Floyd County Fair Opens Thursday

CAPTAINS FOR THE COOPER GAME Friday night Mark Craig, Malvin Collins and Blake Hickerson. (Staff Photo)

The 21st annual Floyd and Surrounding Counties Fair starts today (Thursday, September 12) and continues through Saturday. All entries in the fair must be made today. Judging of exhibits will be this afternoon — community exhibit judging starts at 1 p.m., women's division judging will be at 2, and the agricultural department judging is scheduled at 3 p.m.

PARADE
A parade through downtown Lockney is set at 4:30 p.m. today. Cash prizes of \$25.00 for first place, \$15.00 for second, and \$10.00 for third will be awarded for community and commercial floats. Senior bands in the parade will receive \$25.00, and junior high bands will get \$15.00. Ribbons will be given for the first three places in these divisions: antique cars — miniature engine driven cars, best cowboy and cowgirl, best old-time cowboy and cowgirl, best decorated bicycle, and riding clubs.

FAMILY NIGHT
A family night variety show is scheduled at 7 p.m. Thursday in the fairgrounds entertainment.

LADIES' DAY
On Friday, the "Ladies' Day" program is scheduled to begin at 9:30 a.m. At 10 Friday morning, a Mary Kay "Glamorama" will be presented. At 1 p.m., Schacht's Flowers, Jewelry and gifts is to present a demonstration on terrariums. Door prizes will be given. Winners must be present to claim their prizes. Background music will be provided by Mrs. C. L. Record. Mrs. Virginia Taylor is chairman of the Ladies' Day committee.

GOSPEL SINGING
Another feature at the Fair Friday will be the gospel singing at 7:30 p.m.

QUARTER HORSE SHOW
The 12th annual quarter horse show will be held Saturday morning beginning at 9 a.m.

JUNIOR SHOWMANSHIP
Also at 9 a.m. will be the junior showmanship contest, for boys and girls 8 years of age and under. Beef cattle, sheep and swine under one year old may be entered in the showmanship contest. Ribbons will be awarded to winners in two age divisions — six years old through eight years old on day of show, and four years old through

six years old on day of show.

STOCK SHOW
At 9:30 Saturday morning, judging in the fair livestock show will start. Cash prizes and trophies will be awarded winning exhibitors in the steer, beef heifer, and lamb divisions, and showmanship trophies will be given to the boy or girl who does an outstanding job of showing their animals in each division. Entries must be owned, fed, and shown by 4-H and FFA club members.

Larry Golden is general livestock department superintendent. Jake Colston is superintendent of the beef steers division, Henry Hinton is superintendent of the beef heifer division, and Dan Bayley is lamb division superintendent.

PET SHOW
The pet show, sponsored by II Penserose Junior Study Club, is scheduled at 10:30 a.m. Saturday. Children 12 years old and under may enter their pets in the show. Ribbons will be given in these categories: smallest pet, largest pet, smartest pet, pet with longest tail, happiest face, saddest eyes, curliest tail and furriest

pet, with other categories possibly to be added before the show. Contestants in the pet show are urged to register from 9:30 to 10 a.m. Saturday.

Special ribbons will be given for the most unusual pet in the show, best trick performed by a pet, and showmanship of the exhibitor.

Youngsters interested in showing their pets are reminded that their pet must be in a cage or on a leash or similarly confined for the protection of other pets and children.

TRACTOR-DRIVING CONTEST
A tractor-driving contest will start at 4 p.m. Saturday north of the rodeo arena on the fairgrounds. There will be competition in four divisions — grade school age, high school age, and above high school age men and women. Plaques will be awarded for first place in each division and ribbons will be given for second and third places.

QUEEN CONTEST
Preliminaries in the Miss Floyd County Queen contest will be conducted at 2:30 p.m. Saturday. The queen contest finals will be at 7:30 p.m. in the entertainment building.

Meeting

tonight and a budget hearing meeting will come up possibly the last Thursday of this month.

City Council Raises Dog Catcher Salary

In order to try to hire a dog catcher, the Floydada City Council voted to increase the dog catcher's salary from \$2.00 per dog to \$3.00 in its regular monthly meeting Tuesday night. Dogs are penned for three days after being caught before they are killed. The dog owner, who has discovered his dog gone, may pay his room and board and get him out of the pound if within the three day limit.

In other business the council assured a group of nine persons that police patrols would increase around the City Park to keep noise down "all during the night."

The council approved tax rate for the new budget at no increase from last year...\$1.50 per \$100.00 valuation... 100% of tax money going for city operation this year.

The council also gave city manager Bill Feuerbacher the go ahead in seeking a good used engine and generator for the power plant.

County Employees Get 10% Raise

In a brief session of Commissioners Court Monday the decision was made for a 10 percent increase of wages to all Floyd County employees. The raise is to take effect January 1, 1975, according to Judge J. K. Holmes.

Other business on the agenda included a raised tax rate for Floyd County residents from 90 cents to 95 cents per 100 dollar valuation; the transfer of county funds, and the approval of the Out-Reach Mental Health Program to have facilities in Floydada. Judge Holmes said the program would be working out of the Migrant Health office one afternoon a week starting about the first of October.

Whirlwinds Meet Cooper Friday

This Friday night's football game features two firsts for the Whirlwinds... the first time to play the AA Cooper Pirates, and the first home game this season.

The kick-off is set for 8 p.m. in Western Field.

The Whirlwinds come out of last week's easy 47-6 victory over Crosbyton while the Pirates beat the Littlefield Wildcats 15-7. Although the Pirates won the game, statistic-wise the Wildcats whipped them all over the field.

The Pirates 5-10, 160 pound junior quarterback Kelly Choban made the last TD on an end run and Scott Armstrong made the first TD. Choban is considered one of the top passers in the district.

Although the Pirates return eight offensive starters and six defensive starters, they are predicted third behind Denver City and Post in their district.

Choban is the only returning back. Among the 14 lettermen returning, all

seven of the linemen are starters. The backfield is relatively young and inexperienced.

The Whirlwinds will need to watch out for senior tackle Clayton Bates, 6-1, 175, guards Tony Houchin 5-9, 180 junior and Eugene Sales, 5-7, 155 senior. David Berrera, 5-9, 140 senior will handle the fullback slot.

Promising newcomer to the Pirate lineup is Kent Harvick, 6-0, 200 senior who transferred from Tahoka. He will probably be in the lineup at tackle.

Seventh Grade Wins

The seventh Breezers played their first game at home Tuesday with the Ralls Jackrabbits. The Breezers won the game 12-0. The first TD was made by Larry Westbrook on a belly play to the left. Westbrook made a fine run of about 20 yards for the TD. The try for 2 points failed. This all happened in the first quarter.

Breezer defense did a good job the whole game, holding Ralls scoreless. Coach Cocanougher said that the team as a whole made a lot of mistakes but what do you expect for the first game the kids have ever played in. He thought everyone did a great job.

The Breezers came out again in the second half scoring 6 more points on a short run up the middle by Ray Marcano. The 2 point try failed because of a fumble. Outstanding defensive men were Henry Gonzales, Junior Alledondo, Neal Becker and Johnny Sanchez.

The Breezers go to Post next Tuesday. The game will be at 5:00.

Seventh Grade Wins

The seventh Breezers played their first game at home Tuesday with the Ralls Jackrabbits. The Breezers won the game 12-0. The first TD was made by Larry Westbrook on a belly play to the left. Eighth Graders Lose To Ralls

The Breezer eighth graders lost to Ralls here Tuesday night 28-6. The lone Breezer score came at the beginning of the game when halfback Ricky Day returned a Ralls kick-off some 70 yards.

He broke three or four tackles in the run that brought the Breezer fans to their feet. Day also intercepted a Ralls extra-point-pass attempt.

