Controlling Retail Theft" Seminar Wednesday

District Director... Administration, announced today a seminar on controlling retail theft sponsored by the District Office of Commerce and Business Administration on Wednesday, December 4, from 7 p.m. to 9 p.m. at the First National Bank and free of charge. Materials on the seminar will be distributed to all business managers, and owners in this area.

Everyone is invited. The meeting is designed to help small businesses by examining some of the critical problems and offering solutions to the control of shoplifting and bad check losses.

R.K. Jennings, Business Management Specialist with the Small Business Administration Lubbock District Office, will introduce the program and present two interesting and informative motion pictures.

Contact Bill Flynt, Manager of the Floydada Chamber of Commerce for pre-registration or telephone 983-3434 for further information.

Hardy Racing, also several smaller businessmen. Many of these projects have cost a considerable amount of money... and only progressive minded people would have approved them as they came up for vote. The accomplishment of these projects has created a better way of life for our people and the generations to come.

My sincere appreciation to everyone who has made this the best 12 years of my life. I know I have made many mistakes, but I assure you my intentions have been only for a better way of life for everyone in this community regardless of creed or color.

We look forward to many more years of service ever mindful of our responsibilities and we want you to know that your suggestions are always welcomed for a better Hesperian and a better community.

THE WIFE OF A FRIEND was supposed to meet him downtown, but she was tardy. However, she had a ready explanation.

"Traffic was miserable," she alibied. "A police car was right in front of me all the way!"

A SUCCESSFUL businessman brings his wife in for treatment. They are both seated before his desk. The psychiatrist asks the tycoon:

"What seems to be your wife's problem?"

"Well, what's her name here says I don't pay enough attention to her."

JUDGE TO JURY: "Now, are there any more questions before I discharge you to the jury room to consider your verdict?"

Foreman: "Yes, Judge, we are a little hazy on two things. What is a plaintiff and what is a defendant?"

THE ONLY THING that gives you more for your money than it did 10 years ago is the penny when you weigh yourself at the corner drugstore.

Santa Arrives At 3 p.m.

The Christmas season will open in Floydada next Saturday with a full day of activity. The Floydada Lions Club will start the day at 10 a.m. with their "Santa's Christmas Bazaar." Over thirty area artists, craftsmen, and organizations from Amarillo, Lorenzo, Plainview, Silverton, Lubbock, Lockney and Floydada will sell their original art work, crafts, antiques, and home baked food through the day.

Every space in the bazaar building between Beall's Department Store and Hale's Department Store has been taken, Lions officials said.

In addition to the Bazaar booths, the Lions Club will have a concession table and sell coffee and doughnuts.

Troop 357 of the Floydada Boy Scouts will also have their annual Christmas Tree Sale on Saturday. The Scouts will be on the lawn south of the courthouse and will have seventy scotch pine Christmas trees for sale. The Scouts report that their trees are especially beautiful this year. Tree prices will range from \$9.00 to \$13.00.

At three p.m. Old Santa Claus is due to make his first appearance in Floydada for the year. The Chamber of Commerce has contacted Santa Claus and arranged for this early visit. The Floydada High School Band will escort Santa into town and will also present a twenty minute concert of Christmas music in the street by the bazaar.

On Saturday night the Lions will sponsor their December Jambree of

music at the Massie Activity Center. Art Ratslaff is in charge of the music program which will feature "The Old Masters" and the Floydada High School Stage Band.

"It's going to be a Jazz Jambree," Ratslaff said. "So don't miss it." This is the third Jambree this year and is sponsored by the Lions to give area talent an opportunity to perform. "It's very informal and we invite everyone to come out and hear the music and make it too," Ratslaff said. The Jambree is set for 8 p.m. Admission is \$1.00 for adults and 50 cents for students.

