## Tennis Tournament Saturday And Sunday

Years of age and over in surrounding towns will participate in a tennis tournament Saturday and Sunday. The tournament begins at 8:30 a.m. at the headquarters at the school courts. Finals Sunday afternoon.

Entry Fee is \$2.50 per person per contest and the schedule includes mens, womens singles and doubles, also mixed doubles.

To enter, you need only to call FHS tennis coach Raymond Jones at 983-5306 before Friday night.

## Rock Chat By Wendell Tooley

"Old Mary is 40 today". It seems that it is just a little embarrassing for a woman to go past that 39 age.

We have often heard a woman declare "I'm 39 and holding!"

Another year or two and I'll be looking for life to begin at 50!

I think we can all look to the years ahead to accomplish things we still would like to do. I was over 45 before I ever won my first tennis trophy and over 45 before I sang my first church solo.

Now, I'm on a harmonica kick....I still figure I'm not to old to learn to play the harmonica. My family probably has considerable doubt that I can do it (after hearing me try hour on hour).

.....and we have an organ and piano that I still haven't mastered. I may need to live many, many, years to get these things accomplished. And....I would like to learn to be a better carpenter....or remodeler....I like to work with wood. I wish I could learn to repair my automobile.

And....I've failed a lot of things I've tried. I owned a banjo for a year or two....never did learn much more than four or five chords.

I need to go ahead and learn to speak Spanish. I have Spanish books all over the house. My barber, Rudy, has given up on me. I ease myself into his barber chair and Rudy declares, "okay, we are only going to speak in Spanish today!" so....it turns out to be an uninteresting one way conversation.

NOW THAT I HAVE BORED you with my feeble efforts, why not share your accomplishments with me. All you old people (over 40) who have taken up interesting hobbies or learned something new....call me on the phone....tell me about it. I'll give you equal time, or space.

"Life begins at 40....or just any age you want" to get out of the rut you're in and do something new and exciting."

WHOLESALE TOURS wants Mary Tom and me to sponsor four tours next year. However, we can't figure out time for but one tour. We'll sponsor the tour there is most interest in. So give me a buzz if you would be interested in one of the following tours.

There will be a nine day tour of the Holy Land in January, a seven day tour of Mexico City, Taxco and Acapulco February 23, and in March or April a trip to Europe and a trip to Hawaii.

Where you want to go?

I AM JUST REAL PLEASSED with the housebuilding that is going on in Floydada. I counted over 40 homes built or being built in the Texas addition and there are still building lots available in the Steen addition.

I imagine John Key West still has some building lots and I think Sammy Hale has a big block of lots available.

"I'm warning you," said the exasperated piano teacher to her pupil, "if you don't behave yourself, I'll tell your parents you have talent."

At 40....and it is the little notices especially women,

## Whirlwinds Ready!

By Wendell Tooley

After breezing through two fairly easy games the past two weeks the Whirlwinds face one of the state's best AA teams here Friday night as they take on the Post Antelopes.

The Antelopes had no trouble defeating Coahoma 20-0 last week and they are picked to battle Denver City for their district title this year. Post missed the district title last year to Denver City by a 7-6 score.

Antelope quarterback is Bryan Davis, son of the Post coach, Bobby Davis. He has been quarterback for the past two years, and is considered a better runner than passer. He is a sprint-out passer rather than a drop back passer. He is a 6'3", 185 pound senior.

District sprint champ in track Edward Price is a halfback and adds plenty of speed to the 'Lope offense. Split end Mike Shepherd has Price's size (5-10, 150 pounds) and speed also. Shepherd will start at free safety on defense for the third straight year. Another safety starter, Garland Dudley, made all district in 1974. Dudley is 5-11, 160 pounds. He has an outstanding 40 yard punting average.

Post has size on the line: junior Danny Saldivar (5-11, 225) and Mark Kirkpatrick (5-10, 165) are the probable starters at tackles. Mike Babb (5-9, 185) and Buddy Britton (5-10, 175) are set for the guard spots. Veterans Benny Greene (175), Dale Odum (205), Ray Martinez (185), and center George Hester (175) lend size and experience to the offensive front.

### WHIRLWINDS

Floydada coach L. G. Wilson said that halfback Micky Minnett would be back in the starting lineup after recovering from a thigh muscle injury, but kicker Leslie Soto would still be sidelined.

He said that the Whirlwinds were in fairly good physical condition and should be ready for the 8 p.m. Friday night kick-off.

