Number 84

[Special To The Hesperian]
NEW YORK, Oct. 12 — What Federal expenditure takes three times as much from Floyd County residents, through the taxes they pay, than aid to education?

What is it that takes a bigger piece out of their tax dollar than Federal spending for veterans services, revenue sharing, housing and community development, space research and environmental protection, all combined?

The answer is — the interest on the national debt.

The interest costs are at a record level, nearly \$30 billion, by virtue of a big boost in the debt ceiling in May. The total debt is now at an astronomical \$495 billion, just under a half trillion.

The increase, requested by the Nixon Administration, was necessary so that the government could borrow money to meet its oncoming obligations.

Since \$495 billion is too colossal a sum to grasp, it is broken down for better understanding.

If it had to be paid off all at once and if everyone in the country had to chip in an appropriate share to liquidate it, Floyd County's contribution, based upon local population and income, would amount to \$18,563,000.

Since there is no plan to pay off the debt, of course, it presents no immediate problem. What is of concern, however, is the huge amount of interest that must be paid on it annually.

The \$30 billion that will be required during this fiscal year is second only to the cost of national defense, the budget shows.

Residents of Floyd County will be paying approximately \$1,125,000 toward these interest charges, in line with their normal share of the overall tax load. Per local family, the average is \$320.

The Federal debt has reached the point of being larger than the combined governmental debts of the rest of the world, according to Congressman H.R. Gross of Iowa. It has risen more in the last five years alone than in the previous sixteen.

Responsibility for the growth is attributed to deficit spending, year after year. The national government has grown so big that it takes \$9,500 every second to keep it going.

Lions Pancake Supper Friday

The Floydada Lions Club invites everyone to come to the Junior High Cafeteria between the hours of 5:00 and 7:30 Friday night to eat delicious Triticale pancakes with all the trimmings.

The proceeds of the supper will go to the Floydada Day Care Center, and tickets are \$1.50 for adults and \$1.00 for children under 14.

The Triticale pancake supper precedes the Tulia football game here.

then Vickers to Minner aerial for 41 yards and the ball was on the Longhorn 30 yard line.

A Vickers to Yeary pass was no good, Mickey Minnett dropped the next pass, Vickers missed Minner on the next pass attempt, then he completed a nine yard pass to Minnett, another incomplete pass to Minner, then the 20 yard pass completion to Minnett for the only Whirlwind TD with about two seconds left in the game. Vickers kicked the extra point and the game ended 13-7.

NOW FOLKS, LET'S ALL ATTEND QUARTERBACK CLUB MEETING AT 7 MONDAY NIGHT... ENCOURAGE THE COACHES AND TEAM TO GET BACK ON A WINNING STREAK.

TULIA HERE NEXT WEEK... NEVER SAY DIE!

Lockney is now 3-4 and Floydada 6-1 for the season. It was the first time Lockney had won the county championship since 1967.

Lockney Did What?!!

Lockney 13, Floydada 7

By Wendell Tooley

It was a quiet, unbelievable crowd of Whirlwind fans who filed out of Longhorn Stadium Friday night after seeing their number two state ranked team upset by a fired up Lockney Longhorn team that won the county championship and very likely the district championship.

The Whirlwinds seemed to be off balance all the way, the hard charging Longhorn line kept 'Wind quarterback Mike Vickers controlled in handling the ball, and until the last minute of the game almost completely covered up in pass attempts.

Floydada was behind all the way. At halftime behind 7-0 and also behind 8-5 in first downs. The final score was Lockney 13, Floydada 7. A last minute passing attack finally put the 'Winds on the scoreboard.

Lockney would have to lose two district games to Tulia, Idalou or Abernathy, while Floydada would have to win all three of these games to get to represent the district.

Costly penalties continually kept Floydada from mounting a scoring drive.

It was a happy night for new Longhorn coach Jim Warren.

FIRST HALF

Floydada lacked one yard reaching a first down after receiving the kick-off. Leslie Soto punted a long 63 yarder into the end zone.

Lockney came back strong with two first downs by fullback Dannie Foster, halfback Charles Sterling, and Jay Lackey making it on the ground. Quarterback Zach Cummings fumbled and Floydada had the ball on their 44. Malvin Collins and Kelvin Ratliff made a first down. Then Rex Yeary broke through down to the Longhorn 14 yard line. But a penalty brought the good gain back. Ratliff broke loose for a nice 17 yard gain, a five, a four (two first downs) another nine... the ball down on the Longhorn 18 but a costly personal foul penalty brought it back to the 33.

The Longhorn defense held and Soto punted a 35 yarder into the end zone. Lockney couldn't go and punted a short 23 yarder. It was the end of the first quarter 0-0.

Vickers kept for 8. Ratliff made a couple more for a first down. Almost another first down, and the ball went over to Lockney on their 27. Lockney offense began to roll... three first downs... to the 'Wind 36 yard line.

Then the first score of the contest, as Cummings hit Tony Gross in the end zone for a 36 yard pass and paydirt. Willie Mathis kicked the extra point, Lockney led 7-0 with 3:54 left in the first half.

A short 10 yard pass from Vickers to Donzell Minner was about all the 'Winds could do the rest of the half.

Freshmen And JV Lose To Tulia And Plainview

The Whirlwind Freshmen, lost to the Tulia JV 12-6 Thursday at Tulia. Tulia led 6-0 at halftime. Then in the third quarter the Floydada team tied it up 6-6 as halfback Rick Covington scored.

Tulia went ahead about two minutes before the game was over.

Coach Rainer and Welch praised Guy Ledbetter on offense, Jim Potts, Bill Starkey, Carmen Soliz, Jack Carthel, Rusty Cagle and Ricky Covington in defense. The Freshmen play Abernathy here next Thursday.

JV GAME

The Whirlwind JV just had more than they could handle at Plainview Thursday, losing 42-8. Coach Joe Paty said Gordon Bond scored in the second quarter and a pass from Jerry McGuire to Randy Ratheal was good for the other two points. He said that Steve Westbrook also turned in a good performance.

DONZELL MINNER takes a pass from Mike Vickers in the Lockney game. The Longhorn tackler has "Beat Floydada" on his helmet... and they did.

[Staff Photo by Keith]

Lockney made a couple more first downs on the ground attack.

HALFTIME

At halftime the Whirlwind Marching Band entered the playing field in concert formation from the Floydada side while playing the delightful "Fanfare."

From two straight lines, they formed two diamonds with the step two drill. From the diamonds the band went into a big "V", then back to diamonds and the "V" facing the other direction.

Then back to diamonds, to the straight lines, to one big diamond, then a cross, then a large square, while playing "King Size."