Artists and craftsmen from Floyd County who will have a booth at the Lions Christmas Bazaar in Floydada on December 7 include Ruth Walker, Jo Goen, Eva Tackett, Ted Bell, Margaret Callahan, Terry Wilson, Vivian Roberson, Nancy Hagood, Harry and Nancy Moreck, Dwayne Grimes, Mrs. Elmer Sellers, Sandy Lutrick, Mildred Cates, Eva Lee Nichols, Mrs. F.L. Montandon, Mrs. V.H. Kellison, Vel Simpson, Marge Jones, Linda Woodall, The Lubbock Christian College Associates, and the Floydada Day Care Center.

Out of county artists are Mickey and Jerry Hodge, Amarillo, Riley Carver, Amarillo, Jimmy Hill, Plainview, Leo Smith, Lubbock, Ginger Tinnen Harber, Lorenzo, Cliff Long, Plainview, Mrs. Ted Montgomery, Lubbock, Brenda Patton, Silverton, and Mrs. Doris Knowlton, Lorenzo.

OVER 200 ATTEND

Career Education Meet

Over 200 Floydada business people, teachers, and interested parents enjoyed a speed course jam packed with career-education information in Duncan Elementary Cafetorium Monday night.

Duncan teacher Amy Hollums, school superintendent A.E. Baker, high school principal Charles Tyrer were directors of the program which included a skit by Duncan Elementary students, a film by representatives of the Lubbock school service center and an informal discussion before adjournment.

There were plenty of refreshments which the crowd enjoyed as they continued to discuss career education and view the many displays around the room which were created by teachers and students.

From the Lubbock School Service Center were Dr. Woody Coleman, Travis Brown, Dr. Omer Douglas and

Dr. Weldon Day. They were impressed with the good turn-out and said it was the best attended of regional 17, which includes some 66 schools.

Students from all ages need career orientation of "why work, what is the importance of work?...what does my father do for a living?" Dr. Douglas said teachers need to relate what they are teaching to careers. He said that every person in the community is a resource... he asked for community participation in offering field trips and visiting classrooms to share vocations and careers with the students.

Dr. Coleman said, "We like ourselves, and we will like others, and we will be successful, and we must all find how we blend into the world of work."

Everyone present was asked to fill out a questionnaire of their willingness to work with the school and the students in sharing his or her vocation and career.

Floydada Man Enjoys "Cock Fighting" Hobby

A Floydada man, Gary Thompson has been raising fighting cocks for 16 years. Sixteen years ago his hobby started with a few cocks and hens and now has grown to 150 cocks, 100 hens on an acre of land near his home in southwest Floydada.

Thompson has several winners and through the years has entered many shows in Oklahoma, New Mexico and Old Mexico.

A show consists of weight categories. The most common show is a "five cock derby" where the cocks are matched by weight and the average weight is around five pounds.

Entry fee in the major shows is around \$100. Thompson's biggest award was a first place trophy at a "seven cock derby" in Jal, New Mexico where he won all seven of the contests.

"Cocks are basically real gentle, but they have an inborn instinct that makes them want to fight another cock on sight," Thompson added.

Thompson has shipped some of his cocks as far away as the Phillipine Islands.

Cock fighting is illegal in Texas, but Thompson reports that it is a popular sport in the states where it is legal with thousands of people in attendance in the large arenas. Country-western singer Ray Price is often seen with his cocks at the big shows.

The cocks are very beautiful to look at with their bright orange and green feathers.

"Cock fighting is a very interesting sport and hobby," Thompson concluded.

GARY THOMPSON is pictured with some of the trophies his cocks have won in several contests.

Winners Announced

An estimated 300 persons toured the new Floydada Fire Department building last Saturday and several prizes were given away during the day.

Proceeds from the baker-broiler registration will be used to add furnishings for the new building.

Prize winners included: Bill Hendrix, broiler; Mrs. L.H. Smith, steam iron given by Plainview Savings & Loan Assn.; Lester Britton of Garland, Texas the car baby seat given by City Auto Inc.; Tania Bourland, clock radio; Mrs. Carl Wilson jet mist heated comb; L.B. Louisiana last year, and continued his winning ways as he led Dallas to a one point victory over the Washington Redskins on Thanksgiving Day.

