Floyd Banks Up Over \$5 Million

Floyd County's two First National banks continue to climb in deposits with each state bank call. The recent April 24 bank call revealed that the two banks were up over five million dollars in deposits from last year's bank call for the first quarter.

Good farm prices, inflation, overall prosperity, and lowered farm indebtedness all are reported to be causing the record deposits.

In fact, many Floyd farmers still haven't sold last year's cotton and grain sorghum crops. . . with wheat harvest about a month away. Good rains have also brightened the county agriculture picture. Although cattle and hog prices are down, this trend

hasn't hurt the picture at the bank.

The Lockney bank showed an increase in deposits from last year's \$9,489,974.91 to this year's \$12,389,997.59. Loans were up a half million dollars. . . from \$4,042,222.01 to \$4,665,731.68.

The Floydada bank gained in deposits from \$16,724,915.31 to \$19,568,434.44. Loans were up appreciably from \$6,069,505.08 to \$8,600,053.53.

More Good Rainfall

Floydada weather station at Producers showed .18 on last Thursday night and .35 on Saturday night. Dougherty received 1.2 Saturday night and almost two inches was reported up north of Dougherty. Dougherty has received 4.4 inches this rainy spell.

Other rainfall reported over the south end of the county ranged from a quarter of an inch to one half.

In Lockney, the Saturday-night rainfall measured .78". The surrounding areas received more rain from the Saturday-night showers, with a two-to-three-mile-wide strip northeast of the city getting from three to three and a half inches. The newspaper received reports of three inches at the Frank Brown residence about three miles east of Lockney and three and a half inches northeast of town at the Guy Sams and Glen Cooper residences.

West of Lockney, Eddie Joe Foster reported 1.8" Saturday night, and R. C. Mitchell reported half an inch at Pleasant Valley. Half an inch was the total at Irick.

Mrs. Herman King in the Lone Star community reported an inch, and the total at Sterley (according to report from the Sterley Gin) was an inch and a half.

Floydada Country Club Stockholders

To Decide On \$100,000 Club House

Stockholders of the Floydada Country Club are urged to attend a meeting Tuesday night, May 14, at 7:30 at the Massie Activity Center, to vote on a proposal to build a new \$100,000 club house and furnishings.

It will take a 2/3 majority of the stockholders to approve mortgaging the country club property. Pay out of the new building is scheduled on a ten year period with a proposal that dues be increased from \$10.00 to \$17.50 per month. . . or whatever is necessary to

take care of the note.

The proposed site of the building would be approximately north of the swimming pool and west of the present building.

Every stockholder has been mailed a ballot, and if the stockholder does not plan to attend the Tuesday meeting, he should vote his desires and mail it to James H. Word, 108 W. Missouri Street, Floydada, Texas 79235. . . not later than 5 p.m. May 13.

Band Director Resigns

According to an announcement from Floydada school superintendent A.E. Baker, he has received the resignation of Steve Schmidly, school band director. Schmidly will pursue a law degree.

Schmidly has been a successful band director, taking all three school bands to sweepstakes championships this year.

Producers Meet Saturday

The Stockholders of Producers Cooperative Elevator will hold their annual meeting Saturday, May 11 at 7:30 p.m.

The meeting will be held in Duncan Cafeteria and a barbeque supper will be served.

There will be a short business meeting and door prizes will be given.

Manager Bill Cagle reported the earnings of the Cooperative this past year were 43c per hundred on grains and \$5.45 per ton on fertilizer. Dividend checks will be paid on these earnings.

All members and prospective farmers who are producers of farm products are cordially invited to attend.

A "Fishing Farewell" For W.P. Nicholsons

By Wendell Tooley
It all seemed like one big fishing trip, but the occasion for the banquet was a fond farewell to Mr. and Mrs. W. P. Nicholson. Mr. Nicholson is retiring as principal of Duncan Elementary School this month.

The mood and dress were casual; emcee Claude Estes ran the trip in shirt sleeves. Decorations were fishing poles and nets. . . tables were decorated with cans of worms.