While in the square formation the band played "Make Me Smile" while the twirlers entertained the Floydada fans in front of the square.

Then the band formed the famous Whirlwind formation and marched off the field.

SECOND HALF

But Floydada fans still were not worried, there was plenty of time to pull the game out of the fire.

Lockney took the kick-off, marched the ball down the field with a good running attack, 19 and 10 yard passes. But Vickers intercepted a Longhorn pass on the ten and Floydada had the ball.

Yeary and Ratliff made one first down before Soto had to punt. Here was one of the bad breaks... Soto fumbled the ball, tried to run and it was

Lockney's ball on the 'Wind 15. The 'Wind defense held and Mathis missed the very short yardage field goal.

Floydada's ball on their 20.

Two costly 15 yard penalties and Floydada's Jay Lackey punted out to the 47. Lockney couldn't go against the stiffening 'Wind defense and punted a perfect boot... down to the two yard line.

Vickers passed a nine yarder to Minner, then a 15 yard Lockney penalty gave the 'Winds another first down.

Floydada was out on the 30 and Vickers was sacked by a strong Lockney defense and a loss of 21 yards. The ball back on the nine.

Ratliff gained back 14 yards, Vickers thrown for a six yard loss. Soto managed to punt out to the 41.

Lockney brought the ball back to the 30 where Cummings broke loose right through the middle for the second Longhorn TD. Mathis missed the PAT and Lockney led 13-0 with 7:38 left in the game.

Whirlwind fans still felt that the Mighty Green could save the game.

With strong running attack the Longhorns brought the ball back to the 'Wind 12 yard line where the defense finally held and the ball went over to the 'Winds on downs.

There was only 2:08 left in the game.

Vickers hit Yeary with a 13 yard aerial, he was sacked for a loss of five on the next play, Ratliff made five,

IN RETROSPECT, IT'S JUST my horseback opinion that we beat Lockney last year by one touchdown when actually, they had a better team. This year, I would say that they beat us one touchdown when we had a better team. I guess the difference is in who wants the game more.

I am anxious to get the official attendance report on the Lockney game. It looked like everyone in the county was there and a few from out of county.

LET'S TALK BOWLING — the Floydada DECA class reports that 62% of the telephone subscribers have been contacted on the bowling alley survey. Many calls were made to busy phones, or calls where people were not home. So... if you have not been contacted call 983-2340 from 11 a.m. to noon, 983-5235 after 5 p.m. or 983-5185 during the day... and "thanks", from the DECAS.

CONGRATULATIONS TO DOUGHERTY'S Dean Hinton, who showed the grand champion polled hereford at the state fair last week.

Statement Of Nondiscrimination

UNITED STATES DEPARTMENT OF AGRICULTURE
Rural Electrification Administration
APPENDIX A

Statement of Nondiscrimination

Lighthouse Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

LOCKNEY GENERAL Hospital Report

Oct. 10-17, 1974
Hazel Sneed, Floydada, admitted 9-13, continues care.

Floydada Youths Capture

Wins At State Fair
Several Floydada 4-H and FFA youths came home winners in the Stock Show

at the State Fair of Texas in Dallas this week. Dean Hinton, Floyd County 4-H member, showed the Champion Polled Hereford Steer in the Junior Livestock Show.

Other winners and their divisions included Joe Womack, FFA, third with his Dorset Pure Bred Lamb; Ray Hinton, FFA, 10th with a Suffolk; Nancy Lloyd, FFA, 1st with a Shropshire; Mike Marble, 3rd, with a Shropshire; Dean Hinton, FFA, 5th with a Southdown. In class 9, Shorthorn heavy weight steers, Dean Hinton took a 1B and Ray Hinton showed a 2R steer.

Car-Pickup Crash Kills Area Man

PLAINVIEW—A 77-year-old Flomot man was killed and his wife was seriously injured about 11:55 a.m. Thursday in a car-pickup crash on the northwest edge of Plainview.

Pronounced dead on arrival at Central Plains General Hospital was John Calvin Franks. He was driver of the car. Anis Pinkerton Franks, 71, was treated at the Plainview hospital after suffering a pelvic fracture, internal and head injuries. She was later transferred to Lubbock Methodist Hospital where she was listed in serious condition late Thursday.

Also injured was Enrique G. Perez, 45, of Olton Rt., Plainview, who was driver of the pickup.

Perez suffered chest injuries and severe facial lacerations and was listed in satisfactory condition in Central Plains General Hospital. His wife, Jesusa, 33, and his two-year-old daughter, Maggie, were treated at the hospital and released.

Officers at the scene of the wreck said the Franks vehicle was travelling south on an exit ramp on Interstate 27 and the Perez vehicle was headed west on Texas 194 at the time of the crash.

Funeral arrangements for Franks were pending at Seigler Funeral Home in Matador.

Association of Nurserymen

DALLAS—Some 1,500 plants and a waterfall will turn the Texas Association of Nurserymen's exhibit into a garden at the Texas Department of Agriculture Food and Fiber Pavilion at the State Fair Oct. 4-20.

According to Agriculture Commissioner John C. White, plants will include mums, yaupon holly, dwarf Chinese holly, phytizer juniper and purple plum trees.

THE DALLAS COWBOYS' SUPER WIVES

Bobbi Field's approach to football is unique and personal. Her excellent book, THE DALLAS COWBOYS' SUPER WIVES, focuses on the Super Bowl VI Champion Wives (and their families) who stand behind the super stars.

There has always been plenty of information available about the Cowboys. Until now, there has never been a detailed view of the family life that supports each player's efforts on and off the field. Bobbi Field's book takes the reader into the homes of some of the most popular women in Texas. As each wife describes her childhood, her courtship and the details of her wedding, the reader seems to be enjoying a personal chat rather than reading just another interview. Included in this 286 page volume are the favorite recipes of the Cowboy wives. The last part of the book is a concise Primer to Football for women. It explains the fundamentals of the game and provides a simple dictionary for defining terms. By the conclusion of The Dallas Cowboys' Super Wives, the reader will feel a close admiration for these varied women - along with a better understanding and greater respect for the football team as a unit, and for the sport itself.

If you are a Cowboy fan and want to complete your picture of them as whole persons with delightfully warm families, order your copy of The Dallas Cowboys' Super Wives today. Mail your order and your checks, payable to this newspaper at the rate of \$6.95 per copy, plus Texas sales tax .35 cents. Your order will be shipped direct to you from the publisher.