Mike is home for the holidays and reports that Clint is a "happy-go-lucky" sort of fellow who likes to play the guitar and sing. He also likes hunting, especially rattlesnake hunting.

Mike roomed with Clint one night when he was being interviewed by ACC sports officials before accepting a football scholarship to ACC.

Longley, who set numerous NAIA passing records at ACC, entered the game with Dallas trailing 16-3 in the third period after Roger Staubach had been knocked woody and could not return to the game. It was Clint's first pro-football game. He had played a little in pre-season games.

Another Dallas Cowboy rookie, Efran Herrera, kicked the winning Cowboy 24-23 point.

Clint completed 11 of 20 passes against the toughest defense in the NFC for 203 yards in his quarter and one half activity.

Mike said ACC had only a fair record this year, winning eight and losing three. He and his wife Karen will return to ACC Monday.

BOY SCOUTS SELLING CHRISTMAS TREES

Boy Scout Troop 357 will have their Christmas Trees on display at the Scout Hut, 300 block East California next to Bennett Building Material, starting Wednesday, Dec. 4. There will be Scouts at the Hut after school and on Saturdays, also on the courthouse square Saturday Dec. 7 from 10 a.m. until 6 p.m.

The trees are Scotch Pine and range in height from 4 feet to 7 1/2 feet. They are priced at \$9.00 for 4 to 5 ft. trees, \$11.00 for 5 1/2 to 6 1/2 ft., and \$13.00 for 6 1/2 to 7 1/2 ft. trees.

Contact Jerry Finley 983-2832 or Don Daniel 983-2382 if you are unable to come to the Scout Hut when the Scouts are there.

"Mothers Day Out"

Now Two Days A Week

The "Mother's Day Out" baby sitting service at the First United Methodist Church in Floydada has been doubled for the convenience of mothers who will be busy shopping and getting ready for Christmas.

Starting this week there will be two "mother's Day Out" days until Christmas...Tuesdays and Thursdays.

The service is available from 8:30 until 4 p.m. Tuesdays and Thursdays.

Harvesting Help Barky Cotton

As if a wet fall, low prices, some now may be possible "barky" cotton. The strange condition is the result of prolonged periods of wet, humid conditions during the latter part of the season, says Dr. Robert B. Metzger, Cotton Specialist with the Texas Agricultural Extension Service.

Agricultural Extension Service.

Cotton plants that were killed by desiccants, verticillium wilt or other diseases prior to the prolonged wet spell now have deteriorated to the point that limbs and stalks break off during stripping, he explains. Strips of bark are peeled from these broken sticks and limbs in harvesting and ginning operations.

The former Lubbock-based specialist who now serves the state from Extension headquarters at College Station says that barky cotton will be reduced by delaying stripping until the cotton plant has time to dry out.

"With green stalks, it is difficult to remove the bolls from the plant, requiring close setting of the stripper rolls to get the cotton," he adds. "Under these conditions, considerably more barky bales can be expected."

"Under dry, open weather conditions, stripping will improve each day. Grade, whiteness of the cotton, also will improve with open weather. But, excessive delay of harvest will result in deteriorated plants, and thus bark, loss in grade and even yield can be expected," he says.

"Only dry cotton should be harvested," Metzger advises. "This is essential in maintaining lint quality, whether it's ginned immediately or placed in storage."

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

U.S. cotton farmers, caught between low and high prices on one hand and high and rising production on the other, dominated discussions of the Producer Service (PSC) of the National Cotton Council at a meeting in Phoenix on August 1, 1975.

Delegates from the 14 top cotton producing states, 100 members expressed concern that a significant cotton price increase in 1975. The committee tentatively recommended the Secretary of Agriculture to take five actions to alleviate the situation.

