

THE SANDERSON TIMES

VOLUME 23

SANDERSON TEXAS, FRIDAY, APRIL 4, 1930

NO. 7

Know Your School Week By Week

A six hundred mile debate tour beginning April 11th, has been arranged for the high school girls and boys debate teams and their coach, in order to give the students experience in practice debates before the local teams meet the district contestants at the interscholastic league meet at Alpine, April 17, 18 and 19.

A complete schedule of debates on the interscholastic league question, resolved, That The Sterling Plan of Financing Highways Should be Adopted, has been planned for the entire week that the students will be gone.

The schedule is as follows: Monday, April 7, Stanton high school; Tuesday, April 8, Midland; Wednesday, April 9, Big Springs and Colorado; Thursday, April 10, Rotan; Friday, April 11, Lamesa.

The debaters and their coach plan to make an automobile trip. They will be the guests of each high school that they visit.

The students who are eligible for the trip are Rosa Lee Harper, Myrian Carpenter, H. D. Johnson, and D. C. Thrift.

The high school debaters challenged the Parent-Teachers Association to a debate on the Interscholastic League question, scheduled for 8:00 o'clock tonight in the high school auditorium. Mrs. J. H. Lochausen and Miss Gladine Bowers representing the P. T. A. will present the negative side of the case.

The first step in the actual building program of the new high school and gymnasium was the breaking up of the two tennis courts, which had to give way to the new structures.

The moving of the tennis courts was attended with real regret. Since their establishment last year, they have been in constant use serving the young and the old alike. The tennis courts undoubtedly were the chief social spot of the town.

During the last six months some fair tennis ability has been displayed on these courts. Even the town young people have found the sport a good means of whiling away leisure hours.

Other indications that there is unusual excitement on the campus are disclosed by the number of men who are busy lining off certain designated pieces of grounds and who are occupied with the building of equipment sheds. Ground was broken last Monday.

Read the new ad of the Loma Alta Cafe in today's Times.

Fred Franks of Rosevelt, Texas is visiting in the city this week.

Sanderson Times Changes Hands

Beginning with this issue of the Times I am at your service, having on the 1st day of April leased the Sanderson Times for one year, from the owner, Mrs. Addie Lee Boling. It will be my endeavor to give the readers of this paper a good clean newsy sheet. I will appreciate a continuance of the patronage of those who have dealt with the Times heretofore and will endeavor to merit your patronage.

I will gladly accept from each and every one that may have a few words of interest to the public to call the Times office, a business transaction, social affairs, those visiting in and out of the city and anything pertaining to ranch news or ranch conditions, I want them all, just step to the telephone and call 39. My aim is to give you just as much news and as good a paper as your editress has did before me, and by doing so I will need your co-operation.

I am only glad to be among you people once more. Since my being here with the Times now better than ten years past, I have always remarked to those speaking of west Texas towns, that Sanderson was the best town of them all, and that my wish was to some time again be located in Sanderson. I am here, and will do my utmost through the columns of the Times to build up a more prosperous little city. Will boost Texas, west Texas and Terrell county in particular. Let us work together.

Mrs. Bessie M. Darling,
Editor and Manager,
SANDERSON TIMES.

Woman's Missionary Society

Mesdames Goldwire and Freeman entertained the Woman's Missionary Society in a joint business and social program Tuesday afternoon, March 25, in the home of Mr. and Mrs. H. C. Goldwire. Opening song, "Jesus is Calling." Prayer—Mrs. Mary McKinley. Business session conducted by the president Mrs. Garrison. Missionary program: Leader, Mrs. W. M. Justice. Devotional topic, "The Christian Ideal of Marriage;" Mathew 19:3-12. "The Home Teaching Citizenship"—Mrs. H. L. Stuckey. "The Home as a School of Good Citizenship"—Mrs. Clyde Harrell. After an interesting discussion of the two topics the meeting closed by repeating the Lord's prayer.

During the social hour ice cream and cake was served to Mesdames Garrison, McKinley, Justice, Halsell, Landers, Savage and Stuckey.

Good range for rent or lease. For one thousand or more sheep Bullis gap, wolf proof fence, Ray M. Davis. 4-11-pd

Lee Cook Sworn In As Sheriff

Lee A. Cook was appointed Sheriff and Tax Collector and was given the oath of office on Tuesday, April, 2nd, of this week by the board of Commissioners. Mr. Cook succeeds W. J. Banner who recently, for personal reasons, resigned.

Mr. Cook is no novice when it comes to holding this office. He has had ten years experience as a peace officer. He has always co-operated with all law enforcement officer.

Mr. Cook has many friends here who predict great success for him in his new work.

AMONG THE WIDE AWAKE.

In looking over the columns this issue you will find a large number of wide awake advertisers. The Times wishes to thank all those carrying new ads and will not forget to mention of those who have been so faithful all these years through the columns of this their home paper. You must have a newspaper in your town and to do so all must pull together. A wide awake business firm will always advertise, so why be among the other class.

BIBLE STUDY

The Methodist ladies met in regular session at the church Tuesday afternoon April 1st., for Bible study, with their efficient teacher Mrs. Mary E. McKinley presiding.

