

TIME SINCE 1964

Floydada School Enrollment Up

The Floydada school enrollment is at a time high of around 14,899. Ever since that time there has been a steady decline...until

This year the total enrollment for the school system increased from last year's 14,588 to 14,899. Enrollment was up in all schools except Junior High.

The high school registration was up from 447 to 462. Duncan Elementary was up from 413 to 454. Andrews Ward Elementary was up from 326 to 347. Jr. High was down from 272 to 226.

School-by-school attendance was made Monday.

COUNTY SCHOOLS UP ALSO

The common school districts were also up. Dougherty was up from 34 to 39 and South Plains had an increase from 38 to 45.

Lockney reported an increase of one student over last year, from 1013 to 1014.

Floydada Retail Businesses Will Be Open Labor Day

It was earlier reported that Labor Day is an official holiday for Floydada business places by the Chamber of Commerce. However, several Floydada businesses will be open as usual Monday, Labor Day.

All grocery stores will be open and the following retail businesses will also be open Monday: Arwine Drug, Thompson Pharmacy, Bishop-Ramsey Pharmacy, Bealls, Perry's and Hales Department Store.

Some of these businesses will be running special buys for Monday...look for their advertising in the Sunday Hesperian.

NEW JV HERE FRIDAY

Coach Wilson Pleased With Brownfield Scrimmage

By Wendell Tooley

After beating AAA Brownfield 4-2 in touchdowns in pre-season scrimmage last Friday, Whirlwind coach L. G. Wilson remarked, "I was just real pleased with our performance and in some ways we looked better than we did last year at this time."

Wilson said one of the Cub TD's came on a quick pass play near the first of the scrimmage, so the Whirlwinds will be working on pass defense.

The Junior Varsity didn't fare so well, losing 2-1 in their scrimmage.

This Friday at 4 p. m. the Whirlwinds will be scrimmaging Plainview's Junior Varsity team and the Whirlwind JV will be playing Lubbock Coronado Sophomores at 10 a. m. Saturday.

WHO WILL QUARTERBACK?

One of Floydada's best quarterbacks, Mike Vickers, graduated and everyone is wondering who will fill that slot this year. Will it be senior student Jerry McGuire or junior Jay Womack?

Coach Wilson said both quarterbacks looked good in the Brownfield scrimmage, "but, I will make a definite decision by the time we play Crosbyton here September 5," Wilson added. Then, there's another quarterback, senior Greg Goen.

Over the past seven years, the Whirlwinds may very well have the best record of any AA team in the state, a fine 63-11-2 mark that includes 27 shutouts.

In his seven years as head coach at Floydada, the Whirlwinds have missed the playoffs only three times.

Strength, quickness and overall better size are pluses for the Whirlwinds who return half of last year's 30 letterman and a good bunch of starters. However, there are some question areas, mainly at inside linebacker and quarterback.

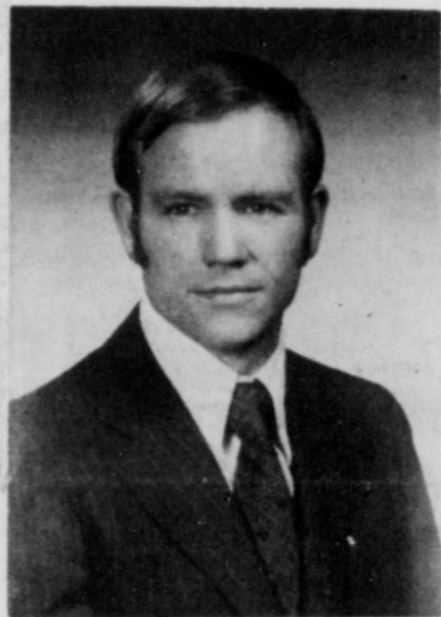

"If our inside linebacking comes through, we could be as tough if not tougher than last year (when the Winds surrendered 7.5 points and 173 yards a game with three shutouts)," says Wilson.

The backfield has speed to burn with the likes of 178-pound senior Kelvin Ratliff who averaged 7.5 yards a carry in gaining 847 yards and 11 touchdowns rushing last year, 155 pound flit-fly junior Mickey Minnett who gained 230 yards in only 18 carries and 6-1, 175-pound senior letterman Elton Ratliff who'll operate at fullback. "As a pair, Minnett and Ratliff are as good as we've ever had," Wilson says.

Wilson regards split end Donzell Minner as "the best receiver in the state." The 160-pound senior hauled in 24 passes for 519 yards and nine touchdowns last year. If the quarterbacks can get him the ball, the Winds will continue to have another versatile weapon in their offensive arsenal. Randy Rathel, a fast 150-pound junior, will be on the tight side.

All-District tackle Steve Moore, a 175-pound senior with two varsity years, and 195-pound junior Ronny Wall will hold forth at tackle with bullstrong, Leslie Soto, 205-pound senior letterman, and Gary Nixon, 192-pound senior letterman, at guards and 213-pound senior letterman Randy Duke at pivot.

