Graduation Friday

Approximately 60 graduates of Floydada High School will receive diplomas Friday night, May 23, in the Floydada high school auditorium. The commencement exercises are scheduled to begin at 8 p.m.

BACCALAUREATE SUNDAY NIGHT

Baccalaureate services are scheduled Sunday night, (May 18) in the Floydada First Baptist church at 8 o'clock. Penny Muncy will play the processional, Mr. Billy Patton, minister of the City Park Church of Christ will give the invocation. Bob Copeland will lead the audience in congregational singing.

Mrs. Bob Copeland will play an organ solo and Mrs. Jimmy Tidwell will sing a solo.

Sermon will be by the Rev. Tom Brown, pastor of the Floydada Church of the Nazarene.

Pastor of the First Baptist Church Dr. Floyd Bradley will give the benediction.

The Hesperian will publish the complete program for the Friday night graduation program and the names of the graduates in Thursday's edition.

Senior sponsors are: Anne Swepston, Helen Patterson, Polly Cardinal, Orville Adams, Joe Paty, Jerry Livingston, Weldon Melton and Benny Locke.

Final Plans Laid For Pioneer Reunion

In a meeting Monday night of committee heads for the annual Floyd County Pioneer Reunion in Floydada May 24 final plans were made for the big event.

Here are some of the last minute details:

A string band from Lockney will play during the noon barbecue lunch on the courthouse lawn. Complimentary tickets to the barbecue will be given to all persons who have lived in Floyd or adjoining counties for 50 years.

Sponsors of the barbecue are: Consumers Fuel Assn. of Floydada, Lockney Cooperatives, Floydada Cooperative Gins, Lighthouse Electric Cooperative and the Floyd County Farm Bureau.

PARADE

G. L. Fawver encourages everyone to put something in the parade, and entries should be made at Duncan Abstract office Saturday morning. "Every auto, tractor dealer...every merchant should have a float in this parade," Fawver said. It is expected that the Floydada and Lockney high school bands will lead the parade and each will be given \$30 to participate.

SPEAKER

Featured speaker for the Saturday morning festivities will be Mrs. G. C. Applegate. Oldster Pioneers will be recognized at this time and business

meeting. The Athena Study Club of Lockney will sponsor the style show, and the wild flower displays will be in the museum.

TALENT SHOW AND DANCE

The Old Settlers dance will begin at 6 p.m. on the slab, south side of the courthouse, then at 8 p.m. the dance will continue in the Massie Activity Center. A four piece string band known as "Mrs. Nathan Stephen's band" will play for the dance.

At 8 p.m. the talent show begins on the slab. Judges for the show will be members of the Floydada Lions Club. There will be \$25.00 cash prizes for the three winners. However, if there are over ten entries the prize money goes to \$50 with the Hesperian and Blanco Offset Printing adding \$25.00 to the prize money.

Anyone interested (all ages) in entering the talent show should write "Talent Show, Box 700, Floydada," or come by the Hesperian Office and sign up. The deadline is 5 p.m. Friday to get in the show.

Duayne Wilson, Harvey Allen, Ed Pollin, and Wendell Tooley will play while the crowd gathers.

A complete program for the big day will be published Thursday in this newspaper.

Civic Improvement Committee

To Inspect Floydada

The Civic Improvement committee of the Floydada chamber of commerce met at King's restaurant Friday morning, May 16, to discuss the upcoming "City Improvement" week June 16-21. Members present were Chairman Claude Weathersbee, Sheila Christian, Kathy Green, Olin Watson, Boone Adams, Art Ratzlaff, and Doug Frazier, C of C manager.

Mayor Parnell Powell has pledged full cooperation from the city of Floydada in the clean up operation such as junk vehicles, weed mowing, etc. Doug Frazier has promised the Hesperian a list of the city ordinances covering the maintenance of property in the city limits. "There are several ordinances which we would like to bring to the people's attention and we

will publish these for the information of the people of Floydada," he said. "Many people don't know there are guidelines to follow in order to keep our community clean and impressive looking".

The committee will make a tour of the city Monday for ideas to present to different organizations wishing to participate. "There are many things which can be done to beautify our city and this will be a community effort to help attract business to our community," Claude Weathersbee said. "If anyone has any suggestions on the beautification of Floydada, we would like to hear them and anyone of the committee members may be contacted concerning this," he concluded.

Schools Get 57% Of

Floyd Public Spending

NEW YORK, May 9 - How much is being spent annually in Floyd County for education? Is it more or less than in most other localities?

What proportion of local governmental expenditures go for teachers salaries, school construction, maintenance, books and the like?

As is the case in every other community, local officials are faced with the problem of providing satisfactory educational facilities and opportunities, despite the tightness of money in these inflationary times.

A Federal study, recently released, indicates that education is the largest single item in most local budgets.

In Floyd County, it shows, approximately 57 percent of all public spending is in that direction. In some communities the proportion is somewhat smaller than that and, in others, quite a bit larger.

Nationally, the average is 41 percent. It is 53 percent in the State of Texas.