The Breezers gave away three TD's... a fumble on the 20, a blocked punt in the end zone, a blocked punt on the 35. Todd Vickers was quarterback for the Breezers.

The eighth graders will play at Post next Tuesday.

Wildwood Quartet To Appear

The public is invited to hear the Wildwood Quartet in a weekend revival at the Calvary Baptist Church Friday, Saturday and Sunday evenings, Sept. 13-14-15. The quartet has appeared in Floydada prior to this engagement and were well received. In

PEP RALLY FRIDAY

Everybody in the Floydada school district is reminded to be in the FHS gymnasium at 3:45 Friday to cheer the Whirlwinds on to victory against the Cooper Pirates here Friday night.

Everyone should wear his or her "Mean Green."

Lubbock Man Wins Football Contest

Jim Curtsinger, 5418 14th Street, Lubbock is the first place winner of the Hesperian's football contest for last week. He missed five contests. He will receive the \$7.50 first prize.

In second place and recipient of \$5.00 is Claude Weathersbee of Floydada. He also missed five contests.

The \$2.50 third place goes to Dennis Teasdale, new FHS band director, who also missed five contests.

The tie-breaker Floydada-Crosbyton game was used to determine placing of the winners who all missed five games. All picked Floydada to win. Curtsinger guessed 48 total points, Weathersbee 45, and Teasdale 28. The total points of the game were 53.

Honorable mention goes to the following contestants who missed only six games: Paige Cannon, Lockney; Alton Fields, Dimmitt.

Missing seven games were: Mrs. R.W. Meriwether, Lockney; S.K. Cummings, Lockney; Orville Marler, Floydada; Mrs. Clarence Denton, Floydada; and W.L. Carthel, Lockney.

The contest appears in each Sunday's edition, and must be mailed or turned in by the following Friday to the Hesperian Office. Winners checks are made out each Friday morning and if winner is in trade area he or she may pick it up at The Hesperian Office. Other checks will be mailed Friday mornings after the Thursday winner announcement.

SCHOOL BOARD MEETS

The Floydada school board approved an amended budget of the past year's operation at its regular board meeting Tuesday night.

In other business a committee to verify proficiency for bilingual teachers was appointed: Ann Swepton, Joyce Kimbell, Lucy Cosby, Jody Brown and A.W. Coltharp.

Bookkeeping and management of the school's cafeterias was transferred from the high school office to the downtown office. All board members were present except Flo Davis, Lawrence Stovall and Jerrod Vinson.

**Methods Devised
Outfox Jack Frost**

after fruit tree buds have developed, but not prior to their development. By delaying the budding of apple trees for 17 days and of sweet cherries 15 days, scientists reduced the risk of fruit loss. They reported no abnormalities in fruit development and no tree damage from the delayed blossoming.

Utah weather records point up the importance of delayed blossoming. In 10 of the past 15 years, freezing temperatures occurred after fruit trees were in bloom and caused varying amounts of crop damage.

In Arkansas, agricultural scientists are using another weapon against frost. It's a thick layer of foam applied to strawberry fields when temperatures drop to freezing or near-freezing.

The foam, which acts as an insulating blanket for the berries, lasts between 18 and 20 hours at these low temperatures. In a recent test, the foam blanket saved 94 percent of a treated field when temperatures fell to 19 degrees. Only 40 percent of the berries on an untreated field survived the same freeze.

F.A. Faulkenberry underwent major surgery Tuesday in Central Plains Hospital. He is reported to be convalescing well, but will be in the hospital for several days yet.

60 minutes. (Dough will be about even with top of casserole) Bake in 350° oven 50 to 60 minutes. Remove from casseroles; cool on wire racks. Makes 2 loaves.

A bit of a grin — On the way home from church, the mother turned to her small daughter. "Nancy," she scolded, "how many times do I have to tell you that we always keep our eyes closed during prayers?" "I know, Mommy," the child murmured. "I'm sorry." Then, after a moment's pause, she asked, "But how do you know that I don't?"

FOR JUNE CASH IN 1975 PLANT WHEAT
Results from 1974 wheat production indicate CENTURK and TAMWHEAT to continue to be superior yielders. Even during 1973-1974, a bad year for wheat, each cut yielded competitive varieties by 3 to 5 bu. per acre.
CENTURK works best for dryland and light to heavy irrigation. Tamwheat 101 or 103 is for heavy irrigation. Both are excellent grazers.
Crosbyton Seed Company has prepared to serve your wheat seed needs and offer the following choices to you:
* CERTIFIED CENTURK 103
* CERTIFIED TAMWHEAT 101
Select Tasposa (Limited Supply)
Select Palo Duro (Limited Supply)
Select Triumph (Limited Supply)
* We think Centurk and Tamwheat to be the best for our area and have provided extra inventory, especially Centurk.
One half our present inventory is already committed. We ask that if you are going to need seed that you contact us soon. Then if we were to run out we would have time to get more.
All of our seed has good germ and is free from bindweed and johnson grass. It has been cleaned and treated with Vitavax 200 Seed Treatment, the new systemic Fungicide that controls diseases. The manufacturer states Vitavax 200 produces stronger root system for yield increase and better grazing.
We also have a limited quantity of Elbon Rye.
We appreciate your business!

By Mrs. Clyde Bagwell

FAIRVIEW, Sept. 9 — We are having fall-like weather with the sun shining. Farmers are preparing their land for sowing wheat, and some are sowing wheat. The women are still busy canning vegetables.

A correction should be made in the attendance list of Center-Fairview reunion report of last week. The names of Mr. and Mrs. Lee Burgett was misprinted — it should read, Mr. and Mrs. Lee Burton.

Last Sunday afternoon, Mrs. Lola Pohl of Matador and Mrs. Viridine McCarty of Amarillo, visited with Mrs. C. W. Burton. The women were in this area attending the reunion and visited later with Mrs. Burton. They were former neighbors and also music pupils of Mrs. C. W. Burton.

Mr. and Mrs. Bud DuBois, Sandra and Dianne of Lubbock spent Labor Day here with his parents, Mr. and Mrs. Edell DuBois.

Mrs. E. L. Ginn, Mrs. Thelma Jones, Mrs. C. W. Burton and Maurice visited Mrs. Lee Burton Saturday afternoon.

Mr. and Mrs. John Sullivan

of Berger spent the day Friday with Mr. and Mrs. Ray Cook. Sullivan is a brother of Mrs. Cook.

Thursday, Mrs. Lewis Bostick and Mrs. Larry Bostick of Matador visited Mrs. Ray Cook.

Mr. and Mrs. C. H. Wise visited Sunday afternoon in the home of Mrs. Doris Kitchens. Mr. and Mrs. S. K. Porter of Lubbock were also there. The Porters had been to Plainview to visit a brother-in-law, F. A. Faulkenberry who is a patient at Central Plains Hospital. He is to undergo surgery tomorrow (Tuesday).

Later Sunday afternoon Mrs. C. H. Wise visited Mr. and Mrs. E. H. Cox.

Mrs. Ruby Kiser and Mrs. Melba Vickers visited Mrs. Jewell Teague last week.

We enjoyed the special music by two of our own young adults Sunday night at First Baptist Church. Hope Crabtree sang a beautiful number accompanied on the piano by her husband, Kay.

Mike and Norman Allen spent Saturday night with their grandparents, Mr. and Mrs. Walton Wilson. Sunday Harvey and Judy spent the day with the Wilsons and got the boys.

Last Sunday afternoon Mr. and Mrs. C. B. Irwin of Grenville, New Mexico, Mr. and Mrs. Roy McCarter of Canyon and Mr. and Mrs. Hershel Irwin and children of Lubbock visited their brother and uncle, Ruy Irwin, after they attended the Center-Fairview reunion.

