Our business is to show the goods and make the sale afterwards

All Goods Guaranteed

SMITH & ELDRIDGE

## WEDDING BELLS.

A pretty home wedding was solemnized on Wednesday, November 28, 1923, at 7:30 p. m., at the residence of Mr. and Mrs. S. C. Bodkin, when Martin F. Bodkin and Miss Clara Bode were united in marriage, Rev. J. H. Bell officiating. Only the immediate family and a few friends were present. Thursday morning the happy couple boarded the west-bound train for a few days visit in El Paso.

The bride is from Pontotoc, Texas, and has been teaching school at Lyons, Texas, since the beginning of the present school term. She taught in the public schools of Sanderson last year and her charming personality and cheerful disposition won her a large circle of friends in our city.

The groom is the son of Mr. and Mrs. S. C. Bodkin and grew to manhood here. He was for several years an employee of the G. H. & S. A. Railway at Sanderson, but lately has been working in New Mexico and Arizona. He is well liked and has a host of warm friends who wish him and his bride a long and happy married life.

The Sanderson Times extends congratulations and best wishes.

—Orders taken for cakes, plain white and potato cakes a specialty; also salad dressing. Phone 112 or see Mrs. Holland.

## SCOTT-HICKS

The marriage of Mr. Notley M. Scott and Miss Alma Hicks was solemnized last Thursday, November 23rd, in San Antonio.

Miss Hicks is a daughter of Mrs. A. M. Hicks, who owns a large ranch on the Pecos River in Terrell county. By her charming and winsome ways she has won for herself a host of friends who wish her much joy and success.

The groom is a prominent ranchman in Terrell county and his large circle of friends extend to he and his bride best wishes and congratulations. They will make their home on the ranch after returning from an extended honeymoon.

Have a new line of Ivory in white, also in two tone white and amber combined and straight amber at Max Bogusch's.

A Thanksgiving dance was given at the Princess Theater Thursday night and a large crowd attended. Music was furnished by Messrs Mulky and Duke on the saxophone and drums, and Miss Jones at the piano.

## NOTICE

I have been informed that a report has been circulated stating that I had been arrested and placed in jail by state rangers and custom officers in connection with the seizure of 374 head of Mexican goats by these officers a few weeks ago. I desire through the columns of the Times to say to all that this report is untrue in every way.

Sincerely  
Max Lucky.

Your clothes will always look neat and clean if you have them pressed and cleaned at the Royal Tailor Shop. Phone No. 6, and we will call for your package and deliver when finished.

Mrs. Annie Andrews, mother of Mrs. R. H. Lewellen, has returned to Sanderson after an extended visit at Tulla, Texas.

## Officers Picked By Junior BA'S.

Academic and Business Administration Students Will Give Joint Social.

Junior business administration students met Wednesday afternoon at 5 p. m. in the Law Auditorium for the purpose of electing officers for the winter and spring terms.

Officers elected for the winter term are: C. R. Smith, president; E. H. Steinhagen, vice president; Ruby Cochran, secretary and treasurer; L. Edwards, sergeant-at-arms. The selection of officers for the spring term included Bob Gahagan, president; Fred Connally, vice president; H. B. Funchess, secretary and treasurer; H. McGee, sergeant-at-arms. —The Daily Tegan.

Miss Cochran is a Sanderson girl and her many friends are glad to hear of her success at the University.

## MARRIED

Douglas Wilson and Miss Maye Gamn, of Sheffield, presented themselves at the Methodist parsonage at 8:30 Thursday morning, and were united in marriage by Rev. J. E. Fuller. Immediately after the ceremony, the happy couple left for Sanderson and will be at home on the Corder ranch —The Fort Stockton Pioneer.

The groom, a brother of Mrs. J. M. Corder, has a large circle of friends in Sanderson and Terrell County who wish for him and his bride a prosperous and happy journey through life.

We all like to remember our friends at Christmas time, even if we can only send a card. Have you seen the new line of Christmas Cards at the Sanderson Times office. Call around and we will be glad to show them to you.

## ARRESTED FOR STEALING WATCH

A negro hobo, giving his name as Geo Spears, was arrested here late Sunday afternoon by Deputy Sheriff Tom Parsons, on a complaint made by a deaf and dumb boy, who was traveling through the country, who claimed the negro stole his watch. The negro was searched and the watch was found on his person and he was placed under arrest.

He was given an examining trial Monday morning, in Justice Court and was bound over to await the action of the Grand Jury at the next term of District Court in January.

## NOTICE

Mr. C. E. Coyle has charge of the tickets that are being sold on the Oakwood China. He announces that as soon as sufficient number of tickets can be sold the drawing will be held, which he hopes will be about December 10th.

Mrs. George Miller and son Everette of Los Angeles, Calif. are visiting Mrs. S. E. Peterson.

Riverguards Clay Roberts and Creed Taylor were in Sanderson last Saturday on business.

## W. B. A. of M. MEET

The ladies of Sanderson Review No. 72 held an interesting meeting Saturday, November 24, at the Masonic Hall.

Balloting and initiating new members were one of the main features of the evening. Mrs. Lily Holford, Supreme Deputy, gave the members a very interesting and descriptive report on the W. B. A. of M. Convention held in Los Angeles, Calif. and Vancouver, B. C. in May 1923. Mrs. Mary Campbell, Commander of El Paso Review No. 42 also gave a very interesting talk.

After all business was transacted, the Commander Margaret Pollard in behalf of the Review presented the visiting members with beautiful bouquets of chrysanthemum in the Review colors. The ladies also surprised the deputy by presenting her with a beautiful Oakwood Rose Jar as this was her 21st wedding anniversary. Both visitors were generous in complimenting the pleasant meeting and lovely gifts, also praised the Review for their last year's work.

Mesdames Ida Bodkin, Stella Sherod, Ella Smith and May Ord served delicious luncheon consisting of baked chicken, potato salad, dressing, cranberries, hot rolls, cake and hot chocolate which was enjoyed by all. Music was furnished during the evening by Musician Inez Nutter.

—Contributed.

## Texas News

Victoria County's 1923 assessed values total \$14,343,836, or \$41,900 less than last year, according to the rolls submitted to the county commissioners court Saturday.

An election to vote upon the question of issuing bonds to the amount of \$660,000 for highway improvement in Cameron County has been called for December 22.

There are sixty-five city and rural schools in Colorado County, with two consolidated schools doing high school work. There are several boys' and girls' clubs devoted to farm work.

The three largest dairies in Galveston County are located on Galveston Island, each having more than 100 head of milk cows. One of these has approximately 150 head.

While the pecan crop in the Smithville section is very short, the prices are high, the average being 20c a pound.

A contract has been let for the construction of the first leg of the Sap highway north of Milam County.

Shilby County at the regular monthly meeting of the state highway commission at Austin, asked for designation from Tenaha to Timpan in Tennessee on highway No. 35.

The herds of Victoria County were free of ticks during October, according to dipping reports for that month. A total of 2655 herds, numbering 68,515 cattle, were dipped during October.

Matagorda County has seventy-five miles of shell road radiating from Bay City, the county seat. Bay City is well equipped as to transportation facilities with three trunk lines and two branch railroads.

Work of unloading hundreds of cars of sugar cane and the conversion of it into sugar, syrup molasses and the many by-products began at Sugarland, this week. The crop is very good and a good turnout is expected.

The regents of the University of Texas will meet at Galveston Dec. 18, that being the date for the next regular monthly meeting. Matters at the Medical College will receive first consideration at that session and also the details of the \$2,500,000 loan.

The Waco, Beaumont, Trinity & Sabine Railroad, operating a short line in Texas, has asked the interstate commerce commission to approve plans for extending its road from Livingston via Beaumont to West Port Arthur. With branch construction the total mileage involved is 114 miles. When constructed the railroad will serve producing territory and oil refining centers.

The cotton crop of Washington county will total 25,000 bales, the largest crop since 1913, when the crop reached 42,248 bales, the peak of production for the county, local dealers believe. The high prices have made the crop very profitable this season, and partly reimbursed the farmers for heavy losses in recent years. The cotton is nearly all picked and ginned, just a small amount remaining unpicker in the Brazos River bottoms.

