

Lobos Edge 'Winds 23-21

Gary Cox scored two touchdowns and halfback Lorenzo Childers' 22-yard touchdown run highlighted the drive. The points after were successful, and Levelland led 7-0.

However, the Whirlwinds came right back and tied the score at 7 a piece on Minnett's 43-yard run with 7:06 left in the first quarter. Minnett also tallied the PAT.

Later in the period, Kelvin Ratliff increased the lead, as he scampered 18 yards for a score. Minnett added the point after, and Floydada led 14-7.

SECOND QUARTER

Levelland had an opportunity to tie the score in the second period, when Gary Cox scored on a two-yard run. The extra point failed, however, and the Whirlwinds went into the locker room at halftime, still holding on to a 1 point lead.

HALFTIME

The Floydada Whirlwind marching band and the twirlers did a fine job of

entertaining the crowd at halftime, as they displayed an excellent performance.

THIRD QUARTER

Levelland's 32-yard field goal proved to be the only scoring in the third stanza, although Floydada had a penetration with 3:46 remaining. The drive stalled on the Lobos' three-yard line, as the Whirlwinds were unable to push it across in four downs.

FOURTH QUARTER

Cox scored on a 54-yard gallop with 7:02 remaining to give the Lobos a 23-14 lead.

The Whirlwinds, however, almost came back, in the late stages of the contest, as Jay Womack unhooked a 31-yard scoring pass to Donzell Minner. Minnett added the point after, and with 3:46 to play, the Winds had cut the lead to 23-21.

The Lobos took the ensuing kickoff, and controlled the ball on the ground to run out the clock.

The first downs were even, as each team racked up 12. Floydada rushed for 366 yards, and scored two touchdowns on the ground. Ratliff and Minnett led the Winds in rushing.

Next week, the Whirlwinds will host Lockney in the first district battle for both teams.

Public Meeting Slated Oct. 23

A public meeting for the purpose of nominating at least 15 Floyd County people whose names will be submitted for a representative to serve on the Governing Body of South Plains Health Systems, Inc., will be held Thursday night, October 23 at 7:30 in the county court room in Floydada.

All persons concerned and interested in the health problems of this area or those who wish to express their views in this matter, are urged to attend.

Mayors of both Lockney and Floydada, as well as the county judge and a representative from SPAG in Lubbock, will be present for the meeting.

MEXICAN FOOD SUPPER AT HARMONY THURSDAY

There will be Mexican food supper at 8 p.m. Thursday (October 18) in the Harmony Community Center. Residents of the community are invited to come and bring their favorite Mexican food dishes. Hosts for the event will be Mr. and Mrs. Elmer Dean Williams, Mr. and Mrs. Carl Bailey, and Mrs. Mather Carr.

Ernest Garcia Jr. Charged With Murders At Cone

Ernest Garcia Jr., of Odessa was apprehended Friday afternoon in Odessa and charged with the murder of Juan and Carlos Mendoza of Ralls, and aggravated assault of two others.

Floyd County Sheriff Bud Rainey, said he received the call from Odessa officials Friday afternoon that Garcia

had been apprehended. Bond was set at \$25,000 on each of the murder charges and \$5,000 bond for the aggravated assault charge.

Floyd County officials went to Odessa Saturday and returned Garcia to Floydada where he will await trial.

Program Yields 17 Job Pledges

Seven Floydada businesses have pledged to hire at least 17 new employees as a result of the job creation/business expansion program of the Chamber of Commerce.

These pledges are part of a statewide program entitled TEXAS FIRST to make Texas first in economic development. The program was started in May by Governor Dolph Briscoe with the goals of boosting the economy throughout the state.

Businesses participating in the program are Case Power & Equipment, City Auto, Babe's Service Center, Collins Implement Co., Reed Ford Sales, Oden Chevy/Olds, and McDonald Implement Co. Most of these Floydada businesses have need for persons with special mechanic skills. All companies participating in the program will be contacted by the Texas Industrial Commission so that each employer's particular needs can be

identified. Job positions in Floydada will then be listed with every office of the Texas Employment Commission in the state.

On the local level, the Chamber will serve as coordinator between the participating businesses and the five state agencies assisting with the program. The Chamber will aid in locating persons in Floyd County who have the skills to meet the employer's needs, and will assist in locating persons who would like to receive training for these jobs.

The Chamber of Commerce would like to point out that 80 percent of all industrial and economic growth results from the growth and expansion of existing businesses and industry. By locating persons to fill the positions available and helping with business expansion problems, this program will strengthen the economic well-being of Floyd County.

SPECIAL INTEREST GROUPS RECEIVE SPECIAL TAX BENEFITS

There are some questions as to the benefits that the average individual will receive from the proposed constitution, especially as to PROPOSITION 5, (Article 8) because of the advantageous treatment for tax purposes given to special interest groups. For instance, Article 8, Section 3 provides that the legislature "shall establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production." This same provision has been refused by the voters of Texas several times during recent years, and here it is again in the proposed constitution. This is just one of the many examples of a special interest group being given advantageous treatment for tax purposes under the new constitution.

MONDAY IS COLUMBUS DAY

WTSU--AFTER BEGINNING the year early, the 104 freshman members of the West Texas State University Marching Band have settled into band camp. Freshmen began rehearsals one week before school and the members started, according to Dr. Gary Garner, WTSU professor and band director. Band members are currently involved in marching half-time shows at Buffalo home football games. Parents will attend Parent's Day, October 4, at WTSU to get acquainted with other band members. Freshmen participated in a freshman marching band skit in which the members sang their individual high notes for the upperclass members of the band. Freshman band members from Floydada are: Dana Woody, daughter of Mr. and Mrs. Harold Woody; Lou Ann Watson, daughter of Mr. and Mrs. Olin Watson, Jr.; Missouri; and Cindy Galloway, daughter of Mr. and Mrs. Ben Galloway Lee.