Needed In West Texas

over a year ago on August 1, 1973. The West Texas Chamber of Commerce formally called for a reinstatement of the bracero program and, at that time, urged the West Texas members of Congress and the two Texas senators to work for the establishment of a workable program. The 132 West Texas counties produce approximately 55% of Texas agriculture income and using this percentage as a projection for the state, it would seem to indicate that Texas agriculture might be able to use as many as 100,000 bracero agriculture workers.

The survey was made as a direct result of a newspaper wire service story on August 7 from Mexico City quoting the American Embassy's reply to the Mexican Government's request for reinstatement of a bracero-type program. The American position was outlined in

a press statement issued by the embassy in reply to the Mexican proposal for an agreement on June 19. The American press statement noted, "very limited numbers of imported workers are needed by the United States....There exists a serious unemployment situation among farm workers in the United States...."

In his letter to President Ford, the WTCC executive vice president stated that "the results of the survey would seem to indicate that the American Embassy in Mexico and people close to agriculture in West Texas hold two widely different views on the availability and need for agriculture workers."

President Luis Echeverria of Mexico has been quoted in a recent newspaper wire service story from Harlingen that "he would like to send as many as 300,000 workers to the United States."

In another wire service story from Mexico, President Echeverria announced in Mexico City that he soon will meet with President Ford at the Mexican-American border to discuss American migrant workers in the United States. "We will discuss the bracero problem," Echeverria said. "Because of this announced meeting between you and President Echeverria, and the upcoming discussion on the bracero program," Mr. Godfrey wrote, "the West Texas Chamber of Commerce felt the survey results would be helpful to you."

Accompanying the letter were supporting data and material on the actual survey which included a map of the service area of the West Texas Chamber of Commerce; a sample survey form; a tabulation of the returns by Texas counties; and some unsolicited comments returned with the survey.

Laws and commandments, in some people's opinions, were made to guide some other fellow.

School should be more than a-b-c factories, with frills adapted to higher grades.

FARM REVIEW

SILVERTON YOUNG FARMERS HELP START ORGANIZATION IN HAPPY

Four members from the Silverton Young Farmer Chapter went to Happy Thursday, October the third to help that community to start a Young Farmer Chapter of their own. Those that helped to explain the purpose of the

pective members and the advisor present that night. Those present there that night decided to wait until the tenth of October to charter, the Happy Young Farmers chartered with 13 to 14 members.

Tobe Riddell and Calvin Shelton from Silverton and Howard Smithson from Dimmitt along with the two Young Farmer advisors from Dimmitt went back to Happy Thursday night to help assist them further.

Those that went from Silverton to help Happy were: G.W. Chappell, Dan Herrington, Tobe Riddell and Calvin Shelton.

Young Farmers were, Calvin Shelton, Area I President, Don Moore, Area I Vice President, and Howard Smithson, State Vice President. Moore and Smithson are from Dimmitt and Shelton from Silverton. There were seven pro-

The Board of Directors of Plains Cotton Growers, Inc. at its quarterly meeting in Lubbock October 9 resolved to (1) work for improvements in the Commodity Credit Corporation loan program and other cotton program regulations on the 1975 crop, (2) "come down hard" on President Ford's recent interference with U.S. grain exports and (3) to exert all possible PCG influence toward assuring equitable State taxation of High Plains farm lands.

Board members from the 25 area counties represented by PCG also heard Dr. Jarvis Miller, Director of Texas Agricultural Experiment Stations, report that the 11-year old boll weevil control program initiated by PCG has returned to producers over \$75.00 for every dollar of producer investment in the program.

Miller drew his conclusions from a two-year "cost-benefit" study of the program made by Texas A&M University in cooperation with the National Science Foundation and the U.S. Department of Agriculture. The study shows a round figure cost to High Plains cotton producers of 5.5 million dollars over the 11 years. Returns to producers, in the form of control cost savings and yield and quality preservation, are estimated at about \$430 million.

Board action on the 1975 cotton program included reaffirmation of PCG's request that the 1975 CCC loan be set at the highest possible level consistent with the language of the law, and that it be announced before November 1 without being subject to change during the marketing year.

In 1973 USDA announced a "preliminary" 1974 loan in late August, but the loan was not finalized until July of 1974. PCG and virtually all others in the industry outside government contend there is no justification for this procedure under current law.

Donald Johnson, PCG Executive Vice President, reported that the PCG staff, in accordance with previous Board directives, was continuing to seek removal of inequities in the administration of the current program's disaster provisions and was soliciting assistance in this regard from other Cotton Belt organizations. "We hope to go to Washington before the start of the 1975 crop year with a detailed list of the problems that arose in 1974, reasonable suggestions for resolving those problems, and a broad base of support for our suggestions," he said.

"A political action restricting markets for agricultural commodities" was the label placed by the PCG Board on the cancellation October 7 of a 125,000,000 bushel grain sale to Russia at the insistence of President Gerald Ford, and the Board resolved to voice strong objections.

Past PCG President Don Anderson of Slaton said, "We cannot be expected to operate in a restricted market with restrained prices for our commodities if the markets and prices for our production inputs are unrestricted."

Chairman of the PCG Board Ray Joe Riley of Hart called attention to the fact that what is considered inadequate financing of public education in Texas is bringing out a rash of proposals for ad valorem tax reform, which led to adoption of the following resolution:

RESOLVED, that PCG work to the end that assessment of agricultural land for tax purposes continue to be done at the county level in accordance with Article 8, Section 11 of the Texas Constitution, and to assure that such land will not be taxed in excess of taxes levied on other assets subject to taxation within the State.

Silverton Young Farmers Meet

The Silverton Young Farmers met Thursday night in the Ag building at 8 for a regular business meeting. If the weather turns off bad the club is to meet at the show grounds to tear down the screen and the concession stand. All members are asked to be there if at all possible. A committee was appointed to look into the possibility of having a booth at the L.O.A. Carnival.

A report was given on the trip to Happy to help that town in organizing a Young Farmer Chapter there. Calvin Shelton and Tobe Riddell returned there Thursday night to help assist them further in this project.

Those Young Farmers attending the meeting Thursday night were G. W. Chappell, Harvey McJimmey, Jimmy Myers, Dan Herrington, Charlie Parker, Dwain Henderson, Donald Perkins, Cecil Jones, Joe Bennett, Fred Minyard and Bill Rumpy, advisor.

The fellow who always knows the answer, in positive form, has finished learning.