The study of local government expenditures, made every five years, is based upon data compiled by the Commerce Department for its current Census of Governments. The prior one was in 1967.

Its figures for Floyd County show that the amount spent in the year for all public purposes, equivalent to \$347 per local resident, included \$198 for education.

He expects the total cost of education to reach \$108 billion or \$11 billion more than last year.

It has become the country's largest enterprise, he notes, in terms of the number of people involved (62 million, including 3 million teachers) and in dollars spent (\$68 billion for public and non-public schools and \$40 billion for colleges and universities)

Increase Due In County Taxes

Commissioners Court met in regular session Monday then convened as a Board of Equalization for the purpose of equalizing the value of all taxable property situated in Floyd county.

The board, after examining lists and books submitted by the Assessor-Collector determined the necessity of raising the assessment of all properties shown on the tax roll. They directed the County Clerk to notify by publication all tax payers, to appear on June 9 and 10, 1975 at 10 a.m. to show cause why the valuation of their property should not be

increased. During the meeting of Commissioners Court Bob Jarrett made the motion, seconded by Aaron Carthel that the County raise the assessed tax value generally but in due regard of market value from 30 percent of market value to 45 percent of market value to be effective for the 1975 year.

Commissioners in other business voted three to one that county participate in the Crime Prevention Program and voted that county hire Vernon Belmer to conduct the annual audit of Floyd County.

KIWANIS GIVE \$100 CHECK TOWARD BREATHING MACHINE...Kiwanis president, Ricky Burns makes the presentation to Caprock Hospital Auxiliary president, Mrs. Lillian Smith, as Mrs. Emma Lou Whitaker, Auxiliary treasurer, and C. J. Payne, Kiwanis secretary-treasurer, look on. The Auxiliary is still a little short of its goal for the machine, but feel the goal will be reached within the week. The machine, when purchased, will be the second project completed by the Auxiliary in life saving concepts for the hospital. Their next project, through memorials and other donations, will be toward the purchase of the Ohio Respirator. (Staff Photo)

Carlsbad's New Cave Rugged, Natural Beauty Preserved

pool. A press kit was at the motel detailing the weekend program.

70 MILES TO BREAKFAST

At 7 a.m. Saturday we drove some 70 miles out through the Guadalupe Mountains to the National Park for a cowboy breakfast prepared by the Eddy County Rescue Squad. This was a most beautiful drive and the wild flowers...especially purple and yellow ones were in full bloom. The rescue squad cooked the breakfast at some 7,000 feet high in the mountains. After breakfast, which was served to 180 members of the press and their families, we boarded four wheel drive vehicles and continued our sightseeing to the crest of the mountain. The clouds were low and we were unable to get pictures of the canyons.

This is good deer country. We missed seeing Sitting Bull falls going back toward Carlsbad...you may want to see this when you go over there.

BOTANICAL GARDENS AND ZOO

Two or three miles out of Carlsbad up on a hill are the beautiful botanical gardens and zoo. I have never seen so many kinds of cactus. Besides all sorts of flowers, art works in the main building, there is a pretty fair zoo which includes, bears, buffalo, deer, coyote, wolf, badger, all kinds of snakes, ducks, gila monsters, a bird exhibit, kudu, elk, javalina, fish ponds, turtles. This is really worth the trip to Carlsbad.

MILLION DOLLAR MUSEUM

Saturday afternoon we visited the million dollar museum at White City. Saturday night was something else. The steak dinner was served in the back yards of Mr. and Mrs. Ray V. Davis, Mr. and Mrs. Dewey Connell. These back yards were huge, beautiful shrubbery, the lawn runs right down to the Pecos canal with boat dock. A very

good Mexican band played for us as we enjoyed the delicious steaks.

After seeing these two back yards (which adjoin with no fence between) it makes you want to come home and dig a great big canal across the back yard, turn all the irrigation wells of the neighbors into it and put some boats on it. (sure, I like to daydream).

NEW CAVE

I imagine most everyone has been through the Carlsbad Caverns, so I want to suggest that if you're in good physical condition, you hike in to see the New Cave. It is about eight miles from the Caverns and maintained in its rugged beauty. You must hike a little over a mile, go up some 500 feet to get to the entrance in the top of this mountain overlooking a beautiful valley.

The hiking in the cave is another 1 1/4 miles. You need to bring your own flashlights. I didn't take any pictures in the New Cave, but the ones on this page were taken from "Grain Producers News".

The Park Rangers say this cave will not be improved with electric lights, nice walkways, or good trail goint to it. This is for the hiker and the person who likes the natural beauty of the canyon and the cave.

THE PEOPLE

We couldn't have been treated better by the folks of Carlsbad...everyone was most friendly and really made us feel welcome. Of course, they hope a lot of Texas people will be visiting there in the future and there is really a lot to see around there.

The Clansman

Floydada Folk Attend Heart Association Meet

Frank Barrow, Gayle Daniel, Mr. and Mrs. Jim

Word attended the 1975 Regional Annual meeting of the American Heart Association in Lubbock Wednesday night, along with representatives from other counties in this area.