Governor Neff has appointed the following delegates to represent Texas at the National Rivers and Harbors Congress to be held in Washington, D. C., Dec. 5 and 6: John W. Galnes, San Antonio; A. E. Masterson, Angleton; Harry Black, R. L. Cohen, Jr., John L. Darrouzet, Senator J. T. Holbrook, John Sealy and H. B. Cummins, Galveston; E. P. Dodge, George N. Blas, Fort Arthur; J. B. Cullinan, C. S. E. Holland, G. J. Palmer, Houston; Roy Miller, Corpus Christi; G. H. Oliver, Matagorda; F. H. Farwell, Orange; J. E. Starley, J. A. Kemp, Wichita Falls; James W. Bartwell, Palacios; J. H. F. Davis, Richmond; W. I. Johnson, Gulf; L. Cobolton, Brownsville; C. A. Jones, Freeport; S. W. Pippin.

The Brown-Crummer Company of Wichita, Kan., has been given until December 4 to indicate to the regents of the University of Texas whether it would negotiate to loan \$2,500,000 on a 5 per cent basis. If it agreed to that figure it will be given the contract and the details of the loan then will be worked out. If it does not agree to the 5 per cent basis, then the so-called existing contract at 6 per cent plus is not to be carried out and the regents will advertise for proposals from other investment bankers.

Physicians' prescriptions to the number of 243,961 were filled by retail druggists in Texas during the fiscal year ending June 30, 1922, according to reports compiled by the prohibition unit of the treasury department. Whisky was the favorite among the Texas patients, since the prescriptions called for an aggregate of 29,271 gallons. Little attention was paid in Texas to straight alcohol, only twenty-five gallons of which was issued on prescriptions during the year, while the total brandy so dispensed was twenty-nine gallons, gin sixty gallons, rum one and a half gallons and wine sixty gallons.

Managing editors of Texas news papers receiving Associated Press service will hold their annual meeting this year in Houston on Sunday and Monday, Dec. 9 and 10, according to announcement by A. L. Perkins of the Galveston Tribune, president of the association. The meeting last year was held in Galveston. Between thirty and thirty-five managing editors from all parts of the state will assemble to discuss the service and to exchange with one another ideas and opinions regarding the proper handling of news and features.

## Holiday Ideas for Shoppers

A pretty set of card table numbers, especially when made by the donor, will please every hostess. Here is a set, made of heavy black paper, cut into three-inch squares and having pictures of girls' heads pasted against the painted numbers. A fine silk cord, supporting a tiny pencil, is fastened through a hole punched in a corner of each card.

## FANCY SILK HANDBAGS

Very handsome handbags, in new patterns of figured or brocaded ribbons, will make their recipients happy this Christmas. The envelope bag pictured is made of tawsey ribbon, bordered with black, and the bag below it reveals a richly colored Egyptian design with mock jewels set along the mounting. Both are lined with plain silk, and colors are chosen to suit individual fancy.

## FOR DRESSING TABLE

A pair of long skewers, wound with narrow green ribbon, a small mirror a flat powder puff and two double red silk popples will make this pretty pair of toilet requisites. The mirror is bound with red ribbon, gathered at the edges. After the skewers have been sewed to place, the popples are fastened, placed over them and tacked down about the edges.

## DAINTY GIFTS FOR GIRLS

On a new-style ribbon sash, lotus blossoms and waves are appliqued, of narrow metal-edged ribbon in two colors, and a collar of yellow organdy, sized with lace, is gayly embroidered with red daisies of silk floss.

**Take It at Night Makes Day's Work Light**

**St. Joseph's LIVER REGULATOR**  
for BLOOD LIVER-KIDNEYS  
The BIG 25¢ CAN

Remedy, surely reliable, instant and guaranteed non-narcotic, non-sedative.

**MRS. WINSLOW'S SYRUP**  
The Infant's and Child's Remedy

Children grow healthy and free from colic, diarrhoea, flatulency, constipation and other trouble if given at an early stage. It is a pleasant, always reliable, remarkable and gratifying result.

**DON'T EXPERIMENT ON YOUR EYES!**

**MITCHELL EYE BALM**  
heals inflamed eyes, granulated lids, stytes, etc. Sure, Safe, Speedy. 25c at all druggists. Hall & Ruckel, N. Y. C.

**Difficult to Please.**  
He had walked himself tired, looking for a house. At last he found an agent who had one at 452 a year—10 to let.

He looked it over, but was disappointed. So he returned to the agent. "No good; it's too damp, too drowsy in the kitchen and mildew on the dining-room walls."

"Well," said the indignant agent, "what of it? What do you expect for a pound a week? Orchids?"

**Sure Relief FOR INDIGESTION**

**BELL'S HOT WATER SURE RELIEF**  
25¢ AND 75¢ PACKAGES EVERYWHERE

Anyone "gets out of life what he puts into it"; and it is a great deal the same with classical music.

**Don't Let That Cold Turn Into "Flu"**

Rub on Good Old Musterole That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, does the work without blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, in jars and tubes.

**MUSTEROLE**  
WILL NOT BURN!  
Better than a mustard plaster

**Piles**

**CURED In 6 to 14 Days**

All Druggists are authorized to refund money if PAZO OINTMENT fails to cure any case of ITCHING, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days.

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application. 60c.

**CURES COLIC - LA GRIPPE**  
in 30 Hours  
**CASCARA & COGNINE**

Standard cold remedy world over. Does not harm Mr. M's pet and children. At All Druggists - 30 Cents

## STRESEMANN AND CABINET RESIGN

**French Parliament Votes Confidence in Premier Poincaré on His Stand.**

Berlin.—Dr. Gustave Stresemann Friday resigned as chancellor when the reichstag by a vote of 230 to 155 denied his rump cabinet a vote of confidence. Seven deputies abstained from casting their ballots. After the ballot was taken, Dr. Stresemann tendered the resignation of himself and his cabinet, which President Ebert accepted.

The president immediately sent for Paul Lobe, president of the reichstag, with whom he held a conference. Herr Ebert has requested Stresemann to carry on current business until his successor is appointed. The outcome of the second crisis during the chancellor's regime was in doubt up to a half hour before the voting took place, as there were strong influences at work in the ranks of the socialists in the direction of weakening the party's opposition by permitting sufficient members of the party to absent themselves from the chamber, thereby cutting down the chancellor's numerical opposition.

The radicals, however, had so strongly pledged themselves in opposition to the Stresemann government and the German nationalists also had refused to recede from the position of outspoken hostility so that the chancellor's fate was definitely sealed.

The French parliament, by one of the most sweeping votes of confidence in its history, Friday approved the policy of the government of Premier Poincaré in the recent negotiations in the council of ambassadors, with regard to Germany.

The chamber gave the premier carte blanche to execute his program for future forcible action in enforcing complete execution of the Versailles treaty for the protection of France's national interests and security, in accord with the allies if possible, but alone if he must. The vote was 505 to 70.

Premier Poincaré in an address to the chamber Friday did not flinch in his attitude of stern determination to force the chamber immediately to proclaim either its approval or disapproval of his policy. His words seemed to remove the smouldering discontent expressed by deputies in the lobbies of the chamber during the past week at what was termed the premier's retreat before Great Britain's viewpoint with regard to the demands to be made upon Germany. The premier put the responsibility squarely up to the chamber, declaring if it was not satisfied with his government it could get some other government to continue the negotiations. M. Poincaré cut short discussion in the chamber, which threatened to extend into the small hours of the morning, by insisting on an expression of plain confidence in the order of the day, without restrictions or qualifications whatsoever, either as to his policy of the past week or his future program as elaborated. The opposition, with the elections approaching, witted; no one seemed desirous of assuming responsibility for disapproving the act of the man whose popularity apparently is supreme throughout the country.

The premier declared that France would not act against Germany with or without the allies if her security was menaced; that France was ready to face a rupture with the entente if this became necessary to protect herself. Germany, he added, would be punished if she did not enable the inter-allied military control commission to watch German armaments, and if she did not pay indemnity for the attack on members of the control commission in Leipzig.

