J.V. 'Winds Ride Mustangs 12-7

Rusty Cagle scored two second half touchdowns and outstanding defensive play added to the cause by blocking a punt and allowing its opponents just one first down in the entire second half, leading the Floydada Junior Varsity squad to a 12-7 comeback victory over the Coronado Mustangs, in a game played Thursday, November 13 at Lubbock. The win was the sixth triumph for the Whirlwinds, who finished out the season with a respectable 6-1-1 mark.

It was a spirited Floydada Whirlwind team that took the field in the second half. Floydada played with a great deal of enthusiasm and determination, which was what was needed to down the 4-A Mustangs. Rusty Cagle opened the scoring with

5';32 to play in the third period on a five yard touchdown run. The try for the two point conversion failed, and the Whirlwinds still trailed, 7-6.

Cagle scored again with 11:19 remaining in the final period on a five yard scamper that put the Winds in front to stay. Steve Westbrook's aerial for the extra two fell incomplete.

For the rest of the contest, there was little offensive movement by either team. The Winds' defense prevented the Mustangs from making any serious scoring threats.

The Winds made 11 first downs and held Coronado to only nine. Floydada completed three of nine passes for 56 yards and one interception, while the Mustangs were able to complete five of 13 aerials for 76 yards and no interceptions.

Following the contest, Coach Joe Paty had these comments: "The second half was ours. Our kids came out and did a great job. It was just a great lping my neighbors keep good things they've

Candlelight Ceremony Unites Janet McGuire, Stephen Scott Thetford

Miss Janet Gayle McGuire became the bride of Stephen Scott Thetford in a candlelight ceremony, Friday, November 14 in the sanctuary of Arnett Benson Baptist Church of Lubbock.

The bride is the daughter of Rev. and Mrs. Jimmy McGuire of Floydada. Parents of the groom are Mr. and Mrs. Rodney Thetford of Dora, New Mexico.

Wedding vows were exchanged before a setting of double spiraled candelabras. interspersed with greenery. centered by an altar bouquet of pink gladioli and burgandy carnations. Pews were draped with large pink bows. Rev. McGuire performed the double ring ceremony, assisted by Rev. Bobby Fuller of the Dora Baptist Church.

Providing traditional nuptial selections was organist, Mrs. Danny Shultz. She accompanied Miss Christy Stringer, soloist, who pre-sented "The Wedding Song" and "The Lord's Prayer" Miss Jodie Eastham presided at the register table.

Given in marriage by her father, the bride was attired in a formal length gown of white organza fashioned with a deep scoop neckline edged with scalloped chantilly lace and full sheer bishop sleeves cuffed with lace. The empire bodice was accented with a double row of

chantilly lace extending down the front of the softly gathered A line length train edged with lace flowed from the back waistline. Her headpiece was a Juliet cap with a lace edged chapel length veil of illusion. She carried a cascade of a pink orchid surrounded with burgundy roses and baby's breath and pink net and streamers. Serving as something old was a handkerchief which had been given to the late Mrs. Conda Jones of Farwell by the bride's father. Before her death Mrs. Jones returned the handkerchief to the Mc-Guires' to be carried by their daughters in their weddings.

Attending the bride as Matron of honor was her sister, Mrs. Jackie Combs of Lubbock, who was attired in a formal length gown of burgundy Lute Song Satin, trimmed with white lace and pink ribbon. She wore a burgundy picture hat trimmed as that of her dress. She carried a nosegay of pink miniature carnations and burgundy ribbon. Other attendants were Miss Mary Jane Choate, maid of honor; Bridesmaids Miss Teresa Thetford, sister of the groom, and Miss Cindy Creacy. They wore identical dresses of the matron of honor. Flower girl was Lisa Massey, dressed in pink Lute Song Satin. She carried

WMU Gives Luncheon For Senior Citizens

The Women's Missionary Union of the First Baptist Church sponsored a Senior Citizens luncheon at the church in the fellowship hall on November 13 at 12:00.

Elvira Stewart was chairman of the arrangement committee and Ann Handley presided. Rev. John Jenkins of the church, gave the devotional. Fred Fortenberry led in the Happy Birthday song for eight people with Maudie Muncy accompanying on the piano. The group was led in

singing by Fred Fortenberry and also sang a special. Les Ferguson gave the invocation with Rev. Clay Muncy giving the Benediction.

There were a total of 44 people present at the event.

To Meet Monday Night

A fall harvest salad supper will be held on Monday night, November 17 at the First United Methodist basement. All members are urged to attend and to bring a guest and a salad. The meeting will start at 7:30. President Elenor Schacht will decorate the tables, and a calling committee will call the members to remind them of the meeting.

The group set a tentative schedule for homecoming with most of the activities for students on Friday, October 8, and ex-students on Saturday, October 9.

There will be registration on Friday for ex-students able to be here for these activities, and registration at 10 a.m. Saturday for others.

Friday's activities call for the cornation of Homecoming Queen; pep rally, and other student activities followed by the LevellandFriday night, and a high school dance after the game.