Plans are under way for money raising projects for 1975-76 for Floyd County. The Heart Ball and Bridge Luncheon was termed a success. Due to the snow on Heart Sunday Floyd County fell way below its goal for the past year.

Hypertension screening, cardiopulmonary resuscitation training, public relations, public education, professional education were discussed along with reports on the past years work.

A called meeting is planned in June to install the new officers and the Committee Chairpersons for the coming year.

FLOYD DATA

A Mother's Day celebration was held Sunday in the home of Mr. and Mrs. Harry Whitaker, Bill and Bob.

Mrs. Terry Brown

Mary Ann Byrd, Terrence Brown Repeat Vows

Double-ring wedding vows were recited Friday evening at 7:30 p.m. in First United Methodist Church of Lockney by Miss Mary Ann Byrd and Terrence Earnest Brown. Rev. Charles Hood, pastor of St. Christopher's Episcopal Church of Houston directed the exchange of marriage promises.

Parents of the couple are Mr. and Mrs. Fred Byrd of Lockney, and Mr. and Mrs. Ernest H. Brown of Houston.

Mr. and Mrs. John Simpson of Lubbock, sister and brother-in-law of the bride, were honor attendants. Also in the wedding party were Miss Pam Brandes of Lockney, bride-maid, and Lon Force of Dallas, groomsmen. Ushers were Mike Slavin, Larry Railsback, Brad Peters and Jeff Cecil.

The feminine attendants were gowned in floor-length dresses of blue chiffon over peau de soie. The dresses were fashioned with "V" necklines and Empire bodices topped with detachable caplet jackets.

The former Miss Byrd was given in marriage by her father. She chose a colonial gown of white chantilly lace veiled over bridal satin. Details of the dress were a fitted bodice, long-fitted sleeves with tulip cuffs over the wrists, and a high wedding band neckline. Seed pearls trimmed the lace flower motifs on the dress and also highlighted her crown of fabric flowers which held an illusion veil of waist-length.

Organ music for the wedding service was provided by Miss Nancy Henderson, who also accompanied soloist Miss Karen Clark, the bride's cousin, who sang "The Wedding Song" and "The Wedding Prayer".

A reception in the home of the bride's parents was held following the ceremony. Reception attendants were Reagan Cagle, Connie Codgell, Kay Martin, Naomi Lyles, Gena Catt, Cathy

Hawaiian Luncheon Held By Club

A Hawaiian Luncheon was enjoyed by members of the Harmony Home Demonstration in the club room of the community center May 12. Mrs. Walter Hanna and Mrs. J. R. Turner were hostesses for the luncheon.

Artificial palm trees and live pot plants were used about the room for a Hawaiian atmosphere. Tables were decorated with grass mats, pineapples and replicas of grass huts. They served a Hawaiian chicken dish with rice, fruit salad, sliced tomatoes, olives, hot rolls and tea. Dessert was 'heavenly hash' tarts served with pineapple juice punch.

Following lunch a short business session was held. Members answered roll call by naming a fact about Hawaii. Plans were completed for the salad luncheon scheduled to be held at Lighthouse Electric community room Wednesday, May 21, beginning at 10 a.m. This is a county-wide Home Demonstration meeting and each club member is asked to bring a guest. Harmony Club is host for the event.

Mrs. Turner and Mrs. Hanna brought the program showing slides and pictures of their trip to the 50th State. The Hannas visited in Hawaii in August, 1974 and the Turners in February, 1975. They had on display items they brought from the islands.

Attending the luncheon meeting were Mmes. Glenn Pool, Glen Curtis, Jimmy Kelly, Zant Scott, R. N. Hopper, Monre Schultz, Everett Miller, Carrick Snodgrass and the hostesses.

Porter, Susan Andrews, Jan Clark and Judy Hefley.

After a wedding trip to Puerto Vallarta, Mexico, Mr. and Mrs. Brown will be at home at 1926 26th Street in Lubbock. Both are graduates of Texas Tech University in Lubbock.

APPLEWHITES HAVE VISITORS

The G. C. Applewhites had as visitors in their home

Miss Barnes, Strickland Married In Waco

Following a wedding trip to New Braunfels, Mr. and Mrs. Willie Strickland will be at home in Waco where he is an adult probation officer of McLennon County.

The bride, the former Cindy Barnes, is the daughter of Mr. and Mrs. Alton Barnes of Lockney. Parents of the groom are Rev. and Mrs. G. W. Strickland Jr. of Mont Belvieu, Texas.

Mrs. Strickland is a graduate of Lockney High School and took her B.S. degree in church recreation from Baylor University in 1973. The groom is a graduate of Barber's Hill High School and also of Baylor University with a B.A. degree in Greek.

The couple was married at 6 p.m. Friday in Hillcrest Baptist Church in Waco. The double-ring ceremony was read by Ellis D. Morrison as the wedding party stood before an altar table covered

with a white cloth. A candle ring holding five candles centered the table and white candles were also placed in the windows of the church.