**Sixth Place in Ship Building.**  
Washington.—The United States has dropped from first to sixth place among the ship building nations of the world in the last four years, the department of commerce states. Not only Great Britain and Germany, but also Italy, France and the Netherlands are building more tonnage than the United States, according to returns for the quarter ended with September. World construction at the close of that quarter was smaller than at any time since the war and represents a decline of 165,000 gross tons in comparison with the quarter ended with June.

**Walton Indicted.**  
Oklahoma City.—J. C. Walton, deposed governor of Oklahoma, was indicted Friday by a district court grand jury on charges on which he was impeached and removed from office by the state legislature. Seven indictments were returned against the former executive, charging diversion of state funds, intimidating an officer and prohibiting an assembly of the lower house of the legislature.

**Carrie Brown a Gusher.**  
Orange, Tex.—The Sun Company's No. 2, Carrie Brown, is a giant gusher making pipe line oil at the rate of 5000 barrels a day through a three- and a one-half inch choke. The well was finished at 4500 feet. It is estimated that if the well was allowed to run wide open it would be good for 30,000 barrels a day. The well cleared itself Friday and while the production was estimated at 5000 barrels, it was the belief of those present that the well was gradually growing stronger.

# THE BROWN MOUSE

By HERBERT QUICK

(Copyright by The Babbo-Merrill Company)

### "JIM IRWIN, SPEECH!"

**SYNOPSIS.**—Jennie Woodruff refuses to marry Jim Irwin, young farm hand, because of his financial condition and poor prospects. He is intellectually above his station, and has advanced ideas concerning the possibilities of school teaching and farming, for which he is ridiculed by many. In short, Jim is an off-ox. He rocks by himself and reads books and has a philosophy of his own. But there are latent powers in him unexpressed, even by himself and Opportunity comes knocking at his door. Jim is nominated for school teacher, as a result of his superior ability. He visits his scholars. Jennie is nominated for county superintendent of schools.

### CHAPTER VI

Jim Talks the Weather Cold. "Going to the rally, James?" Jim had finished his supper, and yearned for a long evening in his attic den with his cheap literature. But as the district schoolmaster he was to some extent responsible for the protection of the school property, and felt some sense of duty as to exhibiting an interest in public affairs. "I guess I'll have to go, mother," he replied regretfully. "I want to see Mr. Woodruff about borrowing his Babcock milk tester, and I'll go that way. I guess I'll go on to the meeting."

to drop his arm and busy herself with her skirts. "Yes," said Jim, at last; "of course I do."

Nothing more was said until they reached the schoolhouse door. "Well," said Jennie rather indignantly, "I'm glad there are plenty of voters who are more enthusiastic about me than you seem to be."

More interesting to a keen observer than the speeches were the unusual things in the room itself. On the blackboards, with problems in arithmetic, were calculations as to the feeding value of various rations for live stock, records of laying hens and comparison as to the excess of value in eggs produced over the cost of feed.

Pinned to the wall were market reports on all sorts of farm products, and especially numerous were the statistics on the prices of cream and butter. There were files of farm papers piled about, and racks of agricultural bulletins. In one corner of the room was a typewriting machine, and in another a sewing machine. Parts of an old telephone were scattered about on the teacher's desk. A model of a pigsty stood on a shelf, done in cardboard.

Instead of the usual collection of text-books in the desk, there were hectograph copies of exercises, reading lessons, arithmetical tables and essays on various matters relating to agriculture, all of which were accounted for by two or three hand-made hectographs—a very fair sort of printing plant—lying on a table.

The members of the school board were there, looking on these evidences of innovation with wonder and more or less disfavor. Things were disorderly. The text-books recently adopted by the board against some popular protest had evidently been pitched, neck and crop, out of the school by the man whom Bonner had termed a "dab." It was a sort of contempt for the powers that be.

Colonel Woodruff was in the chair. After the specifying was over, and the stereotyped, though rather illogical, appeal had been made for voters

all—and I don't suppose I should have said as much as I have!"

There was stark silence for a moment when he sat down, and then as many cheers for Jim as for the principal speaker of the evening, cheers mingled with titters and catcalls. Jim felt as if he had made an ass of himself. And as he walked out of the door, the future county superintendent passed by him in high displeasure, and walked home with someone else. Jim found the weather much colder than it had been while coming. He really needed an Eskimo's fur suit.

### CHAPTER VII

**New Wine and Old Bottles.** In the little strip of forest which divided the sown from the sown, wandered two boys in earnest converse. They seemed to be boy Trappers, and from their backloads of steel-traps one of them might have been Frank Merrivell, and the other Deadshot Dick. The boy who resembled Frank Merrivell was Raymond Simms. The other, whose overalls were fringed, who wore a cartridge belt about his person, and carried hatchet, revolver, and a long knife with a deerfoot handle, and who so studiously looked like Deadshot Dick, was our old friend of the road gang, Newton Bronson. Newton put down his load, and sat upon a stump to rest.

Raymond Simms was dimly conscious of a change in Newton since the day when they met and helped select Colonel Woodruff's next year's seed corn. Newton's mother had a mother's confidence that Newton was now a good boy, who had been led astray by other boys, but had reformed. Jim Irwin had a distinct feeling of optimism. Newton had quit tobacco and beer, casually stating to Jim that he was "in training." Since Jim had shown his ability to administer a knockout to that angry chauffeur, he seemed to this hobbler peculiarly a proper person for athletic confidences.

Newton's mind seemed gradually filling up with new interests. Jim attributed much of this to the clear mountain atmosphere which surrounded Raymond Simms, the ignorant barbarian driven out of his native hills by a feud. Raymond was of the open spaces, and refused to bear fetid things that seemed out of place in them.

As the reason for Newton's improvement in manner of living, Raymond, out of his own experience, would have had no hesitation in naming the school and the schoolmaster.

"I wouldn't go back on a friend," said Newton, seated on the stump with his traps on the ground at his feet, "the way you're going back on me."

"You got no call to talk thataway," replied the mountain boy. "How'm I goin' back on you?"

"We was goin' to trap all winter," asserted Newton, "and next winter we were goin' up in the north woods together."

"You know," said Raymond somberly, "that we can't run any trap line and do what we got to do he's Mr. Jim."

Newton sat mute as one having no rejoinder.

"Mr. Jim," went on Raymond, "needs all the help every kid in this settlement kin give him. He's the best friend I ever had. I'm a pore ignorant boy, an' he teaches me how to do things that will make me something."

"Damn it all!" said Newton.

"You know," said Raymond, "that you'd think mighty small of me, if I'd desert Mr. Jim Irwin."

"Well, then," replied Newton, setting his traps and throwing them across his shoulder, "come on with the traps, and shut up! What'll we do when the school board gets Jennie Woodruff to revoke his certificate and make him quit teachin', hey?"

"Nobody'll ever do that," said Raymond. "I'd set in the schoolhouse do' with my rifle and shoot anybody that'd come to th'ow Mr. Jim outen the school."

"Not in this country," said Newton. "This ain't a gun country."

"But it orto be either a justice kentry, or a gun kentry," replied the mountain boy. "It strande to reason it must be one 'r the other, Newton."

"No, it don't neither," said Newton dogmatically.

"Why should they th'ow Mr. Jim outen the school?" inquired Raymond. "Ain't he teachin' us right?"

"Yennis, this man Jim Irwin needs to be lined up."

(TO BE CONTINUED.)

There's All the Difference. Reading the silly magazines as one does on vacation, we note that the best just now is articles by husbands on "How My Wife Has Hindered My Career." You don't see women blating about their incurances this way. Why? They are the practical ones. When a woman finds her husband a hindrance she doesn't talk. She acts.—Chicago News.

### Timely Hints for Christmas

RIBBONS USED IN GIFTS

A large proportion of the gifts that contribute most to Christmas joys are small furnishings and personal belongings that friends make for one another. The picture above illustrates a case for a score tablet and a sewing case, both made of ribbon. Black and gold is favored and a heavy black satin ribbon with sprays of gold while black moire makes the sewing case. In each, narrow gold braid is used for binding and plain black satin for lining. The tablet case carries a pencil and may be made to carry cards.

