

"Serving The Floyd County Trade Area Since 1896"

The Floyd County Hesperian

Floydada, Floyd County, Texas 79235

Sunday, June 22, 1975

8 Pages in one section

Number 49

... COUNTY WHEAT CROP harvest is estimated to be 65% to 75% in the elevator and this Louis Pyle farm is fast winding up this field. Elevator men say this is the best crop since 1961 county farmers. The price in Floydada Friday was \$3.00 per bushel.

Floyd In Medical Shortage Area

THE SOUTH PLAINS Association of Governments has been notified by the National Health Service Corps that Borden, Crosby, Floyd, Garza and Motley counties have been designated as critical medical shortage areas. In addition, Borden and Motley counties were designated critical dental shortage areas. The announcement came in a special news release from Tom Beck, Health Planning Coordinator of SPAG.

may apply to the National Health Service Corps for the assignment of Corps physicians or dentists to practice their profession in a private clinic setting. The earliest date for assignment would be July 1, 1976. South Plains Health Provider Organization of Plainview, with the assistance of SPAG staff, worked closely with the County Judges and Mayors as well as the medical community in each of the counties to develop the documentation as required by HEW. The SPAG Board reviewed

the request at their April meeting and asked HEW to grant the designation. According to the announcement, South Plains Health Provider Organization has notified SPAG of intent to apply to the assignment of health professionals to work within these counties. SPHPO will work closely with local elected officials and the medical community in developing the application. The organization would provide all administrative functions for the physicians or dentists, allowing that person to spend his time serving the medical and dental needs of underserved rural counties.

New Number For Directory

On June 21, telephone users in Lockney and Floydada will dial a new number for local Directory Assistance. As of that date, customers will dial "1" plus 411 to ask for numbers not in the directory. Jim West, manager for Southwestern Bell, said the change results from phasing out operator services in Plainview. Lockney and Floydada customers still will dial "0" for operator assistance

or Repair Service, West said. However, he emphasized that the 1+411 number must be dialed to get numbers for Lockney or Floydada. For long distance Directory Assistance, customers will continue to dial 1 + Area Code (if needed) + 555-1212. "As a reminder," West said, "One-Plus (direct) dialing is the fastest, most inexpensive method of placing Long Distance calls."

Other counties previously designated as critical health manpower shortage areas include Dickens and King counties in the South Plains region as well as Kent and Briscoe counties in neighboring Councils of Governments. This is the largest contiguous area in Texas that HEW recognizes as needing additional health manpower to meet the medical needs of Rural America. Floyd County has two hospitals and five medical doctors. There are 3 dentists.

Oil Well, Dry Hole!

... that was drilling just ... on the Silverton ... the drilling Sunday ... the well effort a dry

It was unofficially reported that drilling went to a little over 6800 feet. This is the second dry hole this year in Floyd County, as one was drilled earlier on the Billy Staniforth land east of South Plains.

Municipal Band Rehearsal Tuesday

Everyone ... young, or old, who wants to play in the municipal band is reminded to come to practice at the band hall Tuesday night at 8 o'clock. FHS band director Dennis Teasdale said some 30 came to practice last Tuesday night and he wants several more in the band. The band will make a community concert performance later on when practice sessions end.

TO PLAY IN LOCKNEY MEN'S LEAGUE

Baseball Teams Needed

Anyone interested in organizing a baseball team to play in the Lockney Men's League is urged to contact Roger Stapp, 652-2439. There are now four teams organized to play in the

league. According to Stapp, two more teams are needed, and out-of-town teams are invited to join the league, especially teams from Floydada and Plainview.

Games will be scheduled at 8:30 p.m. on Mondays, Tuesday, Thursdays and Fridays, Stapp said. Stapp said he would be happy to help organize teams for the Men's League.

The Jordans

Marilyn Colleen Bruce

"CALL FROM GOD" ... This group is the group that ... and they will be appearing in concert at the church of the Nazarene, 4th and Tennessee Street, ... Services will be Saturday evening June 21 at 7:30 ... morning June 22 at 9:45 a.m. The public is invited. ... admission, however, there will be a free will offering ... expenses.

