SANDERSON, TEXAS, FRIDAY, NOVEMBER 13, 1931.

NO. 36.

Frazier Installed As Commander of Local Legion Post

New Members Added At Meeting; Post Is Very Active.

Tip Frazier, well known ranchman and ex-service man, was installed as Commander of the Clarence Hallie Mulkey Post, No. 160, of the American Legion in this city at their regular monthly meeting which was held last Thursday evening at the Court House. Other elected officers installed at this time were: C. V. McKnight, vice-commander; D. L. Duke, finance officer; F. L. Burnside, service officer; M. F. Bodkin, sergeant-at-arms; W. C. Vaughn, post historian and P. J. Holman, chaplain. Al Creigh was appointed as adjutant and installed at this time.

The new commander, Tip Frazier, has been an active member of the post since its organization over a year ago. He is of the most popular and hard, earnest worker in the post and at all times has the interest of the post at heart.

The local post is one of the most active as well as largest post between San Antonio and El Paso. They now have an active membership of over fifty-nine members with several new members coming in at the last meeting.

C. A. Wilburn, retiring Commander, has been untiring in his efforts during his term of office to better and further the cause of the Post. He has been a capable commander and has ever pushed forward the ideal and principles of the American Legion.

At their meeting last Thursday night the Post decided to sponsor another dance which will be given at Thanksgiving time and will be on Wednesday evening, Nov. 25th. Good music from Del Rio has been secured and the dance will be at the C. A. C. Hall.

On Armistice Day the Post sold poppies and a sum of about \$20 was realized from the sale.

DEER SEASON OPENS MONDAY

Large Number of Hunters Expected to Invade Big Bend Territory.

Local hunters and sportsmen are getting their guns in shape and all ammunition and provisions ready and by Sunday they will be on their way for a deer hunt. The deer season opens next Monday, September 16, and will close on November 30. Only one black tail or mule deer can be killed this year.

The season also opens on wild bear on Monday and closes on December 31. The quail season will not open until December 1 and will close on January 16. During this season only 12 quail may be killed in one day and not over 36 in one week.

Every year there are numbers of hunters that pass through here going into the Big Bend in search of the elusive, fleet footed deer. This year will probably be no exception although more and more ranchmen are each year posting their land against hunting or trespassing of any kind.

ARMISTICE DAY OBSERVED

Armistice Day was quietly observed here Wednesday most all business firms closed their places of business for the day and the school granted a holiday. No special program was held that day, however, the American Legion joined in a program that was given Thursday evening at the High School Auditorium. Several classes of students among the school had a picnic.

The bank, post office, barber and tailor shops, Cooke's Market and Sanderson Mercantile were among the firms that closed their business places so that their employees may fittingly observe the day.

Mr. and Mrs. C. L. Sims were San Antonio visitors the first of the week.

STATE FIGHTS BITTERWEED

Building Being Erected At Experiment Station; Federal Govt. to Aid in Work

Work has begun on the building to be erected at the Ranch Experiment station between Sonora and Rocksprings. The structure, which will be of concrete and will consist of a laboratory and two residences for employees, is being erected by J. D. Westbrook.

The building will be dedicated to the eradication of the bitterweed. The contract was let for \$12,117 and laboratory will cost about \$3,000, leaving an additional \$4,000 or more to be used by field men.

The Texas Legislature appropriated \$20,000 emergency sum for the extermination of the bitterweed, a poisonous range plant which kills many sheep in West Texas each year. The federal government will send three scientists to study the range menace when the buildings have been completed. The three buildings are being erected near the main plant of the experiment station.

The war against the bitterweed, instituted last winter, led to a number of conferences in which range leaders took a part. Finally, the legislature was persuaded to appropriate the sum.

It is expected that the work on the bitterweed station will be completed within 45 days. The committee that let the contract consisted of Judge J. A. Whitten, chairman of the State Livestock Sanitary Commission, W. H. Dameron and A. B. Conner.

Terrell county is very fortunate in that there is no trace of the bitterweed to be found in any part of the county.

Eagles Claw Tails Off Del Rio Kittens Here Last Saturday

12 To 6 Victory Accorded Eagles When Gains Get Too High for Del Rio 11.

The Eagles put the Del Rio Kittens down for a 12 to 6 count here last Saturday. Del Rio won the toss and chose to kick. Laughlin received the kick off on his own 19-yard line and returned to the 27-yard line. On first down the Sanderson line opened a wide gap at center and Milam plunged for 8 yards, Robertson made 1 yard at left tackle, passing to J. Daniels for 12-yards and first down. Sanderson lost 10 yards on bad pass from center. Hayre hit left guard for no goal. Robertson punted to Del Rio's 30-yard line. Del Rio no gain. At end of the first quarter the score was nothing to nothing and Del Rio had been penalized 5 yards for off-side and had made 2 yards at right end. With the ball in Sanderson's possession Robertson punted 35 yards for no return. Del Rio's pass at this point was knocked down by Laughlin. Del Rio punt blocked by Schupbach and it was Sanderson's ball on their own 45-yard line. From then on it was a tussle and at the end of the first half the score stood: Sanderson 6, Del Rio 0.

At the beginning of the third quarter Del Rio kicked off. Hayre received the kick on his 20-yard line and returned 17 yards to the 37 yard line. From then on till the end of the game the ball in Sanderson possession most of the time with both sides fighting and each making and losing ground. The final score was: Sanderson 12, Del Rio, 6.

Sanderson gained 227 yards from scrimmage and Del Rio gained 121 yards from scrimmage. Nine first downs were made by Sanderson and six by Del Rio.

