

Community Thanksgiving Service Tuesday Night

Everyone in this community is invited to the annual Thanksgiving service in the First Baptist Church at 7 p. m. Tuesday.

An enjoyable musical and worship program is planned featuring the Whirlwind band and combined church choirs.

Rev. Jimmy Tidwell will be in charge of the service, the band concert will be under the direction of Dennis Teasdale, Rev. Ron Pingelton will read the

scripture and lead the prayer. Teasdale will also direct the choir and band in "The Battle Hymn of the Republic."

Then Lavada Garrett will give a patriotic reading, "I Am The Nation."

Richard Campbell will lead the congregational singing, and the message will be given by Rev. Hollis Payne.

Everyone is invited to fellowship with cookies and drinks following the service in fellowship hall. Women are asked to bring cookies, drinks will be furnished by the Baptist Church.

Let us give Thanks

This is the time of year for reflection . . . thanksgiving. It's a time for lifting grateful hearts in prayer . . . and for taking joy in all life's little miracles.

Holidays Begin Wednesday

Floydada Schools will be dismissed at 2:30 Wednesday afternoon November 26th for Thanksgiving. Buses are to run at that hour.

Thursday and Friday will be holidays and classes are to resume Monday morning, December 1.

Westbrook Leases Care Center

Paul Westbrook Friday announced that he has taken a 12 year lease on the Floydada Nursing Home effective November 1, 1975, and is administrator of the home. His wife, Dortha, will be bookkeeper.

Westbrook said he anticipates making no personnel changes at the 52 bed nursing home and no major policy changes. He said he was glad to make Floydada his permanent home and remain a part of this progressive community.

Westbrook leased the home from Challenge Homes, Inc., who owned and operated the home for the past ten years. Westbrook was administrator of the Lockney Nursing Home 1970, 1971 and 1972. Since that time he has been area supervisor over 11 Challenge homes in West Texas.

With the announcement, Westbrook said that he would not be responsible for any debts of Challenge Homes before or after Novemb 1, 1975. He said the home could now operate as the Floydada Nursing Home.

Kelvin Injured . . . Olton Wins Bi-District

By Wendell Tooley

Floydada fans will for many years talk about the heartbreaking 22-14 loss to Olton in bi-district back in 1975 when the Mustangs took the Whirlwind's great running back Kelvin Ratliff out with a knee injury early in the game.

The game, played in Plainview's Bulldog stadium was Floydada's all the first half with the Whirlwinds leading 14-8 at halftime. With Kelvin out of the offensive lineup, the defense tried vainly to control the strong Mustang running attack . . . but just couldn't keep them from tying, then going ahead after a costly Whirlwind fumble.

The Whirlwinds were definitely in the game to the last as quarterback Jay Womack led a passing attack to bring the ball down to the Olton 14 yard line when the game ended.

Now Olton will play Childress probably in Plainview Friday night for the regional AA honors. Slaton will be playing Alpine at Midland for regional in that area.

Although the temperature was around 30 degrees, there was little wind and the big crowd from Floydada cheered and stomped for the Whirlwinds until the last hope vanished.

FIRST HALF
Olton kicked off and Kelvin made a first down before Womack fumbled and the Mustangs had the ball on the 44 yard line. The Wind defense held and the ball went over on downs.

Kelvin made a total of 37 yards on the Winds' first drive for paydirt. Womack made 9. Kelvin zig zagged around right end for the first TD from the eight. Mickey Minnett kicked the PAT and Floydada led 7-0 with 6:01 left in the first quarter.

Olton made two first downs and the ball went over on downs.

Womack made a nice 18 yard run, Kelvin made two and was carried off the field with a knee injury . . . Floydada's hopes began to fade.

Going into the second quarter Womack faked a punt and ran for a needed first down. Then tossed a pass that Mustang Mark Stroebel intercepted on the Olton 24. Olton made one first down and had to punt.

The Whirlwinds were on the 45 . . . Womack threw a 50 yard TD pass to Donzell Minner that was called back on a penalty.

Then Mickey broke loose for a beautiful 38 yard run and set up the TD for Womack from the 1 yard line. Mickey's PAT was perfect and Floydada led 14-0 with 6:06 left in the second quarter.

