er's court for in salary increases for himself and his three deputies.

At present the sheriff receives \$693 per month, the jail for his home, and 12 cents per mile to operate his car. In January the commissioner's court has approved a raise to \$762.30 per month.

The sheriff has asked the commissioner's court for a raise to \$1,000 per month and 15 cents per mile to operate his car. He has also asked for an increase of \$1.00 per day feeding prisoners. He now receives \$2.00 per day for food and care of prisoners.

The county's three deputies now receive \$550 per month and 12 cents per mile car allowance. In January they will receive \$605 per month. The sheriff has asked for their salary to be increased to \$700 per month and 15 cents per mile for auto.

Sheriff Rainey said he made the request back in April this year, a long time before next year's county budget was approved. In the commissioner's court meeting last Monday, the commissioners tabled the request for study.

In an interview with this newspaper Thursday the sheriff outlined several reasons why he felt the salary increases were a must:

1. The work load of his department has more than doubled this year with more than 450 arrests this year.

2. The cost of living, and especially the costs of operating an automobile have greatly increased.

3. The sheriff and deputies are well trained and experienced to serve the people of Floyd County. Sheriff Rainey has ten years of law enforcement experience, he has some years of college, extensive law enforcement training. Deputy Able Anzaldua has over 20 years experience in law enforcement, deputy Cap Carthel has almost 20 years of law enforcement experience, deputy Billy Gilmore has ten years law enforcement experience.

4. Sheriff Rainey said he felt it was unfair to compare his salary and his deputies' salaries with other personnel in the courthouse because he and his deputies put in 18 hours per day seven days a week, and the nature of the job was much more dangerous than other officials in the courthouse.

5. The entire year's cost to the county budget would be \$6,272.40 per year for the requested increase in salary for the sheriff's department plus the unknown in increase in mileage from 12 to 15 cents.

"If I were to have a deputy resign, it would be impossible to hire another man, who must have at least a high school education and 240 classroom law enforcement hours of training at the salary schedule set by the commissioner's," Sheriff Rainey concluded.

### Lockney Represents District Against Olton

The Lockney Longhorns by virtue of "drawing lots" will represent district 4AA against Olton in bi-district competition Friday night in Plainview.

Co-champions with the Longhorns are the Floydada Whirlwinds and the Tulia Hornets, all with a 3-1 district record. Floydada beat Tulia, Tulia beat Lockney and Lockney beat Floydada.

In the overall season stats Floydada was tops with a 9-1 record, Tulia and Lockney with 5-5 records.

Lot drawing for district representative was made in the Abernathy school superintendent's office Friday night after Lockney defeated Idalou 33-0 and Tulia whipped Abernathy 48-26.

Denver City and Olton won their AA districts, neighboring Matador was taken out by Sundown 26-20 Friday night, and neighboring Petersburg won

its A district championship. In comparison the Whirlwinds defeated Olton earlier in the season in a non-district contest. Both Tulia and Lockney lost to Olton.

### LOT DRAWING

Lot drawing worked like this. Abernathy school superintendent and district football contest chairman had two sets of envelopes, each set of three envelopes with numbers in them (66, 77, 88). An Abernathy principal drew an envelope from the first set. The school representatives then drew an envelope from the other set. Friday night the principal drew the envelope that had number 77 in it. Lockney's representative had the matching 77 number in his envelope and won district representation.

Floydada school superintendent A. E. Baker drew the Floydada envelope.

### Whirlwind Statistics The Past Six Years

Coach L. G. Wilson has been coach in Floydada since 1968 and has kept a good set of statistics from 1969 through 1974 seasons. The following record shows some of the outstanding years, some of the outstanding Whirlwinds:

In scoring 1970 was the best year with a total of 363 points to the opponents' 40 points.

In first downs in 1972 only 88 were allowed the opponent and the Whirlwind's best year was 173 first downs in 1973.

Yards rushing best year was 1974 when a total of 2,558 yards were recorded. Best year for holding the opponent's rushing was in 1969 when only 1,238 yards were allowed.