What One Person Can Do

When Jim Donovan graduated from Harvard Law School, he was obviously a man of forceful direction. No class prophecy could have guessed, however, just how forceful he would be or in what directions he would go. During his service in the U. S. Navy, he was associate prosecutor at the Nuremberg trials. Sixteen years of quiet, successful law practice followed. Then, on August 19, 1957, he was appointed defense counsel for Colonel Rudolf I. Abel, Soviet master spy. He could have refused. But he said "yes" to that challenge, "yes" to all the criticism, misunderstanding and even

danger which accompanied it and the challenging roles which followed. Why? "If the free world is not faithful to its own moral code," said Doctor Donovan, "there remains no society for which others may hunger." In 1962, James Donovan interrupted a race for the Senate to negotiate with Fidel Castro for the release of "Bay of Pigs" survivors and their families. Through his efforts, 9,700 persons left Cuba for the U.S. In 1963, Doctor Donovan tackled a new job - the presidency of the New York Board of Education. Surrounded by a storm of civil rights controversy, he held a steady course of commitment to good education. He did the same in 1968 and 1969 as President of Pratt Institute, a campus torn by racial and antiwar protest. James Donovan, who died in 1970, once said in a lecture

entitled, "The Privilege of Advocating Unpopular Causes," that "few of us are Thomas Mores." But like that famous lawyer of sixteenth century England, he himself was a man who would have risked the Tower for what he believed in. He was quite capable of being "The King's good servant - but God's first." For a free copy of "Good Government? It's Up To You," send a stamped, self-addressed envelope to The Christophers, 12 E. 48th St., New York, NY 10017.

Completes Unique Environment

The Texas Army Guard has just completed a unique year-long environment effort aimed at assessing basic pollution threats to Texas lakes. The project was undertaken jointly by the Texas Guard, the U. S. Environmental Protection Agency (EPA), and the Field Operations Division, Texas Water Quality Board. It is part of a statewide sampling of 256 tributary sites to assess the potential for water damage by eutrophication to 39 Texas lakes. Eutrophication occurs when nutrient enrichment, principally phosphates and nitrates, stimulates algae scums and causes shadows to be choked with masses of rooted plants. As a direct result of the high production of aquatic plants, the value of a lake as a water resource is greatly impaired. Rates of payment are based generally on hours of attendance of costs of courses.

INSUR-MATION

DAVID B. CATES
Floyd County Farm Bureau
Floydada, Texas

Can life insurance compare favorably with a savings account as far as the return on investment is concerned?

Certainly. The unknown which you don't mention and maybe haven't thought of is time. For example, \$100 a month invested in a savings account for 120 months equals \$1,200 plus interest. At today's rate of interest this could very well amount to \$20,000 to \$25,000. This is great... if you have the time. Conversely, assuming a male, age 35, a company could write a whole-life insurance policy for around \$40.00 a month. If the insured dies at the end of 12 months, the total investment would be approximately \$480.00 and the company pays the total \$25,000.

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

- Q - What does VA provide the spinal cord-injured veteran who wants to drive?
A - A veteran whose disabling injury is service-connected is eligible for a one-time grant of up to \$3,300 toward purchase of an automobile; installation, maintenance, and replacement of adaptive equipment; training in operating vehicle on which adaptive equipment has been installed.
- Q - Does the receipt of unemployment compensation have any effect upon a veteran's educational allowance?
A - Income is not

- Q - I am a retired school teacher interested in finding some way to help veterans.
A - You could be of valuable assistance as a volunteer in a Veterans Administration hospital. Call the one nearest your home and talk to the person in charge of voluntary Service.

To whip nonfat dry milk, beat equal amounts of the powder and ice water into stiff peaks.
Keep your piano free from dampness, away from steam pipes or stoves, and out of drafts.

This weekend, call any other state* and talk five minutes for 86¢ or less... usually less!

*Except Alaska and Hawaii

Our weekend One-Plus rates are so low that you can talk awhile and still spend less than a dollar. For instance, a five-minute coast-to-coast Long Distance call dialed direct all Saturday and Sunday until 5 p.m. is only 86¢. An out-of-state call spanning fewer miles costs even less. If you can't wait till the weekend these same low rates are in effect every night from 11 p.m. to 8 a.m.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.
Southwestern Bell

For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, coin, hotel-guest, credit card or collect calls, or calls charged to another number.

Emmett Kelly Jr. for Southwestern Bell

GOOD PSYCHOLOGY

Clothes, it seems, can make the woman; many experts say confidence can come from being well and comfortably dressed. You can breeze through sticky situations in a dress like this of comfort-gear Natural Blend (60 percent cotton, 40 percent wool) so you stay cool and calm knowing it's easy to clean and will keep its crisp good looks a long time. This A-line from Les Wilk in fabric from Auburn Mills can be worn almost anywhere, all year long, with confidence and poise.

Society

Of America Is

For Study Club

Builders of the 1804 Study Club presented for Tuesday night the William Phines family history.

Mrs. W. O. Phines, who presided over the meeting, opened the business session by reading the minutes of the previous meeting. Mrs. W. O. Phines, who presided over the meeting, opened the business session by reading the minutes of the previous meeting.

Mrs. Phines' father returned home he was astonished at what was going on but when he was shown how much money Phines had made, and was assured that Phines had not cheated anyone, his father commented, "I always knew you had smartsness in you."