Rock Chat By Wendell Tooley

... SALES tax ... Comptroller Bob ... about the business in ... towns. It is ... would do twice as ... Lockney. Populada is twice as large. ... was \$5,917.21. ... Dimmitt and ... \$10,217.32 and ... the 1970 census ... population was 4109, ... 5294. True, ... have more people to ... almost twice as ... amount of business ... could very well be ... Dimmitt and Tulia ... at home better than ... you like to Floydada ... out of town to buy? ... me now, and let's ... merchants should be ... they don't have. ... tax reports that ... a check for ... people over there must ... their business places ... to report their sales ... or three months! ... GETTING a lot of ... ment now. We ... the Renaissance ... Methodist Church ... will be at First ... night. ... June 21, the Jordans ... of The Nazarene. ... Stringer is ... mental Singers.

PSYCHOLOGISTS claim that the six sweetest phrases in the our language are these: I love you. Dinner is served. Sleep until noon. All is forgiven. Keep the change. Here's that ten I owe you.

TAXES could be much worse. Suppose we had to pay on what we think we're worth.

A YOUNG BUSINESSMAN was running to catch the morning train from far-out suburbia to the city. Trotting up to a farmer he asked: "Say, do you mind if I take a short cut across your field? I want to catch the 6:45." "Sure, go right ahead, young feller," replied the farmer. "But if my bull see you, you'll catch the 6:15."

THERE ARE SOME OLD TIMERS around here who can remember when Floydada had a paid municipal baseball team. Now, comes one who says it was back in 1925 when Floydada last had a municipal band.

FHS band director Dennis Teasdale reports a lot of interest and enjoyment in getting the summer municipal band going. So ... if you want to play in the band ... be at rehearsal Tuesday night.

LATER FRIDAY I talked to Jimmie Lou Stewart at the city office and she said the sales tax check that went to Silverton was probably a quarterly payment instead of for the month of May.

A GOOD salesman is a fellow who can convince his wife that she looks fat in a fur coat.

Dougherty Post Office Opens

Mrs. Mary Colmer, officer in charge of the Post Office at Dougherty announced today that an opportunity to view the new postal facility will be given at a community visitation Friday, June 27 from 1 to 4 p.m.

Employees will be present to conduct tours through the facility and Mrs. Colmer will serve punch and cookie refreshments.

A stamp window will be open and 10 or more commemorative stamps will be available to celebrate the occasion. In describing the new post office Mrs. Colmer said it was concrete and brick construction of some 874 square feet. The building style is Early American with large bay window, gable roof, white porch columns each side of the front door.

The interior is vinyl wall covering of the large lobby area. There is a 24 hour lock box, a streamlined box section, and formica customer counter tops. The building is cooled with refrigerated air conditioning, and there is plenty of customer parking.

Mrs. Colmer is pleased to show the new post office to the public and the Hesperian will publish a photo of it in Thursday's edition.

Baseball Team Tied With Abernathy

After defeating Idalou 6-5 Thursday night, The Floydada Livestock Sales baseball team is tied with Abernathy. Each team 6-1.

In the Idalou game Floydada pounded eight hits, six runs, and had five errors. Derek Cheek blasted a single and a double, Guy Ledbetter was the winning pitcher and also helped his cause with two singles.

Idalou hit six, and had four errors. The locals will play Abernathy for first place Monday night at 8 p.m. here ... so you all come for an exciting game. Cheer Floydada into the number one spot.

White Sox Lead T-Shirt League

The White Sox are leading the T-Shirt baseball league with four wins and one loss. Thursday night the White Sox defeated the Pirates 17-10 in a thriller.

Floydada Cancer Chapter Exceeds 1975 Goal

The Floyd County (South) Chapter of the American Cancer Society exceeded its per capita goal for 1975 with a total of \$7,446.37 and received special honors last week for doing so.

Crusade Chairman Mrs. Bob Christian and chapter president Mrs. Pete Hickerson received Golden Achievement awards at the district three meeting of the American Cancer Society in Lubbock last Saturday, at the Hilton Inn.

Out of the 22 counties in district three only three exceeded their goal. The gifts received by the Floydada chapter included: \$952.74 from special events, \$1,539.34 from memorials, \$2,546.35 from the crusade and \$2,407.94 state.