Olton couldn't go against the strong Whirlwind defense and punted a short 18 yarder.

It was Floydada's ball on the 33. We couldn't move the ball and punted.

The Mustangs passed for 12. Johnson made 15, then the referees set the Mustangs up for their first TD

calling a very questionable pass penalty play that put the ball on the Wind 20. Olton quarterback Jimmy Parker made 17 and Johnson blasted over center for the TD with 0:58 left in the half. Parker ran over the two extra points. The score was Floydada 14, and Olton 8 at halftime.

HALFTIME
The Whirlwind marching band brought cheers from the fans as they completed some outstanding patterns including a figure eight and the grand finale with the Whirlwind design and the fight song.

SECOND HALF
Floydada fans fears were confirmed as Kelvin sat on the bench with an ice pack on his knee . . . he was out for the rest of the game after seeing action for only the first quarter.

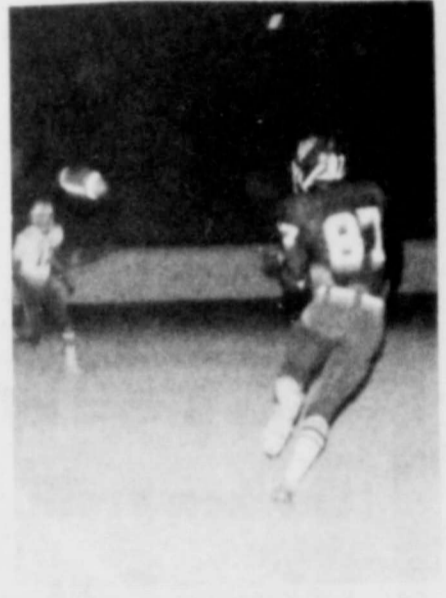

The third quarter was scoreless as the Mustangs brought the ball down to the 37, fumbled it away to a recovery by Wind Gary Nixon. The Winds couldn't go and punted. Olton couldn't go and Minnett made a fine 35 yard run before Womack had to punt again.

The quarter ended with Olton on their own 29. They began to march down the field that began on their four . . . six first downs, then Johnson made the tying touchdown from the 17.

A very crucial play was then made by Randy Duke who blocked Olton's PAT kick . . . it was 14-14 with 4:39 left in the game . . . 2 to 2 penetrations and Olton leading 19-11 in first downs.

Randy Ratheal fumbled the Olton kick-off on the 20 yard line and Olton had another TD as Johnson scored from the five. Parker ran over the two extra points with 2:50 left in the game . . . Olton led 22 to 14.

The Winds hadn't given up . . . they played their hearts out . . . making four first downs mostly on passes from Womack to Minner . . . but time ran out on the 14.

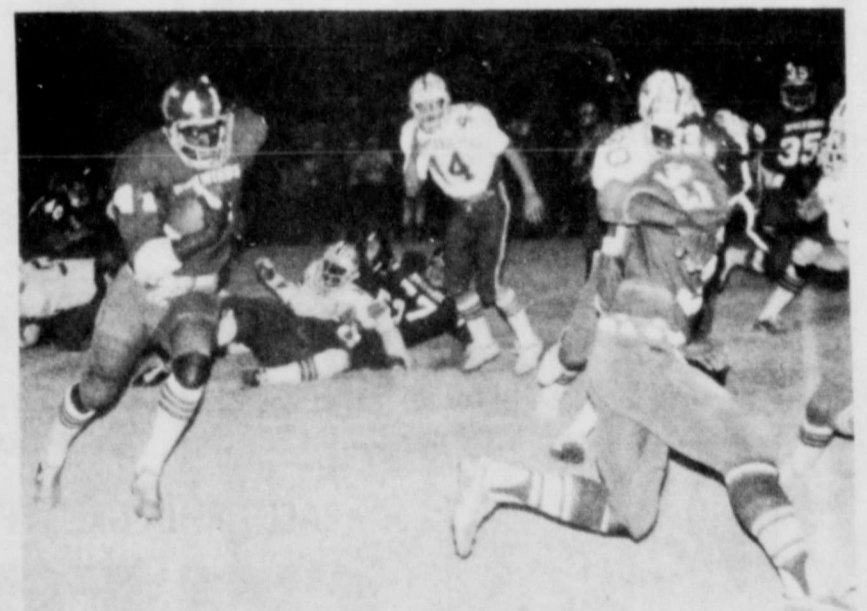

DONZELL MINNER catches pass in last moments of game. (Photo by Keith).