Mrs. Lonnie Hinsley gave the part on Thomas Jefferson, "Life, Liberty and the Pursuit of Happiness". Thomas Jefferson emphasized these as rights of all human beings. Often called a man of ideas, he was also an active horseman, a powerful swimmer, and an inventor of handy gadgets, ranging from revolving filing desks to dumbwaiters. His lasting fame, however, springs from his writing of the Declaration of Independence in 1776; his purchase of the Louisiana Territory in 1803 while he was president; and his founding of the University of Virginia in 1819.

The part of "Young Ike" was told by Mrs. Vernon Parker. The Eisenhowers lived in the old family homestead at the edge of Abilene, Kansas. Father Eisenhower was an engineer at a creamery. Mother Eisenhower liked living there because she had plenty of room for her six boys to grow, and enough space to grow her vegetable garden.

Mrs. Parker said in her research of the Eisenhower family it was told one day Ike was home alone and accidentally killed a chicken. Not knowing what to do with it, he decided to clean and cook it. He ate the entire chicken and buried the bones before the family returned home.

Ike was in the graduating class of 1931 and was considered the best history and math student in his class. The class prophecy predicted that Ike would be a great man.

Following the program refreshments of coffee cake and grapes were served to Mmes. Bob Alldredge, Allen Bingham, Wilson Bond, Dennis Dempsey, R.G. Dunlap, Garland Foster, J. S. Hale Jr., Lonnie Hinsley, Thelma Hoffman, Floyd Lawson, J. P. Moss, W. O. Newberry, Vernon Parker, John Reue, George Springer, Fred Stewart, L. B. Stewart Jr., O. M. Watson Jr., J. M. Willson Jr., and A. L. Wylie Jr.

Mrs. Phines' father returned home he was astonished at what was going on but when he was shown how much money Phines had made, and was assured that Phines had not cheated anyone, his father commented, "I always knew you had smartsness in you."

garden. Ike's favorite sports were baseball and football and he spent many hours reading history. There was a piano in the parlor and the family formed the habit of singing together after the evening meal. The boys helped with household duties and cooking. Every six weeks Ike had to get up at 5:30, build the kitchen fire and put mush on for breakfast. He liked to cook and often spent Sunday afternoons in the kitchen doing so.

Mrs. Parker said in her research of the Eisenhower family it was told one day Ike was home alone and accidentally killed a chicken. Not knowing what to do with it, he decided to clean and cook it. He ate the entire chicken and buried the bones before the family returned home.

Ike was in the graduating class of 1931 and was considered the best history and math student in his class. The class prophecy predicted that Ike would be a great man.

Floydada Unit Of TSTA To Hold Fall Banquet Monday Night

The Floydada Local Unit of the Texas State Teachers Association will hold its Fall Banquet Monday evening, October 13, at 7:00 p.m. in the Duncan Cafeteria.

Mr. Keith Bridenstein, Director of the Child Welfare Department in Plainview, will present a program on child abuse. This program is a highly recommended presentation prepared at the state level especially for teachers. It deals with symptoms of child abuse and ways of handling the problem.

Cadette Troop Has Ceremony

Cadette Girl Scout Troop #336 had their Rededication, Investiture and Capping Ceremony, Wednesday afternoon in the Floydada Junior High School game room.

The program began with an impressive flag ceremony with the troop in a horseshoe formation. Lisa Welborn gave the welcome to the girls entering the troop who are new to scouting. She gave a Girl Scout pin to Rosemary Barnes, Mae Joyce Smith and Barbara Minnett.

Jonna West gave the welcome to the girls in Troop #297 as they are entering into Troop #336. With the help of Beverly Burleson, Julie Morton, Debbie Harrison, Karen Turner and Lisa Welborn, she presented a cadette cockade to each girl to wear on their Girl Scout hat.

Mrs. Helen Lipham presented Junior badges and membership stars to Debra Allen, Nora Black, Margie Cuevas, Lequita Davis, Sherry Galloway, Pam Lipham, Angie Neff, Kay Lyn Rainer, Dorothy Ledbetter, Tana Tyler, Janet Pleasant, Sharon Weeks and Stacey Day.

Mrs. Jaynette Harrison presented cadette badges, membership stars and the Emergency Preparedness Challenge Pins to the following: Beverly Burleson, Debbie Harrison, Julie Morton, Karen Turner, Lisa Welborn, and Jonna West.

The troop formed the Friendship Circle and recited the Girl Scout Promise and sang the song Girl Scouts Together. The troop conducted a business meeting following the ceremony.

Farris, and Beth Pratt was appointed to look into the possibility of a Show of Homes in the Spring.

The resignation of Peggy Dyess was accepted with regret, and Jean Christopher was voted in as a new member.

Members were reminded of the joint clubs salad supper at 6:30 p.m. October 28th, at the Methodist Church.

Members in attendance Tuesday night were Barbara Brewer, Barbara Christian, Sherry Colston, Judy Dunlap, Betty Edwards, Lorrie Farris, Darlyn Hambright, Phyllis Harris, Brenda Jones, LeAnn Neeley, Beth Pratt, Jenni Su Smith.

Mrs. Phines' father returned home he was astonished at what was going on but when he was shown how much money Phines had made, and was assured that Phines had not cheated anyone, his father commented, "I always knew you had smartsness in you."

WANDA HICKERSON NAMED Field Development Specialist.....for American Field Service. Mrs. Hickerson's appointment was made Tuesday evening by Mrs. Berni Klien of New York, who flew to Lubbock and was met there by Mrs. Hickerson. The women are pictured with AFS brochures. Mrs. Klien is Associated Director of the U. S. Field Development Scholarship, New York Office. (Staff Photo)

Mrs. Hickerson Named To AFS Staff

Mrs. Pete (Wanda) Hickerson, president of the Floydada Chapter of the American Field Service, was appointed Tuesday evening as Field Development Specialist, one of two people selected in the state of Texas. The other is at San Antonio.

