

Park Improvement Meet Completes Plan

Plans from several Floydada residents met this week in a meeting to complete plans for improvement in Floydada. The committee, chamber of commerce, and Frazier, said the group had decided to make application through SPAG to make improvements (mostly recreation equipment and landscaping) on a 50-50 basis. Thomas Loper, urban development planner from SPAG said the Texas Parks and Wildlife Department would pay half the cost and the people of Floydada would have to pay the other half in labor, materials, or money. Frazier said application would be made by January 1, 1976 to improve

the Floydada Park near Floydada High School, Washington Park near Della Plains School, and the "No Name Park" in northeast Floydada east of the Silverton highway. A plan for each will be drawn. This application would be known as phase one and other parks would be improved in other later phases. Frazier said his committee of Richard Burns, Kathy Green, Frank Barrow and Lauri Farris would visit the various organizations and clubs in this community and seek their participation in the project.

WE ARE ALL APT to wish we could put words in people's mouths....like-wise we wish we could motivate people to do what we think they should do. I look back at the interview with Betty Ford when she was asked about her unmarried daughter having an affair. I wish I could have put words in her mouth to say, "we Christians believe in chastity before marriage and fidelity after the marriage."

I WAS JUST reading on the front page of the Tulia Herald that their light and power plant was going to charge its users \$12.00 per 1,000 KW. I called Bill Feuerbacher to see what our charge is for that much kilowatts. Bill said our rate was \$7.92. Tulia's plant should be getting rich....or, ours is going broke?

you want to make a business and go to work making you might save without giving your a chance or even prices?

THE TOOLEY FAMILY enjoyed a big yellow melon left on our desk by Mrs. Ray Cook. It was larger than a cantaloupe and, I believe, sweeter. It is a "cashaw or cushaw melon." Anyway, thanks to the Cooks for a very delicious melon. "Where was the defect that made it necessary to recall your car?" "In my bank account."

time out for GOD

TURN OFF THE WORLD

We all feel that way at times. And, tragically, there are some folks who feel that way much of the time.

But while the world in which we live leaves a lot to be desired, it's our world. And life in that world is pretty much what man himself has made of it.

The God who created us and our universe had some excellent plans for life as it should be. They are clearly set forth in the Bible whose writing He inspired. And they have become the spiritual blueprint of constructive living for millions of believers.

As the earth continues its endless turning, search for your goals in faith—not escape... in the Word of God—not the words of cynics.

Miss Blanco, Tony Luna Married In Lockney

Miss Carmen Blanco and Tony Luna pledged nuptial vows August 22 in the First Baptist Church of Lockney with the Rev. Glenn Godsey, pastor of First Mexican Baptist Church, Plainview, officiating.

The bride is the daughter of Mr. and Mrs. Rodolfo Blanco Sr. of Lockney. She is a graduate of Lockney High School and graduate of Plainview Vocational Nursing School.

Luna is the son of Lazaro Luna of Plainview and the late Rosario Luna. He is a graduate of Plainview High School and the Vocational Nursing School.

Given in marriage by her father, the bride wore a wedding dress designed by Mrs. Tony Saldana, sister of the bridegroom. Of embroidered satin with formal train, the gown featured sheer bishop sleeves with deep cuffs. Sequins enhanced the square neckline and waist. A headpiece of crystal roses and daisies held her floor-length veil designed with embroidered roses and pearls and lace edging. She

carried a spring bouquet atop a white Bible that was given to her by the Lockney church. For something old the bride carried her mother's wedding band in her bouquet and she wore a pearl necklace that was a gift of the bridegroom.

Miss Maria Isabel Blanco of Lockney, sister of the bride, was maid of honor. She wore a gown fashioned of white crepe embossed with velvet flowers and carried a spring bouquet.

Bridesmaids were Sylvia Mata and Virginia Vasquez, Lockney; Sally Quintana and Rosa Luna, sister of the bridegroom, both of Plainview; Mrs. Tony Saldana, Mrs. Gilbert Blanco of Lockney aunt of the bride; and Mrs. Rodolfo Blanco Jr., sister-in-law of the bride.

They wore mint green fabric designed with velvet flowers. Each carried a long stemmed yellow rose.

Flower girl was Veronica Blanco, sister of the bride.