Mrs. Ila Hammonds and Mrs. Walton Wilson visited Mrs. Clyde Bagwell one day last week.

Mr. and Mrs. T. L. Perry visited Mr. and Mrs. Leslie Fawver one night last week and had supper with them.

Mr. and Mrs. A. T. Hull and Mr. and Mrs. Lindsey Graham made a trip to Clarendon Saturday.

Mr. and Mrs. Eugene Watts, Scotty and Kim were

Sunday dinner guests of her parents, Mr. and Mrs. T. L. Perry.

Last Monday morning James Truitt Payne of Odessa visited his mother, Mrs. Cecil Payne, Mrs. Winfred Payne visited Mrs. Cecil Payne Monday.

Mrs. Kate Crabtree took the dinner she prepared and went to the home of her son and family, the Kay Crabtrees and all had Sunday dinner together. Becky and Sammy Crabtree were on the sick list Sunday.

Mr. and Mrs. Bill DuBois, Craig and Quinn visited Mr. and Mrs. Edell DuBois Sunday.

A recent visitor with Mrs. Woodrow Wilson was Mrs. Johnny Price of Dallas. Mrs. Price is a former Floydada resident.

Mr. and Mrs. Bill Beedy of Claude were here a few days visiting in the home of their son, Eugene Beedy and family and other relatives.

Saturday Mr. and Mrs. Bill Tye were dinner guests of Mr. and Mrs. Eugene Beedy and to be with their houseguests.

Mr. and Mrs. Woodrow Wilson spent Labor Day weekend at Oklahoma City, where they met their daughter and family, Mr. and Mrs. Zeke Robertson and Ty of St. Louis, Mo. All attended the annual Southwestern Bell Telephone Co. baseball tournament. Zeke plays on the team. Mr. and Mrs. Wilson returned home by Grand Prairie where they spent Labor Day night with another daughter and family, Mr. and Mrs. Larry Glassmoyer and children

Mr. and Mrs. E. W. Walls returned home Monday afternoon from Lake Texoma where the Percy family met for a weekend reunion. Those present besides Mr. and Mrs. Walls were Mr. and Mrs. Seth Percy of Mt. Ida, Arkansas; Mr. and Mrs. O. J. Percy of Wichita, Kansas; Mr. and Mrs. Marvin Marsee and Roy Percy of Norman, Okla., and two daughters and two grandchildren of Roy Percy from Oklahoma City.

FLOYD PHILOSOPHER

Says He's Dying To Know Who Owns The 700 Best Brains In The U.S.

Editor's note: The Floyd Philosopher on his Johnson grass farm is back on inflation again this week.

Dear editor:

Inflation reminds me of a famous statement — I forget who made it — about unemployment: "When you have high unemployment a lot of people are out of work." When you have run-away inflation you're in for some awfully high prices.

"That's all I know about it, but what intrigues me is the attack that's going to be made on this world-wide problem. As I understand it, 700 of the "best brains in the United States" are being called to Washington for a summit conference to figure out what to do about it, all wearing belts I guess so they can tighten them.

I'm not interested at this point in their answers which will range from less spending to more spending, from higher taxes to lower taxes, to stiff wage and price controls to no wage and price controls, but I am interested in finding out who those 700 people are with the best brains in the country.

For instance, will they be geographical? I mean, best brains in say a Congressional district and just pick the best whole country? Will it be Will it include football players? And who's going to pick the best brain in the world? It's not going to be easy, would you go about picking Floyd County? What if it is one? What if there aren't any? What if the answer to it is he can't go to the meeting trying to cover an over-dressed suit? And furthermore, if they have the answer to it, they've been keeping it to themselves for 24 months. Or have they so hard they didn't know the answer? A package, gasoline and sugar \$2.60 a pound?

As I see it, the cure for inflation is to raise prices, if you're buying, not to lower them, if you're selling.

More about schnozz-size stereotypes

By Abigail Van Buren

© 1974 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I have been saddened and amused by the number of letters in your column from people who were upset by the size of their noses. The mother who couldn't love her baby because of its big schnozz hit me hard. To me, a prominent nose is beautiful. Look at Cleopatra. A little button-nose may be "cute," but give me the beauty and character of a nose that is proud and prominent!

We are all entitled to our own standards of beauty. Why should we let Madison Avenue stereotypes lead us around by the nose?
KNOWS NOSES

DEAR KNOWS: We shouldn't. Which inspires the following limerick:

There once was a beauty named Rose,
A Puritan life-style she chose.
Lechers galore she would show to the door,
Would you say she was saved by her NO'S?
(Edgar Allen Po-Po)

DEAR ABBY: I would like to say something about that young mother who was depressed because she thought her infant daughter was too homely to take out in public.

I'm glad you sent that mother to a psychiatrist because she is desperately in need of treatment. If she doesn't take your advice and go, I'm afraid her daughter will be the one to end up on a psychiatrist's couch, getting treated for her inferiority complex.

That is what happened to me. When I was a little girl, my mother drummed into me that I was homely. I grew up believing it. I let myself get fat and sloppy. I never cared how I looked because I thought that I was so hopelessly ugly, nobody could care for me. I also became very promiscuous. That was the only way I could get a boy to pay any attention to me. My self-esteem was about as low as it could get.

At age 17, I had had three abortions, so my mother sent me to a psychiatrist. Meanwhile, she sobbed, "I'll never understand that child. I gave her everything."

My psychiatrist explained that small children believe everything their parents tell them and that my problems began when my mother convinced me that I was homely. "TWENTY TWO AND NOT HOMELY ANYMORE"

DEAR ABBY: That disturbed young mother who couldn't "love" her baby because it had such a homely nose prompts me to write this.

I recently visited a young (and very handsome) couple who have a nine-month-old baby. No one warned me, so I wasn't prepared for what I saw when they brought her out. She was positively the homeliest baby I had ever seen. Unusually homely!

I was at a loss for what to say, so I just said, "Hi, darling baby!" She smiled, her eyes twinkled and her homely little face lit up as she held out her arms to welcome me as a new friend.

Within minutes I knew the secret of that baby's charm. Her parents treated her as though she were an exquisitely beautiful and beloved treasure by letting her know what a loved baby she was. Consequently, she is exactly what they hold her to be—a beautiful treasure.

Within minutes one forgets that she is not a very pretty baby, because it doesn't really matter. Her personality is sunny, lovable and responsive.

Parents of "homely" babies can learn a lot from this couple. I did.
A FRIEND

DEAR FRIEND: And I'll wager so did many others.

DEAR ABBY: Please print this for the mother who was so "depressed" because her baby had such a large nose.

Our first baby was a beautiful little girl. There was only one problem. She was born with "spina bifida"—an open spine.

Our baby is only four months old and she has had, to date, surgery five times.

Abby, instead of this mother looking at her baby and crying because of her large nose, she should be crying for joy and thanking God for having blessed her with a healthy baby. She doesn't know how lucky she is.
DON AND JOAN

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

Phil Cates Appointed To Committee

Texas House Speaker Price Daniel Jr., today announced the appointments of Representative Phil Cates of Pampa to the House Committee on Calendars and Representative Jon Newton of Beeville to the House Committee on Rules.

Vacancies on the two committees were created by

the death of Representative Hawkins Menefee of Houston.

Cates resigned from the House Committee on Natural Resources and Newton resigned from the House Committee on Elections in order to assume the new positions. Representative Herman Lauhoff of Houston

was named to those committees.

Daniel said, "Representatives Cates and Newton have performed admirably and capably in every position of responsibility they have held in the House of Representatives. I know that they will serve equally well in these new capacities."

SAVE A DOLLAR!.....

Due to several postal rate increases, continuous newsprint cost increases, and many other costs of operation increases too numerous to mention, the subscription price of this newspaper will go up one dollar on October 1, 1974.

