netherlands, Iran, Niger, Mauritania, Upper Volta and Senegal, the last four being African countries," points out the Texas A&M University System specialist.

The volume of sorghum moving to Japan this year should exceed the 105 million bushels imported in 1973. This was more than half of all the sorghum exported. The Japanese use the grain for chicken and cattle feed.

Israel ranks as the second most important importer with orders exceeding 20 million bushels.

"India is not far behind but its market is depending on 'human' food production. When there is enough wheat and rice to go around, Indian milo imports drop. In times of food shortages, sorghum is consumed as a cereal grain," says Smith.

Using sorghum as basic chicken feed, the Netherlands imports about five million bushels yearly.

Some 14 million bushels of sorghum were shipped to Venezuela last year where the grain is used for feeding cattle.

"Competition for grains, mainly wheat, and other countries exists. Substitution of one for another, either for animal consumption or competition for Argentina, South Thailand appear to be the strongest competing export field," the notes.

Smith continues Texas Grain Sorghum Producers Board, Sorghum Production and the U.S. Grains Council in efforts in opening a door for sorghum livestock and human consumption.

KNEY LOCALS

by Peggy Wiley

Recent visitors in the home of Mr. and Mrs. Jeff Terrell and family, were Mr. and Mrs. Bill Edmonson and children from Lawton, Oklahoma.

Mr. and Mrs. Burl Holt, granddaughter Starla Crues, and Mrs. Claude Hammond, vacationed in Dallas last week with their son, Mr. and Mrs. Bobby Holt, Mrs. June Porter, and Mrs. Leita Hay, sisters of Mrs. Holt. They also visited relatives in Mineral Wells, Clifton, Waco, and Coon

Creek, where they attended a community reunion.

Weekend guests in the home of Mr. and Mrs. Don Vernon and girls were her parents, Mr. and Mrs. E.L.

Burris, Brownfield, Mr. and Mrs. Zeddie Daniels, also from Brownfield, and Mrs. Eunice Atterbury from Sweet Home, Oregon.

Mrs. Johns Cox, and Mrs.

REUNION.....Mrs. Billy Hill of Lockney attended a family reunion of 16 brothers and sisters at the home of her parents, Mr. and Mrs. R.D. Moore, in Paris Easter Sunday. In the top picture are the six sisters, (front, left to right) Rebecca Sims, Emma Moore, Diane Moore (and back, left to right) Sandra King, Ruby Ellis, and Maye Hill. The bottom picture is of the ten Moore brothers, (front, left to right) Richard, David, Jerry, Ernest (middle row, left to right) Lonnie, Eddie, L.J. (back row, left to right) Roy, C.D., and Vernon.

Marjorie Martin spent last weekend visiting family and friends in Altus, and Lawton, Oklahoma.

Mrs. Roach Perry was released from Methodist Hospital on Friday morning, after having surgery on Tuesday.

Giron Calahan from Simsboro, Louisiana, has been visiting with Mr. and Mrs. Hilburn Casey.

Check Boat Before Using

AUSTIN--Spring seems to be starting a bit early this year, and it has probably caught a lot of boat owners with their boats in the same shape they were in last fall.

If you and your boat had an active season, this might not be too good.

There are a few things a boat owner should take care of before he sets out to sea for another season of fun in the sun. These things range from minor checks to avoid inconveniences to very important matters which could make your day in the sun not so much fun.

Starting with your boat, you might take this opportunity while it is still up on the trailer to give the hull a good cleaning. On wooden boats, old paint should be stripped off and some new paint applied. This is not only good for the hull, it is good for the boater's morale.

While you're down there chipping away at that old paint, check the caulking to see if it is still smooth and doing its job. If it's cracked, replace it with fresh caulking before you repaint.

Fiberglass hulls should be cleaned thoroughly and then given a luxuriant coating of wax. Wax helps the boat slip through the water, producing both speed and fuel economy, something which can't be discounted in these days of gas shortages.

The next items on your checklist should be your safety equipment. Take a look at your personal flotation devices, for example. By law, they must be serviceable. This means the straps should be firmly attached and the kapog bags unruptured. If your PFDs suffer from these deficiencies, they should be replaced.

It will take just a minute to see if your running lights and horn work. Replace any bulbs which don't shine. If they all shine but seem dim, your battery probably needs charging. Consider yourself lucky you found this out before you drove all the way out to the lake.

Your fire extinguisher also needs a check for cracked or broken hoses or obstructed nozzles. Check the pressure gauge, locking pins and sealing wires. Recharge if your gauge indicates extinguisher pressure is low.