Ring bearer was Nick Luna, Plainview, nephew of the bridegroom. Train carriers were Annett Lee

The meeting opened with Pledge of Allegiance and 'America', followed by a scripture and prayer. Each person answered roll call with information about his ancestors. A bicentennial minute and poetry were given by two members. An original skit, written by a club member, was presented and Elaine Hardy narrated. Five members-BiCentennial players in costume acted their melodramatic parts. Individuals participating were: Jackie Holt, Linda Terrell, Cheryl Bradley, Carolyn Whittington, and Vicki Green.

President, Sandy Taylor, presided over the business meeting. Each department chairman reported and activities concerning the fair were discussed. The club will have the 'Country Botique' at the fair again this year. A float for the parade and educational booth are in the planning. Also a pet show on Saturday morning will be held. Those interested, send entries to: Linda Kidd, Box 534, Lockney.

A report was read from the finance committee of the Lockney Day Care Center. Discussion will be continued at a later date.

The highlight of the evening was the presentation of the yearbooks. Serving as chairman of the yearbook committee was Linda Terrell.

Sixteen members were present, one associate Andy Ford, and one visitor, Marilyn Cates. Hostess for the occasion were Sheryl Bybee, Linda Terrell, Barbara Cawley, Jackie Holt, Carolyn Whittington, Cheryl Bradley, Lisa Mosley, Elaine Hardy, and Vicki Green.

The next regular club meeting will be Sept. 4th at 7:30 in the home of Elaine Hardy.

Yard Of The Week

Still colorful, green, and beautiful at the end of summer, the yard of Mr. and Mrs. Olin Watson, Jr. was selected by the Women's Division of the Chamber of Commerce for YARD OF THE WEEK distinction this week.

Focal point of the yard at 806 West Missouri is a trio of tall and stately Maple trees surrounded by varied perennials. Mimosa trees, Crabapple trees, fruit complete the attraction. Orange and Maroon bushes and a bed just porch; and filled with geraniums and irises. Large green lawn picture.

Miss Mackenzie To Be Named September 27

The L. O. A. Junior Study Club has announced that the second annual Miss Mackenzie Contest will be held in Silvertown Saturday night, September 27, 1975. The program will begin at 8:00 p. m. in the school auditorium. A Get-Acquainted Party will be held at 4:00 p. m. the day of the event for contestants. The new Miss Mackenzie will succeed Miss Kathy Wilks of Tulia, who was the first Miss Mackenzie. Rules will be the same as last year. Entrant must be

not less than 16 or more than 18 years of age on the date of the contest. She must be single and never married. Entrant must be an American citizen, must be of good character and possess poise. Entrant must be sponsored by a civic organization, business or club. She must appear in formal attire and sportswear, must be attending school in Lockney, Floydada, Tulia or Silvertown. Entrant will be judged on poise, appearance and personality. She must supply a billfold-size picture of her-

self with her entry form. Winner will be expected to promote and advertise Mackenzie Lake. Deadline for entries is September 15, 1975. Entry forms are available at each school or Chamber of Commerce. They may be picked up by the sponsor or contestant. All businesses, clubs and civic organizations are urged to sponsor a girl. You may contact Mrs. Wayne Nance, Silvertown, 823-2496, or Mrs. Gary Weeks, Tulia, 668-2645, to enter.

Small appliances, such as egg cookers, electric skillets, popcorn poppers, toasters, etc., generally use a lot less electricity than a range or oven would.

College accredited courses will be offered in Floydada starting September 4. South Plains College, through the Regional Occupational Center in Plainview, will register students Sept. 2 and 3rd from 7 p. m. until 9:30 p. m. in the Floydada High School. Ten students will be required for a course. Tuition will be \$58 for a 3

hour course; \$76 for a 6 hour course; \$105 for 9 hours; and \$140 for 12 hours. This does not include books or lab fees.

Classes will meet Monday through Thursday nights at 7 o'clock until 9:30, from Sept. 4th until Dec. 19th, 1975 in Floydada High School.

A high school diploma or

GED certificate is required for admission. Persons with neither may apply for probationary acceptance to: Director, ROC, Plainview, Tex.

Monday evening classes will include: Business math; college reading skills; western wear merchandising; legal terminology and medical terminology. Tuesday

classes will consist of: Business machines; communication skills; principals of nutrition; credit and collections and applied psychology.

Wednesday evening classes include: Business law; basic technical writing, American studies; functions of supervisors; and principals of real estate. Thursday classes are: Basic accounting I; introduction to fashion; basic reference material;

small business management; management seminar and introduction to social work.