We have been able to absorb these price increases for over two years, but just can't absorb any more.

Our newsstand rate will increase from 10¢ to 15¢ also on October 1, 1974.

We regret that circumstances beyond our control have caused this rate increase.

The yearly rate for Floyd County and adjoining counties will be \$7.50. All other yearly subscriptions will be \$8.50.

HOWEVER, IF YOU WANT TO SUBSCRIBE AHEAD AND SAVE SOME MONEY, YOU MAY SUBSCRIBE AT THE OLD RATE OF \$6.50 AND \$7.50 FROM NOW UNTIL OCTOBER 1.

This makes the per issue cost only a little over 5¢ per copy if you subscribe yearly.

ALLIN'S IMPLEMENT CO.

A monument to Bob Wills in Turkey, Texas.

"Take It Away, Leon!"

By John Shaver

The first in a planned series of western anthology record collections by the Country Music Foundation goes to Bob Wills and his Texas Playboys.

Country and Western buffs will remember Wills, and even if you're not a C and W devotee, you will remember Wills' "Take it away, Leon!" or "Mr. Al Stricklin nowww!" or "Ah Ha Amen!"

Wills created something new in his hybrid musical form he called "western swing," a sound that was a bridge between country and western music and the big band swing of the 1940s. He presented the C and W songs in more sophis-

ticated arrangements by adding drums, saxophones, trombone solos, electronic guitars to his basic rhythm and lonesome fiddle sound.

Wills was one of the few leaders to give lasting credit to his sidemen. His was an active, live and prodding personality on the stage. His men played direct to Bob and gave their best. A real interchange was constantly going on. Musicians were cued, encouraged, phrased and spotlighted by Wills in a way that cannot be forgotten. "Mr. Al Stricklin nowww" identified his easy going piano player to millions. "Take it away, Leon!" intro-

duced Leon McAuliffe and his steel guitar.

The Bob Wills legacy abounds with fine examples of sharing and giving and honoring his men and their talents. He coached, led and admired them and few of his band remained nameless or went unappreciated or unrecognized.

A creative artist is one who can make a mood. The Wills Band could picture and reflect many moods. His Western Swing could create the historic romance of old country music (Spanish Two Step, or Maiden's Prayer), rural rhythm (Osage Stomp, Roly Poly, Take Me Back to Tulsa) or unusual big band sound (Big Beaver). His "New San Antonio Rose" was said to have been recorded and arranged by more artists than any other theme song. Ray Price dedicated a good album as "The San Antonio Rose Album."

Of the 24 vintage original recordings in the Bob Wills Anthology, four were never previously reissued and five have never been issued before. These honest, vintage records are not stereo, four channel, or reprogrammed through computers. They sound just like it was. They allow you to imagine a Texas dance hall on a Saturday night, perhaps a fight or

two, and an honest band on stage capable of dominating this chaotic scene. Each

musician is smiling, looking to Bob for cues and approval. All their talents are channeled through Bob to the audience. He struts across stage, constantly moving, calling for solos and shouting words of approval and delight for work well done. Here is an image of a leader using every ounce of skill, showmanship, and personality to provide an exciting and inspired musical experience to his demanding audience.

James Robert Wills was born March 6, 1905, on a farm in Limestone County, East Texas. As a child he moved with his family from farm to farm in Texas. His father was a musician, and Bob became an instrumentalist, first on guitar and later on fiddle, at an early age. He pursued other careers before settling into music. He was, at one time or another, a telephone company employee, a carpenter, a farmer and a barber in Roy, N. M. and Turkey, Tex.

His professional career began in 1929 when he first traveled as a performer with medicine shows. He also appeared with other artists as the Wills Fiddle Band on KTAT Radio and as the Alladin Laddies on WBAP in Fort Worth.

Wills and his Texas Playboys recorded with Columbia for 12 years.

He was elected to the Country Music Hall of Fame in 1968.

SPS Announces Early

Date For Col-Fired Plant

Roy Tolk, chairman and president of the Southwestern Public Service Company, announced today that the completion date for the second 350,000 kilowatt coal-fired generating unit at the company's Harrington station, near Amarillo, has been moved up from 1979 to 1978.

"The area we serve continues to grow and this means more industry and more people. In order to continue to provide our customers with the electric service they need, we found it necessary to have the second unit at Harrington Station ready a year sooner than we had first planned," Tolk said.

The first coal-fired unit at Harrington Station is now under construction and is scheduled for completion in mid-1976. It is also a 350,000 kilowatt machine and con-

As It Looks From Here

WASHINGTON, D.C. — "Law And Order" has been a favorite theme of politicians for the last several years. Until recently, the claim was made that there had been a considerable reduction in the crime rate across this Nation but reports now show crime on the rise at an alarming rate.

Of all the reasons for crime increase, one is pretty obvious. In the more serious offenses, almost three-fourths of those arrested are repeaters. Imprisonment can be for only two purposes. One, of course, is for punishment and the other is rehabilitation but it seems the latter is, in most instances, woefully lacking. All sorts of studies are going on for prison reform but whatever has been done shows little result.

The dockets of both federal and state courts are terribly overcrowded. In most instances, both State and Federal Courts are overwhelmed by a growing backlog of untried criminal cases. The old adage applies: "Justice delayed is justice denied." If a person charged in a criminal case is guilty, society demands that he be tried, convicted and sentenced. If he is not, he deserves to have the charges removed from his head as quickly as possible. Those people who are victims of crime are forced to watch the guilty go unpunished for long periods of time. In many cases, the criminal is never brought to trial.

One reason the Federal Dockets are crowded in both civil and criminal cases is the many laws passed by Congress, which at one time, was in the jurisdiction of State Courts. The Congress itself has placed a burden on the Courts and since it has, it is up to Congress to do something about it.

A bill in the United States Senate requires that all criminal cases in Federal Courts be tried within sixty days of indictment. It permits an additional thirty

Hike Yourself Into Shape!

HARTFORD, Connecticut September 1 — If you're planning to hike yourself into shape this fall, you're on the trail to good health.

Doctors say brisk outdoor walking helps reduce the cholesterol level in the blood at the same time it puts the firmness back into flabby

days between the time of arrest and action by a Grand Jury. The measure provides a phase-in over a seven year period and when fully effected, charges are mandatorily dismissed if a trial is not held within these time limits.

Whether this is the answer is questionable but it does have a good intent and places a burden on the Courts and prosecutors to act or explain their lack of action.

This alone is not the total answer by any means. For ten years efforts have been in progress to reform our State and Federal criminal justice systems. Many prisons are overcrowded and proper help for rehabilitation must be neglected out of sheer inability to even apply the theories of reform.

Chief Justice Burger of the Supreme Court, along with other Jurists, has made certain recommendations for Court reform. The study is now out for critiques by judges and the bar associations. Hopefully, better answers can be found for our Courts to better guarantee the American people and those accused of crime the right to a speedy trial.

muscles. And just being outdoors is invigorating, especially in the fall. Best of all, says Aetna Life & Casualty, the nation's largest private health insurer, walking is one of the few forms of exercise almost anyone can enjoy.

Hiking, however, demands caution against certain hazards. Most important warns Aetna, never keep going beyond the point

FLOYD DATA
Mr. and Mrs. C. W. Jones returned by plane last week from Fresno, Calif., where they visited their son, Dr. Randall Jones and family. The son and his family have moved to their almond ranch some six miles from Fresno and the almonds were harvested while the Floydada couple was there, which they found very interesting. The group also visited at Santa Cruz and took in the Board Walk and also visited the beaches, taking the coastal drive.