The committee member Don Anderson of Slaton, Texas, said that the PSC decisions were only tentative, and are subject to change at another meeting in New Orleans on December 15. Anderson said that the PSC recommendations will be presented at the Cotton Council Annual Meeting in Phoenix on December 15.

FARM REVIEW

PRODUCERS TO OFFER SUNFLOWER SEED CONTRACTS

Producers Cooperative Elevators have announced contracts to growers for a relatively new crop for our area.

Sunflower contracts will be available to growers after the Plains Cooperative Oil Mill Board meeting of December 11.

At this time it looks as though the price for contract will be about 15 cents per pound base price.

Manager Bill Cagle said the contracts would be available for grower review after December 11th. The sunflowers will be marketed through the same channels as cooperative elevators and gins market their soybeans and cottonseed.

According to sources from the oil mill in Lubbock there will be plenty of planting seed available for everyone.

The average yield per acre is a 1500 pound low to a 2500 pound high. Management, water requirements and herbicides are similar to cotton. Main advantage is that sunflowers can be planted in March, harvested in 120 days and be followed by wheat.

Now: Sterile Moths... Fair Practices Commended...
Citrus Crop Down... Milk Production Up

STERILE screwworm flies are not the only sterile flies being raised in the Rio Grande Valley. Sterile moths that evolve into pink bollworms, the scourge of the cotton patches, are being mass reared at a laboratory in San Benito. The facilities are being expanded, and the goal of two million moths a week may be reached soon. On October 4, 65,000 sterile pink bollworm moths were flown to Florida and dropped on areas where wild cotton flourishes. Intentions of the USDA are to prevent spread of the pink bollworm from south Florida. Eventually, the pink bollworm, which was first found in Texas in 1917 in a Robertson County cotton field, may be brought under control in a manner similar to the way screwworms have been and are being controlled.

LIKE ANY INDIVIDUAL or any other agency, the Texas Department of Agriculture doesn't like to receive complaints and tries to do all that it can to avoid causing justifiable complaints. Department personnel were gratified recently to know that one effort is meeting with some success: The staff of the Public Employees Study Commission recently commended the Department's eight-member Equal Employment Practices Committee which was set up by Commissioner White to try to avoid any discrimination within the Department. In a letter to Deputy Commissioner Bill Pieratt, the Study Commission wrote: "It is encouraging to see such an impartial and effective means of handling complaints... The cross-section of management and employees, blacks, browns, and women who comprise the committee instills trust in the persons who might have complaints so that they might voice their dissatisfaction without fear of reprisal." All members of the TDA committee are employees of the Department. Two live in the Rio Grande Valley area, three in the Houston-East Texas areas, and three in the Central Texas area.

THE VALLEY citrus crop is expected to be almost a fourth less than the 1973-74 crop, according to Texas Crop and Livestock Reporting Service. In its November 1 forecasts, the crop now being harvested is expected to yield 13.3 million boxes, compared to 17.3 million boxes from the previous crop. That's a 23 per cent decrease. Grapefruit production is expected to be 7.8 million boxes, compared to 10.7 million boxes from last season. Early and mid-season oranges are expected to be 3.6 million boxes, down 14 per cent from last season; and Valencia oranges are forecast at 1.9 million boxes, down 21 per cent from

increase in Texas' sugar cane crop will offset a 20,000 ton decrease in the state's sugarbeet yield. Nationally, sugar cane production is projected at 25.3 million tons, a two percent decrease from 1973. Sugarbeet yields will decline more than 2 million tons. World production is estimated at 89.4 million tons raw value, a record but at least 2 million tons below earlier predictions. As urban populations and incomes increase, sugar consumption also increases. World consumption is expected to increase two per cent to 81 million tons during 1974-1975. However, high prices are likely to cause a slowdown in usage in countries that rely heavily on sugar imports.