### Seniors Are Gonna Bake!

The Seniors of Floydada High School remind you that they will be sponsoring a bake sale this coming Saturday from 9 a.m. to 1 p.m.

They will have cakes on display at Buddys, Don's Thriftway and Piggly Wiggly. You all come...and buy!

### Chili Supper

Floydada and Post football fans are invited to a chili supper Friday evening before the game at Junior High School cafeteria. The supper, which includes a bowl of chili, drink and dessert will be served from 5 p. m. until 7:30 p. m. giving fans plenty of time to get into the stands before kick-off time.

The chili supper is being sponsored by the Alpha Mu Delta Chapter of Floydada. Proceeds will go to Meals on Wheels and park improvements.

Tickets are being sold this week by Floydada Girl Scouts at \$1.75 for adults and a \$1 for those 12 and under, or they may be purchased at the door the night of the supper.

## and the winner is...Danny Bradford!

Although there were three tie games on last week's football contest, Danny Bradford, 2522 8th Avenue, Apartment Number 17, Canyon won the contest with only four misses. He will receive the \$7.50 first place award.

He missed tie games: Canyon-Borger, Lubbock-Ector, and Idalou-Petersburg, and the Rider-Monterey game which Monterey won.

Second place winner (and a repeat winner from last week) is Jennifer Jo Paty, 205 E. Hallie, who missed only five contests. She will receive the \$5.00 second place prize.

Third place winner of \$2.50 is Trava Gentry, Rt. 2, Floydada, who also missed only five contests. Trava guessed the tie breaker Floydada-Cooper game at a total of 45 points. Jennifer Jo guessed 34....only two points off the 36 points.

Honorable mention goes to Captain E. D. Morgan, Ft. Bliss, Jerry Gentry of Crosbyton, Jack Fuqua of Floydada, and Glenda Wilson of Floydada, all who missed only six contests. Captain Morgan failed to indicate a winner on the two top games in the top left hand part of the page....or he might have been a winner.

VOLUME 80 FLOYDADA, FLOYD COUNTY, TEXAS 79235 THURSDAY, SEPTEMBER 16, 1975 NUMBER 74

## Large Auto Population In Floyd County

NEW YORK - Car ownership stands at a high level in Floyd County, the figures show.

Despite the fact that new car purchases have dropped far below normal in the last year or two, locally and elsewhere throughout the country, the large number in operation continues to have a strong impact on the local economy.

Industry reports show that new car registrations in the United States fell from 11,351,000 in 1973 to 8,701,000 in the past year. In the State of Texas the drop was from 666,000 to 509,000.

The answer is, in part, that more families are retaining their old cars, when buying new ones, than was the case a few years ago. Other families, who were not in the market for new cars in the past year, have taken to

fixing up their present models to keep them going longer.

As a result, the average age of today's passenger cars is close to 5.8 years, as against 5.5 years in 1969.

The data on automobile ownership a distribution comes from the American Automobile Association and from market reports issued by the Standard Rate and Data Service.

The figures show that there were a total of 4,860 cars in operation in Floyd County as of the beginning of this year.

The figures indicate, as would be expected, that car ownership is closely linked to earning capacity. As family income goes up, as it has in Floyd

Related to the local population, there are now some 136 cars in the county for every 100 families.

The number of households sporting two or more cars has increased considerably since 1970. Nationally, according to the Census Bureau, about 34 percent of all households now have two or more.

Because of its size, Floyd County's auto population has produced additional business for local service stations. Their receipts in the past year for gas, oil, accessories and repairs, reached \$2,425,000. Five years ago it was \$1,572,000.

County in the last few years, the number of cars in operation is affected proportionately.

## Rites Today For Mrs. Fred Lambert

The funeral for Mrs. Fred Lambert, 70 year old longtime Floydada resident, will be conducted this afternoon (Thursday) at 3 o'clock in the First Baptist Church. Mrs. Lambert died at approximately 3:30 Wednesday morning in the West Texas Hospital in Lubbock after a brief illness. She was admitted to Lockney General Hospital Sunday, then transferred to West Texas Monday morning, according to relatives.

Dr. Floyd C. Bradley will officiate for the service, assisted by Reverend Hollis Payne, pastor of the Calvary Baptist Church and Elder J. N. Richardson of Floydada.

