First-place winners in the Junior II division were Kara Carthel, Melanie Foster and Jill Whitfill of Lockney and Kelli Ferguson of Floydada.

Junior I winners (who do not advance to district competition) included Shawnda Brock, Amy Shaw and Libby Williams of Lockney and Shele Morris, Floydada.

The district food show will be held December 6 in the Coronado Room of the University Center at Texas Tech University, Lubbock. Theme of the district show will be the same as the county show—"Heritage Foods." The public is invited to the district awards program, scheduled at 2:30 p.m. December 6.

Judges for the county show were Miss Paula McNeese, Mrs. Rosetta Moore, Mrs. Mickey Owen, Miss Jeniece Robertson, Mrs. Connie Smith, and Mrs. Pam Steen, all senior foods and nutrition majors at Texas Tech.

County Extension Agent Sharon Hillis announced the awards, which were furnished by the Floyd County 4-H. First place winners received Wilton-Armetale pewter pieces. Each

participant received ribbons, completion certificates and individual gifts.

Chairman of the 4-H Food Show committee was Mrs. Charlotte Brock. Co-chairmen were Mrs. Jackie Holt, Mrs. Juanita Broseh, Mrs. Barbara McCormick, Mrs. Nance Carthel and Mrs. Nita Marble.

Sub-committee chairmen included Mrs. Elaine Hardy, publicity and public relations; Mrs. Sharon Hillis, judging and scoring; Mrs. Barbara McCormick, facilities; Mrs. Jackie Holt, decorating, registration and programs; and Mrs. Ann Foster, refreshments.

The county show "Heritage Foods" recipe books, containing the recipes of dishes prepared by the participants, are still available to the public at \$1.00 per copy. Mrs. Murlene Whitfill is in charge of recipe book sales.

The recipe books were compiled by Mrs. Letty Santos and Mrs. Barbara Bullock. Stencils for the books were typed by Mrs. Linda Lemons, Mrs. Nita Marble and Mrs. Glennia Ross.

### Chamber Manager Attends Rural Industrial Development Course

Floydada chamber of commerce manager Doug Frazier was at Texas A&M last week attending a course on rural industrial development.

Frazier reports: "The Rural Industrial Development Course, sponsored by the Texas Industrial Commission and the Texas Agricultural Extension Service of the Texas A&M University System is designed to provide local industrial developers a practical outlook and methods approach to attracting industry in rural areas."

A workshop was held from November 4 to 7, 1975 on the A&M University campus. Prior to the workshop session, students completed a ten week study course and lesson program to prepare for the week long seminar.

The workshop and study program included courses in Industrial Development Rationale, Financing, Industrial Prospecting, Data Collection, Industrial sites, Labor and Market surveys and Community Development.

Students practiced prospect development by conducting actual business negotiations with company planners.

The Floydada Chamber of Commerce will begin its Industrial Prospecting program for 1975 on Tuesday.

November 18. Persons associated with Floydada Industrial and economic committees will hold a planning conference in order to prepare materials and information for manufacturers. The meeting will be held in the 1st National Bank Community Room at 7:30 p.m. on November 18.

## Whirlwinds In Light Practice

Whirlwinds are deserved rest as they prepare for bi-district district or 22nd of November. Quarterback night. "If the kids have emotionally as I have, Linda worked down. I'm told we have an open date

at this time. We really don't know how to prepare for bi-district this week, because the 3-AA district could still end in a three-way tie.

"To my way of thinking, making the playoffs is a reward for a season of hard work and I don't want to make it anything of drudgery. We won't have any actual hard workouts, just

polishing drills and things like this. Once you get here, it's something you should enjoy, even in workouts."

Floydada will carry a 6-3-1 ledger into the playoffs, and this marks the seventh time in Wilson's eight years here that the Whirlwinds have shared or won the league crown and the fifth time they have represented the district. Only a 7-3 opening season (1968) and then 1971 and 1975 co-champion teams failed to make the playoffs.

I think this team compares favorably offensively to any I've had. But, defensively, we're way behind. It just hasn't come around.

"We had a lot of kids hurt in the middle of the season (losses to Post, Olton and Levelland and a tie with Littlefield). Our main concern was getting them back; we're fortunate they happened right at the start of district.

"When we got tackle Leslie Soto back, it seemed to make the whole attack better. He's opening holes for Kelvin Ratliff to run inside. Ratliff has good speed to go outside and running inside just opened up a whole new dimension for us.

"The development of the offensive line: That's really been the thing that has pulled us through."

The offensive backfield has come to life in district, too. Every back has gained at least 100 yards in one game, and Ratliff has gone beyond 200 yards three. He will take 1,621 yards rushing into the playoffs.

Wilson admits he'd like another chance at Olton and feels his team is of the same mind. "We feel we played one of our worst games against them. We were humiliated (32-7). We would like the opportunity to prove we're capable of playing better football."

He will know this weekend what team he will be playing in bi-district. An Olton win over Dimmitt would bring about that Mustang-Whirlwind rematch.

### Whirlwind JV Plays Coronado Today

The Whirlwind Junior Varsity football team will be playing Coronado in Lubbock this afternoon at 4 o'clock. The Whirlwinds are 5-1-1 for the season and this will be their last game.

## Todd Denton Wins Football Contest

Todd Denton, 122 J.B. Avenue missed only three games in last week's football contest and will receive the \$7.50 first place prize.

Second place recipient of \$5.00 is Kenneth Cox, 312 W. Hallie. He also missed only three of the 24 games.

Billie Moore, Box 191 receives the third place \$2.50 with four misses.

The tie breaker Idalou-Floydada game was used to determine the first three winners. Total score was 35.

## Estacado Tennis Team Saturday

The Estacado tennis team will be playing FHS netters this Saturday with the first matches scheduled to begin at 10 a.m.

About a month ago when the Floydada team played Estacado in Lubbock, they came out loser and hope to reverse that day's play here Saturday.

Coach Raymond Jones reports that four of his girl tennis players will be unable to play Saturday due to a basketball tournament.

He said he would be playing the following netters: Elizabeth Farris, Donna Reid, Tracy Tyer, Kara Copeland, Keith Tooley, Alonzo Gonzalez, Tracy and Theis Brown, Pat Miller, Todd White, Bobby Whitaker, Greg Carthel, Mike Bean and Zane Zones.

Coach Jones said he also had matches scheduled with Brownfield December 6.