In the passing department 1970 was the big year with 1,240 yards, and the best year in holding the opponents down on passing was 1971 when only 334 yards were allowed.

Best total offense for the 'Winds was in 1970 with 3,556 yards. Best defense against the opponent scoring was in 1972 when 1583 yards were allowed.

The Whirlwinds intercepted 21 passes in 1969 for best pass defense and had only two interceptions of their passes in 1971.

In the fumble department Floydada

had only seven in 1974 for the best year and defensively covered 29 opponent fumbles in 1972.

Individual rushers shows Mark Vinson in 1972 with 917 yards. This year Elvin Ratliff had the best per run average, 7.5 yards.

The pass receiver records look like this: Lynn Becker caught 25 in 1973 for 499 yards. Donzell Minner caught 24 this year for 519 yards.

Quarterback passing statistics look like this: Jack Gregory in 1969 threw the most passes...some 131. Andy Hale made the most yardage in 1970 throwing 1,095 yards. John Cagle in 1973 completed the most passes, a total of 70, and this year's Mike Vickers had the best percentage of pass completions, 59%

In the individual scoring department Walter Harris leads with 100 points scored in 1970.

On the defensive side of the ledger Kim Rose made 158 assisted and unassisted tackles in 1971 and this year's Mike Reeves made a total of 26 unassisted tackles.

In the punting department Steve Puckett in 1969 led with an average of 39.7 yards. A very close second is this year's Leslie Voto with 39.4 yards.

## Il Penseroso To Present Children's Theatre Production Rip Van Winkle

The Il Penseroso Jr. Study Club in association with the National Children's Theatre Association will present the exciting legend of **Rip Van Winkle** at 8:45 a.m., 10 a.m. and 2 p.m. on Tuesday, Nov. 26 in the Lockney Elementary School cafeteria, with a cast of professional actors. Ticket cost is 25 cents.

This American classic by Washington Irving is dramatized by Marion Depew Ostrander, long recognized as an authority on Children's Theatre, and will recreate on the stage the amazing life of Rip Van Winkle. Productions of Mrs. Ostrander's plays have been seen and enjoyed by thousands of children and adults throughout the United States for over thirty years. The National Children's Theatre has selected a company of

the finest actors and with authentically beautiful costumes and scenery are offering the highest quality of Children's Theatre to be seen today.

**Rip Van Winkle** has been staged with colorful songs and dances by Edwin Child, who will also be seen in the role of Rip. Mr. Child has in past productions endeared himself with the children in many fine roles, but as Rip he surpasses all his past characterizations.

The story of **Rip Van Winkle** was written by Washington Irving from letters of Diedrich Knickerbocker, who lived in the Catskill Mountains of New York on the banks of the beautiful Hudson River. After considerable research very few doubted but what Rip Van Winkle was a real person and experienced all

the exciting and strange happenings. Rip, a lovable, happy-go-lucky soul, preferred to dance, play and fish with children of the village rather than tend his farm. His wife, Hildy, was forever scolding and trying to get him to work. Her nagging finally sent him, with his faithful dog Wolf, off to the mountains. Here he met the mysterious Little Men who gave him a strange brew that induced the famous "twenty year sleep". Upon waking, Rip returned to his village to find many changes. He met his children, now grown, who recognized him and took him home where once again he became a great teller of stories.

The public is invited to attend any of the three performances. Pre-school children would enjoy best the 10 a.m. presentation.

RIP TALKS with his faithful old dog about taking a hunting trip up into the Catskill Mountains in one of the highlights from the National Children's Theatre Association's touring production of **Rip Van Winkle**. This famous legend written by Washington Irving will be presented by Il Penseroso Jr. Study Club on Nov. 26 at 8:45-10:00; 2:00 in cafeteria.

### What One Person Can Do

LUCILLE SPIRO-SMITH  
Sculptress

When an artist loses her sight, what does she do? Lucille Spiro-Smith learned to "see" with her hands. The creativity she had expressed in painting and designing children's clothes found its outlet in sculpture.