However, from a happy wild eyed fishing trip, the banquet wound up as a "roasting of the man of the year, W. P. Nicholson." Teachers who have taught under Nicholson, or who now teach in his school, really laid it on. However, there was a feeling of real appreciation for Nicholson as each teacher wrapped up her impressions of her boss in a most humorous way.

Have you ever seen a streaker throw off her jacket? Helen Dunlap got the banquet off to a gala start as she streaked across the front of the banquet. . . probably pursuing the men's quartet of Tom Warren, Bob Alldredge, Hollis Payne and Bob Copeland. They sang something original and completely out of this world entitled "Crappie and the Bulldog". . . or it might have been bull frog. They were accompanied on the piano by Mrs. Copeland. . . who played very well. . . considering the difficult number.

Then the "honest" fish stories began. Luckily, Charles Tyer, who was judged

best story teller, was given a "de-lier" as a first prize. Other fish story tellers included: A. W. Coltharp, Elbert Reeves, Bill Hardin. Reeves' fish story wandered over into dove hunting.

Then Duncan school teachers Gloria Alcala and Jo Payne sang "I'm getting out of the business", accompanied by Kathy Wood. Roasters included Mrs. J. M. Williams, Jaynette Harrison, Lena Mae Watson, Judy Dunlap, Sue Crow, Amy Hollums, Jo Ann Stelter, Linda Gayle Waller, Sheila Poole and Darlyn Hambricht.

At this point Mr. and Mrs. Nicholson were framed into a rigged fish wrapping contest. . . which they won. . . and the prize being a tree over in the corner of the banquet room.

The tree was loaded with love money. . . and superintendent A. E. Baker presented a watch to Nicholson and expressed the appreciation of the school for his many years of dedicated service.

The Nicholsons were overwhelmed. . . and almost speechless.

They had recovered enough Tuesday to send this note to the Hesperian: "My wife and I would like to express our appreciation for the surprise retirement party given us at Andrews Ward School Monday evening.

Words cannot express our appreciation and thanks to each and every one who had a part in giving us such a wonderful and memorable evening.
Mr. & Mrs. W. P. Nicholson"

Lonnie Robinson-Dana Woody Outstanding DECA Students

Lonnie Robinson, president of the Floydada Gold DECA chapter, and Dana Woody, vice president of the Blue DECA chapter were selected "most outstanding" at the annual DECA banquet in Duncan Cafeteria last Friday night.

Dana gave the opening invocation, Mike Giesecke the welcome to guests, and school board member Betty Holmes gave the employers' response to the welcome. DECA Blue president Jerry Parr and Dana introduced the

1973-1974 officers and DECA teachers Benny Locke and Bob Alldredge made the special awards.

Two DECA employers, Mrs. Holmes and Wendell Tooley received special appreciation awards.

Most of the program concerned the many achievements of the DECA chapters, especially the clean sweep at district competition in Wichita Falls.

In closing the banquet Eddy Ellis led the students in the DECA creed.

Birthday Party Honors Miss Reyes

A birthday party was held Sunday at the home of Mr. and Mrs. Manuel Reyes for their daughter, Silvia Ann. About 29 young people attended the gathering. They were served cocktail punch, Cokes, cake and cookies from a table decorated with pink and white flowers and pink candles in milk glass holders.

Among those present were Silvia Rendon, Mary Baltazar, Christina Luna, Armando Rendon, Joe Munoz, Dianne Martinez, Sue Martinez and Joe Rodriguez.

Il Penseroso Club Meets

El Progreso Study Club met April 24 in the home of Mrs. Owen Thornton. Dorothy Smith was co-hostess and served refreshments.

Mrs. Thornton gave a very interesting and informative talk about antiques. After her talk the club members were taken on a tour of her home, which is furnished with antique furniture.

Pauline Sams gave the devotional thought. Roll call was answered with the members' favorite characters from books.

Present were Arla Copeland, Faye Ferguson, Lena Hawkins, Meda Honea, Faye Holmes, Hazel Johnson, Bobbie Kellison, Jeanette Marr, Alice Mitchell, Ethel Mitchell, Anna Dell Quebe, Haley Record, LaVerna Sams, Pauline Sams, Dimon Schacht, Dorothy Smith and Josie Taylor.