One of the most important jobs is still ahead of you, tuning the engine. It can spoil your day to have the thing cough and sputter to the middle of the lake and then quit completely.

Watch Out For Peddlers, White Says

AUSTIN--Spring is here and so is the likelihood of fly-by-night peddlers selling plants and cure-alls for sickly lawns and gardens.

Agriculture Commissioner John C. White has issued a warning on such door-to-door sales, pointing out that anyone who sells nursery or florist plants must have a certification of inspection from the Texas Department of Agriculture (TDA).

"Though most nursery and lawn and garden people are reputable dealers, there are those in the business strictly for what they can get," White said.

He suggested that prospective buyers shop local merchants instead of dealing with door-to-door salesmen.

Texas Tech Registration

Registration for the first summer session at Texas Tech University is scheduled for 1 p.m. June 3 through June 4 in the Lubbock Municipal Coliseum.

Registration materials, including permit, student schedule card and dean's instructions, will be distributed to students from the second floor Conference Room of West Hall April 22-26. Hours of distribution will be from 1 to 6 p.m.

Let Dad have his fun on the dance floor

By Abigail Van Buren

© 1974 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I have a most unusual father. He's close to 80, but looks 60, and he knows it. He never misses an opportunity to tell his age because everyone raves about how "young" he looks, and he eats it up.

Whenever Dad goes to a wedding or a party where there's music he gets carried away and thinks he's Fred Astaire. Everyone assumes he's tipsy, but all he drinks is soda pop.

He's a handsome man and a good dancer, but not good enough to put on a solo performance, which he always does. Mom died five years ago, and Dad remarried, and his wife can't control him worth a hoot.

My problem: My son is being married soon. Should I take Dad aside and ask him to please refrain from making a donkey of himself at the wedding reception? Or should I let him do his usual act and try to remain calm? All our relatives and friends know what a show-off he is but the bride's family has never seen him in action.

I love my father, but when he's on, I blush like crazy, a smile freezes on my face, and I clench my teeth until my jaws ache. What to do? HIS DAUGHTER

DEAR DAUGHTER: An 80-year-old man who looks like 60 and thinks he's Fred Astaire (and on soda pop yet) is entitled to have a little fun. Let Dad have a good time. And—thank heavens you aren't shlepping chicken soup to him in a rest home every day!

DEAR ABBY: I would like a wrestling partner. Someone who would like to wrestle for fun and exercise. I am not looking to be a champion.

I am 66 years old, in good health, and would like to stay that way as long as possible. I've never wrestled but that type of exercise appeals to me. Where should I look? WANTS TO WRESTLE

DEAR WANTS: Go to the YMCA (if you're looking for a male partner—otherwise, go to the YWCA) and ask if there is a wrestler who would like to work out with you. If there is, you won't have to twist his arm.

DEAR ABBY: Here is a problem that has our whole family divided: Shirley is married to Robert. Shirley's sister is married to Charles. What are Robert and Charles to each other? I say they are brothers-in-law. Someone in the family (of which I am a member) says Charles and Robert are NOT related to each other at all.

If that is true, I cannot understand why Robert's children call Charles "Uncle," and Charles' children call Robert "Uncle."

Please rush your answer as this problem has thrown a wet blanket over our family reunions for years.

ALL IN THE FAMILY

DEAR ALL: Technically, a brother-in-law is either the brother of one's wife or the husband of one's sister. However, it's customary for husbands and wives to accept their spouses' relatives by marriage as their own.

CONFIDENTIAL TO "K" WHOSE CONSCIENCE BOTHERED HER FOR SO MANY YEARS: I took care of that little matter for you, and now you are square. Pleasant dreams.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212.

FOOD CONSUMPTION

Last year saw the sharpest drop in per capita food consumption in 15 years. A gain in crop-related foods—largely fruits and processed vegetables—partially offset the decline in consumption of livestock products. Meat and eggs had sharp reductions, while poultry and fish underwent smaller declines, notes Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas A&M.

Laundering Diapers

When using cloth diapers for baby, save time—and your hands—by letting the washing machine "wring out" the soaking solution. Empty container—solution and all—into the machine

and set it for final spin. Then launder as usual, suggests Lynn Bourland, home management specialist, The Texas A&M University System.

MAC Meeting Monday Night

President of the Massie Activity Center board Ray McDonald reminds all members of the board to attend the monthly meeting Monday night.