Her appointment was announced by Mrs. Berni Klien, Associated Director of U. S. Field Development International Scholarship, of the New York Office, who flew here for that purpose.

Mrs. Hickerson, who is now a part of the AFS staff in New York, will be responsible for helping near-by communities in organizing AFS chapters.

AFS is the American Field Service, an international, non-profit scholarship program operating in 60 countries. For 28 years, AFS has arranged for young people to live with families in another environment in order to learn of another society and their culture.

John Leo Frizzell, Lockney, admitted 10-8, continues care.
Sandy Molina, Aiken, admitted 10-8, continues care.

Carlsbad Parks Start Fall-Winter Hours

Two Carlsbad area parks have begun fall and winter visitor hours, which will be in effect until next Memorial Day.

At Carlsbad Cavern National Park, the visitor center opens at 8 a.m. and trips into the main cavern are offered continuously from 8 a.m. to 3:15 p.m. daily.

Although Big Room trips which enter the cavern by elevator are being offered until 3:15 p.m. daily, visitors desiring to make the complete three-mile walk-in trip must be at the cavern's natural entrance no later than 2 p.m. in order to have time to complete the trip.

The Living Desert State Park at Carlsbad also is observing the fall-winter schedule with current hours of 9 a.m. to 4:10 p.m. The park is open seven days a week.

The park offers visitors an opportunity to see one of the most complete cacti and desert plant exhibits in the world and to view a large collection of animals and reptiles native to the desert and mountain southwest.

Carlsbad Caverns National Park also is offering primitive lantern tours of New Cave in the Slaughter Canyon area this winter. They will be held at 9:30 a.m. and 1:30 p.m. on Saturdays and Sundays only until spring. For New Cave trip reservations, visitors should telephone (505) 785-2233.

Baylor Homecoming Slated

WACO-Baylor University officials and students are completing plans for the university's 1975 homecoming celebration that is only three weeks away.

Members of the Baylor Ex-Students Association staff and The Baylor Chamber of Commerce, which annually coordinate homecoming activities, say they are anticipating one of the largest crowds in recent Baylor history to return to the campus October 31 and November 1.

This year's homecoming events, several of which originated during the first

PCCA Excited About The Telcot System

LUBBOCK-In its 23-year history, Plains Cotton Cooperative Association (PCCA) has implemented several innovative cotton marketing programs for its 20,000 members in Texas and Oklahoma, but nothing has excited association patrons as has this season's TELCOT system.

"We believe it is a major breakthrough in cotton marketing and offers a number of distinct advantages to our members and to those merchants who provide a market for Southwestern cotton," said Dan Davis, PCCA General Manager and Executive Vice President, who has headed the staff since 1956.

Texas Historical Commission Set Annual Meeting

AUSTIN-The Texas Historical Commission will hold its annual meeting for all persons interested in Texas history and historic preservation in Nacogdoches on October 24 and 25 this year, announced Mrs. Wesley B. Blankenship, chairman of the Commission.

The conference will feature concurrent panel discussions, two awards banquets, a film fest, and an informal evening of lively entertainment composed of plenty of food mixed with music by the East Texas String Ensemble.

Jimmy Rucker, president of the Nacogdoches County Chamber of Commerce, will welcome participants at the 1 p.m. opening session at the Sheraton Inn, Friday.

Dr. Ralph W. Steen, president, Stephen F. Austin State University, will deliver the general session keynote address.

Many distinguished historians and preservationists from across the state will lead the discussions during the five Friday afternoon concurrent sessions beginning at 3:30 p.m.

Session topics include "Research into Public Records," "Using Museum Artifacts to Tell a Story," "Historic Preservation: A Goal," "Preservation, Restoration, and Adaptive Use," and "Legal Responsibilities of County Historical Commissions and Historical Societies."

An awards dinner will be held Friday evening on the Stephen F. Austin University campus to recognize "Distinguished Service Award" County Historical Commissions.

Concurrent sessions will be repeated on Saturday morning along with a session on the recent archeological testing program at Lake Nacogdoches. This session, which includes a field trip to the site, is limited to 50 persons.

State Commission members and THC staff also will be available to discuss historic preservation problems from 8:30 to 10 a.m. Saturday.

Following the morning sessions, the Annual Awards Luncheon will be held to announce the winner of the prestigious Ruth Lester Award for Meritorious Service in Historic Preservation. The winners of the various county historical commission contests also will be announced.

Saturday afternoon is reserved for a guided tour of Nacogdoches or an optional tour of neighboring San Augustine.

The informal, "East-Texas-style" party Saturday evening will top off the two-day meeting with a fried catfish buffet with all the trimmings, beer, and the country music entertainment of the East Texas String Ensemble.

Registration information may be obtained by writing: Annual Meeting, Texas Historical Commission, P. O. Box 12276, Austin, Texas 78711.

who knows what lurks behind these shadowy walls?...

The ghostly occupants of this haunted house know very well. In fact, they refuse to move because they enjoy their comfort so much. What's causing the comfort they've become so accustomed to? It's the electric heat pump. The heat pump provides cozy warmth in the winter and just-right cooling for just one unit. One temperature earthy residents in heavenly year... and it'll do the same for you.

ENERGY EFFICIENCY

We, at Southwestern, are interested in your energy dollar. That's why we offer Efficiency insulation allowance programs for homes who install electric comfort heating.