Nine members, Mesdames Goldwire, Freeman, Garrison, McKinley, Savage, White, Landers, N. C. Justice, W. M. Justice and one visitor Mrs. Charlton were present.

GIRL WORLD-TRAVELER AT CHAUTAUQUA

An American girl regards the world! And having regarded it from many angles and from many ports she has some interesting things to say about it. A wide-awake young person with the energy and imagination to sail around the world alone just to see

what was going on, should have many interesting things to tell about, and this particular young person exceeds vastly the quota of normal expectancy in this connection.

Miss Lethe Coleman, the young lady in question, has just returned from a long and leisurely trip around the globe. She is a charming and cultured young woman and she tells delightfully her vivid impressions of her trip. The amazing awakening of China, Japan's new civilization, Uncle Sam's Philippines, strange Siam, India's restless millions, Egypt the inscrutable Mussolini's new Italy are some of the interesting subjects upon which she touches.

DRYDEN NOTES.

By Mrs. C. C. Chambers

Mrs. Chester Smith visited friends in Sanderson this week.

The road work is progressing nicely; over half a mile being completed east of Dryden.

Mrs. Buck was in from the ranch visiting friends the first part of the week.

J. A. Martin from his ranch at Dripping Springs was a Dryden visitor during the week.

Mr. and Mrs. Ross Roberts were Dryden visitors Saturday.

Rev. MacMillan of Sanderson preached at the school house Sunday afternoon.

Mr. and Mrs. Harry Brown from their ranch home, visited Mrs. C. F. Stavelly last week.

A light snow and rain fell in Dryden Thursday night which will benefit the ranges to a certain extent.

Mr. and Mrs. McLeod have returned from a pleasant trip to Van Horn, El Paso and New Mexico.

Mr. and Mrs. E. P. Peeples have as their guests Miss Golda Lou and Otha Peeples of Brownwood.

Miss Martha Thomas has returned home after a pleasant visit in El Paso, the guest of her brother Manton Thomas.

Mr. Dexter, road contractor, of Dallas, flew to Dryden in his monoplane last week in the interest of the road work going on here.

Mrs. C. A. Johnson was called to the bedside of her father W. B. Smith who is very sick in Del Rio this week. Last reports he was much better.

Bud Holmes returned to his home in Mertzon after a pleasant visit with his daughters, Mrs. Milam Northcutt and Mrs. Geo. Geaslin on their ranch near Dryden.

Mr. and Mrs. Harry Brown entertained with a chicken dinner at their ranch near Longfellow Sunday. Those invited were Mrs. C. Stavelly, Miss Mae Stavelly, Roy Mason and Miss Frances Mason.

Mr. and Mrs. A. A. Burdwell and son, John Taylor, are at home again after a week's stay in Del Rio. While there they had John Taylor's tonsils and adenoids removed and the little fellow is doing nicely at this writing.

E. P. Peeples has returned from Brownwood where he has been in attendance at the bedside of his son who had an operation for mastoiditis and sinus trouble. Mr. Peeples says the boy is convalescing satisfactorily.

Save money and keep it at home. Let us do that next job of printing for you. The Times

LOCALS

Mr. F. S. Henderson was a Del Rio visitor Sunday.

Beal Ware was in from the ranch Friday.

Mrs. Will Tate was a Sanderson visitor last Friday.

Lucil Beauty Shop Always at your service. See new ad.

Jim Hunter is here on a visit to his brother W. D. Hunter.

Mrs. Roy Harrell shopped in Sanderson Friday of last week.

D. O. Sullivan was in from the ranch Friday of last week.

Dawson Service Station is carrying a new advertisement look it over.

L. Forchheimer's is carrying a new Easter advertisement this week.

Mr. and Mrs. J. L. Newton, Miss Jack Banner and C. A. Moreland were Del Rio visitors Sunday.

Call at the Ware House when hungry. The new ad states that aunt Jane is cooking.

Miss Martha Thomas, of Dryden, visited her brother in El Paso last week.

Mr. and Mrs. C. V. McKnight and Mrs. F. B. Williams were Del Rio visitors last Saturday.

The Sweet Shop will appreciate a share of your patronage, look their ad up in this issue.

Quite a number of Dryden people were in for the show Wednesday.

Mr. and Mrs. E. G. McMillan made a pleasure trip to Del Rio Sunday.

Mr. and Mrs. Doc Turk were in from their ranch near Dryden Tuesday.

F. B. Williams of El Paso spent the week end with Mrs. Williams of this city.

C. V. McKnight made a business trip to Alpine Monday of this week.

Mrs. Leroy Grigsby visited her mother, Mrs. T. D. McKinney in Alpine Sunday.

Mrs. Joe Brown of Dryden was in Sanderson the latter part of last week.

Mrs. Ben H. Brown of Dryden was shopping in Sanderson Friday of last week.

R. M. Gatlin, one of our prosperous ranchmen was in town Friday of last week.

Mr. and Mrs. E. J. Chastain and son have returned from a visit with relatives in Tennessee.

H. M. Hutchinson, contractor for the new high school building, was up from Del Rio, Monday of this week.

J. M. Corder and Clarence Jessup were in town one day the latter part of last week from the Corder ranch.

J. I. Daniels of the High Way lunch room spent several days in San Antonio this week on business.

Mrs. T. M. Pyle was shopping in Sanderson Saturday, having come in from the Pyle ranch which is located in Pecos county.