Breakfast Honors Floydada

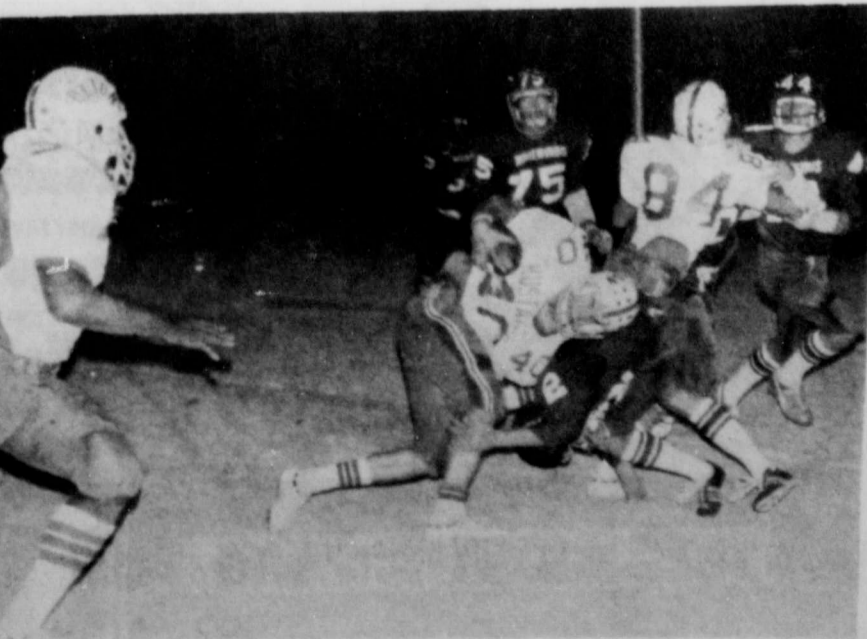

At a breakfast Thursday morning the Lubbock Chamber of Commerce honored the community of Floydada as an outstanding Plains city.

A plaque was given to Mayor Parnell Powell who accepted on behalf of the city.

Others accompanying Mayor Powell to the breakfast included: Chamber president Tommy Farris, chamber manager Doug Frazier, president of the Floydada Development Company O. M. Watson Jr. and Alton Higginbotham.

MICKEY blocks for Kelvin in first quarter. (Photo by Keith)

STEVE MOORE, Jay Lackey and Greg Goen pull in hard running Mustang quarterback Jimmy Parker. (Photo by Keith).

Judge And Commissioner In Action About the Money

J. K. Holmes and Freddie Milton were in D. C. Monday and met with Congressmen on behalf of a continuing bond issue for Floyd county and the city.

Congressmen were in the program, and a county of over 10,000 people will help in the next session," Judge Holmes said from this newspaper.

He said he and Milton will continue to work for the county's revenue program and said there is one plan to raise money for cities which of course would include Floydada.

The present program revenue will run through 1976.

Floyd county has received a 1976 the county will receive.

At press time how much of Lockney and other counties will be received.

Rock Chat

AT HEAD TABLE Thursday night in the Masonic Hall were (l to r) Roberta Russell, Deputy Grand Matron; Imogene Benton, District Deputy Grand Matron; Dorothy Vernon, Grand Examiner; and Doris Easterling, Worthy Grand Matron of Texas. One hundred and seventy registered at the Easter Star "Let Freedom Ring" school with over 20 Chapters represented from two states. One hundred and sixteen "A" certificates and 4 "B" Certificates were issued.

Cogdell Trust Gives \$250,000

The Scott and White Memorial Hospital has received a \$250,000 grant from the Martha Ann Cogdell Hospital Trust to help fund a Brain Scanner for the hospital's future diagnostic center.

The scanner will be used in diagnosing neurological disorders and will be located in a \$10 million complex which is now in the planning stages.

By Wendell Tooley

our merchants are beginning to advertise merchandise for Christmas gifts.