The bad luck that you grumble about is probably the direct result of your own activity.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
 John C. White, Commissioner

Price Differences . . . Demand for Bees Up . . . More Red Meat . . . Rains Slow Harvest

COMPARATIVELY, prices farmers receive for their products now are much better than they were seven years ago. The difference in the farm picture is that the prices the farmer pays for production inputs are so much higher. They give every indication that they are going higher while the prices he receives are going down. In 1967, a farmer received \$1.51 a bushel for wheat, \$1.42 a bushel for corn, \$5.03 per hundred for rice and 18.5 cents a pound for cotton. Prices on those products September 15, 1974 were: \$4.18 for wheat, \$3.31 for corn, \$10.60 for rice, and 42.5 cents for cotton. Last year, the banner year for prices to farmers, wheat was \$4.47 a bushel on September 15, corn \$2.41, rice \$13.70 a hundred, and cotton 44.2 cents a pound. On the other hand, everything the farmer consumes is up and continues to go up. As one dairyman said at the recent Stephenville meeting, tractors went up \$3,800 a year and baling wire that used to cost \$10 a roll now costs \$65 and is hard to find. Additionally, mixed dairy feed on September 15, 1973 was \$127 per ton and was \$155 a ton on September 15 this year. Laying feed is the same as it was last year, \$160 a ton.

A WEEK OR SO ago, some TV newsmen reported that the demand for honey bees is up and that the cost of a queen bee has gone up from about \$1.50 to \$5 or \$6. Texas has approximately 15 queen bee breeders who ship queens, mostly by mail, all over the world. It is estimated that there are 100,000 bee hives in commercial apiaries this year in Texas, and the yield of honey is expected to be 65 pounds per colony, or about 6,500,000 pounds, compared to 5,673,000 pounds last year and 7,776,000 pounds in 1972. Bad weather reduces honey making, as it did this year.

TEXAS CROP and Livestock Reporting Services reports that Texas produced 1,545,000,000 pounds of red meat (in its commercial slaughter plants) which was six per cent more than for the same eight months of 1973. That included 2,472,000 head of cattle (up six percent from the same period in 1973), 139,000 hogs (down 12 per cent), 985,500 sheep and lambs (3,000 head more than for the same period in 1973). In August, 342,000 head of cattle were killed, the same amount as in July but 18 per cent above August, 1973. Rains have made pastures better all across Texas, and most livestock will go into winter in good condition. Wet weather damaged some hay but hay baling is still active in some areas.

THE RAINS slowed down harvest over much of the State and also the seeding of wheat and oats. Wheat seeding is estimated at 55 per cent complete and oat planting at about 30 per cent. On the Low and High Plains, early stands of wheat are making good growth. Some army worms have been reported in early oats. Cotton harvest was almost stopped the first week of October by bad weather, but harvest was estimated from 20 to 25 per cent complete, compared to about 15 per cent complete at the same time last year. Harvest of the second crop of rice is getting underway, sorghum harvest is more than half complete, and peanut harvest is about a third complete. Sorghum harvest is on about the same schedule as last year but peanut harvest is behind. Corn harvest is about 50 per cent complete over the State, and some early fields of soybeans are reported ready for harvest along the Upper Texas Coast and in East Texas. Early varieties of pecans are being harvested in Central and South Central Texas.

Texas Poultry and Eggs

DALLAS--Mechanical eggs will hatch by the minute at the Poultry and Egg exhibit, producing baby chicks for viewers at the State Fair Oct. 4-20.

The display, part of the Texas Department of Agriculture Food and Fiber Pavilion, will also include colorful crepe paper turkeys and "stretch your dollar" information utilizing broilers.

Poultry products will be incorporated with an antique egg washer and old-fashioned wooden egg cartons, planned to tie in with the fair's Old West theme.

17 Spaces Left For Names On Memorial Wall

Only 17 more spaces are available for memorial plaques for qualified persons on the Pioneer Memorial Wall of the Floyd County Museum. Memorial plaques may be purchased at the museum for citizens who lived in the county before 1926.

Directors were elected for the Museum Board at their regular quarterly meeting October 7. These included Mrs. Virginia Taylor, Precinct 2; Mrs. Marjorie Hollins and Maurice Steen of Precinct 4; Joe Parrish of Lockney, Mrs. Melvin Henry, Mrs. Ted Bell, Mrs. Q. D. Williams, Aaron Carthel and Bob Jarrett were

elected members at large. Jim Word reported on Floyd County history with the McKenzie Campaign of October 10, 1874. The century before that, Pedro Vial came through Blanco Canyon in 1794, establishing a trail from Santa Fe to Nacadoches. A county-wide Bi-Centennial committee will be formed when the Museum Board meets with new officers in January, 1975, to plan displays and activities for a local celebration of the National Holiday.

Board members attending the meeting included Mmes. Billy Colston, Ed Wwester, Don Marble, Billy Stanforth, Q. D. Williams, also

Ted Bell, president, and Fred Cardinal, Jim Word, J. D. Copeland, Gerald Lackey, Joe Parrish, and two visitors, Mrs. Fred Cardinal and Mrs. Gerald Lackey.

Following the business session, directors and guests toured the exhibit which featured Floyd County artist of the month, Mrs. R. C. Kellison.

Athena Junior Study Club Meets

Athena Junior Study Club, a member of Texas Federation of Women's Clubs, met Thursday night week in the home of Mrs. Eugene Owens with Mrs. Dub Hallmark serving as co-hostesses. The invocation was given by Mrs. Doug Bowles, with Mrs. Raymond Lusk leading the club pledge.

Roll call involved every member responding with a Poetry Contest entry. Selections included inspirational, bi-centennial, and contemporary theme. The poems will be judged locally and then sent on to regional and state competition. The latter portion of the program entitled "tran-QUIL-ity" was a quilting party by Mrs. Roy Turley, Arts Chairman. She presented quilting pieces of red and white gingham to each with instructions for each design. The squares are to be completed by Valentine's Day, and the quilt will result in a large "Hearts and Flowers" design. Later it will be sold to benefit club projects.

Club members then presented the club's new "Mother" with gifts, Mrs. Raymond Lusk, mother of "Jayson."

Mrs. Loyd Widener Jr. then presented a "Speak Out" for the Home Life Department, outlining the goals of this administration. Mrs. John Peck, Americanism chairman, announced one of her "Poll Power" projects, distributing voter registration forms to 18 year olds was completed. Mrs.

Shower For Mrs. Pierce

A miscellaneous bridal shower was a courtesy Saturday to Mrs. Kirby Pierce of Floydada. The honoree is the former Greta Zachary of Lockney.

The shower was held in the Lockney home of Mrs. Hilburn Casey. In the receiving line were Mrs. Pierce, her mother, Mrs. Rudy Zachary and her mother-in-law, Mrs. Neil Pierce. They all wore white mum corsages.

