WORTH THE TRIP in the
wind to attend the
Thanksgiving service Tues-
day there had been nothing
the band's great presenta-
tion "Grace".... it would
worth attending.

There were some 150
people there and the
program and the
following.

pastor Floyd Bradley
amount of trust as he
methodist pastor Jimmy
in taking up the offering.
that Brother Floyd
would happen... or he
would have stayed in town.

HUNTING URANIUM
southeast part of the county
this week that a new oil
well had been drilled in the southwest
county.... west of Weldon
home on the Ralls
in the area north of the
country Club. I'll try to get
on this later.

WARDEN REPORTS
quail hunters with a total
of their possession (they
shot more than 12 each)
was \$400. I'm in complete
with the game warden....
ers like yours truly....

have a hard time shooting two or three
a day.
Fact is, I've already been quail
hunting once this year and only got one
shot.... and no quail.
So.... I don't have any sympathy
for the quail "hogs".

EVER HEAR OF THE football team
at Big Sandy, Texas? This is a class B
school that beat Carlisle school of
Price, Texas 91-0 Friday night.

Big Sandy has a junior running back
by the name of David Overstreet.
David had been averaging 235 yards a
game until Friday night when he was
pulled with only 169 yards.... 40
yards a carry. Overstreet is 6-1, 194
pounds.

Perhaps Big Sandy can get some
competition next year, as it advances
to class A.

"How long have you been driving
without a tail light, buddy?" demanded
the policeman.

The driver ran to the rear of his car
and started to moan. His distress was
so great that the officer was moved to
ease up on him a bit. "Aw, come on,
now," he said, "you don't have to take it
so hard. It isn't that serious."
"It isn't!" cried the motorist. "What
happened to my boat and trailer?"

Santa Claus Is Coming To Town!

be sponsored by the Young Homemakers, who will have more details about his visit in Thursday's Hesperian.

Chamber of Commerce manager Doug Frazier reports the Lions Club will have downtown music going by December 6th and the utility companies will have the street decorations up by then also.

Frazier said Beta Sigma Phi would also have a balloon sale that Saturday.

The 1956 Study Club has gone to work on its Santaland which will be in the Community room of the First National Bank this year... they say this is a warmer and nicer place than last year's location.

Santa will be in Santaland December 11, 12, 13. On Thursday and Friday he will be visiting the little boys and girls

from 10 to 12 a.m. and 3 to 6 p.m. On Saturday, the 13th, he will be there from 10 a.m. until 4 p.m.

Santa will again be giving out free candy and if you want a picture of your child with Santa bring your camera or members of the study club will shoot a polaroid for you.

Whirlwinds Picked To Win District Basketball Honor

starters from last year: Michael Curry, Steve Moore and Donzell Minner. He is also counting on Jerry McGuire (who was ill for the Littlefield game) Elton Ratliff, Royce Chadwick and Mickey Minnett.

Michael was high scorer with 18 points in the Littlefield game... Elton made 11. The Whirlwinds had the lead until the third quarter when Michael fouled out. Coach Rinker praised the good floor game of guard Royce Chadwick, Donzell's quickness and Steve's good job on the rebounds.

Other team members include: Curtis Smalley, Randy Ratheal, Rick Carthel, Steve Westbrook and Joey Davis.

Coach Rinker has nine years basketball coaching experience at

Plainview.

The Whirlwinds and JV Whirlwinds both won their games over Littlefield Tuesday night... the Whirlwinds won 73-27 and ran their record to 3-0. Donette Marble was top scorer with 31 points.

VOLUME 80 FLOYDADA, FLOYD COUNTY, TEXAS 79235 SUNDAY, NOVEMBER 30, 1975 NUMBER 95

Floyd County 4-H Gold Star Winners Honored

With parents, supporters and special guests looking on Monday night, 38 outstanding 4-H'ers were presented the highest county award offered in the 4-H Club program - the Gold Star.

Curtis Smalley and Ann Campbell, Floyd County winners, were among those receiving the honor.

Award ceremonies, which included a banquet in their honor, were staged at Lubbock's Coronado High School.

Twelve member-owned electric cooperatives serving district 2 hosted the event with the Texas Agricultural Extension Service, which directs the 4-H program in Texas.

A boy and girl from each of the 20 counties in Extension Service District 2 are eligible to receive this highest county award each year. The award is based on outstanding achievement, leadership and contribution to the county 4-H program.

Special guests included parents, adult leaders, Extension Service officials, representatives of electric cooperatives and other supporters of the 4-H program.

Speaker for the special occasion was Charles W. Stenholm, general manager of Stamford Electric Cooperative, Inc., Stamford, Texas, and past president of Texas Electric Cooperatives, Inc., Austin, Texas.