South Plains 4-H Youth To Attend National Congress

COLLEGE STATION — The South Plains will be well represented when the 53rd National 4-H Congress kicks off in Chicago Dec. 1. Ten 4-H members from Extension district 2 will be among the 40-member Texas del-

egation joining over 1,600 4-H youth from all 50 states, Puerto Rico and Canada in the windy city of the Midwest. Four others from areas surrounding the South Plains will be among the 40-member group.

"4-H — We Can Make It Happen" is the theme of this year's Congress. The national event is the highlight of the 4-H year and honors those 4-H boys and girls who have outstanding records for the Texas Agricultural Extension Service, the parent organization of the state 4-H program.

the previous crop. Quality of the fruit is said to be the best in recent years. Harvest has been slowed by rains which have caused the fruit to grow large and, in some cases, to split.

ANOTHER PROPOSAL that may, if adopted, affect Texans has been made by the USDA. It would require custom slaughterers and processors of meat and poultry to register with the USDA. Those are the slaughterers and processors who slaughter and process meat and poultry brought to them and which is for use solely by the person who brings them in and by his family. Custom operations are not required to have full-time inspection but are subject to federal sanitation and labeling requirements. The new proposal would require registration of each owner of a custom operation and each establishment he owns. Those who want to comment on the proposal should send duplicate copies to the Hearing Clerk, USDA, Washington, D. C. 20250 before May 2, 1975. Copies of the proposal may be obtained by writing APHIS, Room 1166-S, USDA, Washington, D. C. 20250.

OLDTIMERS can recall that beef clubs used to be common in rural communities. Several families would form the club and would take turns each month in butchering a calf or other animal. The meat would then be divided among the family members. The Texas Department of Agriculture used to be active in helping organize beef clubs, or Baby Beef Clubs. This was in the early days of TDA. (It came into existence in 1907.) And Baby Beef Clubs fitted in with the Farmers' Institutes program which used to be a responsibility of TDA. However, that was in the days before refrigerators and deep freezers, when it was difficult to save meat more than a few days in the summer time. There would be a greater food shortage today if it were not for refrigerators and deep freezers, and, probably, there would be less cattle stealing today if there were no deep freezers.

TEXAS CROP and Livestock Reporting Service has come up with some interesting figures on four feed grain stocks that are of the most value to Texas: corn, oats, barley and sorghum. The Service states that grain sorghum stocks are down to 20 million bushels, 19 per cent below a year ago. A decrease of six million bushels was noted in off-farm stocks but farm-held stocks were almost more than twice what they were a year ago. Wheat stocks in all positions are estimated at 60 million bushels, which is 31 per cent below a year ago. There are an estimated 10,200,000 bushels of corn, and that is more than three times last year's reserves. Farm-held corn was slightly less than a year ago, but off-farm stocks accounted for the increase. There were an estimated 10.7 million bushels of oats, compared to 22.5 million last year; and barley stocks are estimated at 477 thousand bushels, compared to 1,693,000 bushels a year ago. In the nation, stocks of sorghum, corn, oats, and barley are estimated at 33.7 million tons, 25 per cent less than a year ago.

Those attending have earned the trip through their 4-H accomplishments as evidenced by record books completed in a wide range of subjects.

Texas delegates will leave from Dallas Nov. 30 following an orientation meeting," say District Extension Agents Billy C. Gunter and Catherine Crawford.

The 4-H'ers, the programs in which they have excelled, and their counties are listed below.

Teresa Clemmer, achievement, Taylor; Norman Acker, citizenship, Castro; Deana Finck, clothing, and Aaron Parker, rabbit, both of Swisher; Mary Hunt, dairy foods, Howard; Larry Hand, dog care and training, and Kim McMenamy, field crops science, both of Lubbock; Ramona Skinner, dress revue, Childress; Brad Hughes, electric, and Janice Hughes, recreation, both of Gaines; Van Miller, horticulture, Floyd; David McCleendon, Santa Fe, Hale; Kenneth Kieschnick, Santa Fe, Wilbarger; and Rodney Logsdon, sheep, Lamb.

