Fall Mohair Clip Tied Up By Pool

Texas Warehouse Delegates Extend Pool Contract Setting Minimum Price

KERRVILLE, Tex., Sept. 24.—Typing up 6,750,000 pounds of the fall mohair clip, about 85 per cent of the entire United States production, representatives of the Wool and Mohair Warehouse Association of Texas at a meeting here Saturday afternoon signed a pact extending the original pool contract executed in Kerrville August 29.

Encouraged by the attitude of the Federal Farm Board, the National Wool Marketing Association and the mills, the 33 warehouse firms represented here stood steadfast in the interest of West Texas mohair growers.

Although the minimum fall clip price agreed on here at the August 29 meeting was not announced, Saturday afternoon the warehousemen declared that members of a committee which recently went East to confer with the Federal Farm Board, the mills and Boston dealers, were empowered to negotiate for the sale of the pooled mohair at not less than 25 cents per pound for grown hair and 40 cents a pound for kid hair. The committee includes L. A. Schreiner, Kerrville, chairman; Fred Horner, Uvalde, and C. C. Belcher, Del Rio.

Members of the Warehouse Association, following a report of the committee, expressed the feeling that the Federal Farm Board and National Wool Marketing Association, as well as their selling agents, were doing their utmost to overcome the prevailing low prices.

The men gathered here Saturday also expressed the belief that the Eastern mills are cognizant of the need for some stabilizing adjustment in order to prevent huge loss to growers, banks, mills and manufacturers.

Putting more teeth in the contract by revisions made here Saturday, the warehousemen raised the penalty for violating the contract through sale on the open market from 1 to 5 cents a pound. An amendment was adopted, providing that the 1932 spring clip is not to be sold for a less price than the 1931 clip.

Christmas Orders Cause Heavy Delay; Order Now

Within the past two weeks The Times has received several catalogues from the major engraving companies of the south, displaying the latest modes in Engraved Christmas Cards and Stationery for this year.

The catalogues are complete in every detail, showing the distinct quality of each company's engraving ability and contain many pleasing and well-worth-seeing designs in the latest styles of cards.

Just as the post office department each year solicits the early mailing of Christmas packages in order that there be no last minute delays due to heavy handling, we ask that our customers remember that fact in the engraving industry as well, last minute rushes are unavoidable except through the co-operation of the people. By placing early orders for cards and stationery, our customers may be assured of no delays and also safe delivery of all wanted styles, which, nearer the holidays, become exhausted and second choices must necessarily be made.

In connection with the handling of such an enormous card and stationery trade, the Times is offering its services to prospective customers to make personal appointments for showings of the engraving. This service may be had simply by calling No. 39, The Times office, at any time in the near future and arranging for appointment.

Miss Novice White left last Friday for San Marcos where she will be a student at the Southwest Texas State Normal.

Miss Miriam Carpenter left today for Greenville where she will teach at the Boles Orphans Home.

Mrs. Paul Ritter and Mrs. L. LaMontagne of the Dryden Airport were shopping visitors in the city Monday.

BAPTISTS TO HOLD REVIVAL

Rev. Wm. Joyner of San Antonio to Conduct Preaching Services

TO BEGIN SUN., OCT. 4

Rev. and Mrs. Harrison To Carry On Singing During Revival

The Sanderson Baptist Church, under the able leadership of the Rev. Ira Harrison, will begin its fall revival on Sunday after next, October 4, with the Rev. Wm. H. Joyner of San Antonio conducting the preaching services.

Since his coming here over two years ago to accept the pastorate of

REV. IRA HARRISON, Pastor

the local Baptist church, Rev. Harrison has succeeded in adding sixty new members to his church, while at the present time the church maintains a membership totalling seventy-five persons. During the past two years the church has raised \$9,000 for all causes, \$1,000 of which was given to missions and benevolences.

Under direction of Mr. Ruel Adams, the Sunday School department of the church has sponsored several training classes, at the close of which 23 diplomas were awarded, not including many seals of award given for work completed in the training schools.

With the Rev. Joyner conducting preaching services, Rev. and Mrs. Harrison are scheduled to have charge of the music. While not commonly known, though still a fact, Rev. Harrison has a wonderful voice and is well-prepared to deliver sacred hymns during the coming revival to the Lord's credit. Mrs. Harrison is a pianist of some note and it is with pleasure that we anticipate a hearing of her playing ability when she will accompany the singer in the coming church get-together.