The event is sponsored annually by the following 12 electric cooperatives: Bailey, Dickens, Lamb, Deaf Smith and Swisher counties, and Lea County, New Mexico. Also, Caprock, Light-house, Lone Wolf, Lyntegar, Midwest and South Plains electric cooperatives.

Master of ceremonies was Mrs. Gail House, Department of Home Economics instructor at Texas Tech University. Mrs. Aubrey W. Russell, District 2 Extension Agent (retired), Lubbock, narrated the presentation of awards, with District Extension Agents Billy C. Gunter (agriculture) and Catherine B. Crawford (home

economics) presenting the honors.

According to the district agents, the Gold Star Award is intended to stimulate winners through higher achievements and to encourage other young people to participate in the county 4-H program.

Attending the awards banquet other than those honored were Commissioner Doodle Milton and Mrs. Milton; Mr. and Mrs. Anthony Whitfill and Kathy Burk, Lighthouse Electric; Doug Frazier, Floydada Chamber of Commerce manager; County Ext. Agent Doyle Warren and Mrs. Warren; Asst. County Agent Steve Herber and Mrs. Herber; County Agent Home Ec., Mrs. Sharon Hillis; Gerald and Penny Smalley and Mr. and Mrs. Lynn Campbell and family.

Graveside Services Here For J.N. Jones

Graveside services for Joe Neil Jones, 59 year old Amarillo man and a native of Floydada, were held at 2:30 Saturday, November 29th, at the Floydada Cemetery where his father, the late C. S. Jones and two brothers are buried.

Jones died in a housefire about 5:20 p.m. Thursday after apparently falling asleep while smoking in bed in his home at 507 Florida St. Relatives said he had been in failing health for some time. He lived alone.

He was the nephew of Mrs. O. E. Murry of Floydada and cousin of Lloyd Murry of Floydada and Floyd Murry of Canadian.

Born in Floydada, Jones was a veteran of World War II and made his home in Floydada until moving to the Amarillo area a number of years ago. Survivors include his mother, Mrs. C. S. Jones, who is residing in a nursing home in Amarillo; and a brother, Howard R. Jones.

Have You Given Your Fair Share?

as Voters Must Re-Register

between November 5 and December 14, that they had to file a new registration form to remain eligible to vote in elections after January 31, 1976.

Following the return of the application to the tax-assessor's office, applicants would receive by mail a new voter registration certificate. This should be received during February, 1976.

White suggested that the message to voters put with the certificate should read:

"Here is your new voter registration certificate which may be used for voting in elections for a two-year period beginning March 1, 1976, and ending on February 28, 1978. Your new certificate represents the end product of efforts to streamline the Texas voter registration system. I believe Texas now has the best permanent voter registration system in the United States..."

State Representative Bob

Close said recently that the registration procedure was changed by the Legislature because jury lists, taken

from the voting list, were being cluttered with names of persons who had died or moved away, and the new procedure was adopted to "purge" the jury lists.

One weekly editor spoke critically of the new measure: "A wholesale 'purge' of the voter registration lists

during a two-month period just ahead of a major election year is not only going to impose a tremendous burden on the tax assessing offices across the state, but inevitably is going to catch a lot of voters unaware."

Jonelle Fawver, Floyd county tax assessor-collector requested that persons in Floyd County wait until they receive their application in the mail to re-register.

FISHING ANYONE?

Fish can be caught in the Sahara Desert. By digging through the sand to underground streams fishermen can obtain fresh-water fish.

Christmas Collections Needed For

December Display In County Museum

The museum would like to hear from anyone willing to loan early-day Christmas greeting cards, tree ornaments, decorations, or other Christmas items (toy collections, etc.) for display in the museum during December.

All items will be displayed in glass-enclosed areas and will be returned to the owner at the end of the Christmas holidays.

Anyone who is interested in allowing the museum to display their items may call Nancy Marble at 983-2937.

Dress up your butter pats by dipping a fork in hot water and moving the tines across the pat from corner to corner. A sprig of parsley adds a decorative touch to the butter dish.

Pecan Harvest In High Gear Across State

AUSTIN—Pecan harvest continues to increase throughout Texas as cooler weather causes nuts to fall, and indications are that the 1975 pecan harvest will be a good one.

