inds District Champions!

AM BROKE loose at the end of the Idalou game as shall fans shouted, "we're district champions . (Photo by Keith)

Idalou Voodooed 22-13

By Wendell Tooley

Sparked by the hard running of Kelvin Ratliff and an amazing defense team, the Floydada Whirlwinds twisted the Idalou Wildcats into a tail spin and completed a perfect 4-0 district record to take the 4-AA district championship at Idalou Friday night.

A crowd estimated at over 4,000 literally covered the stands, the track area around the playing field sometimes surging almost onto the playing field. The Floydada fans cheered from start to finish . . . the veather was a perfect 60 degrees.

elvin made the three Whirlwind TDs and chalked up 239 yards on 27 carries. Whirlwind Alvin Stofel blocked an Idalou punt into the end

15°

Per Copy

Minnett kicked two extra points.

It was a great finale to district play after the Whirlwinds had started a shaky season losing three games and one tie while winning six.

FIRST HALF Idalou couldn't make a first down after taking Micky's kick-off on the 20. Idalou punted a nice 50 yarder and Floydada had the ball on its own 30. The 'Winds marched the ball downfield for their first TD with six first downs. Donzell Minner made 17 on a beautiful reverse play, Micky made 12 yards in two tries, Kelvin made the rest . with the final lunge for paydirt from the six. Micky kicked the extra point and Floydada led 7-0 with 3:34 left in the first quarter.

A 38 yard pass play set Idalou up for their first score. At the end of the first quarter the Wildcats had the ball on the Floydada 14 yard line. Gary Gallaway carried on to the two and Danny Weems made the first Wildcat TD with 10:31 left in the second quarter. Isaac Espionza kicked the extra point and the game was tied up

Six Whirlwind first downs and the Whirlwinds had their second TD. Jay Womack kept for 15 around left end, Kelvin ran for 12, 20, 13 and the TD from the one yard line. Micky picked up ten on that series of plays. Micky's PAT was a little off and Floydada led 13-7 with 8:04 left in the second

Idalou brought Micky's kick-off back to the 15. The strong 'Wind defense sacked Idalou quarterback David McKenzie; . . . Gallaway brought the ball out to the ten and McKenzie attempted the punt that was blocked by Alvin Stofel and rolled back into the end zone for the Whirlwind safety. Floydada led 15-7 with 6:16 left in the second quarter.

After the Idalou kick-off, Micky made eight, Kelvin zig zagged down the middle for a beautiful 30 yard run . . fumbled the ball. However, teammate Leslie Soto caught the fumble and the ball was on the Idalou 23. Kelvin made seven . . . then there was a five yard penalty against the Winds. Kelvin picked up another five . . . then another five yard penalty against the 'Winds Womack made seven, but it wasn't enough for the the first down and the ball went over to Idalou on downs. Idalou made two first downs, then punted the ball down to the Whirlwind

On the first play Larry Jones lost the ball to Idalou's Espionza who dashed untouched around right end for a Wildcat TD. McKenzie's pass for the two extra points was no good and Floydada led 15-13 with 1:05 left in the second quarter.

HALFTIME

The number one rated marching bard from Whirlwind land entertained the standing room only crowd with its usual outstanding music and marching formations . . . highlighted by the

SECOND HALF

The Whirlwinds had the ball on their own 46 and friends you should have seen the next play. Kelvin took the hand off from Jay . . . started down the Idalou side of the field, sidestepping stiff arming Wildcats all the way to paydirt . . . 55 yards and the third Whirlwind TD. Micky did and Floydada led 22-13 with 10:35 left in the third quarter. The Wildcats broke loose with a very

effective passing and running attack, brought the ball down to the 'Wind 24 when alert Gordon Bond intercepted a McKenzie pass and Floydada was back in the driver's seat at the end of the third quarter. The Winds were on the 32 yard line

couldn't go and the ball went over to Idalou on downs. Idalou couldn't make a first down and punted. Floydada had to punt right back.

Idalou tried seven pass plays, two good runs and made two first downs before losing the ball on downs at the

(Photo by Keith) **Uranium** In

and cost them a five yard penalty.

Kelvin almost made another TD rambled with the ball down to the Idalou 20 . . . but a penalty brought it back to the 33. Idalou's defense held and the ball went over on the 25 yard line. McKenzie tried some desperation passes, completed a long one for 36 yards and the ball was on the 'Wind 30. Randy Ratheal intercepted the next pass and the ball game was over.