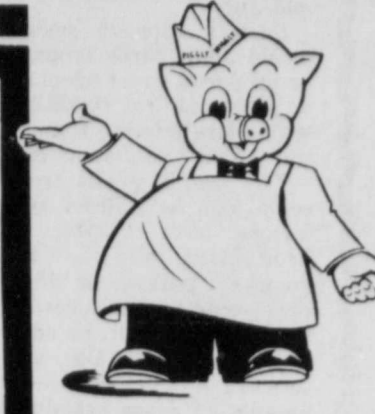

Explanation of courses and degree requirements are available at the Floyd County Historical Museum. Forms for Basic Education Opportunity Grant applications are also available at the museum. These must be sent to Washington, D. C. which takes four weeks for processing. They are being accepted for students who

plan to attend college in January.

Students who applied for grants this summer for fall term enrollment are now receiving notice of acceptance. Several thousand dollars in B.E.O.G. funds are already being received by middle income students in Floydada, as a result of summer application.

All courses taught are transferrable to other Texas Colleges

Halfway Field Day Next Month

HALFWAY -- A crop rotation system utilizing soybeans, triticale and sunflowers allowing all three to be produced within two growing seasons will be one of the premier attractions of the Texas Agricultural Experiment Station at Halfway Field Day set for Thursday, Sept. 11.

J. Joe Wright, who heads up the small grains Halfway research program, says that

in the system, soybeans would be planted in early May for the first year of the rotation system. Soybeans would then be harvested in late Sept. in order for triticale or wheat to be planted by mid Oct., says Wright. The small grain crop would then be harvested in mid to late June of the following year. Sunflowers, final crop of the rotation system, could then be planted no later than mid July.

Such a rotation system would allow three crops to be produced under adequate to ideal cultural conditions within two growing seasons, the TAES scientist notes.

The small grain crops could also be utilized as a forage both during its production and as the volunteer triticale or wheat that would remain following sunflower harvest, he adds.

Halfway Field Day visitors will be able to preview a number of crops scheduled for exhibition in the comprehensive review of research developments. Tests which can be observed are cotton, sorghum, corn and sunflower varieties, weed control and insect studies.

Guests will also have the opportunity to examine a large display of farm machinery and experimental equipment.

Field Day activities begin at 1:00 p. m. continuing until 5:00. The Experiment Station at Halfway is located 14 miles west of Plainview on Hwy 70.

GET READY FOR FLOYD COUNTY FAIR

DOUGHERTY FARMER Henry Hinton was with the U. S. Army in the New Guinea campaign the islands of Luzon and Leyte. Following the peace announcement he served another six weeks in the occupation army of Japan. He had 72 points, served 23 months in the Pacific and served with the 543 Army Engineer Boat and Shore Regiment. He got home just before Christmas in 1945. He said he looked forward to receiving the Hesperian each week while in service.

Manners: A hardened form of morality.

FLOYDADA CPA Newell Burk was in Southern Luzon in the Philippines when peace was declared. He was with the 183rd Finance Disbursing Section when he began occupation of Japan attached to the First Cavalry Division. He served 16 months in the Pacific. He got home to Kress in June of 1946. Newell was serving with a Regimental Combat team as an MP the night peace was declared and was pretty busy putting the celebrities to bed.

September 2, 1945

HIGHWAY ENGINEER Sam Fowler was in the Navy C B's, a Lt. on Iwo Jima when peace came. His brother, Charles, was also on the Island at the time, a member of the Air Force. Sam said his Battalion was preparing to go into Japan and were really dreading it...so were really jubilant when peace came. He was in service three years and was one of four Fowler boys in the service; one in Navy, one in Air Force, one with Army tanks, killed in Italy who received the Congressional Medal of honor and one Army truck driver. Sam's brother came home from the island before he did, Sam became officer in charge, stayed to secure the island, but was home within 60 days after peace was declared.

SOUTH PLAINS FARMER E. J. Kinslow served almost three years in the U. S. Navy. He was with a maintenance crew of a dive bombing and scouting squadron VS47. He was based on Palmyra Island in the Pacific when peace came. His first reaction to the news, "The war is over and the world is at peace."

