# "It's an Easier Life!" ...with **JOHN DEERE** Equipment

Yes, farming today, the John Deere way, is easier than grandfather ever thought possible. And, it's faster and better, too.

The consistent leadership of John Deere plows typifies the trail-blazing role John Deere equipment has played in mechanizing farming's muscle work. It was John Deere's steel plow that opened the sticky prairie soil to profitable farming in 1837. The intro-duction of the John Deere "Gilpin Sulky" in 1875

lifted the pioneer farmer's weary legs out of the furrow ... forever abolished the necessity of plodding behind a "walker." Today, plowing with John Deere plows is plowing at its best ... and easiest, thanks to Truss-Frame design and hydraulic Powr-Trol.

The full line of modern John Deere equipment is designed to make all farming operations easier and more profitable . . . farms more productive. Come in and discuss your needs with us.

Students Should Check ocial Security Cards

Now that school is over, all dents who intend to work uld check on their social serity cards," stated John R. lerson, manager of the Amasocial security field office. About this time of the year

ost students are preparing to ake summer jobs," Mr. Sandercontinued, "and whether work part-time or full ime, they will need a social security card. The card represents an insurance policy with their government, and the best way to protect that policy is to show the card to each new employer. This will enable him to report the worker with his complete name and social security

umber, thereby enabling the Social Security Administration to give the employee full credit on his social security account for the work done.

"A student who has already obtained a card but has lost it. should apply for a duplicate at once. Other students who are sure of working on social security jobs in the immediate future could be wise in applying for heir original card promptly. In both instances the necessary aplication blank may be obtain d from any Post Office or from he Amarillo social security field ffice. The completed applicaion should then be mailed to: The Social Security Administration. Field Office, Amarillo. A social security card will be returned promptly to the student, Sanderson concluded.

#### SPENT WEEK END AT VERNON

Miss Lola Goodwine drove over o Vernon, Friday evening to spend the week end and Memorial Day with her sister, Mrs. C. J. Price and family. She was accompanied by another sister and a nephew, Mrs.

Fred White and John Fred White. They returned Monday evening.

Mrs. Alvis Day and son Dee, of Clovis visited in the home of Mrs. Clarence Day Tuesday.

the political scen order to maintain united sup "Of course. Federal officers they cannot take over the lands without an Act of Congress au-thorizing them to do so. It will take both a court decision and an Act of Congress to enable Federal agencies to enter upon the ands which Texas has held in ust for its people for the past me hundred years. Even in Calirnia, that State still operates land and leases two years ter an adverse court decision. erefore, there is no reason rush into a settlement on acunt of fear as to what the urt will do in the Texas case. Expressions of fear only serve weaken our chances in the urt and the Cnogress." Daniel

#### **Reds Get Advice**

GGEST QUESTION MARK B minds of every diplomat whether the Russians have mer got soft temporarily or have m major policy shift toward los erm cooperation with the rest

he world. No diplomat, to date, ture a definite answer uncensored reports from give one significant clue wince eveal part of the answer.

Recently the Russians have been setting advice from Rudolf Nadol y, former German ambassador attended Russia. Nadolny is not a Com munist, is a German of Hungaria extraction, and a disciple of Bi marck, who always favored clos cooperation between Germany an

> Nadolny's advice to Mescow has been to cut out the dia'smatic bluster, and talk so to the west, while simultar

ly strengthening Russian ( man ties.

If Moscow extends the anch to western Europe and th nited States, Nadolny is reporte have advised, western opin ill be lulled and congress will r propriate full funds for the nor Atlantic pact.

#### Corman-Russian Pact?

In addition, Nadolny also me with German leaders last mont and gave them significant advice that Germany's future lay with Russia. The way Nadolny sized up was reported to be about

If there is peace, Russia dan giv more to Germany than the ales for two reasons: I She controls Silesia and cal

return it. 2. Britain and the U. S. A. an

hungry for markets. If there is n war this competition for marke will become keener, and Britan and the U.S. A. will keep German an agrarian state. Meanwhile Rus sia has ample markets in China and offers no competition to Ger many.

If, on the other hand, there war, Nadolny said he had positive assurances that Germany would be spared. The Red army, he prom ised, would advance either through Norway or Italy. Therefore close German-Russian cooperation was essential

Result was the stiff position to lon

fight of 1935, when the private util ity lobby bombarded congress with telegrams signed with names taken from a telephone directory, has Capitol Hill been deluged with so many phony telegrams and letters

> One of the lobby's most ingenious schemes is being worked on California congress mea by an organization with the high-sounding name, "Committee for home protection." Congressmen may not realize it, but this is merely a front for the powerful national association of home builders.

Gen. Lucius Clay's proposals for a

Its general chairman, Freder ick C. Dockweiler, also happen be general counsel of the Los geles home builders institute. in the background is multim aire Fritz B. Burns, biggest coast builder and former pro-dent of National Home Builders However, California congressm would be even more amazed they knew how the folks are being used by the "committee for home protection. Here is how the lobby

operates: Committee agents approach citizens on the street, give them a "facts sheet," containing 10 sample telegrams denouncing public-hous ing legislation, and ask them to select one, copy it on a telegram blank provided by the lobby's agent, and sign it.

When 20 such "canned" tele grams have been collected, they are sent to a member of congress The latter assumes the telegraare legitimate messages from the voters back home.

In addition to the "facts sheet." which lobby agents hand to the public, they also have an "instruction sheet," which they are very careful not to hand out. These confidential instructions are a dead giveaway.

"I. Select your prospect. Get a man who has absolutely no connection with the building or realestate business. This is a 'grass roots campaign; so look for laborers, white-collar workers, veterans, housewives, small-shop keep-ers-people in the middle and lower-income brackets.

"2. Show your prospect your facts sheet.

"3. Ask him to write his message on a telegraph blank. Get him to select his favorite argument and state that in a maxinum of 25 words."