Floyd County!

There have been all types of oil and gas wells drilled in Floyd county and still only a few producing oil wells. Now, the question . . . is there uranium in Floyd County?

The county commissioners court has given permission to the Wyoming Mineral Corporation of Lakewood, Colorado permission to test in the county road right-of-ways for uranium.

The company seems to be working in the Center community at this time as some land owners in that area have been contacted by the company for permission to test on certain

Some old timers remember when there were uranium "beds" off the Caprock and people would come several miles to sit in the uranium sand for arthritis relief.

Multi-Purpose Service

Center Meeting

Persons interested in the progress of the Multi-Purpose Service Center are urged to attend a meeting at Della Plains School Tuesday night, November 11, at 7:30. Purpose of the meeting is to inform the people of the projects and the work already underway by the

Applications will be taken during the meeting for those who wish to take the opportunity for training toward better paying jobs.

Improvements in city parks and paving and the possibility of teaching arts and crafts at the Center will also

be discussed. The public is invited to attend.

A BIG "RIGHT ON" to the Whirlwind coaches and team for winning the District Championship!

Coach's Comments

"We don't know who is winner of district 3AA, but we surely know who'll be playing the winner!" the opening remark of Whirlwind coach L. G. Wilson Saturday morning after his exciting 'Winds won the 4AA district championship with the 22-13 victory over Idalou Friday night.

Coach Wilson praised the offensive blocking of Micky Minnett, Larry Jones and Donzell Minner as they opened the way for running back Kelvin Ratliff. "Ratliff has gotta be the best running back I have ever coached. . .and possibly ever played against," coach Wilson added. He said some colleges are already indicating an interest in Kelvin.

Coach Wilson praised the defensive play of Steve Moore, Jay Lackey, Gary Nixon, Gordon Bond and the linebackers.

Quarterback Jay Womack had good use of his injured foot and no one was hurt in the Idalou game. Coach Wilson said Billy Marricle did a good job of controlling Idalou's big 250 pound

It appears that Kelvin may have set a school record with near 1600 yards of

rushing in one season. "The stunt pass play that almost netted Idalou another TD was used by A&M on Texas a couple of years ago" . and it nearly worked on us," coach Wilson said when asked about that particular play.

Coach Wilson said the team would ease off on practice sessions some next week as the bi-district game is about two weeks away.

equipped setups, ended up in the black. The results were not so good, on the other hand, for most livestock

The final figures for the year, recently released on a county-bycounty basis, show that gross receipts in the local area from the sale of crops, livestock and other farm products compared favorably with those reported in 1973.

The better showing was due to higher prices obtained for most commodities rather than to increased production. Expectations of a bumper crop petered out because of the hot,

dry summer followed by an early frost. However, figures from the Department of Agriculture show that it was a landmark year in that gross farm income in the United States topped

\$100 billion for the first time in history. In Floyd County, according to data compiled by the Standard Rate and Data Service, farm receipts in the year came to \$33,301,000, as against the

previous year's \$25,286,000. The increase, 32 percent, compares with a 21 percent rise in the United States and with a 30 percent rise in the

West South Central States. The income figure refers to gross receipts, before taxes and operating costs are taken into account.

The bulk of it consisted of cash returns from the sale of crops, livestock and other commodities. Making up the rest were government payments and "income in kind," which is the value of the home-grown

products consumed on the farm. A breakdown of the cash receipts in Floyd County from the sale of farm goods, based upon the most recent data from the Department of Agriculture, shows approximately 80 percent coming from crops and 20 percent from marketings of livestock, poultry and

dairy products. As for the net income that remained for the nation's farmers after deducting their expenses, that is another story.

It dropped from the record high of \$32.2 billion, chalked up in 1973, to \$27.2 billion, chiefly due to a big jump in operating costs.

4-H Food Show

Members of the Floyd County 4-H Clubs invite everyone to the County 4-H Food Show Monday night in the

Lockney Elementary School cafeteria. Judging starts at 7 p.m. Awards will be presented shortly after 8 p.m. The public is invited to the tasting party,

starting at 9 p.m.
Cookbooks of the prepared menus will be on sale (\$1.00 each) at the show.

d Cotton Estimate Increases

are the Floyd big boost last te optimistic out from browers on in will be loyd county. has been

increased from the previous 75,000 bales to 78,000 bales. There is an estimated 100,000 acres of cotton in the county. Although 78,000 bales is not a normal crop for this county, it surely beats the 46,000 bales produced last year.