### NEWSPRINT HIKES SEEN WHILE PROFITS SOAR

Last spring union members in Quebec and the Atlantic provinces asked for a \$2 per hour wage increase. The Canadian Pulp and Paper Association says wage increases would be a major factor in any newsprint increases. But no one would speculate how high prices would jump. The last increase, in January, boosted prices an average of \$20 a ton. For the year ended December 31, Domtar Ltd. announced net earnings of \$82.5 million, up from \$40.6 million the previous year. Consolidated-Bathurst Ltd. was another to show sizeable profit while increasing prices. Their 9-month statement last fall showed net earnings of \$35.6 million compared to \$12.3 million for the corresponding period in 1973.

CONFESION IS GOOD FOR THE SOUL . . . and I confess I should have gone to the City Council meeting after the Quarterback Club meeting Monday night. Even with all the problems the Council pitches around, it still would have been more enjoyable than watching the Cowboys lose to Kansas City. That game just "wore me out."

I GO TO THE QUARTERBACK CLUB meetings because I enjoy seeing the game film and hearing Coach Wilson explain the game in detail. He is always good to ask for questions. I suppose the biggest crowd this year was at the Monday night Quarterback Club meeting . . . and rightly so, we had the district championship to celebrate. Some woman brought some gingerbread cake that was delicious.

I am appreciative of Jerry Thompson and Tommy Cathey for their good work filming the games. Recently, the Club has paid extra to have the films in color . . . and they have been interesting to see.

AT THIS POINT it is just almost impossible to say where and when on the bi-district football game. We have learned that Hart already has the Plainview stadium reserved for next Friday night.

All we can say at this point is, we'll hold out Sunday edition until we can get complete details . . . following the Olton-Dimmitt game Friday night.

### Teresa Duvall To Compete For FB Queen

Miss Teresa Duvall of Lockney will represent 16 counties in this area at the Texas Farm Bureau Queen Contest December 1 at the Convention Theater in San Antonio.

The daughter of Mr. and Mrs. Tom Duvall, Teresa will compete with 11 other district winners for the state crown. She is reigning Floyd

County and District 2 Queen.

Selection of the 1976 Queen is one of the activities scheduled for Texas Farm Bureau's 42nd annual convention. The state winner will receive expenses for herself and a matron escort to attend the American Farm Bureau Federation convention to be held in St.

Louis January 4-8.

The brown-eyed, brown-haired Miss Duvall is a 17 year old senior at Lockney High School. She is also employed as a sales clerk at Brown's Department Store. In high school, she is a twirler in the band, FHA officer, FTA president and active in speech. Other

### What One Person Can Do

How does one man become an institution? Bob Keshan isn't sure, but after 20 years on television he has become one. Children know him as Captain Kangaroo.

In 1955, a new children's television program started. Its setting was a Treasure House - part museum, part curiosity shop - where a soft-spoken gentleman in a captain's hat served as a guide. He had pockets as big as a kangaroo's pouch, and he pulled all sorts of wonders out of them to show his friends, Mr. Green Jeans, Bunny Rabbit and Mr. Moose.

Millions of homes and hearts welcomed "Captain Kangaroo." The man who gave up law school to spend eight years as Clarabelle the Clown on "The Howdy Doody Show," does not regret his career choice. He views himself as a "communicator." He says, "I will not draw the line between education and entertainment. A good educator is one who communicates in an entertaining fashion." There's nothing mutually exclusive about education and entertainment.

Why such lasting appeal? "In those days," the Captain recalls, "we believed very strongly and very simply that children, number one, are intelligent human beings. And number two, being every bit as important as number one, that they are of potentially good taste. And as producers, we should cater to the intelligence of the child and seek to develop

that good taste." "And," he continues, "we're still doing the same thing although we may be more sophisticated technically. We still feel the same way about children."

Twenty years later, children and grandchildren still feel the same about the Captain.

Floyd Philosopher

Always send the people to the President's office

The Floyd Philosopher on his farm comes up with a week. He may even be

They have quieted down and all the ministers have said all they can do is to get the country, I have

Another and a lot safer and doing it. Like it is, the Air Force One, which I think is \$3,000 an hour to operate, behind his plane is carrying reporters and camera men and 30 or 40 Secret Service members and for all I know, the plane making sure the President is safe. I don't know if any of the Secret Service members are carrying guns, but I think they are. I think they are carrying guns. I think they are carrying guns. I think they are carrying guns.

After the President has delivered his speech at some hotel, he comes out and starts shaking hands with the people pressing against the rope barriers or the steel fence. His conversation with the people consists of saying "hello. Glad to see you," or "How are you?" with no chance for you really to tell him how you are. He doesn't know whether you have lumbago or a suggestion on how to help New York.

Here's where my suggestion comes in. Don't fly the President to the people. Fly the people to the President. If he wants to know what the people in Detroit are thinking, for example, pick out a small cross-section of the people there, search them thoroughly, and fly them to the White House. Next week pick Chicago, then Los Angeles, then Peoria, then New York for the time being.

If, as some pundits claim, television exposure is really what a President is after, I think the networks would be tickled to set up their cameras in the White House. Be a lot cheaper than sending them all over the nation.

For one-twentieth of what the present system is costing, with all the assassination dangers eliminated, the President can sit in the Oval Office or around his swimming pool and find out what the people are thinking. You might be working up a list of people from here who ought to go.

Yours faithfully,  
J.A.

## Mary Ann Morales Attends Catholic Youth Convention

Mary Ann Morales of Floydada attended a National Catholic Youth Convention in San Antonio October 30-November 2, where future roles for youth in the Roman Catholic Church were being debated by more than 3000 Catholic Youth and sponsors from all over the United States, including Old Mexico and Canada. Theme for the convention was "Revolution '76": Youth Shaping a Human Future.

Mary Ann Morales

A dozen bishops and Catholic leaders assisted the special workshops covering such topics such as the role in the church today and in the future; individual rights and responsibilities; the family, schools, christian witness and human environment. Highlight of the convention was the "Hunger Banquet" which was held Saturday night, November

1, at the banquet hall of the convention center. Only half of those attending the banquet were served a meal. Those fortunate enough to receive a meal were asked to share their food with those who had none. This was to stress the point that to the hungry people, half a plate means a three days meal. Featured speaker at this banquet was singer "Vickie Carr" who was presented the "For God and Youth" award. Miss Carr was recognized by the National Catholic Youth Organization (NCYO) for her special efforts for the education of Mexican-American youth and for her participation on the National board of Muscular Dystrophy Association.