HOLMES-WHITTEN

Mr. Millard Tom Holmes and Miss Mary Lois Whitten were united in marriage Thursday, September 17 at 1:30 p.m. The ceremony took place at Merton with Rev. W. T. Brown, pastor of the Baptist church of that city, officiating.

The bride, a popular member of the younger set at Merton, is the daughter of Mrs. Olive Whitten, instructor of English in the College of Industrial Arts, Denton.

The groom is the son of Mr. and Mrs. Manley Holmes, prominent ranch people of this county. He is a successful young ranchman.

They will make their home on the Manley Holmes ranch.

The Times joins the many friends of the young couple in extending to them congratulations and best wishes for their future happiness.

Pastor Speaks at Van Horn

Rev. B. M. Stradley, Methodist pastor here, left Thursday afternoon for Van Horn where he addressed the District Steward's meeting of the Van Horn Methodist church, on the subject, "The Local Church Laymen Putting Over the Benevolences Program for the Lord." Judge C. E. Mead of Marfa, and Mr. Reeves Burchard of Toyah, prominent layman in the church, also addressed the meeting.

Clyde Griffith was a visitor at the N. M. Scott ranch Thursday.

Alfonso's Royal Crest Cut Out

When the Spanish revolution was an accomplished fact the royal arms on the Spanish embassy in Washington was promptly covered with a wooden shield. Now that the republican regime is firmly established, the new coat of arms has been cut. The stone mason is seen doing that job after having eliminated the emblem of former King Alfonso.

School Classes Elect Officers at Various Meetings

Child's Class Responsibility Great Factor In Later Life

Classes of the Sanderson High School have organized themselves and have elected officers and sponsors for the ensuing year. Officers for the various classes are as follows:

Seventh Grade
Mr. Duane Smith, sponsor; Raymond Thrift, pres.; Mary Ferguson, secy.; Bernard Kerr, treas.

Eighth Grade
Miss Melburne Glass, sponsor; Elmo Taylor, pres.; Martha Stradley, secy.; Robert Kerr, secy.-treas.

Ninth Grade
Mr. Cecil Cammack, sponsor; R. E. Griffith, pres.; Mary Arrington, secy.; J. R. Black, Jr., treas.

Tenth Grade
Miss Corinne Fox, sponsor; Bess McAdams, pres.; Mable Schupbach, secy.-treas.

Eleventh Grade
Miss Bonnie Cox, sponsor; Ernest Farley, pres.; Mattierue Newton, secy.-treas.

Local teachers are happy to see this sort of work beginning in the school system, for they feel that it is an aid in the development of good character, and the development of good character leads to the making of good future citizens. The responsibilities that class organization thrusts upon the child may seem to be trivial to the business man or woman, but to the child they are great; and while the child is young is the time to teach it the duty of responsibility and leadership, so that when the student reaches manhood or womanhood, the assumption of duties and responsibilities will not be beyond his power to assimilate.

The first regular meeting of the Parent-Teachers Association was held in the High School Auditorium Thursday evening, September 16 at 7:45 o'clock. The community was well represented by its citizens at the meeting, there being a good number of both fathers and mothers present.

Following the invocation which was offered by Rev. B. M. Stradley pastor of the local Methodist church, newly elected officers for coming year were installed. Mrs. A. P. Utterback is to serve in the capacity of president of the organization; Mrs. Joe Nichols, first vice-pres.; Mrs. Guy Nations, second vice-pres.; Mrs. A. F. Thrift, third vice-pres.; Mrs. A. A number of songs were sung by the group while talks were made afterward by Mrs. A. P. Utterback, A. E. Creigh, Jr., and B. J. Brannan. Music was furnished by the High School band under direction of Cecil Cammack and a piano duet was rendered by Miss Myrtle Harrell and Miss Bess McAdams.

Mrs. Kendrick Harrell gave her first public recital at the High School Auditorium last Saturday evening to a large audience.

Mrs. Harrell was assisted in her program by Mrs. Sims Wilkinson, Mrs. Fitzhugh Lee, Misses Louise Noble and Nadine Woodlock, who gave very interesting piano and vocal solos. Mrs. Harrell rendered several readings in her usual entertaining manner, keeping the audience bowed in laughter at her changes of dialect and impersonations.