With a dry "Indian Summer" fall the cotton has matured well and is beginning to come to the county's gins. Only a cold front in September has marred the

weather for the crop this

Rainfall was good through the growing season and some dryland cotton is

making a bale to the acre. be holding up well with an average bale bringing over \$200.

Mrs. Randolph Honored With Bridal Shower

Mrs. Dave Randolph, the former Lois Parker, was honored at a come and go bridal shower Wednesday, October 29th, in the lounge area of Della Plains School.

Mrs. Randolph teaches the four year old migrant kindergarten class. Guests registered in a

white embossed bridal book. The serving table was covered with white Spanish lace, centered with a hollowed pumpkin holding an arrangement of russet and gold mums. Gold colored napkins and gold colored fruit punch carried out the autumn decor. A plate of decorated tea cakes, and roasted pumpkin seeds were served the honoree and

visiting teachers. Mrs. Mary Martinez, Mrs. Pat Gonzales and Mrs. Joyce Williams alternated in serv-

ics. They meet now Septem-A bookcase was presented ber through May, once a the honoree by hostesses month and other teachers. Mrs. Moore was the club's

first president and each member looked forward to heading the club. But then it seemed population was on the "boom" for every president became an expectant mother after she took office and it got to the point that no one wanted to be club president.

Despite this, the club thrived. It had many projects. Members provided hot lunches at school for under privileged children part of the school year; awarded a scholarship each year for a worthy senior girl; recognized outstanding boy and girl in each grade scholastically; contributed to Girls Town; sponsored a Brownie Troop and helped the Girl Scouts when called upon; contributed to equip-ment for Della Plains cafeteria; packed boxes for service men; and participated in organizing the library.

One of the club's big money making projects was the annual style show, however, this has been dropped. Each year it became a bigger production, requiring more work and money on the part of club members, even though they enjoyed "whipping" it to-

gether. In 1957 the club started naming a Floydada women of the year. This was a very secretive project with only the committee working on it, knowing who the woman would be, and of course close members of her family, so they could be present.

The person to be given the honor, was usually invited to the gathering as a guest. It was left up to family members to see that she was

On the program were Mrs. Glover read the poem "Paul Revere's Ride

showed a map indicating oute from the old North Church at Charleston to Lexington, and to the bridge at Concord. She also told how the Redcoats, from their Boston headquarters, set out on a secret mission to capture two leading patriots, John Hancock and Samuel Adams at Lexington, and to seize guns and powder stored by the Colonists at Concord. re's ride warned the

"Concord Hymn" by Ralph

99°

Waldo Emerson, telling how the Redcoats marched into Concord and were met by angry farmers with muskets and shots waiting for them. This poem pays tribute to those minutemen whose courage and devotion to country set an example of patriotism that Americans have followed for two hundred years.

The poem "The Oregon Trail" by Arthur Guiterman, was given by Mrs. Bertrand. The poem tells of how thousands of Americans broke all home ties during the 1840's and in covered wagons went westward over the Oregon Trail to the Pacific Northwest. The people were a very important part of America's Westward movement. The very name - Oregon Trail has come to signify the hardships, perserverance, and the determination of those courageous pioneers who pushed America's boundaries to the Pacific.

After the meeting adjourned, refreshments were served by Mrs. Stewart to Mmes. Bob Alldredge, Wm. Bertrand, Allen Bingham, Wilson Bond, Floyd Bradley, Leon Ferguson, Garland Foster, Kyle Glover, Floyd Lawson, J. P. Moss, W. O. Newberry, Vernon Parker, George Springer, Fred Stewart and A. L. Wylie Jr.

Next club meeting will be December 2 for a Christmas program in the Bob Alldredge home.

DONNA POWELL ENLISTS IN U.S. AIR FORCE

Donna Lou Powell, daughter of Mr. and Mrs. Tillman S. Powell, Route Q. of Lockney, Texas, enlisted on November 4, 1975 in the United States Air Force, according to Sergeant Bob Mason, local Air Force Recruiter.