Mrs. Bob Christian And Mrs. Pete Hickerson

TALK ABOUT CLEAN-UP ... these Summer Youth Program youngsters have been collecting an orange garbage container full of trash every day during Floydada's Clean-Up week. The program is through the Community Center and the northeast part of Floydada is looking good. (Staff Photo)

Grant Teaff Men's Rally Speaker

Grant Teaff, Head Football Coach, Baylor University, and Coach of the Year, will be the inspirational speaker for the Baptist Men's Annual Rally at Plains Baptist Assembly June 27. Coach Teaff is well-known in West Texas, having been on the coaching staff of Texas Tech University before going to San Angelo State College and to Baylor University, where he led the Baylor Bears to win the Southwest Conference. He has been an active member of the fellowship of Christian Athletes for a number of years, as well as known from coast to coast as a Christian inspirational speaker.

activities will start with a golf tournament at 9:30 a.m. at Floydada Country Club. Shelby Baucum, Minister of Education, First Baptist Church, Plainview, is in charge of the golf tournament. The type of play will be Florida Low-Ball. Each team will consist of four players; a good player and three who are not so good. Teams are chosen by average scores. No two players from the same church will play on the same team. Each church was mailed a registration form to be filled out and returned to Shelby Baucum, First Baptist Church, Plainview, Texas 79072.

the Assembly Cafeteria from 6:00 - 7:15 and the program will start at 7:20.

Buddy Wells, Minister of Music & Education, First Baptist Church, Littlefield.

is in charge of the special music. The annual Men's Rally has been a highlight on the year's calendar, when both areas combine for a giant inspirational service and fellowship. Of course, any Baptist gathering of this

WEDDING FROM 3

guez. Eva Villarreal, Carmen Blanco and Maria Isabel Blanco, sisters of the groom. Teresa Perez was flower girl and David Martinez, the bride's brother, was ring bearer.

Rudy Molina served as best man. Groomsmen included the bride's brother, Louis Martinez Jr., Tony Luna of Plainview, Rueben Guerrero and Juan Escamilla. The bride's uncle, Robert Gutierrez, and the groomsmen were ushers.

Also in the bridal party were padrenos Mr. and Mrs. Joe Castillo of Plainview, Mr. and Mrs. Samuel Rangel, Mr. and Mrs. Pedro Vasquez and Mr. and Mrs. Arnold Peralez.

The feminine attendants were dressed in floor-length fashions of baby blue. The bridesmaids and maid of honor wore light blue picture hats. Madrenas wore dresses of a darker shade of blue styled with Empire waists, long sleeves and

pearl buttons trimming the bodices. All carried a long stem silk rose.

At the reception held in the fellowship hall following the wedding, Thelma Villarreal, Angie Castro and Linda Arellano were attendants at the refreshment table. A white linen cloth trimmed in lace covered the table which was centered with an arrangement of summer flowers flanked by blue tapers.

Mr. and Mrs. Rodolfo Blanco Jr. will be at home at 1401 Houston in Plainview. Both were spring graduates

The Floyd County Hesperian

type calls for an offering. It will give individuals an opportunity to contribute to the indebtedness of the manager's new home on the Assembly grounds. Even though it is primarily a men's gathering, there are no rules against ladies attending.

of Lockney High School. He is an employee of The Tye Company in Lockney and she works at Sears in Plainview.

The parents of the bride and groom hosted the rehearsal dinner Thursday night at Strickland's Restaurant. Tables were centered with blue candles arranged with daisies, net and blue ribbons.

LOCKNEY LOCALS

BY ELAINE HARDY

G.A. McADA entered Scott and Whites at Temple last Wednesday and had leg surgery on Thursday. He will be so glad to hear from all his friends while there. He is not sure just how long he will be there. His address is: Scott and White, room 425, 2401 South 31st Street, Temple, Texas 76501.

MRS. JIMMIE PINNER, a former Lockney resident, now of Dimmitt visited with Tina Rexrode and Jim Pinner in their home last week.

GOING TO the GA camp at the Baptist encampment on Monday were Amy Shaw, Barbara Moore, Anjella Mangum, Dana Poole, and Robin Hardy. Sponsors Glenda Cooper, Stacy Race and Elaine Hardy stayed with them. They returned on Thursday afternoon.

GOING THE WEEK before to the Plains Baptist Campgrounds were the Act-Teens of the Baptist church: Kathryn Moore, Mitzi Collis of El Paso, Debra Webb, Melody Wiley, Sue Burt, Paula Teuton, Doylene and Christy Poole, Roxanne Ford, Tammy Adams, Tonya Nance, Julie Ferguson, and sponsors Mrs. Peggy Wiley and Glenda Ford.