Mr. and Mrs. Lee Grigsby motored to Marathon Sunday where they spent the day with friends, Mr. and Mrs. D. M. Scott.

Mr. and Mrs. Otto Lochausen and daughter, Julia of Marathon, spent Sunday with Mr. Lochausen's brother and family of this city, J. H. Lochausen.

Mrs. Mora Cochrane, spent several days in San Antonio the past week. Last Saturday she held a school of instruction for the order of Eastern Star in that City.

Mrs. Louetta Nowotny, of San Antonio, returned to her home the latter part of last week, after a three months visit with her sister, Mrs. W. D. O'Bryant of this city.

Mrs. F. B. Williams has resigned her position as bookkeeper with the Casner-McKnight Motor Co., and departed Wednesday for Henderson, Texas, accompanied by her daughter, Inez, who has been with Mr. Williams in El Paso. Mrs. Williams has made many friends during her three months in Sanderson who will regret very much of her departure.

Miss Fannie Mersman, home economist and D. W. Carmichael, who is with the commercial department of the Texas-Louisiana Power Co., and who has been holding a very interesting cooking school under the auspices of the above mentioned company, departed Monday of this week for Fort Stockton, where they will conduct another school.

W. M. Druse received a message Friday of last week that his father, U. H. Druse had passed away at his home in Belpre, Ohio. Mr. Druse left same day on train No. 102 for Belpre, where he will pay his last respects to the remains of his father who was past 79 years of age at the time of his death.

Mesdames Black, Dyer, Sterrett, Duke, Johnson, Gregory and Mrs. Hawes of Houston, sister of Mrs. Johnson along with Rev. Ira Harrison were among those who attended the all day session of the First Baptist Mission rally which was held in Alpine Tuesday of this week.

J. L. Miles Construction Co. of Fort Worth was awarded the contract recently to build the eleven and six tenths miles of highway 90 through Pecos county. Teams, Machinery and other equipment are on the grounds and they expect to begin work in the near future.

Mrs. Strange, Mrs. Morris, Jack Smith, Lillie and Mike Strange and Bobbie Morris motored over to Sheffield Saturday evening and spent Sunday with Mr. and Mrs. C. D. Wilson, Sunday being Mrs. Wilson's birthday. They all enjoyed the day very much.

The Rev. Emmanuel Jones and wife of Kansas City, Kansas spent Tuesday night with Rev. W. M. Justice and family. Rev. Jones is field representative of the students league of many nations.

In the columns of the Sanderson Times this week you will find a two inch double column advertisement for Keens garage and machine shop. Mr. Keen does all kind of repair work, when you need something fixed call him up.

Mrs. J. L. Turner spent the week end in Fort Hancock and El Paso. She was accompanied by her husband, J. M. Turner, Jr. who is an employee of the G. H. & S. A., and is now located in Alpine.

Mr. Stanley Franks who has been here the last few months, and connected with the Trans-Pecos Telephone Company returned to his home in San Antonio Monday of this week.

Mrs. J. W. McKee and Mrs. W. H. Savage left the first of this week for San Antonio, where they will visit Mrs. McKee's daughter and Mrs. Savages sister, Mrs. Maxey Hart.

Mr. Albert Visbinder of Del Rio, forman for the new high school building arrived Sunday of this week and Monday morning began clearing off and preparing the grounds for the new structure.

Mrs. R. S. Wilkinson held the lucky number that drew the beautiful electric percolator given last week at the cooking school by the Texas-Louisiana

AMERICA'S GREATEST TRUMPETER TO BE HERE
FEATURE OF SYMPHONIC BAND

Chester Scott and his symphonic band know how to give a real joy day program. Each member of the company plays several instruments and plays them well. Their equal as entertaining musicians is seldom seen. The Chester Scott company has been together for several years, so that their ensemble numbers have an unusual finish seldom found in similar musical companies.

Chester R. Scott who heads the company is recognized as one of the greatest cornetists in the United States, and is second only to Hubert Clark. His solo work and triple tonguing call forth enthusiastic applause and admiration. Mr. Scott is one of the most experienced entertaining musicians on the Chautauqua platform. He studies his audience and gives to them the type of music they like.

His company has a large repertoire of music and adapt their program to every type of audience.

Their program consists of a great variety of solos, duets and ensemble numbers, using both brass and stringed instruments. Many novel selections are introduced making their concert one of the most pleasing of the week.

"Teach a boy to blow a horn and he is not apt to blow a safe," is a statement made by Otto Kahn, noted patron and sponsor of music in America. Chautauqua programs of the Chester Scott type are an inducement to boys to devote their spare time to the mastering of a musical instrument. The Chester Scott Company are delightful people, wholesome and interesting. One should expect a real feast of understandable music in their program.

This Week Society

by Arthur Brisbane
New Theory of the Universe
The Sorrows of Wall Street
The Wonderful Automobile
200 Miles an Hour, Low Fares

The learned Prof. James Mackaye of Dartmouth brings forth a new theory of the universe, pushing Einstein and relativity into the background.