Following Saturday morning's registration, there will be a business meeting, a barbeque lunch and ex-student's class reunions in the afternoon. Plans also call for a dance for ex-students

Saturday night. Mrs. Staniforth, who is head of the memorial committee, ask that anyone knowing of a deceased Floydada ex-student, whose name she may not have, to please contact her whenever possible.

No wonder we're broke!

When we're giving away money we don't have, and getting hatred and antagonism in return when we're borrowing money at high interest in order to give more money away...when we have to raise our debt limit to 530 billion dollars in order to continue pouring our billions all over the world—then isn't it time you and I told Congress what they have got to do-STOP SPENDING, AND SAVE.

Here's the sorry, tragic record—our "loans" and give-aways (which we couldn't afford) 1946 to 1974.

As It Looks From Here

WASHINGTON, D.C. Thirty-three states have laws prohibiting strikes by public employees. Under certain circumstances some classes of employees are permitted to strike in eleven States. The other six have no laws on the subject.

Regardless of law, strikes by public employees have dramatically increased impeded by militant demands by unionized police. firemen, teachers, transportation employees and sanitation workers. They have the power to paralyze a city and the trend is spreading to

smaller communities. In San Francisco, the police force demanded a 13 increase. The Board of Supervisors countered with an offer of 6.5 percent. The Mayor overruled the Supervisors and "compromised" with granting the 13 percent increase. A month earlier the Mayor had said that yielding to such demands would bring financial disaster and that public employee strikers should be fired. After firemen in San Francisco joined the police, the Mayor folded.

Kansas City has not only gone through the same thing gests that firemen and police set numerous fires that had to be coped with by National Guardsmen

120,600,000

New York City is the horrible example of about everything. That city is bankrupt. It stands on the verge of defaulting on its huge and unmanageable debt. It has 51 employees for every 1,000 inhabitants they control the city. Even the liberal New York Times has said that "this is not only the road to municipal bankruptcy; it is the road to anarchy. It is the death knell for democracy.

The City now wants the Federal Government to bail it out. If the Federal Government should do any such thing, it will have to do the same for every financially troubled community in the Nation. There is not that sort of money even in Washington - and if there

money the Government had

The taxpayers of this nation should not be made to pay for the irresponsibility of New York or any other city's politicians and its equally irresponsible unions and pressure groups. It is a bottomless pit that simply can't be filled. Even with many of the big city Mayors who draw high salaries, it seems that power of appointments to keep control is more important. A case of \$13 thousand a year

bus driver in New York who retired on a \$15 thousand annual pension becomes a little absurd. Their pension bill alone by 1980 is expected to cost \$1,700,000,000 a year. The city continues to maintain a tuition free university system and a lot of "frees." The city's budget has increased three fold in

This sort of trend is not likely to be reversed until city officials have the support of solid citizens who demand that they resist the unreasonable demands now being imposed upon them.

There is now in the committees of the Congress legislation to extend Revenue Sharing to State and local governments over the next five years. During the last five years \$30 billion was provided for this purpose and in the present legislation it is upped by \$10 billion to \$40 billion.

Under the present formula, federal revenues are granted to the States and

FROM PLAINS COTTON GROWERS, INC.

Cotton producers on the High Plains are being advised to contact without delay the Agricultural Stabilization & Conservation Service (ASCS) offices in their respective counties to discuss the disaster section and other provisions and regulations of the current farm program as they relate to low yields from the 1975 crop.

The advice comes from Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. PCG is the 25county High Plains organization responsible for the section of the law which provides supplemental income to partially offset crop losses or extremely low yields that result from conditions beyond producer control.

Also, there is provision for a weather adjustment in production records used for 1975 by ASCS to establish each farm's future payment yields. However, neither disaster payments nor yield adjustments are automatic, Johnson warns

"Producers must make application at their county offices for a yield adjustment and/or payment," he states, "and the application must be made no later than 15 days after completion of harvest.'

Johnson points out that it is not necessary for producers to estimates of a 30 to 40 complete ginning and have production records in hand before percent increase in 1975 revised estimates is that applying to ASCS for low yield consideration. "The application

form can be filled out any time between now and 15 days after harvest and production figures supplied later, at which time looks like the best one in the final eligibility determination will be made," he said. several years.

The mid-September cold spell makes accurate forecasting of cotton yields more difficult this year, and according to the condition and both oranges only in spring. This is PCG official there is a danger that some producers may not and grapefruit are coloring apply for program benefits, then find later that their yields extremely well with very were low enough to qualify for either a yield adjustment, a little scarring, Agriculture payment or both.

ASCS on the basis of the farm's actual production record for ASCS on the basis of the farm's actual production record for another Fine this calculation, on request of the farmer, may be adjusted upward if abnormal weather reduces production below 90 percent of the yield established for the previous year.

Producers whose total production falls below two-thirds of "normal" for the farm allotment will be eligible for a disaster payment. The payment will be equal to 12.7 cents per pound times the difference between pounds harvested on the farm and the aggregate yield established for the farm by ASCS. There are variations from county to county, but "normal," generally 1 lb. pecan halves speaking, means from 55 to 60 percent of the farm's established

There are crop substitution rules under the program and cinnamon in a 10-inch skillet other details that virtually require an individual explanation Boil for five minutes or unti for each farm, Johnson says, "which makes it important that mixture strings from a spoon every producer discuss his farm situation with ASCS officials Remove from heat and add at an early date to prevent losing eligibility for any benefits pecan halves. Why do some insurance policies pay dividends? Which ones do?