Donna Lou Powell was a May, 1975, graduate of Floydada High School, Floydada, Texas. She has departed for Lackland AFB, Texas to undergo six weeks of basic training, and has selected the General aptitude area. For information about the opportunities available in the United States Air Force, contact Sergeant Bob Mason at 4206 50th Street, Lubbock, Texas or call 762-7601 in Lubbock,

FLOYD DATA Mr. and Mrs. C. W. Denison visited Monday and Tuesday at Anson with her sister and husband, Mr. and Mrs. W. B. Parrack and in Post with Mrs. M. B. Johnston.

FLOYD DATA Mrs. A. B. Keim of Floydada and her daughter and son in law, Mr. and Mrs. Ham Smith of Clovis, New Mexico, attended services in Lorena Monday for Mrs. Keim's sister, Mrs. Harry Laughlin, who died Sunday in a Temple hospital.

Lockney 4-H Club met Monday October 27 at the Agriculture building. President David Foster called the meeting to order. Amy Shaw led the motto and pledge. Jill Whitfill called the roll in the absence of the secretary.

It was reported that \$150.00 was made from the Halloween Carnival for the county 4-H.

The County Food Show will be at the Lockney Elementary School cafetorium on November 10.

Kenneth Broseh reported on a training meeting for adult leaders in Brownwood. Photography leader Chuck Wilson discussed the photography projects starting Monday, November 3rd after school

Doyle Warren gave a program on parlimentary procedure.

Those attending were: Lori Jane Bayley, Byron Brock, Kyle Brock, Shawnda Brock, Earl Broseh, Sherese Cannon, Kara Carthel, Kim Carthel, John Cummings, John Fortenberry, David Foster, Jody Foster, Karyn Foster, Melanie Foster, Jerri Ann McCormick, Julie

Club of Lockney, in association with the National Children's Theatre touring company, will present the famous fairy tale The Emperor's New Clothes at 8:45 a.m., 10 a.m. and 2 p.m. on Tuesday, November 25 in the Lockney Elementary School cafetorium.

Il Penseroso Junior Study

Hans Christian Ander son's most colorful and charming story has been dramatized by Marion De-Pew Ostrander and staged with all the oriental charm and color of long ago China. Children will delight in the beautiful dances and colorful Chinese costumes.

'The Emperor's New Clothes" tells the story of a little Princess who had a most magnificent Emperor

Reecer, Gregg Taylor, Troy Turley, Laura Watson, Jill Whitfill, Libby Williams, Ty

Williams, Robin Hardy, Dana Poole, Ronnie Burk hammer, Randy Halahan and Dane Daniel. New members were: Nick Christian, Sheryl Perry, Shelley Sessom, Connie Coffman and Christi Poole. Also, Mr. and Mrs. Eddie Foster, Jerry Williams, Doyle Warren, Mrs. Bill Whitfill, Chuck Wilson and Mr. and Mrs. Kenneth Broseh. One visitor, Christy Vincent.

Beta Sigma Phi Style Show

The Beta Sigma Phi City Council of Plainview, Texas will present a highly fashionable style show November 13 at the Plainview Country Club beginning at 8

Only a limited number of tickets will be available to the style show. Tickets may be secured by calling any member of the Plainview Beta Sigma Phi Sorority, at Gabriel's and Hair Unlimited, or by calling 293-5056, 296-5103 or 293-4814.

Money obtained from the style show will be divided equally among the six chapters of Plainview Beta Sigma Phi, and will be used by them to support their various chapters service enjoy an old-fashioned fellowship luncheon in the First Baptist Church parlor.

For further information contact Mrs. Les Ferguson, Mrs. Sid Thomas, Mrs. Harmon Handley, Mrs. V. H. Kellison, Mrs. John Jenkins or Mrs. W. A. Stewart.

projects. Theme for the show will be "Fashion - the Total Picture." Every facet of fashion from casual wear to the most dressy and expensive of furs will be shown, for every member of

the family.

The show will be divided into seven scenes, Sportfolio, The Classics, The Great Cover Up, Jeans Scene, The Softies, Bicentennial and Wrapped for Christmas. Total models for the seven scenes will be 35. This style show will be directed in the same manner as the style shows are when presented to buyers at the apparel market. This method means more movement, more clothes and less talk. A show will move much faster and be more interesting this

way. Dickie Perkins a buyer

... As it looks from here

By Congressman Omar Burleson

WASHINGTON, D. C. WISHFUL thinking seldom pays off but there are indications that political and economic conservatism is manifesting itself across the Country to a greater degree than has been the case in recent years.