The Alpine Bucks will come to Sanderson on Friday, 13th, the game being scheduled for 4 o'clock. And right now, even if it's Friday the 13th, the Eagles are not superstitious and hope to come out winners. Lets have every one out that can possibly be there.

Help our boys win another game.

(Continued on Back Page)

Italy Buys Sister Ship of the DO-X

Here, looking strangely out of place among the gondolas and other craft in the Grand canal, Venice, is the DO-X II, the first of two flying boats bought from the Dornier works of Germany by the Italian government. It is a sister ship of the huge plane that recently came to the United States via South America.

Sanderson Faculty To Attend State Teachers Meeting

Amarillo to be Host to State Meeting Thanksgiving; Fine Program Arranged

Texas State Teachers Association will hold its annual convention in Amarillo November 26th to 28th. Our local schools plan to give both Thursday and Friday of that week as holidays in order that any teachers wishing to attend this meeting may do so, without being absent from school. A large per cent of the faculty is making preparations to attend this meeting.

There are a number of things that one will get by attending this meeting other than the programs, the social contacts, new enthusiasm and general professional enlargement. For one thing, the teachers of East and South Texas will get the idea of the bigness of the state, the variety of its climate, the diversity of its wealth, the vastness of its natural resources, the multiplicity of its problems, the complexity of its social and economic life, the quality of its people, and the number, nature, and progress of its institutions.

Amarillo herself is a city of exceptional attractions. Her business district is modern and progressive. Her school system is up-to-date in every respect, is splendidly housed, and will contribute much to the success of the meeting.

Some of the outstanding personalities of the day who will be heard at this meeting are: E. E. Oberholtzer, superintendent of schools, Houston; Miss Florence Hale, president of National Education Association, and State Rural School Supervisor, Augusta, Maine; Miss Sarah M. Sturtevant, Prof. of Education, Teachers College, Columbia University, New York; and Mr. Faustin Wirkus. The Famous Cowboy Band of Simmons university will be an outstanding feature on the program of a number of the different assemblies.

LEASES RANCH

M. H. Goode, Jr., who has been ranching north of Dryden for the past two years or more has given up his ranch that he leased and will on January 1 take possession of the Charlie Chandler ranch on Independence. Mr. Goode has leased this ranch from Mr. Chandler at a price of 40 cents an acre for two years with a privilege of releasing for three years at the close of the first lease.

Mr. Chandler has purchased the R. A. Serna ranch in the Chisos Mountains near Marthon and this week he and his sons have been busy getting their stock together and are moving to the newly purchased ranch. Purchase price of the ranch was not made public.

DELINQUENT TAX LIST

A list of Terrell county taxes that are delinquent for 1930 is published in this issue of the Times and will be published for 3 consecutive times. The list is a complete record and is an unusually long one.

LARGE CROWD HEARS SPECIAL PROGRAM TUES.

Students and Citizens Put On Program In Observance of Armistice Day.

American Education Week was appropriately observed this week by our public schools when on Tuesday evening at the High School Auditorium a very entertaining as well as educational program was put on by the students of the school. In addition to observing Educational week, Armistice Day was also observed by the program being very appropriate to the occasion.

Each and every number on the program was good and each student and citizen taking part on the program did their part well. Following is the program given: Musical number, band; "Purpose of American Education Week," Miss Corinne Fox; Drill—students from first, second, third and fourth grades; "What the Schools are Helping America to Achieve Through High Ideals of Character and Home Life," Mrs. Will Savage; Play, "Betsy Ross"—students from the fifth, sixth and seventh grades; "Citizenship," Lowry Stradley; Reading, Nell Lea; Song, Boys Glee Club; "Over There"—Alfred Creigh, Jr.; Girls Glee Club.

The general topic for American Education Week was "What the Schools are Helping America to Achieve" and each day this week different phases of this subject was taken up.

Thursday was visitors day at the school and that afternoon at the High School Auditorium a program was given, exhibits and special display of class room work was made in the different rooms and those who visited the school on that day were given an opportunity to see what the students are doing.

THOUGHTS FOR THE WEEK

THE LEVER THAT MOVES THE WORLD

Despotisms flourish in the darkness of illiteracy. Democracies thrive only in the sunlight of universal education. Citizens should not think of the public schools as something that takes care of itself. They must think of the public school as a priceless possession of which the citizen must take good care. If Americans ever grow lax in their resolve to make the public schools great and vital, they will be on the road to making America itself less great and vital.

J. W. Scott and mother, Mrs. E. Scott of Toyah, visited Mr. and Mrs. Clyde Morris this week.

J. E. Yates of Alpine was a business visitor in the city several days this week.

Basket Ball Girls Win From Comstock

Teams Tie for Honors; Local Team Maintains Lead Throughout Game.

On Friday, Nov. 6, Sanderson High School basketball girls defeated Comstock High 11-3. The game throughout was played in Sanderson's territory but due to a small outdoor court the scoring was low. Effective guarding by Dorothy Sullivan, Rena Dunn, Lorene Lock and Mildred Appel was evidenced by the fact that Comstock was able to secure only one field goal, and that was during the first quarter. During the last half Comstock was unable to score.

Beatrice Nichols, at tip-off center, had little difficulty in delivering the ball to her running mate, Ellen Appel. Only in the forward zone was Sanderson matched. The floor work of Comstock's guards was good, but not strong enough to keep Sanderson from securing and maintaining a lead throughout the game. The Sanderson girls used as forwards were: Martha Stradley, Lillian Halley, Floriene Thompson and Flora Wyatt.

The game Friday left the two teams in a tie for honors. Comstock earlier in the season defeated the local high school girls. The series is to be continued when Comstock comes here for a game on December 5.