Mary Ann was among five of the Catholic Youth of this area elected to attend the convention by the area Catholic Youth Council members. She wishes to express her thanks to all those who helped make it possible for her to attend. It was truly a wonderful experience, she said.

## Friendship Club Elects Officers

Friendship Social Club held the election of officers at their regular meeting Thursday night in the home of Lona Sparks. Valree Turner assisted Mrs. Sparks with hostess duties.

Jewel Price was elected president; Lona Sparks, vice-president; Artie Webb, chaplain; Ethel Sawyer, musician; Dimple McGavok, marshal; Foy Gooch, reporter; Jewel Reeves, secretary; and Dorothy Reeves, treasurer. Following the business session a covered dish supper was enjoyed by Margaret Paschal, Grace Grundy, Artie Webb, Ora King, Ethel Sawyer, Jewel Reeves, Wanda O'Neal, Jewel Price, Valree Turner, Lona Sparks and three from Lockney, Dimple McGavok, Lillie Savage and Elvira Stewart.

## Della Plains Hero-FHA Install Officers

The Della Plains Chapter of HERO-FHA held their installation of new officers recently. Gloria Mercado was installed as president; Kathy Vick, vice-president; Nancy Robinson, secretary; Sandy Powell, treasurer; Dorothy Ledbetter, reporter; Simona Maldonado, historian; Kelly Helms, parliamentarian and Latrell Smith and Penny Spurlock, class representatives.

Dorothy Ledbetter, Simona Maldonado and Kathy Vick were announced "Students of the Month". Students are chosen on basis of number of points earned for various activities. Each girl was presented a red carnation.

Della Plains HERO-FHA sponsor is Miss Gean Christopher.

Dinner was served following the installation ceremony. Guests included Miss Mona Dean and Miss Kathy Burk.

## Look Who's Here

A son was born at 1:15 p.m. Saturday, November 18, in Central Plains Hospital to Mr. and Mrs. Dugan Pierce of Floydada. The baby weighed 6 lbs 6 oz at birth and has been named Jeffery Bryan. The mother is the former Tanya Anderson. Pierce is employed at Case Power and Equipment. Grandparents include Mr. and Mrs. Henry L. Gaither and Mr. and Mrs. Neil Pierce of Floydada. Great grandparents are Mr. and Mrs. S. W. Williams, Amarillo; Mrs. A. W. Anderson, Mrs. Betty Patterson and Mr. and Mrs. J. M. Pierce, all of Floydada.

A baby daughter named Anna Marie, was born October 26 to Mr. and Mrs. Waitt Warren of Lewisville, Texas. The mother is the former Patsy Zgabab of Floydada. The baby weighed 8 lbs., 1 oz. at birth.

Grandparents are Mr. and Mrs. C.E. Leatherman of Floydada and Mr. and Mrs. James Warren of Lubbock.

Great grandparents are Mr. and Mrs. C.M. Leatherman, Floydada and Mrs. Ollie Vail of Bryan. Mrs. M.E. Leatherman of Mineral Wells is a great great grandmother.

blow for the family. Things are brighter at the Vick home now tho. One day last week, Mrs. Vick opened her door to a knock and found women from her church, City Park Church of Christ, laded down with packages of vegetables for the deep freeze. Mrs. Vick said not only did they fill the deep freeze, but the freezer portion on the refrigerator as well. "We thank these women from the bottom of our hearts, and where else but in Floyd County could you find this 'good neighbor' attitude," Mrs. Vick said.

OLD-style family doctors-the "cradle to grave" breed-are staging a comeback, says a Brush, Colorado physician. Already in Illinois there is a general practitioner who is over 70 years of age, conducting a free clinic and medical dispensary in a large, downtown store-front property. Fellow doctors and pharmaceutical houses contribute equipment and drugs for the clinic. Local banks supply funds to buy coffee and doughnuts for patients in the waiting room. Women volunteer their services as practical nurses, receptionists and file clerks. The doctor said "if the patients can't come to me, I go to them."

SOMETIMES its easy to overlook the good that is happening in America. Some headlines I've noted in the past several months include: The American standard of living remains by far the highest on earth; Middle class income has doubled in the last ten years; More people in the U. S. are employed than ever before; Food Supplies are costly-but plentiful; Students are turning to "constructive activism", by helping others;

## Study Club Program On Colonial Medicine

Members of the 1929 Study Club met in the home of Mrs. H. O. Cline last Thursday for a program on "Colonial Medicines. Mrs. Cline was program leader.

Mrs. J. M. Willson Sr., presented a part on Sybil Ludington, known as a Paul Revere in the American Revolution. Her father was Col. Henry Ludington. Mrs. Willson told of Sybil's ride April 26, 1776, carrying in her hand a wooden stick, more like a spear. She used this to hit the doors of dwellings to warn the people that her father needed them.

"Medicine in America in the 1700's and 1800's" was given by Mrs. Ian Moore. She spoke of early day treatments such as chewed up tobacco placed on a wound; sugar and a few drops of coal oil for coughs; saffras for gout and spring fever and asafetida worn

around the neck to ward off any diseases.

Mrs. Moore spoke of Captain John Smith, who didn't hold to doctor's remedies that all plaster would cure all ill. She gave dates of various events and said the first surgery for an ovarian cyst was performed in 1809.

Mrs. Moore showed a book, "Doctors of the American Frontier" by Richard Dunlop, which has been placed in the Floyd County Library by Mr. and Mrs. Ralph Johnston and their sons in memory of Dr. Lon V. Smith and the late Emma Louise Smith Johnston.

Present for the meeting were Mmes. H. O. Cline, J. A. Colston, C. W. Denison, Sam Green, C. M. Meredith, Ian Moore, S. W. Ross, Lee Rushing, Emma Lou Whitaker, Q. D. Williams, J. M.

## Mrs. Locke Honored

Mrs. Benny Locke, resource class teacher's aide, was honored last Tuesday with a surprise baby shower by faculty members of Duncan Elementary School. The event was held in the school library with faculty members, principal Bob Copeland and Mrs. Glen Jarnagin attending.

Acting hostesses were Miss Sylvia Ferguson, Mrs. Wesley Gentry, Mrs. Mamie Clark and Miss Pat Sinclair.

Refreshments of hot tea, hot chocolate, sandwiches and cookies were served.

Mrs. Locke was presented a corsage of baby socks entwined with miniature baby bottles and ribbon of green and yellow, along with individual baby gifts.

Unhappy memories of the Vietnam war are fading; There are indications that use of hard drugs is diminishing; Church attendance is on the rise again. All these developments, in general, is good news, however the headlines are often obscured by calamities.