Former Floydada Woman Injured

Mrs. Wilma Phillips of Plainview and her sister, Mrs. Edna Brown of Hereford, are both reported to be in critical condition in the intensive care unit of Northwest Texas Hospital in Amarillo. The women were injured in a car-truck wreck in Amarillo about 11 o'clock Wednesday morning. Other details of the accident could not be learned here Friday. Mrs. Phillips is a former Floydada resident and mother of Derrell Monday of Hillsboro, Teresa Monday of Stamford and Travis Monday, who attends Hardin-Simmons University. The Monday children are in Amarillo with their mother.

FU President Says Foreign Grain Sales Cut Off Would Be Devastating To Farmers

The amount that retail food prices deserve to rise because of the Russian grain sales will be hardly noticeable to consumers, while the loss taken by farmers if these sales are shut off would be truly devastating, according to Jay Naman, member of the executive board of the National Farmers Union (NFU).

Naman, who is also president of Texas Farmers Union and represents a major wheat production area, made the statement following a meeting of the NFU executive unit at Denver.

"In the first place, the news of the grain sales did not come until early in July so it could not have any effect on retail prices yet," Naman explained. "Normally, it is three to six months before an increase in raw materials prices is reflected through the production and marketing channels.

"Secondly, it takes a one dollar change in the price of wheat to justify a 1.2 cent change in the price of a pound loaf of bread, so there is no basis for the hysteria that bread may go to a dollar a loaf."

The NFU Executive Board noted that there is only 3.6 cents worth of wheat in a one-pound loaf of white bread now selling for 36 cents. A bushel of wheat provides enough flour for 70 loaves of bread.

Farm wheat prices would have to go to \$45 to \$50 a bushel before a dollar price-label on a pound loaf of bread could be justified, Farmers Union insisted.

The Farmers Union leaders maintained that while the retail price impact of the Russian grain sales would be nominal for consumers, the hold on grain sales ordered by Secretary Butz and the dock workers boycott could have a disastrous effect on farmers if it continues for any length of time.

The statement cited estimates that Russian grain purchases, if consummated, could improve the wheat market prices by 75 cents a bushel and the corn market price by 30 cents a bushel.

"If the sales are shut off, farmers will not only have to forego that potential gain, but the value of the whole crop will be depressed," Naman said.

Load Soviet Grain, Judge Tells Union

By SARA FRITZ United Press International

A federal judge dealt a severe blow to the AFL-CIO maritime boycott Wednesday by ruling that longshoremen's political views are no excuse for them to stop loading American grain onto ships bound for Russia.

AFL-CIO President George Meany had no immediate response to the ruling, but an attorney for the longshoremen indicated the ruling would be appealed.

The Kansas Farmers Union meanwhile asked President Ford to order the longshoremen to halt the boycott and offered the help of the Kansas National Guard to load the ships if the union workers refuse.

The court ruling against the boycott was issued in Corpus Christi, Tex., by U.S. District Judge Owen Cox, who issued temporary injunction ordering dockworkers to load the Soviet-purchased grain on ships at West Gulf ports from Lake Charles, La., to Brownsville, Tex.

"The court is not concerned with the (political) pros and cons of shipping grain to the Soviet Union," Cox said. He ruled the longshoremen have a valid contract to load the grain and thus are not protected by the Constitution in expressing their political views.

Cox said his injunction would remain in effect pending a Sept. 30 hearing on a permanent injunction. At the same time he certified the case for an expedited appeal to the 5th Circuit Court of Appeals in New Orleans.

In Washington, Labor Secretary John Dunlop indicated he was in contact with Meany in an effort to develop a "range of alternatives" to present to Ford for settlement of the dispute. But no new meetings were scheduled between Dunlop and Meany.

In McPherson, Kan., the state Farmers Union blamed the

insect infestations have occurred in most localities from the Blacklands southward and in the Trans-Pecos and Edwards Plateau regions. Boll weevil populations also have been high on the Low Plains and farmers there are concerned that control programs this late in the season may cause problems because of the loss of beneficial insects.

Rains have interrupted spray schedules from the Blacklands southward, and control has been difficult to achieve.

Animal Health Meeting Set... Cattle On Feed Up Slightly... Milk Production Declines... Next Crop Report Due Sept. 11.

A meeting to discuss proposed changes in brucellosis programs for Texas will be held Sept. 4 at 9:30 a.m. in Room 117, Sam Houston Building, Austin. Members of the Texas Animal Health Commission will listen to comments on proposed changes which would realign state regulations to conform with federal rules.