Lockney Care Center Capers

By Linda Cumbie

LOCKNEY CARE CENTER CAPERS

By Linda Cumbie

Hi there! This has been a very busy week at the center. Everyone has had a great time together. The weather has been pretty for the biggest part. Several of our residents have enjoyed walks in the pretty sunshine.

Would like to say Thanks to Lena Brotherton for coming on Monday and doing the ladies hair to Hubert Frizzell for cutting the men's hair on Wednesday.

Also, thanks to Pat Adams and her GA group for bringing the residents bananas also on Wednesday. We appreciate this so much.

We welcome one new resident to the center this week. She is Mrs. Arizona Vick. Is great to have her with us.

We were all saddened last Friday by the death of one of our fine residents, Mrs. Bettie Lester. We extend our sincere sympathy to her friends and family.

Mr. Leo Frizzell is in the hospital. He entered on Wednesday afternoon. We wish him a speedy recovery and hope he is back with us real soon.

Our aide Linda McCullar is in the hospital. We also wish her a speedy recovery. We miss you, Linda, here at the center.

Another one of our aide's Odilia Hernandez went home from the hospital this morning. We hope you will soon be back here at the center with us, Odilia.

Also, one of our residents, Martha Burke is back home with us after a stay in the hospital. She is up and around and seems to be doing just fine.

We also welcome some new staff members to the center this week. They are Janie De LaCruz, Bobbye Graves, Celica Torres and Vella Martinez. They are our new aides. Welcome to each of you.

Thanks again everyone who shared in the morning devotionals this week. We all enjoy them so much.

Thanks to these folks for the lovely flowers shared with us this week. Ruth Carthel; Laura Manning brought us some jack-o-lantern flower arrangements.

Thanks also to these folks for bringing us egg cartons—Mr. and Mrs. Sid Thomas; Fritz Schacht; Wilma Adams; and Glenda Ford. Our residents are starting to make baskets using the cartons.

Thanks to Dow Colson for the men's shirts. Also Thanks to these folks for the greeting cards—Mrs. O. D. Wofford; Fritz Schacht; Mr. and Mrs. Sid Thomas. We will also be using the cards in crafts.

Our residents have sure been enjoying the water-melons this week. Thanks to the folks who brought them to us.

Brother and Mrs. Clay Muncy brought us some tomatoes and another fine lady brought us some "cherry" tomatoes. The residents have enjoyed these also. Thanks a bunch folks.

Myrtle Burke and Elsie Woodall went out with Geneva Stansell this week. They had a great time.

One of our fine residents, Mrs. Plumee is at the Floydada Care Center. She has been transferred over there. We all miss her, but know she will have a fine home there also.

Our residents have worked on crafts Friday and Monday this week. Tuesday in a Halloween theme. Thanks so much ladies for the party.

Thursday afternoon we played Bingo. Top-prize winner was Myrtle Burke. She won a bag of "Salt Water Taffy."

Anyone who would like to come and help us decorate our center for Halloween or Thanksgiving or Christmas are very welcome to do so. We always appreciate any kind of suggestion or help.

We have had many local visitors this week at the center. Thanks so much for coming. Our residents enjoy visits a great deal. We have had many out-of-town visitors this week. They were: Mr. Word had Donna Yeary from Floydada; Simplicio Leal had Maggie Martinez

from Quitaque; Mrs. Brasher had Virgil Brasher from Providence; Mr. and Mrs. D. W. Burk had Jonelle Fawver and Mildred Cates from Floydada; Mrs. Kitchens had Carol Ann Turner from Matador, Louie and Ruby Lee Kitchens from Silverton, Mr. and Mrs. Wade Steel from Rock Creek, Mrs. Marvin Montague and her

mother Mrs. Sams from Silverton, and Mr. and Mrs. Burl Fisch from Silverton. Mrs. Dyer had Floreine Cobb from Quitaque. Mrs. Grider had Mr. and Mrs. Art Ratzlaff from Floydada. Leon Marble had Mrs. Jackson from Floydada. Mrs. Rogers had Mrs. Shannon from Flomot; Mrs. Patrick from Matador; Mrs.

Self, Mrs. Henry Thompson, Mrs. Peak, Mrs. Edna Rogers and Mr. and Mrs. Marshall, all from Matador. Mrs. Jacobs had Mrs. Davidson from Quitaque. Mrs. Viek had her daughter-in-law and her granddaughter from Floydada. Mrs. Harris had Lola Turner from Flomot. Mrs. Deitrich had Esther Brasher from Provi-

dence. Mrs. Christian had Edna Earl Blakney from Turkey. Mrs. Fortenberry had Dozier Dillard from Floydada, Eula Mae Wilson from Ralls and Sister Thompson from Cedar Hill. Mrs. Edwards had Alma Rape from Floydada. Will close for now.
Til next time

The Floyd County Hesperian Economists Predict Limited Job Growth For Salesworkers

Salesworkers are expected to increase to 6.5 million by 1985, they did in 1972—6.4 per cent compared to 6.6 per cent. This projected slowdown in growth is due to an expected slow-down in the increase of jobs in trade, which employs more than two-thirds of Labor Statistics.

In 1985, they say, salesworkers will comprise a smaller percentage of the workforce than they did in 1972—6.4 per cent compared to 6.6 per cent. This projected slowdown in growth is due to an expected slow-down in the increase of jobs in trade, which employs more than two-thirds of Labor Statistics.

As stores remain and expand in areas, demand for sales changes in sales check-out counter machines, and slow this increase.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Bad Weather Damages Cotton, Drives Prices Upward

Department of Agriculture in Washington, over the agricultural producers, continues to hack away provisions of the 1972 farm law.