On defense, Minner, Kelvin Ratliff, Minnett and Womack will be in the backfield with Nixon and 165-pound junior letterman Jay Lackey at linebackers, McGuire and Elton Ratliff at cornerbacks and Moore, 180-pound senior letterman Monte Williams, Soto who punted for a 39.4 average last year,

FRANK BARROW was elected president of the Floydada Tennis Club at the regular monthly meeting Tuesday night. He succeeds Maurice Goodwin. New vice president is Jack Eubanks and Nina Copeland is secretary-treasurer. Barrow expressed the club's appreciation to Goodwin for his leadership and dedication the past year. Goodwin presented trophies of appreciation to Raymond Jones, Ina McDowell and Eleanor Hendrix in sponsoring the very successful tennis tournament here in July. Ina and Eleanor were not present to receive their trophies.

Rockathon Begins At Dairy Queen Friday

The first "Rockathon possibly ever staged in Floydada begins at 6 p. m. Friday in front of the Dairy Queen and will continue for 24 hours until 6 p. m. Saturday.

Proceeds from the "Rock" will be given to the Jerry Lewis Telethon by sponsors, Floydada Homemakers Club, for the benefit of muscular dystrophy research.

There will be a fish bowl for donations that will keep the FHS

students rocking in their rocking chairs. There will be prizes for the rockers and a gift certificate from Mr. Burger, Tastee Freeze and Whirlwind Drive-ins for the rocker who goes the full 24 hours.

To the student who collects the most money for the fund the Capada will give a free ticket to the movies for the winner and his or her guest for four weekends.

Hubert Frizzell FU President

HUBERT FRIZZELL is president of the Floyd County Farmers Union organization. Vice president is Louis Pyle, secretary is Chester Carthel, and the board of directors includes Vernie Moore, John Dunlap, Jakey Younger and Ray Ford.

Under the new organiza-

tion plan the annual membership drive is underway and anyone interested in joining Farmers Union should contact any officer or member of the board of directors. The Sundry edition of this newspaper will publish the "Farmers Union Plan For Parity And Assured Abundance."

Floyd Receives Good Rains

A strong thunderstorm early Wednesday morning left almost an inch of rain in Floydada and varying amounts in the county. However, it seemed that most of the county got near the inch mark.

More rain was forecast for Wednesday night.

Some cotton farmers would have preferred hot and dry weather...grain sorghum and wheat farmers were very receptive to the good moisture.

This brought the year's total rainfall in Floydada to 19.68. This compares with 14.17 this time last year.

Fred Lloyd Harvests First Milo

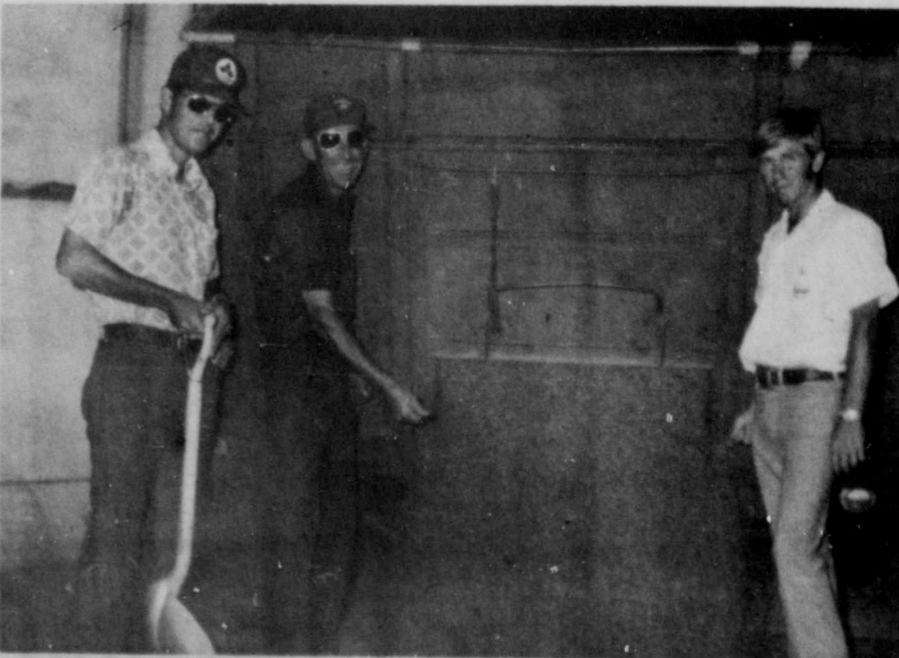

Floydada farmer Fred Lloyd harvested the first load of 1975 grain sorghum in Floyd county and possibly the high plains of Texas last week. He marketed the new grain at Producers Cooperative elevator in Floydada.

The first load weighed 19,840 pounds and tested 14 percent moisture. It was dryland variety from Growers Seed. The yield per acre was approximately 3,000 pounds, and came from a field near Lakeview.

The market price for grain sorghum Wednesday was \$4.80 per hundred, quite a bit lower than the price this time last year.

The grain sorghum crop for the county looks very good at this time, and good rainfall has aided the cost of keeping it wet during the growing season.

Good rains Wednesday morning will certainly help the late crops.

THREE YEARS ago has been published when we made the first Sunday-Thursday edition. We had some fear that it wouldn't be enough news and make it work.