Burial will follow in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

A native of Hillsboro, Texas, the former Corah Katherine Rogers was born August 15, 1905. She came to Floyd County with her parents, the late Mr. and Mrs. D. F. Rogers Sr., in 1906 from Taylor County. She received her schooling at Mt. Blanco and was married July 17, 1926 at Crosbyton to Ward Fred Lambert. They resided in Floydada since that time.

Mrs. Lambert was a member of the First Baptist Church and was owner and operator of the TNM&O Bus Station in Floydada from 1951 until retiring last year.

Survivors include her husband; a son, David Joe Lambert of Amarillo; a daughter, Joy Lajuana Lambert of Lubbock; four brothers, Wylie Rogers and R. C. Rainer of Floydada, D. F. Rogers Jr., of Taylor, Texas and Kenneth Rogers of South Carolina; five sisters, Mrs. J. N. "Quarterback Club meetings are not just for the men... bring your wife, or girl friend," president of the club Aldine Williams told a Hesperian reporter Wednesday morning.

The club meets at 7 each Monday night and film of the previous Friday night varsity game are shown. The Whirlwind coaches are available to answer questions and explain various

high points of the game.

There is always a good supply of delicious refreshments. Williams said to also mention that the large size booster caps have arrived.

# Parent Communication Class Begins

DR. BILL NORTON (right), Sandy Taylor of the Floyd County Family Service Center and Roy Alexander, Assistant Executive Director of Central Plains Mental Health Center are pictured with textbook. Alexander will be instructing a course in "Parent Effectiveness Training" in Floydada beginning September 25. (Staff Photo)

"Teen-agers don't have to rebel, toddlers don't have to whine. Parents can raise responsible children without resorting to extremes of authoritarianism or permissiveness". This is the promise of Dr. Thomas Gordon's course for raising children, PARENT EFFECTIVENESS TRAINING.

Roy Alexander, a psychologist with the Central Plains Mental Health Center will be instructing the class which begins Thursday, Sept. 25. According to Alexander, "a parent is a teacher, protector, judge, nurturer, pal, moral guide, always right, and above all else, In Charge!" "So, carrying around this cultural model and some instincts for the job and a lot of feelings about how our own parents attempted it, we get about the business of parenting without a board of directors or a quarterly statement".

Parent Effectiveness Training (P. E. T.) is an eight week class in human communication. The class is filled with motivational lectures, practical exercises and most of all, highly influenced will skills that people use. Dr. Gordon's

class is being taught throughout the U. S., with over 4,000 certified instructors. Parents everywhere are explaining the usefulness of P. E. T. in that actual changes are noted in families communicating more effectively.

The text P. E. T. (Peter Wyden/Publisher) by Dr. Thomas Gordon is included as a part of the class, along with a workbook. These are resource tools towards effective communication which is usually noted while people are taking the course.

This is the first class to be offered in Floydada. The maximum number of participants is 30, so interested people are encouraged to call the Family Service Center, 983-2584 to get their name on the list.

Bill Norton, Ph.D. and Sandy Taylor M.S.D. are psychologists at the Family Service Center here in Floydada. The office is open on Mondays and Thursdays and is located in room 200 at the County Court House. The office is a branch of the Central Plains Mental Health Center in Plainview and offers counseling and family life education services for Floyd County.

## ACT Tests Offered Five Times This Year

Students at Lockney High who are planning to go on to school after graduation will have five opportunities to take the Test Section of the ACT Assessment Program during the 1975-76 school year.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, Oct. 18. Students planning to take the exam on that date must have registered by Sept. 22, it was announced by Sheree Cannon, Counselor.

Announced also was the complete schedule of 1975-76 national test dates for the ACT Assessment Program. The dates (with registration periods in parenthesis) are:

Oct. 18, 1975 (Aug. 18-Sept. 22); Dec. 13, 1975 (Oct. 20-Nov. 17); Feb. 14, 1976 (Dec. 15-Jan. 19); April 10, 1976 (Feb. 16-March 15); June 12, 1976 (April 12-May 17).

On those national test dates it takes students about three hours to complete the

four standardized exams that make up the Test Section. Another important section of the ACT Assessment Program is a two-part questionnaire that is completed by students at home as part of the registration process.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors, as well as to colleges designated by the students.

Information reported from the Test Section (math, english, social studies, and natural sciences) provides an indication of the respective students' general educational development. The Questionnaire Section (Student Profile and Interest Inventory) provides information about students' academic and nonacademic accomplishments, anticipated needs, and interests.