AT the moment it is widening the breaches in both political parties. In the months ahead this division may become more evident and highly visible.

NATIONALLY, most liberals continue to talk in favor of big government, bigger spending, with no turning back. But some liberal Governors and Mayors are seemingly beginning to respond to public sentiment against massive bureaucracy, uncontrolled deficit spending, and government intervention.

ONE example recently surfaced was a statement of the Governor of Wisconsin, a liberal in an historically liberal area. He said, "We are beginning to recognize that there are limits to what government can and should do. The day is past when a Wisconsin governor can The Floyd County Hesperian

present a budget which is nothing more than a catalog of goodies offering a little something for everybody." The Governors of California, New York and Massachusetts are saying things similar. The governor of Colorado has been quoted recently as seeing the U.S. heading for an "economic Dunkirk" if it doesn't return to economic prudence.

IT will be interesting to see if and when this grass roots stirring takes hold in Washington. There is some discernment that the liberal element in the congress may be showing a concern for the fiscal condition of the Government. A few days ago a U. S. Senator addressed the Liberal Party of New York. He is quoted as wanting to know from that group why liberals aren't doing something "about a government so big, so complex, so expensive and unresponsive that it is dragging down every good program we've worked for?" 'Yet," Senator Muskie who has pretty good liberal credentials, warned, "we stay away from that question like it was the plague -- we know that government can do much to improve the lives of every American. But that conviction has also led us to become the defenders of government, no matter its

mistakes."

A top advisor to both Senators Humphrey and McGovern gives this unorthodox liberal advice: "The first 1,000 days of a new democratic presidency should include a ruthless reexamination of every federally funded administrative agency and pro-

STRAWS in the Wind? --Yes - Only that they are where they haven't been in a long time. There is plenty on the other side too. For instance Republican Senator McC. Mathias of Maryland said last week that he may become a Presidential Candidate to give liberals in the Party a choice they will not have otherwise.

AS mentioned in this space last week, the President has thrown out a challenge which this Congress can not ignore. The procedures for reaching the goal of reducing taxes and cutting Federal spending by an equal amount, are admittedly a problem but a lot of people want it done. Maybe the Congress is getting the message. Reduction in expenditures should come first and then a tax cut but this is not the specific point here. The point here is - have we reached the time when people are ready to choose between more government

spending and high taxes or less spending and lower taxes? The issue might even be more dramatized by the question as to whether we want independence - free

good neighbor, State Farm is there.

The U. S. Feed Grains

A total of \$1,430,947,000 came to 25 High Plains counties in cash receipts from farm sales in 1974, down from what probably is the all-time high of \$1,799,103,000 from 1973 sales.

The totals were put together by Plains Cotton Growers, Inc., to make stops in England, for the 25 counties represented by that Lubbock-based cotton Spain, Holland, Germany, producer organization, using as the source a statewide report from the Texas Crop & Livestock Reporting Service.

"The facts in this report emphasize the tremendous wealth category, but was second to Hidalgo County on a statewide that is agriculture in this area," notes PCG Executive Vice basis. President Donald Johnson, adding "and the figures are even world's only source of new wealth.

The Texas totals for 1973 and 1974, respectively, were three spots by Gonzales and Hopkins Counties. \$6,885,321,000 and \$5,999,942,000. The High Plains contribution to the State total for the two years came to 23.8 percent

of the top ten income producing counties in the State for 1974. Leading the State in 1974 farm marketings was Hidalgo County, with a total from crops, livestock and government some 1972 production. payments of \$203,121,000. Deaf Smith, Parmer, Castro, Hale, occupied the second through eighth spots, respectively.

seven of the top ten. Parmer County led the Plains area in this returns for 1974.

State-Wide Wheat **Meeting In Amarillo**

world

Wheat producers, staggered by one of the most complex production and marketing years in history will converge on Amarillo for two days of situation fact finding and "crystal balling" relative to their plight in the future on November 20 and 21, according to Leo Witkowski, Hereford, President of the sponsoring Texas Wheat Producers Association.

Jack King of Lubbock, GSPA-TGSPB research di-

rector; John Baumgardner,

animal nutrition specialist

from Texas Tech University,

Lubbock and Dr. Lloyd

Rooney, cereal chemist from

Texas A&M University,

The seminars will focus on

countries because of its

very low in tannin, compar-

College Station.