The universe possesses a radiation of super-frequency and superpenetration, pervading all space.

The other, which Einstein eliminated, returns, but it is a dynamic, not a static, ether.

That deep news interests a few. Secretary Mellon says 1930 will be a super-year, money abundant, interest rates low, business good.

That interests everybody, violently. Infinite time, space and ether will take care of themselves; 1930 and business must be attended to at once.

Now that the "big wind" that swept through Wall Street, blowing away paper profits, has died down, there are sad hearts, but no real losses.

Apparent values, born of imagination and outrageous issues of watered stock, have shrunk by more than twenty-three billions of dollars in three months.

But our national property is all here, including the nicely printed watered stock.

When one concern assembles a few "public utility concerns" and prints 60,000,000 shares of wind and water, with 2,000,000 shares of preferred and heaven knows how many obligations of the assembled companies ahead of the 60,000,000 shares, something must happen. It did happen.

Among all the sorrows of Wall Street, however, bright spots stand out. Actual dividends declared in 1929 up to December 28 totaled more than \$4,462,000,000, an increase of more than a thousand million dollars over 1928.

We are really not poor, only a little discouraged, some of us, at the idea of beginning over again.

New York explodes gasoline in a big way. In the first six months of 1929, the state taxed 774,701,746 gallons of gasoline, not including gasoline used by farmers.

It would have taken 908 freight trains of eighty cars each to carry that gasoline. Who would have believed that when Senator Couzens was investing less than \$2,000 in the little

Ford car, taking out within a short time \$300,000,000 as his share?

A telegram from the "Stout Air Line" of Detroit tells of air rates from Detroit to Chicago reduced to only a little more than railroad fare, plus pullman charge.

Another telegram from the Universal Air Lines System of Chicago says: "Pilot Ray Fortner, in a trimotored Fokker, carried 12 passengers and an assistant pilot from Chicago to Cleveland, 326 miles, in 97 minutes, 203 miles an hour. That trip is one leg on the proposed New York-Los Angeles route. The fare will be the same as by rail.

Against an airplane going 200 miles an hour, what chance will a railroad have, going 40 miles an hour, with fare the same? Americans are in a hurry.

Intelligent railroad men will take charge of passenger flying and control it. Others will fade away like the old stage coach drivers.

How the years drag for the young! How they fly for the old!

A man past sixty knows that it is only a step to 1931.

A child cannot believe that another Christmas will ever come.

The earth, according to scientists, will last millions of millions of years. But "a thousand years in thy sight are but as yesterday when it is past, and as a watch in the night."

But that is no excuse for not getting the best possible results from each of 1930's 365 days.

A great system of street car and interurban lines driven into a receivership in New York state is another reminder that the motor bus came to stay.

Railroads that ignored and despised the motor bus at first are now running busses of their own in many states.

Some roads, looking farther ahead, have started their own flying lines.

You have, gentle reader, about 119,306,999 American brothers and sisters. The bureau of economic research puts our population at 119,306,000, including you.

We have increased 14,000,000 in ten years, while keeping out, largely, the "unfit European population that breeds crime," according to advocates of restricted immigration.

But we have not kept out crime itself. We have plenty of that.

In Lancaster, Ohio, Mrs. Vincent Kemp had two sets of twins in 1929. The first pair came on January 4 last. The second on the last day of the year. That is the crop that counts and neither bootleg liquor nor drugs will ruin it.

©, 1930, by King Features Syndicate, Inc.

Missionary Society

The ladies of the Presbyterian missionary society will meet each fifth Monday as a social day. Monday of this week they met with Mrs. W. E. Lee. All report a wonderful evening. Those in attendance were Mesdames: desLandes, Woodward, Nichols, Pollard, Charlton, Brown, Grigsby and Loehausen. Refreshments were served consisting of fruit salad, cake, coffee and tea.

Junior and Senior Entertainment

As the final step in making up the money pledged by them for the victrola purchased by the school some time ago, the Juniors and seniors sponsored a bridge and forty two tournament in the Kerr Hotel dining room last Saturday night.

The tournament was well attended by the town people. As an additional feature of the party an angel food cake was auctioned off. The cake went to Mr. Brannan, the highest bidder.

High bridge score for the ladies was won by Miss Gladine Bowers. Mr. Lynn Harrell was awarded high bridge score for the men. Mr. and Mrs. K. C. Parker won high scores in forty-two.

Wednesday Bridge Club

Five hands of Bridge were enjoyed by the members and a few guests of the Wednesday afternoon bridge club this week with Mrs. J. C. Green as hostess.

Refreshments consisting of chicken salad, saltines, butter scotch pie and coffee were served to four tables of players.

An Italian cut work hand embroidered vanity set was the high score prize that went to Mrs. Frank Robertson. Mrs. Clyde Griffith won the second high score prize, a linen lunch cloth.

The following members and guests enjoyed the afternoon: Mesdames Kerr, Daggett, Wilkinson, Griffith, Lemons, Lowe, Bogusch, Montgomery, Creigh, Stovell, Younger, Breeding, Robertson, Reinke, Bodkin and Buchanan.