A series of these recitals will be given by Mrs. Harrell, assisted by her pupils of expression and dancing, so her friends may look forward to many pleasant evenings. This program exhibited talent that can be found only in artists such as those taking part in the evening's entertainment.

High School Eagles To Play Bucks At Alpine Tomorrow

Coach Duane Smith Has Team In Readiness for Tough Scrap

After a daily workout which began before school started, and has put Sanderson High School football material for the fall term in splendid condition to withstand the ups and downs of the game, Coach Duane Smith's clawing Eagles will invade the haunts of the Alpine High School Bucks tomorrow.

Hard work and an overshadowing of enthusiasm and integrity has been each individual player's slogan since the first day's workout and an unusually good game is promised local fans in Alpine Saturday.

The Bucks have already played their first game of the season, losing to the Del Rio eleven last Saturday to the tune of 13-0 and their prongs are expected to be felt in their attempt to come out on top in their tilt with the local lineup tomorrow.

The tentative lineup is as follows: James Daniels, r. end; Ray Qualtrough, r. tackle; Lowery Stradley, r. guard; O. T. Schupbach, center; Wm. Lea, l. guard; Jack Laughlin, l. tackle; Andrew Henry, l. end; Charles Robertson, quarterback; Jack Hayre, l. halfback; Archie Milam, r. halfback; and Ernest Farley, fullback.

While the team isn't of the best variety, the average weight is 163 pounds, and Coach Smith predicts bright prospects for a successful season for his boys.

(Editor's note.—While any athletic team may win without the aid of the sidelines, no individual player likes the idea of playing a game for empty bleachers, or for the "folks back home," when they could be and should be right there with the boys helping them to fight for their school's honors. It is the duty of every high school boy and girl to attend every game, if possible, whether it be played at home or elsewhere.)

E. H. McCreight and Bro. Take Over Management Of Marathon Oil Station

Prince Dishman, manager of the local Marathon Oil Company station, relinquished his interests last Wednesday to E. H. McCreight of Del Rio, who will continue to maintain the same high grade washing, greasing and tire repairing that Mr. Dishman carried on.

Mr. McCreight comes to Sanderson well recommended by his friends in Del Rio and for his fairness in dealing with the public. A complete line of Marathon Oil products will be carried in stock at all times, as well as facilities for washing and greasing cars and repairing tires in the best possible manner and quickest service.

Mr. Jack M. McCreight, brother of the new manager, will assist in the operation of the station.

Both of the brothers will move their families here from Del Rio in the near future.

THE MACHINE AGE APPLIED TO CRIME

Methods Employed by Criminals Demand New Police Methods, Bankers Association Official Declares.

USE by criminals of modern technological developments such as automobiles, machine guns and airplanes have given them advantages which old-fashioned local and disconnected police systems are powerless to combat and the situation demands the broader modern protection of State police systems. James E. Baum, deputy manager American Bankers Association in charge of its crime investigating department, declares in the protective section of the American Bankers Association Journal.

"The Association's Protective Committee has repeatedly urged the advantages of extending state police systems beyond the nine eastern States which have enjoyed this protection for many years," Mr. Baum says. "The time has passed when we can safely rely upon the disconnected and oftentimes ineffective methods of local and county police. The advent of automobiles and better roads, to say nothing of machine guns and airplanes, demands the same wide latitude in authority and field of operation be given the police no less than the criminal."

Statewide Police Plans Best He quotes a Kansas judge as saying that "our system of sheriffs and constables was not designed to meet present-day conditions. As a system of law enforcement, it is as out of date as old common-law pleading, both evolved about the same time. The semi-military, highly trained State police officer owing allegiance only to State laws, is the most effective agency for order yet brought forth."

"Every year the robbery experience of banks in the nine States having State police proves the merits and urgent need of State-wide police protection," says Mr. Baum. "Last year, for example, there were 25 bank hold-ups in Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, Rhode Island and West Virginia where State police forces are operated," he continues. "Although this total is exceptionally high due to an unprecedented number of robberies in New Jersey and Pennsylvania, it is little more than half the number of daylight bank robberies suffered in 1930 in Illinois alone. Furthermore, this total of 25 robberies in the nine eastern States was exceeded in California, where there were 42 bank holdups, and in Ohio where banks suffered 40 similar attacks."