Three years we find that enough advertising for payments and make a profit is enough news in three editions a

IT HAS OFTEN BEEN SAID that the Avalanche Journal newspaper plays the Whirlwind games small unless the Whirlwinds lose.....then it is played up with big headline and story.

This is probably true and there is a reason. Big news is the unusual and when the Whirlwinds get beat, it's unusual....and therefore big news. Every team would like to beat the Whirlwinds and would really like it played up big if they did.

THE FLOYDADA DEVELOPMENT CO. has in an application with the FHA to build 16 apartments in Floydada....just south of Duncan Elementary school, I believe.

This may sound like a lot of rent property, but actually, not a drop in the bucket to what we really need.

We have 13 school teachers who are commuting into Floydada, and they would take up most of the apartments if they were ready now.

LET'S PROVE THE GOVERNOR WRONG....and drive carefully this Labor Day weekend. Governor Dolph Briscoe estimates some 42 Texans will lose their lives in traffic accidents.

So, drive friendly....and carefully.

AN ELDERLY LADY called the telephone company to complain about the foul language used by company workers in repairing a line near her home. The foreman submitted this account of the incident:

"Me and Joe Shmo were on this job. I shimmied up a pole and accidentally dropped by tools on Joe's head. Joe looked up at me and said: 'Really, Clarence, you must be more careful.'"

Soil And Water Conservation Leaders Meet In Floydada

The Floyd County Soil and Water Conservation District was host for the South Plains Association of Soil and Water Conservation Districts at Lighthouse Electric Tuesday. The South Plains Association is made up of 20 South Plains soil and water conservation districts. The purpose of the association is to bring local districts together to exchange ideas and information and to solve mutual conservation problems.

G. L. Fawver, chairman of the Floyd County SWCD introduced Mayor Parnell Powell of Floydada who gave the welcome address to the group. Mayor Powell gave an inspiring presentation on the problems faced by the world today in the field of natural resources and wished the association success during their meeting.

Attending the meeting was Pete

Laney, state representative, and an agriculture aid to Senate Lloyd Bentson, Larry Mayes. Both of the men spoke to the group.

A program by Water Inc. was presented at the morning session and the Texas Water Plan and the Texas Importation Water Plan were reviewed.

Dee Brune, President of the State Association of Soil and Water Conservation District, Sealy, Texas, Frank Gray, State Soil and Water Conservation Board, Lubbock, Charles Wood, State Assoc. of Soil and Water Conservation District, Lubbock, and Harvey Davis, Executive Director of the State Soil and Water Conservation Board, Temple, Texas were on the program.

The group discussed the upcoming state meeting in Fort Worth, Texas which will be held the last of Sept.

Billy Graham Crusade Begins Sunday

The Billy Graham West Texas Crusade will begin Sunday, August 31 at the Jones Stadium and continue each night through Sunday, September 7. The meetings will begin at 8

p.m. each evening. Dr. Graham is coming to Lubbock by invitation of clergy and business leaders of the community.

George "Beverly" Shea, crusade soloist, will sing

with a choir of several thousand voices directed by Cliff Barrows, crusade music director. Three of the meetings will be taped for national television, and be shown just prior to Christmas.

Special guests at the Crusade will include: Ethel Waters, TV and motion picture actress, will sing on Sunday the 31st. Grant Teaff, Baylor Football

Coach, will give his testimony on Labor Day, Monday, September 1; Steve Davis, Oklahoma Quarter-back, will speak on Thursday, September 4. Steve Sloan, Texas Tech Coach, will speak on Saturday night, September 6.

The crusade is directed by an executive committee from Lubbock assisted by members of the Billy Graham Team.

All seats at the crusade are free, however, delegations of twenty or more may receive special reserve seats by writing the crusade office at West Texas Billy Graham Crusade, P. O. Box 836, Lubbock, TX. 79408, or call 806-763-9436 in Lubbock.

Youth nights for the crusade are Monday, Thursday, and Saturday.

lender," points out Dr. Wayne Hayenga, project leader in farm management for the Texas Agricultural Extension Service.

These changes are as follows:

1. A "line of credit is permitted, whereas the original Act permitted only a single loan.
2. Anyone with a "substantial operation" in breeding, raising, fattening or marketing is eligible (one who devotes at least 25 per cent of his time to, derives at least 25 per cent of his income from, or has at least 25 per cent of his capital invested in livestock operations).
3. The Act is extended until Dec. 31, 1976.
4. The loan period can be extended to seven years, with possible renewal for three years.
5. The guarantee by the Farmers Home Administration is increased from 80 per cent of the loss to 90 per cent of the loan principal and interest.
6. The line of credit has been increased from the previous \$250,000 to \$350,000 per loan.

7. Secondary financing of the guaranteed portion of loans may now be made by the Federal Financing Bank, thus increasing the marketability of the securities to the lender.

8. The total authorization under the Act was reduced from \$2 billion to \$1.5 billion.

Under the original Act, almost 400 Texas lenders filled 624 guaranteed loans

EMERGENCY LOANS FOR LIVESTOCK BUSINESS

Livestock producers facing financial problems due to current low market prices should take a close look at the Emergency Livestock Credit Act of 1974.