Journalism Club Has Candy Making

The journalism club had a candy making at the home of Lillie Strange, Friday, March 28th.

The evening was begun with five tables of bunco. Ethel Van Cleave won high score and Celeta Morris low score. Spinning the plate, winkum, and pleased and displeased were played while Mrs. Strange and Misses Bonnie Cox, Dorothy Weatherby, Aurora Robertson, Jessie Roberts and Viola Keene made candy.

Fudge, divinity, penoche, and peanut brittle was served to the following: Earline Ruston, Mrs. Celeta Morris, Viola Keene, Bess McAdams, Lillie Strange, Russel MacMillan, Mary Arrington, John Green, Ray Qualtrough, Aurora Robertson, Ethel Van Cleave, Jessie Roberts, Beatrice Nichols, Floriene Thompson, Jack Hayre, Henry Goldwire, Earl Lee Hardgrave, Bays Robertson, Marybelle Schupbach, William Lea, and Misses Bonnie Cox and Dorothy Weatherby.

Only one oil is good enough for household equipment, says chemist

Chemists, mechanics and lubrication experts say only one kind of oil is good enough for your expensive mechanical devices—the best. To get best results from your sewing machine, vacuum cleaner, lawn mower, washer, electric fan, refrigerator and other household appliances, you should use an oil that not only lubricates, but also cleans and protects. 3-In-One Oil is different from all others, because it is a scientific blend of animal, mineral and vegetable oils. It gives you the best properties of each. It dissolves and works out dirt, protects against rust and wear and gives the most efficient lubrication, thus eliminating unnecessary repairs and replacements. Naturally such oil costs more to make, but it really costs less to use. Buy safe; insist on 3-In-One Oil. At good stores everywhere, 15c and 30c sizes. For your protection, look for the trade mark "3-In-One" printed in Red on every package.

Kill Rats Without Poison

A New Exterminator that Won't Kill Livestock, Poultry, Dogs, Cats, or even Baby Chicks
K-R-O can be used about the home, barn or poultry yard with absolute safety as it contains no deadly poison. K-R-O is made of Squill, as recommended by U.S. Dept. of Agriculture, under the humane process which insures maximum strength. Two cases killed 578 rats at Arkansas State Farm. Hundreds of other testimonials.
Sold on a Money-Back Guarantee. Insist on K-R-O, the original Squill exterminator. All drugists, 75c. Large size (four times as much) \$2.00. Direct if dealer cannot supply you. K-R-O Co., Springfield, O.

K-R-O KILLS-RATS-ONLY

Valuable Orchid Pod
Probably the most valuable flower seed pod in the world was on display at the Chelsea flower show in London in 1929. A single flower from one of the seeds sold for more than \$1,500, and others sold for \$1,000. It is estimated that the entire pod with seed is worth \$150,000. The pod is the fertilizer of a rare orchid, the miltonia armstrongii.—Rocky Mountain News.

WHEN IT LOOKS DARK to any weak, nervous or ailing woman, Dr. Pierce's Favorite Prescription comes to her aid.

Women in every walk of life today say Dr. Pierce's Favorite Prescription is a reliable medicine. It is made from roots and herbs, sold by druggists, in both fluid and tablets.
One woman said: I was rundown in health and a neighbor recommended Dr. Pierce's Favorite Prescription. She told me about the wonderful benefit she had received from it so I started taking it right away and in a little while my health was wonderfully improved. I continued taking this one medicine and soon was perfectly well and have needed no medicine of the kind since.—Mrs. M. A. Wilham, 1011 E. Annie St., Fort Worth, Texas.
Send 10c for trial pkg. tablets to Dr. Pierce's Invalids Hotel, Buffalo, N. Y. and write for free medical advice.

Shocking

And now another ideal takes a tumble when M. Pilleuret, one of the well-known Parisian designers, declares:
"The young lady who dresses in neutral tones is frequently catalogued as dowdy, quiet or demure; when more than likely, she is very clever in that she desires to fit into the color scheme of any auto that may come along."

Kidneys bother you?
If troubled with backache, bladder irritations, and getting up at night, don't take chances! Help your kidneys at the first sign of disorder. Use Doan's Pills. Praised for 50 years. Endorsed by thousands of grateful users. Get Doan's today.

DOAN'S PILLS

LACE ADORNS BOUDOIR MODES; NEW COATS FOR LITTLE GIRLS

LACE, lace, lace and then some—speaking in regard to those exquisite intimate garments of the boudoir, the lure of which no normal-minded woman can or even cares to resist.
With all the lavishness of lace which goes to enhance lingerie and negligee types of the present mode,

Handsome Boudoir Ensemble.