Brucellosis continues to be a major problem for the livestock industry in Texas.

CATTLE ON FEED in Texas as of Aug. 1 totaled 1,331,000 head, the Texas Crop and Livestock Reporting Service at Austin notes. This is a five per cent increase over a month ago, but is 26 per cent below a year ago and about 50 percent lower than 14 months ago.

Nationwide, there were 5,932,000 head of cattle on feed as of Aug. 1. This is down one per cent from a month ago and 15 per cent below the same period a year ago.

Recent increases in feed grains have changed the price outlook for feeders in the coming months. A shortage of fed beef could occur later this year, many feeders warn. This would be caused by a lack of profits among cattle feeders.

MILK PRODUCTION in Texas during July is down two per cent from the same period a month ago and is down one per cent below the previous month. Nationwide, milk production is down 1.4 per cent from a year ago.

WHILE THE AUGUST CROP REPORT has now become history, don't forget that the September crop report will be out shortly, Sept. 11 is the date for its release, and producers, consumers, and speculators will be watching for it eagerly.

Meanwhile, crop harvesting continues in a big way throughout the state. Cotton harvest is picking up speed and with hot, dry weather it should move along rapidly. First bales have been reported in a number of Blackland counties.

Sorghum harvest is now more than half finished throughout the state. Prospects on the High and Low Plains are considered good to excellent. Rainfall in some parts of the state has caused some slowdown of the harvest.

Corn harvest is underway in the southern half. Yields this year for the state read like a midwestern production report. The estimated per acre yield for Texas is 105 bushels per acre. This is the first Texas crop to exceed 100 bushels per acre in 54 years.

Rice harvest is at the half-way completion mark. Yields generally have been satisfactory.

Vegetable harvest is also making a lot of progress throughout the state. On the High Plains, only a few onions remain to be harvested.

In North Texas, harvesting of peas, tomatoes, okra, squash and watermelons continues. Grape and plum harvest is also active.

Spring and summer gardens are becoming victims of hot weather in the central part of the state, but fall vegetable land preparation is underway.

IT CONTINUES TO BE NECESSARY to submit suspected screwworm cases to the fly lab at Mission.

Screwworm activity continues to increase throughout the state, and officials at the fly lab also urge livestock producers to treat wounds on livestock with approved screwworm-control remedies.

And delay surgery on livestock as long as possible, too.

'75 Cotton Harvest Underway

AUSTIN-- After interruptions in harvest operations due to mid-July rains, cotton harvest is underway in the Lower Rio Grande Valley and the Coastal Bend area.

Early predictions estimate upland cotton production in Texas in 1975 to be 3,100,000 bales, according to Agriculture Commissioner John C. White. This compares with a harvest of only 2,462,000 bales in 1974.

Predicted yield of lint in 1975 is expected to be approximately 372 pounds per acre. This compares with an average yield of 269 pounds per acre last year, when drought caused low yields.

Cotton harvest for the state has reached three percent completion, compared with five percent last year and a three-year

average of four percent.

Area Sunflower Growers Given Payment Options

PAYMENT options that growers under the contract sunflower program will be asked to approve were ratified by directors of the Plains Cooperative Oil Mill at a special board meeting here Wednesday.

"Because of the size of the sunflower crop, the mill needs some help in financing the contracted production," said Joe Rankin of Ralls, president of the board of directors. "It was decided to ask the cooperative members for their help in this financing."

The mill has approximately 225,000 acres of sunflowers under contract at a base price of 15 cents a pound.

Under one payment option, Rankin said, growers will be paid 10 cents per pound at the time they deliver the sunflowers, with the remaining five cents to be paid on or before March 31, 1976.

"The producer would be given a promissory note for the five cents per pound that would bear interest at the rate of eight per cent from the date of delivery until paid on or before the March due date," Rankin said.

"For those growers who might desire deferred payment on the crop, arrangements would be made," he said. "For those who for some reason cannot help in financing the program, payment will be made in the regular manner, per original contract."

Rankin said the board has confidence that most growers will be willing to help in financing the marketing of this new crop.

A series of meetings has been scheduled to explain the program to cooperative growers throughout the area, he said.

The Program will honor families who have farmed or ranched the same land for over 100 years at the 1975 State Fair.

Last year, the Program honored over 560 families.