When she was 13, Lucille Spiro developed uveitis, an eye inflammation. By 21, she had lost the sight of both eyes. It was five years before corrective measures enabled her to regain 10 per cent of her vision.

She says that in her five years of total darkness, "I just turned to things I could feel." She began by learning to knit. "I had a desire to express myself," says the artist, "I was doing mental creating." She tried finger-painting but had no way of

seeing the results. She began "playing with clay, sort of feeling and enjoying it." Gradually she was able to make figures that had meaning for her - and, as it turned out, for her friends also. They encouraged her and, under the guidance of a teacher, she developed her skill.

The blind sculptress's five-year marriage ended with her husband's death in 1956. Their son was four. She continued with her sculpture, expressing her love for motion and rhythm. She created joyous figures of children at play - she was at home in the world of children. "I like their radiance and freedom," she says. "I love the fact that they've not been spoiled yet."

Mrs. Spiro-Smith's delicately molded sculptures, cast in bronze, have been exhibited in galleries and museums. She is currently making jewelry - lively acrobatic figure pendants in alphabet shapes. Her fav-

orite is an eagle. This artist, 45, seems to have a deep source of joy. Artists do have such a source. For a free Christopher Columbus stamp, send a stamped envelope to Christopher Columbus, Street, New York 10017.

# WHEAT MEETING

Wheat producers faced the best early crop prospects in years and with some of the highest domestic and foreign demand along with continuing high prices have set November 21 and 22 as dates for two-day meetings to evaluate their current position and future production and marketing goals. All sessions will be held in the Holiday Inn—Wichita Falls, beginning at 10:00 a.m.

The "Wheat Symposium" is scheduled for the first day. It will deal with "on-the-farm" issues affecting the farmers' bottom line, such as cost of production, fuel and fertilizer, wheat-pasture management, wheat-pasture economics, and fed-cattle outlook, and with orderly marketing of wheat in the new-crop wheat year. This session is co-sponsored by the Wheat Board in conjunction with the Texas Agricultural Extension Service, from which most of the speakers are drawn.

The Twenty-Fourth Annual Meeting of the Texas Wheat Producers Association is scheduled for the second day. It will deal with "off-the-farm" situations which affect wheat production. Mr. Kenneth E. Adams, Administrator of the farm programs in Washington, D.C. will open the session with a discussion of "Farm Programs in Change." This will be followed by Don

Woodward of Pendleton, Oregon, and Jerry Rees of Washington, D.C., both officers of the National Association of Wheat Growers, in a review of current and future activities of that organization (of which TWPA is affiliated) in a topic, "What Has Your National Association Been Doing for You—Lately."

Joe Halow, Executive Vice President of Great Plains Wheat, Inc., Washington, D.C. and a widely recognized international wheat marketing authority, will discuss the "Changing World of Wheat."

A panel of wheat producers—officers of the Board and the Association will recount the current programs and activities of the two organizations before the business meeting of the Association is opened in the afternoon to seek direction from the farmer-producers attending in setting policies for the coming year.

Even though the sessions are scheduled in Wichita Falls, one area of the wheat belt, it is not a "local meeting" but the statewide "Wheat Symposium" and "Annual Meeting" warranting statewide farmer and agribusiness attendance and participation. All sessions are open to the public and to the press.

A coffee and "beef cookies" refreshments will be served during registration each day from 9:00 a.m. to 10:00 a.m., hosted and served by the Rolling Plains area Cowbelles.

## Lockney Care Center Happenings

By Maria Arellano

It's amazing how the months have gone by. It will soon be Christmas, and our residents are sure excited. They have been real busy, working extra hard making lots of pretty crafts. If you haven't been in to see their crafts, do so real soon. They have a nice selection of wastebaskets (made out of egg cartons) pixie dolls, covered wagons, also made out of egg cartons, pot holders, dish cloths, place mats, etc. Your visit and help are greatly appreciated. Again, I'll ask for your help if you have any program or a special talent come share with us. Believe me it will be a great joy, so rewarding when you give to

others.