the fact is outstanding that quality is not sacrificed to quantity. For ordinary laces there seems no place in the scheme of boudoir fashions. Even the laces on the less expensive garments are amazingly fine and lovely, while the higher priced garments are garnished with laces the beauty and fineness of which cannot be told in words.
Not only does the loveliness of the laces employed call for admiration, but one is impressed with the artistry displayed in lace work as it enters into the creation of boudoir ensembles, of nightgowns and daytime negligees, of the new costume slips which after so long a time without lace are again lavishly lace-trimmed, and especially the cunning little ingenue dance sets which youth so adores.
A fascinating story of lace is told in the picture herewith of a boudoir ensemble made of shell pink satin. The

castor shades continue in vogue. There is also a growing tendency to tint the lace to match the fabric it trims.
Coats for Juveniles.
Little folks' coats "say it" with color this season. Whether the juvenile coat be of lacy tweed, of basket cloth or of flannel or a similarly smooth surfaced weave, color is the first consideration.
Emphasis is placed first of all on lovely springlike green tones. Smart indeed is the coat of soft green cloth which is neatly tailored in the regulation style, with double-breast fastening, notched collar and self-fabric belt. Pastel tweed mixtures also are favored media for these simply tailored coat models. These include yellow, rose, and blue effects, some of the weaves being lacy and light in weight.
The coat in the picture departs

Pretty Juvenile Coat.

from the strictly tailored type in that it indulges in a collar whose widened lapels are bordered in two-color effect. The body of this coat is of a navy and white tweed mixture, the flannel bordering repeating these colors. A note of particular interest is the broad-brimmed hat which foretells a millinery trend which will be observed increasingly with the arrival of mild spring and summer days. This vogue for wide brims has revived interest in large picturesque leg-horns for children, as well as shapes of finest Milan straw.
In regard to children's coats the mode is expressing itself in two directions: one which features, as already mentioned, the strictly tailored type usually double-breasted and with notched lapels. Every whit as important, however, are the new capped versions. Indeed, in discussing spring fashions for the younger generation too much cannot be said on the subject of the coat with a cape. The princess silhouette offers still another angle in regard to stylish coats for young fashionables.
Shallow capes which fall just over the shoulders vie with capes of waist-line depth. In fact, all sorts of cape variations enter into the junior coat mode.

Lesson for April 6

THE LAW OF THE CROSS

LESSON TEXT—Matthew 16:13-26.
GOLDEN TEXT—If any man will come after Me, let him deny himself, and take up his cross, and follow Me.
PRIMARY TOPIC—Proving Our Love for Jesus.
JUNIOR TOPIC—Proving Our Love for Jesus.
INTERMEDIATE AND SENIOR TOPIC—Denying Self for Christ.
YOUNG PEOPLE AND ADULT TOPIC—Cross-bearing in the Christian Life.

The lesson topic is narrower than the Scripture text. It includes Christ taking account of His ministry, Peter's confession, Christ's prediction concerning His death and His teaching concerning the cost of discipleship.
1. Christ, the King, Taking Account of His Ministry (vv. 13-17).
1. The place (v. 13).
It was at Caesarea Philippi, the northern limit of Jewish territory, practically in Gentile territory.
2. The time in Christ's ministry.
The cross was only a few months away. The King had already been rejected. They had charged Him with being in league with the devil and sought to kill Him. It was highly important that the disciples have clear views as to Christ's person in order to stand the test of His trial and crucifixion.

3. Peter's confession (vv. 13-16).
(1) The occasion (vv. 13-15). Two questions asked by Jesus Christ provoked this confession. a. As to the opinion of the people concerning Him (vv. 13, 14). They recognized Him as a teacher and prophet of more than human authority and power. Had He been content with this, He would not have been molested in Jerusalem. It was His persistent claim of being the God-man, the very Son of God, that sent Him to the cross. b. As to the personal opinion of the disciples (v. 15). It was not enough for them to be able to tell what opinion the people held concerning Jesus. It was necessary that they have definite, correct and personal knowledge of and belief in Him. (2) The content (v. 16). It consisted of two parts. a. "Thou art the Christ." This avowed Jesus to be the Messiah—the fulfiller of the Jewish hopes and expectations. b. "The Son of the living God." This acknowledged Him to be divine. It was the recognition of His glorious person in keeping with the Jewish hope (Isa. 9:6, 7).

4. Christ's confession of Peter (v. 17).
Those who confess Christ shall be confessed by Him (Matt. 10:32, 33). Christ pronounced a blessing upon Peter—not in the nature of reward, but a declaration of the spiritual condition of Peter because of his clear apprehension of his Lord.
5. Christ's charge to the disciples (v. 20).
He asked them not to tell any man that He was the Messiah. The time was not ripe for such testimony.
II. The New Body, the Church, Announced (vv. 18, 19).
Following the confession of Peter, Jesus declared His intention of bringing into existence a new body, to the members of which He would give eternal life, and into whose hands He would entrust the keys of the Kingdom. Peter was to have a distinguished place in this body. Association in this new body cannot be broken by death, for the gates of Hades shall not prevail against it.

III. The King Predicts His Death (vv. 21, 23).
This prediction was no doubt startling to the disciples. They did not yet realize that redemption was to be accomplished through the passion of the cross. So unwelcome was this announcement that Peter cried, "This shall not be unto Thee." Later Peter saw through the darkness to the sunlight on the hilltops beyond. A new hope filled his breast (1 Pet. 1:3, 4). Victory through death is yet the stumbling block of many.

IV. The Cost of Discipleship (vv. 24-26).
Life can be saved only by losing it. If we are going to be Christians, we must share Christ's suffering.
1. There must be denial of self (v. 24). There is a wide difference between self-denial and denial of self. All people practice self-denial, but only real disciples of Christ deny self.
2. "Take up His cross" (v. 24). This cross is the shame and suffering which lie in the path of loyalty to Christ.
3. Follow Christ (v. 24). This means to have the mind of Christ—to be like Christ.