FORMER CITIZEN RUNS FOR CONGRESS

Joe Kerr received a telegram the first of the week from V. I. Cargile, former resident of this city but who now resides in Houston, telling of his announcement for Congressman at large.

Mr. Cargile is well known in this city having been a resident here several years ago. At that time he was employed as salesman at the Kerr Mercantile and also at one time was Justice of the Peace of this precinct. For the past year he has been selling fire insurance, having his headquarters in Houston and being with the firm of Cravens, Dargan and Company, insurance agents.

He is a brother to our fellow townsman, W. C. Cargile and since leaving here has visited in the city at various times.

LEO F. HEISLER TO SING AT METHODIST CHURCH SUN.

Mr. Leo F. Heisler will render a special vocal solo at the 11 a.m. worship service at the First Methodist Church on next Sunday, Nov. 15.

Leave your subscription at the Times office for the San Angelo Standard or Times.

J. L. Trent of Fort Stockton was a business visitor in the city Tuesday.

Mr. and Mrs. F. L. Burnside were business visitors in Del Rio Tuesday.

Mrs. C. L. Sims has as her guests her niece, Miss Mamie Reece of Gregory, Texas, and Mrs. J. F. Whately of San Antonio.

BOY BREAKS ARM

While playing football at his home last Sunday afternoon, little Al Creigh fell and broke his left arm. Following examination by a local physician, the break could not be located. That night Mrs. Creigh carried him into El Paso where on Monday an X-Ray was made and it was discovered that it broke his elbow. Latest reports from the little fellow's bedside are to the effect that he is getting along nicely.

Mr. and Mrs. A. M. McCright of Anson, Texas, arrived Thursday last week to visit their sons and families, Jack and E. H. McCright. They left Tuesday morning for Lamesa to visit their son and daughter there before returning to their home in Anson. This being their first visit to Sanderson they were well pleased with our city and the hospitality shown them while visiting here.

Interesting Meeting of Parent-Teachers Association Is Held

Delegates to State Convention Selected; New Constitution Adopted.

Parent Teachers Association met in regular session at the High School Auditorium Thursday afternoon at 4 o'clock. Mrs. A. P. Utterback, president of the local organization, presided at the meeting. As an opening feature of the program the Band played two numbers. Following this, attention was given to business items. The minutes of the last executive board meeting were read and approved. A report was made from the treasurer, Mrs. Milam. It is of interest to note that the proceeds of the Hallow'en Carnival sponsored by the P. T. A. last week amounted to \$119. This was quite a boost to the funds of the treasury. The committee appointed sometime ago to draw up a new constitution, reported that the new set of laws was ready to be presented to the house for acceptance or rejection. The constitution was read by Mrs. H. D. Johnson, secretary, and it was voted that these laws be adopted. The committee, having served its purpose in drawing up this document, was then dismissed.

It was with much regret that the House accepted the resignation of Mrs. Thrift, who has served most efficiently in the capacity of third vice-president. This vacancy will be filled at the next executive board meeting.

The organization extended to the Ways and Means Committee a rising vote of thanks for the splendid work they did in reimbursing the treasury.

As yet, no room mothers have been elected for this year, and in view of that fact, teachers were asked to conduct the election or room mothers sometime before the next meeting of the organization, and report the names of these mothers at that time.

Concerning delegates to the meeting of the Texas Congress of Mothers and Parent Teachers Association Mrs. O. H. McAdams, Mrs. McKee and Mrs. A. P. Utterback were selected to represent the organization at this important meeting.

All business matters having been attended to, the program was turned over to Mrs. Hardgrave who was the leader. Several songs were sung by the group. A most interesting talk was made by Mrs. Medlin. The students of the fourth grade gave a drill which was enjoyed by all.

It has been decided that at each meeting a picture will be presented to the room that has the best representation. At this session, the 4th grade had the largest representation and to this class was presented the picture. The 4th grade goes to keep this picture only until the next meeting when it will again be transferred to the class with the largest representation. The picture presented was "Sheep—Spring," and is one of Mauve's best known works.

This concluded the program for the afternoon. The next regular meeting will be held at 7:30 o'clock on Thursday evening, December 10, at the High School Auditorium.

DAYLIGHT ROBBERS CARRY OFF SAFE

Longview Store Source of Bold Daylight Robbery

Tom Landers, manager of the East Texas Salvage Company in Longview, Texas, suffered the loss of between \$450 and \$500, when on Sunday, Nov. 1, his small safe was carried from the store bodily and hauled away in a truck.

Landers was in the store at 11 a.m. and saw nothing awry. He went again at 3 p.m., found his safe gone, a bar sawed from the rear window, and his rear door open, with signs clearly indicating that the safe was rolled to the rear door, hoisted aboard a truck backed up to the store rear and hauled away.

Mr. Landers is the son of our fellow citizen, J. E. Landers. In a letter to his father this week, Mr. Landers stated that he had \$150 in checks and the valuable papers that were in the safe returned to him, but as yet no trace has been found of the safe.

A GOOD NAME

IN THE LONG RUN the average opinion of the people with whom a man lives will be a pretty accurate description of his real character. If I want to know who you really are, let me go around in your community and ask your friends, your neighbors—yes, even your enemies, if you have any—just what kind of a man you are.

Popularity rises and falls as the years go by. A man may stand well in his community for a while and then something happens. He takes an unpopular side of some great civic or moral question and he loses his popularity. Then this may pass away and his former popularity comes back.

On the Sunday of his last week Jesus entered Jerusalem in triumph with everybody crying, "Hail to the King." On the Friday the mob looked on Him suffering on the Cross and mocked and reviled Him. Later on the world came to look upon him as the Jews did on that Palm Sunday.