The Thursday, November 20th "Wheat Symposium" is held in cooperation with the Texas Agricultural Extension Service in Districts I, II and III -- Amarillo, Lubbock and Vernon. A platoon of specialists will delve into "Alternatives for Meeting the Production Costs Crisis" from the standpoint of "on-the-farm" decisions that might be made relative to varities and hybrids, weed control, disease prevention, insect programs, fertility management, agronomic practices and marketing alternatives, Witkowski said.

The Friday, November 21, Texas Wheat Producers Association's twenty-fifth Annual Meeting will aprise "off-the-farm" activities and influences that affect farm prices and income, the association president pointed out. Dr. Roland Knutson, Extension Economist from the Texas A&M University campus in College Station

will keynote this session with a look at "Public Policy and Marketing Strategy for

the Future" at 10:00 a.m. Mr. Joe Halow, Executive Vice President of Great Plains Wheat, Inc., an internationally recognized wheat market development leader who supervises U.S. wheat producer-supported programs in Latin America, Europe and the Middle East from his Washington D. C. headquarters will follow with a discussion of "The Changing World of Wheat."

The wheat farmer's own elected leader as Vice President of the National Association of Wheat Growers, Mr. Don Crane, a wheat producer from Wright, Kansas will present "The Challenge Ahead For Wheat Producers." Mr. Crane has gained the reputation as one of the countries most outspoken and articulate critics of shenanigans of government, trade, labor and consumer advocate officials in interfering in farm production, marketing and policy matters influence ing producer income -- such as, bans on loading export grain, embargos on sales and unfounded statements such as the "Dollar Bread" scare. Crane was elected to his current national leadership post during the NAWG convention in Amarillo last

Lockney Locals

Mr. and Mrs. Glen Worsham, Amy and Robert from Burleson, Texas spent last weekend with Glen's parents, Mr. and Mrs. George Worsham.

Mr. and Mrs. Frank Brown returned November 5 from a week's visit in West Chicago, Illinois with their daughter and family, Dorsey Lynn Bakers. While visiting there, Mr. Brown was invited to school to speak to the first grade class of which his granddaughter Kari is a student. The class study was on the state of Texas. Mr. Brown explained the days of ranching in this area and

displayed the Brown branding iron and early day barbed wire, spurs and other items of interest to first graders. Brown dressed in cowboy hat, boots and cowboy attire.

Mr. and Mrs. Will Martin of Floydada, Jesse Martin, Jesse Jr., Ricky, Phillip. Brian and Jennifer of New Deal, Mr. and Mrs. Bobby Martin, Bobby Jr., and Angie of Woodrow visited and had dinner Sunday, November 2, in the home of Mr. and Mrs. Huford Sue, Chris, Carisa and Glenna. The occasion was the birthday of Will Martin.

T.S.T.I. Classes To Start Soon

Classes in typing, book keeping, shorthand or speedwriting are to start in Floydada soon. Classes will be taught by Jackie Chadwick in the Floydada High School. A minimum enrollment of 12 is needed for each class. Anyone interested please contact Kathy Green Community Action, 983-3134 or come to the Multi-Purpose Service Center in the Della Plains School

4-H Food Show The Floyd County 4-H

Food Show will be held in the Lockney Elementary leaders. School cafeteria Monday night, November 10, a culmination of 28 young people's efforts the past two months in their Foods and Nutrition Program. Participating will be 20 young people from the Lockney and Lone Star 4-H Chapters and eight from the Floydada and Dougherty 4-H Clubs, In the Junior I Division, which consists of the younger members, will be eight girls and two boys, including Liby Williams, Shawnda Brock and Karyn Foster; also Earl Broseh, Ronnie Burkhammer, Kim Carthel, Jerri Ann McCormick, Amy Shaw, Barbara Moore and Robin Hardy. Adult leaders are

Nancy Carthel. The Junior II group of girls are Melanie Foster, Melody Wiley, Roxanne Ford, Lori Bayley, Kara Carthel and Kristi Edwards. Their leaders are Charlotte Brock and Jackie Holt.