Flowers That Are Not Seen
If a man could make a single rose, we should give him an empire; yet roses and flowers no less beautiful, are scattered in profusion all over the world, and few regard them.—Martin Luther.

A Life in His Hands
The right thing is not always the easiest; but God has His schools for training, and a life left in His hands will never fail of its highest development here and hereafter.—Selected.

OPENS DRAINS

KEEP drains open . . . at first sign of stoppage empty a can of fast working American Indian Head Lye in the drain and flush with hot water.

Shampoo the CUTICURA way
What a delightful and healthful shampoo it gives! Anoint the scalp lightly with CUTICURA OINTMENT; then make a strong suds with CUTICURA SOAP by dissolving shavings of the SOAP in hot water. Wet the hair thoroughly, then shampoo with the suds and rinse, several times, finishing with tepid or cold water. This will keep your scalp in a healthy condition, and your hair will be soft and lustrous.
Cuticura Soap Co., Boston, Mass.

Brothers are usually as far apart in their ideals as if they were strangers.
A decided blond is a light-haired woman who always insists upon having her own way.

Three Mothers Agree

When mother is tired, nervous or ill the whole home is upset. For her family's sake, every mother wants to be well and strong. These three women tell how Lydia E. Pinkham's Vegetable Compound helps them to care for their families.

Mrs. H. Dolhonde,
6318 York St.,
New Orleans, Louisiana
"Before my last baby was born, I started taking Lydia E. Pinkham's Vegetable Compound. I got such good results that I named her Catherine Lydia. I have six older children and five grandchildren, too. I am now taking the Vegetable Compound again because of my age. I eat and sleep better and I do all my housework, and my washing. I will do my best to answer letters."

Mrs. Harold Goodnow
36 Cane St.,
Fitchburg, Massachusetts
"I cannot praise your medicine enough. After my baby came I was run down. I had to go to bed often through the day. I took three bottles of Lydia E. Pinkham's Vegetable Compound and I felt like a different woman. If any mother has those tired feelings I advise her to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Lloyd R. Blasing,
115 So. Ohio St.,
Anaheim, California
"After my baby came I was so nervous and tired that I felt miserable. One day a booklet was left at our door and after reading it I decided to try Lydia E. Pinkham's Vegetable Compound. I am now on my fourth bottle and I feel much stronger. It has helped me in every way and I feel sure that other women in rundown condition will pick up if they will only take a few bottles."

PRINCESS THEATRE

The talkies are coming to Sanderson sure. Ask your theatre manager about it she will be glad to talk to you.

Two Shows, 7:30 and 9:15 p. m.

NEWS OF THE DRYDEN AIRDROME

The Dryden airdrome is maintained by the U. S. Army and has five men on duty at all hours. They take care of the visiting aircraft that comes this way. There is a radio broadcasting station here which is operated by the signal corps of the U. S. Army. Weather messages and arrival and departure of aircraft is sent and received. Two men are on duty with the signal corps in connection with the meteorological station. The purpose of this is to give out all weather information in order to keep flyers posted as to atmospheric conditions.

Capt. Schmaul and Lieutenant Thomas, in a Douglas Aircraft stopped and refueled at this station and later departed for El Paso.

Lieuts Carr, Pennington and Palmer, with one mechanic each in Curtiss A three Attack plane stopped a few minutes at this station and later departed for Kelly Field.

Lieut. Steed with a mechanic as passenger, flying a Douglas aircraft from Kelly Field stopped and refueled at this station; a few minutes later they departed for El Paso.

Mr. Dexter made several trips by air to this station the past week. Mr. Dexter flies a four place Air Sedan monoplane. On one trip he came from Austin making the trip in two hours and twenty minutes.

Mr. Davis and Dr. West of Del Rio, flew to this station. Dr. West went to Bates ranch to inspect some sheep. After several hours at Bates ranch Dr. West made a visit to W. A. Latimer of Dryden and then Mr. Davis and Dr. West departed for Del Rio. Mr. Davis was flying a Waco two place aircraft.

During the past week this section of the country has seen

a good many aircraft go over. The Airdrome had at one time 31 planes on the field. 28 of these planes belonged to the Third Attack Group Station at Ft. Crockett, Texas. Other flights were from Kelly Field. A good many visitors were had both local and tourist and made inspection of the aircraft.

Major Johnson, flying a Curtiss A-three Attack plane, and in command of the 28 Attack planes, was forced to remain several hours at this station due to bad weather at Alpine. The flight was winging its way to the West Coast. While here coffee was served to all by Mrs. McCabe. After remaining at this station 2 hours the flight departed for El Paso:

During the past week Sgt. McCabe and private Mooney spent several days in fixing up emergency landing fields at Longfellow, Pumpville, Schumla, and Comstock. The field at Sanderson will be cleared as soon as permission is granted. We have been in hopes that the citizens of Sanderson would get "air-minded" and have an improved Air Port of their own so as to take care of the commercial aircraft coming and going this way. Better accommodations can be given visiting aviators at Sanderson than at this station. All cities of any size have an Airport and Sanderson is lots larger than lots of towns that have airports. If contract is ever given for an air mail line from San Antonio to El Paso, Sanderson would not want to be left out, and an air mail and passenger line through this country would be of great help to us all. But if Sanderson can not boost an airport this air mail and passenger line would not benefit any of us. Del Rio and Marfa both are boosting an Airport of their own so why let others get ahead.