What a great week we have had. Last Monday several members of West Side Church of Christ came for morning devotionals. Tuesday Bro. Frank Ramos of Salem Baptist came. Wednesday we had several members of First United Methodist and Dan Craig. Thursday we had Bro. Clay Muncy and Mrs. Muncy and Mr. and Mrs. Fortenberry. Friday we had Bro. Raymond Crowder and members of Flomot Baptist. This coming Sunday, June 22 we are to have First Baptist Church members of Lockney for our afternoon services. Last Thursday night we had a great musical group of Art Ratzlaff and Jim Burt playing for us. We sure enjoyed their entertainment. Thanks to everyone for coming. Our thanks also to the Schachts for their beautiful flowers for Father's Day and the flowers shared with us from Tony and Karen Ford's wedding. Also to Mrs. Roberson for her flowers. YARD OF THE WEEK is at 714 South Main Street, the home of Bennie Leibfried. Lorin does all the yard work, he pulls weeds, kneels, even does the alley, too. For the Spring there are yellow front lawn. A large American elm tree shades the front yard. Many trees: hackberry, pine, mesquite, and a live oak transplant. A vegetable and flower garden graces the backyard. The week was chosen for its neat appearance and for all the loving into the yard work. Honorable mention goes to Mrs. L. L. Kentucky.

Record Wheat Crop Puts Pressure On Prices

COLLEGE STATION — Harvesting of a record wheat crop is under way, and pressure is mounting on the prices farmers receive for their crop.

Roland D. Smith, grain marketing specialist for the Texas Agricultural Extension Service, sees wheat prices at the \$2.75 - \$3 per bushel level during the coming weeks as the 1975 crop moves to market.

"Harvesting of the estimated two-billion-bushel crop is gaining momentum in the wheat producing areas," points out Smith. "Although late winter weather and heavy spring rains caused earlier delays, according to the U.S. Department of Agriculture crop report of June 10, the Texas wheat crop is estimated at 132 million bushels, more than double last year's output."

The specialist feels that early harvested wheat will

be marketed on schedule but that a considerable amount will be stored in elevators as the harvest progresses and prices begin to decline.

"In addition to the expected record harvest in the United States, limited exports and an expected increase in world wheat production also will have a dampening effect on the prices U.S. farmers receive for their wheat," points out the Texas A&M University System specialist.

"Wheat exports are well behind USDA projected levels of 1.1 million bushels, meaning a larger carryover than expected. Of course, the cancellation of wheat contracts by Turkey (some 18.6 million bushels) was a damaging blow. Now importers are counting on the big crop to push prices lower before they have to buy. India is the only significant single buyer of the new-crop

wheat." World wheat production in 1975 should be some 7 per cent above last year, according to the International Wheat Council. There is still much concern over the all-important USSR crop, but recent rains were reported to have alleviated some of the dry conditions.

"The increase in world

production is expected to enhance the competition for wheat exports during the coming year," contends Smith. "The European Common Market has enacted an export subsidy to undercut current U.S. wheat prices."

On the brighter side, some expansion of wheat feeding is expected this summer, with the possibility that

wheat usage as feed may reach 200 million bushels, according to the specialist.

"Animal nutritionists say that wheat can be substituted in cattle rations up to 35-40 per cent. Wheat prices are already competitive with feedgrains in some of the Plains states where feedgrains are in short supply due to a poor crop last year. Wheat at \$2.85 per bushel would be at about a break-even price with corn at \$2.67 per bushel. This situation might help set a floor price for wheat, although livestock feeding is still limited.

"Farmer selling intentions are a critical consideration in price projections," believes Smith, "since they control virtually 100 per cent of the wheat supply this year. Last year wheat producers held their crop past harvest,

partially resulting in higher prices received."

The specialist contends more wheat will likely be stored in Texas and Oklahoma this year if prices fall much below the \$3 level. North Texas elevators are reporting limited selling at harvest. Furthermore, wheat producer organizations are advocating "orderly marketing" to insure better prices for growers.

"The wheat market is quite weather-oriented now and will be through July," says Smith. "Good harvest weather will mean a record crop and that will put pressure on the wheat market. Wheat as well as other grain producers will have to pay particular attention to the market situation this year to get the most for their crops," he adds.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

One Thing In Common... Two Above Failing... Five More Approved... Sheep, Lamb Feeding Less Than Half.

Texas farmers—from the High Plains to the Rio Grande Valley—have one thing in common for the next several weeks. Harvest of the 1975 crops is underway.