### TOYS MADE OF CLOTH

Scraps of cotton flannel, elderdown, plush and velvet serve to make many little animals, cut by paper patterns, the parts machine stitched together and stuffed with sawdust or cotton. Glass-headed pins or buttons serve for eyes; covered wire, colored paper and yarn stitching help in many cases to supply details.

### FLY-SWATTER FOR GIFT

The convenient fly-swatter is added to the list of useful things appropriate for Christmas gifts—and here it is, shown with bright red yarn button-hole stitching about the edge and having a basket of red and black yarn, filled with little flowers and foliage, done in gay colors (in cross-stitch) just above the end of the handle.

### COVERS FOR CARD TABLES

Hostesses are enthusiastic over the new card table covers, made of black tulle and gaily decorated with applique flowers cut from colored bits of silk or cotton fabrics. Silk roses outline the flowers, and black braid or ribbon provides the rice for the corners.

### CANAL ASSOCIATION HOLDS CONVENTION

Pass Resolutions—Holland Re-elected President for the 19th Straight Time.

Houston, Tex.—All officers of the Intracoastal Canal Association were re-elected Tuesday at the conclusion of the nineteenth annual convention of the organization. President C. S. E. Holland was named head of the association for the nineteenth time.

Other officers re-elected at the session included Roy Miller of Corpus Christi, active vice president; G. J. Palmer of Houston, vice president and treasurer; Leon Locke of Lake Charles and Henri Gueydan, La., vice presidents; Walter L. Barnum of Corpus Christi, secretary.

The old board of directors was re-elected, with additions of John M. Moore of Richmond, John H. Sharp of Mission, Louis Mims of Freeport, Dr. T. J. Roemer of Port Lavaca, Hugh R. Sutherland of Corpus Christi, W. A. Bowie of Beaumont, W. E. McNabb of Bay City, A. C. Bernard of New Iberia, La.; J. Allen Barnett of Lafayette, La.; A. M. Lockett of New Orleans, La.; Frank Barker of Lockport, La.; Jonas Weil of Abbeville, La.; C. W. Lyman of Crowley, La.; P. P. Percy of Thibodaux, La.; W. A. Ober-schmidt, New Orleans, La., and H. B. Hewes of Jeanerette, La.

The financing of the Galveston Matagorda section of the canal to a depth of nine feet and a width of 100 feet was urged in a resolution adopted immediately before the association adjourned.

The association passed resolutions "That we give our hearty indorsement to senate bill No. 4128, sixty-seventh congress, fourth session, known as the McCormick bill, which provides for a sufficient appropriation to insure the early completion of a nine-foot channel from the great lakes to the gulf, via the Chicago drainage canal, Illinois and Mississippi rivers, and that we earnestly urge our representatives in congress from Louisiana and Texas to give this measure their active aid and support."

"We indorse the establishment and maintenance, properly financed, of the government-operated Mississippi-Warrior Barge Line and urge its continuance under federal management for such period as congress may deem it necessary and until a complete system of freight rate division with the connecting railways, giving the barge line a fair proportion of the revenue, will have been worked out and established, and all physical obstacles in the way of regular and dependable service removed."

### VETERANS TO GET THEIR PENSIONS THIS WEEK

Austin, Tex.—Comptroller Lon A. Smith will mail this week pension warrants to 14,065 Confederate pensioners over the state for the quarter ending November 20.

The warrants mailed to the 14,065 veterans this quarter aggregate \$414,585, and of this number, 18,434 were for \$30 and \$71 for \$15 each. The \$15 warrants are for the veterans who are residents of the Confederate Home at Austin. The total number of warrants issued this quarter is 21 less than for the previous quarter. During the quarter ending November 30 there were 221 deaths among the pensioners and the death benefits paid reached \$13,365. There were 220 new applications for pensions received during the quarter.

### New Orleans Rice.

New Orleans, La.—The rice market lacked new developments Friday. The demand was light and mostly from domestic centers. Prices were unchanged, with fancy Blue Rose quoted at 4 1/2¢ and 5 1/2¢ a pound; choice at 4 1/4¢ to 4 1/2¢, and medium at 4¢ to 4 1/8¢. There was a slightly better demand for screenings and second heads from local jobbers. Some small sales of fancy Blue Rose were reported to jobbers who had sold short earlier in the season. Receipts amounted to 5,664 sacks of rough and 4,320 pockets of clean. The future market was quiet and 3 to 5 points higher for fancy grades.

### Buffalo To Be Set Free.

Calgary, Alberta.—One thousand young buffalo will be taken from the big park at Wainwright, Alberta, and turned loose in the North in the region in which wood buffalo are found. Charles Stewart, minister of the interior, announces. This will meet the objection to the slaughter of these animals made necessary by the increasing size of the Wainwright herd.

### London Election Campaign Soon.

London.—The election campaign as to all of the three great parties are now before the country, and ammunition is thus provided for one of the most intense election campaigns the country has ever experienced. During the coming three weeks there will be a perfect tornado of election speeches.

American Missionary Prisoner. Peking.—I. W. Schwarzer, an American missionary, was taken prisoner by Chinese bandits Friday, on the Hunan-Kwetchow province border.

## NATIONAL CAPITAL AFFAIRS

### Solution of American Wheat Problem?

WASHINGTON.—Solution of the wheat problem lies along two lines—the adjustment of production to American needs if the world market is oversupplied from other producing countries at lower prices than are satisfactory to the American producer under prevailing conditions, and the development of an improved marketing system.

These suggestions were made in a report to the President made public by Eugene Meyer, Jr., managing director, and Frank W. Mondell, director, of the War Finance corporation, who have completed an investigation under instructions of the President of conditions in certain wheat growing areas. The development of an improved marketing system, in the opinion of Mr. Meyer and Mr. Mondell, can be brought about by the organization of the producers of the country for the purpose of marketing their wheat under the co-operative marketing plan, making it unnecessary to rely so completely upon the uncertain functioning of the speculative public contract market.

The report expresses strong opposition to the various proposals looking to an increase in the tariff on wheat, government price fixing and government purchase of "surplus" wheat. It

comments on but does not go on record regarding proposed distributing of \$58,000,000 said to have been made as profit by the United States Grain corporation, and modification of the present immigration laws so as to provide for selective admission of a larger supply of labor.

On the matter of returning the so-called profit of the grain corporation the report says it has no accurate information on the subject, and with respect to modification of the immigration laws the report says that sentiment in this direction is almost universal among the agricultural communities visited.

The report reflects the fact that the condition of the wheat farmers is improving under present conditions because of the readjustment taking place. The same is true of the live stock situation, which also was studied.

Conferences on the wheat situation with farmers and farm organizations, state departments of agriculture and agricultural colleges, city and country bankers and leading business men developed many points of view. They were held at Chicago, Minneapolis, St. Paul, Sioux Falls, S. D.; Fargo, N. D.; Billings and Helena, Mont.; Spokane, Wash.; Portland, Ore.; Pocatello, Idaho, and Denver.

### Would Sell Germany Wheat on Credit

PRESIDENT COOLIDGE and Secretary of Agriculture Wallace were urged by a delegation of Middle-West grain men and bankers to support the so-called Gould plan for furnishing a government credit of \$50,000,000 to aid Germany in purchasing 50,000,000 bushels of American wheat.

Those in the delegation were George E. Marcy of Chicago, president of the Armour Grain company; W. E. Gould, banker of Kewanee, Ill., and the author of the Gould plan; Charles E. Lewis of Minneapolis and George A. Roberts of Omaha.

The delegation saw President Coolidge at the White House and conferred with Secretary Wallace at the Department of Agriculture. A conference also was held with Charles J. Brand, consulting specialist on marketing of the Department of Agriculture.

Under the Gould plan the War Finance corporation would be authorized to make advances to American exporters to finance purchases of wheat and flour by Germany or other foreign governments. German obligations would be accepted by the War Finance corporation as security for a long-term loan.