The 1956 Study Club has gone to work on its Santaland which will be in the community room of the First National Bank this year . . . they say 'this is a warmer and nicer place than last year's location.

Santa will be in Santaland December 11, 12, 13. On Thursday and Friday he will be visiting the little boys and girls from 10 to 12 a.m. and 3 to 6 p.m. On Saturday, the 13th, he will be there from 10 a.m. until 4 p.m.

Santa will again be giving out free candy and if you want a picture of your child with Santa bring your camera or members of the study club will shoot a polaroid for you.

I HAVE ALWAYS SORTA had the desire to run down the halls of some school screaming . . . disrupt all that quietness. Well, I got the opportunity Friday morning when some 50 of us townspeople ran down the halls of FHS screaming "BEAT OLTON!"

I think we impressed the students, the football players and the coaches that we were excited about the bi-district game.

Basketball Anyone?

There will be plenty of exciting basketball this week . . . Idalou Jr. high and freshmen boys and girls will play here Monday beginning at 5 p.m. On Tuesday night the Littlefield varsity and JV girls will be here.

The center will contain about 40 doctors in a facility with 75,000 square feet of floor-space and will house mainly diagnostic radiology and clinical pathology equipment and personnel.

The late Mr. and Mrs. D. M. Cogdell, Sr., parents of Martha, also donated \$225,000 to help establish Scott and White's X-ray Therapy Department. Cogdell was a rancher-oilman in the Snyder area.

The Martha Ann Cogdell Hospital Trust was created in the Cogdell will in memory of their daughter who died at age 13. It is administered by trustees including two of their sons, D. M. Jr. and Billy, and their wives, Mrs. E. A. Birdwell of Silverton also serves on the advisory board of the trust.

The planned diagnostic center will be part of a 10-year, \$25 million expansion program at the hospital. One part of the program was completed in August with the dedication of the Lucy King Grown Treatment Center, a \$9.6 million facility.

A&M Training School Courses Announced

Class schedules for the A & M Training School in Floydada are beginning to be set up and the first instructor for the school is buying a home in Floydada.

Stuart Dickson, instructor of law enforcement and security training is buying a house in Floydada and will be moving his family here from Abilene. The Dickson's have a sixth grade boy and a fourth grade daughter.

CLASS SCHEDULES

January 12-16 - "Fire Prevention for the Firefighter" - 3 hours each night at the Firehall.
January 20-22 - Overcurrent and Overvoltage Protection School - Daily at Lighthouse Electric
January 26-29 - "Development in

Supervision/Management" - 3 hours each night at the Massie Activity Center

January 26-30 - "Tactical Operations for Fire Department Line Officers" - 3 hours each night at the Firehall

ELECTRIC SHORT SCHOOLS CLASSES

January 20-22 - Overcurrent and Overvoltage Protection School

March 15-17 - Meter Reading and Basic Trouble Shooting School

April 20-22 - Radio Interference School

May 17-21 - Voltage Regulator and Capacitor School

June 14-18 - Basic Watt-hour Meter School

August 23-27 - Basic Transformer Connection School

The original labor-savers

BY ROY KINARD and ELMA WALTNER

They are probably the "inventingest" group anywhere. They have always been, and still are, looking for better and easier ways of doing things and thinking up gadgets to get them done around the farm and in the home. Some of these labor-savers from oblivion. Some are the ancestors of the tools we use today, some filled a need only for a particular time and have no present day counterpart. Some are some of the labor saving ideas in use when America was young. Do you know what they were used for? Answers are at the bottom of the page.

Answers

1. Fireplace bread toaster. Two slices could be toasted at one time. When the side facing the fire was golden brown, a flip of the holder reversed the slices.
2. Lemon squeezer. Lemons were a rarity, so not a drop was wasted. Half a lemon was placed in the depression and squeezed. Juice ran through the holes drilled in the bottom.
3. Mouse trap. A triple trap called "dead fall." A mouse, nibbling the bait, released the peg to let the weight fall on him. One is set, two have fallen.
4. Corn planter. The box that dropped kernels into one hill at a time was a far cry from today's multi-row planters, but better than using a hoe.
5. Brick mold. Clay bricks were packed into the compartments, then turned out to dry.
6. Corn sheller. The ear of corn was twisted through the toothed opening to shell off the kernels.
7. Foot warmer. The drawer was filled with coals from the fireplace and the warmer tucked under the robes or covers.