Barbara McCormick and

The Senior girls are Rise Taylor, Jill Whitfill, Darlene

commit a turnover in the

contest. Tenacious defensive

play and great passing in the

first half proved to be the

major factors for the JV,

who rolled to their fifth

consecutive win of the

first downs and held Dunbar and the Winds did not

to just six. Floydada

completed three of eight

passes for 77 yards, while

the Panthers were able to

complete three of seven

aerials for just 35 yards.

Dunbar had two turnovers

Broseh, and Stephanie Turner with Juanita Broseh and Murlene Whitfill as adult

Educational objectives of the foods and nutrition program are to help 4-H members to understand the science of nutrition and food preparation; to understand the signs of good health and food needs of different age groups; to develop good eating habits; to develop skills in buying foods and in planning nutritious meals.

Theme for the 1976 County Food Show is "Heritage Foods." The food exhibited will follow a theme such as "A common food of early America" or any recipe handed down from an ancestor or other early American recipes.

There are four categories in which a 4-H member may enter: breads and desserts; main dishes; side dishes; and snacks or beverages.

All food must be prepared by the contestants prior to the Food Show and the contestants will provide all equipment and supplies they need to set up their display. The contestant will exhibit a serving dish containing the entire recipe. The contestant will serve the judges a taste when instructed, and they will be judged on this phase of the food show.

The contestant will be allowed a width of 24 inches to display her dish and it will also be judged on the attractiveness and appearance of the display. They will be allowed to set up their places at a scheduled time prior to judging. The recipe and a day's menu prepared by the contestants will be exhibited along with the actual prepared food.

The contestants will also be judged on the knowledge of good nutrition and actual knowledge and preparation of their recipe. The winner on the county level will attend the district food show on the Texas Tech Campus

in Lubbock. District winners will advance to the state show. (The state show is limited to senior members only.) Individual gifts and food show award pins will be awarded to each first place. winner in Junior II and ach contestant at the county level.

Time schedule for the event Monday night will be 6:00 to 7:00 p.m. Display area open for the displays to be set up; 7:00 to 8:00-Judging; 8:00 to 8:10-Contestants prepare display for public viewing; 8:10 to 9:00-Food Show Presentation of Awards; Public Viewing of Food Exhibits and Picture taking time; 9:00 to 10:00 is the Tasting Party with the public invited to attend and 10:00 p.m. will be clean up time. Cookbooks of the prepared menus will sell for \$1.00 and will be available at the food show.

AUSTIN-November has been designated Food and Fiber Month in Texas.

" in support of

In Thursday's October 16, 1975 paper a report on Council raised rates and salaries. Well, We, a number of widows and other people are very much against such raises in our electrical and sewer or any other bills.

We took the water bill and have tried to go on. But the time has come that we just cannot pay and pay higher bills. There is a limit to everything. We all live on a very close budget, and our small checks do not allow any more. So we are tired of being dictated to like some foreign countries do We say (Free America) we wonder where it went. We all

know where it went. They instructed the city manager, Mr. Feuerbacher, to get a full time tax assessor-collector for the city and Mackenzie Water Authority Tax department. So he or she can run the city tax up too. School and county sure put it on. Also, the Mackenzie water this year. And if our salaries were upped as often and as much as these city-county and courthouse people are, maybe we

could live and pay such bills. But we have to help pay theirs. Not very many of us are able to work and if we were we couldn't find any. Not even a baby sitting job as the Day Care Center gets

all of that. And they are always asking for something. Our homes are in jeopardy for we do not know how much longer we can maintain them.

There is always a complaint of people not buying in Floydada. Some of us do not have the money to buy anywhere by the time our bills are paid. There is none left to shop with.

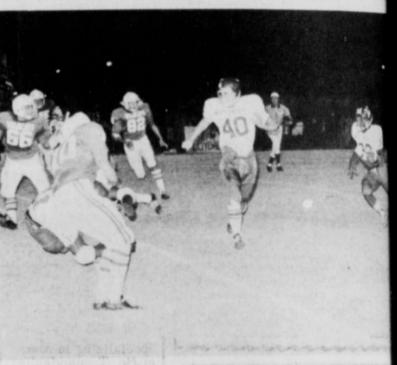

I wish all of the council could have heard a program on radio Wednesday morning, October 29th. You would have learned what other people think of over-spending in your towns and then putting the debt on your towns people. this comes from out of Floydada. We say Amen.