Consumers can save grocery money by shopping for in-season fruits and vegetables, Mrs. Mary Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Deadline Near

AUSTIN--As the August 31 deadline for mailing applications to the Family Land Heritage Program approaches, persons interested in applying are urged to get their forms completed and turned in as soon as possible, Agriculture Commissioner John C. White said.

"Any applications received by the Department after the August 31 deadline will be considered in the 1976 Program, rather than this year's Program," White said.

Nearly 230 applications have been received by the Department so far.

If persons wishing to apply cannot get forms from the county judge's office, they should write John C. White, Commissioner, Texas Department of Agriculture, Family Land Heritage Program, P.O. Box 12847, Austin, Texas 78711.

Recent Tour Described As A 'Spanish Carnival'

Mr. and Mrs. Furman Vinson, Flomot, and Mr. and Mrs. J. M. Willson Jr., of Floydada recently enjoyed a two weeks tour of Spain,

described by Mrs. Vinson as a "Spanish Carnival." They were in a group of 248 who saw many beautiful sights of the Andalusian area of

southern Spain. Arriving in Madrid the group visited the breathtaking Royal Palace, reported to be the most elegant in Europe. Following this was a tour of the Prado Museum, where original art works of Goya, Murello, Velasquez and El Greco were seen. "Madrid is very clean and has many tree-lined boulevards," Mrs. Vinson said. "Fountains and statues in great number are noted while driving through the city of three and a half million." A tour of Toledo, with its varied moods and changes of Spanish history and art included a visit to the Gothic Cathedral, "magnificent, and so large and awe-inspiring as to defy all description. After being in such narrow streets, then to come inside this cavernous Cathedral is quite breathtaking." It is the richest in all Spain because of the objects and artistic treasures it contains, the group learned. A visit to the home of El Greco and the

famous Damascus steel factory was informative and enjoyable. UPON leaving Madrid a new farming area was visited, having only been in "modern" production for three years. On the road south, the tour passed through the heart of Spain, La Mancha country, that of Cervantes' "Don Quixote and Sancho Panza," with the Moorish windmills visible on the nearby mountains. Miles and miles of olive trees, vineyards and sunflower production were seen as the tour continued to Cordoba, a ninth century city, founded by the Moors. Here is located the Mezquita, one of the most important Arabian monuments in the world, so designed that it faces Mecca. "Seville, on the banks of Guadalquivir with a large ship channel, from its cathedral (third largest in the world) to the Alcazar and its well manicured gardens, was enjoyed and more time to stay here was desired by

all, but time pressed on," Mrs. Vinson said. ON THE outskirts of Seville, a multitude of apartments built by the government was noted. "The Franco government has removed all slum areas in Spain and built these apartments for the laborers for a minimal rent. A large salt evaporation area was observed near Cadiz, as well as cork trees in various stages of "debarking." Many remarked that the area resembled the Southern California coastline of thirty or forty years ago. "A most enjoyable trip from Seville to Algeciras on the Mediterranean, which was the point of departure by ferry for Tangier, Morocco. Hampered by fog crossing the Straits of Gibraltar, not much was visible. However, on the return journey it was beautiful with the Mediterranean as blue as professed to be, and the Rock of Gibraltar as outstanding as ever." TANGIER was a very different city, very international in tongue and atmosphere, Mrs. Vinson said. "A trip southeast to the outlying areas was very interesting and educational. Farming methods are primitive and people are so very different. A berber market in the Rif mountains was the highlight of that days journey. The people bring their wares, carried either by hand or on a donkey. Some come from as far away as 40 miles. "It was just like a "country" Saturday afternoon in this country years ago, where everyone meets to catch up on the weeks' news." The towns of Chechaouen and Tetouan were visited and proved interesting but smelly. Tetouan was once the Capitol of Spanish Morocco, they were told. The morning of departure, a tour was given through the Kasbah, where snake charmers were seen; through the Medina, a large shopping area where the "hawkers" were trying to sell their goods. LANDING at Algeciras, the bus ride to Torremolinos was pleasant, as much as along the Mediterranean coast, going through many resort towns, the two largest being Marbella and Guenguerola. Torremolinos is another of the larger resort areas and from here, for a week, tours to different areas were taken. One, to Malaga; another to Ronda going by bus into the interior; another to a bullfight; and the "jewel" of all, to Granada to visit the Alhambra. "It was truly as all pictures show it," declared Mrs. Vinson. "Everything within the walls is 'The Alhambra'—the woodland, water, gardens and buildings. One room leads to another, in a very subtle manner, the intricate traceries are nothing but stucco-like material, but beautiful in their lacy appearance. The wall patterns are built up plaster, much as you would a wedding cake." The Granada area, the most progressive farming area, was enjoyed as it made the group feel they were developing agriculturally in one area at least, Mrs. Vinson noted. "Still, olive and almond trees were in great