Emergency Loans Easier To Obtain

AUSTIN—The Emergency Livestock loan program has been changed to make assistance available to more family farmers and ranchers while retaining certain restrictions on other livestock operators.

Agriculture Commissioner John C. White said the federal program will now permit an individual farmer to qualify if he derives a majority of gross income or devotes most of his time to his livestock or poultry operation.

Lockney Students Initiated Into WTSU Alpha Chi Chapter

Two West Texas State University juniors from Lockney were part of the 112 initiated into Alpha Chi, the National College Honor Scholarship Society.

Alpha Chi is a coeducational society whose purpose is to promote academic excellence and exemplary character and to honor those achieving such distinction.

Its name derives from the initial letters of the Greek words "Aletheia" and "Charakter" which mean truth and character. The basis of this society is accomplishment rather than participation, and it admits students from all academic disciplines.

The WTSU chapter sponsor, Dr. Wendall Cain, professor of speech, is a member of the Alpha Chi National Council.

Initiates from Lockney are Miss Peggy A. Jarrett, daughter of Mr. and Mrs. Bob Jarrett of Box 811; and Miss Sarah J. Schacht, daughter of Mr. and Mrs. F.O. Schacht of Box 1088.

NEWS FOR HOMEMAKERS

Accent will be on care and maintenance of gas and electric range when the weekly half-hour "You Can Do It!" program airs Saturday at 4 p.m. on KLBK-TV Channel 13.

The average family has more than \$2,500 invested in major home appliances, which makes care and maintenance necessary for the most effective use of them," Doyle Warren, Floyd County Extension agent, said in discussing the upcoming program.

"You Can Do It!" a 13-part educational television series, was created and produced by home economists with the Texas Agricultural Extension Service, The Texas A&M University System, through a grant from the United States Department of Agriculture. It is sponsored locally by the Floyd County Family Living Committee and KLBK-TV.

Next week's program will teach refrigerator care and maintenance.

MRS. PROBASCO

Funeral rites for Mrs. Lizzie Bell Freeman Probasco, 80 year old longtime Floyd County resident, were conducted in the First United Methodist Church Friday, Mrs. Probasco died about 6 o'clock Wednesday night in Floydada Care Center where she had resided since May of this year.

She was a native of Arkansas born August 24, 1894 and came to Floyd County in 1909. She married Frank Probasco in Floydada March 8, 1914. Mrs. Probasco was a member of the First Methodist Church.

Survivors include her husband; three sons, Denzil Van and G. Don both of Lubbock and Kenneth Eugene of Floydada; a brother, Wes Freeman of Anadarko, Okla.; a sister, Mrs. Mae Glidewell of Lincoln, Ark.; 15 grandchildren and four great grandchildren.

Rev. James Tidwell, pastor of the church, conducted rites, assisted by Dr. F.C. Bradley, pastor of the First Baptist Church. Interment was in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home. Grandsons were pallbearers.

MRS. STILES

Funeral rites for a former Floydada resident, Mrs. Tom Stiles, 93, were held in Arlington Friday. Mrs. Stiles was the sister of R.H. Ashton and sister-in-law to Mrs. George Stiles and Marvin Stiles all of Floydada.

Mrs. Stiles and her husband came to Floyd County in 1915 where their children were reared. They moved to Lubbock in 1934 and following the death of her husband, Mrs. Stiles moved to Arlington to be near a son, Jim Stiles. She was also preceded in death by a son, Edwin.

Survivors include two

daughters, Mrs. Tony (Kate) Proche of El Paso and Mrs. Bob (Angie) Hamilton of Philadelphia and a son, Jim Stiles of Arlington.

RALPH GORDON

Rites for Ralph M. Gordon, 65, of 3317 Fleetwood, Amarillo a former resident of Floydada, were held Saturday in N.S. Grigg & Sons Pioneer Chapel in Amarillo. Gordon, in failing health several months, died Wednesday in High Plains Hospital.