The prospective bridegroom is the son of Mr. and Mrs. Humberto Flores Sr. of Lockney. He is a 1969 graduate of Lockney High School and is employed at CIT Finance in Lubbock.

The couple plans a June 8 wedding in the Atoko Catholic Church at Atoko, Oklahoma.

suffered some two weeks ago at the family farm. She was assisting her son, Choise, in nailing down some tin which had come loose from the roof of the storage barn when her shoulder brushed against a 110 volt wire to a fence charger. Choise said his mother by having a piece of tin in her hand and standing on tin, evidently made the current strong enough to go into her body, knocking her unconscious momentarily and caus-

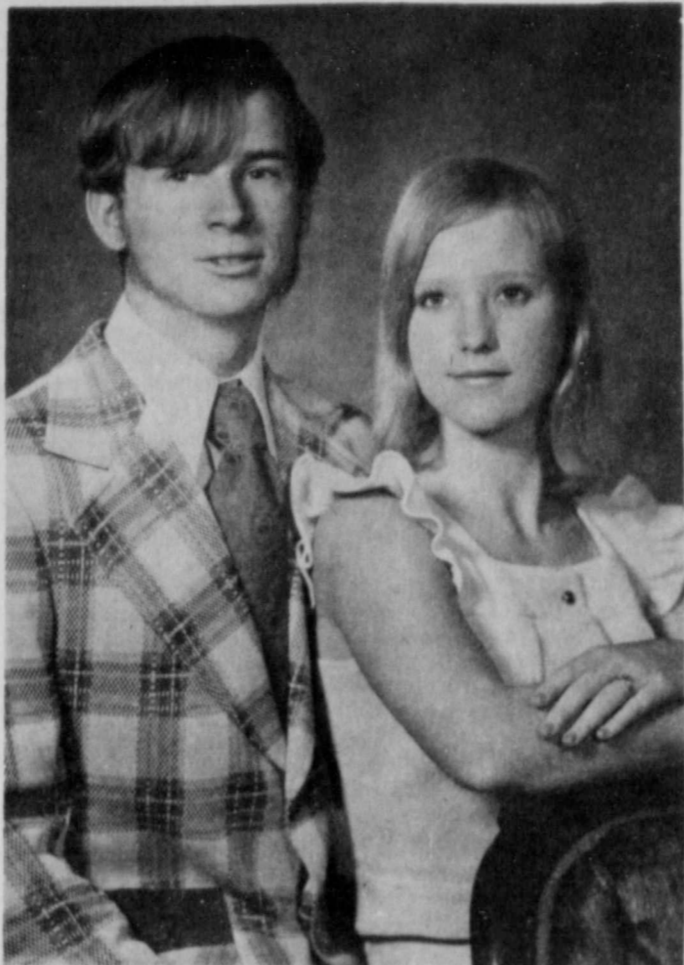

ing internal injuries. Mrs. Smith spent several days in the hospital from her accident and is still under a doctor's care.

THERES nothing like "getting away" from home once in awhile and the usual hassle of being a housewife, but we kind of wonder what Jan Hansen really found when she returned to her home in New York Tuesday. Jan's husband, Bob, decided a plane trip to Floydada with Jan's parents, Mr. and Mrs. Bill Smith, would be an early Mother's Day treat for her. He would stay home and care for the two boys, Rick, age five and Gregg, who is two. Bob called Jan during the weekend to let her know everything was running smoothly and she was relieved until Rick got on the phone. His conversation to his mother went something like this. "Daddy is going bananas! The house is a mess and Gregg broke your living room lamp. I had five of my friends over for lunch and boy, did we ever have fun!"

YOU can poach a fish in your dishwasher. I've never tried it but it has been done and evidently works well or the news wouldn't be passed along. Dot fish with butter and a sprinkle of parsley; wrap in heavy aluminum foil. Place the fish in the flattest rack in the dishwasher and let it run through the entire dishwasher cycle. Your fish should be perfectly poached at the end of that time.