Thanks to everyone who brought us flowers this week, and to Mrs. Manning for arranging our window box so pretty with beautiful plants and flowers, also to Bulah Roberson for bringing fresh flowers every Monday and to everyone else whose name I didn't get. Thanks again, to the FHA girls and their teacher, Mrs. Adams for coming in Monday to help us rearrange our furniture in the lobby. The girls also sang for us, Sylvia Mata led them in singing. Elma played the piano. We enjoyed their visit.

Thanks to Linda Kidd, Karen Evans, Jackie Holt, members of the Il Penseroso Jr. Study Club for their magazines, books, record albums they brought us last Monday afternoon. We also appreciate their visit.

Maude Kellison has been in the hospital but is doing better now.

Last Sunday Mrs. Lester went to church with the Benny Cates family. Monday, Mrs. Ralph Gee took her mother, Viola Weems to their home. Mr. and Mrs. Dee Witt Burke went out with their daughter to Floydada. Mrs. Zambrano went home with his daughter-in-law and son, Leonardo Zambrano for a few days. Last Tuesday Mrs. Lester, Myrtle Burke, and Elsi Woodall went out with Mrs. Jim Settle to visit Glenda Ford, who prepared them a great dinner. Thursday, Maureen took them out again to eat at Plainview.

T. J. Cardinal went to Plainview Thursday with his wife, Dollie. Maggie Payne went out for a while with Lena Hawkins. Mr. and Mrs. L. A. Payne had several out of town visitors over the week. They had Mrs. Payne's son, J. E. Cook and wife from Matador. Mr. Payne's son, Bobby Payne and wife and four sons from Odessa. N. L. Cook also visited them from Northfield.

James Price of Weatherford visited his grandmother, Mrs. Dora Harris.

Visiting with Mrs. Ola Rogers were Mrs. Degam, Flomot. Mr. and Mrs. Howard Rogers, Donnie, and Shawnda from Flomot, Ida Jones from Turkey, Gladys Steele from Silverton, Georgie Arnold, Big Spring.

Mrs. Finley had her daughter-in-law, Georgia Finley and friend, Ila Hammonds from Floydada visiting with her.

Mrs. Christian had several visitors, Mr. and Mrs. Glynn Christian from Memphis, Mr. and Mrs. Jack Christian and Paula of Amarillo. Rev. and Mrs. Melvin Clinton of Turkey. Willie Wiley had E. N. Givens of Plainview, E.

with more efficient operations — the usual results to be expected from a recession," Dr. Bowling said.

Regarding the outlook for 1975 cotton production, the Council economist said many producers expect to cut back sharply on plantings next spring. However, a number of factors which he said may influence farmers' planting decisions are: (1) the preliminary 34.2% loan rate which — though probably not sufficient to cover average total production costs — is high enough to hold some cotton acres where it is a factor in obtaining production financing; (2) the need to keep expensive capital investments such as machinery and ginning operations working; (3) cropping practices where cotton is an integral factor in crop rotation programs and weed control; (4) relative costs and returns of alternative crops; and (5) increased oil and meal prices which are bringing farmers additional revenue from cottonseed.

While soybeans, for example, are usually the major alternative crop to cotton in the Mississippi Delta, Dr. Bowling said the per-acre return to land, management, and overhead is \$95 for soybeans compared to \$99 for cotton. The figures are based on average Delta yields for the two crops in 1970-72, and prices of \$7.50 per bushel for beans, 45c per pound for cotton lint, plus \$130 per ton for cottonseed.

"When producers put their pencils to work, I expect they will find some fields will do better in cotton while others will be better suited for soybeans," he stated.

Increased revenue for cottonseed in the last two seasons is effectively adding about 6c per pound to the price the farmer is receiving for his cotton, Dr. Bowling pointed out.