According to sponsors of the plan, Germany will purchase 50,000,000

bushels of wheat on a long-term credit basis, and thus dispose of the bulk of the wheat surplus of the United States, with the result that the price of wheat in this country will advance materially.

The Gould plan was embodied in bills introduced in congress in the last session which met defeat before opposition of Eugene Meyer, Jr., managing director of the War Finance corporation, and others. It was Mr. Meyer's contention that foreign purchasers are able to get ample credit through ordinary banking channels and that those who would take advantage of government credit would do so because of inability to offer satisfactory security to bankers.

The scheme for disposing of the wheat surplus proposes that the 50,000,000 bushels should be taken from different sections of the country, 30,000,000 bushels to come from the states east of the Rockies, 10,000,000 bushels from the Pacific coast and 10,000,000 bushels of durum wheat. One-third the wheat would be in flour. All would be American grown and all the flour would be ground in American mills. It is proposed that a percentage would be shipped in shipping board vessels and the remainder in German vessels.

### U. S. Navy Will Fight Peace Battles

THE greatest and most spectacular peace-time naval engagements ever "fought" will be staged early next year off Panama and in the Caribbean sea.

Practically the whole effective marine fighting force of the United States will be represented in the three months of maneuvers designed to test revolutionary developments in strategy and implements of naval warfare since the close of the World war.

Major problems in the complete scheme of a war enter into the plans for the winter maneuvers. These embrace attack upon land defenses, with army units participating, that is, a naval fight against an army defending a fortified coast; defensive and offensive actions by army and naval units along the coast, defensive and offensive actions at sea between naval units, with the full utility of undersea and air units.

There will be aerial battles, undersea battles, destroyer, fast cruiser and dreadnaught engagements, as well as landing battles in which a complete force of marines will be involved, division into infantry, artillery, engineer, aviation and signal corps branches of that arm of the naval establishment.

New scouting cruisers, fastest naval vessels afloat, and the 16-inch gun dreadnaughts will participate among the 150 naval craft that will make up the units in these war games.

The Pacific fleet, under Admiral S. S. Robinson, known as the United States battle fleet, will leave about January 4. This embraces the battleship divisions, the destroyer squadrons, submarine divisions, aircraft divisions and fleet base force. Joint exercises with the army when approaching the Panama side of the canal are planned, after tactical exercises between units of the naval force while steaming off the Mexican and Central American coast.

The Atlantic forces, known as the scouting fleet, will leave the east coast at the same time the Pacific units leave Los Angeles, and upon reaching Panama will engage in a combined war game with the Pacific units. The scouting fleet consists of battleship divisions, destroyer squadrons, air squadrons, train forces and a control force, and is under command of Vice Admiral N. A. McCallum. Joint exercises with the army when approaching the Panama side of the canal are planned, after tactical exercises between units of the naval force while steaming off the Mexican and Central American coast.

### Attack on Budget System in Congress

WITH the budget system as their bulwark, advocates of government economy and tax reduction are organizing to prevent the overthrow of the present method of handling federal appropriations.

Certain members of congress, it has been learned, are planning to demand that the present powerful appropriations committee of the house restore to the several committees their previous jurisdiction over appropriations. The success of this plan, it is feared, would practically nullify all that has been accomplished during the last two years in efficient handling of government finances on a business basis.

Coming at a time when the administration is seeking to reduce the demands of various departments to a figure \$128,000,000 below those of the current fiscal year, the move to decentralize control is regarded as menacing.

While the budget system would survive in theory, the decentralization of financial control in congress, it is felt, would destroy its efficiency. Four hundred million dollars was

cut from the departmental estimates by the late President Harding during the first two years following the adoption of the budget method.

The waste of the old decentralized method was notorious when popular indignation compelled the adoption of a businesslike method for handling government finances.

Each federal department and separate office prepared its own estimates. These estimates were handled by eight different committees in the house and then by nine more in the senate. The result was chaos.

When the budget law was passed leaders in congress realized the absurdity of asking the President's consolidated estimates "to run the gamut" of seventeen unrelated committees, each vying with the other in the interest of a particular service which fell to its solicitous sponsorship.

Both the house and senate, therefore, amended their rules so that a single appropriations measure, corresponding in general to the consolidated estimates submitted by the President, would be considered by only one committee in each branch.

### AW, WHAT'S THE USE

By L. F. Van Zelm

### Thoughtful Thugs, to Say the Least

Panel 1: A man says, "YA KNOW I GO ON HUNCHES A LOT — I'VE HAD A HUNCH FOR THE LAST WEEK THAT SOMEBODY'S GOING TO LEAVE ME SOMETHING". A woman reads a "MOVIE MAGAZINE".

Panel 2: The man says, "I'LL BE BACK IN A MINUTE, FANNY. — I'M GOING DOWN TO FRIEDLANDS AND BUY SOME SMOKES".

Panel 3: The man says, "GOOD LAND! WHAT STRUCK YOU?".

Panel 4: The man says, "I GUESS MY HUNCH CAME TRUE".

Panel 5: The man says, "I WAS HELD UP BUT THEY LEFT ME SOMETHING". A woman says, "5¢ TO TROLLEY HOME WITH".

### CUSTOMS OFFICIALS CAPTURE RUM SHIP

Vessel Discovered off San Luis Pass Loaded With 865 Cases Whisky.

Galveston, Tex.—The British schooner Island Home with 865 cases whisky and two barrels of beer aboard was brought into Galveston Friday night.

Creeping through a fog which effectively cloaked the movements of their boarding launch, United States customs inspectors late Friday seized the British rum ship Island Home off San Luis pass, 20 miles from Galveston at the tip of Galveston Island.

The vessel was towed into Galveston and moored at pier 21. Captain W. H. Farrell, master, and nine seamen were placed under guard. The vessel's cargo of 865 cases of assorted whiskies was put under government seal pending an investigation.

The coup d'etat was effected by a little group of customs officers headed by H. T. Bann. With him were inspectors Zeidler, Henderson, Donevich and Tibits. They were aboard the customs launch Kalita.

The seizure took place shortly after 4 p. m. in one of the heaviest fogs of the year. Washing of the waves against the hull of the Island Home was the sound by which the inspectors aboard the Kalita were guided, it being impossible to see more than a boat's length ahead of them. Suddenly the sounds grew more distinct, then a vessel's bulk loomed ahead.

Immediately the Kalita's crew sprang to their posts, making ready to board the ship when their frail craft approached close enough. Another moment and the two vessels were almost together.

Pulling themselves up the port side of the Island Home, the inspectors were puzzled when no opposition developed. Then it was realized the element of surprise had caused the rum runner's officers and crew to fall easy victims.

A few minutes later Special Deputy Collector of Customs Sam T. Zinn appeared on the scene aboard the tug Messenger. He, too, boarded the Island Home. The vessel's anchor was lifted and in tow of the Messenger, she was headed for Galveston.

The Island Home is a two-masted schooner with a powerful auxiliary engine. She is out of Georgetown, Grand Caymen, Bahama Islands. Her papers gave her destination as "Nassau, via Matamoros."

Captain Farrell, a grizzled seaman of the old school and apparently about 60 years old, gave his nationality as British. He added that most of his crew were subjects of Great Britain. He declined to make any further statement.

### TEXAS TURKEY CROP EXCEPTIONALLY LARGE

Washington—The tradition of turkey as the piece d'resistance on the Thanksgiving and Christmas dinner table is in little danger this year, as far as the supply is concerned.

Department of agriculture reports made public this week show that, in addition to cold storage stocks of 5,000,000 pounds carried over from last year, the new crop is exceptionally heavy in Texas and large in Maryland and Virginia, while turkeys are being raised in considerable numbers for first time in many Northern sections.

Texas growers are getting only 18c to 20c a pound for their turkeys, the report said, and some of them are holding their stocks for the Christmas trade in the hope of better returns, while state agricultural officials are endeavoring to aid them through campaign to increase local consumption.