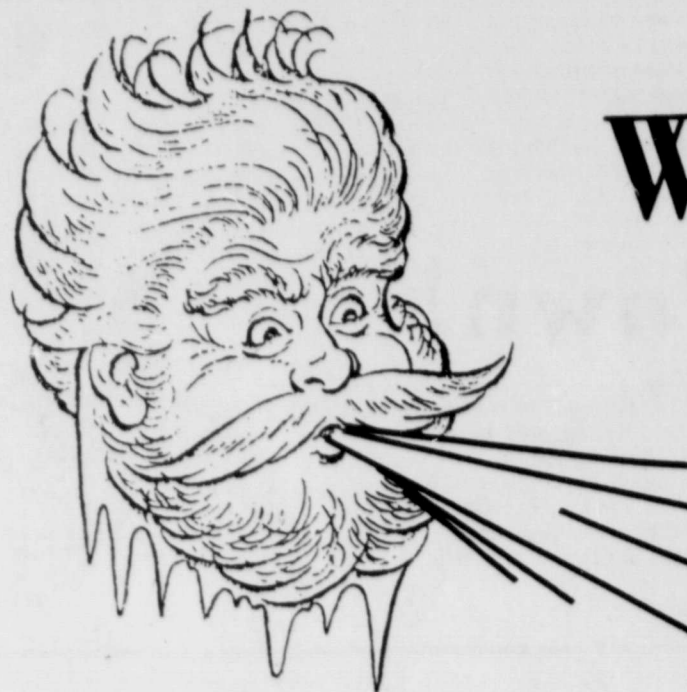

Although the crop has been plagued by an unusual number of insect and disease problems in some areas, it is expected to show a 45 percent increase over last year's crop, according to Agriculture Commissioner John C. White.

Pecan harvest is forecast at 55 million pounds, reflecting an increase of 17 million pounds over the 1974 crop.

Pecan scab has caused the most problems this year. In some untreated orchards, scab is causing droppage and poor quality nuts.

CATTLE OUTLOOK AND GRAIN PRICES

Whether grain prices go up or down will affect both fed and feeder cattle prices, points out a livestock marketing specialist for the Texas Agricultural Extension Service. High grain prices will mean fewer cattle placed in feedlots this fall and thus higher fed cattle prices next year. On the other hand, a drop in grain prices could boost placements in feedlots, and fed cattle marketing by next spring and summer could be burdensome. In the short run, this would, however, provide more strength for feeder cattle prices than if grain prices stay high.

Wind Chill Index Chart

Ever listen to the weatherman tell you what the temperature outside is, but then when you go outside you know it's really colder than what he said. It's possible that you and the weatherman could both be right.

The temperature alone does not always tell the entire story about the weather. To know what clothing we should wear during the cold season we need to know what the "chilling effect" will be on the skin.

Or, we need to know what the Chill Index is. The chill index is a chart used to determine the combined effect of the temperature and the wind on the skin.

If the chill index is known, persons can better protect themselves from the cold before going outside.

Should the temperature be zero with no wind, a person does not lose heat as rapidly as when the temperature is 20 degrees and the wind is 20 miles per hour. The wind has a tremendous effect of the chilling effect of the actual temperature.

The chart at right is a "Wind Chill Index Table." Pick out the approximate temperature along the top of the chart and the approximate wind speed along the left side of the chart.

By following the two numbers into the graph the chill factor will be listed and will give a better indication of how cold the weather actually is.

		Average Temperature																
		35	30	25	20	15	10	5	0	-5	-10	-15	-20	-25	-30	-35	-40

Include Texas Farm Products On Christmas Gift List

AUSTIN—Keep Texas agricultural products in mind when planning holiday gifts this year.

"Texas food and fiber make excellent gifts. Wool, mohair and cotton garments are always appreciated, as are Texas food products," Agriculture Commissioner John C. White said.

An easy way to solve the problem of what to give persons on your list who have everything is to give Texas citrus gift packs.

Now is the time to order the gift packs, according to Commissioner White.

One way consumers can make certain they order fruit

from a reputable firm is to contact the Texas Citrus and Vegetable Growers Association (Box 671, Harlingen, Texas 78550) for the names of shippers who are Association members.

Association members must observe strict standards for quality of fruit and efficiency in delivery.

Average prices of the gift packs range from \$5 to \$20.

The Ruby Red grapefruit is the most popular of Texas citrus. Texas oranges also are available for shipping.

The Star Ruby, similar to the Ruby Red but deeper in color, is available on a very limited basis.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

WHILE turkey may be the number one consideration for Thanksgiving holidays, don't forget that there is also a bountiful crop of Texas citrus this year.

The Texas Crop and Livestock Reporting Service notes that Texas citrus production this year is up 38 percent above last year. Based on Nov. 1 conditions, the citrus crop is forecast at 16,300,000 boxes.

Grapefruit production is expected to be 44 percent higher than a year ago. Early and mid-season oranges are forecast at 3,800,000 boxes, up 30 percent from a year ago. Valencia oranges are expected to be up 24 percent from a year ago. Citrus will be in plentiful supply and should be a good bargain for consumers.