A home economist from a Mexican Food Co., suggests adding a touch of Taco Sauce, hot or mild, to mayonnaise or salad dressing for a zesty addition to vegetable salads. The combination also serves well as a zippy spread for meat sandwiches.

**Bicentennial Symbol**

A star in any decorating scheme is a quilted pillow depicting the official symbol of our country's 200th birthday, particularly when it's one you've created yourself. The symbol is derived from the stars, stripes and colors of the American flag, in the form of a 5-pointed star in white, surrounded by continuous red, white and blue stripes, forming a second star to symbolize the two centuries of America's existence.

If your blankets are badly worn, you can cut out the bad spots and combine what's left to make one big blanket, which can now be used for the warm interlining of a quilt cover.

Omar Burleson, M.C., 17th District

WASHINGTON, D.C. - "PUBLIC OPINION" IS TESTED BY POLLSTERS on about every subject of what they perceive to be of national interest. Surveys and polls on everything from what the cat likes best to how well the President is doing seem to be a constant process.

ACCORDING TO GEORGE GALLUP OF THE GALLUP POLL, THE POLLSTERS are beginning to run into trouble and he says that there is a threat to the long-term viability of the profession. THERE IS NO DOUBT THAT THE CONSTANT

AND ALL-PERVASIVE SAMPLING of public opinion on matters of high national policy has, at times, distorted the political process. It has been suggested that people are being "turned off" to some of the opinion-takers who are surveyed because they believe their advice and opinions count for nothing.

THIS DOES NOT RELATE TO HOW WELL THE CAT LIKES A CERTAIN food or what the man or woman on the street may think about floor wax. The usefulness of opinions in marketing, if objectively made, is not disputed. When it gets into the political realm, however, samplings are another thing.

Policy-makers and those who must make weighty decisions are not to make them on the basis of what the pollsters say they find out. Decisions of this nature must be done by a process of persuasion and education that public opinion supports. There is no such thing as instant democracy which could, if carried to extremes, pervert responsibility. It could, in the extreme, represent an abdication of basic responsibility if decisions are made by the findings of the pollsters. Certainly, not all services of whatever nature are slanted towards a preconceived result but it might be nice if they would let us be surprised for once by the workings of our systematic processes. In some instances, it might be best that Government wasn't being told all the time what the "people" want so that it could better serve the people.

IN RECENT YEARS IT HAS BEEN THE PRACTICE OF POLITICIANS to run a survey on how well their election chances might be. Four years ago, a Congressman from Iowa had a survey conducted which told him he could not win a seat in the United States Senate. The poll indicated the incumbent Senator could not be defeated. The House Member's Administrative Assistant thought otherwise. He announced and was elected. Of course, this does not conclusively prove everything, with all the factors which may be involved, but it may prove something. LAST WEEK, THE WELL-KNOWN LOUIS HARRIS POLL, TAKEN

AMONG a nationwide section of adults, reports that a "massive 69-18 percent" of the American people favor Federally guaranteed loans to New York City. The question was conditioned on the premise, "... if New York City balances its budget."

THE LEADERSHIP IN THE HOUSE OF REPRESENTATIVES QUOTES the Harris poll and entered it into the Congressional Record. In their publicity they said, "There is little doubt that the American people are solidly in support of Federal assistance to New York City. The approach of guaranteeing future loans to the city by the Federal Government is viewed by the public as a much more preferable way of handling the financial crisis of that City than to allow it to default and go bankrupt." The poll, it is stated, was made in all regions of the Country - in cities, suburbs, towns and rural areas and among all age groups - Republicans, Democrats and Independents. In all fairness to the poll, it should be noted that the survey reports that Americans are willing to give Federal guarantees to the city only "under stiff and firm terms." Those stiff and firm terms are not very clearly defined and certainly they are not guaranteed to work. It should also be noted that the poll was paid for by New York State sources and was done in six days.

THIS IS THE SORT OF THING WE ARE URGED TO SUPPORT by reason of a pollster's conclusions. Our judgment is certainly not infallible but whatever opinion is reached will not be influenced by the Harris Poll.

Fed Cattle Prices To Continue Down

COLLEGE STATION - Despite lower supplies of fed beef and an increase in beef consumption, fed cattle prices will probably continue to decline during the next few weeks, predicts Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

Some economists feel that

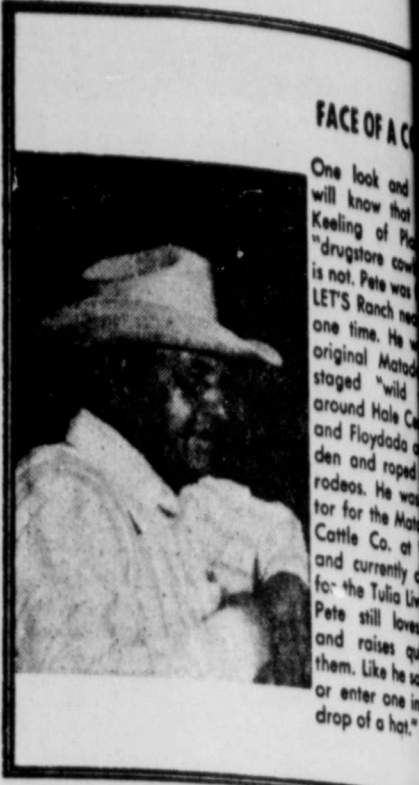

THIS IS THREE year old Ricky Head, who may not live to see his fourth birthday, which is February 19. Ricky has a malignant tumor on the brain and doctors give the parents no hope. Ricky's father is a police officer in Denver City, Texas. His salary does not begin to cover medical expenses. The insurance only covers one operation a year and Ricky has already had three since May and has to have one more right away. The family is very much in need of our prayers and financial help. Any donation is appreciated. There are donation jars in businesses around town or send donations to: Ricky Head Foundation, 412 S. 4th, Floydada, Texas 79235. increased demand will keep fed beef prices up as high as those of last summer, but Uvacek does not believe demand has changed much in the past few months.

"In July of this year Choice beef retailed for \$1.61 per pound. Prices now are about \$1.53 per pound, even though the increase in per capita beef consumption was only a small degree." The proportion of beef fed this year compared to the total cattle slaughter is at its lowest level in 10 years. The amount of Choice beef consumed, therefore, should also be correspondingly lower, points out the specialist with the Texas A&M University System. Grass-fed beef, however, will be in large supply for the rest of the year.

Uvacek says that unless high fed cattle prices are followed by high retail prices, the price of live cattle must drop.