Last weekend Mr. and Mrs. C. W. Jones had their children home with them while celebrating a wedding anniversary. With them were Mr. and Mrs. Wayne Poteet, Machee and Michael, Mr. and Mrs. Billy Hinkle, Sharron, Joe and Bill; Mr. and Mrs. Jerry Phillips and Cristi, the latter three of Fort Stockton, Dave and Julie Mount of Vernon, Max and Vicki Yeary, Bill Fulton and Duffy Williams.

Center News

By Mrs. J.E. Green

CENTER, Sept. 9—What a beautiful day! and rather cool till the afternoon. Crops and gardens are flourishing, and pastures green.

Women are canning and freezing, and some are building more quilts.

Mrs. Joe Conway came last Tuesday from Lubbock and took her parents, Mr. and Mrs. Claud Carpenter, home with her where they visited until Friday.

Mr. and Mrs. Charley Spence visited the Carpenters Sunday p.m.

The Carpenters are spending Monday with Mrs. Ava Jackson.

Mrs. Travis Parr visited Sunday p.m. with Mr. and Mrs. Carl Plumlee.

Mr. and Mrs. Joe Dunn visited Mr. and Mrs. Burl Huckabee Sunday p.m.

Mr. and Mrs. C. W. Denison were in a Stamford hospital Sunday seeing Mr. and Mrs. W. B. Parraack, a sister and brother-in-law of Mrs. Denison's. Parraack seems to be slowly improving from a stroke suffered some time ago.

Mr. and Mrs. Bob Allred and son, Roger, were Sunday dinner guests of the Thomas Warrens.

Mrs. O. C. Vinson and Mrs. Ross lunched one day with Mrs. Frank Dunn.

Mrs. Flora Warren visited Mrs. Ola Warren Sunday p.m.

Mr. and Mrs. Leo Frizzell were not feeling well Sunday and Monday.

Mrs. Flora Warren and Mrs. Ava Jackson visited in Caprock Hospital Saturday p.m. with Mrs. Lois Durham.

Callers in the Charley Spence home last week were Willie B. Eakin, Mr. Poteet and Adriel Spence.

Mr. and Mrs. Travis Lightfoot visited over the weekend with Letha's sisters and families, in Dallas with the Joe Dan Whitworths and in Graham with Mr. and Mrs. John Campbell. Mother Lindley is visiting another daughter in Wichita Falls and is to visit the other daughters in Dallas and Graham later.

Miss Vera Meredith lunched Sunday with Mrs. J. E. Green. In the afternoon Mr. and Mrs. Grady Edelman of Muleshoe arrived and we all had a good visit talking about old times — and New.

Congratulations to Mr. and Mrs. Paul Murff who are approaching their 50th wedding anniversary — Tuesday, Sept. 20th. Nearly 40

years ago we had the privilege of having them in our teacherage at Center for 5 years where Mrs. Murff was our primary teacher — and she was one of the best. We wish them many more happy years together.

Thursday Mrs. C. M. Meredith and the rest of the 1929 Study Club met at King's Restaurant for lunch. Then they went to Lubbock and went through the museum. It is an interesting trip.

Today Mrs. Meredith and several others are luncheon guests of Mrs. Cleo Goen, including Mrs. H. O. Cline, Mrs. Mae Garrett, Mrs. Helen Patterson and Mrs. Jo V. Bingham.

Mrs. Elmer Warren and Mrs. J. D. Welborn were in Plainview Saturday. They saw Mrs. Masters, district nurse, and at Heritage Rest Home visited Mrs. Beatrice Smith and Mrs. Tom Jernigan.

David Battey Sr. of Harmony visited in the Fred Battey home Saturday p.m. Hal Thomas has also been a visitor.

Mr. and Mrs. Fred Battey visited Sunday p.m. with Mr. and Mrs. Burl Huckabee.

Mr. and Mrs. Hal Thomas were in the Possum Kingdom area with their children, Mr. and Mrs. Milton Mensch from Tuesday until Friday. They visited in Olney and Graham.

Sunday the Thomases visited in Post with a sister who was recently dismissed from a Lubbock hospital.

Sunday Mrs. A. W. Anderson of the nursing home attended church, then dined with son, Louis and family. In the p.m. a daughter, Mrs. Dorothy Thompson and daughter, Mrs. Gary Collins of Petersburg came.

Mrs. Green visited the Peeks briefly late Sunday p.m.

The Mary Hill Davis Week of Prayer will meet at Calvary Baptist Church at 3:30 to 4:30 p.m. the five days through Friday, except Wednesday, when it will be at the evening service — given then by the men of the church.

Following this Week of Prayer there will be a weekend Youth Revival at Calvary. It is to be held by the Wildwood Quartette and it will be from Friday night through Sunday night. Everyone invited.

Anderson Clayton Increases Quarterly Dividend

HOUSTON, Sept. 5—The Board of Directors of Anderson Clayton today voted to increase the quarterly cash dividend on the common stock, from 20 cents to 25 cents per share, payable October 15, 1974 to stockholders of record September 20, it was announced by T.J. Barlow, President.

Anderson Clayton has paid continuous cash dividends on its common stock since 1944. The dividend rate has been increased significantly in the last several years, most recently in September, 1973, from 60 cents to 80 cents per share annually. The new rate of \$1.00 is the highest regular annual dividend rate in the Company's history, after adjusting for stock splits and stock dividends.

Commenting on the dividend increase, Mr. Barlow said, "Raising our dividend is a tangible way our stockholders and our profit-sharing stockholder employees and retirees can directly participate in the increasing earnings of Anderson Clayton. Our excellent capital position, and continuing upward trend in earnings and return on stockholders' equity, are the solid basis for this increase, despite the current problems of inflation."

Anderson Clayton is a Houston-based food company whose major operations are in the United States, Brazil and Mexico. It processes and markets consumer and institutional foods, oilseed products, animal and poultry feeds and planting seed. The Company's non-food activities include Ranger/Pan American Insurance Companies, Long Beach Manufacturing and Gulf Atlantic Distribution Services, all headquartered in Houston. Anderson Clayton is listed on the New York Stock Exchange under the symbol AYL.

Cotton Figures Down 1.6 Million Bales

AUSTIN—Latest cotton figures reveal that production has declined more than 1.6 million bales from last year and projected yield is 3.1 million bales, according to Agriculture Commissioner John C. White.

White said dry conditions throughout Texas are responsible for the heavy decrease, which also has hit grain sorghum and wheat.

Sorghum production is projected at 295 million bushels, a 122-million bushel decrease from 1973.

Wheat yields are down 45.8 million bushels from 1973's record 98.6 million bushel yield.

"These are the final production figures for the 1974 wheat crop, and they indicate just how badly some of the High Plains' farmers were hurt by the drought," White said.

Harvested cotton acreage has decreased almost eight percent to 4.8 million acres. Cotton being harvested is averaging only 305 pounds an acre compared to 431 pounds in 1973.

Harvested sorghum acreage is estimated at 5.9 million acres, a million acre decrease from last year. White said many dryland farmers were unable to plant because of lack of preplant moisture in the soil.

Prospects look brighter for corn and rice. Corn is

expected to yield almost 70 million bushels and acreage is up 135 thousand acres.

South Plains News

By Mrs. Murray Julian

SOUTH PLAINS, Sept. 9 — The first load of 1974 grain sorghum to arrive at the South Plains branch of the Lockney Cooperatives came in Wednesday night, September 4, from W. D. Rose. The grain was from pollinated rows on seed maize, and had a test weight of 55, and 14% moisture. Ira Clower is manager of the Co-op at South Plains.

Mr. and Mrs. Reece Hightower are parents of a baby daughter, their first, born Tuesday, September 3, in Caprock hospital, weighing nine pounds and nine ounces. She has been named Sheila Annette. They also have three boys, Dwayne, Floyd and Ernest.