Charles McLeod, pianist, Miss Beth Shanks and Stan Beckworth presented the musical part of the service.

Miss Arleen Barnes of Lubbock served her sister as maid of honor. Mrs. Walton Strickland of Waco and Miss Suanne Strickland of Mont Belvieu, sister-in-law and sister, respectively, of the groom, were bridesmaids. They wore blue A-line dresses made of double-knit material and carried nosegay bouquets of white and blue carnations.

Rev. Strickland was his son's best man. The groom's brothers, Walton Strickland of Waco and Don Strickland of Mont Belvieu were groomsmen. Serving as ushers were Speedy Wible, Donny Wible, Nathan Williamson, Steve Williamson, Jerry Lancaster and Allen Seward, all of Waco.

When the bride was presented in marriage by her father, she wore a dress suggesting the fashions of the 1800's. The material of the dress had a delicate embroidered-look, white-on-white design. The dress was fashioned with a high neckline and sheer bishop sleeves. A self-ruffle outlined the deep yolk of the Empire bodice. The gored skirt was edged with a wide, gathered ruffle at the hem. Her tiered illusion veil was suspended from a band of pearls. Pearls also trimmed floral appliques which were scattered on the veil. The bride's bouquet was a nosegay of white carnations

Wesley Anns Hear HEW Program

Wesley Anns met in the First United Methodist Church parlor May 12 with Mrs. G.M. Armstrong as hostess.

An informative discussion on Health, Education and Welfare was composed of a guest panel which included Olin Watson, Mrs. Ralph Johnston, Mrs. Jack Jordan and Mrs. James Tidwell. Members of Wesley Anns were encouraged by the many accomplishments reported by the panel on the HEW in the county and especially in the city of Floydada itself.

Refreshments were served by Mrs. Armstrong to Mmes. Eldie Bryant, Jewel Martin, Kyle Glover, Dennis Teasdale, J.J. McKinney, Lula Green, Fred Stewart, Helen Soloman, Lorin Leibfried, Ethyle Hinson, Ralph Johnston, Jack Jordan, Mrs. James Tidwell and Olin Watson.

Monday through Thursday their granddaughter Miss Andis Applewhite along with her maternal grandmother, Mrs. Marie Sutton, both from Houston.

Andis has just completed college for an Associate of Arts degree in advertising art from San Jacinto College in Houston, graduating with her name on the dean's honor roll.

She is to begin work for Amoco-American Oil Company in Houston as a professional assistant to 15 geologists and geophysicists who operate over a three-state area of Arkansas, Texas and Louisiana. She will be giving presentations and maps.

Two of her advertising projects were entered by her college recently in an advertising contest sponsored by Lamar University of Beaumont. These projects were a logo for Bank America and a corporate image of Projects Specialists Inc., an engineering corporation owned by her father, Cal Applewhite.

and roses with blue feathered carnations scattered in the bouquet. It was carried atop a mother-of-pearl covered Bible brought from the Holy Land by the groom's grandmother, Mrs. Leda Strickland.

At the reception following the wedding, Misses Dee Dee Black, Cheryl Seward, Judy Power, Ruth Reese and Kelly Kehl assisted with the hospitalities.

LUNCHEON

A bridesmaid luncheon was held Friday at 12:30 p.m. in the Providence community home of Mrs. L. B. Brandes and Miss Pam Brandes. Guests were seated at quartet tables which were centered with miniature spring bouquets.

Attending were the bride, her sister Carolyn Simpson of Lubbock and their mother Virginia Byrd; the groom's mother Mrs. Ernest Brown of Houston; the bride's aunts, Mrs. Vella Curry of Oklahoma City and Mrs. Sybil Clark of Hydro, Oklahoma; the bride's cousin Karen Clark of Hydro; and Miss Reagan Cagle of Floydada; Miss Jan Clark of Dallas, Miss Nancy Henderson of Lockney, and the hostesses.

Patsy Parker Gets BS Degree In Nursing

Miss Patsy Parker, daughter of Mr. and Mrs. Vernon Parker of Floydada, received her BS Degree in Nursing from West Texas State University Saturday.

Pinning ceremony for graduating nurses was held at WTSU Friday night. Graduating ceremonies were yesterday (Saturday) afternoon at 4:30 in the Civic Center in Amarillo.

Miss Parker is currently Assistant Director of Nursing Services at Northwest Texas Hospital in Amarillo. She plans to continue her studies toward a Masters Degree.

FLOYD DATA

Mrs. Fred Martin and son, Dwayne, of Hilton Natal, Republic of South Africa, have arrived in the states and plan to be in Floydada Monday or Tuesday after enrolling Dwayne in Trinity University in San Antonio.

Womens Doubles (over 35) \$8.00; Mixed Doubles \$8.00. Due to limited facilities it may be necessary to limit the number of entries in certain divisions. Players may enter a maximum of three events. The 9 point tie breaker will be used. If there are not enough entries in a division, it will be closed out. No refunds will be made after the deadline except in those cases where a division is closed.