### Prescriptions Total 234,901.

Washington—Texas consumes 29,272 gallons of drugstore whisky during the fiscal year ended June 15, according to reports to Prohibition Commissioner Roy A. Haynes made public tonight. Of this 29 states and territories legalizing liquor prescriptions Texas ranked eleventh. New York state consumed more than 15 times as much drugstore whisky as Texas, the Empire State's total being 442,996 gallons. The seeming prevalence of coughs and colds in that state caused the issuance of 33,638,751 prescriptions. Prescriptions in Texas aggregated 234,901.

### Elgin Turkey Prices Low.

Elgin, Tex.—The sale of the turkey crop has begun and the fowls are bringing only 17 cents per pound. This is the lowest price paid for many years, and very few are being brought to market. Farmers are holding for better prices. The crop this year is said to be the largest in history at Elgin.

### Drilling Near The Dale.

Thorndale, Tex.—Considerable interest is being manifested in the Raymond No. 1, being drilled three and one-half miles southwest of The Dale by M. A. Culver and associates, due to the fact live petroleum gas has been encountered at about 2,800 feet. So strong is the pressure that a red flame flares up three or four feet above the hole when a match is applied to the well. A new rotary rig has been installed and no farther prospecting is anticipated.

Panel 6: A man says, "AULD ACQUAINTANCE. How long have you known Smith? I've only known him short". A boy replies, "HIS CHOICE. What would you do if you had a million? Don't talk that way. I'd rather be broke dan be one of de small fry.".

### WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound four years ago, and am taking it now for the Change of Life and other troubles and I receive great benefit from it. I am willing to let you use my letter as a testimonial because it is the truth. I found your booklet in my letter-box and read it carefully, and that is how I came to take the Vegetable Compound myself. It has given me quiet nerves so that I sleep all night, and a better appetite. I have recommended it already to all my friends and relatives."—Mrs. ENGLIEMANN, 2053 Palmto St., Ridgepool, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time. Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merit, as does Mrs. Engliemann. You should give it a fair trial now.

### Oil Operators Convicted Of Misuse of Mails

Fort Worth, Tex.—Dr. Frederick A. Cook, oil operator, who was found guilty in federal court Wednesday, on a charge of alleged misuse of the mails in connection with the operations of the Petroleum Producers' Association, of which he was sole trustee, was sentenced to serve fourteen years and months in the federal prison and assessed a fine of \$12,000 by Federal Judge Killits. Fred K. Smith, treasurer of the company, was sentenced to serve seven years in prison and was fined \$12,000. S. E. J. Cox was sentenced to serve eight years and fined \$3,000. Other codefendants of Cook who were found guilty were given the following:

A. K. Eckman, two years and \$12,000 fine; W. L. Braddish and W. F. Welty, two years each and \$1,000 fine; J. S. Rooks, C. W. Slette, S. L. Hess, T. O. Turner, B. S. Henniger, E. J. Bowen and R. L. Maxwell, each one year and a day and fines of \$1,000; L. A. McKeercher was given six years and a fine of \$1,000.

O. Ray, G. A. De Montford, H. E. Robinson, Harry Bleam and J. E. Burmeister, all of whom had previously entered pleas of guilty, were fined \$500 each. H. E. Stephens, who also entered a plea of guilty, was fined \$7,000 and sentenced to serve ninety days in jail.

Judge Killits passed sentence on Dr. Cook after a denunciation of the methods said to have been practiced by the former article explorer.

Cook's bond was placed by Judge Killits at \$75,000, which he will not be permitted to make until after a complete record of the case has been drawn.

All of the convicted men, immediately after being sentenced, were taken to the Tarrant County jail, where they will remain until they either make bond or their appeals, which they declare they will make, are acted upon.

Only one of the fourteen men who stood trial in the federal court for six weeks was acquitted, A. M. DeCambre, on an instructed verdict ordered by United States District Judge Killits.

Washington.—"Cropping contracts" with aliens ineligible to own or lease land under the alien land laws of California and Washington were held by the supreme court Tuesday to be invalid.

The decision was in a case brought by the attorney general of California and the district attorney of Santa Clara County against J. J. O'Brien and J. Inouye.

At the same time the court held that the alien land laws of California and Washington, sustained in an opinion about a week ago, prohibit an alien ineligible to citizenship from owning stock in a corporation formed to own and deal in agricultural lands.

This decision was in a case brought by Raymond L. Frick and N. Setow against the attorney general of California and the district attorney of the city and county of San Francisco.

### CROPPING CONTRACTS WITH ALIENS INVALID

Washington.—Owners of motor vehicles pay to the federal government in taxes each year more than double the amount spent by the government on account of federal aid highway and forest road construction together with all administrative outlays, according to Secretary Wallace of agriculture, who has charge of the administration of the highway funds.

Since 1917 the government has been collecting a tax on the selling price of motor vehicles, tires and automobile accessories, and also a tax on the use of passenger automobiles for hire. On June 30 this year \$59,012,021 had been collected from these sources. Expenditures on highways by the government in that time totaled \$24,752,216, or 45 per cent of the amount taken in.

### HIGHWAYS DUE MILLIONS COLLECTED ON AUTO SALES

Lubbock Votes City Improvements. Lubbock, Tex.—Lubbock, reflecting the inevitable reaction in gaining the selection of the new Texas Technological College, according to official returns, Friday voted 25 to 1 the floating of a half million-dollar civic improvement program. The bond issue will provide \$300,000 for paving and storm sewers; \$75,000 for a new city hall; \$15,000 for street lights; \$50,000 municipal plant improvement, and \$15,000 for lead water mains.

Lufkin Key Rate Reduced. Lufkin, Tex.—Insurance men in Lufkin have been notified by the state fire insurance department at Austin that the key rate has been reduced here from 42 to 40 cents. They also were notified that the three fourth clause on mercantile property has been revoked. These changes do not apply on insurance now in effect.

School Cornerstone Laid. Moran, Tex.—The cornerstone of Moran's modern new \$45,000 high school building was laid with appropriate ceremonies Tuesday.

Russia Sells Grain. Moscow.—Having already disposed of 50,000,000 pounds of grain, or one-fourth of the amount assigned for export, the government now proposes to increase the total. Of the amount already sold, nearly 30,000,000 pounds have been shipped.

Retrial Of Nikoloff. Prague.—The criminal court at Prague has ordered the retrial of Atanas Nikoloff, who was recently acquitted of the charge of assassinating M. Daskaloff, the Bulgarian ambassador, on August 24, last.

### ANOTHER NURSE PRAISES TANLAC

Mrs. Leona Culpepper, 17 Luella Ave. Rue, who was a trained nurse for fifteen years, is another highly esteemed Atlanta woman whose gratitude and desire to help others prompts her to tell of the wonderful results she derived from the Tanlac treatment.

"I had suffered from nervous indigestion and loss of appetite for four or five years," said Mrs. Culpepper, "and was nearly always nauseated. I had heartburn so bad I could hardly stand it, and became so weak and nervous I could hardly do my housework."

"Reading what Tanlac had done for others, I decided to try it, and by the time I finished the first bottle I was feeling so much better that I bought two more. When I had finished the third bottle I was feeling fine and had actually gained sixteen pounds. Tanlac is all that is claimed for it."

Tanlac is for sale by all good druggists. Take no substitute.—Advertisement.

Appreciative. Bob.—(contemplating loan)—How are you off for money? Pat—Oh, I have enough for tonight! Thanks just the same.—London Answers.

### MOTHER! GIVE SICK CHILD "CALIFORNIA FIG SYRUP"

Harmless Laxative for a Bilious, Constipated Baby or Child.

Constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits! Insist upon genuine "California Fig Syrup" which contains directions.—Advertisement.

A New Requirement. "Nowadays a man can hardly marry unless he can show the girl two licenses." "Two licenses?" "Yes, marriage and motor car."

**WOMEN! DYE FADED THINGS NEW AGAIN**

Dye or Tint Any Worn, Shabby Garment or Drapery.

**Diamond Dyes**

Each 15-cent package of "Diamond Dyes" contains directions so simple that any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.—Advertisement.