I knew a preacher whose wife told me he was the best man in the whole world. There was some excuse for her making this statement, for she had only been married just one week. Others spoke about this husband and said he was not worth the powder to blow him up.

When William Jennings Bryan ran for president in 1896, he was a citizen of Lincoln, Nebraska. When the election returns came in he failed to carry his precinct, his ward, his city and his state. On the day of his funeral the whole city mourned the loss of one whom they called their greatest and best citizen.

So I maintain that "in the long run" the average opinion of a man's neighbors, friends and enemies, if he has them, in the community in which he lives is a description of his real character. A man's character is what he really is and his reputation is what the community thinks he is.

All set. Let's get a good name.
L. C. E. C. Clemens, in Journal Chronicle, Owatonna, Minnesota.

Our School—Its Service To Our Community

THERE ARE SCHOOLS in this country that do not represent the Utopia seemingly imagined by some educational enthusiasts; yet the severest skeptic will admit that great progress has been made in educational lines in the last few years.

One of the objectives of the public school has been attained when the school can render to the community some definite service aside from its regular academic work. The Sanderson Public School, in offering a free night course for those interested in commercial work, is launching an undertaking that proves to meet the needs of a great many people in the community.

In sponsoring the night school, the Board of Trustees and the school officials are striving to serve the interests of the community that supports the school and to render a service to those who are interested in commercial work.—Contributed.

Homer (Coon) Chandler, who has been in San Antonio for several months, returned to his home in Dryden Tuesday.

Starting work in a new mineral crystal plant at Mineral Wells develops the interesting fact that during the past year the crystals have found a ready sale to the extent of a half million pounds at a dollar a pound.

The New Braunfels cotton mill, which was recently bought by New Braunfels citizens in order to insure its continued operation, is now being operated as a locally owned concern.

Taking a Drink

This is one of the six photographs which will compete in November in Geneva, Switzerland, for \$100,000 in prizes to be distributed for the best amateur photographs from all over the world.

THIS AND THAT
By JIMMINY

With Al Capone in "cold storage" for a while; the oil situation under control of grizzled, "battle-scarred" General Jake Walters, well in hand; the state assembly out of session; cotton tentatively regulated, and the governor of Louisiana off the front page for three days in a row, these are hard days for screamer headlines in newspapers.

Perhaps it was for that reason that one of the great news-gathering agencies undertook a survey of the South's business to determine whether or no we will make it this winter.

Startling revelations were made in the report of this survey, one of which was that our place in the economic picture is assured. We are going to "rise and walk"—or run, if that's the better term. We are going to do things; in fact, we are already doing things.

Operations have been resumed in large Southern cotton mills, which have been idle for some time; others are expanding their plants and improving efficiency methods preparatory to resuming operations. Immense quantities of cotton are being bought and stored by cotton manufacturing concerns; exports of cotton are increasing. The outlook is much more brighter for the farmers today than it was a few weeks ago.

One of the best signs that we are going uphill again is seen in the report of an observer in a large Texas city. He reports that a Scotchman gave his seat on a street car to an elderly woman last week. People are loosening up; they have stopped hoarding. The Scotchman got off at the next stop, however.

But, better than all of this is the encouragement found in the fact where we were averaging 25 bank failures a week a few weeks ago, we are doing well now to average one a day. And that's hardly enough to worry about—unless you happen to get caught in one that crashes.

Corpus Christi reports preliminary work starting on the first \$10,000,000 unit of the Southern Alkali Corporation's chemical plant.

With that thoroughness with which we set ourselves to prepare for a long war, now let us prepare the way commercial peace, to the successful elimination of those factors which have caused the present debacle in trade. Let us think less of our own wounds and more of the hurts of others.

If prosperity is to return it must be prepared for now.

When a plague is imminent and when it is likely to descend upon us, we do not sit down patiently to await its coming. We take steps to prevent and minimize. Why, then, should we not follow the same precautionary measures in respect to trade?

Let us quit the depths of despair for the pedestal of high hope and think Prosperity.

Instead of unworthy and apathetic acceptance, let there be rough and rude denial. In that way lies the road to the prosperity of past years.

In Shipping Deal

Kermit Roosevelt (above) is one of a group of men who have formed a big shipping combine announced in San Francisco. The others are R. Stanley Dollar of the Dollar Steamship company, Herbert Fleishacker of San Francisco, Paul Chapman of the United States Lines, and John M. Franklin of the International Mercantile Marine.

BREVITIES

Developments of the past week indicate that Texans will play important roles in the Democratic organization of the Houses. It is now reasonably certain that Congressman John Garner will sit in the speaker's chair. Of even greater importance, however, is the fact that Congressman J. J. Mansfield is quite certain to be chairman of the powerful Rivers and Harbors Committee. Mr. Mansfield is the Godfather of the present marvelous development of Texas rivers and harbors.

At the Corpus Christi convention of the Intracoastal Canal Association, Executive Vice-President Roy Miller told the delegates the major part of the work upon the canal would be completed in two years.

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(CIA)

DENTON, Tex., Nov. 12.—Cold weather is here and during November many families will dress and cure their own meats. Some of the more perishable parts will have to be taken care of at once and these are often neglected because of their small size. Many of these parts are purchased in city markets as delicacies and with proper attention and details the farm housewife can get variety in her menu at small cost.

The use of the tongue, heart, kidneys, liver, sweetbreads, and brains give variety to the menu. These organs furnish just as good food as the usual cuts of meat, and are frequently cheaper. The method of cooking depends upon the compactness and toughness of the organ. Brains, sweetbreads, and liver from young animals are cooked just enough to remove the raw appearance and to develop flavor. Liver from older animals, heart, and tongue require long, slow cooking in moist heat. Spare ribs and backbones may be used with starch foods and vegetables (turnips and carrots) in interesting and economical combinations.

MENUS

- Breakfast:** Stewed apricots, rolled oats, sugar and cream, toast, coffee.
- Dinner:** Stuffed calf's heart, hot muffin's, cabbage, salad, raisin pie, coffee.
- Supper:** Broiled sweetbreads with cream gravy, toasted muffins, oatmeal-nut cookies, hot chocolate.
- Breakfast:** Puffed rice with top milk, brains with scrambled eggs, toast, coffee.
- Dinner:** Baked beans, brown bread with butter, lettuce salad, canned pears, ginger bread, coffee.
- Supper:** Hot sliced tongue with raisin sauce, graham bread, jelly.

Exam for Indian Reservation Dairyman Now Open

WASHINGTON, D. C., Nov. 9.—The United States Civil Service Commission has announced that until November 26 it will accept applications for the positions of dairyman and assistant dairyman in the Indian Service.

The entrance salary for dairyman is \$1,860 a year, and for assistant dairyman, \$1,500 a year.

These examinations will be held in and for the following states only: Arizona, Colorado, Idaho, Kansas, Minnesota, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, and Wyoming.

Certain specified education and experience in one of the states named are required.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city or from the United States Civil Service Commission, Washington, D. C.

... SUCCESSFUL HOMEMAKING
By RUTH MAVIS STONE

FIND SOFT WHEAT BREAD REAL "STAFF OF LIFE"

Breads and biscuits made from self-rising soft wheat flour contain more of the essentials of the balanced diet than bread made of any other flour. This is proved by a recent experiment conducted by the National Soft Wheat Millers Association.

Sixty per cent of the experimental diet was bread—self-rising flour biscuits made with water, self-rising flour biscuits made with whole milk, yeast bread made with water, yeast bread made with whole milk, commercial white bread and commercial whole wheat bread.

The increase in weight of the subjects used in the experiment showed greatest with self-rising flour biscuits made with whole milk; second, self-rising flour biscuits made with water; and on down in the following order: commercial white bread, yeast bread made with whole milk, commercial whole wheat bread, and yeast bread made with water.

The balanced diet demands three main elements: the right kind of protein, vitamins A to F, and certain minerals. Of the minerals, the following nine are necessary: sodium, calcium, phosphorus, sulphur, potassium, magnesium, iron, iodine and chlorine.

Three of them, sodium, calcium and phosphorus, are introduced into soft wheat by the millers at the time of milling. The resultant flour, self-rising flour, therefore, contains these three important mineral agents for bone development and growth, in far greater proportion than other flours in commercial use.

THE SIMPLE LIFE

By THOMAS ARKLE CLARK
Emeritus Dean of Men,
University of Illinois.

Doc was polishing up my dental machinery and putting in new parts and getting everything in good shape and proper working order. Doc is a philosopher, and while he has my mouth pried open so that he may more easily and efficiently do his work, he regales me with his opinions of life in general. I am, of course, in no position to reply.

He has just bought a new motor car, high powered, easy riding, simple to operate, and he is advising me to do the same thing. The price is moderate, he assures me, which naturally makes the prospect more alluring. He tells me about a wonderful trip he had last summer, and then he drifts to the complicated character of life as we live it now in civilized North America. Everything moves fast, everyone is trying to outdo his neighbor. We wear ourselves out in trying to get at the head of the procession which, no matter how rapidly we go, always seems to keep ahead of us. We are never at home, never quiet, never satisfied. Life seems to grow more involved and more complex every year.

It was not always so. When we were young we had time to stay at home, time to sit and talk with our friends without likelihood of interruption, time to read, and, if we were so disposed, time to meditate. Doc thinks he would keenly enjoy the simple life. He has been reading recently the story of how people live in some of the South Sea Islands. The climate is equable, there is no frost in winter and in summer the waters of the Pacific washing the shores of the islands keep them refreshingly cool and pleasant. It is a wonderfully simple life and as one views it in prospect it seems to bring complete relief from the complexities with which we are harassed in this Twentieth century.

I'm wondering if we would like it after all. Perpetual sunshine might grow monotonous. We would probably lose our appetite for breadfruit. We'd long for new clothes and motor cars and movies and electric lights, and all those things. Maybe life might be too simple.

Ranger Archie Miller and Mrs. Miller spent several hours in the city Wednesday enroute to Del Rio where Mr. Miller will be stationed.

Mrs. Lee Cook and children have returned from Austin where they have been visiting relatives the past several months.

Mr and Mrs. Bynum Shaw, who ranch in the Bullis Gap country, were visitors with Mrs. O. T. Schupbach Wednesday.

Mr. and Mrs. Tip Frazier and children were in town Wednesday from the Mansfield ranch shopping and visiting relatives.

STUFFED CALF'S HEART

Soak the heart to draw out the blood. Rinse and wipe dry. Brown the heart in two tablespoons of fat in a frying pan and remove to casserole. Fry a slice of onion in the fat. Add salt, pepper, and paprika to one cup of fine bread crumbs. Mix with onion. Stuff the heart with this mixture. Surround with strained tomato juice and bake until tender—from one to two hours.

BROILED SWEETBREADS

Soak sweetbreads in cold water a few minutes. Remove membranes. Simmer ten to fifteen minutes in salted water to which a few drops of vinegar or lemon juice have been added. Blanch by plunging into ice water. Then split the sweetbreads; sprinkle with flour, salt, and pepper, and dip into melted butter. Broil until golden brown; turn constantly. Serve with cream gravy.

BRAINS SCRAMBLED IN EGGS

Soak calves' brains 1 hour in cold water. Remove the membrane and parboil 20 minutes in salted water to which a little vinegar or lemon juice has been added. Drain and separate into small pieces. To 4 eggs lightly beaten, add 4 t of milk. Salt and pepper to season, and 1/2 c of brains. Scramble in a small amount of bacon drippings. Serve with toast or hot biscuit.

BOILED TONGUE

Simmer a fresh beef tongue until tender in water to which one slice of onion, one t salt, and 1/2 t whole peppers have been added. Remove skin and trim. Cut diagonally into slices. Serve hot with brown, tomato, or raisin sauce.

Cold tongue is delicious served with mustard or pickle sauce.

POTPOURRI

Head Bumps

Phrenology was originated by F. J. Gall early in the Nineteenth century. He believed that men with certain prominences of the skull possessed definite qualities to a marked degree. He classified individuals with regard to their skull formation after studying hundreds of cases of a given group, such as poets, musicians, etc. One authority has said "the whole system is a tissue of baseless assumptions."

Pat James, who has been visiting his brother, C. F. James and wife, for the past several months, left the first of the week for his home in Flora, Mississippi.

Vernon Buchanan was a business visitor in Del Rio Monday.

XMAS CARDS!
FOR ALL OCCASIONS

The lines we carry are from recognized and well-known engraving houses of the Southland. No better and newer styles are to be found than those contained in our showing of the latest designs, both in cards and type. We cordially invite your inspection of this high-quality engraving before placing your order for Christmas Cards. If you find it inconvenient to come to The Times office to inspect our line of cards, just call No. 39 and we'll be glad to bring samples to your home.

THE SANDERSON TIMES

ON TEXAS FARMS

By W. H. DARROW
Extension Service Editor

In Polk county 76 4-H club girls have supplied their families with fresh vegetables from their club gardens all year, and 55 of them report having canned more than 3,000 quarts of fruits and vegetables for home use.

From one-third of an acre Mrs. S. H. Gwyn, Midland county home demonstration club woman, has sold \$175 worth of grapes above her own home needs.

With milk selling for 26 per pound butterfat, M. R. Franks of Levita community, Coryell county, has been selling his wheat at the rate of \$1.65 per bushel and his sheaf oats at \$2.65 per hundred when fed to his dairy cows. He is a dairy herd demonstrator working with the county.

Farmers in two communities under the Cap Rock in Garza county have stopped jack rabbit ravages on crops by putting out strychnine and salt in the ratio of 1 to 20. Co-operators with the county agent report killing as many as 225 rabbits with four ounces of this mixture, properly used.

The unbearable noise caused by the scampering of rats in the barn has changed to an unbearable odor of dead rats, according to a farmer in Salem community, Gonzales county, who participated in a rat poisoning campaign directed by the county agent. Barium carbonate was used with meal, oatmeal and flour in the ratio of one to five, and red squill with salmon in the ratio of one to sixteen.

One brood sow made more money for H. T. Brode of Lewisville, Denton county, than three acres of watermelons, so he is preparing fall pasture for an increase in his hog business. Of eight pigs farrowed he sold six for \$30 and saved two for meat.

Mrs. C. L. Van Cleave spent the week-end in Del Rio as the guest of her sister, Mrs. Lawson.

JUST RECEIVED—A complete line of Engraved Christmas Card catalogues. Call 39 and we'll be glad to bring you samples.

NATIONAL BROADCAST FOR COLLEGES

Saturday night at 9 p. m. Eastern Standard time, 8 p. m. Central time, representatives of the Liberal Arts College Movement will put on a program in the interest of the small church colleges all over the land. President Hoover will make a ten minute address followed by short talks by Dr. John H. Finley, associate editor of the New York Times, Dr. Robert L. Kelly, Executive Secretary of the Association of American Colleges, Mrs. Thos. J. Preston (widow of Grover Cleveland), and others.

Miss Kathleen Sullivan has returned from a visit with her sister, Mrs. D. T. Southall and family and Misses Eline and Mabel Zuberbueher at Comstock.

Mrs. Jack Ivy of the Big Canyon Ranch, has returned from a short visit with relatives in London and Junction.

The Greatest Name In Flour!

"Kitchen-Tested" for Every Kind of Baking

Each batch of Gold Medal "Kitchen-Tested" flour must measure up to certain high standards of baking quality in the "Kitchen-Testing" laboratories of the Gold Medal factories. Experts are employed to conduct these experiments with every batch of flour that leaves the mills—thus assuring you excellent results with your pies, cakes, breads, etc.

There is no need of having but one kind of flour in your kitchen when you use Gold Medal "Kitchen-Tested".

List of Lands and Lots Delinquent on March 31, 1931, for Taxes of 1930, in Terrell County

Reported in Compliance With Provisions of Chapter Ten, Revised Civil Statutes of 1925.

THE STATE OF TEXAS, COUNTY OF TERRELL.

I, Lee A. Cook, Tax Collector of said County, do hereby certify that the land and lots listed on the following nineteen pages and assessed on the tax rolls of said County for the year 1930, are delinquent for the taxes of 1930, and that the herein taxes listed were unpaid at the close of March 31, 1931, and that in accordance with the provisions of Article 7263, R.S. 1925, I am entitled to credit for the same as uncollected taxes in my Annual Settlement closing with said date.

LEE A. COOK, Tax Collector.

CERTIFICATE OF COMMISSIONERS' COURT

THE STATE OF TEXAS, COUNTY OF TERRELL.