Nearly one million students last year used the ACT Assessment Program, which is required or

...riding a are beats walking two miles and I were young. Or was when the school's right across is the rub. So the answer is

to eliminate that school. Maybe make a library out of it. And then have just one school for everybody. The thing to do is for Boston, for example, to erect one school in the middle of the city, 20 stories high or however high it takes to hold all the school kids the town's got, with plans for adding more stories if the population keeps growing. You finish one grade, you move up a story, until finally you come out on the roof, fully educated.

Thus everybody goes to the same school, everybody rides a bus, the police can go about their regular work, the mayor can hunt for more taxes, and parents can have an extra hour of freedom mornings and afternoons while their kids are en route to and from the heart of the city.

If you argue that that many buses will clog the streets, I'll remind you that the streets are already clogged, and besides, if engineers put their minds to it, they could devise pneumatic tubes extending spider-web-like out from the 20-story school, with parents casing their kids in plastic cocoons and shooting them to school in record time. A computer could make sure they took the right tube back home. Be safer than walking across the street. On reaching the school in the mornings they could all land in one big room in the basement, intergrated like never before.

Yours faithfully,

## Mrs. Applewhite Speaks To Lockney Business and Professional Women's Club

Lockney Business and Professional Women's Club had as guest speaker at the last regular meeting Mrs. G.

C. Applewhite, who spoke on the club's yearbook topic, "Women In History".

Mrs. Applewhite limited her remarks to pioneer life of West Texas. Emphasis was put on local color through humorous as well as pathetic instances.

The club was reminded of the early days, of long stretches of plains, mirages that waved as in stea, prairie fires, dog owls, stove wood from brakes, coffins made at lumber yards, graves lined with cheesecloth, of a time when there was no doctor at Lockney, of land that was "took up" and land that was "jumped", of first weddings and cattle stampedes.

Early Pioneer women lived through these times; they are our "Women In History", the speaker said.

Mrs. Applewhite closed her remarks by reading an original composition she described as "prose statements with a few rhyming words."

If you have seen young calves scamper  
Or have called people who travel in covered wagons a camper,

If you have warmed your shins by a cowchip fire  
Or made lye soap and felt on your skin its ire,

If at midnight you have heard while riding the trail  
The wild yapping savage notes of a coyote wail,

If you have breathed the cinder-filled smoke of a prairie fire,  
And have seen the results of burned posts and tangled wire,

If you have ever ridden a

Calvert, House Speaker Bill Clayton and Representative Ronnie Earle, announced TFWC President Harriette Williford Whatley.

Centered around the theme "The Art of Survival", the meeting will offer sessions on leadership, written and verbal communication, "winning" and a wide variety of special interest workshops.

Mrs. Louis Fry, Lockney, TFWC Junior Director, will present an evaluation of junior involvement in Federation activities and also participate in a panel discussion of leadership.

When the U.S. constitution was adopted, eight or more of every 10 Americans lived on farms. By 1920, the census revealed for the first time that the majority of the nation's citizens were living in urban areas.

**Peggy's Meddlin's**  
BY PEGGY MEDLEY

LOOKS as if the coordinator of the National Organization for Women's Task Force on Older Women, has gone to bat again for us feminists. She went before Congress last week with a long list of complaints against Social Security. Specifically, she made these complaints:

On the average, women earn 60 percent less than men. Since benefits are based on earnings, women's retirement benefits are lower.

Women are penalized for the years they are rearing children. Benefits are based on lifetime average earnings so this hurts when they retire.

Families in which both adults work often receive no higher benefits than if the women were to stay home

and not pay Social Security. 28 million housewives receive no credit for their work at home, estimated by the California Commission on Women, to be worth \$340 billion. Now this is one complaint I don't go along with....True most women do all the housework and cooking, but to get paid for it in their own home, that's asking for a little too much. If we got Social Security benefits for such, then the men should get their share of benefits for doing the yard work, taking out trash, servicing the car, etc. This complaint could get a little out of hand, as well as some of the others.

One in particular that I agree should be changed is, according to the coordinator, a widow under age of 62 qualifies for no benefits after her youngest child reaches 18. Yet the widow in her 50s faces great trouble finding work, especially if she has been "JUST" a housewife most of those years.

.....

WELL, so much for Social Security. How about the seven Law Lessons, "Laws To Live By":

Murphy's Law: Nothing is as easy as it looks. It will take longer than you think. If anything can go wrong it will.

Rudin's Law: In a crisis that forces a choice to be made among alternatives of action, most people will

### Free Health Fair

Being healthy is important to every person in the world. When we're sick, we can't get ole Doc out of bed in the middle of the night fast enough!