abundance." OF GREAT interest were the Parador Inns. These are government owned, usually in areas where private investors will not spend money for hotels. The Parador is occasionally an old palace, large hacienda or home converted for this purpose. They can have as few as eight rooms or as many as 20. They are so popular with tourists, reservations must be made a year in advance." Food was very bland—olive oil used plentifully and fish

served every day. Only in Madrid was water potable, so either Halozone tablets were used to purify it, or bottled water was purchased. Much wine and beer were also consumed. "Spain is a different and friendly country, but the old adage, 'there is no place like home' certainly proves true," the group agreed.

Murder Victim Is Niece Of County Man

TULSA (Special)—Investigators here said late Thursday they have "relatively little to work with" in the murder of a 24-year-old former Lubbock woman whose body was discovered Wednesday afternoon lying in bushes at a city park in Tulsa.

Miss Oakley was the niece of Jerry Cannon of Lockney, Plan A Supervisor in Floydada.

Suzanne Oakley was discovered by a citizen who was aiding officers in a search of the area, according to police detectives.

Two other women have been raped and murdered in Tulsa during the past six months, but Tulsa detectives said they have found no connection between the deaths of these two women and Miss Oakley.

Although her clothes were disarrayed, autopsy reports which would determine whether the young woman was raped, still were unavailable late Thursday.

A police detective said the woman appeared to have been struck with a "blunt instrument."

Miss Oakley disappeared after leaving her home to go jogging about 6:30 a.m. Wednesday.

A search by police was ordered after she failed to report to work at the Tulsa Metropolitan Area Planning Commission.

No arrests have been made in this case, and police said they have no suspects.

Miss Oakley's body was found in bushes at Riverside Park in Tulsa.

The young woman was graduated in 1969 from Monterey High School in Lubbock. She attended Texas Tech University and received her bachelor's degree from Oral Roberts University in Tulsa.

Services for Miss Oakley were held Friday in Nindes Garden Chapel of the Nindes Funeral Home in Tulsa.

Graveside services were held in the Plainview Cemetery at 2 p. m. Saturday under direction of Wood-Dunning Funeral Home in Plainview.

Miss Oakley is survived by her mother, Jimmie Lee Oakley of Houston; a brother, Chuck of Houston; a sister, Mrs. Sharon Gayle Hathcock of Phoenix; and grandparents, Mr. and Mrs. M. P. Cannon of Amarillo.

Oh! What a week this has been. We have been so busy it seems like a short week. Last Wednesday we had a surprise party for our Administrator Laverne Christian who celebrated her birthday. Our staff and residents got together and honored her for she has really been a great person. Cake and fruit punch was served to all residents and staff. We invited Laverne's family as our special guests. Our residents sure can keep secrets. We really surprised Laverne. We all had a wonderful time, it felt like we were just a big family celebrating together. We truly wish her many more happy birthdays. Last Thursday Mable Foster came and took us to Plainview, we took Mr. Florencio De La Cruz to the doctor. Thanks to Mable for her service and help.

Thanks to the family of the late Mr. W. Workman for the flowers they shared with us. Someone else brought us some beautiful flowers, but left no name. Mrs. Carthel also shared some beautiful flowers with us, so did Mrs. Roberson and Mr. and Mrs. Maurice Hill. We appreciate all of you for thinking of us.

Thanks to Elsie Hollis for coming last Wednesday and playing the accordion and mandolin. Nathan Knight played the piano and sang from the Bible. It was a great afternoon. Our most sincere thanks to everyone who shared with us in morning devotionals. You all make our day spiritually great.

I want to thank everyone for all the help you've given me as Social Director. This is my last week. Linda Cumbie will be our new Social Director and I know you will give her all your support. She has been with us 8 months as an aide. So all our residents know her. She will also keep you in touch with our Center News.

We have had many visitors from Lockney and we thank you. And many out of town visitors. These were:
