

Mustangs Stomp Whirlwinds 32-7

ranked Olton Mustangs literally dominated the game there Friday night in all areas of play. The 'Winds were again facing a strong, big experienced quarterback in Jimmy Parker. If Parker wasn't crashing through the 'Wind line for good gains it was the amazing Glenn Johnson who racked up some 120 yards on 33 carries.

However, it should be reported that the Whirlwinds played fairly good football for three quarters, holding the Mustangs to an 8-0 lead going into the fourth quarter.

Although the game was not of district classification, it gave the Floydada fans an idea of what's ahead in district championships. They are

already convinced that powerful Post will win the district southwest of here... Olton seems to have no problem in winning their district... and with this district's Tula Hornets already holding a win over Olton in the first game of the season... Floydada has really gotta improve to win the district and get another shot at Olton.

FIRST HALF
I could write all the Whirlwind offense in one paragraph. One earned first down (Mickey Minnett made 10 yards), one first down on a long pass from quarterback Jay Womack to Donzell Minner that was complete by virtue of penalty when an Olton defender held Donzell to keep him from catching the pass. At the end of the first half Floydada had two first downs, six pass attempts, 39 yards rushing and four punts for 149 yards.

Olton had amassed 155 yards rushing, two passes for 25, 12 first downs and a touchdown by Johnson from the 12 with 4:32 left in the second quarter. Parker ran over the two extra points.

Actually the 'Winds had two good breaks in the first quarter as Elton Ratliff intercepted a Mustang pass the eighth play of the game and not long after, the Mustang quarterback fumbled the ball for a Whirlwind recovery.

SECOND HALF
The Whirlwinds looked great after taking the kick-off... taking the ball from their own 11 down to the Mustang 18 with five first downs. Kelvin Ratliff was hitting the middle of the Mustang line hard. It looked like the 'Wind pass game would work, Womack completed a 10 yarder and a 30 yarder, both to Minner.

But, at the 18 the Mustang defense toughened and the ball went over on downs.

The Mustangs made one first down and fumbled the ball... we recovered. We fumbled the ball right back to them the next play.

Then another good break, Minner intercepted a Mustang pass. However, it was another quick exchange of the ball as Mustang Ray Rodriguez stole a Womack pass-hand off and on the 'Wind four yard line. Parker carried in for the touchdown. Parker ran the extra two and Olton led 16-0 with 10:27 left in the game.

At this point, it seemed the Whirlwinds fell apart... Womack was sacked behind the line of scrimmage, then threw a pass that was intercepted and the Mustangs had the ball on the 'Wind 15 yard line. Parker carried around end for 10, then Johnson blasted through the middle for the touchdown. Parker tossed a short pass to Michael Franks for the extra two points and Olton led 24-0 with 8:45 left in the game.

The 'Winds seemed to be pulling themselves together... Kelvin broke loose for 14, Womack ran 16, then hit Minner on a short six yard pass. The ball was on the Mustang 40, but it went over on downs.

The Mustangs couldn't go and punted... we had the ball on our 21 yard line. Womack was sacked for a 10 yard loss, then his next pass was intercepted and the 'Winds were in trouble again on their own 11 yard line. Parker carried to the three, then Mustang fullback Michael Franks blasted through the middle of the line for the last Mustang touchdown with 2:37 left in the game. Robert Offield made the two extra points and Olton led 32-0.

The 'Wind fighting spirit came to life at this point... they weren't going to suffer a shut-out. Womack ran for 18, tossed an eight yarder to Minner, then ran for another seven.

Womack threw a long one to Minner, but Minner couldn't get to it because the Mustangs were holding him. The referees ruled the pass completed for a 20 yard gain and the ball was on the Mustang eight yard line. Womack tossed two incomplete passes to Minner in the right end zone, then with seven seconds left in the game, hit Greg Goen for the touchdown. Minnett

DONZELL MINNER takes a Jay Womack pass and makes good gain in the Olton game. (Photo by Keith)

kicked the PAT and the score was 32-7. The final gun went off with Olton completing a 40 yard pass.

Coach's Comments

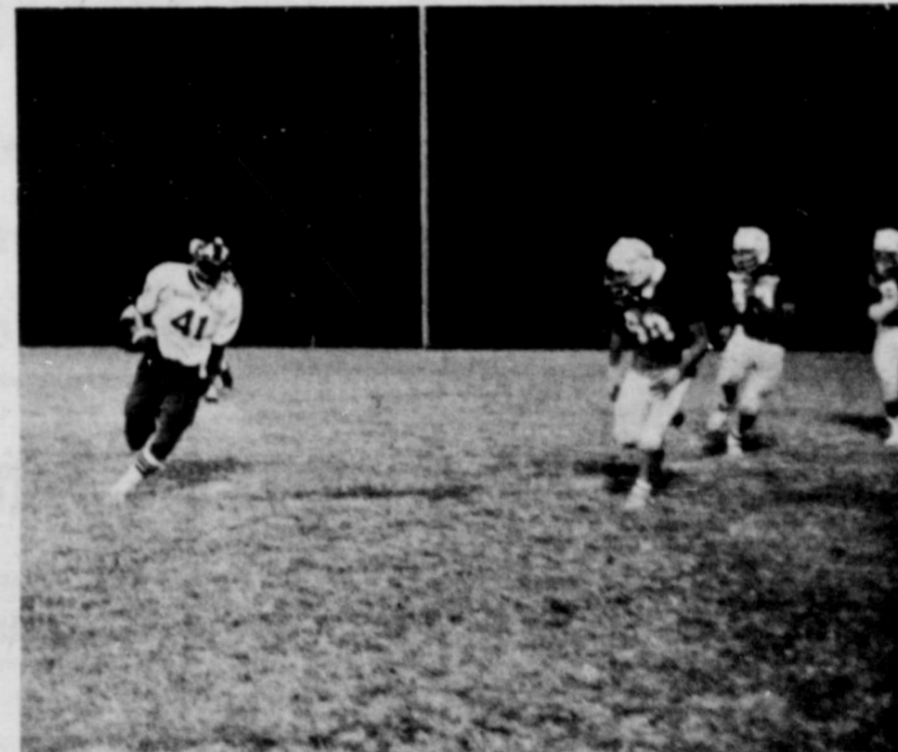

"Our defense kept us in the game for three quarters, but you can't win a football game with your defense on the field all the time... we must create an offensive attack." Whirlwind coach L. G. Wilson said Saturday morning following the Olton game.

The coach said the team must develop more running offense... because the team has been depending on its passing attack, it got into trouble in a hurry in the last quarter of the Olton game.

"Although the defense made some mistakes, they played a fairly good game, and I thought Kelvin Ratliff looked well on our running attack," the coach concluded.

NEXT WEEK
The 'Winds will be on home ground next week as they take on the Littlefield Wildcats, who are undefeated this season.

Revival Begins At First Baptist

Fall revival will be conducted at First Baptist Church September 28-October 1. Sunday services will be conducted at regular times and the weekday services will begin at 7:30 p.m. There will be no daytime services. The closing emphasis will be Sunday, October 5.

Dr. Floyd C. Bradley, pastor, will be doing the preaching. He will soon complete his fourteenth year as pastor of the church. The music will be conducted by Richard Campbell, newly elected youth and music director.

Special events are planned for each day of the revival. Sunday, September 28, is Promotion Day in Sunday School and Christian Training. Beginning on Monday and continuing through Wednesday night special youth events will be presented each evening.

Monday night is special High School youth night. A contemporary youth musical group, "The Spirit of America Singers" will sing during the service. They will present a concert for all the youth following the preaching service.

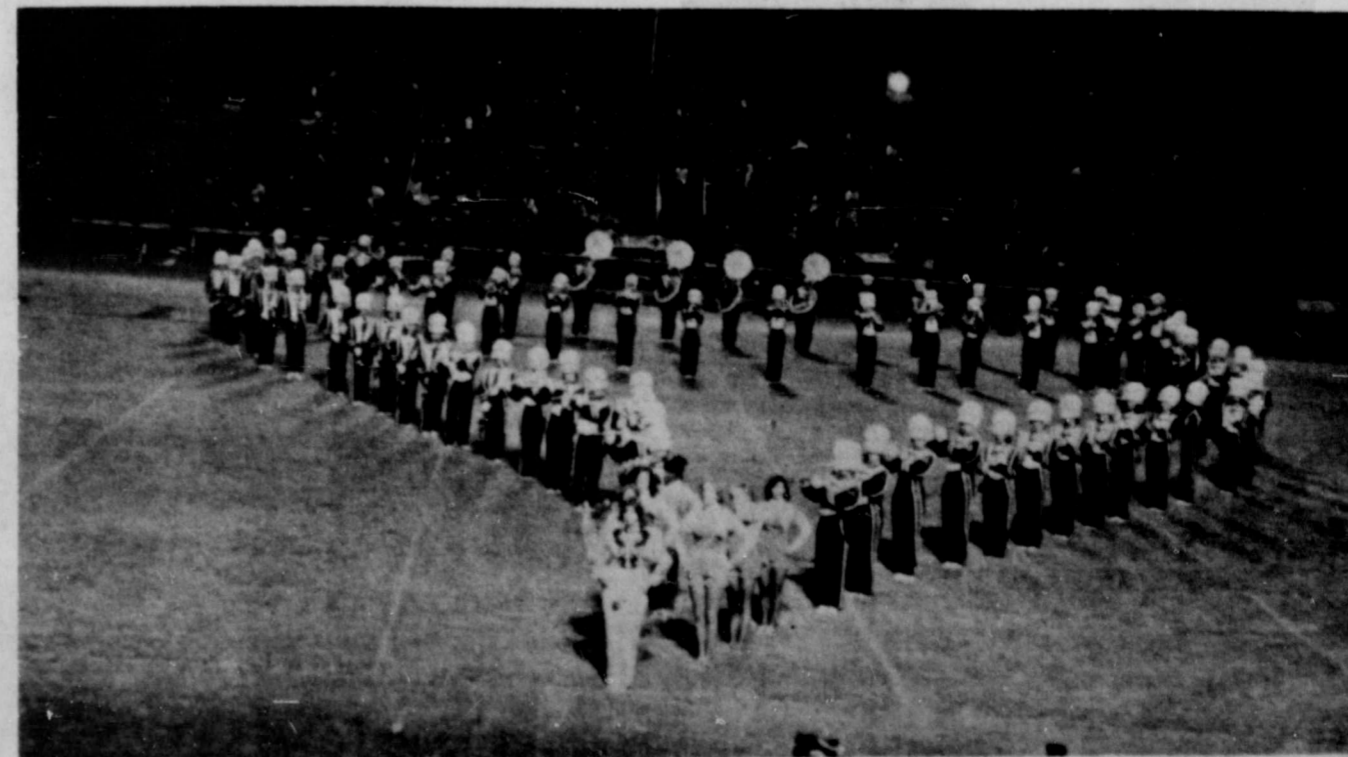

Pizza will be served to all High Schoolers at 6:30 p.m.

Tuesday night has been designated Andrews Ward student night. Hot dogs will be served to all these students at 6:30. A well recognized chalk artist and entertainer will present a program for the children and draw a picture under black lights during the worship hour.

Wednesday night is Junior High School special night. An outstanding personality is expected for this special emphasis. Hamburgers will be served at 6:30 for all Junior High students.

There will be a forty-voice adult choir each evening. In addition to special numbers from the choir, Mr. Campbell will sing at each service and others from the choir will bring special music.

The church invites the entire community to be a part of these evangelistic services. The evangelism committee of the church is especially happy to have the pastor and music director leading in this revival meeting.

WORN in The
Farmers will be in the newest ice cream "Sunflower Ice Cream". It was originated in the dairy there which is being in on the current of the new sunflower blend of sunflower North Dakota and are toasted and salt. And who knows, Texas sunflowers maybe a Texas dairy in Texas fashion.

is currently being Herber says the only charge for booth space is 10 percent of the net profit earned by the sponsoring organization.

"This can be a fun thing for the youth of Floyd county... and a money making project for the sponsoring organization" Herber added.

Herber urges everyone interested in booth space to contact Judy Beedy or the extension office in Floydada or Charlotte Brock in Lockney.

Rules and regulations... also suggestions for types of booths are available at the extension office. There will be no admission charge to the carnival.

making project for the sponsoring organization" Herber added.

YOUR CLUB NEED MONEY?

Floyd 4-H Halloween Carnival October 25

Every organization in Floyd county is invited to sponsor a booth at the first annual Floyd County 4-H Halloween Carnival in the Floyd County Fair buildings at Lockney the night of Saturday, October 25.

Assistant extension agent Steve Herber says the only charge for booth space is 10 percent of the net profit earned by the sponsoring organization.

"This can be a fun thing for the youth of Floyd county... and a money making project for the sponsoring organization" Herber added.

Don't Pay Your Taxes Too Soon!

The City office reports that the 1975 City of Floydada and Mackenzie Municipal Water Authority tax statements, which are usually in the mail before October 1st each year, have not been received from the printing company causing a delay in mailing of the statements.

They ask the cooperation of the taxpayer in not attempting to pay the tax until a statement is received.

Women Arrested For Theft Here

Wanda Faye Gill and Betty Ann Houston of Bryan, Texas, were arrested last week for theft in the Mize TV business here, according to a report from Floyd County Sheriff Bud Rainey.

A spokesman for Mize said that the two women and two men entered the store and while the men kept the sales person busy, the women carried tape recorders, cassettes and small radios (total value around \$300) outside and hid them between the Mize building and the barber shop next door north.

The items were recovered from the alley and the women were arrested at Plainview later.

Freshmen Lose To Hereford

A trip to Hereford wasn't a very happy one for the Floydada Freshmen football team Thursday afternoon as they lost to the Herd 24-12.

Floydada's touchdowns were made by quarterback Todd Vickers on an end sweep play and Ricky Luna recovered a fumble that he carried on in to paydirt.

The Freshmen play Littlefield here next Thursday afternoon.

The Junior Varsity game with Canyon was cancelled last Thursday afternoon and they play Littlefield here next Thursday.

Chamber Of Commerce Progress Report

March - September 1975

ECONOMIC DEVELOPMENT

Housing - The chamber has been instrumental in working with the Farmers Home Administration in Floydada's application for duplex housing facilities.

Progress and Industrial Growth Chamber of Commerce and Floydada Development Co. secured the location of the West Texas Regional Training Center of Texas A&M University in Floydada.

Texas First economic growth program enacted; designed to expand local businesses and industries.

AGRICULTURE

The chamber, with the Women's Division, promoted the Floyd County Farm Tour by providing assistance to the County Agricultural Agency.

RETAIL TRADE

The Retail Trade Committee organized the "Festival of Bargains" sales promotion on July 10, 11, and 12 with 34 business participants.

CIVIC IMPROVEMENTS

During the week of June 16-21, the chamber sponsored a successful "Community Improvement and Beautification" drive involving over 50 businesses, service clubs, and youth organizations in Floydada.

The chamber is working with local civic organizations in developing an overall plan for the development of the Floydada Parks System.

TOURISM

The Sports Committee sponsored a series of three baseball championship playoff games in Floydada on July 28, 29, and 31.

The Tourism Committee is preparing a new brochure and city map for visitor and tourist information.

GOVERNMENTAL AFFAIRS

YOUR Chamber of Commerce has monitored proposed governmental action at all levels to insure the interests of the South Plains agricultural and economic region are not overlooked. The following issues were proposed legislation resulting in action by the chamber:

State Saturday - Sunday Business closing law... Successful

Federal Power Commission nat. gas priority change... Successful

Proposed line abandonment by Q.A.&P Railroad... Pending

Proposed Schedule abandonment by T.N.M.&O. Bus Co.... Pending

A BETTER WAY TO SAVE

THRIFTWAY

SPECIALS GOOD SEPT. 29-30

Farmers Asked To Hold Grain Sales

action came following an announcement by the U. S. State Department on September 22 that the embargo of grain sales to Russia would be extended to other eastern European countries such as Poland.

GSPA president A. W. Anthony, Jr., of Friona, Tex., stated, "It is time for the American producers to start speaking the only language the White House apparently understands - this being a boycott." Anthony asked that all grain producers join in this effort.

It should be the decision of all farmers not to sell any more grain until the administration gives complete and unqualified assurance that the American farmer has free access to all markets including Russia for the 1975 crop or until farmers are able to sell their grain for full parity, according to the GSPA official. The current parity on grain sorghum is \$5.16 cwt. Corn parity is \$3.07 per bushel.

Anthony stated, "Producers were given assurance at planting and also at the time of the farm bill veto that we would have free access to all world markets. The current embargo on sales to Russia is a complete reversal of these assurances and farmers should react by stopping all sales of grain until these requirements are met. It is time the administration and American consumers alike be concerned about farmers' problems."

Anthony said, "It is time that American consumers see whether the labor unions or the U. S. farmers control the food supply of this country. We have 'cooled it' long enough. At present, this is our only chance of making the farmers' views known."

Pool Cotton Pays Off

Final progress payments to members of American Cotton Growers (ACG), Crosbyton Division show that the 1974-75 pool cotton crop has averaged 1205 points over the loan. The Crosbyton Division is presently making the final progress payments to members on the sale of 17,984 bales of cotton ginned there this season.

The first progress payments to ACG members last July averaged 586 points over the loan. This first payment was not made until July as a result of late ginning and low market prices. By marketing under the pool concept, members of the Board of Directors of ACG, Crosbyton Division were able to postpone the sale of pool cotton until the market price was higher.

About 1/2 of the cotton in this crop was micronaire 2.7 and below. Almost 2/3 of the cotton was micronaire 3.0 and below. In the crop as a whole, the average type of cotton was strict low middling, light spot with 15/16 to 31/32-inch staple length. The average micronaire was 2.8.

Poor weather conditions with unseasonable temperatures and hail in the early part of the growing season resulted in a rather low quality crop in this area for this year. These conditions also account for the relatively late crop.

"Our producers are well pleased with the payments they are receiving," said T. W. Stockton, president of the Board of Directors at the ACG gin in Crosbyton. We have received well above the average of what other cotton producers have received for this type of crop.

Stockton attributed the relatively high return for the low micronaire crop to the fact that the cotton was marketed through the pool system.

Although figures are sometimes misleading, these averages show that the pool concept of marketing worked well for these producers during the two years it has been used, according to C. L. Boggs, treasurer of ACG and assistant general manager of Plains Cotton Cooperative Association in Lubbock.

ACG, Crosbyton Division includes producers from the Crosbyton, Wake and McAdoo areas. In 1973, the members of the cooperative gins in these areas merged their cooperatives and committed their production to a seasonal marketing pool in attempt to get a better

average price for their cotton. This was the beginning of the marketing cooperative known as American Cotton Growers.

Conservation District Director Election October 7

The Floyd County Soil and Water Conservation District directors election for zone 2 will be held October 7 at 8:30 p.m. at the Lockney Coop Elevator located at South Plains, Texas.

All landowners who own land in zone 2, live in the county, and are 21 years of age are qualified to vote in the election. Husband and wife may both vote. The election is an open type convention, nominations for director will be made from the floor, voting will be by secret ballot. The directors nominated must also live in the county and own land in zone 2.

The boundaries of the zone are as follows: north boundary, Briscoe-Floyd county boundary line, east boundary, Floyd-Motley county boundary line, west boundary, Floyd-Silverton highway, and south boundary is country road located three miles south of South Plains, Texas extending east to the Floyd-Motley county line boundary.

Cecil Purcell is the current director for Zone 2, the director elected will serve on the board for five years assisting four other directors in carrying out a local soil, water, and plant conservation program for Floyd County. Other directors currently serving the District are: Gilbert L. Fawver, Herman R. King, R. G. Dunlap, and Gerald Lackey.

The directors of the SWCD board encourages all landowners who are qualified to vote, to please make Texas Department of Agriculture home economists advise that it is easier to cut even onion rings if the onion is sliced before peeling. Slip the peel off each slice after cutting.

Crane Hunters Need Permit

LUBBOCK - Sandhill crane hunting has been popular in West Texas since the first season in 1961, but this year sportsmen will need a permit to hunt the elusive cranes.

A federal crane permit will be required of anyone taking or attempting to take sandhill crane. This free permit can be obtained by sending a written request to the Texas Parks and Wildlife Department, John H. Reagan Bldg., Austin, Texas 78701.

Texas along with eight other states and two Canadian provinces have a sandhill crane season this fall. Much information about the population of cranes, the numbers bagged each season and survival rates are still being collected by both state and federal waterfowl biologists. The required crane permit will provide a mailing list for post-season survey to furnish additional information on the number of hunters and birds they bag during the 1975-76 season and help biologists set seasons and bag limits next year.

The sandhill crane season will open October 25, 1975 in Zone A, and area west of a line from Del Rio north along U.S. 277 to San Angelo and then along U.S. 87 north to Amarillo and north along

U.S. 287 to the Oklahoma state line. The season in Zone A will close January 25, 1976.

Zone B crane season will open November 29, 1975 and close January 25, 1976. This area is east of Zone A and west of a line from San Angelo north along U.S. 277 to Albany and north along U.S. 283 to Vernon and north to the Oklahoma state line.

Daily bag limits for both Zones will be three birds and a possession limit of six.

Shooting hours for crane are one-half hour before sunrise to sunset daily. Check these exact times in your local newspaper.

Sandhill crane hunters are not required a federal migratory waterfowl stamp but many sportsmen combine crane hunting with duck or goose hunting and this stamp will be required of all duck and goose hunters.

Firearms legal for ducks and geese are legal for crane and include shotguns smaller than 10 gauge plugged to a three-shell capacity including the chamber and magazine.

For more information about the sandhill crane season, contact your local game warden, any district or regional law enforcement office or call (806) 744-6847.

DALLAS-Variety pork cuts will be displayed on an old-fashioned meat chopping block at the Texas Pork Producers exhibit in the Texas Department of Agriculture Food and Fiber Pavilion October 3-19.

State Fair visitors can get a free chart of pork cuts and view photographs of Texas pork prepared in many different ways at the exhibit, Agriculture Commissioner John C. White said.

In addition, pork recipes will be available.

Pecans Up, Cotton Down In Crop Report

AUSTIN-According to the September crop report released recently, Texas cotton production has dropped almost 75,000 bales while pecan production is expected to increase by 20 million pounds over last year's crop. Agriculture Commissioner John C. White said.

Cotton production, estimated at 3.1 million bales, decreased because of weather and insect damage on the High and Low Plains. A yield of approximately 3,025,000 bales is expected in 1975.

This year's cotton crop still is almost 23 percent above the 2,462,000 bales ginned in 1974, which was one of the smallest crops in 30 years, White noted.

The Texas pecan crop estimate reflects an increase of 53 percent over last year's crop of only 38 million pounds.

Sweet potato production also increased from August and the crop currently is estimated at 950,000 pounds per hundred weight.

Estimates for most crops remained the same as for August. Corn remained a near-record crop at 115.5 million bushels, wheat, 131.1 million bushels, rice, almost 24.9 million pounds per hundred weight; sorghum, 394.4 million bushels; and soybeans, 9.1 million bushels.

Peach Harvest Shows Decline; Freeze Blamed

AUSTIN-Harvest of the 1975 Texas peach crop is complete and production is expected to drop to only 313,000 bushels as a result of a late freeze that hit much of the state in March, Agriculture Commissioner John C. White said.

"This compares with a harvest of 375,000 bushels last year. In good years, production usually averages between 500,000 and 700,000 bushels," White noted.

Most of this year's peaches came from the Hill Country, where peaches sized well and were of good quality.

Peaches in North Texas and the High Plains were hardest hit by the freeze.

A Weekly Report Of Agri-Business News

Farm-facts

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

About The Same... But Not For Pecans... Soybeans, Peanuts, Sorghum, Cotton Have It In Common... Family Land Heritage Oct. 14.

Texas cattle on feed as of Sept. 1 shows just about the same numbers as a month ago, the Texas Crop and Livestock Reporting Service at Austin notes.

Cattle on feed as of Sept. 1 in Texas totaled 1,337,000 head; this is one per cent above a month ago. But it is 24 per cent below a year ago.

In the seven major cattle feeding states, the number on feed as of Sept. 1 is estimated at 5,944,000 head. This is 13 per cent below a year ago, but is virtually the same as a month ago.

WHILE MOST COMMODITY reports for Texas are unchanged from a month ago, the Texas pecan prospects are bright, especially compared to a year ago. Texas pecan production for 1975 is estimated at 58 million pounds. That's 53 per cent more than a year ago.

In spite of problems of powdery mildew, shuckworms, walnut caterpillars and webworms as well as scab, most areas of the state still report the best crop set for several years. Harvest will begin soon on early-maturing varieties.

WHAT DO COTTON, sorghum, peanuts, and soybeans have in common this year? The latest crop report shows that projected yields are about the same as a month ago.

But for corn, the story is different. Corn production in the state this year will be the second best on record. Only 1920 will top the 1975 corn production for Texas. Per acre yield for the state will be similar to midwest corn production states. An average of 105 bushels per acre is now indicated for Texas.

Cotton production for the state this year is now set at 3,025,000 bales. This is up considerably from the 2,462,000 bales of a year ago. The average per acre yield this season is now set at 363 pounds; a year ago it was a puny 269 pounds per acre.

Sorghum production for this year in Texas is 394,400,000 bushels, virtually unchanged from a month ago. Last year, however, the production of sorghum in Texas was only 312,000,000 bushels. Average per acre is 58 bushels this year compared to 52 bushels per acre in 1974.

Peanut production is estimated at 474,300,000 pounds, about the same as a month ago. Last year, production of peanuts in the state totaled only 73,500,000 bushels.

Soybean production for the state is set at 9,100,000 bushels, the same as a year ago.

The next general crop report will note any changes in these and other crops; that report is due Oct. 10.

FAMILY LAND HERITAGE recognition program will be held Oct. 14 at the State Fair of Texas. The Family Land Heritage Program honors those families in Texas which have owned and farmed through their descendants the same farm continuously for 100 years or more.

A special program honoring recipients for this year is now being planned.

The program is sponsored by the Texas Department of Agriculture. Last year, more than 500 Texas families were honored.

TONYA DANIELS

A.F.S. Chapter Has Meeting

Floydada A. F. S. Chapter held its regular monthly meeting September 18, at

the Floydada High School Library. The meeting was called to order by the

Tonya Daniels, Michael Marble To Wed

Mr. and Mrs. Robert Lee Daniels of Lockney announce the engagement of their daughter Tonya to Michael Tye Marble, son of Mr. and Mrs. Fred Marble of South Plains. The couple plan an October 2 wedding in the chapel of the First United Methodist Church in Floydada.

The bride-elect is classified as a junior in Lockney High School. Marble, a Floydada High School senior, farms for Marble Brothers.

president, Mrs. Pete Hickerson. Mrs. Leonard Matsler read the minutes of the last meeting.

Plans were made for a district A. F. S. Week-end for November. It will be called A. F. S. and American Brother-Sister Meeting. The meeting will be held at the First United Methodist Church Fellowship Hall.

All clubs and organizations that want the two A.F.S. student from Brazil and Thailand to speak

Mrs. Batty III Honored With Gift Coffee

A gift coffee honoring Mrs. David Batty, III was held Saturday morning September 20, at the home of Mrs. Pete Hickerson between the hours of 10:00 and 11:00 A.M.

Mrs. Hickerson greeted guests and presented Mrs. David Batty, Jr. who in turn introduced her daughter-in-law, Claudia.

Ann Batty registered guests and Mrs. Vernie Moore served coffee and tea from a table laid with a cut-work cloth from Germany. Silver appointments with yellow mums with baby's breath in an antique green dish centered the table.

Hostess were Mmes. Kenneth Bean, Lawrence Davis, Wilson Fowler, Herman Graham, Vernie Moore, George Miller, Jimmy Tid-

well, Wendell Tooley, J. M. Willson, Jr. and Mrs. Hickerson. Hostess gift was a electric skillet, electric coffee pot and a serving piece of the bride's silver.

should contact Mrs. Emily Johnston or Helen Patterson. They will be ready to give talks after January 1, 1976. Now is the time to get your date on the schedule.

Mrs. Hickerson reported she went to Ralls September 23, to talk with them about the organization of an A.F.S. Chapter in their school. She also reported that October 9, Bernie Klein from the A. F. S. New York office will be in Floydada, and there will be open house for all interested in A. F. S. work between 6:00 and 7:00 o'clock to meet Mr. Klein at the Pete Hickerson home.

The next monthly meeting will be October 16, at 9:30 a.m. in the High School Library.

Mrs. Miller Hostess For Harmony Club

Mrs. Everette Miller was hostess to members of the Harmony Home Demonstration Club, in the club room, Monday, September 22. Mrs. Miller was also program leader and brought a demonstration on the making of macrame flower pot hangers.

Club members and four guests brought sack lunches and the hostess served tea and coffee. Work was recessed for a business session then they resumed macrame work. Later in the afternoon the hostess served spice punch and cookies.

Several pretty hangers were made and members extend their thanks to Mrs. Miller for being such an efficient teacher.

Attending the meeting in the afternoon were Mrs. Charles Reid and Mrs. Lloyd Murry. Present for the day were Mmes. Glen Curtis, Glenn Pool, Bob Hopper, Jimmy Kelly, Walter Hanna, Zant Scott, J. R. Turner, and guests, Mmes. Elmer Dean Williams, Gene Lawson, P. D. Helms and Bynum Stapleton.

Mrs. Patterson Honored With Baby Shower

Mrs. Randy Patterson was guest of honor Wednesday morning the 24th in the home of Donna Henderson. A shower was given for the new arrival, Chantal Renee Patterson. Members of Alpha Mu Delta sorority hosted the occasion.

Coffee, speed tea, and donuts were served after JoAnn received her gifts. Guests present in Mrs. Henderson's home were: Brenda Watson, Barbara Koch, Jan Nichols, Judy Warren, and Debbie Bertrand.

Rush Party Held By Alpha Mu Delta

Alpha Mu Delta sorority help their Rush party Tuesday night the 23rd. Purpose of the event is to introduce new and prospective members to the chapter. Prospective members attending the party were: Brenda Clampitt, Kaye Powell, Kay Finley, Lisa Nichols, and Vikki Allen.

Bingo and card games were enjoyed. Refreshments were served by the hostesses, Donna Henderson and Debbie Bertrand. Donna presented gifts to the winners of the card games at the end of the evening.

Members present were: Jan Nichols, Debbie Bertrand, Donna Henderson, JoAnn Patterson, Becky Pingelton, Judy Warren, and Brenda Watson.

Chamber Of Commerce Women Hosting Community Coffee

The Women's Division of the Floydada Chamber of Commerce invites all men and women to a community coffee in the First National Bank Community Room Friday, October 3. Coffee will be served

between the hours of 9:30 a.m. until 11 a.m.

The informal coffee is the Women's Division members way in saying "thanks" for everything. Be at the coffee and hear it first hand.

Community Shower Today For Vietnamese Family

The community is reminded of the gift shower this afternoon, Sunday, September 28th, between the hours of 2 and 4 o'clock in the First Methodist Church in Floydada, for the Vietnamese family. Mr. and Mrs. Du Quang Tran and children, and Sam Tu, who is making

his home with Mr. and Mrs. Ian Moore in Floydada. The Tran family resides on the A. E. Schwertner home at Sandhill.

Gifts in the way of clothing and housekeeping items, sewing needs, notions and school supplies are needed by the family.

Lockney Methodist Circles Meet

The Wesley Circle from the Lockney First United Methodist Church met Monday evening in the home of Joy Daniel. Prayer by Eleanor Schacht. Mrs. Schacht gave the program on the book of Jonah in a one-act play with the other members of the Circle assisting. It was a very interesting program and was enjoyed by all.

Refreshments were served to Edna Cox, Eleanor Schacht, Opal Blount, Lena Hawkins, Faye Holmes, Hazel Johnson and Mary Ida Rose.

The Ruth Circle from the First United Methodist Church met in the home of Mable Perkins. The meeting was called to order by Lillian Cooper. Prayer was by Lois

Bybee. The program was given by Laverne Sams-The Lord Is My Shepherd by Allen. It was very interesting and enjoyed by all.

Closing prayer was by Josie Taylor. Refreshments were served to Lillian Cooper, Laverne Sams, Josie Taylor, Lois Bybee, Ethel Knox, Bernice Barker, Alma McDonald and Mary Ida Rose.

Lockney Care Center Capers

By Linda Cumbie

Hi! Here it is the end of another week and almost another month. My, how time has a way of slipping right on by. Have had a busy week here at the center but have enjoyed every minute of it though.

Friday morning, Mr. Freeman came by and took Mr. Word and Mr. Burke over to the hospital in the bus to visit with Mrs. Burke and Mr. Fritzell. They had a nice visit.

Friday afternoon, we gave Shirley Stansell a "surprise" going away party. She received a set of lovely sheets from the residents and staff. Everyone was served cookies, mints and punch. Everyone had a great time. We will all miss Shirley very much. She decided she would like to be a mother, housewife and grandmother for awhile. Come see us anytime, Shirley.

We would like to welcome to our staff, Virginia Owens as our new Director of Nurses. She is an RN. Is great to have you with us, Virginia.

Also, we would like to welcome Glenda McCullar to our staff. We will be seeing a lot of her in the kitchen, as she is a new cook. Welcome Glenda.

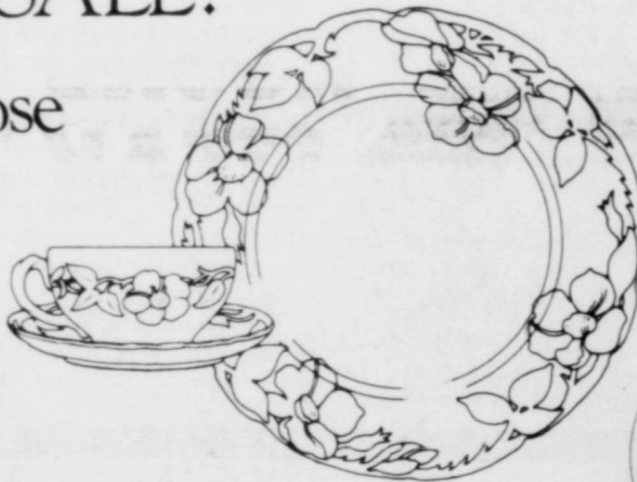

We would like to say congratulations to Twyla upon her recent marriage. Many happy returns.

We were all saddened this morning by the death of one of our fine residents, Mrs. Arbella Lavasser. We will all miss her very much. May God give her family the strength to bear onward.

We welcome one new resident this week. She is Mrs. Molly C. Isom. We are very glad to have her with us. Hope she will make herself right at home with

NURSES... Virginia Owens, R.N., director of nurses at Lockney Care Center, replaced Maria Arellano in the position September 1. Mrs. Owens is a graduate of St. Thomas School of Nursing in Oklahoma City. Her husband, Mr. Owens, is office manager at ACCO. The couple have lived at Aiken 13. They have one son, Keith, age 9, a student at Lockney Elementary School. Mrs. Owens is a member of Athena Junior Women's Division Chamber of Commerce and the local American Field Service. She is also a member of the local First Baptist Church. Her hobby is painting. (Staff Photo)

ACTIVITY DIRECTOR... Linda Cumbie, activity director at Lockney Care Center, replaced Maria Arellano in the position September 1. Mrs. Cumbie had been a nurse's aid at the care center for about eight months before assuming the activity director's position. Mrs. Cumbie is from Amarillo, and graduated from Palo Duro High School there. She completed a nurse's aide course at Northwest Texas Hospital. Her husband, Rayford Cumbie, farms east of Lockney. The activity director works with care center residents with crafts and games, including bingo. (Staff Photo)

Director, Consumer Relations Dept.
Texize Chemicals Co.

CUT CLEANING TIME

What's your favorite sport? If house cleaning isn't your answer, keep these basic ideas in mind to help you get through it faster:

- * Concentrate on doing one job at a time. Set aside one morning for doing the laundry, another for vacuuming and floor washing, a third for dusting and "smudge" work.
- * Certain spray cleaning aids—store floor cleaners with mops, furniture dust and polish aids with feather dust-

cleaner and clean cloth in hand.
* Organize your cleaning aids—store floor cleaners with mops, furniture dust and polish aids with feather dust-

ers and polishing cloth, etc. Keep duplicate sets on each floor of your home, or carry them conveniently in a caddy.
* Large jobs, like major room overhauls, should be done individually. Plan to do just one or two rooms a day, so you can give them a careful, thorough cleaning.
* Practice the reward system. When the job's done, enjoy yourself...lunch with friends, spend the afternoon reading a good book, or just put your feet up and relax!

Disarming Travelers Is a Full-Time Job

In a single three-month period last year—July through September—28,616 weapons were confiscated from domestic airline travelers, according to the Federal Aviation Administration.

Blurred Revelations

Opinion polls invariably get fewer questions answered than they leave unanswered. Take one done recently on religion of Americans, for instance.

One question was aimed at determining how religious people think themselves to be — "very," "fairly," or "not at all religious." Respondents were broken down into more than 30 categories based on sex, race, education, region, age, income, religion, community size and marital status.

Across the nation, 26 per cent said they were "very religious." Another 11 per cent said "not at all," and 63 per cent answered "fairly religious."

This leads you to wonder if people want to be good but not too good.

Those who said they were fairly religious probably meant they were when the mood was on them or when it comes handy or doesn't interfere with something else.

Other interesting responses were raised to the question "How often do you feel that you follow your religious beliefs and take concrete action on behalf of others?"

Of the churchgoers, 58 per cent answered "almost always."

Of those who don't go to church, 32 per cent said "almost always."

This might indicate that there is something good about just going to church because it might rub off on you.

The poll shows that among younger people, under 30 years of age, less than half said they felt they followed religious beliefs in their actions.

But the poll did show that Americans, churchgoers and non-churchgoers alike, seem to hold religious values and most of them like to think of themselves as putting those values into practice most of the time.

Perhaps, though, the only thing you can really conclude is that this was another interesting opinion poll that left a lot of questions unanswered.

The American turkey got its name from being confused with European Guinea fowl which at one time were imported from Turkey.

Look Who's Here

Nelda Malissa Enriquez was born to Mr. and Mrs. Oscar Enriquez at 1:29 p.m. Friday in Caprock Hospital. Nelda weighed seven pounds, ten ounces. Grandparents are Mr. and Mrs. Chris Enriquez and Mr. and Mrs. Louis Vasquez, all of Floydada. Mother and baby are doing fine.

FLOYD DATA

W. E. Lackey of Cedar Hill suffered a stroke Friday night and was taken by Randall King Ambulance to the Plainview Hospital. His condition was reported "stable" Saturday morning.

SAVE GAS - SHOP IN FLOYD COUNTY

PGA WINNER—Richard Hale, center, accepts a \$600 check and trophy for winning the annual championship of the West Texas chapter of the PGA. The three-day tourney concluded Friday at Hillcrest Country Club. At left is Carter Ham, tournament host, while Dugger of Brownfield, seen right, is a member of the Texas PGA chapter. (Staff Photo)

Hale Captures PGA Title

Richard Hale slammed in a 70-foot birdie putt on the final hole, insuring him a win in the annual championship of the West Texas chapter of the PGA that concluded Friday at Hillcrest Country Club.

Hale, pro at the Floydada Country Club, ended the 54-hole tourney with a two-over-par 218, three strokes better than his nearest three competitors. The Floydada resident recorded birdies on 13 and 18, while suffering bogeys at 11 and 14 for a final-round mark of even-par 72. For his three-day effort, Hale won \$600. A total of \$7,000 in prize money was up for grabs.

FINAL STANDINGS: 218—Richard Hale; 221—Sonny Davis; Dave Hand, S. A. Smith; 223—Courtney White, George Clark; 224—Jake Bechtold; Larry McNeely; 226—Bill Keys, Mike

EIGHTH GRADE BREEZERS are pictured as they defeated Olton here last Tuesday. In top photo Henry Gonzales makes good gain on a left end run with Jr. Arredondo leading the way. In lower photo Junior takes off on a long run. In background is Breezer Todd Williams. (Staff Photo)

VETERAN'S ADMINISTRATION

The Veterans Administration is one of the U. S. Postal Service's best customers, emphasizing the importance for beneficiaries of VA benefits to keep the agency informed of their correct

addresses. Each month the VA mails out 7.3 million checks to veterans and their dependents for compensation, pension, and education benefits. Another 4.7 million veterans who hold GI life insurance policies receive 12 million pieces of VA correspondence periodically throughout the year.

How Not To Raise 'Em

The following news story from Dallas needs little comment. It is a revealing indictment of a permissive society and throws some light on what is wrong with this country today:

"There was a time when rebellious youths received extra chores around the house interspersed with a few whacks out behind the wood shed.

But there is a growing tendency here to provide the rebel with his or her own apartment, car and allowance.

In return for this unusual paternalism, mom and pop receive a promise from the teenager to finish high school.

Many parents experimenting with this new form of "control" feel it is their only alternative to having runaway children.

"From about the time my daughter Nancy was 13, it was just impossible to live in the same house with her. Our children are very worldly. She was also unbearable. She'd been everywhere so she thought she knew everything. It got so I couldn't stand coming home at night."

This is a confession of a prominent Dallas lawyer who with his wife decided to set up their daughter in a \$160 a month apartment along with a car and an allowance.

In return they received a promise that Nancy would finish high school and check in with them once a week.

According to social worker Mary Daniels, such arrangements are now getting to be the chic thing to do. The parents promise them anything if they finish school and stay out of their hair.

Mark, a suburban high school senior, has been living on his own since he was 15.

"I was miserable at home. My father never stopped screaming at me. When my father told me to leave I think we were both relieved," Mark said.

The boy works, does as he pleases and attends school regularly, visiting his parents occasionally for dinner.

But Mark says he'd rather have a normal home. "I wish I did. I'd certainly prefer it. But the fact is, I don't."

One teacher at Hillcrest High School said there are 50 to 60 pupils who live in their own apartments.

But Miss Daniels said in some cases free apartments and the freedom of adults just isn't enough for youngsters.

One mother told her that her daughter "screams at us because we don't send the maid to clean her apartment." (Perryton Herald)

Free Health Fair October 4

A highly unique opportunity for people of the High Plains to avail themselves of valuable—perhaps even life-saving information and services—will be afforded through the Health Fair to be conducted at the Hale County Agriculture Center on Saturday, October 4, from 10:00 a.m. to 8 p.m.

Sponsored by the Texas Agricultural Extension Service and the Plainview-Hale County Health Department, the fair will be trying to reach people of all ages regardless of race or socio-economic background to provide them with health information at no cost whatsoever.

Some 29 different agencies will be represented and 45 booths will be in operation. Ten of them provide actual tests for health problems, states Mrs. Wynon Mayes, County Extension Agent.

The tests include those for vision, hearing, hypertension, tuberculosis, blood type, pulmonary functions, diabetes, iron level in the blood, height, weight, and dental. Persons attending the one day session may

take advantage of any one, or all, of these free tests. The Texas Tech med students will be operating a film festival continuously during the day with a total of 12 films, approximately 15 minutes in length being shown. A schedule will be posted showing the time and name of each film for the convenience of Health Fair visitors.

Cooperating agencies that will have a booth using their own personnel and literature include: Commission for the Blind, Dairy Council, Cancer, Fire Department, Lions Clubs, Nichols Hospital, Red Cross, Regional Occupational Center, Vocational Rehabilitation, Texas Nursing Home Association, Central Plains Hospital, Mental Health-Mental Retardation Center, South Plains Health Provider, Inc., Arthritis, Medical Society, West Texas Lung Association, West Texas Home Health Agency, Child Welfare Department, RSVP, Plainview-Hale County Health Department and the Extension Service.

The Home Demonstration Clubs will have a foods booth as their money making project serving hamburgers, hot dogs, and homemade pies.

Volunteers from the Chamber of Commerce Women's Division, Kiwanis, Key Club, 4-H and Candy Strippers will be assisting at the fair. Bilingual persons will be available if needed.

This is a great opportunity to avail yourself of up to date health information and free diagnostic tests, states Mrs. Mayes.

Thirty Years Of VA

Service Summarized

The massive manpower needs of World War II resulted in more than twice as many men being in uniform at one time than had served during the previous 170 years of American history.

Even after the huge call-ups for the conflicts in Korea and Vietnam, those who served during World War II still constitute well over a third of the 44.5 million Americans who have borne arms at any time since the first action by the Minutemen.

Living World War II veterans are 30 percent of that total.

The way World War II has overshadowed all other wars can be shown in the magnitude of the tragedy it brought to America, as well as in the number of participants. Major battles were fought on three continents and in oceans around the world, and American battle deaths were nearly 2½ times the combined totals of those in World War I, Korea and Vietnam, which were narrowly restricted geographically by comparison.

World War II veterans were the first to benefit from training and housing programs to make readjustment to civilian life easier and to help veterans

establish careers and start family life.

These programs have since been made available to Korean Conflict and Vietnam war veterans.

Slightly more than 50 percent of the 15,440,000 eligible World War II veterans used the right to GI Bill training, with 2,300,000 enrolling in college. All GI Bill training for World War II service ended in 1956.

GI home loans worth more than \$45.4 billion have helped 5.7 million World War II veterans solve their housing needs. This benefit is still available to those who served in World War II, as well as later conflicts.

Some 3.6 million men and women of World War II and the period immediately following still carry life insurance policies issued while they were in service. Face value of the policies is worth more than \$34 billion.

VA estimates that services and payments to World War II Veterans have cost more than \$113 billion. This is twice the cost of help for veterans of World War I, a conflict that has been over for 57 years and is the second costliest war in terms of Veteran benefits.

The World War II figure is 47 per cent of the total that has been spent by VA and predecessor agencies for veterans programs since the Nation was founded.

That figure is now approximately \$240 billion. The VA expenditures this year will push the total well past the quarter of a trillion dollar mark before the Bicentennial is reached next summer.

Administrator of Veterans Affairs Richard L. Roudebush has cited this fact several times in recent speeches to national veterans' conventions and has noted that VA will probably be called on to spend as much during the next 12 to 15 years as was spent during the first 200.

He points out that VA's budget is now at the \$18 billion a year level and that the number of living veterans is the largest in history.

The large number of World War II veterans will be needing more and more

Roy Alexander will present a workshop in the method beginning October 2 at the First National Bank of Floydada Community Room.

A parent may learn the "I message — active listening" technique of expressing his problem and then "actively listening" to the child's response. From this dialogue, a solution may arise, often from the child himself.

If you are interested in attending this class, please contact Sandy Taylor (983-2584) at the Family Service Center.

FLOYD DATA

Sam Fowler is due home by the weekend after a ten day stay in Methodist for treatment of a heart attack.

Some 35 per cent of the nation's capacity for treatment by hemodialysis is provided by the Veterans Administration health-care system.

Post Steer Roping, Art Will Benefit Homeless

POST—The OS Ranch Steer Roping and Art Exhibit on the historic OS Ranch southeast of here Saturday and Sunday, Oct. 4-5, will be the biggest ever.

A field of 33 of the nation's top steer ropers will compete for a \$15,000 jackpot Sunday afternoon, including Roy Thompson of Tulsa, 1975 world steer roping champ and eight others in the 20 top finishers in steer roping prize winnings this year.

Forty of the nation's best cowboy and western artists will exhibit paintings, drawings and sculpture in the renovated ranch house near the roping arena. Last year \$95,000 worth of art was sold.

Arena events scheduled

medical and financial help as they grow older, he says, as will the nearly five million Korean Conflict veterans who are only a few years younger.

Readjustment help for the 7.5 million Vietnam era veterans will continue for a few more years and service will continue for the nearly one million World War II veterans still surviving.

Roudebush says that those who call veterans' benefits a part of the cost of war are seeing only part of the picture.

"The cost of helping veterans is also part of the cost of having a free, fair and decent society, one that recognizes the contributions of its citizens and assists them when they have sacrificed for the common good," according to Roudebush.

VA projects that there will still be 4,362,000 World

Raising Kids Without Screaming

For otherwise reasonable parents who occasionally find themselves in the middle of a frothing rage in their own living room, there is some good news today:

"No matter how many experts have told them to be consistent, they will not be consistent."

Child-rearing veterans should know that there they have been told a solid truth. The best of good of Moms and good of Dads do sometimes turn into snarling tyrants — or they smother their familial resentments within themselves, which may be just as corrosive.

What they are doing is playing the so-called "win-lose" game in which they take an authoritarian stance and impose their wills on all lesser persons in the household, or they take the permissive route whereby

children become the tyrants (sometimes called "little monsters").

In either case there is a flow of resentment, from child toward parent in the first instance, and from parent to child in the second.

Certified teachers of an "effectiveness training" program designed by a clinical psychologist, Dr. Thomas Gordon, the Lawsons herald a way out of this trap. What it amounts to is a human relations technique of mutually arriving at solutions to individual problems.

It is a program, they said in a psychiatry department "grand rounds" lecture at the Indiana University Center, that can be applied to families, schools, businesses, government departments — in virtually any situation in which power is to be operated without trampling individual feelings.

Recalling how he came to devise the system while practicing as a clinical psychologist in child therapy, Dr. Gordon wrote: "Most parents preferred to drop the child off at my office, hoping that I would fix him up and return him back home repaired or remodeled, much like they would drop of their ailing car at the local garage."

"Over the years, as these parents initially described what was going on in the home, I began to hear common themes... almost every parent seemed strangely similar to all the others I had seen... all had confusions about parental authority and all talked with their children in destructive ways...

"I remember thinking that as long as I was dealing with the same issues with all these parents, why not save their time and money by working with groups of parents instead of seeing parents individually."

The result was Parent Effectiveness Training, a system that would be taught by trained professionals.

At the Mental Health Center Roy Alexander said he "could have screened out 80 percent who don't need conventional psychotherapy." What was needed, in the words of Dr. Gordon, was some "education about human relationships."

To get it, parents, both couples and singles, can be organized into groups no larger than 30 and, for a tuition charge, retain an instructor who will conduct weekly three-hour classes for eight consecutive weeks. Classes consist of lectures, demonstrations, tape-recordings, classroom participation experiences, role-playing, buzz sessions and general group discussions.

Jim Upton Phillips Petroleum Recruiter

WTSU—Former West Texas State University student Jim Upton of South Plains returned to campus recently to recruit WTSU graduates for Phillips Petroleum Company.
 He left WT five years ago to begin his work with Phillips as an analyst-programmer. The oil company's policy is to send employees who are graduates of the university where they are seeking to recruit students trained in such areas as computer information systems, accounting, chemistry,

mathematics and geology. Upton is currently working at Phillips in "the business applications part of programming, and the design of new business-type systems."
 "I talk to the customer departments about their needs, such as a new reporting system, and then design the computer application that will give them what they want," he said. "And then we maintain these systems."
 He felt that his "WT training prepared me for

this type of work, and gave me a good basic knowledge of programming languages. "At West Texas State, you find a pretty good quality student" Upton observed, along with that "most of the ones I talked to last year had contributed in some way to their educational expenses by working."
 "I like to see someone who has made his own way," he continued, "though I don't want to say in any way that someone who has not worked would be ruled out of consideration."

"West Texas State students seem to be getting a pretty good working knowledge of their field here, and learn the basics of their trade," he noted. "They seem to be getting a pretty well-rounded education."
 Upton, who now resides at 333 SE Wilshire in Bartles-

ville, Oklahoma, is the son of Mr. and Mrs. Raymond Upton of South Plains.

INSUR-MATION

DAVID B. CATES
 Floyd County Farm Bureau
 Floydada, Texas
 Is there an accepted formula for much life insurance I should carry?
 There are several... one of which was distribution of Insurance Marketing: An individual from 3 to 5 times his annual income in should pay premiums of 5% to 15% of his income enough flexibility to suit everyone. Once, was asked how long his legs were, he was enough to reach the ground." One should insurance to provide a basic financial foundation in the event of premature death and his past retirement.

FLOYD DATA

World War II Vets 46% Of Vet Population

Thirty years after the end of World War II—and despite two wars since that time—men and women of that granddaddy of all armed conflicts still comprise 46 per cent of America's veteran population of 29.5 million.

World War II came to an end September 2, 1945, when the formal surrender was signed aboard the USS Missouri, 2 1/2 weeks after hostilities had ceased.

Veterans Administration records show 13,586,000 veterans are still alive out of the 16,535,000 who saw service at some time between September 16, 1940, and July 25, 1947, the period on which eligibility for most World War II benefits is based. More than 506,000 died while still in uniform, between September 16, 1940, and July 25, 1947, the period on which eligibility for most World War II benefits is based. More than 506,000 died while still in uniform.

More than 3,230,000 World War II veterans receive help from VA for disabilities, 58 percent of all veterans to whom VA makes disability payments. Of this number, 1,306,000 have disabilities resulting from military service.

FLOYD DATA

Mrs. Ralph Rucker is due home Monday night from a three weeks visit in Winwick, England with her four sisters and their families. While there the Rucker's daughter and family, Captain and Mrs. James Woodall and children, who are stationed at Ramstein Air Force Base, joined Mrs. Rucker and her relatives at Winwick.

The Woodalls drove from Germany, through Belgium, then by ferry where they spent the night with friends, before they continued on by car to Winwick. The group enjoyed a week of sightseeing while the Woodalls were in England visiting South Port and Black Pool, both seaside resorts.

Captain Woodall and his family are on a three year tour of duty in Germany.

This was Mrs. Rucker's first trip back to her native land in several years.

FLOYD DATA

Mrs. V. D. Turner returned home Thursday night from Dallas in company with her sister and husband, Mr. and Mrs. Virgil Boyd. Mrs. Turner had been in Dallas visiting the Boyds, and in Oklahoma, at Mustang, Agra and Norman, visiting a brother, a sister and her son and their families.

FLOYD DATA

Mr. and Mrs. L. B. Stewart, Jr., spent the weekend at Round Rock visiting their daughter and family, Mr. and Mrs. Ronnie Williamson and son.