TO MOMS ON MOTHER'S DAY... "For services rendered" is a line often seen. But no one knows better than Mom what they mean: For cloths washed and ironed, for trouser seats mended; For hair combed and curled, and for school plays attended; For sick children watched in the still of the night; For pale cheeks grown ruddy; for a sorrow made right. Oh, no one knows better than Mom, I expect. And if she should bill us, how she could collect!

SOMEONE mentioned to me recently that Acupuncture was nothing new, because his boss had been needing him for years!

Following the meal Mrs. Fred Stewart gave prayer, opening the business meeting. Twenty-three members answered roll call by giving suggestions or ideas for programs in the coming year. Some of these included world travelers report, musical programs, health, audio-visual, antiques, crafts, community improve-

She asked that club members begin work on items which will be used for door prizes at the event.

After extending her appreciation for the support during her office as president, Mrs. Lawson installed incoming officers. She used the theme of hair dressing, pointing out to each new officer the importance of her office and duty to make the club a beautiful finished product, just as a well executed hair dresser perfects her hair style.

THE QUESTION OF YOUR VACATION

Q. In the interests of the national economy, should I cancel my 1974 vacation?

A. Not at all. It could actually hurt the economy to curtail your travel plans now. The \$61 billion travel industry is a vital branch of American business and if tourism is cut off, the repercussions could effect employment all across the country.

VERY YOUNG LUNGS

Some premature babies have underdeveloped lungs. Now there is a way to find this out before birth. A rapid, simple and accurate test to assess the lungs of the fetus has been developed by a team of researchers at the University of Tennessee. The test predicts how much trouble the lungs have after birth and whether or not hyaline

Jerry Don Hulcy To Graduate From Amarillo College

Commencement exercises for students at Amarillo College will be held Monday,

May 13, for a record number of 595 candidates. Ceremonies will include graduates from the School of Vocational Arts (SVA), School of Technology, School of Biomedical Arts and Sciences, and College of Arts and Sciences at 8 p.m. in the Civic Center Auditorium in Amarillo, Texas.

Breathing problems are obvious shortly after birth, sometimes within a few minutes. The disease rapidly worsens over the next few days. Oxygen treatment is almost always necessary.

A great deal of research shows that pregnant women who smoke increase their chances of giving birth prematurely. The mother's smoking blocks off the oxygen supply to the fetus. To find out more about all kinds of lung disease, contact your lung association. It's a matter of life and breath.

membrane disease, which is very rare among full-term babies, will develop.

Over half the babies who weigh less than two-and-a-half pounds at birth have the disease. The air sacs of the lungs are not properly developed and cannot transfer oxygen from the lungs into the blood. As the lungs expand with air, suffocating tissue can form around the air sacs; and the lungs can collapse.

This is the first time to have a combined commencement for degree and

certificates of completion graduates from all four divisions of the college.

Charles D. Lutz, Jr., AC vice president, will conduct the program.

Dr. A. B. Martin, college president, will present diplomas and confer degrees. Jerry Don Hulcy, a graduate of Lockney High School, will be awarded an Associate in Applied Science certificate in hotel-motel-restaurant management. Hulcy is a spring graduate.

FLU MONDAY

"Blue Monday" is often "Flu Monday." More respiratory illnesses may blossom forth on Monday than any other day.

For six years, two researchers at the University of Michigan studied nearly 5,000 people in a typical American town — Tecumseh, Michigan — and uncovered some surprising findings. More colds and flu showed up on Monday than other days. As the week progressed, the rate dropped off gradually through Thursday, then began a steady climb over the weekend. The pattern held for adults as well as children, but was particularly striking among five- to 19-year olds.

The researchers said school attendance played an important part in spreading the infections. They believe that the infections are spread during the first few days of the school week; the infection then incubates, and colds and flus are full-blown by the next Monday.

The researchers found that as income goes up, the frequency of colds goes down. Lower income families, they say, often live in crowded conditions and infections are spread more easily. But the researchers found it more difficult to explain another surprising finding: that respiratory infection rates increase significantly among persons with higher levels of education.

To find out more about respiratory illnesses and lung disease, contact your American Lung Association. It's a matter of life and breath.

Mrs. Smith was knocked unconscious for a short time by the shock and received four broken ribs and multiple bruises. She is home now and reports she has had many visits from friends and relatives.

Mr. and Mrs. Odell Breed visited Sunday morning with Mr. and Mrs. B. L. Breed.

Mr. and Mrs. Fred McDougale of Crosbyton visited Sunday afternoon with Mr. and Mrs. Henry Brewer. Friday afternoon Mrs. Millard Watson visited in the Brewer home.

HIGH WINDS Saturday night blew this camper shell off a pickup truck driven by Servando Villalon of Lockney. Villalon and Mrs. Jesse Garza, partners in the U&I Upholstery Shop in Lockney, were returning from making a delivery in Plainview Saturday night about 9 o'clock when they saw "something like smoke in the air", felt the pickup shake, and looked back and noticed the camper missing. The camper blew off the pickup and landed north of Highway 70 just west of Lockney. Mrs. Villalon and Mrs. Garza are pictured with the camper. (Staff Photo by Jim Huggins)

other effort. He believed that a citizen must also be free of being forced to support by his taxes those opinions in which he did not believe. This rule was later incorporated into our Federal Constitution and today it is a principle so fully accepted that we can hardly imagine that it was once in controversy.

Since that time, it has been solidly accepted with regard to religious opinion. Now, strangely enough, the same controversy arises again with regard to political opinions.

In the wake of Watergate and under the revelation of illegal contributions to candidates, and other scandals, there is strong sentiment among all shades of political philosophy — Conservatives, Liberals, Republicans, Democrats — to grope for ways to improve the system. Hence, the pressure to "do something" caused the Senate to pass its bill on April 1 for the taxation of all Citizens for the support of

political parties and political candidates.

This idea raises some troubling questions. From the practical aspects, no matter what formula is used for allocating funds out of the Treasury, some political candidates will be favored and some penalized. Incum-

fundamental principle of political liberty. This involves the right of a Citizen to support the political ideas he believes in and, conversely, not to have to support political ideas with which he disagrees.

As pointed out by the writer, Vermont Royster, this principle has a Constitutional background going back to Thomas Jefferson. "To compel a man to

furnish contributions of money for the propagation of opinions which he disbelieves and abhors," wrote Jefferson, "is sinful and tyrannical." In this connection, Jefferson was speaking of religious opinions which in 1786 were often closely entwined with political opinions. Among many people at that time was a strong sentiment for the support of religion out of the public Treasury.

Thomas Jefferson was always on the side of freedom of thought. It was his contention that it was not enough that a man

should be free to hold what opinions he wished — free to accept them, free to support them with his money or

8311, the "Golden Bronze Yield Leader," has been our most popular... so popular, in fact, that it may be in short supply in some... so great demand has been so great downstate where... tolerance is so important. Fortunately, there are several other... hybrids that are proven top performers on the High Plains. If... 311, ask your dealer about these.

PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

PIONEER Brand 820

This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

each other division in the church.

An attendance goal has been set at 1125. The choir will have 80 voices. There is also the goal of double budget receipts for the day. The bus ministry will strive to have 75 riders on this date.

The public is invited to be a part of the largest attendance First Baptist Church has ever attained.

The Floydada Lions Club had charge of K-FLP Radio all day last Saturday. The purpose was to raise funds for their various projects they sponsor each year.

Proceeds, except for political spots arranged for previously, by the station, went to the Lions. Approximately \$775 was contracted for by the club members for air time during the day.

General foolishness was the order of the day and no

one seemed to mind too much that there was considerable lack of talent in the control room.

Betty Holmes and her crew looked in from time to time and two engineers stayed around to help in case anyone pushed the panic button.

Several club members are making mental notes as to how to improve the activity next year if Floydada merchants approve of the idea.

ent office holders would be favored and someone would have to decide what candidate is a "serious" contender to be entitled to receiving this sort of handout.

The dilemma is no less as between the two major political parties. The formula in proposed legislation is based on what the parties polled in the last election and, since we know public sentiment can change drastically between elections, no set rule could meet circumstances in any given election year.

There is no question that many of the ideas put forth

to improve our election processes are meritorious — Campaigns are too long and too expensive; election time could be reduced; requirements for full disclosure of the source of all campaign contributions; restrictions on the amount any one person could contribute to any one candidate; and laws against what has come to be known as "dirty tricks".

These and other ideas can improve our present cam-

paign system. But, if political liberty means anything at all, it surely means both the right of a Citizen to support what political opinions he pleases and not to be forced into supporting those

he detests. If we forget that in our rush to correct every seeming abuse, we risk the worst abuse of all — the tyranny of the public purse over the political candidate or party.

Nursing Home Week May 12 18

The Texas Nursing Home Association will celebrate Nursing Home Week, May 12-18, 1974, in member nursing homes all over Texas in order to honor our senior citizens who reside in Long Term Care facilities.

In expanding on the purpose of Nursing Home Week, Rogers Wilson of Austin, President of the TNHA said, "We want to focus attention on the nursing home in order 1) to

increase community awareness of the need for nursing-home-community involvement for the sake of our residents, and 2) to create a better community understanding of the role of nursing homes - their achievements, goals and future roles in the total health care system."

A wide range of activities are planned for Nursing Home Week which include parties, picnics, shopping

sprees, entertainment, art shows, etc. The community is given a special invitation to join in all the activities which begin on Mother's Day, May 12.

TNHA President Wilson went on to say, "Most people in our communities are probably unfamiliar with nursing homes and what the

facility of today has to offer. Nursing Home Week is an excellent opportunity to find out and to visit with a lot of wonderful people. Our patients and staff are looking forward to a visit from the general public."

In proclaiming May 12-18 as Nursing Home Week in Texas, Governor Dolph

For cleaner soybeans, without incorporation, tank-mix Lorox* with Lasso.

You'll control almost any annual grass or broadleaf weed that's in your soybeans... a broader spectrum of control than either could provide by itself.

With Lasso plus Lorox*, you can count on controlling carelessnessweed, crabgrass and watergrass (barnyardgrass). You'll even reduce competition from seedling Johnsongrass. A real headache in Texas.

And you don't incorporate Lasso plus Lorox. You can save yourself a trip over your fields. Pretty important these days.

So start making your plans now to harvest cleaner beans.

Go with a preemergence application of Lasso plus Lorox.

Smith-Corona's new Cartridge Ribbon

It's the only one with the 3-second ribbon change. Which is the quickest, simplest typewriter ribbon change there is. Also, the cleanest.

What's more, Coronamatic™ Ribbon Cartridges come in nylon and carbon film (the kind usually available only with expensive office typewriters).

So in the same 3 seconds it takes to change a cartridge, you can now change to carbon film for typing that looks like printing.

It's like having two typewriters in one. One for day-to-day use. The other for more professional-looking essays and reports.

And in case there's a mistake, there's also a correction ribbon in a Coronamatic cartridge, so errors can be corrected in seconds.

There's also an assortment of colors — so you can add a little (or a lot of) color to whatever is being typed.

Smith-Corona's new cartridge ribbon typewriters. Because your graduate now has a lot more to think about than changing a typewriter ribbon.

Men Prefer Rural Community To City

few decades may well be at an end with a renewed interest in rural America. Agriculture, in addition to being the largest industry in our state, has also become our most dynamic growth industry. The demand for agricultural products has

risen to a level where once again it pays to be a farmer. That is, it pays if you can find seed, fertilizer, water, and fuel to run the farm machinery. Not only do we have more people, but their incomes have increased tremendous-

ly. They want and can afford better food, and that means more protein and more livestock. The American farmer can meet this world demand for food if he is not derailed by foolish government policy. It is a tribute to the

American farmer and rancher that recent federal price ceilings did not bring agricultural production to a halt. We saw the damaging results of government intervention in the free market place...poultry raisers, for example, killed over 2

million baby chicks because they cost more to feed than they would bring under artificial price controls imposed by government. Our agriculture industry is a national asset that can be counted on to keep this country strong. The United States had a trade surplus for the first three quarters of 1973. This has a very beneficial effect on the

strength of the dollar both at home and abroad. The surplus can only be attributed to the productivity of American agriculture. Farmers already have benefited from the demand for farm products with their net income rising from \$15 billion in 1968 to about \$24 billion this year. That is a well-deserved raise for a segment of the American

population that has worked harder and invested more in this country's future than any group I know. What should government do, if anything, about agriculture? I want to see government restrictions and the stifling subsidies of the past replaced by greater opportunity in the marketplace.