In the Commissioners' Court: We certify that we have examined the following nineteen pages of Collector's report of lands and town lots assessed on the Tax Rolls of Terrell County, for the year 1930, the taxes of which are unpaid, and find the same correct, and that Lee A. Cook, Tax Collector, is entitled to credit for the taxes shown thereon, as follows, to-wit:

Table with 2 columns: Tax Type, Amount. Includes State Ad Valorem Tax (\$6,382.26), State Poll Tax (102.00), State Penalty and Interest, Total State Taxes (\$6,484.26), County Ad Valorem Tax (\$6,474.70), County Special Tax-Road (1,849.91), County Poll Tax (17.00), District School (6,012.28), Total County Taxes (\$14,353.89).

Given in open court this the 23rd day of April, A. D., 1931.

G. J. HENSHAW, County Judge. W. E. STIRMAN, J. C. MITCHELL, R. E. FRED.

Attest: County Commissioners of Said County. F. L. BURNSIDE, County Clerk.

Main table listing land and lot owners, including names like Avilez, Carrino, Ballez, Benito, Barksdale, Roy, Gatlin, R. M., Henshaw, G. J., Johnson, C. A. & wife, Benavides, Blas, Bishop, Leo & wife, and Nichols, J. D. & wife. Columns include No. Abst., Cert. No., Surv. No., Original Grantee, No. Acres Ass'd, No. Acres Delin., Total Taxes Not Including Penalties, and Total Taxes including Penalties.

EVENTS OF SOCIETY

ALPHA DELPHIANS MEET

The Alpha Delphian Chapter of the Sanderson Culture Club will meet at two o'clock. The subject for the afternoon was, "The Music of the Sixteenth Century."

The following reports were given: leader, Mrs. W. E. Lea; Josquin de Pres and His Pupils, by Mrs. W. H. Savage; "Orlando di Lasso," Mrs. G. Mussey; "Palestrino," Mrs. Clyde Griffith; "Early Protestant Music," Mrs. G. Mussey; "The Chorale," Mrs. James Kerr.

FOOTBALL BOYS ENTERTAINED

Members of the football squads and their girls were honor guests at a party given last Saturday evening with Dr. and Mrs. A. P. Utterback as hostesses. The evening was spent in playing various games following which refreshments of doughnuts and hot tea were served. At a late hour the guests departed expressing to their hosts as having spent a pleasant evening.

NIGHT BRIDGE CLUB

Mrs. Clyde Griffith, assisted by her mother, Mrs. Annie Ware, entertained the members of the Night Bridge Club and a few invited guests at her home last Saturday night. Fall flowers were used in the decorations of the living room where the five tables of guests enjoyed the evening.

Mrs. R. S. Wilkinson made the high score for ladies and was given a pair of silk hose. A tie was the men's high score prize that went to Jim Nance. Miss Vanola Lane was the lucky winner of the cut prize, a set of tally cards and score pads.

Those who enjoyed Mrs. Griffith's hospitality were Mr. and Mrs. L. H. Lemons, Mr. and Mrs. Max Bogusch, Mr. and Mrs. W. H. Savage, Mr. and Mrs. R. S. Wilkinson, Mr. and Mrs. Jim Nance, Mr. and Mrs. A. E. Creigh, Jr., Mr. and Mrs. C. P. Peavey, Mr. and Mrs. S. E. Nelson, Mr. and Mrs. S. S. Daggett and Miss Vanola Lane.

CACTUS BRIDGE

Miss Willie Mae Green was hostess to the Cactus Bridge Club and a few invited guests at her home on Wednesday of this week.

There were four tables of players that enjoyed the afternoon playing bridge. Decks of cards were the prizes that were given. Mrs. Kendrick Harrell being the winner of high score and Mrs. Clyde Harrell the winner of second high score.

Those present were Mesdames J. C. Stansell, Wallace Henshaw, Jr., C. I. White, Frank Robertson, Clyde Harrell, Kendrick Harrell, S. C. Bodkin, H. E. Fletcher, Lucille Mason and Misses Louise White, Myrtle Harrell, Kathryn Sharp, Ruth Smith, Mary Alice Happle, Kathleen Sullivan, and Johnnie Duke.

Assisted by her mother, Mrs. J. C. Green, the hostess served mince pie with whipped cream and coffee. Plate favors were poppies.

CULTURE CLUB TO MEET

The regular monthly meeting of the Sanderson Culture Club will be held next Friday, Nov. 20 at the home of Mrs. J. H. Lochausen. Assisting Mrs. Lochausen in entertaining will be Mesdames H. D. Johnson and Ira Deaton. Mrs. H. E. Medlin is the leader of the program which will be on "Missions."

AUXILIARY OBSERVES PRAYER WEEK

The Woman's Auxiliary to the Presbyterian Church observed the week of prayer and self-denial for Home Missions on Tuesday, Wednesday, Thursday and Friday of this week. A chapter each day was given from the study book, "Imperative of Home Missions." The leaders for each day were Mesdames J. H. Lochausen, W. H. Savage, John Stovell, P. J. Holman, D. A. Pollard and John V. McCall.

Mrs. A. P. Utterback attended the convention of the Texas Congress of Parents and Teachers which was held in San Antonio this week. Mrs. Utterback is president of the local Parent-Teachers Association and went as delegate from here.

Mrs. Clyde Deaton and daughters of Del Rio spent the week end in the city visiting her mother, Mrs. W. R. Ellis.

HUGE TASK IN DROUGHT AID MET BY RED CROSS

Relief Given to Distressed Helpless in Meeting Serious Situation, Chairman Payne Says.