RATTLE OF THE RAIL

S. S. Daggett returned last Saturday from a visit to Houston.

Engineer N. E. Charlton was assigned to a regular run the first of the week.

Engineer R. M. Luse has returned from El Paso and has taken a regular run on the freight board.

Traveling Engineer Hartman and boiler forman R. L. Hagon were here from Houston Wednesday.

Pacific system engineer 4320 came down from El Paso Tuesday on train 102 handling 15 cars, ordinarily the work of two engineers.

The New Zeolite water treating plant was put into operation Tuesday. A total of seven plants will be in operation on the El Paso division when all are completed.

Conductor W. H. Savage and Fireman H. C. Crabtree and Roy Knox are contemplating attending the joint legislature board meeting to be held in Greenville, Texas next week.

Mallet engineer 900 and 909 which have been stored at Valentine have been sent to Houston to be dismantled, this now leaves two Mallets on the El Paso division both laid aside.

Cole Bros. show which showed here Wednesday afternoon and night drew a fair size crowd. All report a good clean show. All acts were good, and showed that the company had some good actors.

"WANTED-Ranches, large and small. Give lowest price and terms. State whether or not you will take in good trade-farms or brick residence and business properties at cash values. We have many inquires. Standard Development Co. McCamey, Texas.

PLANS FOR CENSUS TAKERS UNDER WAY

Counting Millions in U. S. Gigantic Task.

Washington.—When the vast army of 100,000 census takers swoop down on America next year there will be in Washington another small army of clerks transcribing the incoming records and preparing reports for the President and congress.

The census bureau already is making preparations for taking the fifteenth decennial census. Tentative report forms are being drafted, extra office space is being made available for the 6,000 temporary clerks who will be employed, and machines are being adjusted for the coming task.

The average mind cannot conceive of the stupendity of recording a brief history, for that is in reality what a census is, of more than 120,000,000 people. The actual enumeration will require only 30 days in rural districts and half that time in cities.

100,000 Enumerators. If it were not for the machines used in tabulating the census, the work probably would not be finished before time for the next one to be taken. The men and women who actually canvass the country have a simple job compared with the clerical phase of it.

The 100,000 enumerators work under 550 supervisors. The country is divided into sections and subdivided into civil districts. These population counters record the statistics on double-faced sheets with a capacity of 200 names.

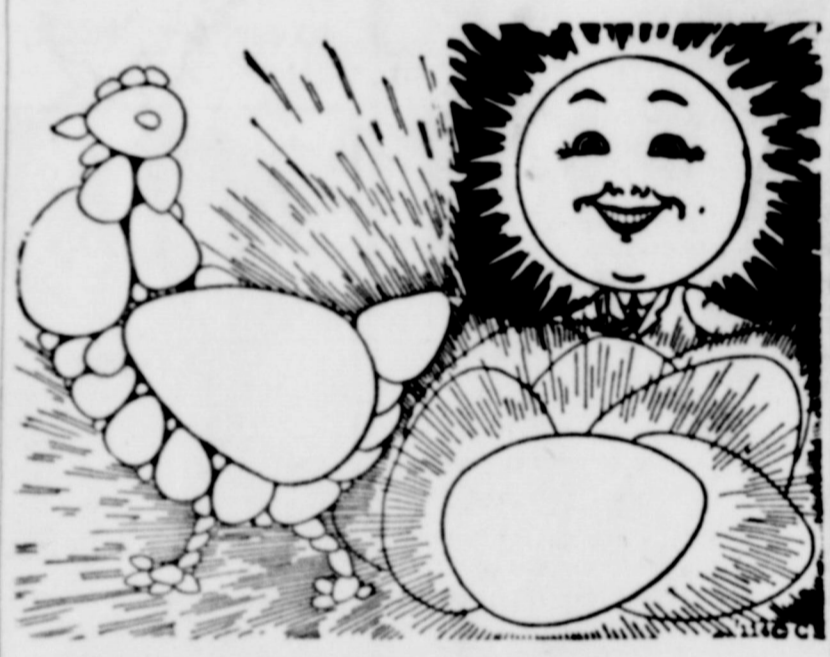

When the sheets reach the census bureau they are transcribed on cards which have been ruled into 24 parts. Figures and combinations of figures are used instead of words and the transcription is effected by means of a punching machine. Each of the 24 sections of the card is perforated in such a manner as to denote certain facts in regard to the individual whose card represents.

The cards are then placed in a machine which automatically classifies them according to sex and if desired further classification may be made as to color, age, etc.

They next are taken to the machine, upon which the census official prides themselves most—the recording machine. It was invented by a bureau official especially for census work, and as one of the chief's said: "There is nothing like it on earth." It will print 60 different items simultaneously at the rate of 400 a minute.