A native of Plainview, Gordon had been a salesman for the Steek Co., now Hartgraphics, for some 30 years. He called on businesses in a 28-county area in the Panhandle and South Plains. He and his wife, Jean, moved to Amarillo from Floydada several years ago.

Gordon was a member of the Methodist Church, the Scottish Rite and Shrine and the Floydada Masonic Lodge.

Survivors include his wife; a sister, three brothers and several neices and nephews.

Rev. James Uselton, pastor of Kingswood Methodist Church, officiated. Burial was in Llano Cemetery in Amarillo with Masonic Rites.

W. L. THOMPSON

William Leroy Thompson died November 22, 1974 in Houston, Texas after a lengthy illness. Funeral services were held in Waltrip Funeral Chapel with burial in VA cemetery in Houston.

Thompson was born November 12, 1917. He was retired from the US Air Force after serving in WW II and the Korean War. After retirement he and his wife moved to Lockney where they resided for five years. They moved to Houston in November 1966.

He was a member of

American Society of Safety Engineers, and Spring Branch Christian Church where he served as deacon for three years.

He is survived by his wife, Frances, of Houston, his children, Mrs. Joyce Gist of Tulsa, Mrs. Sammie Knight, Fountain Inn, South Carolina, Guy Roberson, Lubbock, Mrs. Nancy Lalk, William Thompson, and Bob Thompson of San Francisco, his mother, Mrs. Pearl Thompson of Euless, one brother, Walter T., Fort Worth, and his sister, Mrs. Charles Brooks, Euless and 15 grandchildren.

MRS. GIBSON

Mrs. Gipson, 76, of 1208 Raleigh St., died at 5:17 a.m. Tuesday in a Plainview hospital after a short illness. Funeral services were Wednesday in Lemons Memorial Chapel. Officiating were the Rev. M.O. Evans, associate pastor of First Baptist Church, and the Rev. Larry Wilson, pastor of First Baptist Church at Silvertown. Lemons Funeral Home directed burial in Plainview Cemetery.

Born Jan. 23, 1898 in Hamilton County, Mrs. Gipson moved to Vernon in 1948 from Paris and moved to California in 1950. She came to Plainview in 1951.

She was married to Charles Samuel Gipson Dec. 21, 1919 in Clarksville. He died April 21, 1959. Mrs. Gipson was a member of the Baptist Church.

Surviving are four daughters, Mrs. Willie Jones of Lockney, Mrs. J.F. Phillips of Vernon, Mrs. D.E. Lockney Care Center Capers

By Maria Arellano

What a great month we had! November was a busy month and I expect for December to be even more exciting. In November we had a lot to be thankful for every day.

Now December is here, and we have four residents celebrating their birthdays this month. James Turner will be 80 on Dec. 8. Hugh Griffith will be 88 on Dec. 8. Mary Wieland will be 90 on Dec. 8. Lockett Payne will celebrate his 86th birthday on Dec. 22. It's amazing 3 of our residents celebrate their birthdays the same day.

Next Wednesday our ladies from Main Street Church of Christ will be here to honor them with a birthday party. We will also be celebrating Christmas real soon, with a Christmas party for our residents. I'll keep you posted on this later.

Last Monday two members of the Il Penseroso Jr. Study Club came to visit and brought us scriptures from the Bible. Linda Kidd, and Linda Terrell. Linda Terrell also read some poems. Lucy Dean Record came and played the piano, just beautiful.

Our residents say thank you once more.

Mrs. Adams and Mrs. Bye brought the afternoon class of F.H.A. girls to visit us also and they sang for us. Thanks to each of you for caring. Thanks to the ladies of South Plains Baptist Church for the bibs they made our residents.

Also thanks to Peggy Nance for the gowns. We had and have a lot to be thankful for every day, for all the people who come each morning for our devotional time.

Mrs. Finley went to the doctor in Lubbock last Friday. She was fine and came back that afternoon.