Preliminary estimates of per capita beef consumption during the July-September period indicated about 30.3 pounds per person while the retail price for Choice beef was \$1.57 per pound, notes Uvacek. He predicts that per capita consumption for

the last quarter of the year-October through December-will go up to 35 to 36 pounds per person while retail prices will fall to \$1.49 to \$1.50 per pound. Much of this consumption will be from other beef rather than fed beef.

"It will be hard to keep fed cattle prices up with this large a gain in consumption," says Uvacek. "Remember, we consume all of the beef we produce. The only real question is at what

price will be general, higher in the short run, but higher consequently. "If nonfed is as high in November as to be, fed cattle go from there down to the next two

Saturday he suffered an infection and was taken back to the hospital, where at this time he is doing much better, and we hope he can be able to be back on his feet. Mr. and Mrs. Odell Mulder are residents of Albuquerque and were recent visitors here with his brother.

At the last District #17 Texas State Teachers Meeting in Lubbock, Mrs. Don Bean (Jane) of South Plains was elected district treasurer during the business meeting. Dr. Purkey, from Gainesville, Florida, was speaker at the Teachers meeting, and teachers from 17 counties attended the meeting.

Mrs. L. T. Wood from here went to Flomot on Monday, November 3rd to attend the Baptist Women's World Day of Prayer. There were 22 churches represented by 54 women that day and a salad luncheon was held during the noon hour at the Flomot Baptist Church.

Mrs. Lillian Marble was among the group who left Dallas October 22 to go on a tour of eight states, including Louisiana, Mississippi, Alabama, Georgia, North and South Carolina, Tennessee and Arkansas. They returned last Saturday and there were 33 on the tour who enjoyed the fall tour of southern states.

The South Plains PTA Halloween Carnival on October 30 was well attended, and everyone had a good time. Prizes for the best costumes in the pre-school group was won by Amy Green, and in the 1st-2nd grades, Penny Mulder won for best costume. In the 3rd-4th grades, Penny's sister, Cindy Mulder, was given the prize for the best costume, and several other prizes were given for original costuming. The PTA wishes to take this method to thank everyone who brought pies and cakes, and who helped in the different booths and rooms during the evening. Mrs. Nathan Mulder, who is PTA president, reports that there was enough made at the carnival to meet the costs for all school activities during the rest of the year even after the expenses were all paid. Some small goblins did appear around South Plains for trick or treat on Halloween night.

Mr. and Mrs. Sylvin Kinnibrugh left here Monday morning, after the rain, to go to Truscott where they helped to celebrate the birthday of Sylvin's mother, Mrs. J. A. Kinnibrugh. They spent couple days down there with relatives. Saturday and Sunday visitors here with them were her sister, Mr. and Mrs. W. S. Simmons also of Truscott.

Mrs. Arby Mulder and Mrs. Nathan Mulder went to Tulia Friday evening to meet Mrs. Jerry Taylor of Amarillo, and they got her children, Ronnie and Candy Taylor and brought them here for the weekend. Sunday evening Mr. and Mrs. Jerry Taylor and children from Amarillo came and picked up Candy and Ronnie and visited here with Mr. and Mrs. Arby Mulder.

South Plains Hobby Club members are meeting this Wednesday afternoon November 13 at 2 p.m. at the home of Mrs. J. P. Taylor. Mrs. E. J. Kinslow will demonstrate the making of hangers for plants, and the group will finish the rope horses which they made in last meeting. Gifts will be exchanged at this time.

Supper guests at the home of Mr. and Mrs. Kendis Julian Wednesday evening were her aunt and uncle, Mr. and Mrs. Otis Sandusky of Denver, Colorado, and Mr. and Mrs. Murray Julian. The Sanduskys were visitors Sunday morning at the South Plains Baptist Church.

Mr. and Mrs. Frank McClure left last Wednesday to go to Kermit where they visited her nephew, James Russell Newman, who lies critically ill in a Kermit hospital. He has been there six weeks suffering with a jaundice ailment. The McClures came home by way of Snyder and visited there with Mrs. J. E. Woodson and Mr. and Mrs. A. C. Newman.

Mrs. Ruby Higginbotham, who teaches at Lockney and drives back and forth each day, attended the Teachers Convention held at the

The Floyd County Hesperian

Lubbock Coliseum on Friday of last week. Teachers from 17 districts attended and around 5,000 were in attendance.

Mrs. Eddie Branch, sister of Mrs. Frank McClure here, entered Baylor Hospital Sunday of last week, and on Monday underwent major surgery. Mrs. McClure reports this Monday that her sister is doing fine and they hope for a full recovery.

Congratulations to Kerry Reeves, a senior at Wayland Baptist College in Plainview and to Langston Williams, also a senior at Wayland College, on being named to "Who's Who Among Stu-

dents in American Universities and Colleges." Kerry is the son of Mr. and Mrs. Bob Reeves of our area and Langston is the son of Mr. and Mrs. Langston Williams, and both were reared in this neighborhood. Both attended grade schools here at one time.

Those who attended the Bicentennial program at the halftime ceremonies Friday night, October 31 in Floydada report a beautiful program. 200 band members of Floydada Junior High School marched and 57 flags were displayed during the festivities. "America '76" was the theme of the

Bicentennial program. Many attended from here, and Kristi Julian is a member of the band from South Plains. Mr. and Mrs. Glen Wood and Russ left last Thursday, October 30, for Montrose, Colorado, where they spent the weekend and arrived home the following Monday. The deer are kinda scarce this year, but Glen and Russ brought home one deer and enjoyed the good time away from home. They also looked around some for show calves for the coming year.

Mr. and Mrs. Otis Sandusky from Denver, Colorado arrived here Saturday. SEE 5, PLAINS PAGE 8

# Mackenzie Water Tastes Better Than Meredith Water

WTSU—How will Lake MacKenzie's water taste once the lake has filled enough for municipal use? "We're not sure yet, but we don't think it will be as bad as Lake Meredith water," says West Texas State University Biology Professor William A. Cooper.

Cooper closed down his ten-year water quality study of Lake Meredith to begin his work on the slowly-filling Lake MacKenzie, which will eventually supply the water needs of Silverton, Floydada, Tulia and Lockney.

He and his WTSU graduate assistant, Britt Canada of Sunray, are making bi-monthly checks on the lake's dissolved mineral content and oxygen level.

"We are trying to establish trends in water quality of man-made lakes," says Canada. Any correlations they can establish could be used by water treatment plants to produce the best-tasting water possible for their cities and by the scientific community as well in a field which has been little studied.