RALEIGH-Bad weather has damaged and delayed much of this year's cotton crop, forcing economists here at Cotton Incorporated to lower their estimate of the 1975 crop size to 8.5 million bales.

While Cotton Incorporated is estimating the final U. S. production at 8.5 million bales, Jordening says some observers already are pegging final production even lower as a result of weather, the lateness of the crop, and insects.

some of their crop, to track market prices across the cotton belt to ensure that the price they receive in the local market reflects overall price trends.

ment didn't want a disaster program in the first place, "and they have not minced words in their criticism."

The decline, down from a previous estimate of 9.3 million bales, is strengthening prices for producers, says David Cox, Cotton Incorporated vice president for economic research and development.

Production setbacks were quite severe in several producing regions, Jordening says. Expectations for the Texas crop alone have been reduced from about 3 million bales to 2.5-2.6 million bales, primarily because of extreme temperature variations in the High Plains.

In the summary, Cotton Incorporated continues to predict that domestic cotton use for the 1975-76 crop year will reach 7 million bales and notes that some observers hold out the possibility of consumption reaching 7.5 million bales.

ment didn't want a disaster program in the first place, "and they have not minced words in their criticism."

The five-state Mississippi Delta region suffered from cool, cloudy weather and heavy insect infestations, while the southeastern cotton crop was damaged by hurricane Eloise and a week of rain.

Cox encourages producers to tie down a profitable price now for some portion of their current crop.

Remove heavy wrapping paper before placing fresh foods in your refrigerator or freezer. However, be sure to keep all items sealed properly. Why spend energy chilling heavy paper?

Estimate By Counties

New county by county estimates of production, acreages and comparisons follow:

Table with columns: COUNTY, '81 Est., '81 Prod., '81 Acre, '81 Est. Acre. Lists counties like Bailey, Borden, etc.

ASCS Newsletter

1975 DISASTER PROGRAM: This is to remind you again of the disaster program provisions.

Energy Savers: Caulking and weatherstripping windows and doors can save you up to 10 per cent in heating bills.

Remove heavy wrapping paper before placing fresh foods in your refrigerator or freezer.

Conservation Farmers Honored

R. H. Tinsley and Kenneth Broseh, Floyd County Soil and Water Conservation District's Conservation Farmers for 1975 were presented plaques Tuesday afternoon by G. L. Fawver, chairman of Floyd County SWCD.

Angus Champions At Tri-State Fair

State University, Canyon. Champion of the junior heifer show was RA Emily 554, owned by 12-year-old Ty Williams, Lockney, Texas.

Food Stamp Rolls Growing Fast

The number of people getting help either through food-stamp employment levels have stamps or donated foods more gone up, the number of people receiving food stamps has in 1969 to 15 million by 1972, jumped to 18.4 million and according to U.S. Department of Agriculture statistics, about 100,000 remain on the food distribution program.

Re-Elected SWCSD Director

Chairman, R. G. Dunlap, Herman King, and Gerald Lackey.

Propane Urged By FEA

DALLAS - Authority to allocate and establish reasonable prices for propane is being urged by the Federal Energy Administration, it was reported today by Delbert M. Fowler of Dallas, FEA regional administrator.

Floydada Band Boosters To Meet Oct. 13

The Band Boosters Association will meet Monday, October 13 in the Floydada Branch of the Plainview Savings and Loan at 7:30 p.m. This is 30 minutes earlier than the previous meeting time.

Farm-facts A Weekly Report Of Agri-Business News Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

Short On The Hog... Milk Production Down, Too... One Potato, Two Potato... Crop Harvest Progresses.

Texas hog producers--and those throughout the nation--are apparently not getting in any hurry to expand production, even though prices generally are higher.

What's also interesting is the outlook for farrowing intentions for the next six months. For the period September, 1975 through February, 1976, farrowings are estimated at 73,000 sows.

While hog production is declining in the state, so is milk production. August milk production is estimated at 273,000,000 pounds, seven per cent under a year ago as well as last month.

CROP HARVESTING throughout the state continues to move ahead. Sorghum harvest is more than two-thirds completed.

That new crop for Texas--sunflowers--is now in the spotlight, too. Harvest is in progress, but yields are lower than first indicated on the High Plains.

Rice harvesting is nearing completion. Peanut harvest is more than a third finished, guar is making satisfactory progress, and corn harvest is nearing the half-way mark.

WHEAT AND COTTON PROGRAMS: There will be no set-aside and no conserving base requirements. Producers may continue to preserve their allotments with conserving crops or with annual nonconserving crops.

One of the features at the Pavilion will be a trading post of bygone years, when it served as grocery, department and hardware store, meeting hall, election stump, and refuge for territorial settlers.

This year, a total of 384 families qualified for this award. Last year, the first year of the program, 560 families were honored.

Parents of all band students are asked to attend to help plan for the next home football game and for the Spook House on Thursday, October 30.

up. All items are needed by Wednesday, October 15. Proceeds from the sale will go to the Floydada Unit of the American Cancer Society.

Motley County Singing Oct. 19

The semi-annual meeting of the Motley County Singing Convention will be held Sunday October 19th, starting at 1 p.m. in the Assembly of God Church in Matador.

The convention is the oldest organization in that county and is always well attended by singers from a wide area.

W. L. Craft of Roaring Springs is president of the convention.

FLOYD DATA

Lee Carver, injured in a one-car mishap near Floydada last Sunday, was transferred to the intensive care unit of Lubbock Methodist Hospital Wednesday. Relatives said he remains in a critical condition.

VA News

The Veterans Administration increased its home loan mortgage interest rate ceiling from 8½ per cent to 9 per cent, effective September 2.