But there is a contrast. While farmers in the northern part of the state get into wheat harvest, those in the southern sections are combining sorghum and getting ready to harvest cotton. Farmers on the High Plains are finishing planting of cotton for this season.

Delays have also been noted in harvests throughout the state due to rains. Wheat harvest is around the 20 per cent completion mark in the state.

IF YOU WENT TO SCHOOL many years ago, you'll recall that any grade you made below 70 was considered failing. Agriculture, based on that grading system, is just barely above failure in its recent parity ratio figure.

The latest parity figure is now a 72; that's three points above a month ago, but six points under a year ago at this time.

Of the 26 commodities listed by the Texas Crop and Livestock Reporting Service, only three are above parity. They are oats, which is 13 cents per bushel above parity, mohair, at 21 cents above parity, and sheep, 70 cents above parity.

Calves and cotton continue to be glaring examples of disparity. The average calf price in Texas is set at 26 cents per pound; parity for calves is 67.10 cents per pound. Cotton price average in the state is 31.1 cents per pound. Parity for that commodity is 77.12 cents per pound.

Even hog prices—which have shown dramatic price rises in recent months—continue below parity. The average hog price in Texas is \$43.30; parity is set at \$47.50.

In other livestock prices, beef cattle averaged \$33.80 (that's up \$3.10 from a month ago); parity is \$54.90.

In crop prices, the wheat price average of around \$3 per bushel is more than \$1.50 under parity. Grain sorghum about a dollar under parity.

Egg prices at 52 cents per dozen are 23 cents under parity. Turkey prices at 35 cents per pound are a dime under parity.

FIVE MORE TEXAS COUNTIES have been approved for emergency livestock feed. They are Cameron, Duval, Hidalgo, Jim Hogg and Jim Wells counties. Emergency livestock feeding is needed by a number of eligible producers in those counties to relieve feed shortages caused by prolonged dry weather conditions.

SHEEP AND LAMB FEEDING in Texas is 58 per cent below a year ago as of June 1, but is up 57 per cent from a month ago.

Marketings during May totaled 33,000 head. Current intentions to market are: June, 22,000; July, 19,000; and August, 6,000. July and August intentions are incomplete at this time because additional lambs could still be placed on feed and marketed during these months.

RED MEAT PRODUCTION in Texas during April is up 25 per cent from a year ago, the Texas Crop and Livestock Reporting Service notes.

April slaughter of cattle totaled 398,000 head, which was 95,000 more than a year ago. The calf kill for April was 45,500 head, which is an increase of 35,800 head over a year ago.

Hog slaughter during the first four months of this year was down eight per cent from the previous year.

DAIRY SPECIALIST TO RETIRE — J.W. "Jimmy" Davis, Jr., longtime dairy specialist with the Texas Agricultural Extension Service, is retiring June 30. Davis has provided educational leadership to the dairy industry of the state for more than 18 years. He gave particular emphasis to the improvement of dairy herds through the effective use of records and herd sire selection programs. Through short courses at Texas A&M University as well as regional meetings and workshops, he has effectively disseminated current information to the dairymen of Texas. He is a nationally recognized dairy cattle judge and has been a staunch supporter of the 4-H dairy program.

CERTIFIED HOG GRADER—Helen Howe of the Texas Department of Agriculture is the nation's first woman certified hog grader. The 1972 Texas Pork Queen, she was also a house farrowing manager.

Texan Is First Woman Certified Hog Grader

AUSTIN—When Fort Worth native Helen Howe went looking for a job last fall, she had hopes of "getting out of the hog pen" for a while.

Instead, her credentials as a former farrowing house manager and the 1972 Texas Pork Queen led her right back into agriculture as the nation's first woman certified hog grader.

Ms. Howe began her grading duties for the Texas Department of Agriculture in September, 1974, after a two-week training session with the U.S. Department of Agriculture in Missouri.

"Ms. Howe is doing an excellent job with the department and in her work as the first woman grader performs an invaluable service for Texas hog producers," according to Agriculture Commissioner John C. White.

Ms. Howe, who first began her grading activities for the Texas Agricultural Market Development Association in Amarillo, now divides her work week between Amarillo and the South Plains Swine

Marketing Association in Lubbock.

Hogs that are brought in to be sold are first herded into a pen where Ms. Howe looks them over and grades each animal individually by spraying one of four paint colors on its back.

In an average day's work, Ms. Howe may grade almost 1,000 head before they are ready for sale.