"This is a large enough amount to be the difference between profit and loss on

the current textile recession — coming on the heels of last year's economic boom — is characterized more by cutbacks in mill operations than by the customary building of large inventories. He explained that today's high interest rates are discouraging inventory-building both in this country and overseas.

"If consumers continue to buy at present levels," he

said, "fibers will be needed in the mill process as this season progresses."

Despite the extreme sluggishness in foreign textile demand during recent weeks, the economist said foreign mill operators feel their situation should improve in the latter half of 1975.

"We should look forward to a resumption in demand

## Letter To Editor

Dear Sirs:

We are Steve and Janet Davenport and family. Our home is St. Louis, Missouri.

September 15, we received an urgent call from my father who lives in Carlsbad, New Mexico. My mother Julia Norman, had lung cancer. She was dying.

We left St. Louis Monday morning. So many things happened along the way. Our little three year old daughter, Stephanie had the car door closed on her hand. We spent nearly an hour at St. John Medical Center in Joplin, Mo.

Then around 4 a.m. Tuesday morning we arrived in Floydada, Texas. We were nearly out of gas and couldn't possibly have made it to the next town.

Knowing every precious hour wasted could mean only fewer hours spent with Mom. Then I told my husband to find a phone booth. As I was talking to the operator a police car came down the road. I can't remember if I was given Mr. Mankins' name by the officer in the patrol car or the officer on the phone. At 4:15 a.m. we called the Mankins home. We spoke to Mrs. Mankins and explained to her our situation. She said her husband would be glad to open the station for us. We then followed the patrol car to the Co-Op and waited for Mr. Mankins. When he arrived he not only filled the gas tank but gave us cookies for our 8 year old boy and 3 year old girl. He also told us to take anything else we might need. We were prepared to pay Mr. Mankins a few dollars for opening the station for us plus the amount of \$11.00 for gas. Yet he only took \$5.00. We insisted and even then he refused.

Then finally we thanked him for all the help he'd given us and then proceeded on.

We arrived at the hospital in Carlsbad that afternoon. As I walked in her room I prayed thanking God that we made it in time.

The pitiful sobs from Mom let us know how happy she was to see us.

Every hour I was able to spend with Mom was a very precious hour.

Mama died September 23 at 3 a.m. five days after we arrived in Carlsbad. She was 66 years old.

We thank God for speaking to all those people that helped us on our trip. You know Jesus Christ gave us the great commandment in John 13:34 "A new commandment I give unto you, That ye love one another as I have loved you, that ye also love one another."

Wouldn't it be great if everyone showed love and concern for all those around them? Well, Mr. and Mrs. Mankins did and also the police officer that cared enough to give us their name.

Thank you all.

Christian Love,  
Janet & The Davenport Family  
P.S. If any of you are ever in St. Louis, please come and see us.

Historians Selling History Cartoon Books

Floydada Junior Historians are sponsoring a sale of Texas History Illustrated, a small book of Texas history cartoons. Many people will remember this as the Texas History Movies which were popular in schoolrooms many years ago, and which has been out of print for

several years. Many adults have said, "The only Texas history I remember is what I learned from Texas History Movies." The Houston Chronicle and the Texas State Historical Association have cooperated in making this delightful booklet again

available. These booklets, priced at 35c each, are on sale in the Floyd County Historical Museum, or they can be purchased from the school or from one of the members of The Junior Historians of Floydada Junior High School.

Mrs. Billy Gene Hinkle

## Duffy Jean Williams And Billy Gene Hinkle Repeat Wedding Vows

Duffy Jean Williams and Billy Gene Hinkle were married Friday evening, November 15, in the parsonage of the Calvary Baptist Church. The double ring vows were exchanged before the immediate family of the couple and performed by Rev. Hollis Payne, pastor. The couple were married on the bride's parents' 22nd wedding anniversary. She is the daughter of Mr. and Mrs. Toby Williams, Star Route, Floydada, and the groom is the son of Mr. and Mrs. Billy Hinkle of Floydada.