The meeting will be in the MAC at 7:30 p.m.

GIANT AMARYLLIS IS BACK—IN A DELFT POT

There's good news for gardening buffs and flower lovers. Imported giant amaryllis bulbs—one of nature's most delightful sights—are in supply again. These bulbs bloom indoors during the winter, and can be moved outdoors in the summer.

Aptly, they're called "Dutch Delight." In short supply all year, a relatively ample quantity of red amaryllis bulbs are now available at many Florists' Transworld Delivery (FTD) shops, in hand-painted blue delft pots imported from Holland. It is the first in a series of the famous delft vases.

What makes the amaryllis a blooming phenomenon is that "you can almost hear it growing," as florists put it. Once the stalk starts developing, it shoots up about one-half inch a day, often reaching two feet in height.

The "Dutch Delight" now at FTD florists has the largest blooms of all amaryllis hybrids. Individual blooms grow five to six inches in diameter. Watching the

large, dramatic flowers begin to open is a fascinating sight.

Another plus is their long life. Bulbs should last many years, with proper care. A top-grade bulb should produce two flower stalks with at least four blooms on each. Flowers appear about six to eight weeks after potting in the fall.

This is one reason why amaryllis bulbs have long been a popular gift item. They're especially popular with shut-ins.

Approved artistically, they can give one the reputation of being a blooming genius!

"Our Pleasure Is To Serve You" Lockney

You can't get PIONEER Brand 8311 as some excellent alternative for High Plains farmers.

8311, the "Golden Bronze Yield Leader," has been our most popular—so popular, in fact, that it may be in short supply in some areas. The demand has been so great downstate where tolerance is so important. Fortunately, there are several other hybrids that are proven top performers on the High Plains. If you call 8311, ask your dealer about these.

PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

PIONEER Brand 820

This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

PIONEER BRAND SEEDS

PIONEER HI-BRED INTERNATIONAL, INC. Southwestern Division P. O. Box 788, Plainview, Texas 79072

Pioneer is a brand name. Numbers identify varieties. Reg. trademark of Pioneer Hi-Bred International, Inc.

Ned Bradley continues to receive treatment in Methodist Hospital in Lubbock. He is in room 831-B.

To save "party" fuel, tell guests who else from their area is invited. Then they can pool rides. If you're the guest, ask who's coming from your area, and arrange to share one car — cutting transportation costs, suggests Mrs. Doris Myers, home management specialist, Texas Agricultural Extension Service, The Texas A&M University System.

Miss Landtroop, Douglas Yates Engagement Is Announced

Announcement has been made of the engagement and approaching marriage of Miss Rebecca "Becky" Lutene Landtroop and Charles Douglas "Doug" Yates.

Both Miss Landtroop and Yates are attending Bethany Nazarene College in Bethany, Oklahoma. She was a 1973 graduate of Plainview High School, and he is a 1973 graduate of Richland High School.

Final LAS&RDF Dance May 4

The final LAS&RDF dance of the season will be Saturday night, May 4, at Fairpark Coliseum in Lubbock. Request rounds will begin at 7 p.m., led by Mel and Fran Korchenko. The Grand March will begin at 8 p.m. Marv Lindner will be the featured caller for the evening. Whirlers of Floydada will participate.

Marv and his wife, Donna, are from Artesia, California. Marv is on the staff at Fun Valley in Colorado, and has called in several states in the Southwest. Marv records for Windsor Records. It has been said that Marv is one of the only callers who can dance in a square and be calling at the same time (Grand Colonel Spin).

Host club is Circle Eight of Littlefield. Cliff Smith will be the MC for the evening. Approximately 300 people are expected. Spectators are welcome at no charge.

The Lubbock Area Square & Round Dance Federation

is now composed of 27 clubs, of which three are from Roswell, New Mexico.

A ROOM TO SUIT YOUR SECRET SELF

In a time of tight economy when budgets are paramount, the secret wish for glamorous home furnishings often seems impractical if not downright reckless.

Versatile designer Arthur Leaman, AID, demonstrates how to create a luxurious, custom-look master bedroom with readymades. In this lushly furnished bedroom, the quilted bedspread and draperies of Celanese acetate by Cameo are shown in a delightful pattern "Tenderly" derived from an 18th century print.

To avoid the expense of shirring fabric on the walls,

he hung extra pairs from curtain rods tacking them at floor level. One pair is tied back to reveal the self-installed mirrored wall. A cinch to do with peel and stick mirror tiles—inexpensive, too.