According to Sharon Hillis, County Extension Agent, A FREE HEALTH FAIR for EVERYONE in Hale and Surrounding Counties will be held on Saturday, October 4, at the Hale County Agriculture Center from 10:00 a. m. to 8:00 p. m.

There will be actual screening for vision, hearing, high blood pressure, diabetes, TB, pulmonary function, blood typing, and height/weight. All this is free, absolutely no charges of any kind.

The Texas Tech med students will be operating a film festival continuously during the day from the following groups: State Health Department, March of Dimes, State Commission for the Blind, and Heart Association. Some of the Films will be: "Drugs: The First Decision", "V.D. Attack Plan", "Emergency Medical Services", "Better Odds for a Longer Life", "Headlice: Questions and Answers", and "Happy Family Planning". We will have a live dog exhibit and the Blood Mobile here also.

Cooperating agencies that will have a booth using their own personnel and literature include: Commission for the Blind, Dairy Council, Cancer, Fire Department,

Lions Clubs, Nichols Hospital, Red Cross, Regional Occupational Center, Central Plains Hospital, Mental Health, Mental Retardation Center, South Plains Health Provider, Inc., Arthritis, Medical Society, West Texas Lung Association, West Texas Home Health Agency, RSVP (Aging), Child Welfare Department, TOPS, TAP, and the Plainview Hale County Health Department.

We want everyone that can get to Plainview to take advantage of this "Free" health activity. Maybe this will enlighten residents of this area to the many free services available.

The Home Demonstration Clubs will have a foods booth as their money making project. Why don't you come and have lunch.

### Tennis Club Meeting Tuesday Night

Plans will be discussed at the Tuesday night meeting of the Floydada Tennis Club for scheduling a fall tennis tournament and everyone interested should attend the meeting.

During the Colonial period in America, no textile product was considered disposable. Every scrap was saved and recycled as long

as possible. One happy result was the emergence of patchwork, a uniquely American art form, Margret Ann Vanderpoorten, clothing sp-

ecialist with the Texas Agricultural Extension Service, The Texas A&M University System, notes.

**PUBLIC NOTICE**  
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)  
SPECIAL ELECTION NOVEMBER 4, 1975

**PROPOSITION NO. 1 ON THE BALLOT**

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. **OBITUARIES**

**Erwin C. Boyd**

Funeral services for Erwin C. Boyd of Lockney were held Saturday, September 13 in Lockney First United Methodist Church with the Rev. Harold Daniel, pastor, officiating. Burial was in Lockney Cemetery under direction of Carter Funeral Home.

Carter died about 9:30 p.m. Thursday in a truck-pickup accident, miles north of Floydada on state highway 207.

Born in Boulder, Colorado, he married Dorothy Carter November 1942 in Oklahoma City. He was owner of Silverton Funeral Home, Quitman Funeral Home, and Carter Funeral Home in Lockney.

Boyd was past president of the Lockney Chamber of Commerce, president of Lockney Rotary Club, member of the board of directors of Lockney General Hospital District, 32nd-Degree Mason, and a member of the Shriners.

He is survived by his wife, Dorothy, a son, Don Boyd of Lockney, his mother, Mrs. Elizabeth Jacobs Boyd of El Paso; two brothers, Cecil H. Boyd of Denver and Paul K. Boyd of El Paso; three sisters, Mrs. James H. Speer of El Paso; Mrs. Guy Richards of Fort Worth, and Mrs. Bob Gibson of Greelev, Colorado.

The truck-pickup accident in which Erwin Boyd of Lockney died was "under investigation" Friday morning according to investigating officer Michael Stoner, Texas Department of Public Safety patrolman.

Stoner said two separate incidents were involved. A 1969 Peterbilt driven by Willie Mate Jones of Ode apparently ran off the road, forcing driver to cut loose from the trailer. The truck driver was attempting to back under the trailer, with the truck cab blocking part of the highway, when the 1972 GMC pickup, driven by Boyd, crashed into the cab, according to Stoner. The truck driver and passenger in the truck were not in the cab at the time of the crash and were not injured.

The accidents occurred on rain-slick Texas Highway 207 about 11 miles north of Floydada about 9:30 p.m. Thursday. Both vehicles were traveling south.

Boyd was pronounced dead at the scene of the accident by Justice Peace R. H. (Raz) Ford.

The highway patrolman said warning flares were out around the truck when he arrived at the scene.