INFORMATION

DAVID B. CATES
Floyd County Farm Bureau
Floydada, Texas

Some kind of policy cost the same with companies? Some may have special features . . . at extra cost. The importance of all types of insurance, and in some term nature, insurance should be purchased with the important single factor is choose a good insurance company. We will be advising you on matters which will affect your pocketbook. Every agent must pass a state test to obtain a license. Check the company. Has it met State insurance regulations? Compare companies' premium rates. However, as with anything you purchase, cost is not the only factor. Service from your agent and the company are of equal value and importance to you.

The first life insurance company in the U. S. was founded in Philadelphia in 1759, under the name of The Corporation for Relief of Poor and Distressed Presbyterian Ministers and of the Poor and Distressed Widows and Children of Presbyterian Ministers. Mrs. Janice Carberry, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, reports. Salted pecans for the Thanksgiving party may be prepared at home. Melt two tablespoons of butter, margarine or salad oil in a heavy skillet over low heat. Then add one cup shelled pecans and stir until hot, Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, suggests.

THANKSGIVING

Giving of Thanks For Shared Bounty

From the first Thanksgiving until today, this has been a time of shared bounty. On the first Thanksgiving, it was a sharing between early Colonists and the Indians, who taught them how to farm in a new land. Today it is a sharing between modern mechanized farmers and consumers everywhere. The production efficiency achieved by today's farmer is the foundation of a capability to feed not only an entire nation, but a good bit of the world. As we offer a thanks-giving, let us remember those from whom this bounty springs.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

That Time Of Year . . . Spirit of '76 . . . Stock It To Them.

Several thousand farmers and ranchers will receive a questionnaire during the latter part of this month and the first week or so in December from the Texas Crop and Livestock Reporting Service. It will be either a crop or livestock questionnaire. If you are one of those receiving the questionnaire, you are requested to fill it out as accurately as possible and return it as promptly as possible. In this way, you will be doing your part in providing, for Texas agriculture and all of the economy, a true picture of our state's most basic industry - agriculture. Your cooperation is essential, and today it is even more important than ever before to have accurate agriculture production information on which sound judgments can be made.

THE SPIRIT OF '76 seems to be taking hold of agriculture, too, as it relates to parity.

The latest report on parity for the nation is now 76. It was also 76 as of a month ago; a year ago it was 78. It means that agriculture generally is about three-fourths as well off financially as the rest of the economy.

The all-farm products index of prices received by Texas farmers and ranchers stands at 476. This means a two per cent decline compared to a month ago. The crop index was up, but the livestock index was down.

Only oats, hogs and mohair are above parity levels for agriculture producers. Wheat in Texas averaged \$3.95 per bushel; parity is \$4.65. A year ago, wheat in Texas sold for \$4.76 per bushel.

Grain sorghum averaged \$4.46 per hundredweight in Texas; parity is \$5.18. A year ago, grain sorghum was selling at \$5.82.

Cotton continues to be the big exception in crop prices. Parity for that commodity is 79 cents a pound; the average price in the state is 45 cents per pound; that, however, is up six cents per pound from a month ago and is about the same as a year ago.

Hogs, despite some price declines, continue above parity. Hog prices in Texas average \$54.80; this compares with a parity ratio of \$48.70. A year ago, hogs in Texas brought only \$35.60.

Beef cattle average price is \$29.70 compared to \$56.20 parity. Calves averaged almost \$23 in Texas; parity is almost \$70. Sheep and lambs which have been above parity in recent months, are now below that ratio, also.

Mohair at \$2.12 is 23 cents a pound above parity. Turkey prices to producers average 35 cents per pound; parity is 47.4 cents.

Egg prices average 60 cents per dozen; parity is 77 cents per dozen.

STOCKS OF THE FOUR FEED GRAINS - corn, oats, barley and sorghum - in Texas are estimated at 29,000,000 bushels, a decrease of 12,000,000 bushels from a year ago.

Corn and grain sorghum were responsible for the decrease. Nationwide, stocks of the four grains are 10 per cent less than a year ago.