The simple but impressive ceremony was read before a wedding scene formed by a seven tier candelabra, flank-

ed at either side by arrangements of gold mums and blue ribbon. Wedding selections of "Colour My Word" and "Close to You" were played by Mrs. Hollis Payne on the piano. She also accompanied her daughter, Tammy Payne, as she sang "Bridge Over Troubled Waters."

The bride wore a hand-made wedding gown of candlelight ivory satin, fashioned princess style with Bishop sleeves and sweetheart neckline. Chantilly lace enhanced the bodice, neckline and sleeves and also bordered the hemline of the skirts and chapel length train. The front bodice of the gown was

accented by tiny lace flowers centered with seed pearls, and were used again to close the cuffs of the sleeves. Her waist length veil of illusion bordered in lace, descended from a satin bow capulet touched with seed pearls. She carried a bridal bouquet of cascading sweetheart roses of white with white streamers.

Mrs. Ricky Owens of Floydada was her sister's matron of honor, and Bubba Lewallen of Lubbock was best man. Mrs. Owens wore a floor length gown fashioned to that of the bride's only in blue and white polyester. She carried a nosegay of blue daisy mums with blue

## Dorcas Class Meets In R.A. Garrett Home

The Dorcas Sunday School class of the First Baptist Church met Monday afternoon in the R. A. Garrett home. The program opened with prayer followed by a Bible Story given by Mable Epperson. Mrs. W. S. Simmons read a sermon from one of Billy Graham's books and afterwards Mrs. Garrett played several recordings one which included "The King Is Coming."

Mrs. W. S. Simmons and Mrs. Leonard Smith are November birthday honorees and both were presented signed cards from class members.

Mrs. Garrett served refreshments to Mmes. V. D. Turner, R. E. Young, A. C. Rainer, C. W. Denison, Clarence Goins, Henry Willis, J. B. Whitehead, Carl Wilson, W. S. Simmons, Mable Epperson, Elmer Warren, Leonard Smith, Lon Harrison, E. I. Durham, H.O. Cline, C. M. Meredith and Miss Peggy Young.

and gold streamers. Miss Sharon Hiinkle, sister of the groom, registered guests and Dee Dee Williams, sister of the bride, distributed rice bags.

A reception in the Payne home followed the ceremony. Mrs. Neal Bertrand of Floydada and Penny and Becky Bertrand presided at the milk glass appointments. The table was laid with a white lace cloth over gold and held a center arrangement of gold mums flanked by blue tapers. The two tiered wedding cake was decorated with blue roses and gold leaves, topped with the traditional bride and groom. Blue colored punch was served along with the cake.

For traveling the bride changed to a street length dress of blue and gold knit with white accessories. After a brief wedding trip the couple will be at home on Route 3, Floydada where the bridegroom is engaged in farming with his father.

Mrs. Hinkle attended Floydada High School where her husband graduated in 1973.

**El Progreso Club Meets**  
The El Progreso Study Club met in the home of

Faye Holmes Wednesday afternoon. The roll call was answered with "I Remember When" — many interesting things were recalled such as 5 lb. of sugar for 39c, keeping milk in the milk trough, everybody, even teachers, walking to school, selling butter and being paid in gold coin. A short business meeting was conducted by president Jeanette Marr with minutes being read and approved. Names were drawn for Christmas and a sunshine project was discussed. The next meeting will be a Christmas luncheon in the home of Anna Dell Quebe.

The program arranged by Dimon Schacht, was given by her son, John Paul, on "Gold — a Good Investment? He said gold had been around almost as long as mankind. Gold is mentioned many times in the Bible,

both as a blessing and as a curse. Much history has been made because of gold. Our own America was discovered and explored because of tales of much gold.

Three fourths of the gold today is found in Africa at depths under 10,000 ft. Russia is second in the mining of gold. South Dakota in the United States leads all other states in production of gold. Almost half of the gold mined in the United States is used to make class rings.

Citizens may now own gold coins but only as a collector's item and in jewelry. Gold supposedly sells for \$40 per oz., but in many places in the world it may bring as much as \$180 per oz. Because of the fluctuation in prices throughout the world, it was concluded that gold might

not be a very good investment at the present time.

Delicious refreshments were served by the hostess to Arla Copeland, Faye Ferguson, Hazel Johnson, Bobbie Kellison, Jeanette Marr, Alice Mitchell, Ethel Mitchell, Anna Dell Quebe, LaVerna Sams, Pauline Sams, Dimon Schacht, Juanita Jenkins and guest John Paul Schacht.

**Timely Toy Is Easy To Make**

The next time you find some time on your hands, you might take some to create a little dollar scholar doll that's not only timely when it's time to save some money, but can also help you teach your youngsters to be clock-wise and penny wise.

This little bankette is easy

to make with your own two hands and a few household items. Start with the empty plastic jug. Put a head on it gluing a styrofoam ball onto a cork and sticking it in the neck. Next, add a pair of button eyes with draper's pins, and draw on a sweet smile with a felt-tip pen. As for his hair, a hank of wool will do. A small ribbon can make its bow as his bow tie, while on his belly he bears a clock face and hands cut from cardboard and fastened with a paper brad.

A small slit over the clock will help you put money in the bank, and that's something you can bank on around the clock!

The Veterans Administration notes larger numbers of educationally disadvantaged veterans are using the GI Bill for catch up training.

**FLOYDADA DELINTING CO.**  
IS IN "PER-FECT CON-TROL"

"PER-FECT CON-TROL" is a new concept of cotton seed treating by Gustafson, Inc. of Dallas. "PER-FECT CON-TROL" combines VITAVAX 17F, a systemic fungicide from UniRoyal, GO-BETTER, an insecticide from Growth Inc., and CAPTAIN, a time proven fungicide.

All Three combine to stop- Rhizoctonia (damping off)  
Soil Born diseases  
Early insect attack  
Soil borne fungi  
Pre & post-emergence diseases by systemic action

"PER-FECT CON-TROL" does all this by penetrating into the seed (systemic action) and remaining with the young seedling for 3 to 4 weeks. Ask Dean Morris in Floydada to put you in PER-FECT CON-TROL.

### Chuck Wilson SPPPA Vice President

Prints by Lockney photographer Chuck Wilson won both first and second place in portrait judging Thursday night at the November meeting of the South Plains Professional Photographers Association in Lubbock. Joyce Wilson's print won third place in the color unclassified, pictorial division of the contest. Sidney Robert of Littlefield took third place in the portrait judging. Gary Beavers and Bob Bishop, both of Lubbock, won first and second place, respectively, in the color unclassified competition.

Strawbridge, Kodak Tech Rep from Lubbock; Jimmy Zintgraft, owner, Zintgraft Color Labs, Dallas; and I. G. Holmes of Color Lab, Midland-Odessa.

Officers elected at the

dinner meeting included president Douglas Stelter of Lubbock; vice president Chuck Wilson, Lockney; second vice president Mrs. Norman Frogge, Brownfield; and secretary-treasurer Ron Stubbs, Lubbock.

### Kids Krusade Set In Lockney

Mrs. Eddie Morton and sons Eddie Lynn, left, and Ricky

A Kids Krusade will convene Sunday, November 17 through Sunday, November 24 at the First Assembly of God Church, Second and College in Lockney, from 7 to 9 p.m. each evening. Mrs. Eddie Morton from Plainview will be in charge. She will be assisted by her two sons, Eddie Lynn, 14, the ventriloquist, and Ricky, 5, who helps lead singing. Mickey, the dummy, will

have a specific part on each day's program in addition to puppet shows, scripture, memory work, film strips and contests with prizes. A three-foot candy stick will be given to the child who brings the most visitors during the Krusade. Everyone of all ages, young and old, is invited to come, according to Rev. Robert Wright, pastor of the church.