Guests were registered by Miss Tanya Pierce, sister-in-law of the honoree. An arrangement of fall flowers

graced the registering table. Refreshments of fruit punch and cookies iced in pink and white were served by Mrs. Tom Marr and Mrs. Dub Mercer. The serving table was covered with a white cloth overlaid with white lace. Crystal appointments and an arrangement of fall flowers completed the table setting.

On the hostess list were Mmes. Casey, Tom Duvall, Marr, Jeff Terrell, Mercer, Berl Rogers, Larnee McCain, Harmon Handley, Bill Glascock, June Bybee, Vern Taylor, Kelton Shaw, Danny Dorcas, C. L. Henderson, Paul Teuton, David Jackson and Glen Cooper. Their gift to Mrs. Pierce was a toaster-broiler oven.

Lockney FTA Completes Tom-Wat Sale

The Future Teachers of America Club at Lockney High School has recently concluded its third annual sale of Tom-Wat items. Sales of over \$2000 were made, with profit to the club expected to be about \$800.

Officers of FTA attended a leadership training conference in Crosbyton the last of September. State advisor

Miss Vatra Solomon was present. Plans were discussed for the district convention in Denver City Nov. 9. The LHS chapter will be responsible for leading the yearbook and scrapbook workshop. Eileen Foster will be a candidate for district parliamentarian.

Officers of the local club are Anna Murdock, president; Mitzi Terrell, vice president; Donna Spencer, secretary; Cinde Christian, treasurer; Martin Stoerner, chaplain, and Mike Mathis, sergeant-at-arms.

Good Old Days?
If Patrick Henry thought taxation without representation was bad, he should see it with representation.

-Outpost, Key West.

Insanity
The reason some people are overweight is because at times they go starch craving mad.

-Record, Columbia, S.C.

Clubwomen On Program

Members of Lockney's two junior study clubs, Il Penseroso and Athena, participated in the Caprock District Fall Workshop Saturday week in Floydada.

On the program were Linda Terrell, district education chairman; Jan Mize, district arts chairman, Pat Thornton, district public affairs chairman, and Virginia Taylor, chairman of the Golden Rule, a newly-formed district committee.

Representing their clubs were Sandra Turley, Shelia Poole, Virginia Taylor, Sue Zorger, Sheree Cannon and Jan Mize of Athena; Jackie Holt, Barbara McCormick, Cheryl Teeter, Pat Thornton and Linda Terrell of Il Penseroso.

FLOYDADA CARE CENTER BIRTHDAY HONOREES - Thursday, Mrs. Wood, left, who observes her 80th birthday this month; Tom Shaw, center, who is 70; Mrs. Anderson, who is 90. Not pictured is Mrs. Nancy Thomas, who observes her 80th birthday this month.

FLOYDADA Rest Home Birthday Party

October is such a lovely month
For a SPECIAL celebration...
We'll have a lovely time today
With the greatest of elation!
Mr. Anderson we first will greet...
...He's seen a lot of life go by...
Some slowly and some with cheers.
A lovely lady is Mrs. Thomas
...Her friends all call her Nancy...

She loves the pleasant things of life
But, NO THANK YOU! nothing fancy!
Mrs. Minnie Wood we know...
Counts on from '94...
She still is young, as ages go...
And years? she'll have lots more!
Mr. Shaw still looks at life As a challenge day by day...
He may be slowed by "this and that"...
But he'll make it anyway!
For these people we must sing
The good old birthday song...
So get your voices all atune
And come out good and strong!
Thursday afternoon, Oct. 17, women of the City Park Church of Christ.

New Arrivals

Mr. and Mrs. Steve Ferguson, Route 1, Floydada, are parents of a daughter named Stacy Elan, who was born Sunday, October 13 at 1:32 a.m. in Central Plains Hospital in Plainview. The baby weighed six pounds, six and one-fourth ounces at birth. The father is employed by the Texas Highway Department in Floydada.

Grandparents are Mr. and Mrs. Leon Ferguson and Mr. and Mrs. W. E. Marrs, all of Floydada. Mrs. W. B. Marrs of Abilene and Mrs. C. C. Luttrell of Claude are great grandmothers of the new arrival.

Christy Stringer To Sing During Europe Tour

Christy Stringer, FHS junior, has been selected as one of the "Continental Singers," and will be touring Europe with the group in summer of 1976.

Christy auditioned for the group after they performed at the First Baptist Church in the fall.

After auditioning, Christy was asked to send a tape of her singing, a resume of her musical background, from her pastor and music teachers. She received word of her acceptance Oct. 7.

The tour will include stops in Los Angeles, New York, Switzerland, Austria, Southern France, Germany and Holland.

"Although I could go in 1975, I don't plan to go until 1976. The trip will cost over \$2,000 and I can use more time to raise money for the trip," commented Christy.

Chamber Women To Meet Oct. 21

Members of the Floydada Chamber of Commerce, Women's Division are reminded of their regular meeting Monday, October 21 at 7 p.m. in the community room of First National Bank.

All members are urged to attend. Guests are also invited.

Job Corp Provides Job Training Opportunities For Young Women

The Job Corps program is currently providing job training opportunities for young women, ages 16-21 from Floydada. Young women interested in applying for the Job Corps program are requested to talk with their local Texas Employment Commission Office at the Courthouse Annex.

Most young women entering the Job Corps program from Texas are enrolled at the McKinney Job Corps Center in McKinney, Texas. The Center, which provides twenty-eight different job training programs, is located thirty miles north of Dallas.

Vocational offerings at the Center, which are available to any young lady from Floydada, include Bus Girl/Line Server, Waitress, Cook's Helper, Baker's Helper, Short Order Cook, Fry Cook, Dietary Aide, Advanced Cooking, Nurse Assistant, Ward Clerk, Nursing Home Nurse Assistant, Manicurist, Wig Dresser, Cosmetologist, Cashier-Checker, Sales Clerk, Stock Clerk, Credit Clerk, Receiving Clerk, File Clerk, Receptionist, General Clerk, PBX Operator, Key Punch Operator, Clerk Typist, Accounting Clerk, Transcribing Machine Operator, and Telegraphic-Typewriter Operator.

The Job Corps Center in McKinney, which has long been rated as one of the outstanding Job Corps Centers in the nation, is operated by the non-profit Texas Educational Foundation, Inc., under contract to the U.S. Dept. of Labor, Manpower Training.

As of Oct. 1974, McKinney has trained over 200 young women in twenty-eight training programs. The McKinney Center is a growing job training center that has trained 5,600 young people in productive job training programs.

Among the success stories of McKinney are a Blue Cross building in Dallas, Blue Shield building in Dallas, a Direct program in Dallas, women in department stores, Elizabethan Center in McKinney, Texas. Recently graduates were placed in various jobs.