The increase was made in accordance with a joint Veterans Administration and Department of Housing and Urban Development policy of keeping the

JV Winds Roll Past Longhorns 26-0

By Doug Simpson

Rusty Cagle scored three touchdowns and Calvin Reese plunged one yard for another, leading the Floydada Junior Varsity squad to a 26-0 victory over Lockney Thursday evening.

Cagle opened the scoring on a 45 yard run with 7 minutes left in the first

quarter. Calvin Reese's point after was good, and the Whirlwinds led 7-0. Cagle's touchdown proved to be the only scoring in the first half. Lockney committed two turnovers in the half, as Steve Jones and Steve Westbrook each picked off a pass.

Cagle scored again in the third stanza on a five yard run with 5:29 left. Reese's point after attempt failed, however, and Floydada led 13-0.

The drive covered 51 yards and used up five minutes and 31 seconds of the clock.

Jones recovered a fumble

Freshman Shut Out Lockney 17-0

By Doug Simpson

Todd Vickers tossed a 15 yard touchdown pass and Ricky Day scored on a 60 yard run to lead the Floydada Whirlwind Freshman squad to a 17-0 victory over Lockney Thursday evening.

The Whirlwinds made use of long runs, Longhorn mistakes and tremendous defensive play,

as they rolled to an impressive win, their second of the season. There was no scoring in the first quarter. Floydada committed one turnover and made two first downs, and Lockney managed just one first down in the entire period.

Ricky Day put the first Whirlwind touchdown on the scoreboard on an impressive 60 yard gallop with about 9 minutes left in the second quarter.

Jimmy Covington's point after was successful, and the Winds led 7-0.

The Whirlwinds had several other scoring opportunities in the second period, but were unable to make use of them.

Ricky Luna and Jay Waller each recovered a fumble, and Jimmy Jackson

intercepted a Lockney pass. Waller's fumble recovery set up a 28 yard field goal attempt, but the kick was short, and the score remained 7-0 at halftime.

Todd Vickers' 22 yard field goal with about 3 minutes left proved to be the only scoring in the third period. It boosted the Whirlwind lead to 10 points.

Michael Sales' 65 yard run in the fourth quarter set up Vickers' 15 yard touchdown pass to Jay Waller, which was the final touchdown of the contest.

Joe Covington's PAT was successful, making the final score 17-0. Floydada committed two turnovers and Lockney had six.

The Whirlwinds defense intercepted four Lockney aerials and also recovered two of their fumbles.

burdensome for of added cost than an equivalent increase in the VA interest rate ceiling to a 9 per cent.

Since VA regulations prohibit payment of discounts by veterans, the discounts must be paid by the seller of the house.

When discounts are high, many sellers refuse to sell to veterans and thereby prevent many veteran buyers from acquiring homes to meet their needs.

The present increase is expected to improve the availability of funds for VA loans as well as improve the housing outlook.

The VA Loan Guaranty program assisted almost 300,000 veterans to become homeowners in the last year.

In the 31 year history of the loan program, there have been 8.8 million loans guaranteed, amounting to an aggregate initial principal amount of \$113 billion.

About 54 per cent have been paid in full.

With 4:20 left in the third quarter, which gave the Winds the ball on the Longhorn 43 yard line. Westbrook's 39 yard pass to Morris Keele moved them inside the five and moments later, Calvin Reese plunged one yard for the score, which boosted the lead to 19-0.

With 4:31 left in the game, Rusty scored once more, this time on a 10 yard scamper. Reese's extra point was good, making the final score 26-0.

The win improved the

Whirlwind's wins, 1 loss. Whirlwinds steady defense touchdowns places, the key impressive held Lockdowns and turnovers.

E-H Bonds Purchases

August sales of Series E and H United States Savings Bonds in Floyd County were reported today by County Bond Chairman Clarence Denton. Sales for the eight-month period totaled \$10,098 for 51 percent of the 1975 sales goal of \$180,000.

Texas Bonds during an increase over the year. Yearly amount to with 69 per cent sales goal of

over daily existence, we cannot afford to overlook several other very basic economic goals shared by the bulk of average citizens.

I'm talking about the ability to own your own home, an American dream come true. And about wanting to provide for your children's education.

These are goals that have been pushed steadily beyond the reach of millions of middle-income families in recent years.

MY LEGISLATION would add as many as 300,000 new housing starts a year and would help end the housing shortage that is preventing a growing number of Americans from owning their own homes.

And it would help some 15 million of those forgotten Americans -- who are neither very rich nor very poor, who can neither meet the high cost of tuition nor qualify for total scholarship assistance -- send their children to college.

The treasury estimates my proposal would mean a yearly tax loss to the government of \$1.7 billion. But this loss would be made up through taxes on increased home-building wages and profits, and through decreased payments for unemployment compensation.

And, such incentives which work through our free enterprise system are much less costly to taxpayers than direct government subsidies.

The recent hearings confirmed all these advantages, and I am now convinced my bill will meet with widespread support when it comes before the full Senate for a vote.

Legend has it nailed to a protection ag

Lloyd Benson Column

I HAVE JUST completed hearings of the Senate Finance Committee on legislation I feel offers a new and necessary approach to an old problem.

My bill promises long-term benefits for millions of middle-income families struggling to meet the soaring costs of higher education. At the same time, it would provide a stable source of income for the depression-stricken housing industry.

Eleven fellow Senators have already joined me in offering this legislation. And, now that we have carefully considered the pros and cons in open hearings, I am convinced this bill will prove highly effective in restoring health to the housing industry and in financing higher education for millions of Americans.

Basically, it establishes a twenty percent tax credit for parents who save up to \$250 towards a child's education in special savings accounts. This means a family saving \$500 a year for two children would reduce their tax bill by \$100.