Unquilted yardage, slipcovers the headboard and makes the table skirt. Furniture, bought unfinished, was enamelled to give it a chic, lacquered appearance.

HECE

Girl Of The Week

A youthful face in the Andrews School cafeteria serving line is Phyllis Guffee, Home Economics Cooperative Education student. Phyllis assumes a series of different responsibilities each week. Her work includes washing and drying dishes, cleaning the serving counter, helping to prepare food and floor care. She enjoys her work because her co-workers make her feel at ease. Mrs. John McKinney, cafeteria supervisor, is Phyllis' training sponsor. Phyllis says Mrs. McKinney really knows cafeteria procedures and has taught her much about quantity food

preparation and service. In the HECE class Phyllis is studying a food service manual in which she learns rules of cleanliness, quantity food preparations and institutional kitchen equipment. AN HECE student, as Phyllis Guffee, gains confidence in the world of work as she prepares for the future. She has learned to be responsible. Working with others and earning wages while attending school, receiving three credits for work, and HECE class are all worthwhile benefits of the program. Phyllis plans to attend Texas Tech and major in

Home Economics. She also plans to seek part-time employment. Both of these goals in the student employee's future will be easier because of the self-confidence and maturity the on-the-job training has provided her through the Home Economic Cooperative Education program.

Place one-and-one-half inch strips of tissue paper under seams of jerseys and other lightweight knits to protect against abrasion by the sewing machine and feed dog. Tear away paper after stitching, suggests Mrs. Vivian Simmons, clothing specialist, Texas Agricultural Extension Service, the Texas A&M University System.

SHOP FLOYD COUNTY

CLOTHES TO GO!

With the fuel crisis raging across the country, more and more Americans are taking to the road-on bicycles. Unfortunately, many women don't know the best way to dress for this type of transportation.

They may not be hampered by the voluminous skirts and layers of petticoats worn by women in cycling's early days, but many of the more modern styles are still unsuitable for biking at its best.

Keep your skirts above the knee or shorter, and the rest of your clothes uncluttered as well. Trailing scarves, long coats, unattached accessories and floppy or bell-bottomed pants could all be big safety hazards.

On cooler days, biking will be better if you wear a light jacket or sweater over

a shirt instead of one heavy sweater, which may become uncomfortable as the day wears on.

If you have long hair, lock onto the idea of tying it back or wearing a hat. Don't let the wind blow it into your face, and make sure your clothes and shoes don't bind or pinch. You'll be putting your best foot forward if you stay away from shoes with extremely high heels or heavy soles which could preclude proper pedalling.

Wear light colored clothes when biking by night (the better to see you with) and eye with favor the idea of glare-reducing sunglasses during the day.

If you're attentive to your attire, you can ride out the energy crisis in style.

Tossing out leftover bits of cheese is like feeding your garbage can money. Instead, grate cheese slivers, and dried, uneven pieces - then store in a glass jar. Use for flavoring white sauce, sprinkling over salads or for topping casseroles, suggests Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, The Texas A&M University System.

No wonder they never got anywhere! In the dark ages, the study of geography was forbidden!

Rural Programs Progressing

The Department of Agriculture is chalking up what it believes to be a good record in meeting new rural development obligations

handed it by the Congress. Newspaper Farm Editors were told at their Washington meeting.

Will Erwin, Assistant

Secretary of Agriculture, put it this way: "Take housing. With roughly \$7.0 billion outstanding in over 600,000 rural housing loans and with write-off losses of less than one-tenth of one percent, USDA's Farmers Home Administration has contributed substantially to better rural housing."

"FHA has built an equally enviable record in sewer, water, and other community facility loans. And it hopes to do the same kind of a job with Business and Industry Developmental loans first funded by Congress last October."

USDA continues to carry out its original duties mandated by legislation in 1862, but was assigned a second major mission as a part of the Rural Development Act of 1972 — responsibility for assisting small towns and the nonfarm countryside in their development efforts.

"USDA is currently responsible for community improvement programs as well as farmer related programs," the official continued. "When President Lincoln signed the bill creating the Department of Agriculture, he described it as a 'people's' Department. And the basic concern of rural development is people."

Rural housing loans, Mr. Erwin pointed out, have increased from \$507 million in 1969 to \$1,858 million during the current fiscal year. Sewer, water, and other community facility loans are budgeted at \$520 million for the upcoming year against \$198 million in 1969.