ONLY about six percent of the tall seeded wheat in Texas, Oklahoma and Kansas had sufficient growth to support fall grazing. This compares with 23 percent a year ago and about 20 percent two years ago.

Growth on early wheat seedlings in Texas has been limited due to short moisture supplies. In the state, only 11 percent of the seeded acreages had sufficient growth to pasture. This was four times less than a year ago.

Forage supplies generally are poor and very little grazing has occurred.

COTTON production in Texas is now officially set at 2,800,000 bales. This represents a decline of 60,000 from a month ago. The 1974 crop was even lower, 2,462,000 bales.

Harvested acres are expected to be down 10 percent from a year ago. Yield is expected to be about 336 pounds per acre, which is nearly 100 pounds under the record year of 1973.

Harvest for the state is more than a third complete, which is about on schedule with a year ago.

when they're new, they fade gradually, White stated.

Every two years, farmers should replace the emblem center, either by applying a pressure sensitive triangle overlay or by replacing the entire emblem, White said.

Slow Moving Vehicle emblems can be purchased at farm implement stores or

general merchandise stores specializing in automobile parts.

The emblem is a symbol required on machinery that normally operates at a speed of 25 miles per hour or less.

According to state law, the emblem should be mounted base down on the rear of the vehicle between three and five feet above the road surface.

The emblem is to be maintained in a clean, reflective condition.

AGRICULTURISTS STUDY MARICULTURE

Members of the Professional Agricultural Workers of Texas got a firsthand look at the mariculture industry along with prospects for the future during their annual meeting at Corpus Christi, November 5-7. With the theme, "Food from Fish," the meeting featured talks about the status of the shrimp industry, research in seafood technology, potentials for the fish industry along the Texas Gulf Coast, and progress with pond-raised shrimp production. The group also toured shrimp farming demonstrations along the Laguna Madre.

Cotton Forecast Reduced; Total Set at 2.8 Million Bales

AUSTIN—The forecast for upland cotton production in Texas this year has been revised downward slightly as a result of unusual weather conditions on the High Plains.

Production, first forecast at 3,025 million bales, is now forecast at 2.86 million bales.

The revised figure still reflects an increase over last year's short crop of only 2,462 million bales, according to Agriculture Commissioner John C. White.

Yield per acre is expected to average 343 pounds, a considerable improvement

over last year's drought-plagued yield of 269 pounds.

Following a period of excellent growing conditions during August, the cotton crop on the High Plains was hit with unusually cold, wet fall weather. This resulted in heavy defoliation of leaves which is expected to reduce both yield and quality potential.

At the beginning of November, cotton harvest for the state was on schedule with last year, at 29 percent completion.

COLD AND RAIN IN SEPTEMBER, DR. OCTOBER has reduced the forecast for upland cotton production in the High Plains this year, Agriculture Commissioner John C. White. Even reduction, however, Texas farmers expect an increase in the 1974 of nearly 2½ million bales.

White Reminds Farmers To Renew Vehicle Signs

AUSTIN—"Farm tractor struck from behind by auto."

Such headlines are becoming less common in newspapers, thanks to the Slow Moving Vehicle emblem used throughout the nation.

"However, the emblems lose effectiveness as they age," Agriculture Commissioner John C. White reminded farmers.

Recent studies have revealed that although the orange fluorescent centers are highly visible in daylight

INSUR-MATION

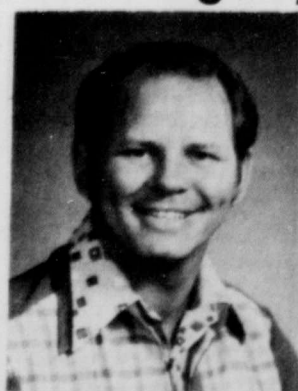

DAVID B. CATES
Floyd County Farm Bureau
Floydada, Texas

With inflation continuing to out-pace Social Security benefits, it seems nearly everyone would have to be included in a private pension plan. How extensive is this involvement?

An estimated 30 million persons, nearly one-half of the private nonagricultural labor force in the U.S. were enrolled in about 300,000 private pension plans having total assets of approximately \$150 billion as of 1972. With the rate of increase continuing, by 1980, the figures will be: 42 million people, 500,000 plans and \$225 billion in assets. The HR-10 and IRA plans are particularly applicable to self-employed individuals, with or without employees. Prime examples being: professional men, service-oriented businessmen and farmers and ranchers.

Activities scheduled for the first two weeks of December in the Lubbock area furnish additional evidence that the eyes of the textile industry are turning more and more to the Texas High Plains.

On December 1, three representatives from the Investa Foreign Trade Company of Prague, Czechoslovakia, accompanied by an official from the Czech Embassy in Washington, will be visiting the Textile Research Center at Texas Tech. Investa is one of the world's most important and progressive manufacturers of textile machinery.

On December 2 W. Gordon McCabe, Jr., Group Vice President of J.P. Stevens & Company, Inc., will bring head cotton buyer Foy Fisher and five of the company's mill superintendents to look over the High Plains crop, visit gins and acquaint themselves with Lubbock's new open-end spinning plant, Feather Yarns, Inc. Stevens, based in Greenville, S.C., is one of the U.S. leaders in open-end spinning and the mill superintendents are those from plants involved in the production of yarns on the open-end system.

The following week, December 9, the Cotton Committee of the American Textile Manufacturers Institute (ATMI) will hold a breakfast meeting in Lubbock followed by a tour of harvesting and ginning operations and the Feather Yarns plant. The 30 members of the ATMI committee are top officials of 27 textile manufacturing companies that account for over half the cotton consumed in the U.S. each year. They are meeting in Lubbock at the invitation of James Parker, Director of the Textile Research Center at Tech.

The increased attention being paid to the High Plains by people in the U.S. and world textile industry, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., is directly related to "the growing interest in open-end spinning, the expanding physical plant and activities of Tech's TRC and the continued production on the High Plains of from 15% to over 20% of the U.S. cotton crop each year." PCG is joining other individuals and groups as hosts to the distinguished High Plains visitors.

The ATMI Cotton Committee has broad responsibility for all matters concerning the textile industry's interest in cotton fiber, such as trading procedures and rules, quality, supply and arbitration. It is also responsible for national policies regarding cotton and advises the ATMI Board of Directors on cotton related matters. Fifteen or more of the 30 committee members are expected to attend the Lubbock meeting, according to Staff Secretary Donald J. May.

The Textile Research Center at Tech is becoming an increasingly important factor in the textile world, especially where open-end spinning is concerned. Construction of a new wing at the Center, adding 12,500 sq. ft. of floor space, is scheduled for completion in the Fall of 1976. The new space will be used for an open-end spinning laboratory, larger and more complete knitting facilities, three chemistry laboratories and additional fiber testing.

Merlin the Magician on how to solve your heating problem

BE SWITCHED TO ELECTRIC

"Those drafty old castles are notorious even in the warmest of weather. I think what I need is a heat pump. I wouldn't have been so sure of my magic secrets..."

ENERGY EFFICIENT

We at Southern Electric are getting the most for your money. That's why we're doing a lot of insulation work. It's a great way to save money on your heating bills.

Voters Must Re-Register

Between November 5 and December 14, that they had to file a new registration form to remain eligible to vote in elections after January 31, 1976.

Following the return of the application to the tax-assessor's office, applicants would receive by mail a new voter registration certificate. This should be received during February, 1976.

White suggested that the message to voters put with the certificate should read:

"Here is your new voter registration certificate which may be used for voting in elections for a two-year period beginning March 1, 1976, and ending on February 28, 1978. Your new certificate represents the end product of efforts to streamline the Texas voter registration system. I believe Texas now has the best permanent voter registration system in the United States..."

State Representative Bob

Close said recently that the registration procedure was changed by the Legislature because jury lists, taken

from the voting list, were being cluttered with names of persons who had died or moved away, and the new procedure was adopted to "purge" the jury lists.

One weekly editor spoke critically of the new measure: "A wholesale 'purge' of the voter registration lists

during a two-month period just ahead of a major election year is not only going to impose a tremendous burden on the tax assessing offices across the state, but inevitably is going to catch a lot of voters unaware."

Jonelle Fawver, Floyd County tax assessor-collector requested that persons in Floyd County wait until they receive their application in the mail to re-register.

FISHING ANYONE?

Fish can be caught in the Sahara Desert. By digging through the sand to underground streams fishermen can obtain fresh-water fish.

Christmas Collections Needed For

December Display In County Museum

The museum would like to hear from anyone willing to loan early-day Christmas greeting cards, tree ornaments, decorations, or other Christmas items (toy collections, etc.) for display in the museum during December.

All items will be displayed in glass-enclosed areas and will be returned to the owner at the end of the Christmas holidays.

Anyone who is interested in allowing the museum to display their items may call Nancy Marble at 983-2937.

Dress up your butter pats by dipping a fork in hot water and moving the tines across the pat from corner to corner. A sprig of parsley adds a decorative touch to the butter dish.

Peggy Jarrett In Who's Who

WTSU-West Texas State University student Peggy A. Jarrett, senior English education major, daughter of Mr. and Mrs. Bob Jarrett of Box 811, Lockney has been selected for inclusion in the 1975-76 edition of Who's Who Among Students in American Universities and Colleges.

Selected students will be awarded an official certificate at graduation and biographies will be published in this year's edition of the book.

The recognition is made by more than 1,000 schools

in all 50 states and the District of Columbia. Listed students have access to the Reference/Placement service offered by the Who's Who program. The program will prepare individual letters of recommendation or supply the student's employer with necessary biographical material upon request.

LOCKNEY LOCAL

Mr. and Mrs. O. E. Durham of Borger visited with friends in Lockney last Friday. They were dinner guests of the G. A. McAdas.

Christmas shopping hint-shop on weekday mornings. Wednesday is often the least crowded day.

A child who rides in a car without proper restraint may be in serious danger in case of an accident, or even minor impact. Many children who survive such accidents remain permanently disfigured or mentally. Mrs. Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, says.

Lockney Care Center Capers

By Linda Cumbie

Hi! Well, hope that each and everyone of you had a great Thanksgiving Day. We are now in the Christmas season. Let us not forget - amid our hustle and bustle the true meaning and spirit of Christmas.

We have had a busy week here at the center. We worked in crafts on Friday, Monday and Tuesday. Have been making pixie dolls, card baskets and egg carton baskets. We invite everyone to come and see our crafts anytime.

Last Sunday, Mrs. Violet Cooper and her Sunday School class came and passed out fruit and sang songs to our residents. Later they had fruit salad with their lunch. Thanks alot.

Petersburg Band Boosters Bazaar Saturday

Petersburg Band Boosters are sponsoring a bazaar Saturday, December 6th at Main and Ave G., in the old Lacy-Watkins building.

There will be baked goods, candies, arts, crafts and white elephant items. Proceeds will go to the Band Boosters Club.

Cancer Society's New Years Ball Slated In Floydada

The annual New Years Eve Ball, sponsored by the American Cancer Society, Floydada Unit, will be held from 9 p.m. until 1 a.m. December 31 in the Massie Activity Center.

Playing for your dancing pleasure will be "The Duke's Mixture" consisting of Art Ratzlaff and Norman Garrett of Floydada, Roy Ratzlaff of Lamesa and Jim Burt of Muncy.

The band is so called due to the ability of members playing a mixture of music including rock, jazz, country and western and maybe a little bit of hillbilly.

Brothers Art and Roy have both played professionally, but Art says his playing of the steel guitar is more for his own enjoyment. Roy still plays the guitar, piano and organ professionally and is also a printer

Hastings, Oklahoma. Mr. Leal had visitors from Quitaque. Mrs. Woodall is out with her children for the holiday. Mr. and Mrs. D. W. Burke went out for Thanksgiving with Lawrence Burke and family from South Dakota. They also visited with Mildred Cates and Jonelle Fawver. James Turner had Matt Norrell from Floydada. Leo Frizzell had Clyde Frizzell, Ethel and Ada Warren from Floydada; Mrs. Hamilton had Yvonne Ratzlaff from Floydada; Mrs. Grider had Mr. and Mrs. Art Ratzlaff from Floydada; Mrs. Deitrich had Esther Brasher from Providence and Lou Ann Brittain from Hastings, Oklahoma; Mrs. Dyer had

Florence Cobb from Quitaque. Mrs. Edwards had Alma Rape, Helen Patterson, Lois Jones and Mr. and Mrs. Van Hoose from Floydada. Mrs. Rogers had Osa Smallwood and Ed. D. Smith and Mrs. Davis from Matador; also Howard and B. Rogers from Flomott. Mrs. Jacobs had Mr. and Mrs. Wallace Johnson from Quitaque. Myrtle Burke visited with Lawrence Burke from South Dakota. Mrs. Fortenberry had Lula Mae Wilson from Ralls, Dozier Dillard from Floydada, Lizzie Ceay from New Mexico, Mattie Davis from Cedar Hill and Edna Dillard from Roaring Springs. Mrs. Kitchens had Stella Davis from Silverton, Berta Foster from Sterley, Ada Stewart from Oregon. Mr. and Mrs. Si Davis from Plainview, Mr. and Mrs. Wade Steel from Lone Star, Joe Kitchens and Louis Kitchens from Silverton. Mr. Roberts had Mr. and Mrs. Wallace Johnson from Quitaque.

Everyone here at the center had a lovely Thanksgiving. Will close for now. May God Bless!

at Lamesa Printing Co. Art is foreman of Blanco Offset in Floydada.

Norman, who works with the school band programs in Floydada, plays the drums, saxophone and piano. He played professionally several years in California and Lubbock. You'll find Norman playing all three instruments at intervals during the New Year's ball.

Jim is manager of River Side Chemical at Muncy. He plays the fiddle as a hobby and enjoys playing country and western more than any

Four Holiday Meals From One Turkey

College Station---Four holiday meals from one turkey can help stretch the food budget, Frances Reasonover, a foods and nutrition specialist, says.

She's with the Texas Agricultural Extension Service, The Texas A&M University System.

"Purchase one freshly processed turkey and cut into pieces using a sharp knife.

"Wings, back parts, neck and giblets may be used in a casserole, as turkey and dumplings or for stew or soups."

Each full leg--that's drum-

FLOYD DATA

Charley Berry spent last Saturday night with his grandson, Philip Cain and new bride at Canyon, Sunday he was with the Harold Berry family at Amarillo and to fill out more of the week. Wednesday night he spent with the Woodrow Surratts at Muleshoe. Berry was Thanksgiving with a host of sisters and their families at a get-together four miles west of Muleshoe in the Raymond Scott home where all enjoyed a dinner. To make the week a little more complete, C. L. received the longest conversation with the former Upline Utsman of San Francisco area. She wished to know about all the area people northwest of McCoy. She nursed Mrs. P. H. Pharr the last week she lived, who succumbed during the terrible blizzard and flu epidemic of 1918-19. Bill Utsman, who recently subscribed to the Hesperian, is in poor health at this time. His brother, Basil, died near Kilgore eight years ago. He and Charley Berry spent a few months together at Norfolk and Portsmouth, Virginia in World War I.

Everyone here at the center had a lovely Thanksgiving. Will close for now. May God Bless!

Repairable Toys Needed By Senior Citizens

Do you have old toys around the place which are repairable and have no further use for them?

If so, the Floydada Senior Citizens would be happy to take them off your hands, repair them, and give to needy children for Christmas.

Senior Citizens plan to replace parts missing on the toys while others will make clothing and repair any dolls.

If anyone has toys they wish to donate for the project, you may call 983-3134 and they will be picked up, or take them by the community Center at Della Plains School.

Six Rural Accidents In October

The Texas Highway Patrol investigated six accidents on rural highways in Floyd County during the month of October, 1975, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and six persons injured.

The rural traffic accident summary for this county during the first ten months of 1975 shows a total of 58 accidents resulting in four persons killed and 31 persons injured.

F.C.S. Federal Credit Union

Earns Thrift Honor Award

The F.C.S. Federal Credit Union, Floydada, Texas, earned a Thrift Honor Award for its success in stimulating savings, according to Paul A. Trylko, Regional Director of the National Credit Union Administration.

The Federal credit union attained a monthly rate of growth of 6.8 percent in share accounts \$20,000 and under. This growth rate was above the average for Federal credit unions of similar size, according to Mr. Trylko.

On September 30, 1975, the credit union had 477 members who had saved a total of \$338,558. The credit

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1975, shows a total of 543 accidents resulting in 18 persons killed and 283 persons injured, as compared to October, 1974, with 502 accidents resulting in 19 persons killed and 215 persons injured. This was 41 more accidents, one less killed, and 68 more injured in 1975 at the same period of time.

The traffic deaths (18) for the month of October, 1975, occurred in the following counties: Five in Parker; two each in Stonewall, Castro and Randall; and one each in Baylor, Crosby, Lamb, Palo Pinto, Wise, Armstrong and Motley.

union primarily serves employees of the Floyd County School Districts who work in Floyd County, Texas; employees of the Crosby County School Districts who work in Crosby County, Texas; and employees of the Dickens County School Districts who work in Dickens County, Texas. The Federal credit union was chartered in September, 1966.

Mr. Bob Alldredge is President of the credit union and Mrs. Nina Copeland is Treasurer.

The National Credit Union Administration conducts its Thrift Honor Award Program to provide an incentive for officials of Federal credit

The Floyd Philosopher Finds A Brand New School System That Assures Education For Everybody

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses education this week, whether it's in his field or not.

Dear editor:

Some people are always lambasting the school system, saying it's not meeting the demands of modern times, there are too many drop-outs, too many absentees, that kids can finish high school without being able to pass a test in reading, writing or arithmetic.

Well, I just read an article about how one big city school - Dallas, Texas, to be exact - is solving the problem and heading off such criticism.

It has abolished exams for most kids.

That's right. It has a rule that if a student does not have to take that quarter's final exam. Gaze out the window if you want to but answer present to the roll call. Anyway, it's an invasion of privacy to try to find out if a kid can read or write.

This seems to be the answer on how to attain universal education.

Thus I suppose if a kid will go through grammar school and high school without

missing more than 3 days every quarter, he gets a diploma unexamined. If he'll make the same record 4 years in college, he gets a Bachelor's degree. Go another year and he has an M.A. degree. Stay in there 3 more years and he has a Ph. D.

So to reach the pinnacle in education all he has to do is stay healthy and not play hooky, provided his cross-town bus doesn't break down more than 3 days in a quarter, although I can't believe the Supreme Court would rule a person uneducated just because his bus had a blown gasket 4 days in a row back in the eighth grade.

In this connection, I read that an industrial leader in Japan has complained that his country is turning out so many educated people that they are "boggling down the country's decision-making process with their suggestions." He said Japan's colleges have increased from 40 during World War II to 1,000 now, and everybody is so informed everybody has his own answer to every problem, plus thinking up new ones, and nobody can decide which is right.

If Japan will adopt this new system, it won't have that problem.

Yours faithfully,
J.A.

OBITUARIES Leo Amonett

Services for Leo Amonette, 75 year old Petersburg resident, and brother of Mrs. F. F. Stephens of Floydada, were conducted Friday in the Main Street Church of Christ in Petersburg. Amonette died at 1:45 a.m. Wednesday at his home in Petersburg.

Burial was in Petersburg Cemetery with Moore-Rose Funeral Home of Floydada in charge.

Born in Byrdstown, Tenn., he formerly lived in Motley County before moving to Hale County in 1940. Amonette married Audrey Kee in 1922. He was a member and a former elder of the Church of Christ.

Survivors include his wife; two sons, Derwood of Oklahoma City, Oklahoma, and Glenn of Petersburg; two brothers, Clyde of

Lamesa and Thayne of Lubbock; two sisters, Mrs. Stephens of Floydada and Mrs. Earl Whitaker of Flomot; five grandchildren and one great-grandchild.

Kitchen facilities used in the preparation of a Colonial Thanksgiving meal were a far cry from today's built-in range and oven. Using massive kettles over the open fireplace, farm wives were described as "breaking their backs, burning their faces, smoking their eyes, singeing their hair, blistering their hands and scorching their clothes."

Late November was also the traditional Colonial time for "Butchering Bees." And some early farmers kept an eye on the almanac and the moon. Supposedly, if hogs were slaughtered in the waxing of the moon, the pork would swell in its barrel. If cattle were butchered in full moon, they would have juicier meat.

SPAG To Meet

In accordance with Article 6252-17, Vernon's Texas Civil Statutes as amended by the 61st Legislature, notice is hereby given to all interested persons that the Board of Directors of the South Plains Association of Governments will meet at 1:30 p.m. on December 9 at The Big Texan Steak Ranch in Lubbock and the General Assembly of the South Plains Association of Governments will meet at 6:30 p.m., December 9, at the Big Texan Steak Ranch for the following purposes:

BOARD OF DIRECTORS
AGENDA
Minutes, Project Review Docket: SPCAA, Community Action; SPCAA, Head Start; Windmill Investments Inc., Pinerock Subdivision Shallowater; Lubbock Urban Renewal, Draft EIS for Housing Rehabilitation; City of Smyer, Sanitary Sewer System; Floydada, City Park Development; Olton, City Park Development; O'Donnell, City Park Development; Sundown, City Park Development; Brownfield, City Park Development; TTU-Cont. THIS WEEK ONLY

One of the largest denomination silver coins ever issued by any country. The first coin in three centuries to portray a member of the Royal Family other than the reigning monarch. Diameter: 45 mm. Weight: 800 grains Sterling Silver. Legal Tender: 25 Cayman Islands dollars equals 30 U.S. dollars.

Limited availability of this Uncirculated Sterling Silver Coin

By a special arrangement with the government of the Cayman Islands, First Federal Savings and Loan is offering a unique sterling silver coin. It commemorates the twenty-fifth wedding anniversary of Queen Elizabeth II and Prince Philip.

The coin comes from Britain's tiny Cayman Islands in the Caribbean Sea. Yet it's one of the largest denomination sterling silver coins ever issued. The unique coin is also the first in nearly three hundred years to portray a member of the British Royal Family other than the

reigning monarch.

By royal decree of Her Majesty, Queen Elizabeth II, this special coin will never again be issued. We must limit purchase to **four coins per customer** while supply lasts.

First Federal Savings and Loan offers this silver coin at **no premium** of any kind. You pay the official government exchange rate of \$30. (Actual buying and selling rates in exchange transactions reflect service charges and may vary considerably from the official exchange rate.)

MAIL ORDERS accepted if mailed by December 6, 1975; Add \$1.00 per coin for postage and handling. (Example: each coin costs \$31.00, which includes \$1.00 handling.) Allow four to six weeks for delivery. Make check payable to and Mail to: Cayman Coin, 1120 14th Street, Lubbock, TX 79401

Available to everyone, Monday thru Friday, December 1 thru 5, at all First Federal Savings and Loan offices