If Lake Meredith is any example, Lake MacKenzie's dissolved mineral content will slowly rise with the lake level. Currently about 30 feet deep, MacKenzie is far from its 150 foot capacity.

High levels of sulfates and sodium account for the

strong taste in water. MacKenzie's total dissolved mineral content is 450 milligrams per liter of water at present, while Lake Meredith's is 1200 parts per liter and stabilized.

The minerals enter the

reservoir through the inflowing streams and the leaching of the lake bed. Cooper and Canada have been taking water samples from the streams since 1974, when the lake began filling, and have added another

sampling station at the dam. Canada has already noted a high fluoride content in the streams that are feeding the lake, which is one of 15 minerals he tests for in the lab.

Canada will compile his

data into a master's thesis in the spring. The son of Rev. Roy Canada of Sunray, he will graduate from West Texas State in biology with an emphasis in ecology and limnology.

## Deer And Turkey Forecast Good

LUBBOCK — Dry weather is predicted to be the only factor that might slow down the November deer and turkey opening in the Panhandle and on the South Plains of Texas.

An excellent crop of young deer and turkey along with ample food and cover should furnish Texas hunters with ample opportunity as the season opens November 22 and continues through December 7 in the Panhandle regulatory district and November 15 through January 4, 1976 in the South Plains district.

"We recorded the best deer harvest on record in 1974," said Weldon Fromm, Amarillo district supervisor, "but 1975 looks better with excellent deer antler growth and an abundance of wild turkey."

Fromm stated that the bag limit of one mule deer buck and one white-tailed deer buck and one wild gobbler or bearded hen is possible this fall in the

Panhandle.

Rains coming at the right time on the South Plains of Texas have brightened the hunting picture for deer and turkey hunters according to Bill Pratt, Lubbock district supervisor.

"The mule deer in the caprock country of the Lubbock district are in excellent shape and all areas recording turkey in past years seem to be holding good flocks now," Pratt said.

A limit of two bucks and one turkey of either sex has been set for the Permian basin - South Plains district Pratt commented.

Both district supervisors are suggesting that hunters use caution this fall while hunting due to the very dry conditions on most of the ranches. Several prairie fires have already been reported and the use of vehicles in the field could be dangerous due to hot tailpipes, mufflers or even the careless use of cigarettes or matches.

Deer hunters in the field for the first time are reminded that legal firearms for deer include all calibers of rifles except a .22 caliber jet gun or rocket or any firearm using rimfire ammunition.

Legal shooting hours for deer and turkey are one-half hour before sunrise to one-half hour after sunset daily with roosting areas for wild turkey protected by law.

There are certain restricted areas closed to hunting such as state parks, any public road or road right-of-way or on any lands of the lower Colorado river authority.

Most hunters have already acquired the necessary permission from the landowner to hunt this fall. Many communities and landowners are posting a list of available hunting leases either by day, week or season. Sportsmen can contact local game wardens, county extension agents or