Congress, he said, set a FY 1974 ceiling of \$200 million on the new business and industry guaranteed loans, "but we have requested twice that amount in the budget for FY 1975." Private, local lenders make these loans with FmHA guaranteeing repayment of them up to 90 percent of losses.

"Organizationally," Mr. Erwin said, "we are in good shape with a USDA Rural Development Committee functioning in every state in most local areas either at the county or regional level. The Extension Service has over 600 rural development specialists helping rural people

RECORD YEAR ON PRICE—The 1973 crop of Texas onions sold for \$51,480,000, a jump from \$14,379,000 the previous year. It was a record year for onions, brought about by crop failures in Europe and a lack of storage onions in the United States. Prices shot from \$4.85 per hundred-weight to \$16.90. According to Agriculture Commissioner John C. White a moderately high market is expected this year, depending on the availability of storage stocks.

FARM REVIEW

"When I needed a Loan, PCA was the one that came through. I'll go to PCA for my Crop Hail Insurance."

PCA / the go ahead people

talk to
BUDDY LUTRICK
your local PCA planner
IN FLOYDADA,

105 S. 5TH 983-2454

meet their developmental challenges."

The breakdown of FmHA loans outstanding on January 10, 1974, shows the status of present assistance efforts:

Loans, Number Loans, Dollars Outstanding are as follows:

Farm loans - 300,955, \$3,444,401,000.00;
Rural housing loans - 611,451, \$6,899,687,000.00;
Community facility loans - 9,783, \$1,354,084,000.00;

"But the surface of need is only scratched," Mr. Erwin said. "Our goal is to help local communities help themselves using the private sector where possible. Rural America still has over one-half of the nation's substandard housing. Many communities are still withering. And thousands of communities have sewer, water and other community facility problems to solve before they can develop otherwise. There are many other needs to be met. But the machinery for helping rural people meet these needs is operating effectively. We can feel good about the future of Rural Development."

Farm-facts
A Weekly Report Of Agri-Business News
Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Drouth Hurts Northern Wheat ... Rainfall Spotty ... Milk Makes Good News ... Feedlots Plan Marketing ... Auction Business Down

THERE IS a lot going on on Texas farms now that will have a big effect on how Americans live in the coming months. Planting is underway over much of the State, and the weather is having its usual effect. In the northern part of the State, dryland wheat farmers have marked up an unsuccessful year because of drouth. Most of their wheat crops have been grazed out, plowed up, or abandoned. Irrigated wheat is doing well, as is wheat in the southern half of the State where one field was reported already harvested last week. About 22 per cent of the cotton was reported planted over the State, compared to nine per cent at the same time last year. Replanting of cotton, corn and sorghum in the southern half of the State is complete. Sorghum planting is almost over from the Blacklands southward, and planting for the entire State is about 45 per cent complete. Rice planting is almost complete, and peanut planting is about 10 per cent complete.

AS ALWAYS, rainfall has been spotty during the first three weeks of April, with Mercedes in the Valley reporting the most rain, 4.14 inches. Rainfall at various other places over the State during the same time will give you a picture of planting problems: Laredo 0, Corpus Christi .05, Victoria .85, College Station 1.41, Longview 1.47, Seymour .58, Wichita Falls 2.80, Amarillo .04, Big Spring .15, Waco 2.67, San Antonio 1.16.

FEEDLOT operators plan to market 1,200,000 head of cattle between April 1 and June 30 this year, which is 54 per cent of the total on feed April 1 and six per cent more than were marketed in Texas during the same quarter of 1972. There were 2,219,000 head being fed for slaughter April 1 which is two per cent below a year earlier, four per cent below the number on feed March 1 and one per cent above the 2,205,000 January 1. Feedlots have been having their troubles as cattle prices declined, but there were 225 of them operating in the state in April. (That includes those feeding 1,000 or more head.) However, 41 of the feedlots were reported empty and the other 184 reported they had 2,172,000 head of cattle, about 71 per cent capacity of the 225 total.

LIVESTOCK AUCTION markets showed a drop in business during March. There were 328,000 head sold through auctions during that month, 48 per cent below a year ago, and 23 per cent below the previous month. Hogs sold in auction rings during March totaled 41,000 head, 18 per cent below a year ago, and three per cent above February sales.

THE U.S. Department of Agriculture has announced that about 50,000 sterile Mexican fruit flies will be released in Dimmit County each Wednesday for the next nine to 12 weeks to combat infestations of the Mexican fruit flies. The number of sterile flies released eventually will reach 100,000 per week. This will be the first time this method of attack has been used against the Mexican fruit flies in Texas, but it has been used twice before in Mexico.