Trade magazines indicate that switching to the metric system will offer an excellent opportunity for standardizing clothing sizes. Claudia Mitzel, consumer education-clothing and textiles specialist with the Texas Agricultural Extension Service.

GOING UP!

For a while the price of oil was rising faster than inflation. And while it has stabilized it seems destined to be high from now on. This means higher fuel costs to the people who generate our power and inevitably higher costs to us. But the Lighthouse Electric Cooperative reaffirms its promise to provide power at its lowest possible price. It's a promise we've kept for more than 30 years.

HS Library Now Known As Research Center

Floydada High School librarian, Mrs. Helen Patterson, said in the future the library would be known as the Learning Research Center (LRC) due to learning devices now in the library.

"In the past," Mrs. Patterson said, "we have had mainly books, periodicals, and newspapers, but we are now endeavoring to meet the demand to have more visual aids, which will be of much assistance to the students as well as the faculty."

To date, 52 cassettes, 18 filmstrips, 10 records and 117 books have been ordered. In addition to newspaper subscriptions, the library subscribes to one national paper and periodical subscriptions which total 66.

DORIS EASTERLING, Worthy Grand Matron of Texas receives a key to the city and is made an honorary citizen of Floydada by Mayor Pro-tem Wayne Russell. (Photo by Keith)

JUST TO MAKE SURE the Floydada students and football team were "up" for the football game, some 50 townspeople dashed down the halls at FHS Friday morning shouting, "Beat Olton".

OBITUARY

Mary Lou Grigg

Services for Mrs. R. C. (Mary Lou) Grigg, 83 year old resident of Lubbock and mother of Jess Grigg of Floydada, were conducted Friday afternoon in the First Baptist Church in Anton. Mrs. Grigg died at 10:30 a.m. Wednesday in St. Mary's Hospital in Lubbock.

Mrs. Grigg moved to Anton from Arkansas in 1933, and from Anton to Lubbock in 1965.

Survivors include four sons; six daughters; four sisters; four brothers; 40 grandchildren; 87 great grandchildren; and 14 great great grandchildren.

Dewey Murphy

Rites for Dewey Oliver Murphy, 77 year old Plainview resident were held Thursday in the Colonial Chapel in that city. Burial was in Lakeview Cemetery in Floyd County. Murphy formerly lived in the Lakeview Community where he was engaged in farming, until moving to Plainview in 1948.

Murphy died at 5:10 p.m. Tuesday in Central Plains Hospital in Plainview. He was employed by Cloverlake Dairy Foods in Plainview for 17 years until retiring in 1965.

He and his wife, Lillie Mae, were married August 22, 1922 in Floyd County.

She now resides in a convalescent home in Clinton, Mo.

Survivors include his wife, a son, Virgil of Plainview; two daughters, Mrs. Gilbert Bradley of Creighton, Mo., and Mrs. Travis Pittman of Amarillo; three sisters; three brothers; two grandchildren and two great grandchildren.

Beginning now, farmers check their equipment for another season of tilling and harvesting. In 1850, the average value of a farm's equipment was \$150. Today, it is multiplied a thousand times or more. Such is the investment expansion of the modern farmer.

Fritz Otto Schacht

Funeral services for Fritz Otto Schacht, 74, were held at 2:30 p.m. Saturday (November 22) in Lockney First Methodist Church with the Rev. Hugh Daniel, pastor, officiating. Burial was in Lockney Cemetery under direction of Carter Funeral Home.

Schacht suffered an apparent heart attack while attending a Sunday School Class Thanksgiving social at Strickland's Restaurant, about 9 p.m. Thursday. He was dead on arrival at Lockney General Hospital.

Schacht, a florist and retired farmer, was born in August, 1901 in Cass County, Nebraska. He was married November 26, 1929 in Meade Kansas. He was a longtime resident of the Lockney area.

Survivors include his wife Eleanor;

Floydada Victories Highlight Opening Basketball Games

The first basketball games were mostly victorious for Floydada teams as they began the season last Monday and Tuesday nights. Everyone won except the Seventh Breezettes.

7th Grade Wins Over Lockney

Floydada 7th graders won their first basketball game of the season Monday evening taking Lockney with a score of 29-6. High point man was Andrea Ledbetter.