The theme, "Pioneer Country", has been chosen for the 46th Pioneer Round-Up to be held Saturday, May 11. Mrs. Opal Strother, president of the sponsoring organization, the Plainview Business and Professional Women's Club, stated that all plans have been completed for this event.

The reception beginning at 10 a.m. at the Hale County Agriculture Center in Plainview, is a big feature and is a time when the real "old timers" get together to reminisce and exchange stories of the past. Mrs. Verne Shields, chairman of this committee and her assistants are expecting many pioneers from near and afar to arrive soon after 10 a.m.

One of the few remaining parades in Plainview will be staged at 2:30 p.m. originating near the American Legion Hall on South Ash. Parade will move north on Broadway to 11th Street, east to Ash and south on Ash to point of origin where it will disband.

Durward Lynch will be parade marshal. The color guard will also head the parade and the Plainview bands will march. Some floats have already been entered and Mrs. Pete Morrison, chairman of the parade committee, stated additional floats are welcome on that date. A feature attraction will be the Khiva Cycle Patrol. The "Country Store" will be open all day at the Hale County Agriculture Center and Mrs. Lena Faye Alford, Chairman, invites the public to "come shop with us". Items for sale will include pillows, aprons, bonnets, needlepoint articles, embroidery, knitting, crocheting, novelty items and canned and baked goods. The evening activities will also be held in the Hale County Agriculture Center. From 6 to 8 p.m. the chuck wagon supper will be served. "Take-out" plates will also be available. The meal will consist of son-of-a-gun, barbecue, sour dough biscuits and all the trimmings. Also Debra Martin and Jan Jeter will furnish special music.

Following the meal the reigning Pioneer Woman of the Plains, Mrs. A. T. Matsler, will relinquish her title to the new honoree. Mrs. McGowen states that prizes will be awarded to the couple who have been married the longest, the oldest pioneer present and to the pioneer (over 60) traveling the farthest distance to attend the Round-Up.

The square dance will conclude the Pioneer Round-Up again this year. Mrs. Romi Li Patriek, chairman of the committee, has announced that Knox Day of Amarillo will be the caller. She stated that all who like to square dance are invited to participate. The Agriculture Center is air conditioned and will be comfortable

for dancing from 9 until 12 midnight.

Tickets, \$2.50 (tax included) including the supper, program and square dance, may be purchased from any member of the Plainview BPW Club or secured at the door. Miss Mildred Tucker is ticket chairman. People of all ages are most welcome and are cordially invited to attend and help make this 46th Pioneer Round-Up on May 11 the best yet.

Other committees appointed to help carry out activities during the Pioneer Round-Up are as follows: Registration, Deal McGowen; Serving, Lillian Hollister; Door, Martha Collis; Club Float, Lou Ella Scarbrough; Concessions, Sue Clark; and Publicity, Jo Ann Clements.

Floydada Care Center News

By Dartha Westbrook
We have been very busy this week making plans for our Nursing Home Week, May 12 through 18. Those plans have been completed, and the following will be our schedule of events during this most important week. Sunday (Mother's Day) the First Christian Church will have our Church Services at 3:30. Monday, we have planned a picnic for our residents along with senior citizens classes of First Baptist and First Methodist Churches. We will leave the Nursing Home at 10 for the Baptist Encampment where we will have our picnic. This is being planned by the joint

efforts of the First Baptist and the First Methodist Churches, and we are deeply appreciative for their help. On Tuesday we will visit our local museum at 2:30. On Wednesday, we will have a Bingo Party, with some of the residents in Lockney Care Center as our special guests. On Thursday City Park Church of Christ Ladies will be here for the May birthday party. On Friday at 6 Mrs. Billie Jordan will show some slides of some of the places she has visited. On Saturday at 3 Mollie Stringer and her group of singers will be here to sing for us. We are planning an

exciting week for our residents, and hope you will join with us in making this the best week ever at Floydada Care Center. PLEASE VISIT THIS WEEK!!