MILK HAS been in the political news, and it is making good news on the agricultural front. Texas farmers got \$266 million gross income during 1973 for dairy products. That's 12 per cent above 1972. The price of milk averaged \$8.18 per 100 pounds which was 1.01 more than a year earlier.

bad meats fill the markets. Merchants in Harlem use all sorts of illegal devices to cheat customers."

On the air, Alma John quotes the best buys of the week, gives nutrition and cooking hints, and warns shoppers against shady practices. She also moderates another radio program and a TV show called "Black Pride."

On Saturday mornings, Ms. John conducts a talent workshop in a local department store. There, elderly persons, teenagers and little kids listen to poetry readings, learn new dance steps and acquire valuable skills. "Teach what you know; if you don't know, learn," is the workshop's motto.

Alma John can't quite explain how she manages to keep up her many activities. But she has already chosen her epitaph, and it seems to fit: "She didn't rust out, she just wore out."

There's not a neighborhood that couldn't use Alma John. And few of us who couldn't do something more for our neighbors.

For a free copy of the Christopher News Notes, "It's Your Life," send a stamped, self-addressed envelope to The Christophers, in care of this newspaper.

Sorghum Exports increasing - The United States annually exports about one-fifth of its sorghum crop, making it the leading sorghum exporting country. And a continuing uptrend is expected in exports over the long run, according to an economist for the Texas Agricultural Extension Service. Japan is by far the leading importer, followed by Israel, India, Venezuela, Chile, Nicaragua, the Netherlands, Iran and Africa. Leading competitors with the U.S. in grain exports are Argentina, South Africa and Thailand.

She also started a radio program called "Shopper's Guide," because, as she put it, "Wilted vegetables and

Floydada Tennis Club Tournament Winners Announced

Winners of the doubles tournament held that last weekend in Floydada have been announced by Frank Barrow, tournament director.

There was a tie in the ladies division between Brenda Jones and Eleanor Hendrix.

Tennis Coach Raymond Jones won the men's green division with Wendell Tooley as runner-up. The men's white division was won by Buck Ford, Jackie Eubanks runner-up.

Participating in the tournament were:

MEN'S DIVISION

GREEN TEAM:

Raymond Jones, Dale West, Ed Wester, Wendell Tooley Dwight Teeple, Lon Davis, Turner Hunter, Frank Barrow.

WHITE TEAM:

Joe Alcalá, Leon Williams, Maurice Goodwin, Dallas Ramsey, Jackie Eubanks, Buck Ford, James Hale

WOMEN'S DIVISION

Nina Copeland, Pat Barrow, Eleanor Hendrix, Flo Davis, Ina McDowell, Gloria Alcalá, Brenda Jones, Sue Williams, Jo Wester.

Solarama Thermal Board Results To Be Told May 7

The results from use of the Solarama Thermal Board will be explained and shown by Garry Boyer from Fritch, Texas on Tuesday night, May 7, at 7:30 at King's Restaurant, according to Floydada representative R. A. Dyson.

The Solarama board, invented by Jimmy Scribner of Greenville, S.C., an electronic expert, was first used by him to make plants grow. Later, according to Scribner, a family cat born with paralyzed hind legs, learned it was pleasant to lie on the plant test board. According to Scribner within six months the cat was walking normally. From this incident, Scribner developed the Solarama for his wife's use, who had undergone surgery for a ruptured disc, and facing the possibility of another. Today, Scribner says, after using the board several days, his wife's pain disappeared and the second surgery was not necessary. Scribner claims Solarama helps you regain health and prevent disease in nature's own way and since his invention, he said tens of thousands of people have used it for such ailments as poor circulation, insomnia, bed sores, nerves, arthritis, bursitis, tension, chronic fatigue and others. Scribner claims that all life is sustained by the

electron. He says the Board produces the electrons on the highest possible frequency and helps to rebuild, cleanse and detoxinize the body. For these facts and other information about the Solarama Thermal Board, the public is invited to attend the gathering at King's Restaurant in Floydada and hear first hand about the Board. Anyone wishing to attend the supper is asked to call Kings before 3 p.m. Tuesday. The meeting will follow.

What One Person Can Do

Poor people often pay more for inferior food and shoddy merchandise. That's where Alma John's neighbors have an advantage. For nearly half a century, this indomitable woman has pitted herself against injustices in New York's Harlem.

In the 1930's, Ms. John led a group of nurses in a struggle to improve working conditions. That was just the beginning.