Just over a year old, the Act provides for emergency financial help to the producer whose business has a good chance of success if it can survive the current liquidity crisis.

Recent changes have been made in the Act that make it more palatable to both the borrower and

MELEY, daughter of Mr. and Mrs. Melvin Bradley of Lockney has moved into her new home at McCaslin Hall on the West University campus in Canyon. Lockney High School graduate, is a freshman at WT this fall.

Median With A Cause
Lewis, is the best medicine one can give—or take. But like all good clowns, Jerry Lewis has a very serious side. For almost twenty-five years, he has worked hard for a cause he believes in deeply, serving as National Chairman of the Muscular Dystrophy Association (MDA). By staging his annual 21 1/4 hour Labor Day Telethon, Jerry has raised nearly \$60-million to benefit the hundreds of thousands afflicted by neuromuscular disease. A father of six sons, ranging in age from 11 to 25, Jerry says: "When I watch these kids of mine in action, I thank God again and again for their abundant health and vitality. Always present in my memory are the wistful faces and crippled bodies of the many youngsters I've met who have muscular dystrophy." FARMERS UNION HAS SET ASIDE COTTON PLAN The Farmers Union has recommended to Secretary of Agriculture Earl Butz that a 25 percent "set-aside" program be established for cotton in 1976 in order to balance supply and demand. This was announced here today by Jay I. Naman, President of Texas Farmers Union. Naman said the Farmers Union's recommendations were conveyed in a letter to the Secretary by Tony Dechant, national president of the U. S. Department of Agriculture's request for the Farmers Union's views on the 1976 cotton program. Naman said the Farmers Union is recommending a payment rate of the higher of 20 cents per pound or one-half the price support loan rate on the projected yield of the farm's "set-aside" acreage unless farmers are guaranteed parity prices for other commodities grown on the diverted cropland. The Farmers Union also recommended "that the loan levels for the 1976 crops of all cottons be set at the highest levels permitted under the present law," Naman said. Other Farmers Union recommendations for the 1976 cotton program are as follows: We recommend that the national production goal and the national base acreage allotment for upland cotton be 11 1/2 million acres; and that the national allotment be apportioned to states and counties and individual farms on an historical production basis, and that acreage transfers outside of counties be limited to those counties where a referendum of cotton producers has approved such transfers. We recommend that a non-recourse price support loan program be provided for seed cotton, and that the loan level be consistent with the highest loan rate authorized under existing law for lint cotton. We recommend: That price support loans be offered to cooperating farmers on their entire production of cotton stored in facilities meeting Commodity Credit Corporation requirements; That loans be extended from year-to-year at the farmer's discretion; That CCC absorb interest and storage charges for the preceding year on such "reverse" stocks stored under the farmer's control at the time his loan is extended if market prices have not reached 100% of parity; and That the Secretary of Agriculture announce immediately that no stocks that might be acquired by the government will be sold at less than the higher of 110% of parity or the market price.

When one meets her face to face we see her smiling, friendly eyes and the beauty, warmth and kindness of her personality.

As a homemaker she is excellent. Vel can design and make a formal for a pageant, party, wedding, etc., create a costume for a school program or sorority homecoming. Her freezer and pantry are always full of food she has preserved for family and friends. If you stop by her home you might find her refinishing a piece of antique furniture, painting the house or working in her yard.

Businesswoman - yes, another endless number of talents. Vel's crafts can be found all over West Texas.

In the school room she can carry on the work in an effective manner for the regular teacher.

On Sundays, Vel is faithfully teaching her Sunday School class. She is a dedicated Christian, an inspiration to all who know and work with her.

Floydada is indeed fortunate to have Vel Simpson in our community.

Mrs. Simpson Honored With Surprise Dinner

By Mrs. R. G. Dunlap

Mrs. W. H. (Vel) Simpson was honored Friday night, August 2nd with a surprise birthday and appreciation party in the home of Mrs. C. M. Meredith.

A dinner, complete with homemade ice cream and a decorated birthday cake were served and enjoyed by those attending.

The Meredith home was carefully prepared for the successful surprise party.

Attending other than the honoree, her husband and Mrs. Meredith were the Simpson children, Cindy, Mike and Doug; her parents, Mr. and Mrs. Tom Hall of Hereford; a sister-in-law, Mrs. Buster Simpson and Mrs. Maurice Campbell, Mr. and Mrs. Sammy Hale, Mr. and Mrs. R. G. Dunlap, Mr. and Mrs. Robert Barnes, Debby Johnson, Bill Farris, and Mr. and Mrs. Don Russell of McAllen.

Vel is one of Floydada's most loved and admired women. She has great personal humility and is never too busy to help anyone regardless of the

store in Plainview. Her fiancée is a Lockney High School graduate and is employed as a court reporter in El Paso. They will pledge vows in Lockney Catholic Church.

FLOYD DATA

Lori and Kristi Griffith, and Angie and Jason Kidd all of Plainview, spent last week in Floydada with their grandmother, Mrs. Milton Ashton. The children's parents, Pat and Duane Griffith and Karen and Ronnie Kidd were on vacation in Hawaii during this time. All returned home over the weekend.