Holdups Fewer Under New Plan "If we extend the comparison of the robbery experience in these States enjoying State-wide police protection to the record in eight central and far western States, we find a total of 204 bank holdups in the latter group. The odds, therefore, continue to be not less than 8 to 1 against the banks in these western States, where they are denied the speedy, coordinated action of State police and their modern means of transportation and communication. The same comparison holds true of the farmers' losses through robberies of livestock, poultry, produce, etc."

"Moreover, these State police forces invariably yield an operating profit in the amount of fines collected and the value of stolen property recovered. Bankers interested in cutting down the cost of robbery insurance might well consider this job of extending State police systems as a timely, co-operative service to be undertaken alongside the farmers."

Mr. and Mrs. Jim Mitchell were in Monday from their ranch shopping and visiting with friends.

When you or your friends or relatives make a trip or come to town, be thoughtful enough of them to give us a ring. Call 39, the Times Office.

Mr. Will Savage and Mr. W. C. Vaughn were elected church deacons Sunday and it is hoped that they will accept this office.

Methodists Set Aside Benevolences Service

Ten years ago the general board of Lay Activities of the Methodist Church, South, began the organization of a movement among laymen to raise in each local church the general and annual conference budget benevolences in full.

The laymen of New Mexico Annual Conference were the first to reach the goal set for them.

The quarterly conference of the local Methodist church recently set aside the time of 11 a.m. Sunday Service Sunday, October 11, as the Annual Laymen's Benevolences Service.

RESOLUTION

Inasmuch as God, in his infinite wisdom, has called to the home above, the mother of our Sister, Sallie Adams, be it resolved that we, the members of Sanderson Chapter No. 136, O. E. S., extend to her our love and sympathy—

She is not gone forever, but before, to that wonderful land of peace

Where Angels play the whole day long and our worries and troubles cease.

There flowers bloom and strange birds sing, and golden is the strand; There's no pain, nor toil, nor death in that eternal land.

Be it further resolved that a copy be sent the bereaved sister, a copy spread on the minutes, and one published in the Sanderson Times.

Many a "wise" person has gone down trying to remember what it was he did or didn't do to make a success of his life.

Football Down South

Don Zimmerman, star halfback of the Tulane university (New Orleans) football team, gets a good workout despite the warm weather and tosses a few forward passes to get the arm in shape. The players reported for their first workout attired in light shorts, and comfort was paramount as the boys went through their paces.

Burning Subject

We don't know; but we suppose that when a minister starts discussing the modern trend in styles he takes his text from Revelations—Life.

Of course, Rev. 12:1—"A woman clothed with the sun."

What better scriptural authority for the "sun-lan back?"—The Churchman.

Notice of Reward Offered

A reward of \$250 is hereby offered for information leading to the arrest, conviction and sentencing of any person found stealing sheep or goats from ranch properties of the undersigned. A suspended sentence of a court will not entitle any informant of the benefits of this reward.

"Why My Next Car will be A FORD"

WHEN you buy a Ford there are two things you never have to worry about. One is reliability. The other is long life.

Here's an interesting letter from a Ford owner in North Carolina:

"My Ford was purchased May 8, 1928, and has been run 121,767 miles. It has never stopped on the road for repairs of any kind whatsoever except punctures.

"The brakes were relined at 101,000 miles. My gas mileage averaged 21 miles to the gallon, and on tires, 19,000 miles per tire. I travel over all kinds of road conditions—mountainous and flat.

"I consider this a wonderful record and I assure you my next car will also be a Ford."

This is just one of many tributes to the reliability and long life of the Ford. A Ford owner in Iowa tells of driving his Ford 73,000 miles in a single year. Another writes of 120,000 miles of good service.

Think ahead when you are considering the purchase of an automobile and consider what it will be like after thousands of miles of driving. Will you still be satisfied? Will you still say "it's a great car"?

If it's a Ford, you know everything will be O. K. It will be taking you there and back in good style, just as it has always done. And you will have saved many important, worthwhile dollars in cost of operation and up-keep and low yearly depreciation.

Princess Announces Program for Coming Week

Two famous newspaper comic strip heroes figuratively reach out over their pen-and-ink boundaries and shake hands in "Skippy," the Paramount talking picturization of Percy Crosby's famous syndicate feature which will show at the Princess Theatre tonight, Friday, September 25.

Donald Haines, who first won cinema recognition in a comedy series based on "Smitty," is cast with "Skippy" Jackie Cooper, as the freckle-faced son of the town dog-catcher. He disports himself chiefly at the expense of Cooper and Robert Coogan.