Acomodations will be available for Jr. High and High School players for one night only in Floydada homes.

Entry Blanks may be

obtained by writing to Floydada Tennis Club, Box 55, Floydada, Texas, 79235, or may be picked up at The First National Bank in Floydada.

Grandson Of Lockney Couple Honored

Arlond Thompson, son of Mr. and Mrs. Bill Thompson, Thunderbird Drive of Plainview, and grandson of Mr. and Mrs. R. W. Landrum of Lockney has been selected to attend the 15th annual Texas Nuclear Science Symposium to be held at the University of Texas at Austin, June 4-7.

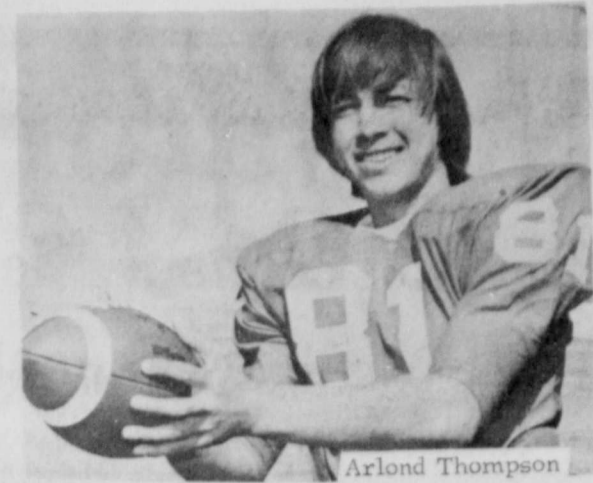

More than 500 of the state's top science students and instructors will attend

the symposium which is jointly sponsored by the Texas Atomic Energy Research Foundation (TAERF) and the University of Texas. The participants are sponsored by Southwestern Public Service Company.

Thompson is a junior at Plainview High School and is the president of the student body. He is on the dean's list, is active in football and track and is a member of the

science club. Thompson has also been nominated to attend Boy's State. He has also received runner up to Junior Class Favorite this year, a member of the Honor Society, and sings in the choir of the first Baptist Church of Plainview where he is a member.

His mother is the former Sandra Landrum of Lockney.

No Natural Gas, No Irrigation Farming

'Dryland Economy' Seen With Gas Curtailments

By KETH HENLEY
A-J Farm Writer

Thurs. day. Testifying before Federal Power Commission administrative judge Curtis L. Wagner Jr., Ray Joe Riley of Hart said a curtailment of irrigation gas would cut the yields of area crops by an average of 80-85 per cent.

May 15 and 16 are dates of great significance for High Plains users of natural gas as fuel for irrigation motors, says Donald A. Johnson, Executive Vice President, Plains Cotton Growers, Inc., Lubbock.

On these days the Federal Power Commission will have a hearing examiner at the Federal Building's District Court Room, 1205 Texas Avenue, Lubbock, beginning at 9:00 a.m. each day, to hear testimony concerning whether the limited supply of natural gas will be used in the future to pump irrigation water or will be allocated to some other use.

"The examiner has expressed his desire to get opinions straight from the farmers themselves," Johnson notes, "and whether farmers stay at home or come to town on one or both of these days can well affect their future operations for years to come."

The FPC has held hearings in Washington and is conducting field hearings at the request of Plains Gas Users Association, PCG and others who recognize the pending danger to irrigated agriculture.

Last December, without prior notice to affected parties, the federal agency issued an opinion lowering irrigation natural gas from a No. 2 to a No. 3 priority, a decision branded as "intolerable" by Lubbock's 19th District Congressman George Mahon.

Expert witnesses testified, and were cross examined, in the Washington hearings. From the Plains they included Dr. James Osborn, Chairman of Texas Tech's Agricultural Economics Division; Frank Rayner, Manager of Plains Underground Water Conservation District No. 1; John Akin, attorney for Plains Gas Users, and Jim Valliant, Irrigation Specialist for the High Plains Research Foundation at Halfway. Chief among the cross-examiners were attorneys for General Motors and the San Diego Gas & Electric Company.

"These witnesses in Washington made strong, sustainable cases for assuring the continuous availability of natural gas for irrigation," Johnson commented, "and now it is imperative that farmers themselves overflow the hearing room and the hearing record with evidence that thousands of individual cases do, in fact, back up the experts' testimony."

Osborn's statement, supported by a 30-page exhibit of detailed, carefully researched figures, reached the firm conclusion that "it is not economically feasible to convert High Plains irrigation wells from natural gas to alternative fuels; at today's fuel prices and today's farm commodity prices, conversion to gasoline, diesel or electricity over the long term would result in a negative return to producers."

Irrigation gas users wishing to make a statement at the Lubbock hearings will only need to fill out a card on entering the hearing room. A prepared statement will be permitted, but not required.