FLOYD DATA

Mr. and Mrs. David McCulley of College Station visited in Floydada from Sunday until Tuesday morning with their parents, Dr. and Mrs. Andrew McCulley and Mr. and Mrs. Otis Anderson.

FLOYD DATA

Mr. and Mrs. Roy Gant of Canyon have been transferred to Nebraska by his company, Diamond Shamrock Oil Company, and are moving this week to Holdrege, Nebraska, where Roy will be Ag. Chemical representative for the Southwestern part of the state of Nebraska and a part of Colorado. He has been training with the company since graduating from WT last mid-term. Roy is the son of Mr. and Mrs. W. N. Gant of Aiken and Mrs. Gant is the daughter of the Maurice Campbell's, east of Floydada.

Seventy-five persons attended the Silver Wedding Anniversary reception for Mr. and Mrs. Nile Bryant Sunday in the J. C. Martin home.

Those registering from out of town included Mr. and Mrs. Clarence Buxkemper and son, Toni and Mr. and Mrs. W. A. Sikes of Slaton; Mr. and Mrs. Raymond Bayer and Debbie, Brownfield; Mr. and Mrs. Dutch Young, Benjamin; Mrs. Judie Connell of Franston; Mr. and Mrs. Raymond Halenack and daughters, Wichita Falls; Mr. and Mrs. Newt Bryant, Abilene.

Mr. and Mrs. B. J. Halenack and family, Mrs. Edwina Halenack and Daryl, Crowell; Mr. and Mrs. Tommy Halenack, Plainview; Mrs. Duwayne Myrick and Mrs. Gayland Fleming, Lubbock; and Delbert Glover, Crowell.

had never seen so much vegetation growing and being sold from road stands. He and Mrs. Wester flew to New York to visit her daughter and husband, Mr. and Mrs. Bruce Englert, then to New Jersey to visit Englert's mother a brief time. The flight was complimentary as were tickets for them to see the All-Star Basketball Benefit game between the NBA and the ABC teams. The Westers arrived home Sunday.

ONE place to read history is in old cookbooks. Bicentennial buffs are studying them avidly these days to learn what was eaten and how it was prepared.

HOW the years go by. It doesn't seem possible that our high school is nearly 20 years old. It was 20 years ago this month that the site was selected. And what happen to that rich uranium lode found near Quitaque in 1955? I need to check up on that!

AS far as I can remember I know of no public event in Floydada the past years held to help Muscular Dystrophy until this year. Regardless, if the Rock-A-Thon, being sponsored by the Floydada Young Homemakers is a success or not, they are to be praised for their efforts. This will be a 24 hour event "around the clock" to be held at the Dairy Queen. You can help in two ways, give to Muscular Dystrophy and go to the Dairy Queen and rock. Rocking chairs will be provided.

The annual Muscular Dystrophy Telethon takes 12 months in making and goes 21 1/2 hours. The telethon will be held Labor Day over 190 TV stations, originating at Las Vegas.

Il Penseroso Busy

By Linda Kidd, Il Penseroso Reporter

Although most Il Penseroso Junior Study Club members have been busy with their families, vacationing, etc. throughout the summer, club activities have not been at a standstill.

Members hosted an Invitational Bridge Tournament in June for a money raising project, had a family get-together at Roaring Springs in July, and several yearbook planning meetings have been held throughout the summer. Now that school has started and everyone is settling down, members are ready to begin another active club year. Mrs. Sandy Taylor is leading the club as president.

To kick off activities, a yearbook party is planned for this Thursday evening at 7:30 in the home of Mrs. Sheryl Bybee. All members are expected to be present and receive their new yearbooks.

NEV., and emceed by that "ever-lovin'" Jerry Lewis.

Entertainers on the show and other volunteers can go home, collapse and forget about it until next time, but not Jerry and his production staff. They have a meeting to analyze for hours what elements worked most effectively on the telethon and what didn't.

A Lubbock television station will carry the telethon, along with their own. It will be during these hours that the Floydada Young Homemakers will present Floydada's proceeds to Muscular Dystrophy.

THE TV show "Hee-Haw," the amazing countryfied show, which went off the network after two years, is now one of the top rated syndicated shows after its return, according to editors of Showbeat. The show has some 40 people in the cast and one of the standing sets is the cornfield, filmed at Nashville, Tenn. In one day of filming they will do around 220 quick gags which goes on the computer, then back in Hollywood the show is put together via the computer. Under the overalls worn by the men, you can get a glimpse of their expensive shoes. They are not all hillbillies for one in the group, wearing an illfitted sweater and a three day growth of beard, who laughs like a hyena with a sore throat, is actually a Shakespearean actor from Canada. Junior Samples, however, the hulking, gap-toothed gentleman, is a genuine hillbilly.

SPEAKING of computers we would like to make a deal with that machine wizard. We promise not to fold, spindle or mutilate if it will stop asking us to sign our name around those little holes in the space marked for signature.

Caprock Hospital Nominates Employee Of The Month

The Ladies Auxiliary of Caprock Hospital wishes to honor Mrs. Margaret Molinar, nurses aide, as Caprock Hospital's "Employee of the Month" for July of 1975.

Mrs. Molinar's introduction to the health care field began upon her employment at Caprock Hospital in October of 1968. Presently employed on the 12:00 a. m. to 8:00 p. m. shift, the employee is best described by her supervisor, Mrs. Jean Radloff, R. N., as loyal, punctual, knowledgeable, and one who establishes excellent rapport with patients.

The Lockney resident is married to Carlos Molinar, an employee of Raymond Rucker. The couple have four children: a married daughter, Loriena, three sons: Charles, age 10, Dean, age 13, and Harold, a 17 year old Lockney High School Senior, who is also employed

New Program Added To

A new program has been slated for the Floyd County Fair on Friday, September 12. Consumer Information Day will be a program this year on Tailor Made Home Gardens; Interior Design; Marvels of Microwave; Plans for Interior Decor; Stretch 'N Save and Creative Crafts.

4-H'ers Take Shortcuts To Easier Sewing

CHICAGO—Home sewing can be done more quickly and easily if some guidelines are followed.

Choose a pattern that has few details and a small number of pattern pieces, advises Marlene Odle, Texas Extension Service clothing specialist. Organize sewing and pressing equipment in one area, keep equipment in good working condition and do as much machine stitching as possible.

Shortcuts like these plus new step-by-step instruction books make sewing simpler for 4-H'ers and their leaders in the national 4-H sewing machine program. The program is in its 21st year of sponsorship by The Singer Company.

QUESTIONS, ANSWERS CONCERNING

VA BENEFITS

Q - Will advance payment of educational assistance be made to students who have enrolled in college?

A - Yes. Payments for the initial month or fraction thereof and the succeeding month payable to the eligible person will be sent to the school prior to the start of the session, provided the school certifies enrollment in a course on at least one-half time training basis.

Q - May I change the beneficiary on my National Service Life Insurance to name a bank as trustee for my children?

A - Yes, you may. Name the trust in full. However, once the proceeds of the policy have been paid to the trustee, the Veterans Administration has no responsibility to see that the purpose of the trust is fulfilled.

Q - Father died while on active military duty. The widow remarried, and her present husband wishes to adopt the child of the deceased veteran. Does the adoption terminate VA benefits for the child?

A - No. A child never loses VA benefits accruing from the natural father.

A SPECIAL SUMMER

Band music and a cookout — typical summer fun to make a child smile — but special moments for the youngster pictured here. Cradled in the arms of a volunteer attendant at a Muscular Dystrophy Association summer camp, he's having the time of his life. For him and other muscular dystrophy patients, friendship and laughter, songs and games at camp are cherished experiences.

At MDA camp, young patients learn what it's like to be regular kids. For many, it's their first chance to see and touch a farm animal, or join in games like wheelchair volleyball. Being "accepted" and making real friends are probably an MDA camp's most important feature for these children.

MDA operates 64 free camps in 35 states for children and adults with muscle diseases. Young volunteers are an indispensable ingredient for any camping session. Working with 9-to-21-year-old patients, mentally alert though physically disabled, is a difficult but rewarding task. One volunteer summed up her feelings this way: "Just that little bit of love that you usually don't even think about can be just the greatest thing in the world."

Support of the camps, as with MDA's other programs, such as research and free diagnostic/treatment clinics, is made possible by contributions from the public through the MDA backyard Carnival Program, the annual March Against Muscular Dystrophy, and the Jerry Lewis Labor Day Telethon.

Learn To Complain Effectively

By Virginia Knauer
Special Assistant to the President and Director
Office of Consumer Affairs
Department of Health, Education and Welfare

Do you have a complaint about an unsatisfactory product? Knowing how to complain effectively is usually half the battle.

Often consumers undercut their chances of having problems resolved because they take complaints to the wrong place or because they use a negative approach.

Staff members in your local consumer office — if your city or county has one — have procedures for dealing with retailers in your community; and the office itself has the authority needed to get results on your complaint.

BBBs also work with local retailers to resolve consumers' complaints. Some local BBBs offer arbitration hearings in which both sides agree to abide by the arbitrator's final decision.

The threat of arbitration is having a good effect on retailers' cooperation. In Dallas, for example, the percentage of satisfactorily resolved complaints increased from 45 percent in 1973 to 63 percent in 1974 after the arbitration program was established.

If all else fails, write to me. Be sure to describe all the steps you have taken, on the local level, to resolve your problem; enclose copies of your correspondence with retailers and others. I will do my best to help. Send your letter to Office of Consumer Affairs, Health, Education and Welfare Department, Washington, D.C. 20201.

If you find that you are being referred to different people, with no one accepting responsibility, go to your local consumer affairs office or to the Better Business Bureau (BBB).

Arrest Made Of Auto Theft

A couple of hitchhikers took a car in Floydada Sunday and it ran out of gas on them north of Floydada. The car was owned by Juan Segura of Florida. Floyd county sheriff's officers traced the men to Petersburg. Arrested on a charge of "use of unauthorized vehicle" was Armulfo Gonzales of Floydada.

OBITUARIES

Dee Johnson

Services for a former Floydada area resident, Alpha Dee Johnson, 69 of Burleson, were held Sunday in the First Baptist Church in Burleson. Johnson, in failing health for several

months, died Friday in a Fort Worth hospital.

The family, while residing in Floyd County, lived in the Dougherty area. Johnson farmed for G. W. Smith and later for Kent Covington, and Mrs. Johnson cooked for the Dougherty School System before the family moved

to Burleson. He was born in Montague County, was a member of the Baptist Church in Burleson, and the Floydada Masonic Lodge No. 712, AF&AM in Floydada.

Survivors include his wife, Estelle; a son, Doyle Johnson of Colleyville; two daughters, Mrs. Karen Thomason of Granbury and Miss Beverly Johnson of Grapevine; two brothers, Doug of Archer City and Vance of Vernon; three sisters, Mrs. Elsie Samples of Mexia, Mrs. Minnie Roberts of Archer City and Mrs. Lora Price of Denton; and six grandchildren.

Burial was conducted in the Burleson Memorial Park with Masonic graveside rites.

Richard Martinez

Services for Richard Martinez, 24, of Lubbock were held at 4:30 p. m. Monday at Lockney Catholic Church. Burial was in Lockney Cemetery under direction of Carter Funeral Home.

Martinez was found dead east of Lockney Saturday night. Justice of the Peace R. H. Ford ruled death by self-inflicted gunshot wound.

Survivors include his parents, Mr. and Mrs. Sam Martinez, two brothers and three sisters.

C.E. Bramlet

Services for Charlie E. Bramlet, 80 year old Plainview resident, and brother of Mrs. Willie Mae Stambaugh of Floydada and Clyde Bramlet of Lockney, were conducted Saturday morning in the Calvary Baptist Church in Plainview. Bramlet died Thursday.

A native of Wylie, Tex., he moved to Swisher County in 1916 and to Plainview in 1939. He was a retired farmer and had also been employed by the City of Plainview and Plainview Rendering Plant.

Survivors include his wife, the former Gracie Foster of Plainview; four sons; two daughters; three sisters; one brother; nine grandchi-

ldren and seven great grandchildren.

Harold Davis

Services for Harold Davis, 65, of Lockney were held at 2:30 Tuesday at the First United Methodist Church here with the Rev. Hugh Daniels, pastor, officiating. Rev. Daniels was assisted by Dr. Neil Record, a retired Baptist minister from Plainview.

Burial followed in Lockney Cemetery under the direction of Carter Funeral Home of Lockney.

Davis died Sunday at about 9 p. m. at Baccus Motor Co. Justice of the Peace R. H. Ford ruled death of natural causes. Davis was employed at Baccus Motor Co.

Davis was born in Blue Ridge. He moved to Lockney in 1948. He had been the service manager for Baccus Motor Co. for 27 years.

Davis is survived by his wife, Virgie; one son, James of Hereford; three brothers, Marvin H. of Fort Worth, Royce of Tyler and Clifford of Cypress, Calif.; and three grandchildren.

Mrs. Walter L. Miller

Funeral services for Mrs. Walter L. (Maryanne) Miller, 54, of Greenville, Texas, sister of Mrs. John F. Biekley of Lockney, were held at 10 Monday, August 18th at Sorrells & Sons Chapel with the Rev. Don Shaw officiating. Burial was in Arlington National Cemetery, Wednesday August 20th at 2 o'clock.

Surviving are her husband Lt. Col. (Ret) Walter L. Miller, son, John Miller, daughter-in-law, Pat Miller, grandson Jon-Jon, of Greenville, one brother, Roy C. Johnston of Flagstaff, Arizona, four sisters Miss Nell Johnston and Mrs. Bill H. Watkins of Greenville, Mrs. Lanny G. Ice of Monahans and Mrs. Biekley; three nieces and six nephews, and other relatives.

Floyd Cities Receive Sales Tax Money For July

Austin--Comptroller Bob Bullock issued city sales tax rebates Friday worth \$19.9 million and announced a new plan to give cities their proportionate share of any partial collections from delinquents.

In the past, money from delinquents was applied first to the state's claim and only after that was totally paid off did the city get its money.

"It was wrong for the cities to be playing second fiddle," Bullock said. "In more than 800 cities the five per cent sales tax is a four-and-one split, so that's exactly how we are going to rebate it."

Bullock said he doesn't look for the new plan to bring significantly more money to cities but "it will get them their share a lot faster than when they had to bring up the rear."

The City of Austin is one example of an immediate beneficiary of the new plan, Bullock said.

An Austin tire company shut down by Bullock last week owed \$37,102 in

state taxes and \$9,500 in sales taxes. The business to reopen after paying toward the delinquency to pay \$2,000 a month plus keeping future taxes. The City of Austin's share that initial \$12,000 plus included in Austin's rebates and its \$400 share monthly payment until the full city off.

This month's \$19.9 million to the cities is significant. The \$11.4 million rebate August is the second of the three month rebates includes two months of rebates followed by a third in the third month.

Lockney received \$5,556.01. Other cities received: Crosbyton \$3,742.43, Spur \$2,901.29, Dimmitt \$9,185.37, and Olton

The Floyd Philosopher

Claims He Knows Why Russia

Unable To Produce All It Needs

Editor's note: The Floyd Philosopher on his Johnson grass farm gives a scientific explanation of why Russia can't produce all the food it needs.

Dear editor:

A neighbor the other day asked me a question. "Why," he said, "can't the Russians grow all the grain they need? They've got more land than we have, they've got more people, they've got enough tractors, they're even exporting tractors, so why can't they feed themselves?"

Obviously, he doesn't understand the soil of Russia. You see Russian soil is not all the same.

For example, as you know, the state over there owns all the land, and what a farmer produces on that land goes to the state, with one exception. Each farmer is allowed a small plot, maybe a fifth of an acre, maybe a half, but not more than one whole acre, on which he can grow what he pleases and keep it all himself or sell it and keep the money.

It's amazing how much better those small plots are than the rest of the farm. Why the average Russian farmer can grow ten times as much per square foot on his part than he can on the state's.

This has baffled the Soviet leaders.

They just can't figure out the same, they say, as much or as little as they want, invariably the small plots.

I understand this all up before the Politburo but not a single Russian found the answer. Scientists are baffled and Mrs. or Mr. or if they aren't having anything, it's a

I can see the Minister tackling the problem. He says, after Ivan has from an 8-hour day on driving a state-owned needs oil but he'll get tomorrow or sometime. Mr. and you always produce your garden here than in the field?

"I've always wondered myself," Ivan probably to explain. Maybe the Here, take this nice home to your wife and kids of these pot-toes? The than those five-acre plots.

There's a great soil in Russia for better soil

Boys Ranch

Rodeo Labor

Day Weekend

Two performances of the 31st Annual Boys Ranch Rodeo are scheduled for 2:30 p. m. the Labor Day weekend, Sunday and Monday, with approximately 10,000 people expected to drive to Cal Farley's Boys Ranch for the event.

All of the 370 boys of the Ranch will have some part in the rodeo, with about 150 competing with each other on the Brahma bulls, bareback broncs, steers and calves. The rodeo is the only kind in the nation that has boys as the only contestants riding professional rodeo stock under R. C. A. rules. Top honors of the rodeo are the titles of Senior and Junior All-Around Cowboys.

The rodeo is also a traditional homecoming for graduates of the Ranch who are members of the Boys Ranch Alumni Association. Some will travel long distances with their families to attend. More than 3,000 boys have lived at the Ranch since its founding by Cal Farley in 1939.

An added attraction will be bar-be-que beef plates and other refreshments sold by the boys. Reserve box seat tickets are on sale at the Boys Ranch Office, 600 West 11th Street in Amarillo and can be obtained by writing P. O. Box 1890 or calling 806-372-2341. The reserved box seat tickets are \$2.50 and general admission is \$1.50 for adults and 75 cents for children. Proceeds of the rodeo are used for the operation and expansion of the Ranch.

and Mrs. Sylvin Kinnibrugh, his niece and nephew.

Mr. and Mrs. Don Marble and children, Donette and Brett left home Saturday a week ago for the mountains of New Mexico, and a tour of the northern part of the state. They spent one night in Santa Fe, and fished and had a relaxing week, including a trip to Vermejo Park, an interesting place which Penzoil has purchased and made into a tourist attraction. They were home Thursday night.

Mr. and Mrs. Roy Burks of Rockwall visited friends among South Plains, last week, and spent several nights with Mr. and Mrs. J. K. West in Floydada, and Mr. and Mrs. E. P. Pritchett here. They spent their vacation in New Mexico and enjoyed a trip to Monte Vista, Colorado, and as they went back home Friday they visited Mr. and Mrs. Bobby Britton, and friends in Shallowater, and elsewhere.

We offer our sympathy to Mrs. Arby Mulder and family in the death of their brother-in-law, James (Doe) Mynard of Littlefield, who died of a heart attack Monday at his home. Services were held in Littlefield Wednesday at 2

p. m. in the First United Methodist Church. Mr. and Mrs. Arby Mulder, Nathan Mulder, and Mr. and Mrs. Don Bean attended the services Wednesday afternoon from our community.

**CONGRESSMAN
BURLESON
HONORED**

Washington, D. C. Congressman Omar Burleson was congratulated today by the National Federation of Independent Business (NFIB) for his strong voting record in support of small business. Representative Burleson voted 91 percent in favor of the legislative positions taken by the nation's independent businessmen and women.

Commending the Congressman, Wilson S. Johnson, President of NFIB, praised Congressman Burleson for his "outstanding effort on behalf of small business." He continued, "NFIB believes it is vitally important for Members of Congress to be aware of the important role played by small business in their local communities and in the nation's economy."

In response to the NFIB commendation, Congressman Burleson had this comment: "It is, of course, gratifying to have this recognition. My record in support of small business is no more than it should be. Small, independent business personifies our private enterprise system and serves a vital role in our society."

NFIB's voting record is compiled by comparing Congressional Quarterly voting charts with the positions taken by the Federation's member firms on the same issues. Included in this analysis were key small business votes on legislation dealing with pension reform, OSHA, metric conversion and consumer related issues.

NFIB, which promotes the cause of small, independent business, has more than 427,000 member firms across the United States, employing 3.3 million people and producing in excess of \$78 billion in goods and services annually.