FLOYD COUNTY 4-H NEWS

By Leanne Ferguson and Shonda Fulton

The 4-H Home Improvement Group met Monday, Oct. 14 at Kaye Finley's house. Shonda Fulton and Leanne Ferguson prepared the lesson on money management.

Present at the meeting were leader Kaye Finley and members, Shonda Fulton, Leanne Ferguson, and Clay Hamilton.

Tennis Club Meeting Tuesday Night

All members of the Floydada Tennis Club are reminded to attend the meeting Tuesday night at 7:30 p.m. in the Lighthouse Electric Community Room.

President Maurice Goodwin reports an exciting meeting, so don't miss it.

FLOYD PHILOSOPHER

Reads Rockefeller Statement And Is Amazed At What He Finds

Editor's note: The Floyd Philosopher on his Johnson grass farm tries to read a financial statement this week, we suppose. Dear editor:

Human nature being what it is, people have a natural curiosity about other people's money, such as how much you reckon ole so-and-so is really worth, did you hear what's his name has borrowed his limit at the bank and is having trouble paying his bills? Things like that.

So naturally nearly everybody in the country was interested in how much money Nelson Rockefeller has, and many were delighted to have him nominated for Vice President just to find out. Rockefeller was pleased too because up to now he wasn't sure how much he was worth either.

Anyway, just to be doing, I read his financial statement which all the newspapers published and despite the fact he has a net worth of 218 million dollars or 116 million or something, more or less, depending on what stocks are worth today, the price of cattle in Argentina, what you can get for vacant lots

in New York, paintings by the old masters, and that sort of thing, still, down at the bottom of one column under Liabilities was: notes payable, \$1,667,600.

I nearly fell over. You mean to tell me that Rockefeller owes money at the bank? Does he buy on time? I knew times were hard and money tight, what with inflation and all, but I didn't know we were in that shape. I guess we've all got our problems.

Speaking of hard times, I've been reading articles lately saying inflation is world-wide, that the entire human race is faced with run-away inflation and if it isn't brought under control total economic collapse is staring us in the face.

All right. Say it happens, everybody and every country goes under. What I want to know is, if the whole world goes broke, who gets title to the property? It's something to think about.

Yours faithfully,
J.A.

What's the oldest sport known to man? The answer is archery, which started long before Robin Hood. The sport is older than the wheel and axis!

OBITUARIES

MARY TURNER

Services were pending Friday in Wood-Dunning Funeral Home for Mary Turner, 79, sister of Mrs. Edna Hunter of Floydada, who died Thursday afternoon in Central Plains Hospital after a two month illness.

She had been a resident of Plainview since 1969 moving there from Kress.

Survivors include another sister, Mrs. O. C. Campbell of Kress and three brothers, John and Albert Turner, both of Kress and George Turner of Bovina.

FLOYD DATA

A. V. Womack was conveyed to Lockney General Hospital Friday morning by Moore-Frisco ambulance. He is reported to be under medical treatment.

FLOYD DATA

Mrs. V. D. Turner and daughter, Mrs. LeRoy Burns spent Friday night in Iowa Park with Mrs. Burn's daughter, Mrs. Clifford Hacker, then went on to Mustang, Okla., Saturday where they are visiting Mrs.

Floyd County Hesperian

Turner's brother, Ira Medley and family. Mr. Medley recently underwent surgery and is now convalescing at home.

One Woman--Her husband was a judge, wasn't he? Another--Everyone thought so until he married her.

Some African tribes believe that magic can be worked against them if their footprints fall into the wrong hands.

NOTICE!

Will daughter's fiance stay clean?

By Abigail Van Buren

DEAR ABBY: Our daughter, whom I'll call Betty, is 26, a college graduate and has never given us a moment's worry—until now. Betty wants to marry Ron, a 34-year-old college professor who has used LSD off and on for three years. She said Ron promised to give up drugs three months ago and she is sure he will keep his promise. (Betty has never used drugs.)

Betty's doctor advised her not to risk having children because of her fiance's history with LSD, so she intends to remain childless or adopt. Naturally, this hurts us deeply.

We think Betty should wait and make Ron prove himself before marrying him. So far we have avoided meeting him, which has made Betty very cool and distant to us.

We don't want to attend her wedding, let alone foot the bill for it. Are we wrong? BETTY'S PARENTS

DEAR PARENTS: Yes, I can understand your concern and heartache over the fact that your daughter has chosen to marry a man who has been into drugs, but at 26, she's an adult and is entitled to make her own decisions—right or wrong.

Meet Ron. It will improve your relationship with Betty immediately. Don't foot the bill for a wedding if you don't want to, but do attend. It's entirely possible that Ron will stay clean. I hope so. Think positive.

DEAR ABBY: Every time I buy my husband a gift, his mother says to me in front of company, "You didn't buy him anything. It was bought and paid for with HIS MONEY."

You see, I have never worked outside the house, but I am raising four children, and I keep a clean house and cook good meals and I've made the children's clothes and my own since they were tots.

What do you say? Do I earn any of the money I save from the household allowance he gives me, or not? WONDERING

DEAR WONDERING: You probably "earn" a lot more than you get.

DEAR ABBY: My formerly favorite nephew who lives in another state was married last June. I sent him a generous check for a wedding gift. I heard nothing from him, but noticed that when the bank sent my cancelled checks, the above-mentioned check was among them.

Isn't it customary for people to write thank-you notes for checks?

I recall how I laughed when I read in your column that a bride and groom had received a check for a wedding gift, and on the back they endorsed it and scribbled, "Thanks." Not a very proper thank-you, but I was more than I got. TICKED OFF IN TULSA

CONFIDENTIAL TO "CRIED A RIVER IN HOUSTON": A woman who can manipulate a man by shedding a few tears has a fortune in liquid assets. Don't overdo it.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

Praying To A Mighty God

"Call unto me, and I will answer thee, and show thee great and mighty things, which thou knewest not." Jeremiah 33:3.
Outside of salvation, God has not given us a greater blessing than the privilege of prayer. I have a little note written in the front of my Bible that reads like this, "We have really learned to pray when we realize that prayer is a privilege rather than a necessary duty." The Lord wants us to pray. As an earthly father is desirous to answer the request of his children, so much more so is our Heavenly Father anxious to hear and answer our prayers. Jesus points out this idea very emphatically in his own words as recorded by Luke.

"Ask, and it shall be given you; Seek, and ye shall find; Knock, and it shall be opened unto you." Luke 11:9.
As we look to the Word of God as recorded in Jeremiah 33:3, we immediately see four things that He tells us.