Others scorers included David Cochran, Jeff Rainey, Moody Younger, Michael Self, David Edwards and Tommy Myrick. The 7th graders play

Idalou at Idalou next Monday evening at 5 o'clock.

Eighth Breezers Defeat Lockney

The eighth grade Breezers started off the basketball season Monday night by defeating Lockney 24-22. Floydada had to come from behind to win with

Breezettes Split With Lockney

In two games at Lockney Monday night the Floydada Breezettes split with the seventh graders losing 22-14 and the eighth graders winning 41-24. Kelly Ward was top scorer for the seventh

Lockney leading half-time. High point for the Breezers was Troy Marquis with 15 points as second

graders with eight points. The eighth graders and coach Jackie began to work. Rosemary was high pointer. Melody Stringer and Karen Turner. Coach Chadwick guards Kelly Higgins and Lisa Anderson. Reddy for a good. The Breezettes Idalou Monday

Whirlettes, JV And Freshmen Defeat Hale Center

In three games at Hale Center, Floydada's high school girls came home with three victories. The Freshmen Whirlettes won their game 48-25. Kim Curry scored 25 points, Judy Bean 12 and Donette

Williams 10. Coach Sally Miller said it was a good team effort and the team looked good.

In the JV game, the Whirlettes won 54-45. Donette Marble scored 30

points, Tracy Puckett 12, Debby Johnson 10 points. Coach Miller said Brenda Vickers played a good game

The man who built France's famous prison, was the first person confined there.

and also praised Nanette Burk, Naerson, Brenda Christy Stringer

Shurbet, Becky Fuller, Susan Kimble, Christy Pruitt.

This is a good time, according to W.B. Criswell of Idalou, for each producer to take a good look at his per-pound production costs. Criswell, himself a cotton producer in east Lubbock County, is President of Plains Cotton Growers, Inc., an organization with membership in 25 counties surrounding Lubbock.

The investment a farmer has in his crop cannot alone dictate the "sell now or sell later" decision, Criswell cautions, "but it certainly is a factor and should be clear in the producer's mind before the decision is made."

To this end, Criswell advises producers who may not be experienced in cost analysis to call, write or visit Marvin Sartin, Area Agricultural Economist, Texas Agricultural Extension Service, located at the Research & Extension Center north of Lubbock (Route 3, Box 213AA, Lubbock, Tx. 79401). County Extension Agents in each county may also be contacted for assistance.

In late 1974, Sartin projected 1975 production costs and possible returns from High Plains cotton farms under dryland conditions, various irrigation schemes and different levels of management. His figures are available on request and can be useful as guidelines in the calculations of individual farmers, Criswell points out.

Per-pound cost of production, of course, is affected by yield per acre. "And the cost figure for 1975, considering the below average yields expected, may surprise a lot of people," the PCG President says.

Sartin has separated "variable" and "fixed" costs in his calculations. Variables include seed, fertilizer, herbicides, hail insurance, machinery operation, labor, interest on capital, harvesting, hauling, ginning, bagging and ties. Fixed costs include tractors and other machinery, irrigation equipment and land.

Looking at only one of Sartin's examples, which assumes preplant and one post plant row irrigation with typical management, variable costs are estimated at \$118.33 per acre and fixed costs at \$51.66, for a total of \$169.99 per acre. Should the farm yield be equal to the 352 pound average recently estimated for the Plains, per-pound cost would come to 48.3 cents.

On either side of this example, from a dryland crop to one irrigated four times, per-pound costs in Sartin's projections range from about 28 cents to over 60 cents.

Assuming prices are not acceptable at harvest time, some farmers may want to hold cotton in the government loan until some time in 1976. The base 1975 loan rate at Plains area warehouses is 36 cents per pound, basis Strict Low Middling 1-1/16 inch cotton, 3.5 to 4.9 micronaire. The final date for putting 1975 crop cotton into the loan will be May 31, 1976, and producers can hold title to cotton in the loan for up to 10 months from the first day of the month the loan is issued. Current interest rate on Commodity Credit Corporation loans is 7.5%, but the rate will be reviewed on April 1 next year and could be adjusted up or down at that time.