Dee Witt and Martha Burke went out Sunday with their daughter Jonell Fawver. Hugh Griffith went out with his son Ralph Griffith.

T.J. Cardinal went out with his wife Dollie, for his birthday Nov. 27.

Bettie Lester went to her daughter's Maureen home for Thanksgiving.

Elsie Woodall went to her daughter's home Mr. and Mrs. Haskell Pyle and family for Thanksgiving Day. Myrtle Burke went to Keith and Geneva Stansells home (her daughter) and granddaughters.

Out of town visitors this past week: Pauline Vanhose visited her mother Mrs. Fortenberry, she also had her daughter Mrs. Chick Wilson of Ralls visiting her.

Mrs. Eunice Christian had her daughter and son-in-law, Mr. and Mrs. Virgie Blakney of Turkey and her sons and daughter-in-laws, Mr. and Mrs. Jackie Christian and Paula of Amarillo, Mr. and Mrs. Glynn Christian and Robert of Memphis, and Ronnie Christian of Matador.

Mrs. Weems had her son-in-law Ralph Gee of Floydada visiting her.

We are very happy to have two new aides, Mary Knight and Paula Wyatt we welcome them both to our center.

Till next time—

Give 'New Comers' Impressions of Floydada

If Floyd County is so good in every respect as Floydada is as a business town, Floyd County is a dandy country.

We came here six months ago from Fort Worth, and we have as good business now as we hoped to have established in two years.

Our impressions are that this is a sure-enough good country, a fine people to do business with, and a country that does more than it promises.

Tex Watson talks about The West Texas Gas Supply

You hear a great deal about the competition for the natural gas in West Texas these days. It is rightfully a matter of interest and concern to every citizen of this area. It has some serious implications.

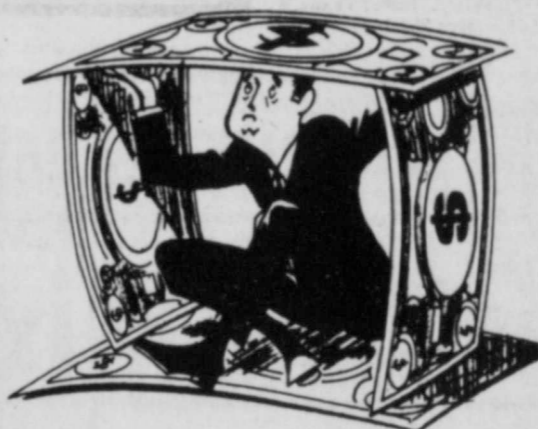

Natural gas has been an important factor in building West Texas and will continue to be. Most of the businesses and industries in our area depend, directly or indirectly, on a continuing supply of natural gas. A lot of people's jobs depend on it. So, we must see that they have it.

We will have to pay more for it than in the past . . . the competition for gas has never been so fierce. But by working together, and without outside interference, we'll have the gas energy we need today and in the future. Gas will still be your best energy buy.

PIONEER NATURAL GAS COMPANY

K. Bert (Tex) Watson, president of Pioneer Natural Gas Company, is a native of West Texas, a chemical engineer and lawyer by training and in his 20th year with your gas company.

FLOYDADA DELINTING CO. IS IN "PER-FECT CON-TROL"

"PER-FECT CON-TROL" is a new concept of cotton seed treating by Gustafson, Inc. of Dallas. "PER-FECT CON-TROL" combines VITAVAX 17F, a systemic fungicide from UniRoyal, GO-BETTER, an insecticide from Growth Inc., and CAPTAIN, a time proven fungicide.

All Three combine to stop— Rhizoctonia (damping off) Soil Born diseases Early insect attack Soil borne fungi Pre & post-emergence diseases by systemic action

"PER-FECT CON-TROL" does all this by penetrating into the seed (systemic action) and remaining with the young seedling for 3 to 4 weeks. Ask Dean Morris in Floydada to put you in PER-FECT CON-TROL.