Hog grading activities at the Lubbock and Amarillo locations have increased rapidly since last fall, and Ms. Howe, who holds a degree in animal production from Texas Tech University, will soon begin training a new grader to help her in the work.

Despite her original intention to get away from hog production, Ms. Howe has found her grading job to be the most enjoyable she has ever held. The only problems she seems to have encountered are the occasional jostlings and spills she takes when run over by a mob of bewildered, penned hogs.

But, as Ms. Howe explains, "that's just part of the job."

Provisions in current farm law which authorize payments to farmers whose crops fall victim to capricious weather bounced back into the spotlight on the High Plains in recent days as a succession of hail storms damaged or destroyed upwards of 400,000 acres of growing cotton.

Plains Cotton Growers, Inc. sponsored the "disaster program" of the 1973 Farm Act, and the 25-county Lubbock-based cotton producer organization, along with USDA's Agricultural Stabilization & Conservation Service (ASCS), is being bombarded with questions about program benefits and regulations.

The present law provides that a farmer suffering a total loss on cotton after the final replanting date in his area (the date after which planting is not required for disaster payment eligibility) can be paid 12.7 cents per pound times the established yield from his "disaster allotment." The final replanting date for cotton ranges from June 1 in counties north of Lubbock to June 15 in southern sections of the Plains.

Whether or not the final replanting date has been reached, the producer may replant cotton if he wishes, in which case he remains eligible for the same disaster payment if the crop is destroyed by the elements later in the season. Or, a yield deficiency payment may be applied for after harvest if the new crop survives but fails to produce a "normal" yield. The per pound payment rate in this latter case is also 12.7 cents, with the total equal to that rate times the difference between actual yield and the farm's established yield.

Producers not wishing to replant must within 15 days report their loss to ASCS, certify the number of acres planted, and request an inspection. ASCS appraisers will inspect damaged fields (after a 7-day waiting period on hail damage) to determine the extent of loss. When the producer and the appraiser have agreed on the percentage of loss, ASCS will release the field and it can be planted to another, shorter season crop if the farmer so desires. The disaster payment is not affected by production of the subsequent crop.

In 1974, USDA administered the disaster program in such a manner as to deny disaster payments to many producers who overplanted cotton, wheat or feed grain allotments and underplanted one or both the others. But, largely as a result of a protest led by PCG and Lubbock's Grain Sorghum Producers Association, production of each program crop in 1975 will stand on its own for purposes of figuring disaster payments.

Also in 1975, when one program crop is overplanted and another underplanted, the farm's "disaster allotment" of the overplanted crop is increased to reflect the underplanted portion of other program crop allotments.

Take, for example, a farm with a 100 acre cotton allotment and a 100 acre feed grain allotment. If the full 200 acres is planted to cotton and no feed grain is planted on the farm, disaster coverage will extend to the full 200 acres of cotton. On farms where there are cotton, feed grain and wheat allotments, under planting of one grain crop will be credited to overplanting of the other before cotton disaster coverage is increased.

ASCS appraisers begin their assessment of cotton crop damage by assuming that a stalk every 6 inches is a perfect stand. The number and length of skips that measure over six inches between plants is tabulated to arrive at a percentage of loss. One hundred feet of row is considered a sample, and skip measurements are made on representative samples throughout each field. If ASCS determines that there are enough living plants in the field to make 50% of the farm's established yield, the producer is eligible for a payment only on the 50% considered destroyed.

When the farmer and the appraiser cannot agree on the percentage loss, the farmer can request another appraiser or leave the crop and apply for a yield deficiency payment after harvest.

The farmer who wants to replant his field to another crop before it is inspected and released by ASCS may leave a representative five percent of the acreage, in strips no less than four rows wide, for future inspection.

Eligibility for payment under this procedure, however, requires a prior agreement from the farmer that he will accept the ASCS appraiser's assessment of loss. The farmer cannot leave the strips and later qualify for a yield deficiency payment. "These are the general regulations under which the program is now being administered," said PCG Executive Vice President Donald Johnson, but he cautions that each producer should rely on his county ASCS office for explicit instructions.

Senator Farabee Session "Productive"

Austin... State Senator Ray Farabee has termed the 64th Session of the Texas Legislature as "generally good and productive."

In reference to his legislative program Farabee explained that he had not gone to Austin with a suitcase full of bills. "However, as situations in need of legislative action were brought to my attention," the Senator said, "I was glad to be of help."

Farabee noted that while the introduction and passage of legislation is an important part of his responsibility, an equally important duty is to determine the impact of legislation on the 30th Senatorial District.

The Senator also noted that, "Many times legislation is introduced to take care of a specific problem in a particular area of the state but adversely affects another area of the state. For example, the Legislature considered a bill which would have regulated ambulance service in the state. The bill set up standards so rigid that it would have put many rural volunteer ambulance services out of operation."

Senator Farabee successfully amended the bill to exempt rural areas.

Farabee said he had some reservations about the major issues passed by the Legislature in terms of their impact on the 30th Senatorial District.

"In the area of utility regulation, I think a better job of regulation could be done at the local level. I would like to have seen a bill which required utilities to adopt uniform accounting procedures while providing local officials with any technical assistance they might request. In doing so I believe we could have kept control at the local level rather than shifting it to Austin," the Senator stated.

In the area of school finance reform Farabee said that it was inevitable that Texas' system of school finance be reformed. The Senator said, however, that

"Since 1935, when the Rural Electrification Administration was launched, it has made loans exceeding \$12 billion with write-off losses to date totaling less than 1/1000th of one percent." (Will Erwin)

CONSERVE HER ENERGY

GO ALL ELECTRIC

The conservation of energy is business. This means we should all pay attention to the manner in which we use energy. In 1974, for the first time, 50% of the homes built in the U.S. used electric heat, a major step toward conserving energy while enjoying a better living. For information on how to conserve energy while enjoying a better living, contact the member-owned cooperative.

SORGHUM BREEDING STOCKS RELEASED — The Texas Agricultural Experiment Station at Lubbock has released a large number of sorghum breeding stocks for research and development by private industry. The material consists of 120 converted lines from the sorghum conversion program headed by Dr. Darrell Rosenow and co-operators, and 140 breeding stocks from the Frank Gaines - R. E. Karper sorghum breeding nursery located at Lubbock. All the converted lines come from the World Sorghum Collection made up of more than 16,000 entries from throughout the world. The lines represent new sources of germplasm and have many desirable characteristics.

Singers Coming

The CONTINENTAL SINGERS AND ORCHESTRA, an internationally known musical group headquartered in Thousand Oaks, California, will be appearing in a live concert of contemporary Christian music on June 26 at 7:30 p.m. at the First Baptist Church.

Their two hour performance includes concert anthems, spirituals and folk adaptations, hymn arrangements and contemporary gospel music. In addition, they will be featuring selections from "Share" and other Cam Floria musicals, and a stirring American Bi-centennial production.

Selected by audition from thousands of high school and college age young people across the nation and around the world, the members of the Continental Singers are highly trained and talented musicians. Consisting of 25 vocalists and a 15-piece orchestra, they are completely equipped with sound and lighting for the staging of their performance. Rather than being paid, each member raises approximately one-half of what it costs to send him on tour. The remainder of the cost is raised as a result of the concert appearances.

The Continental Singers have been on tour each summer since 1963. In addition to performing in all fifty of the United States, they have toured throughout Europe, South America, Australia, New Zealand, the Orient and the Caribbean Islands. In 1970, for the first time, they went entirely around the world, appearing in such places as India, Israel and Greece. This summer the Continental Singers will perform in every section of the United States, as well as in ten European countries, Canada, Bermuda, South Africa and the Iron Curtain countries of Poland and East Germany. They will also be appearing at the Christian Artists' Music Seminar and Camp in Estes Park, Colorado.

Celebrating 75th Anniversary

The First Baptist Church of Claytonville (formerly Whitfield Baptist Church) is observing its 75th anniversary July 26 and 27th. Former pastors, music directors, and members are invited to join in this celebration. Registration begins at 2:00 p.m. on Saturday, July 26th with

services at 3:30 and 7:00 p.m. A meal will be served at the church at 6:00 p.m. Sunday morning services will be at the regular times with an afternoon service at 2:00 p.m. For additional information contact Lavon Stark, Rt. S, Tulia, Texas, 668-2682.

OBITUARY

Earl W. Bradley

Funeral services for Earl W. Bradley, 72, brother of the late Ned Bradley were held in Texas City Saturday.

He died June 19 in M. D. Anderson Hospital in Houston following a lengthy illness of leukemia. He is survived by his wife, two sons; Billy Earl of Houston and Kenny of Blooming Grove; one brother, Brooks, of Dallas.