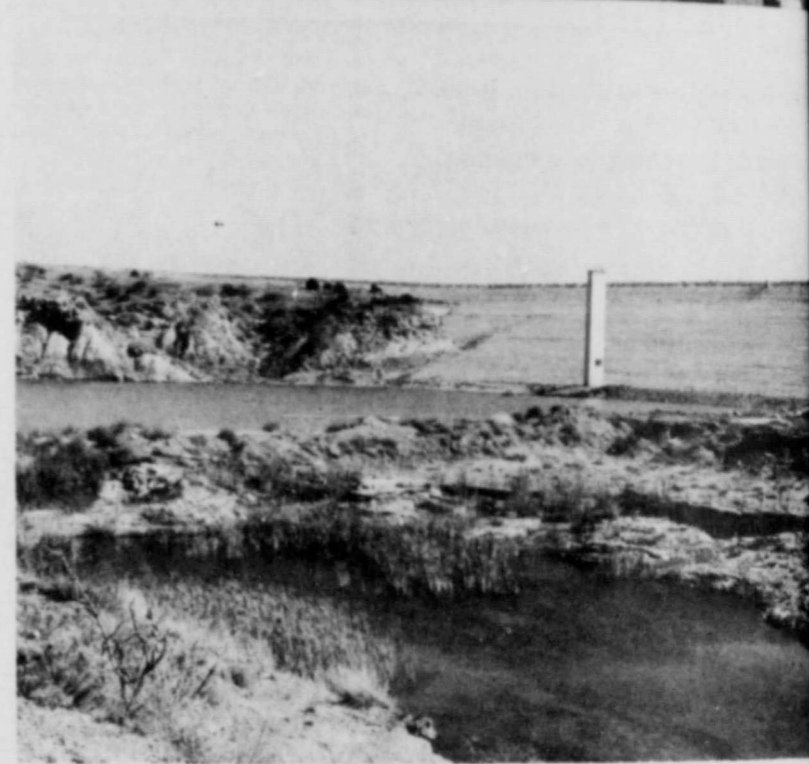

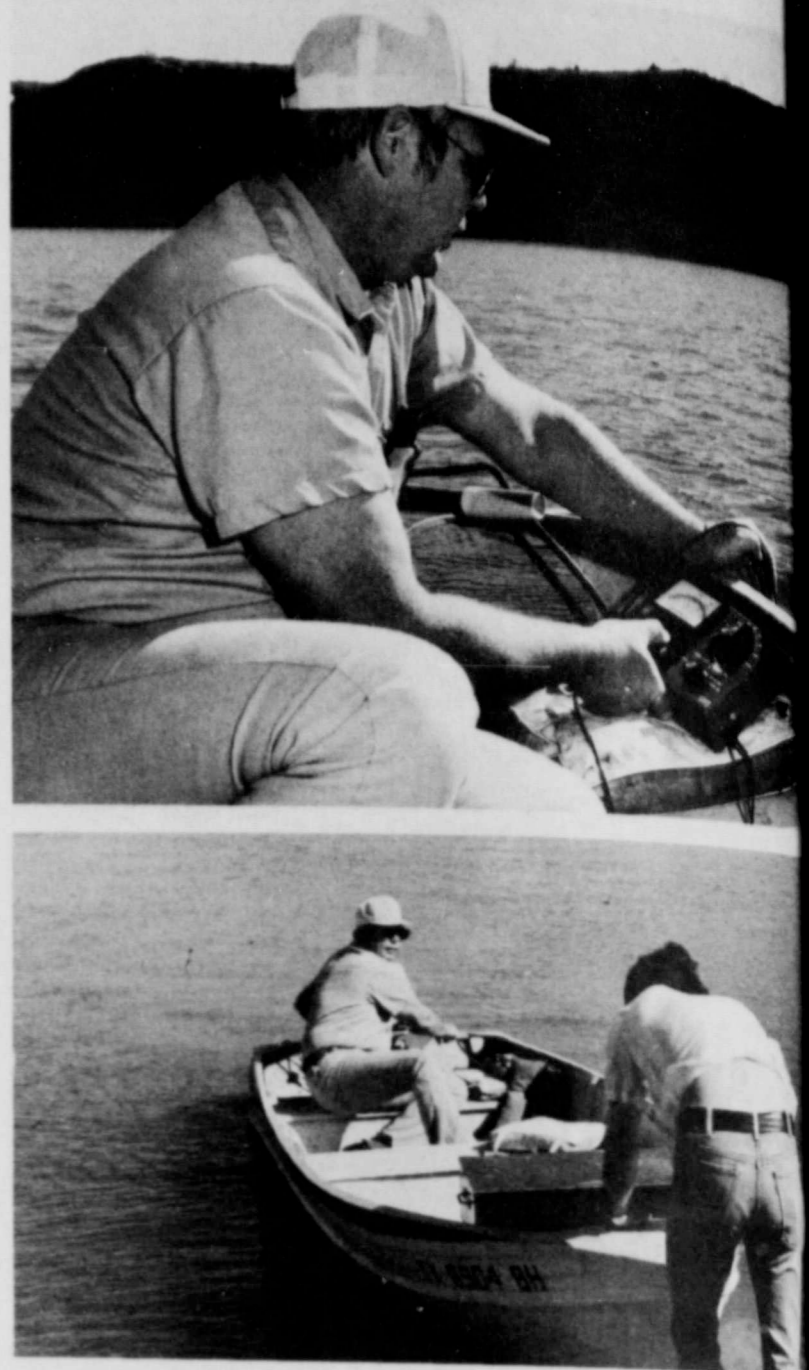

local chamber of commerce in those counties having this service.

More information about local regulations is included in the new 1975 Texas hunting guide available at License vendors or the P&WD offices in Amarillo, Lubbock or Abilene.

urday, November 1, for a visit with her sister, Mr. and Mrs. Murray Julian. Their brother, Willis Everist from Port Orchard, Washington arrived later by plane, and they all enjoyed a reunion around the area. They spent Saturday night and Sunday in Roscoe with Mr. and Mrs. Terry Julian and children, and they visited here with Mr. and Ms. Kendis Julian and families. They left this Tuesday, November 11, for Denver and Willis will fly home from there on Wednesday. They enjoyed seeing the cotton farming operations while they were here.

### Noxious Weed Control Office Moves To 8th St.

The Floyd County Noxious Weed Control District has moved from the Agriculture Building to 215 South 8th Street. From the Agriculture Building go one block east on California street, turn south on 8th Street and go one half block.

The District has made good progress in the treating of bindweed on farmland, County barrow ditches, and highway right-of-way. Now is the time to have fence row treated. Wayne Lipham, Supervisor of the District, would like to encourage farmers to have fence row as clean as possible, before the application and you will get a much better kill. The District would like to do this type work while bindweed are dormant. Around April bindweed will be emerging and the District will have to devote all of their time on the treating of them.

OIL DECONTROL COULD BOOST FOOD PRICES—Lifting price controls on oil would have the effect of raising food prices about 7 percent, says an economist for the Texas

Agricultural Extension Service. Seven cents out of a dollar spent on food now goes to energy costs. Food processors, wholesalers and

retailers will be able to pass on their higher energy costs to consumers, but what about farmers? They have no way of passing on these costs, so they must try to reduce their energy consumption. Use of minimum tillage practices and switching to fuel-conserving diesel tractors provides some relief.

In the afternoon, all went to the 50th wedding anniversary of Mr. and Mrs. H. B. O'Neal. R. L. Orman is an uncle of Mrs. Howard Bishop and Mrs. O'Neal is her aunt.

Tuesday afternoon Mrs. Q. D. Williams attended a baby shower for Mrs. Benney Locke at Duncan school. Thursday afternoon, Mrs. Williams attended the 1929 Study Club at the home of Mrs. H. O. Cline.

Sunday afternoon Mrs. Q. D. Williams and her sister-in-law, Mrs. Odell Williams, gathered sweet bell peppers and pumpkins for Mrs. Odell Williams to take back home to Crowell with her. She had brought tomatoes and hot peppers from under the cap.

Mr. and Mrs. Grady Dunavant left for Leslie, Arkansas Friday to visit in the home of their son, Melvin and family, and to attend the wedding of their granddaughter, Elaine, who was married Saturday afternoon in Leslie. Mr. and Mrs. Grady Dunavant returned home Monday night.

The fire was started by a faulty television set. Mrs. Rogers was found in her hallway. Mr. Rogers was unable to reach her because

of intense heat and escaped through a high bedroom window after shattering the glass. He was cut in his escape.

Mrs. Rogers was a sister of Mrs. G. D. Tate, now of Denver City. Mrs. Rogers made her home in the local communities of South Plains and Sand Hill in the 30's and was a frequent visitor here.

A longtime Yoakum County district clerk, Alldredge also taught school in Denver City. He was a Mason and a member of the Methodist Church.

Survivors include his wife; a daughter; a son; two brothers, L.H. of Plainview and James of Plainview; two sisters, Belle Smith and Annie May Rouse both of Lubbock; five grandchildren and four great grandchildren.

Funeral services for Mrs. Don Rogers were held in El Paso, Texas, on October 29, 1975. Mrs. Rogers, the former Lee Hope, was burned to death in her home about 5:30 a.m. Sunday, October 26.

Mrs. Brown, killed in an automobile accident October 31 in Thermopolis, was the daughter of Mrs. John Lloyd and the late Mr. Lloyd and an aunt of John Dorman of Lockney. She had lived here in the 1950's and was still a frequent visitor.

Mrs. Brown is survived by her mother, Mrs. Lloyd; one daughter, Mrs. Margaret Dedmon of White City, Oregon; two sisters, Margaret Service of Plainview and Leona Brandes of Kress; four grandchildren and four great-grandchildren.

### Willie Roberts

Willie D. Roberts, 69, of Lockney, died at 12:30 p.m. Saturday in Lockney General Hospital following a lengthy illness.