No regular woman ever listens to half the things she says.

While Rome burned Nero played the fiddle instead of the hose.

**DEMAND "BAYER" ASPIRIN**

Aspirin Marked With "Bayer Cross" Has Been Proved Safe by Millions.

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians for 23 years. Say "Bayer" when you buy Aspirin. Imitations may prove dangerous.—Adv.

Some run-down reputations couldn't be lifted with dynamite.

Fortune often rewards with interest those who have patience.

**AT THE FIRST SIGN**

of Colds, Fevers, Sore Throat, Headache, Neuralgia, etc., cleanse your liver and bowels of the poisonous waste and germs by taking one BOND'S LIVER PILL at bed time. They prevent serious colds, grippe, influenza and other complications by removing the cause. 25c at all drug stores.—Advertisement.

Giants in the closet are often but pigmies in the world.

Those who win success by practice haven't time to preach.

**"CASCARETS" FOR LIVER AND BOWELS—10¢ A BOX**

Cures Biliousness, Constipation, Sick Headache, Indigestion, Drug stores. Adv.

Bad little boys look upon good little boys with contempt.

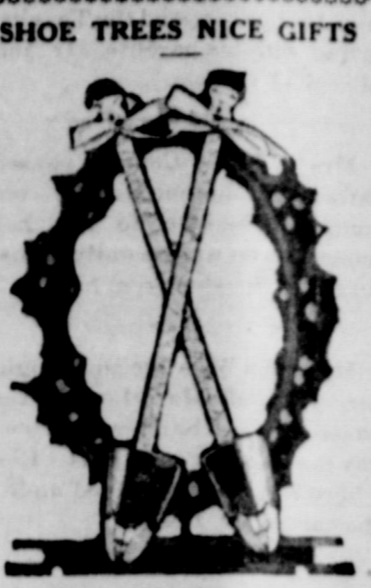

Genuine happiness is able to stand a lot of hard knocks.

### "DANDELION BUTTER COLOR"

A harmless vegetable butter color used by millions for 50 years. Drug stores and general stores sell bottles of "Dandelion" for 35 cents.—Adv.

A man prays for relief when he is sick and swears when the doctor presents his bill.

### Things to Be Made at Home SHOE TREES NICE GIFTS

Among the gifts that are sure of a welcome every Christmas are shoe trees, furnished up with various pretty, and sometimes amusing, decorations. The trees pictured have funny little faces cleverly painted on the round ends. The toes are painted in two colors and the shanks wound with narrow satin ribbon ending in bows below the faces.

### CANDLES AS PRESENTS

Christmas without candles would be as disappointing as summer without flowers and every homemaker knows their charm and decorative value. A candlestick of paper rope, carrying a tall candle decorated with sealing wax paint, is a lovely homemade gift for either men or women friends. The rope may be bought ready for weaving and it is an easy matter to paint the candle with sealing wax paints.

### FOR THE CHRISTMAS TREE

Here are some new, homemade ornaments for the Christmas tree. They include a gay painted parade, with a peanut body, fastened to a wooden standard by wire. Crepe paper in bright colors makes his crest, wings and tail. A wooden skewer, with a paper doll face fastened at one end and a sleigh bell at the other, is dressed up in strips of bright crepe paper. Mosquito netting, yarn and a paper face make the boy with stick candy in his arms and legs and small candies in his body. Colored gum drops fastened on small wires make tiny bouquets and plants.

### IN SEALING-WAX PAINTS

Plain white brushes and combs for gifts are enhanced by pretty sprays of flowers done in sealing wax paints, and small tin boxes are made decorative by covering them with the melted wax in varied colors, blended into one another while they are soft.

### GIRLS! A GLEAMY MASS OF BEAUTIFUL HAIR

35-Cent "Danderine" So Improves Lifeless, Neglected Hair.

An abundance of luxuriant hair full of gloss, gleams and life shortly follows a genuine toning up of neglected scalp with dependable "Danderine."

Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any drug store.—Advertisement.

A Long Hike. "Billings says he came from a good family." "I'll bet he's footsore."

### PIMPLES CAUSE IT

Whenever you go out to places of amusement, you can't help but pity the many folks you see trying to give a good time, but are so shrinking and backward about coming near others where they can see their pimply, blotchy and eccentric skin that you can see they are only torturing their minds instead of throwing all cares to the four winds and enjoying themselves.

You almost feel like going up to them and telling them that they ought to begin using the wonderful Black and White Ointment, which so many thousands of happy people are depending on to keep their skin clean, smooth and good to look at.

Black and White Ointment is selling at the phenomenal rate of nearly two million packages a year, and the fact that it is so economically priced is largely responsible for this record. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

Yes, indeed. Ecstasie Frances—And now that you've met him, dearie, isn't he just too everything for anything!

### STOMACH MISERY, GAS, INDIGESTION

"Pape's Dispepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages of Pape's Dispepsin.—Adv.

Scientists have been experimenting with the use of spider webs in Madagascar as a silk substitute.

Wright's Indian Vegetable Pills contain only vegetable ingredients which act as a gentle purgative. 372 Pearl St., N. Y. Adv.

Beware of people who know what you will argue on and try to start you.

### Health and good looks

—the reward of internal cleanliness

**H**ealth and good looks go hand in hand. If you do not keep clean internally, your looks and health are undermined together. A clogged intestine breeds poisons that reach every part of the body. These poisons ruin the complexion and undermine health. Constipation brings on such ailments as headaches, bilious attacks, and insomnia—each of which saps your health and vitality. Soon much more serious conditions follow.

In constipation, say intestinal specialists, lies the primary cause of more than three-quarters of all illnesses including the gravest diseases of life.

**Laxatives**

**Aggravate Constipation**

Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury.

Medical science, through knowledge of the intestinal tract gained by X-ray observation, has found at last in *lubrication* a means of overcoming constipation.

**Physicians Favor Lubrication**

The lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus Nujol brings internal cleanliness.

**Not a Medicine**

Nujol is not a laxative and cannot gripe. Nujol is used in leading hospitals and is prescribed by physicians throughout the world.

Don't give disease a start. Adopt this habit of internal cleanliness. Nujol is not a medicine. Like pure water, it is harmless. Take Nujol as regularly as you brush your teeth or wash your face. For sale by all druggists.

It costs you nothing and saves you money.

MUSSEY BROS.

Church News of Sanderson

Rev. J. H. Bell arrived today for his regular appointment at the Methodist church tomorrow. Services at 11 a. m. and 7:30 p. m. Every one cordially invited to come.

Prayer meeting was well attended Wednesday night with Mr. Lees as leader. Lesson (Scripture) 19 Psalm, with quotations from Job 11th and 23rd chapters. A splendid lesson was given us to ponder upon and apply unto ourselves. A great many were surprised to see Rev. J. H. Bell walk in, he having been wired to come and officiate at the home wedding of Martin Bodkin and Miss Clara Bode.

Rev. Adams filled his appointment last Sunday; good congregations at both services. The morning subject "Education;" evening subject "The Barren Fig Tree." There was special music by the Henshaw Bros. with violin and mandolin, and Mrs. Hall on piano.

The W. M. S. will meet at Mrs. Chester Smith's next Tuesday at the usual hour. Business with election of officers. The president urges all to be present.

The social meeting of the W. M. U. met with Mrs. Lewellen on the 26th, with 10 present. The following program was rendered: The subject, "Our Mountain Schools." Song, "I Am Thine O Lord." Devotional, conducted by the president.

Leaflet, "Our Schools in Georgia"--Mrs. Duke. Leaflet, "Our Schools in Alabama"--Mrs. Strange. Reading, "But Aint It Fine Today"--Miss Louise Williams. Leaflet, "Something of Our Seminary Work in Mexico"--By Miss Deason. Closing Prayer. Will meet with Mrs. Williams on Dec. 10, for work day.

There was a good attendance at Presbyterian Sunday school last Sunday, tho' far below the usual attendance. Girls and boys come and fill your places only one hour for the good work. So glad to have you present.