ACCORDING TO THE Treasury Department, an estimated 15 million families would take advantage of this plan to save for the education of some 33 million children.

Roughly \$9 billion a year would be poured into thrift institutions that invest heavily in the housing industry through mortgage and other housing related loans. This means financing for as many as 300,000 new homes a year.

I've said this legislation is vitally needed, and it is. A recession expected to continue throughout next year has put more than eight million Americans and Texans out of work. And although inflation has levelled off some, prices for such essentials as food, shelter and fuel are still almost prohibitively high.

The immediate crisis deals with the essentials, like jobs and food. But, in the anxiety

The Floyd Philosopher Takes A Close Look At The CIA But Is Unable To See A Whole Lot

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a look at the CIA this week, but we aren't sure what he sees.

Dear editor:

Since I don't even know what's going on in Floyd County I couldn't be expected to know what's going on in Portugal, but an item in the paper about that country caught my attention the other day.

According to it, the CIA, after denying it, reluctantly admitted the U. S. contributed about 10 million dollars to Portugal in its struggle against Communism. The CIA said it was against national security to reveal this secret and did so only because Congress demanded to know. At the same time, it said it was justified in contributing the money because Russia had given about as much to the Communist side in Portugal.

I don't know anything about the CIA, but I figure if it knew what Russia was giving, Russia probably knew what the U. S. was giving, and the only group in the dark about the matter was you and me. As the Watergate gang learned, it's hard to undetectedly transfer money from one country to another, say from Mexico to Washington.

As It Looks From Here. . .

WASHINGTON, D. C. - There's an old French Proverb which says, "The more things change the more they remain the same."

President Truman did not coin a phrase when he referred to the 80th Congress as "do nothing."

On June 18, 1921, an editorial writer by the name of Lynn Haines, writing for the Milwaukee Leader had this to say: "The 66th Congress ended - did not complete - its labors. The record it made is inglorious and inconsequential. The two most potentially important years in our history have been worse than wasted."

"Facing the gravest responsibilities and the greatest opportunities in the handling of post-war problems, it accomplished less

than nothing in the field of reconstruction."

Fifty-four years ago, this writer went on to say under the subhead of "People Robbed of Liberty."

"The burdensome costs and abnormal conditions of ordinary living have become acutely dependent upon governmental action; yet as to all this for two epochal years Congress has been without comprehension or program."

"There has been persecution and encroachment upon liberty so un-American as to seem utterly impossible. A generation hence, when thinking people with perspective restored, look back upon this period, it will appear almost barbaric."

"Most unthinkable and undemocratic of all has been the rising tide of propaganda. The most fundamentally essential element in the free and natural life of a Republic - public opinion - has been outraged and

I may be wrong about this, but it seems to me in a situation like Portugal or some other countries we've taken a hand in, our furnishing money and arms to the government to keep it from going one way, and Russia's furnishing money and arms to get it to go the other way, is like a basketball team taking money from one side to throw the game its way and then taking money from another side to throw it the other way.

This is confusing to everybody, especially to the basketball players, unless they get a cut of the bribe money and don't really care who wins.

Actually, in this day and time, when trying to keep the secret of something like the atom bomb is like trying to keep the secret of the bicycle or the motor-scooter, nations might as well be just as well off trying to take care of their own business right out in public.

As for the CIA, I'm sure we need it, but its men seem to be trained for just a few things. For example, it would have been handy to know, and not hard to find out, that Russia had a short grain crop two years ago and again this year, but the CIA simply has nobody in its outfit trained to look out the window and see if Russia needs a rain.

Yours faithfully,
J. A.

Youth Receives TV Set Via Reese Super Sonic Jet

David's father won his wings in 1958. Captain Hendrickson went down with his plane in Vietnam in 1967. According to a news story in the Lubbock A-J, the energy crunch at Reese doesn't leave any fuel for television air lifts, even for the son of a pilot killed on foreign soil. The problem solved itself when the 54th Flying Training Squadron located a T-38 Talon about to take off on a navigational out-and-

back check ride to San Antonio. When Lt. Charles S. Eberhart took off at Reese with his check pilot, Capt. Gary Hammond—to prove he could find his way to another base and then return to Reese—the television set was in a travel pod normally used for personal baggage. An American Red Cross worker met the supersonic jet at Kelly AFB and transported the set to Wilford Hall Hospital in the medical center. Until this fall, David was the typical "top flight honor student," according to his principal, Hal Rateliff. His major activity outside studies was playing cornet in

the junior high Lobo Band. Illness sent him, as a military dependent, to Reese AFB Hospital and then by Air Force airlift to San Antonio for malignancy tests which will take several months. All this time won't be taken up with his new gift. He has a tutor to keep him on the ball with lessons forwarded from Levelland. David's mother is the former Betty Gail Stewart, daughter of Mrs. Arthur Stewart and the late Mr. Stewart of Levelland. She is the niece of Mrs. Travis Collins and cousin of J. W. Cannon of Floydada. She has two other children, Randy, 15, and Gordon, age 12.

A SQUIRRELY PICTURE... for months a Hesperian photographer has been trying to get close enough to one of the squirrels on the courthouse lawn to get a picture. Finally, Friday morning... this one was shot... with the camera.

Vietnamese Refugees Get A Helping Hand

The Pillsbury Company announced that it will give \$1,000 to any employee who sponsors a Vietnamese refugee family. The primary qualification for receiving the money is signing an agreement with one of the seven agencies who are placing the refugees from the U.S. military bases where they were first brought. The agreement is a moral obligation on the part of the sponsor to provide a home for the Vietnamese family for two to four months while they become settled and find employment to make them self-sufficient.