First, He would have us see the simplicity of prayer. "Call unto me." There are so many mistaken ideas about form, eloquence, much talk, emotion, and other things concerning prayer. It seems that this is about as simple as God could make it for us. Simply speak to me.

Second, the certainty of prayer. "I will answer thee." It has been pointed out that the answer God gives to our prayers may not be as we had expected it. Sometimes He answers yes—sometimes no—and sometimes not yet, later on. One thing, however, we may be certain that He is a responsive God. He hears—He knows our needs—He answers for our good and His glory.

Third, the discoveries in prayer. "And show thee great and mighty things." We discover strength and courage, in and through prayer that we never knew before. As we read God's Word and secular history as well, we see that truly great men were men of prayer. Prayer unleashes the power of God to work through us.

Fourth, the mysteries of prayer. "Which thou knowest not." No man understands all about prayer, but those who have prayed know of its results. Paul said on one occasion, "Hereby, do we know." He knew by experience. God will do for us through Christ what man cannot do for himself. Man's greatest potential is through prayer. Try it—God will bless your life through this fellowship.

Lockney Care Center Happenings

By Maria Arellano
My—how time flies! Once more it has been a wonderful week, so exciting, so full of sharing.

This past week we see once more the very many people coming to our Center, and sharing during devotional time, giving of themselves to others. Giving of ourselves can really be a great joy. Through this we can see how alive God is today, just as alive as in the days of the Bible. Working in the lives of people today, as before.

Did you know that we have a very enthusiastic person at our Center? Jeanie Sicking who has spent many hours as a volunteer this week, helping us decorate our halls and lobby. She has done so many more things to help the residents and us all. Thanks, Jeanie, we love you. We have had a great many

things given to us this past week. Thanks to Mrs. Archie Payne for the purple and green cabbage and onions, also thanks to Juandell Giles for the big bag of material scraps. What beautiful dolls these make; and flowers. I have never seen so many pretty colors and assortments, as what we now have. Thanks to Mrs. John Carthel, Bulah Roberson—what a green thumb they have!

This week we have a new resident, Dora Harris. So happy to have her with us. Maude Kellison went out Friday with her son, Earl Mr. and Mrs. Dee Witt Burke went out Friday also to their daughter's, Mrs. Cates. Mamie McGee went out Sunday with her husband for a few hours. Mr. T. J. Cardinal went home for the weekend with his

brother, R. A. Cardinal, who was visiting them from Boiling, Texas.

Eula Thornton went out to get her hair fixed. Leo Leal had his daughter and son-in-law Telesforo Chapa and friend, Octavio Ortiz, from Orange Grove, Tex. visiting him Monday afternoon. Then he went home Wednesday with his wife and granddaughters for a few days.

On Tuesday Bettie Lester's daughters came to take Bettie, Myrtle Burke and Elsie Woodall out for lunch. Mary Reeves went out to The Beauty Shop with Lena Brotherton.

Last Friday Mattie Hamilton celebrated her 91st birthday with a party given by her son and daughter-in-law, Juriel Hamilton and daughter, Mrs. W. W. Woods. They brought homemade ice cream and cake. Most of our residents were able to attend the party, at the dining room. She was so excited. On Monday, another daughter and son-in-law came to visit her. Mr. and Mrs. Andie Anderson from Hooks, Texas.

On Farmers Increasing As Production Expands

... called that will help them decide whether to request clearance of the chemicals for commercial sale and farm use. In Ohio this year, 15 farmers from throughout the state are participating in a beef cattle demonstration program. Each will provide 25 or more beef cows to be bred to production-tested bulls. The cows will be maintained from the production of 60 acres of meadows and pasture. Purpose of the demonstration is to help farmers produce more grass, keep more beef cows, and earn more dollars. Through application of fertilizer and lime based on soil test recommendations, higher grass yields are expected to allow for expansion of beef cow herds and result in a more profitable enterprise. Cooperating farmers are required to keep complete records to determine crop and livestock production, as well as annual expenses and income.

WHO KNOWS?

1. Name the flower and stone for the month of October.
2. When did the Chicago fire start?
3. The Graf Zeppelin arrived in New York on what day in 1928?
4. When was the Mason-Dixon line settled?
5. What tree has three distinct types of leaves?
6. What is the Pentateuch?
7. Which continent has no desert areas?
8. Name the American colony founded by James Edward Oglethorpe?
9. Name the Buckeye State.
10. Who said, "A loving heart is the beginning of all knowledge"?

Answers to Who Knows

1. Flower, Calendula or Cosmos; stone, Opal.
2. October 8, 1871.
3. October 15.
4. October 18, 1767.
5. The Sassafras Tree which is very colorful in fall.
6. The first five books of the Old Testament.
7. Europe.
8. Georgia.

10. Thomas Carlyle.

Producing More Protein

Ten years ago, the United States produced 45 percent of the world's 38 million tons of oilseeds and protein meals. This year, world protein production is expected to jump to nearly 66 million tons—with the U.S. producing over half of it.

Longer Winter Naps Prescribed For Pests

Bears aren't the only creatures on earth that hibernate. Insects do, too. And if a practical way can be found to prolong insects' sleep by another month, it could mean a new era in agricultural pest control. Scientists already have succeeded in putting some insects in and out of dormancy almost at will in lab tests at the University of Missouri-Columbia.

Recent research by Missouri Entomologist G. M. Chippendale uncovered the secret of why one pest—the southwestern corn borer—goes into its winter nap. It's a minute amount of a substance called a juvenile hormone that's secreted by a tiny gland in the corn borer's brain. Prior to Chippendale's finding, scientists thought dormancy occurred because an insect's hormone activities can increase cucumber yields from two to three times. As a result of this finding, most cucumber growers in Maryland now rent two colonies of bees per acre from apiculturalists.

HAVE FUN ... WIN PRIZES

\$15 IN CASH PRIZES EACH WEEK

FOOTBALL CONTEST

HESPERIAN

AND QUARTERBACK FORECAST

DEADLINE FOR ENTRIES - 5 P.M. FRIDAY IN HESPERIAN OFFICE OR POSTMARK

CONTEST RULES:

Anyone can enter except the employees of the Hesperian. Three cash prizes are given each week - ties will split prize money. Members of the sports department are sole judges of the contest and their decision is final.

It is not necessary to indicate scores on all the games....But score must be indicated on the tie breaker game at right.

Simply circle the team you choose to win in each of the footballs. Deadline for submitting entries is 5 p.m. Friday - winners will be announced the following week. Enter as many times as you wish, print name and address plainly on blank below and mail or bring entire page to The Hesperian office

Tie-breaker game will be considered only in case of ties.

Five Floyd Rural Accidents In September

The Texas Highway Patrol investigated five accidents on rural highways in Floyd County during the month of September, 1974, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for this county during the first nine months of 1974 shows a total of 37 accidents resulting in five persons killed and 15 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September, 1974, shows a total of 471 accidents resulting in 17 persons killed and 213 persons injured as compared to September, 1973 with 601 accidents resulting in 24 persons killed and 364 persons injured.

This was 130 less accidents, seven less killed, and 151 less injured in 1974 at the same period of time.

The 17 traffic deaths for the month of September, 1974, occurred in the following counties: two each in Lipscomb, Moore, Par-

mer, Haskell and Parker; and one each in Castro, Deaf Smith, Hartley, Oldham, Randall, Hale and Lamb.

DPS Salaries Up To \$820 Month

A training school for 110 new State Troopers with the Texas Department of Public Safety will start February 11, 1975. Major C. W. Bell, Regional Commander, announced today.

"We have several new benefits to offer qualified applicants," Bell said. "For instance, the pay during training is \$651.00 per month. Upon commission this salary is increased to \$743.00 per month; after six months of law enforcement duty this is elevated to \$768.00 and further advanced to \$820.00 upon completion of twelve months' law enforcement experience."

"Also our selection methods are more liberal, and qualified female applicants are now being accepted for the uniformed services of the DPS. In addition, the Department has been increasingly successful in hiring persons from minority groups."

To qualify for employment in the uniformed services of the DPS, an applicant must be between the ages of 20

and 35; good moral character; excellent physical condition; weight proportionate to height; visual acuity of 20/40 correctable to 20/20; a citizen of the United States; and a minimum of sixty semester college hours.

"Among the many benefits that troopers enjoy," Bell pointed out, "are two weeks' annual vacation; all holidays provided for by the Legislature; modern, liberal retirement system; group hospitalization and life insur-

ance plans; traveling expenses; longevity pay; and uniforms with all the necessary equipment to perform their duties."

For complete information concerning the position of trooper, training and benefits, Bell asked that those who are interested contact the nearest DPS trooper or DPS Office. "In return," he said, "they will receive complete information in regard to the application and employment procedures."

WELCOME TO MY HOUSE

Dazzle your guests with this beautiful cake, crowned with the leaves of the pineapple, a symbol of hospitality. Thanks to DROMEDARY Pound Cake Mix, making the cake is easy. Artfully decorate with sparkling glazed pineapple, strawberries and green grapes, luscious seasonal fruits. Finish lavishly with whipped cream. Whatever the occasion, it's certain to be very special.

HOSPITALITY CAKE

- 1 (17-ounce) package DROMEDARY Pound Cake Mix
- 3/4 cup milk
- 4 eggs, separated
- 1 cup apple jelly
- 1 small pineapple with top*
- 1 pint fresh strawberries, washed and hulled
- 1 cup seedless green grapes
- 2 tablespoons granulated sugar
- 1 cup heavy cream, whipped or 2 cups whipped topping

Prepare DROMEDARY Pound Cake Mix according to package directions, using 3/4 cup milk and 4 egg yolks. Beat egg whites until stiff, but not dry; fold into batter. Pour into greased 9-inch tube pan. Bake in preheated slow oven (325°F.) about 1 hour or until done. Cool in pan on rack about 30 minutes; turn out onto rack and cool completely. Enlarge center by cutting away 1/2 inch cake all around. Boil jelly in small saucepan until thick and sticky, about 10 to 15 minutes. Using half of glaze, brush top and center of cake. Cut crown and stem end from pineapple; reserve. Cut rind from pineapple. Slice pineapple; remove core and eyes. Cut into quarters. Arrange some of pineapple, strawberries and grapes on top of cake. Reheat remaining glaze; if necessary, thin with a few drops hot water. Spoon on fruit. Dice remaining pineapple and strawberries; mix with remaining grapes, halved, and sugar. Decorate sides of cake with whipped cream. Fill center with fruit; top with reserved pineapple crown. Serve fruit with cake. Makes 10 servings of about 2 1/2-inch cake wedges and about 1/3 cup fruit.

* 1 (20-ounce) can sliced pineapple, well drained, may be substituted for fresh pineapple.

Though birds were protected in Cornwall because the soul of King Arthur was fabled to have migrated into a chough.

Rickety Ladder 4-H'ers Find Electricity Fun, Rewarding

The annual spring home fix-up campaign in most families will include some climbing. The Texas Safety Association warns that a ladder can develop dangerous faults in storage.

Check for age cracks, drying out, rotting and insect damage. Remember that paint can hide defects. Don't use a painted ladder without inspecting it closely. Better yet, avoid painting in the first place. Instead, use generous amounts of linseed oil or a coat or two of clear varnish to preserve wooden ladders.

Keeping your ladder in good repair is the most basic safety rule, but, TSA says, make sure you follow through safely in the use of the ladder too.

The footing of the ladder must be firm and even for safety.

The top of the ladder should rest against a flat, firm surface. Make sure the feet rest a distance about one fourth the length of the ladder from the wall.

Always face the ladder and grasp with both hands when

Learning about electrical energy is fun and rewarding say boys and girls in the national 4-H electric program. Here some 4-H'ers admire an electronic game produced by another youth in the program.

Learning about electrical energy can be interesting, fun and perhaps rewarding if the learning is experienced firsthand. As Ben Franklin discovered when he went kite flying and received a practical lesson in electricity, so do 4-H'ers in the national 4-H electric program sponsored by Westinghouse Electric Corporation.

Supervised by the Cooperative Extension Service, 4-H'ers learn and then teach other young people, and some adults too, about the wise use of electrical energy and conservation techniques.

The youths also make useful gadgets and equipment, explore ways to use electricity efficiently and participate in a variety of interesting and challenging activities.

The youths also explore career opportunities in electric and related industries.

Westinghouse encourages these modern day Franklins with incentives and recognition. Up to four medals of honor are provided top 4-H'ers in the program in each county, while an outstanding member in each state receives an expense-paid trip to the National 4-H Con-

gress in Chicago. At the annual six national... \$700 educational... courtesy of West... Girls find the electric program... interesting as... Becky Luke, 19... CARDS OF THANKS

We would like to express our deep gratitude and thanks for all the kindnesses and concern shown us while we were in the hospital. We thank each one for the prayers, cards, flowers, visits and the food. We are also grateful for the concern and kindness shown Bud's mother, Mrs. Sparks, and our little granddaughter, Deborah Ogle. May God bless all of your days with joy. Bud & Evelyn Sparks and Family 10-20c