Mrs. Aubrey Stewart was able to be brought home from Caprock Hospital Friday, according to her daughter, Mrs. Kendis Julian. Stewart's sister and husband are here with the Stewarts from Oklahoma City, Oklahoma.

Miss Cindy Whitfill, granddaughter of the Alvin Nichols, who teaches in Dallas, is taking a special course at the University of Texas, working on her Master's Degree. Lt. Jg. David M. Allen, grandson of the Nichols, who is stationed with the Navy as navigator in Virginia, is now in Nevada for a month in special training.

Sgt. and Mrs. Kenneth Powell of the Army from Fort Carson, Colo., spent the Labor Day weekend here with his parents, Mr. and Mrs. Fletcher Powell.

The Mary Hill Davis Week of Prayer for State Missions began Sunday night. Mrs. M. M. Myers gave Monday's lesson. Tuesday afternoon Mrs. L. T. Wood and Mrs. T. S. Powell will give two days studies, and Wednesday night at prayer meeting Pastor Mike will give the study. Next Sunday night at the church, Mrs. M. M. Julian will give Friday's study. The South Plains' church goal for the Week of Prayer has been set at \$200.00.

Several men in our community have been sewing winter wheat this past week.

Mrs. Bill Harper of McAllen accompanied Mr. and Mrs. Frank Jackson of Lubbock here Sunday to visit with her brother, Mr. and Mrs. Murray Julian and her nephew, Mr. and Mrs. Kendis Julian and children. Mrs. Harper has been staying the past month in Amarillo with another daughter, Mrs. Walt Brown, who has been very ill. She plans to be back soon to stay with her, but today she is on her way to McAllen, to see about her home.

Around 56 were in church services Sunday where baptismal services were held for Renee Sanders, daughter of Mr. and Mrs. Richard Sanders. After evening services, homemade ice cream and cakes and cookies were served. It was good to have newly married couples, Mr. and Mrs. Carlton Johnson and Mr. and Mrs. Mark Sanders

present, and also Miss Darla Milton home from South Plains college at Levelland for the weekend.

Officers of the Floydada 4-H Club met last Wednesday in the home of Mr. and Mrs. Charles Hamilton, with Dwayne Marble from here present. Dwayne is reporter for the 4-H Club. Other members from here include Kelly and Mike Marble, D'Lee and Dwayne Marble, and Lisa and Jonna West. New officers were installed last Thursday night.

Visiting here last week with his sister, Mrs. Sylvin Kinnibrugh and husband, were Mr. and Mrs. Grady Spivey of Navasota. Grady became ill about 3 a.m. Monday and was taken to the Central Plains Hospital at Plainview. He was able to come to Truscott to stay with another sister, Mr. and Mrs. W. H. Simmons and other relatives before returning to their home in Navasota. Mrs. Beth Gregory of Dallas flew home last Thursday. She also became ill, but improved and explained for Dallas Sunday.

Mr. and Mrs. E. T. Evans of Amarillo spent Friday and Saturday with her parents, Mr. and Mrs. George Weast. Her sister, Mr. and Mrs. Robt. Lee Smith of Sterley also spent the weekend here. Wedding vows will be read Friday, October 11, in the Hart Church of Christ for Miss Kathy Lynette Kennedy of Hart and Larry Trimble of Plainview. Larry was formerly a South Plains resident, and his parents are Mr. and Mrs. G. E. Trimble of Bowie.

Caliche has been put down on FM 2286 at South Plains, and it's now ready for paving. There will be four miles of the pavement east of South Plains when the road is finished.

Mr. and Mrs. Murray Julian left Aug. 31 for Perryton to spend the night with their son, Mr. and Mrs. Bruce Julian and Clay. Sunday they all left for Lake City and Gunnison, Colorado, where they spent last week in Gunnison and in Lake City, fishing and resting. The aspens have already started turning in the high areas of the mountains, and the frost lay

heavily on everything each night at Lake City. They went through Canon City and enjoyed seeing the Royal Gorge. All came home Friday night, and the Julians spent that night in Perryton and came home Saturday. Nice rains have fallen in the Perryton area.

Mrs. Royce Bethel accompanied her mother, Mrs. Arthur Patrick of Quitaque, to Lubbock Monday where they visited Mrs. Patrick's mother, Mrs. Kitty Patrick of Quitaque, who recently underwent gall bladder surgery. She is now out of the hospital and doing fine.

Mrs. Royce Bethel was honored with a pink and blue shower in the home of Mrs. Hansel Sanders Saturday afternoon, August 31. Refreshments of white cake squares, decorated with yellow and blue booties, and fruit punch were served guests. An arrangement of ivy with yellow flowers centered the serving area where Mrs. Rogene Bethel presided at the punch bowl. Assisting Mrs. Sanders with the shower were Mmes. Ursel Taylor, Murray Julian, Rogene Bethel, Harry Hartman, Raymond Upton, Shelby Calahan, Dean Stewart, Elmo Reeves, Melvin Myers, and Mark Sanders. Hostess gifts were a car bed, high chair and baby book.

Special guests were Mrs. Bethel's mother, Mrs. Arthur Patrick of Quitaque, her little brother, Kelly Patrick, and her sister, Mrs. Jerry Monk, and children, Leslie and Cody of Farwell, Tex. About twenty guests were registered. The men's Fellowship Breakfast was held at the Baptist Church Saturday morning. Present were Rev. Mike Oden, Curtis Sanders, Arby Mulder, Kendis Julian, Travis Young, J. P. Taylor and Bill Gilbreath.

LOCKNEY LOCALS

Mrs. Hershel Carthel was dismissed from Methodist Hospital in Lubbock Sunday after having undergone surgery earlier.

Knox City Field Day September

More plans for the field day at the Soil Conservation Service plant materials center at Knox City on September 18 were announced this week by Soil Conservation Service State Conservationist Edward E. Thomas.

The center serves Texas and Oklahoma and the public from both states is being invited.

Paul Kramer, director of the Texas Forest Service, will be the principal speaker.

Guided tours will be conducted through the 70-acre center located on FM 1292, 2 miles north, and 2 1/2 miles west of Knox City. Thomas said. Tours will run from 8:30 a.m. to 3:00 p.m. Sandwiches will be on sale by the Knox City FFA Chapter for those who wish to eat lunch at the center.

Seed or rootstock from plants that show promise for solving specific soil and water conservation problems are collected, then grown and evaluated at the Knox City center. The more promising ones are then grown under field conditions on farms of soil and water conservation district cooperators.

Selections which prove superior to other strains available are then released by conservation districts to commercial seed growers. These producers then grow and sell it to the public.

Nearly 900 strains of grasses are being grown at Knox City. Some 446 strains of forbs and legumes, as well as 402 selections of forbs and woody plants are also being evaluated.

Grasses being evaluated at the center include several improved varieties of switchgrass and indiangrass for possible use in Central and South Texas; blue grama selection adapted to the red soils of Western Oklahoma and Texas, and a grass called old world bluestem collected from an arid region west of the Mediterranean Sea.

Several choice forbs valuable for livestock forage are highly relished by many species of wildlife. Yet seed for these plants are not available from commercial sources. If ways can be developed so seed producers can grow forbs profitably for seed, it will become feasible for land users to use these plants in grass seedlings.

Selections from three choice native forbs — englemann daisy, Maximilian sunflower, and bush sunflower — have shown up especially well at Knox City. Both are so relished by

livestock and wildlife that they are now hard to find except on well managed rangeland or in areas protected from grazing.

Several native legumes are also being evaluated. The goal is to find those which will add valuable nitrogen to the land while furnishing high quality forage in range and pasture plantings.

Legumes which appear to be the most promising include western indigo, trailing wildbean, least snoutbean, prairieclover, partridge pea, and several species of bundleflower. These legumes are relished by livestock as well as wild-

life. Woody plants being grown at the center include selections of littleleaf lead-tree, pistache, sawtooth oak, Texas kidneywood, little flowered peachbush, russianolive, autumnolive, and winterberry.