Enjoy The Healthy Life As Provided By The ELECTRON

ARTHRITIS HERE! IN HIS 67th YEAR, INVENTOR OF SOLARAMA CUTS A WALKING BACK SOMERSAULT. THANKS TO THERMO PLANT BOARD.

THE ELECTRON IS THE BASIS OF ALL LIFE ON THE FACE OF THIS EARTH. I MAKE THIS STATEMENT ON THE BASIS OF SCIENTIFIC RESEARCH AND ACTUAL TESTS MADE ON LIVING PLANT AND ANIMAL AND AM NOW ABLE TO PROVE THAT WHAT STARTED OFF AS A THEORY IS NOW ABSOLUTE FACT." Says Jimmie Scribner, inventor of electronic devices including SOLARAMA

WE ARE CERTAIN VIRUS AND BACTERIA THAT MUST OBTAIN ELECTRONS FROM OTHER LIVING CELLS. THESE ELECTRON CELLS MUST ATTACK AND LIVE WITHIN US. EITHER, AS YOU WILL, THE BODY OF US MUST DIE OR, AS YOU WILL, THE BODY OF US MUST LIVE. FRANKLY, THE DEDUCTIONS ARE AMAZING BUT STILL SELF EVIDENT IN THIS INSTANCE.

WE WILL DEMONSTRATE VARIOUS AND SUNDRY TESTS AND EVALUATIONS

Plainview Pioneer Round-Up

Ready To Go

Complete plans for the 46th Pioneer Round-Up to be held on Saturday, May 11, are taking shape, according to Mrs. Opal Strother, president of the sponsoring organization, the Plainview Business and Professional Women's Club.

Guest caller for the square dance on Saturday night following the program will be Knox Day of Amarillo. Mrs. Romi Li Patrick is chairman of Dance.

Day, born in Pecos, moved to Lockney at an early age and to Amarillo when he was 11 years old. He has resided in Amarillo since that time, except for the period spent in the Armed Forces. He served in both the European and Pacific Theaters, and was discharged in 1946.

Day and his wife, Bernice, were married in 1948. They live at 324 Yucca, Amarillo. They became interested in square dancing in 1958 and took lessons with the Live-Yers Club under the

direction of Roy Watkins, graduating in December, 1958. Mr. and Mrs. Day's first office in square dancing was as president and secretary of that club.

Day has always enjoyed singing, having sung on area amateur shows as a boy. He became interested in square dance calling in 1960. At the present time, he is the caller for the Khiva Squares in Amarillo.

Guest caller Day and Dance Chairman Mrs. Patrick, invite all square dancers to attend the Pioneer Round-Up and participate in the square dance which will begin at approximately 9:00 p.m. on Saturday night, May 11, at the Hale County Agriculture Center.

Mrs. Strother states the price of the tickets are \$2.50 (tax included) and covers all activities beginning with the supper at 6:00 p.m., the program at 8:00 and square dance and may be secured from members of the Plainview BPW Club.

FAMILY HEALTH

THE "CHRONIC" CORN IS NO LONGER A RECURRING FOOT ACHE

The podiatrist who has the skills and equipment to perform foot surgery in his own office has the developed skills to remove "corns" permanently—and to do it painlessly.

Members of the Academy of Ambulatory Foot Surgeons, who have these skills and equipment, can perform this "corn procedure" without the need for costly hospitalization...thus saving both time and money as well as needless discomfort.

Also, ambulatory foot surgeons can perform procedures today to correct painful nails, hammer toes, bunions and painful calluses—and to perform foot surgery without pain, permitting the patient to walk out of the podiatrist's office in greater comfort than he walked in.

The Academy of Ambulatory Foot Surgeons urges the prompt correction of these painful and ugly conditions. There is no longer the fear that you, the patient, will spend a lifetime nursing these conditions, hiding them, or even paying for temporary comfort.

And, don't blame your shoes for causing corns, calluses or any of these conditions which can be quickly and painlessly corrected in the ambulatory foot surgeon's office.

Let us take the corn. When a

corn has returned repeatedly following conservative treatment, medicating and even prescription shoes, the ambulatory foot surgeon knows that there is usually a change of the toe internally, causing the corn to recur as a result of internal pressure—even when shoes fit perfectly.

The procedure to remove the cause is done in the office of the podiatrist—the ambulatory foot surgeon—under local anesthetic and without discomfort to the patient. In most instances, no change of shoes is necessary when leaving the office.