Methodist Sunday school also had fewer in attendance last Sunday as many were out of town. Always sorry to miss you from classes. A cordial invitation to all.

The ladies auxiliary of the Presbyterian church met with Mrs. W. E. Lea last Monday. It was social day with Mrs. Jack McKee and Mrs. Lea as hostesses. The room was nicely decorated with autumn leaves and plants. Two contests were amusing features of the evening. The first was an autumn leaf guessing contest, prize won by Mrs. H. D. Williams. The second was a sewing contest, prize won by Mrs. Hy R. Laurence on an embroidered towel. A very pretty idea was illustrated by the free will offering box made as a little wagon, the wheels of apples and drawn by two turkeys and driven by an Indian, it was filled with autumn fruits, nuts, etc. The hostesses served pumpkin pie with whipped cream on top, and hot coffee. Will meet with Mrs. Charlton on December 10th. Bible study.

Rob's Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved--Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,--purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,--that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger. Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.

NOTE--The above Proclamation was posted at the Court-house for the past 30 days.

STOCK LAW PROCLAMATION BY COUNTY JUDGE OF TERCILL COUNTY TEXAS

THE STATE OF TEXAS, County of Terrell.

Know all men by these Presents: That Whereas, a petition signed by more than fifty Freeholders of a sub-division of said Terrell county, hereinafter designated, was duly presented to the Honorable Commissioners' Court of said Terrell county, Texas, on the 13th day of August, 1923, praying said Court to order an election in said sub-division of said Terrell county, to determine whether or not Horses, Mules, Jacks, Jennets and Cattle should be permitted to run at large in said sub-division of said County, and, whereas, said Commissioner's Court did, on said 13th day of August, 1923, order such an Election, and did define said sub-division of said Terrell county, by metes and bounds, as follows to wit:

Beginning at the North East Corner of Section No. 4, Block 151, Original Grantee, E. L. & R. R. Ry. Co. in said Terrell county, for the North East Corner of this sub-division; thence South to the S. E. Corner of said Section No. 4, for the S. E. Corner of this sub-division; thence West with the South Line of said Section No. 4, to the West Line of the G. H. & S. A. Ry. Co. Right of Way fence; thence in and Westernly direction along said Right of Way fence to a point in the West Line of said Section No. 4, where said G. H. & S. A. Ry. Co.'s Right of Way fence crosses said West Line of said Section No. 4, for the S. W. Corner of this sub-division; thence North to the N. 77. Corner of said Section No. 4, for the N. West Corner of this sub-division; thence East along the North Line of said Section No. 4, to the place of Beginning, and

Whereas, in said order the date set for said Election was the 22nd day of September, A. D., 1923; and

Whereas, due Notice of said election was given of said election, and said election was duly held and Returns duly made showing the result of said election; and

Whereas, said returns were duly canvassed and which returns showed that there were 63 votes cast at said election; that of the total number of votes cast, 60 votes were cast "For the Stock Law" and 3 votes cast "Against the Stock Law;"

Now, Therefore, Know Ye, that I, G. J. Henshaw, County Judge, in and for Terrell county, Texas, do by the authority vested in me under the Constitution and Laws of the State of Texas, and as directed by the Statutes governing such elections, hereby proclaim said sub-division of said Terrell county, as above described, subject to and under the operation of the Stock Law, as prescribed by law in such cases and that it shall be unlawful, after the expiration of 30 days after the issuance of this Proclamation, to permit to run at large within the limits of said sub-division above described and designated, any Horse, Mule, Jennet, Jack or Cattle, and that said sub-division and such animals running at large in said sub-division are subject to the laws of the State of Texas provided in such cases.

Witness my hand and seal of office this the 1st day of October, 1923.

G. J. Henshaw, County Judge, in and for Terrell County, Texas. (Seal)

NOTE--The above Proclamation was posted at the Court-house for the past 30 days.

A. M. Gildea left Tuesday for Deming New Mexico, after several weeks visit with his daughter Mrs. Elbert Lea.

G. I. A. ENTERTAIN

Members of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers entertained their husbands and families with a six o'clock dinner Thanksgiving day at the home of Mrs. J. W. Daniel, one of the members.

The dining room was tastefully decorated with the lodge colors, purple, red, white and blue. Two big turkeys graced the center of the table and place favors of little baskets filled with nuts and mints. Various games and music were enjoyed throughout the evening.

Those present were: Mr. and Mrs. J. C. Green, Mr. and Mrs. N. E. Charlton, Mr. and Mrs. S. E. Petersen, Mrs. J. W. Daniel, Mr. and Mrs. H. F. Givler, Mr. and Mrs. Harry Newton, Mrs. W. F. Bohlman, Mr. and Mrs. F. L. Cochrane and Willie Mae and John Greene Jr., Harry and Mattie Rue Newton, James and Leo Daniel, Eliza Jean Petersen and John F. Charlton.

At a late hour the guests departed expressing themselves as having a wonderful time and enjoying the gracious hospitality of Mrs. Daniel.

WANTED--A good milch cow for her feed, will give her the best of care and feed. Phone 39 or write T. S. Cranston, Sanderson, Texas.

Parent-Teacher Association to Meet

Next Friday, December 7th, will be the regular meeting of the Parent Teacher Association. Let every parent try to be there on that day. This is one Association that should be boosted and pushed along, it stands for the betterment of the schools, and is ready to help the school at any and all times. We all want to see our schools make progress, so do your bit and be there for the Parent-Teacher meeting on December 7th, at 3:30.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surface, thus reducing the inflammation. Sold by all druggists. F. J. Cheney & Co., Toledo, Ohio.

RATTLE OF THE RAIL.

Mr. W. H. Wehner has been assigned to the work train at Marathon.

Mr. P. G. Leonard, P. H. Lancaster and Mr. W. Bleick were here Wednesday.

The fuel meeting was held in El Paso last week.

The terminal is being put in shape for inspection which will be held December 4th.

Engineer C. W. McGhee has returned to El Paso.

The second work train at Marathon has been pulled off.

Engine 817 from the Houston division has gone to El Paso. R. M.

Mr. and Mrs. Chester Smith and son, Billy, went to Alpine Sunday. Mr. Smith returned that evening, Mrs. remaining there for a few days visit with friends.

Mr. and Mrs. A. C. Clatfelder and children returned Wednesday morning after several weeks visit with friends and relatives in El Paso.

Miss Grace Lemons spent the Thanksgiving holidays in Marathon Texas visiting relatives.

Miss Clara Bode came in the first of the week from Lyons Texas to visit Mr. and Mrs. S. C. Bodkin.

RED CROSS PLANS FOR COMING YEAR

Over \$2,000,000 in Fund for War Sufferers--National Budget is \$5,543,077.

AID TO VETERANS STANDS FIRST

Expended \$9,738,448 in Services to Mankind Last Year at Home and Abroad.

Soldier Service Stands First

Washington.--With a budget of \$5,543,077.81 for carrying out the program of service during the current fiscal year, beginning July 1, the American Red Cross announces that this amount was \$4,155,370.41 less than was expended during the fiscal year ended last June 30. During that year expenditures reached a total of \$9,738,448.22, of which amount \$2,695,696.09 was devoted to relief of refugees in Greece who had been driven out of Asia Minor. In announcing the budget for the year, the statement from National Headquarters emphasized the fact that its extensive work at home and abroad depends almost wholly upon the nation-wide support of the organization through enrollment of membership in large numbers during the annual roll call, which will be in progress from November 11 to November 29 under the auspices of the 3,600 Chapters in the United States and throughout the world. These Chapters, it is pointed out, during the last fiscal year expended of their own funds approximately \$3,926,000 in work for the men who were the United States uniform during the World War, so that the estimate of some \$15,000,000 expended during twelve months by the American Red Cross as a whole is considered conservative.

Next Friday, December 7th

will be the regular meeting of the Parent Teacher Association. Let every parent try to be there on that day. This is one Association that should be boosted and pushed along, it stands for the betterment of the schools, and is ready to help the school at any and all times. We all want to see our schools make progress, so do your bit and be there for the Parent-Teacher meeting on December 7th, at 3:30.