Services were held Monday in the First United Methodist Church with the Rev. Wesley Daniel of Littlefield officiating. Burial was in Lockney Cemetery under direction of Carter Funeral Home.

A native of Roby, he married Jewell Benson June 20, 1927, in Sweetwater. Prior to his retirement, he was employed by a seed company. He was a member of the Woodmen of the World.

Survivors include his wife, Jewell; three daughters, Mrs. Judy Merrill of Denison, Mrs. Jeny Carter of Houston and Mrs. Jill Rogers of Plainview; a brother, Ernest of Rotan; a sister, Mrs. Mable Freeman of Lamesa; and two grandchildren.

Funeral services for Fannie Mae Brown were conducted November 4 in Thermopolis, Wyoming with burial in Laramie, Wyoming November 5.

The couple jointly issued the following statement:

"It is with regret that we announce that our seven years of marriage has been terminated in a divorce this week. We have no further comment on this matter."

When washing garments with Velcro tape fasteners rather than zippers or buttons, close the tapes before washing to prevent the tiny woven nylon hooks from picking up lint during laundering. Mrs. Janice Carberry, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

When sewing engineered or large scale designs, select pattern styles with few horizontal or vertical seams which can break up the design. The back shirt pattern is usually positioned over the largest or boldest design. Other pattern pieces, especially shirt fronts and sleeves, are also usually positioned to continue the design from the back. Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, notes.

### Melvin Wasson

Rites for Melvin S. Wasson, 86 year old Amarillo resident, and father of Mrs. Wilson Bond of Floydada were conducted Monday in Blackburn-Shaw Memorial Chapel. Dr. Windred Moore, pastor of the First Baptist Church, Amarillo, officiated. Burial was in Memorial Park Cemetery in Amarillo. Wasson died Friday at Medi Park Care Center in Amarillo.

Wasson was a native of Smithville, Arkansas, and married Myrtle Jeffries in Plainview in 1912. He was a retired carpenter and the oldest member of Carpenters Local Union 665. He was a member of the First Baptist Church in Amarillo.

Survivors include his wife of the Medi Park Care Center; four daughters, Mrs. Bond of Floydada, Mrs. Lizzie Mae Daugherty and Mrs. Melva Fowler, both of Amarillo, and Mrs. Ella Oglesby of Hereford; one brother, Hanley Wasson of Plainview; 10 grandchildren and five great grandchildren.

... As it looks from here

By Congressman Omar Burleson

WASHINGTON, D.C. — President Ford has thrown out a challenge that the Congress cannot ignore. He proposes that taxes be reduced by \$28 billion and that a commensurate amount in spending be cut.

The first part of this proposition is not the problem. The rub comes in cutting Federal expenditures. Everybody — both Members of Congress and those in their Constituency who influence them — have their ideas of where reductions should or should not be made.

Even with a reduction of \$28 billion in spending in the coming fiscal year, the Administration's budget will stand at an estimated \$395

billion with a deficit of approximately \$72 billion.

The choices this nation faces become more and more acute. We can elect not to cut back on Government spending and race onward towards economic collapse, or we can choose to stop the growth of Federal spending and put the money saved from reduced taxes right into people's pockets, to spend as they wish.

That is a basic decision now in the process of being made. The tax cut of \$24 billion last March expires at the end of 1975. Not counting the tax refund for 1975 it will take about a \$13 billion extension of that reduction to stay where we were in 1974.

An attempt will be made by those of us who believe there should be a definite commitment by the Congress to cut spending by at least an equal amount of any tax reduction to see this requirement is put into the law. Unless this Congress positively and unequivocally says by a resolution by both the House and the Senate that this be accomplished, it is not likely any spending will be reduced.

It is true enough that the Congress cannot at the moment know exactly where reductions in spending can be made specifically. A budget must be examined in careful detail but if tax cuts are made contingent on the same amounts of less spending, a real incentive will hang right around our shoulders until it is done. We all want less taxes. If we want lower taxes, let's tie lower taxes to lower spending.

This is a big order because our mushrooming Government programs have led this Nation closer and closer to the British type of socialism in which they find themselves. We are at a point now where many able economists warn that by the year 1980, one half of our people will be supporting the other half. If that point is ever reached, those 50 percent or more who receive Government largesse are not likely to want to turn back, and will in fact have changed our successful form of Government to a parental form patterned after England.

Economists of various persuasions and theories have testified before the Budget Committee that a continuation of the temporary tax cut is necessary to stimulate the economic recovery which is now seemingly on its way. Most, however, warn that continuous deficits contribute to more inflationary pressures which could follow a sizable economic upturn. Inflation, the cruelest tax of all, must

## Letter TO THE EDITOR

Mr. Tooley,

In Sunday's paper dated November 9, 1975, the Editor criticized the City Council's action electric and sewer rate increases. We are experiencing trouble as everyone else in the cost of materials.

Last year the cost of living rose at least 4 percent than the City employee salaries comparable to other 5 percent cost of living raise was in April.

We feel the Day Care Center does a very good job of keeping the children and helping to educate the City employees children and kept at the Day Care while their parents are working. This is because employees make enough salary on their own other parent working.

The City Tax Rate has not increased since speaking for ourselves, we are offended by your the Mackenzie Water Authority Tax. The city County had this tax brought before them and did it. We have been residents of Floyd County for 20 years and we were not given a chance to vote upon you can see why we are irritated by all that is instead of complaining, let's hope that some day the water this will see us through.

Two City

Government would be in the same position as New York City should it default on its obligations. Therefore, this means that selective reductions must be made, although in certain categories a flat percentage on every expenditure could be applied.

FED CATTLE PRICES TO DROP—Despite lower supplies of fed beef and an increase in beef consumption, fed cattle prices will probably continue to decline during the next few weeks, says a livestock marketing

specialist for Agricultural Extension Service. Even a proportion of its lowest level is in large supply cattle slaughter in October and expected, fed could go from levels down to

Today's modern range offers you special features assure uniform results each time find that cooking electric clean, cool and economical

For best results, use flat bottom utensils with tight covers. Utensils of medium or heavy weight aluminum heat faster, transfer heat evenly and respond quickly to temperature changes.

Match the utensil to the size of the unit. Use 8 inch or larger utensils. Use 6 inch units for small to average pans.

Use high setting for a quick start for any surface cooking to boil water quickly. When cooking temperature is reached switch to lower setting.

Do not pre-heat oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for broiling.

Select correct, measured heat. The accurate heat selector switch or oven thermostat enables you to select, exact same correct temperature each time you use it.