Emphasizing the importance of farmer testimony, Johnson said every High Plains irrigator who is on natural gas should ask to be heard. "Natural gas is so vital to our irrigated agriculture that the room should be too small and the time much too short to accommodate the crowd, even at this busy time of year," he said.

Speaking for PCG at the hearings will be Ray Joe Riley of Hart, past president and member of the PCG Executive Committee. Riley attended the Washington hearings and along with other PCG officials has been working several months with the FPC, Congressmen and Senators toward a solution to the problem. Don Marble of South Plains, PCG Board Chairman, also will present a statement on his own and PCG's behalf.

Riley's testimony, in the district courtroom of the Federal Building, was part of a two-day regional hearing called by the FPC to determine what priority natural gas should have for irrigation purposes. The regional hearings, which included sessions in Phoenix and Albuquerque last week and earlier this week, will conclude here today.

Priority No. 2 FPC officials declared last December that natural gas supplied by El Paso Natural Gas Co. for irrigation purposes was for an industrial use "properly includable within priority No. 3." Irrigation gas delivered by the company priority to the ruling had been in priority No. 2. El Paso Natural Gas Co. then placed all gas deliveries for irrigation use in the lower priority, which would allow it to be curtailed sooner in the event of a natural gas shortage.

"If natural gas were curtailed, we would have to gear down to a dryland economy and make the adjustments required for the change," Riley said. "My situation is typical of other farmers in my area."

Economically Unfeasible He said converting to gasoline-powered engines is economically unfeasible. In addition, he said he had been informed by a gasoline supplier the amount that would be required to power the engines would not be available.

Dallam County farmer J. C. Kelley, testifying with a standing-room-only crowd said crops on his 3,800 irrigated acres would be ruined if the gas to his 18 wells were cut off.

Another Dallam County farmer, Ralph M. Artz of Dalhart, told Wagner conversion to other sources of energy — especially electricity — would be economically unfeasible.

"I have been told by Rural Electric Administration officials that an adequate supply of electricity to power our engines is not available," Artz said.

He added that at a 10 per cent interest on loans he would be financially unable to convert his natural gas powered engines.

Dale West of Floydada illustrated the difference in production between dryland and irrigated acreages. The Floyd County farmer has 900 irrigated acres and about 600 dryland acres.

"Dryland yields are about two-thirds less than those from irrigated acreages in a good year," he said. "And we make a good dryland crop in about one of every seven years."

West said a lack of water was the only reason his entire operation was not irrigated. He said natural gas is "easy to work with and if the motors are kept in good condition," he had no problems.

Vegetable farmer Martin Tomb of Hale Center testified his crops must have water to reach maturity.

"Vegetable growers must have water in the summer months," he said, "because if there is none, production is cut 100 per cent."

Tomb described his banker as "terrified" over the threat of curtailment of natural gas and

PRESIDENT OF THE FLOYD COUNTY FARM BUREAU Dale West is shown testifying at the federal hearing on natural gas for irrigation which was held at the Federal building in Lubbock Thursday and Friday. West, a Floyd county farmer, explained how natural gas for use with irrigation pumps has become an essential part of his farming operation. Farmers from all over the Panhandle and South Plains appeared at the hearing which was called to hear evidence on a ruling by the Federal Power Administration regarding priority of natural gas for irrigation. Many other farmers from Floyd attended the hearing.

said he would be forced to abandon vegetable production if he could not irrigate.

Banker Is Quoted Jim Dowdy of Dalhart, who farms 2,000 acres of irrigated land, said he was told by his banker that if natural gas became unavailable, forcing a conversion to another source of power, additional financing could not be extended.

"Should natural gas be curtailed, I would have to revert to dryland farming," Dowdy said. "This would destroy the lives of three families that work for me because I should operate a dryland farm alone."

In an interview Don Workman, senior vice president of the First National Bank at Lubbock, said curtailment of natural gas for irrigation would "seriously affect farmers and the area's economy."

"In general, banks could not stay with many of these farmers if their gas were cut off because repayment of loans is

based on irrigated production," Workman said.

Conversion Costly Other witnesses included Dr. James Osborn, agricultural economist at Texas Tech University; Britt Jarvis, Spearman farmer; and Workman.

A study by Osborn has indicated conversion of irrigation pumps from natural gas to gasoline would increase hourly fuel costs approximately 220 per cent for a 150 horsepower engine.

Conversion to propane, according to Osborn's study, would increase hourly costs approximately 282 per cent.

The annual cost of a 3,000-hour irrigation season on the same 150 horsepower engine would jump from \$3,750 for natural gas to \$15,000 for gasoline and \$15,500 for propane, the study indicated.

More than 120 persons jammed the courtroom, many standing against the walls. Some 300 more registered their attendance.

Providence News

By Gayle Jackson

PROVIDENCE: Mr. and Mrs. Robert Damron, Shayne and Reyna spent Sunday in Tulia with her mother Mrs. Jim Barnes at the home of Mrs. Damron's brother, Mr. and Mrs. O. B. Barnes and family. Also present were Mrs. Damron's other brothers and sisters and their families.