Two new grasses have been released and put into use by SCS in the last few years. Mason sandhill lovegrass, adapted to sandy soils in West Central Texas, was released in 1972. Selection 75 kleingrass, adapted to a wider variety of soils over a larger part of the state, was released in 1968. More than 250,000 acres of the klein-

... knee-high to a duck

building terraces, and carrying out other soil conservation practices when most of today's environmentalists were knee-high to a duck. He's the steward of America's most valuable asset and the renewer of its natural resources—and if he hadn't done his job well, our horn of plenty would have dried up a long time ago.

If you put all the people in the U.S. in one small corner

of the world and tried to find a farmer, you'd soon discover they're just about as scarce as hen's teeth. Farmers now make up less than five percent of our total population. That means they have a lot of mouths to feed and a lot of backs to cover—ours as well as theirs.

While they're not exactly like peas in a pod, farmers share a lot of the same traits our pioneers had. Maybe the most important of these is their stubbornness.

Food Fiber Mobile Unit In Lockney Monday

open free of charge to all in front of band hall from 9 a.m. to 6 p.m.

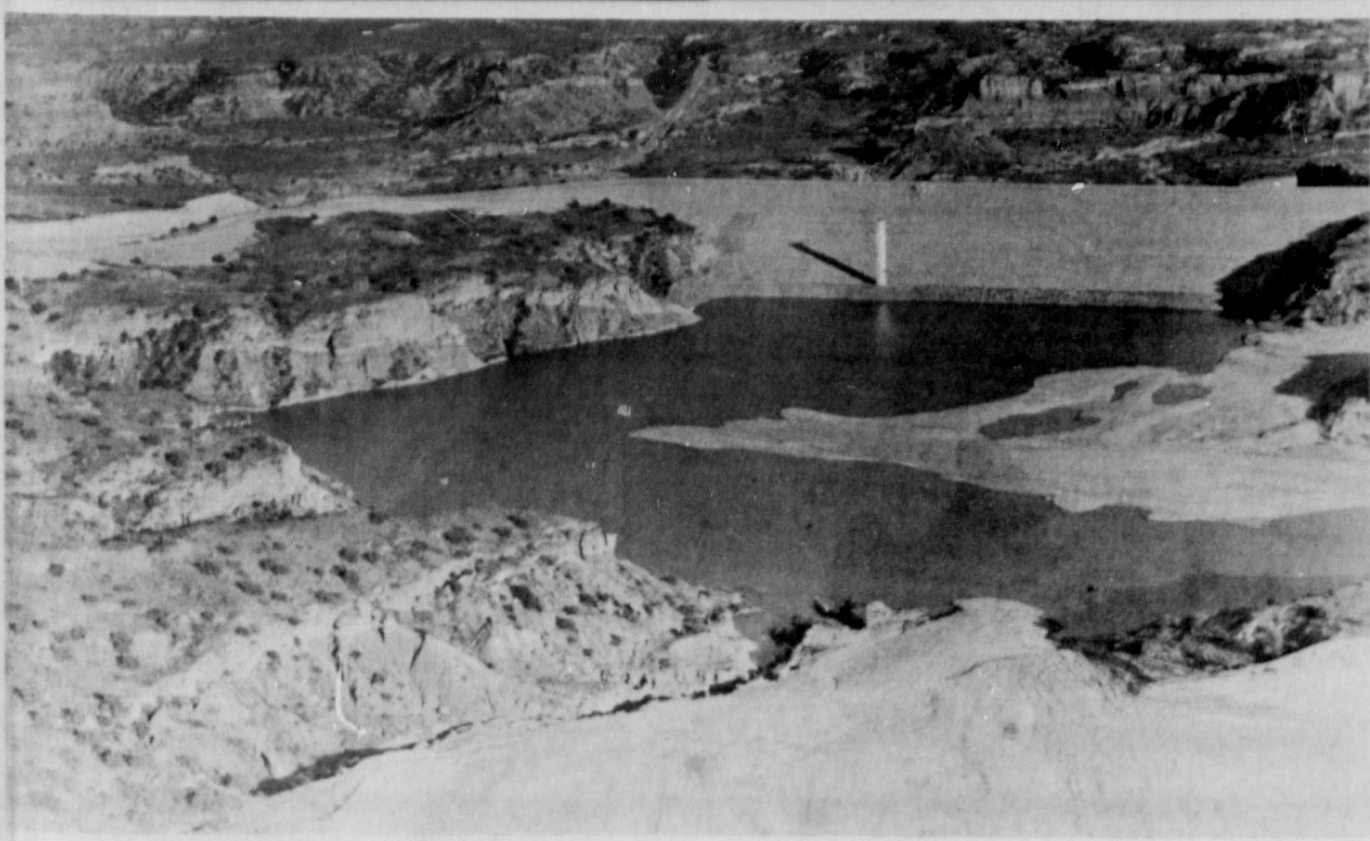

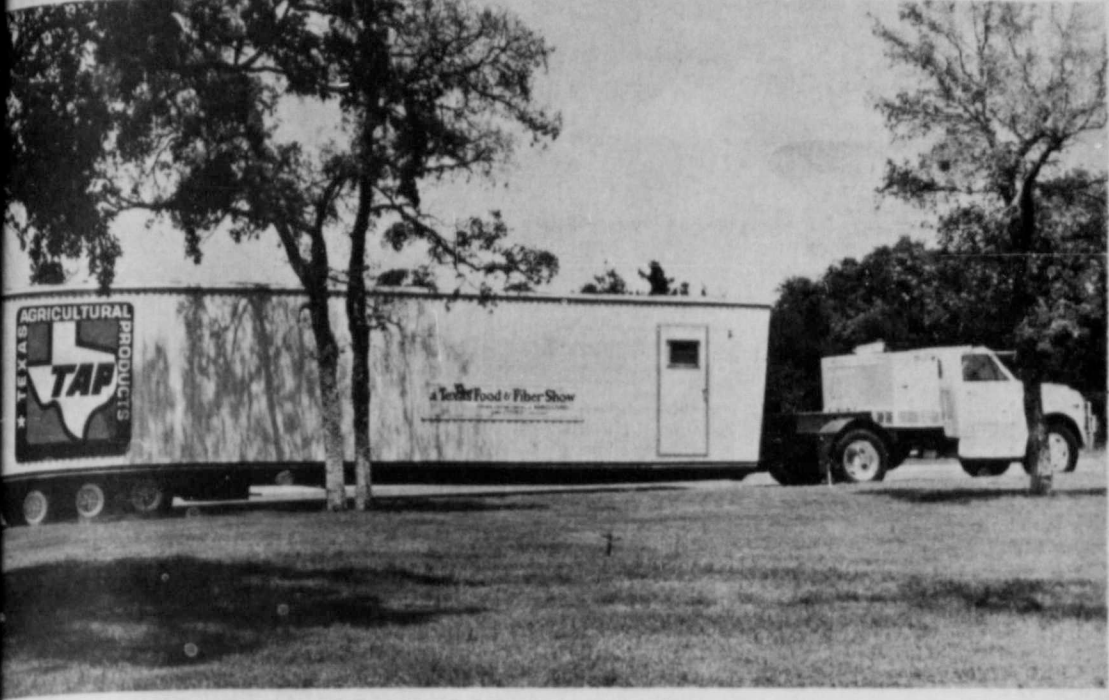

Mr. and Mrs. Jess Moreland operate the Unit which shows the colorful story of Texas' farms and ranches in dissolving slides that are displayed in a theater-like atmosphere. Favorite recipes and other information about Texas

The abundance and variety of the products that makes Texas the Number 1 state in agriculture are emphasized in the show, from El Paso to the Sabine and from the Panhandle to the Rio Grande River.

agricultural products will also be available to all visitors free of charge.