Such removable conditions as corns, hammer toes, calluses, ingrown nails not only bring needless suffering to patients, they can also become the cause of serious foot trouble.

Ask members of the Academy of Ambulatory Foot Surgeons about these problems. They know and can help.

New Extension Economist in Real Estate—The Texas Agricultural Extension Service has named a new economist in real estate to meet the growing need for educational programs in real estate and land economics for agricultural and real estate industries, the financial community and the general public. He is Kenneth E. Graeber, who has served for the past two years as an economist in management for the 18-coun-

ty area of Extension District 13 with headquarters at Uvalde. Graeber will deal with such topics as trends in land values, agricultural production influence on rural land prices, and land use planning.

VOTE SATURDAY**

time out for

LOCKNEY AREA

a whole new world

"Hey! Come bicycling with us tomorrow!"
The latest bicycling craze may be sweeping the land, but some aren't so enthusiastic:

"Haven't been on a bike for years!"
"I get all the exercise I want working in the garden!"
"Bikes are for kids!"

These skeptics should try cruising down a country road where the smell of haystacks, hyacinths or magnolias sweetens the air, or experience the warmth of open playgrounds, the coolness of tree-shaded streets, the un-

blurred faces of neighbors. It's a whole new world. There's another new world inside the doors of your neighborhood church. But some hesitate here too:

"Haven't been to church in years!"
"I get all the religion I want just communiting with nature!"
"Church? That's for women and kids!"

What do you say? Are you ready for a new world, a new life? Then come to church Sunday—and step a-

**VETERAN'S BENEFIT BOOKLET
NOW AVAILABLE TO VETERANS**

The first 100,000 copies of a popular Veterans Administration publication, "Federal Benefits for Veterans and Dependents," have been distributed to regional offices and veterans assistance centers.

It is planned that an additional 300,000 copies will be printed later, incorporating new veteran's laws enacted between the first and second printings.

The 53-page pamphlet, also known as the "IS-1 Fact Sheet," is among the most widely read VA publications. It covers medical care, G.I. home loans, life insurance and locations of VA offices, hospitals, and drug abuse treatment centers.

The pamphlet carries for the first time information on

CHAMPVA medical program (similar to military's CHAMPUS) for dependents and survivors of veterans. Also covered are benefits administered by other government agencies, including Labor Department job-finding assistance, Civil Service job preference, Small Business Administration Loans and military exchange and commissary store privileges.

There is also information on national cemetery burials. VA took over national cemeteries from the Army last September, with the exception of Arlington Cemetery and a few others.

Copies of "Federal Benefits" are available for 60 cents from the Superintendent of Documents, Govern-

ment Printing Office, Washington, D.C. 20420.

The Veterans Administration reminds married home-minded veterans that it is now easier to qualify for GI home loans.

Jack Coker, VA Regional Office Director, noted that VA now accords full recognition to incomes and expenses of both veteran and spouse in determining ability to repay loan obligations.

Coker said VA is required by law to determine if contemplated terms of repayment bear a proper relation to the veteran's anticipated income and expenses before approving the loan.

"But while the spouse's income has always been considered," Coker explained, "LOCAL RULES SOMETIMES HAD THE EFFECT OF DISCOUNTING the spouse's income. Now, however, no

such local rules are imposed. The spouse's income is given full consideration."

VA guarantees 60 percent of GI home loans (maximum \$12,500) private lenders make to servicemen, veterans, and eligible spouses of World War II, Korean, and post-Korean Conflicts and the Vietnam Era.

Veterans who are now attending a college or university under the GI Bill are reminded that they must establish their entitlement to continued Veterans Administration benefits this month. According to D.G. Ayres, Veterans Service Officer for Floyd County, all such veterans must now be sure that their "cert" cards are properly completed and returned to the VA.

The Service Officer states that the certification of attendance card, which the veteran should have received with his VA check on

April 1, 1974, must be completed and returned. Otherwise, the VA cannot prepare this check which should be due May 1, 1974, to cover his final month of attendance this semester. Also, if the card is not returned by the end of the current semester, the veteran cannot automatically be reenrolled for the upcoming summer or fall sessions, in the event he plans to continue his education.

The certification card is a small IBM punch card with a blue stripe. This card must be completed by the veteran, certifying his attendance for the entire current enrollment period.

The Service Officer also reminds veterans that they must inform the VA of any changes in their legal dependents. A veteran may receive additional monthly amounts for his wife, minor children, and dependent parents.

"Keep right on giving me your take home any more literature."