V. Herrera

Services for Victoriano Herrera, 77, were held Saturday in the St. Mary Magdalen Catholic Church in Floydada at 10 a.m. with Father Richard Casey, officiating. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Herrera died at 3 a.m. Thursday, November 6, in Central Plains Hospital. He moved to Plainview several months ago from Floydada to reside with a daughter.

A native of Texas, Herrera was born March 23, 1898, and was married to Margarita Melcher on November 29, 1921 in Gonzales, Texas. The family moved to Floyd County in 1960 from Hale Center.

Herrera was preceded in death by his wife November 29, 1969,

He was a member of the Catholic Church.

Survivors include two sons, Simon Herrera and Victor Herrera, Jr., both of Floydada; six daughters, Emilia Jasso of Old Mexico,

Pattern System To Be Introduced

Roger W. Burke, internationally known Fashion Designer Stylist, will be here in this area to introduce the newly developed Sunburst Pattern System with two-hour instruction classes.

Mr. Burke has been in the fashion business many years and has designed clothes for such well know labels as Hollywood Casuals, Brooks Industries, and a division of Jonathan Logan. For the past five years he has been teaching home seamstresses his simple methods of commercial pattern adjust-

Mr. Burke realized that too much time is spent on altering a pattern, yet without a good fit, the most professionally sewn garment is nothing better than an ill-fitting readymade. It was for this reason he was so impressed with the Sun burst System when he first became acquainted with the developers. They had spent many years gathering statistics on why large groups of intelligent home seamstresses were unable to get satisfactory garment lit without spending many frustrating hours on altera-

First, they found fitting of the conventional pattern requires basic engineering techniques.

Second, ladies are led to believe that garment making is primarily a manual skill and are trained accordingly.

Third, most ladies who sew are already aware of hese problems, but don't know how to overcome

The developers of Sunburst knew that in order to overcome the problems they faced, engineering had to be taken out of pattern fitting and time consuming alterations on the finished garment had to be eliminated. At this point the idea for the Sunburst Pattern System was born.

Mr. Burke contributed many of the ideas that have been used by the creators of this new concept. The system has been tested on those who knew nothing about sewing, on beginners and experienced seamstresses. It was released in July, 1972, and yet in such a short period of time has gained national recognition. They have been able to devise a way of drafting patterns which enables the seamstress to shape the pattern to individual body requirements as it is being drafted. A complete collection of basic patterns and current fashions has been worked out. The system was first presented in California, but has now reached into every state in the country, including Alaska and Ha-

Mr. Burk has combined his introduction of Sunburst with his own instruction on the alteration of commercial patterns and will present the entire program in Floydada, Monday, November 10, at the Kings Restaurant, 302 E. Houston and in Plainview, Tuesday, November 11, at the Shelter House, Broadway Park. Class times begin at 10:00 a.m., 1:30 p.m. and 7:30 p.m.

Watch your newspaper for display ad with full information. A lecturer's fee will be charged.

Mary Bellegas of Phoenix, Arizona, Ynez Juarez, Houston, Beatrice Barrera of El Campo, Texas, Margaret Sanchez, Plainview and Gloria Savozas of Oklahoma; 42 grandchildren and eight great grandchildren.

Never use a stain remover until you test the cloth for the remover's effect on color. What One Person Can Do

A college professor accepted a challenge from his students and exchanged his classroom for a patrol car. As a result, hundreds of trainees are gaining insight

Sunday, November 9, 1975, Page 12 into the demands of police

Dr. George Kirkham, a criminologist at Florida State University, explains that he often found himself arguing with his students, many of whom were policemen. "They would say that I had no idea what the cop's problems are like," he recalls, "that I never really cared enough to find out. One night during a heated

debate, they threw down the challenge. Afterwards I went home and began thinking about it. I realized that if I really wanted to understand what the policeman's world is like, the only

way was to become a cop. With the encouragement of a sympathetic lawenforcement and administration in Jacksonville, Professor Kirkham completed training and became Patrol-

The Floyd County Hesperian

Describing the police as man Kirkham. Two years one of the most beleaguerlater, with tremendous ed minority groups in the support from his fellow country," Professor-Patrol-man Kirkham says that officers, he combined his classroom theories with his practical experience and created a series of innovative training films. Police officers themselves "star" in dramas which demonstrate ever done. the complexity and strain of For a free copy of "Just daily police work and how Law and Civil Order," send a best to be "fair" in dealing stamped, self-address envewith people.