Mr. and Mrs. J. L. Whitmire and Dianne of Tulia visited Monday evening with her brother, the Bob Damrons.

Mr. and Mrs. Arnold Dietrich, Jim and Mike were at Cee Vee for Mother's Day at the home of her parents, Mr. and Mrs. Jerry Barlow. Jimmy and George Durkop of Amarillo spent this past weekend with their parents, Rev. and Mrs. Luther Durkop, and their grandfather, Rev. William Durkop.

Mr. and Mrs. Marvin Scheele visited over the weekend in Borger with their daughter, Mr. and Mrs. Vernon Collins and Phil Collins.

Sunday lunch guests of Mr. and Mrs. Jerry Williams and children were his parents, Mr. and Mrs. Lois Williams of Aiken, and his sister, Mr. and Mrs. Johnny Cline and Natalie of Dimm-

itt. Guests for supper were parents of Mrs. Williams, Mr. and Mrs. Oscar Golden and her brother, Mr. and Mrs. Larry Golden and sons, all of Aiken.

Mr. and Mrs. Herb Webber and Miss Karen Quebe of Lubbock were here for the weekend with Mr. and Mrs. Ewald Quebe. A shower for Miss Webber and her fiancé John Quebe of Lubbock was held Saturday afternoon in the L. B. Brandes home.

The Joe Smith family enjoyed Sunday dinner in Lockney with his brother, Mr. and Mrs. Lynn Smith and family.

Mr. and Mrs. Warren Mathis and family met members of Mrs. Mathis' family in Plainview for Mother's Day lunch. Attending were the Mathis family, Mr. and Mrs. Hershel Carthel, Chester Carthel, France Carthel, Mr. and Mrs. Ted Carthel, Ches and Cathy, all of Lockney, and Mr. and Mrs. Maurice Tannahill of Hereford.

Mr. and Mrs. Richard Mathews ate lunch in Plainview Sunday with the Werner Boedecker family at a restaurant.

Mr. and Mrs. Albert Scheele, Lisa and Ralph enjoyed a family get-together Sunday at Dimmitt at the

A Weekly Report Of Agri-Business

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Wheat Harvest Underway... Crops Progressively Sunflowers? ... Texas In Top Ten ... Rice

The 1975 wheat harvest is underway in more than five per cent of the bountiful crop to date. And while that is going on in the rest of the state, wheat is making excellent progress of Texas with the crop now headed out.

Nationwide prospects for the 1975-76 crop are slightly more than two billion bushels to quarter billion bushels.

Projected production for the 1975-76 crop all wheat ranges from two to two and a half bushels. Total supply ranges around 2.5 billion. Carryover as of June 30, 1976, is expected to be 450 million bushels; this year's carryover is anticipated to be around 230 million bushels.

MEANWHILE, CROP PROSPECTS continue to brighten. Cotton planting is completed, which is slightly behind 1974 time. Planting is virtually completed, and replanting in the Blacklands and Trans-Pecos preparation is about finished on the High Plains and the first of the 1975 crop is now in the area.

Sorghum planting is more than 60 per cent completed in the Rio Grande Valley is ahead of early stands have been planted in the High Plains. Peanut seeding for the state is about a third completed.

Corn planting is about two-thirds completed with about 90 per cent at this time a year ago.

HOW MANY ACRES are planted to sorghum this year? That's one of the questions the Livestock Reporting Service is going to find out in its questionnaire.

About 24,000 crop questionnaires go out to producers throughout the state. If you are requested to fill it out, please do so and return it promptly. Information from the questionnaire will be the basis for crop reports later this year.

IF YOU LIKE WATERMELON doesn't you'll be happy to learn that we will come a little early this year—about a month. The Texas watermelon production is a big season. Texas, in case you didn't realize, is the nation in production of watermelons.

home of her sister, Mr. and Mrs. Ernest Sammann, Cheryll and Janet. Also present were Mrs. Leta Tannahill, Mr. and Mrs. Johnny Tannahill, Friona; Taylor, Roy Morrow, Eugene Taylor, SEE PROVIDENCE

One of a series of advertisements appearing in TIME, NEWSWEEK, MONEY and BUSINESS WEEK

With over 1800 companies to choose from, how do you find good life insurance at low cost?

If you're in the market for whole life insurance, you have a choice. You can choose a company that's best known for its name. Or you can choose a company that's best known for its quality and low cost. Like Connecticut Mutual Life.

In a recent study by a subcommittee of the U.S. Senate, Connecticut Mutual was shown to be one of the lowest cost life insurance companies in America—which confirms what independent, industry-wide studies have shown for the last 20 years. These independent studies also examined other factors you'll want to consider when buying life insurance, like a company's management and financial strength.

Here again, Connecticut Mutual has consistently ranked among the best in the country.

So before you buy life insurance from anyone, talk to a Connecticut Mutual agent. Good life insurance doesn't have to be expensive.

For further information about cost comparisons and other important considerations, send for our free Buyer's Guide. Write to Don W. Henderson, Box 10121, Lubbock, TX 79408.