"We want to invite everyone to come by the Mobile Unit for a visit," Commissioner White said, "for we want to continue to remind everyone of the part they have in Texas' most basic industry."

Athena Junior Study Club is sponsoring the local appearance of the mobile unit.

MACKENZIE DAM is pictured from the air Tuesday afternoon. Beautiful rock formations in background. About 30 feet deep at deepest point. Air transportation by Dr. Andrew McCulley, photo by Wendell Tooley.

DEAR ABBY: Chester and I were recently married. We received a lovely pewter bowl and matching candlesticks from Cindy and Paul, who are close friends. They came from Cindy's father's jewelry store and looked very expensive. Chester and I are furnishing our apartment in English country, but this gift is ultramodern and would never go with our decorating scheme. Rather than bury it in a cupboard, I called Cindy and told her the truth. She seemed to appreciate my frankness and said: "I will pick it up tomorrow."

She picked it up and seemed pleasant enough, but imagine how we felt when a few days later the following ad

appeared in the local paper:
"Will sell at a sacrifice, returned wedding and Yvonne Douglas. Beautiful modern matching candlesticks. Cost \$70, will sell for name of Cindy's father's jewelry store. Chester and I are so humiliated, we can't speak. This Canadian city is buzzing. Do you think we were wrong in being so gift? And what do you think of people who like that?"

DEAR READERS: Obviously you should be so candid with Cindy and Paul. They should lack of taste in placing such an ad in the paper worry about the "talk." It will be about your friends—not you!

DEAR ABBY: What is your opinion of a man who refused to speak to—or even recognize his immediate family on his own wedding day?

When his aunt tried to congratulate him saying, "Don't get lipstick on me." (The bride spoke to any of us all day!)

I was so disgusted that instead of giving I changed my clothes, went downtown, and wedding gift I had bought for the couple only his mother.

DEAR HURT: The bridegroom could have been understandably uptight, nervous or proud. This would have been a good time for the bride on both your parts.

DEAR ABBY: I was happy the couple voted against those kooks who wanted to be on the beaches near where I live.

What's the matter with people today, trying to make a big nudist colony out of it? Don't we have enough trouble with the perverts and sex maniacs take off their clothes?

How do you stand?
DISGUSTED IN

DEAR DISGUSTED: Clothed. But do with immoral behavior. There are no families, and there is nothing "immoral."

Economic Impact Is Far-Ranging

The economic impact of agricultural exports extends far beyond the farm community, says a University of Tennessee economist.

"Research indicates that each dollar increase in farm exports means \$2.25 of business generated in the economy," D. R. Humbert points out, "and about 60 percent of that accrues to the non-agricultural sector."

On a gross dollar basis, agricultural exports were responsible for generating an estimated \$28.8 billion in business activity in the 1973 fiscal year. Of that, only \$11.7 billion went to the farm sector.

The most significant advance in typewriters since the electrics came along has come along. Smith-Corona Electric Portable Cartridge Ribbon Typewriters.

If you had one right now, you could change from one typewriter ribbon to another faster than you could read this sentence.

In 3 seconds you could change from a worn ribbon to a fresh ribbon.

In 3 seconds you could change from a black ribbon to a red, or green, or blue ribbon... there are five different Smith-Corona color ribbons in cartridges.

In 3 seconds you could change from an ordinary fabric ribbon to a carbon film ribbon. (That's the one students like to use for essays and reports. It makes typewriting look like professional printing.)

In 3 seconds you could change to a correction ribbon that allows you to correct errors more neatly and with less effort than ever before.

If you've been thinking about a new typewriter as a back-to-school gift, or for yourself, or for anyone... see what we've been talking about. Ask a Smith-Corona dealer for a demonstration of our unique Cartridge Ribbon Typewriter.

es, killing seven robins. The letter ended: "Air-spraying where it is not needed or wanted is inhuman, undemocratic, and probably unconstitutional. For those of us who stand helplessly on the tortured earth, it is intolerable."
 Rachel Carson dropped her research on the earth's past and investigated what chemical pesticides were doing to wildlife. What she learned convinced her that the public had to be aroused to action to insure the earth's future.
 In June, 1962, the first installment of *Silent Spring* appeared. Miss Carson was attacked by industry spokesmen and government agencies as a fanatic and a crank. But her facts stood up: Pesticides were killing fish, causing birds to lay sterile eggs and polluting streams and shellfish beds. Living

What One Person Can Do

What does it take to stimulate one person to change the world for the better? For Rachel Carson, writer and marine biologist, it took a letter from a friend about seven dead robins.
 Miss Carson had already achieved a global reputation with her books *The Sea Around Us*, *Under the Sea Wind*, and *The Edge of the Sea*. She was researching a book of reflections on the earth's formation to be called *Remembrances of Earth*, when she heard from a friend in Massachusetts in early 1958. A mosquito-control plane, the friend wrote, had sprayed nearby marsh-

THE BIBLE IS ABSOLUTE TRUTH

The Bible itself claims to be the "TRUTH" (John 17:17). That truth is ABSOLUTE: perfect, complete, whole, not mixed, pure, not conditional, certain, positive and definite; not dependent on anything else (II Timothy 3:15-17).

The Bible being inspired and revealed (Ephesians 3:1-5; I Corinthians 2:10-14) by God Himself by His Holy Spirit necessitates the Bible to be absolute and without error. God is ALL-KNOWING (Psalms 139) and He is incapable of LYING (Titus 1:2), therefore the Bible as the "word of God...word of truth" cannot contain a single error, contradiction or incompleteness as God gave it.

The Bible being "TRUTH" it is not RELATIVE: depending on circumstances and events. The truth which each person is to obey, because it has the authority of God Himself, does not depend on circumstances to determine what response you are to make. God is no respecter of persons (Acts 10:34), therefore in His truth the Bible, what He requires of another. The "way" one person becomes a child of God...a Christian is the same required of ALL men.

One way of thinking reveals that some people think that because there are so many different views held, in reference to what the Bible supposedly teaches, that NO ONE can say for sure what the Bible really does teach or that no one person has more of a relationship with God than someone else. But its argument is not sound, because the major premise is false. For example: the fact that 10 math students all have different answers to a given problem does not prove that NONE of them has the right answer nor can have the right answer.

Jesus said "to those Jews which believed on him, IF YE CONTINUE IN MY WORD, THEN ARE YE MY DISCIPLES INDEED: AND YE SHALL KNOW THE TRUTH AND THE TRUTH SHALL MAKE YOU FREE." John 8: 31, 32) Think on these things.

Lockney Care Center Happenings

By Laverne Christian
Well, we want to take time to let everyone know what all is happening up here. All our vacation people are back again and we are glad. We have three people going to LVN school this fall, so we have some new people with us. Mrs. Kellison and Mrs. Mattie Hamilton have

returned from the hospital for which we are thankful. They missed almost all the pea shelling, everyone always enjoys shelling peas and snapping beans. I would like to thank all the people for bringing the fresh vegetables to our residents. It is greatly appreciated. Also, there have been the

most beautiful fresh flowers for all of us to enjoy. Thanks to all who have shared with us.

All I can say about the devotionals is they have been great as usual and always a great blessing to each of us. We do appreciate all the people who take the time to come and share with us.

Till next time. . .

Crop Irrigation Expected To Expand

Crop irrigation is expected to increase some 3 million acres in the next 15 years. An estimated 40 million acres of cropland and pastures are now being irrigated in the western United States. In the future, however, USDA economic researchers see irrigation coming into use for fruit and vegetable crops in Florida and for cotton and rice crops in the Mississippi Delta states.