Haines has appeared recently in "Our Gang" comedies, Daphne Pollard comedies, and has also worked in a series known as "Nick and Tony."

Mitzi Green and Jackie Searl are other well known little stars to have parts in the picture, co-directed by Norman Taurog and David Burton.

"Let 'er buck!" That's the spirit of Hoot Gibson's newest Western special, "Wild Horse," which will be shown at the Princess Theatre Saturday.

Highlights of the picture are a battle between real wild horses, the thrills and danger of subduing a mankiller, the excitement and color of a great rodeo, and Hoot Gibson in the role of a likeable, human "show hand."

As Jim Wright, rodeo rider, Gibson shows the horsemanship which made him the world's champion at Pendleton, Oregon. In his usual modest, ingratiating way, he breezes from incident to incident, catching and taming wild horses, saving a girl from a murderous mankilling horse, and winning the rodeo only to be jailed on the charge of killing his own partner—a complication which later provides more of comedy drama and thrills.

Peter B. Kyne's Cosmopolitan Magazine story is well constructed to grip and hold audience attention

COST OF AN EDUCATION

By THOMAS ARKLE CLARK, Dean of Men, University of Illinois.

A magazine of standing published recently an article from a father of three children, all of whom are in college. In which a strong protest is made against the increasing cost of education. The writer claimed that what was true of his children could be said of the average young person going to college in the representative institutions of the country.

Briefly, he complained that to send his three children to the institutions which they were attending was costing him, conservatively speaking, \$4,500 a year; and this amount is exclusive of vacations and a number of additional expenses.

I am quite sure that the average cost of an education in the representative colleges of the country is far less than this man alleges, and should be. Evans has just finished his junior year in the college with which I am associated. He graduated four years ago from a small high school in a country town. He is the oldest of three children, his father having a clerical position which does not pay him as much a year as the complaining father mentioned above spent annually on each of his children.

Evans was out of high school a year working and saving his money before trying to enter college. He got a job at college, which enabled him to earn his board; and during his short vacations at Christmas and Easter he earned enough to pay his fees. He has held a good position each summer; he has been economical; he has found a position in college for the last two years which pays him fifty dollars a month. He dresses well because he takes care of his clothes. He has the social life which one finds in a fraternity. He has made scholastic honors every year. He has had a pleasant social life. He has done what other boys do; and he told me not long ago that during his three years in college he had cost his father but two hundred dollars. Not everyone could do what he has done, though scores do but not everyone spends fifteen hundred dollars. A college education costs about what one wants to make it cost.

all the way. Direction by Richard Thorpe and Sidney Algier has told the story in a straightforward, believable manner, without obvious heroics, and is a thoroughly commendable way of handling an action picture.

On next Monday and Tuesday the main attraction at the Princess will be a talking version of Peter B. Kyne's renowned story of the South Seas, "Never The Twain Shall Meet", in which Stanley Howard portrays the role of a white man who believes he can love and bring back to civilization a native South Sea Island maid. The story is picturesque in every detail with a setting located in the islands in which Howard goes to live.

William Powell is cast in the leading role of "Man of the World," an all-talking picture which comes to the Princess next Wednesday and Thursday, September 30 and October 1. Powell radiates his widely known acting ability in his role of the society man who "makes the rounds."

Willie's Sense of Humor

"What time does the next train come in?" asked Willie, aged six, of the rural station agent.

"Why, you little rascal, I've told you five times before that it comes in at 4:44."

"I know it," replied Willie, "but I like to see your whiskers wobble when you say '4:44'."

A Swell Dump

The tenderfoot in the Western town asked for coffee and rolls at the lunch counter. He was served by the waitress, and there was no saucer for the cup.

"What about the saucer?" he asked.

The girl explained: "We don't hand out saucers no more. We found, if we did, like's not, some low-brow would drift in an' drink out of the saucer, an' that ain't good fer trade. This here is a swell dump."

A young man just out of college sought the advice of a hard-headed and successful business man. "Tell me, please, how I should go about getting a start in the great game of business."

"Sell your wrist watch and buy an alarm clock," was the laconic reply.

"What we want is a candidate who isn't too radical nor too conservative—in short, a middle-of-the-road man."

"Then Jones is your man; he's been a bus-driver for years."