Quitaque Women Sidewalk Sale

"We the Women" are having an Arts, Crafts show and Flea Market in Sidewalk Sale Saturday, May 31 at Quitaque, Texas. Items on sale include candles, aprons, pot holders, centerpieces, place mats, dish towels, pillows, stuffed toys, crewel embroidery, crochet, knitting, decoupage, artificial flowers, plaques, beads, Christmas decorations, decorative fruit, shadow boxes, ecology boxes, afghans, quilts, and hanging baskets. The will also be a bake sale-including home canned food, homemade candy, brownies, cakes and pies. All proceeds will go toward furnishing the Community Center in Quitaque.

Senior Girl Scouts Do Candy Striping

Five Senior Girl Scouts are Candy Strippers at Caprock Hospital, doing a service for others while beginning to think of their future. The program is set up to help them decide if they want to pursue a health career. They have several hours training under the guidance of Mrs. Pedro Ochoa. Each girl plans to do at least 50 hours or more free service in the hospital. In the Candy Striping program are Nanette Burk, Connie Welch, Robin Roberts, Kelli Parsons and Donna Chesshir. Of these five, three of the girls plan to go into careers which involve health. The other two plan to teach. All five said they enjoy the services they perform at the hospital.

CANDY STRIPERS LEARN HOW...under the guidance of Mrs. Pedro Ochoa. Left to right are Senior Girl Scouts, Donna Chesshir, Connie Welch, Robin Roberts, Nanette Burk and Kelli Parsons. The girls are in a health program, doing services for others at Caprock Hospital. [Staff Photo]

Cancer Society To Hold Annual Board Meeting

The American Cancer Society, Floyd County Unit South, will hold their annual board meeting Thursday night, May 22, at 7:30 in the K. E. Probasco home, one-half mile west on the Sandhill Highway. Those interested in attending the supper-meeting should contact Phyllis Harris at 983-3487. All board members, members of the unit, volunteers who worked in the drive and those who may be interested in working next year, are invited and urged to attend.

WINNERS OF American Foundation for Pharmaceutical Education Scholarships at Southwestern State University, Weatherford, Okla., are [from left] Marion Cox, GAINESVILLE, TEX.; Andy Hale, FLOYDADA, TEX., and Donna Veal, GUYMON. The pharmacy majors were honored during the annual Southwestern School of Pharmacy awards ceremonies this spring.

Obituaries

Kent Haynie

Services for Richard Kent Haynie, 19 year old Amarillo resident, and nephew of Sam Puckett of Floydada, were conducted Saturday morning at 10:30 in First Baptist Church in Amarillo. Grave-side rites were at 3:30 that afternoon, May 17, at the Plainview Memorial Park Cemetery in Plainview. Haynie, who had visited extensively during the summer in Floydada with the Pucketts, was killed Wednesday night in a car-motorcycle accident at Canyon Drive and Washington Streets in Amarillo. Police said Haynie's motorcycle was northbound and

the car west bound. Haynie was a native of Waco and had resided in Amarillo since 1967. He was a bricklayer, a 1974 graduate of Tascosa High School and a member of the First Baptist Church. Survivors include his mother, Mrs. Clayton Campbell of Amarillo; his father, Harold Haynie of Amarillo; a sister, Laura Lynn Haynie, Amarillo; and grandparents, Mr. and Mrs. W. R. Puckett of Plainview, Burl Haynie of New Jersey and Mrs. Inez Weimer of Fort Worth. A power over a man's subsistence amounts to a power over his will. -Alexander Hamilton.

Douglas Cannon In Texas Tech Commencement

Douglas Cannon, son of Mr. and Mrs. J. W. Cannon of Floydada, participated in commencement exercises at Texas Tech University May 16. Cannon received a B.A. Degree in advertising in December, 1974. He is presently employed as assistant manager of Oshman's Sporting Goods in Lubbock.

May Is Better Hearing Month

conduct hearing loss tests and discuss hearing loss problems. In explaining the importance of the "Better-Hearing" workshop, Wade noted that according to recent statistics from the U.S. Department of Health, Education and Welfare, hearing loss problems are among our nation's major disabilities. "Over 14 1/2 million persons in the U.S. suffer from measurable hearing losses and many victims are unaware of the seriousness of their problem. Everyone-regardless of age-should have their hearing tested annually," he concluded.

Planetarium Appears In FHS Lab

There is a dome like object in the physics lab at FHS and science teacher Jerry Livingston explains it this way: "Planetarium was constructed by high school science class in astronomy. It is a structure designed to permit the projection of star images on the hemispherical surface. We can study the constellations and stellar magnitudes. The planetarium consists of two parts, a projector and the dome (projector screen).

study the constellations and stars in science classes in the future. It is capable of being disassembled over the summer and reassembled prior to use next fall."

THE PLANETARIUM DOME with students pictured in the top photo and inside the dome in the bottom photo. The globe has a light inside which reflects the star pattern inside the top of the dome. (Staff Photo).