Life insurance policies are either participating or non-participating Participating policies pay dividends. The premium is set at a slightly higher amount than is expected will be necessary. Each year the August and September, trees excess is returned to you as a dividend. Dividends vary, depending on are putting on new foliage, what the company's costs and profits were. You may use this money to pay towards next year's premium, take the money in cash or buy more coverage. The dividend may also be left with the company to accumulate interest. Non-participating policies cost an exact amount slowing the sizing of fruit and are cheaper at the onset. However, If you feel dividends will be high, participating policies may be cheaper by giving you "investment money" or extra money at the end of the year.

FIRST UNITED METHODIST CHURCH
It is important what we are thinking. "For

whatsoever a man thinketh so is he."

The apostle Paul to the Phillipian Church has written, "What so ever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any praise, think on these things.

Most of us can remember back when we were first having lessons in English grammer how the teacher stressed the importance of proper punctuation. We found that a misplaced comma or period could completely change the meaning of a sentence or paragraph. Consequences vast and far-reaching have followed the use or misuse of the more or less insignificant comma. Issues involving millions of dollars have depended upon the presence or absence of this little punctuation mark. Crimes have been committed, large bribes offered and accepted, lengthy lawsuits entered upon and wordy warfare carried on, all because of a comma.

Just as the little comma may change the meaning of a sentence or paragraph, the little accent mark in a word may determine its meaning. Let's look at just a few examples. First take the word minute... when pronounced "min'it" it means the sixtieth part of an hour or a brief note or summary in writing of something to be remembered, that is the minutes of a meeting. But when you change the accent it becomes "mi-nute" which means something that is exceedingly small, of little importance, or trifling.

Another example is to be found in the word desert (de-sert') it means to leave in the lurch, to abandon. Or it can mean worthiness of reward or punishment. But when you change the accent it becomes des'ert, meaning an arid region lacking moisture to support life or vegetation.

Another example is the word rec'ord...an official copy of a document; known facts about a person or things. Whereas when we say re'cord it means the act of writing in a book.

There are many other examples. But think just a moment, just as an accent can change the meaning of a word, and so it is the same for life. The things to twhich we give emphasis, the things we accent, thea things that dominate our thoughts and our actionse will largely determine our destiny and our happiness as well. They likewise will determine our influence and our usefulness in this world. The ideals that fasten themselves in the hearts of men determine the things they do.

The wrong attitude of an individual toward God's and the Bible, toward his family and friends, toward is his business and his associates, toward right and s wrong, toward honest and dishonesty, toward trutht and falsehood, can only result in unhappiness. Whereas, the right attitude, the right emphasis ons. these and other things can completely change a life, e a home, a city or a nation. What greater admonitiond for a lifes' accent could be given us than that of thed Apostle Paul when he said . . . "Finally brethern o whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are of good i report; if there be any virture and if there be any praise think on these things."

Life in this atomic age is so complex, but it can be more beautiful and more abundant, if we will reverently pause each day and take God into our counsel and think his thoughts after him and give accent to his way of life in our society, our business, and in our homes....

BYLAWS FROM PAGE 9

ARTICLE IX - Disbursements

Section 2. The President shall appoint all committees, subject to

confirmation by the Board of Directors. Section 3. In the interim between meetings of the Board, an executive committee shall have charge of the routine business of the Chamber. It shall have general charge of the finances and property of the Chamber and shall have authority to order disbursements for necessary expenses and may grant to any committee a reasonable amount of money for special work, provided such amount shall not exceed the budget allowance for such work as previously approved by the Board. At the beginning of the fiscal year, it shall prepare and submit to the Board a budget of the general expenses of the Chamber for that year

No disbursements of the funds of the Chamber shall be made unless the same shall have been approved, authorized and ordered by the Board of Directors. All disbursements shall be made by check. Checks shall be signed by the Manager and countersigned by the Section 2. Upon the approval of the budget, the Manager may be

authorized to make disbursements on account of expenses provided for in the budget without an additional approval by the Board of Directors. Section 1. As soon as possible after the annual meeting of each year, a budget of estimated expenses shall be submitted to the Board of Directors. As passed by the Board, with or without modification, this

ARTICLE XI - Fiscal Year Section 1. The fiscal year shall end the last day of February each year

budget shall be the appropriation measure of the Chamber

ARTICLE XII - Parliamentary Procedure
Section 1. The proceedings of the Chamber meetings shall be governed
by and conducted according to the latest edition of Robert's Manual of
Parliamentary Rules. ARTICLE XIII - Amendments

Section 1. The by-laws may be amended or altered by a two-thirds vote of those present at any regular or special meeting of the Floydada Chamber of Commerce and Floyd County Board of Development, provided notice of the proposed change shall have been mailed by the Manager to each member not less than ten days prior to such meetings.