"The year of the great drought," as these past twelve or more months will be known to future generations, wrought great damage to millions. Not alone did the crops, which were burned in the fields in twenty-three states, in the summer of 1930, deprive several million persons of food, but the drought disaster continued in the summer of 1931 in the northwestern states, and also brought other minor catastrophes in its wake, such as forest fires, and the grasshopper plague.

More than a year has elapsed since the American Red Cross launched, in August, 1930, its first moves for relief of the drought-stricken farmers, and in that time more than 2,750,000 persons were given food, clothing, medical aid, shelter or other type of assistance. At no period during this year were there fewer than 70,000 persons being aided and at the peak of the relief work on March 1, last, more than 2,000,000 persons were being helped.

Today, still as a result of the drought, the Red Cross is giving extended relief in parts of North Dakota, Washington and Montana, where resources of hundreds of families were wiped out this past summer, when a second and more severe spell of dry weather was prolonged in that region.

This drought relief presented the greatest task that has ever been undertaken by the Red Cross as a peace-time activity. The Mississippi Valley flood of 1927, while more spectacular, and calling for relief of a costlier type, because homes and possessions were swept away, affected hardly one-fourth the number of people who suffered because of the drought.

In addition to the broad program of drought relief still being carried on, John Barton Payne, chairman of the American Red Cross, has given the following suggestion to Chapter chairmen in regard to unemployment relief: "Where there is suffering and want from any cause and the fundamental local needs are not being met, Chapters may participate in the community plans for meeting the need."

Some type of general family relief, whether for the drought victims, the unemployed or the war veteran and his family, were carried on by more than 3,900 Red Cross Chapters last year, Judge Payne said.

"The drought relief work of 1930-31," he added, "the relief now being extended following last summer's drought, principally in Montana and North Dakota; the assistance which is being given to ex-service men and their families; and the part which several hundred Chapters are taking locally in their communities' relief measures are activities of the Red Cross, national and local, which have met and are meeting some of the serious needs of the present situation."

GABBY GERTIE

"It's always a sleuth with a roamin' nose that follows a cent wherever it goes."

Miss Clara Shurley who has been visiting in Los Angeles, Calif., came in last Friday morning and is now visiting her sister, Mrs. Joe F. Brown at the ranch.

POSTED NOTICE

Smart Fur Coat

For the youthful girl there are fur coats of sports patterns with leather trimmings and warm furry collars. The one pictured is of gray kidskin with a darker gray fur collar. Cuff and belt straps of gray leather give the right sport touch, while a plaid-trimmed hat and scarf set it off in a colorful manner.

Daphne Savage

Daphne Savage, of Norfolk, Va., who has been awarded the newly created Lou Henry Hoover scholarship in gardening, named in honor of Mrs. Herbert Hoover. It is a Girl Scout scholarship and the award was approved by the Woman's National Farm and Garden association. The scholarship is valued at \$500.

KEEPING UP WITH WEST TEXAS

A scenic drive in the Davis Mountains near Fort Davis is under construction to extend approximately seventy-five miles.

Radio broadcasting station, XER, in Mexico, just across the river from Del Rio, the strongest in power on the North American continent, was opened recently, the Del Rio Chamber of Commerce having charge of the initial programs.

One oil refining company is spending one hundred and fifty thousand dollars in improvements at McCamey, Texas.

Enrollment at Sul Ross State Teachers College, Alpine, Texas, equals that of 1930 for the same month.

Five hundred acres of cantaloupes will be planted in the Fort Stockton area next year as an experiment.

A trainload of calves was shipped from Marfa, Texas, recently to Virginia points.

Hansford and Wheeler counties in the Texas Panhandle recently had highway contracts let aggregating over two hundred thousand dollars for new constructions.

The hide of cattalo—cross between a buffalo and cattle—is a prized possession of the Panhandle Historical Society, Canyon, Texas.

West Texas counties won the first three places in county exhibits at the State Fair of Texas this year. They were Eastland, Randall and Hartley in the order named.

Amarillo's eleven thousand families own nearly four thousand radio receiving sets.

RATTLE OF THE RAIL

Fireman J. H. Acosta has been assigned to the extra board at Del Rio.

Fireman J. P. Boatwright of Del Rio is now working out of here.

Fireman M. Harrell made a visit to El Paso Tuesday.

Engineer R. R. Allen came down from El Paso Monday for service on the extra board here.

Engineer S. E. Petersen went to Del Rio Sunday for medical treatment.

In addition to my Ready-to-Wear and Hats, I have a line of novelty gift goods for bridge prizes and Christmas gifts.

MRS. P. F. ROBERTSON. 36-3tc.

STOCK NEWS

Last Friday, Alexander Mitchell shipped from here seven cars of calves. These calves were purchased by a Commission firm and were sent to Wichita, Kansas.

Four cars of cattle were shipped out of here last Friday by F. C. Whitehead. Mr. Whitehead shipped these cattle to Comstock where they will be placed on range to fatten.

F. C. Whitehead shipped out of here last Friday 32 cars of lambs which were consigned to the feed pens at Emporia, Kansas.

On Tuesday of this week Carl Cochran shipped out 2 cars of lambs where they will be put on feed at Prospect, Mo.

E. F. Measles and Co. of Del Rio shipped out of here Tuesday and consigned to the feed pens at Pearson, 20 cars of lambs.

SCENIC BORDER MOTOR COACHES

W. R. Painter, Owner. General offices, Uvalde, Texas. Daily cars from Del Rio to Van Horn connecting to El Paso and points west; also, connect at Del Rio for Uvalde, San Antonio and all points East.

Reduced fares now in effect. For information, call Sanderson station: Loma Alta Cafe, Phone 96. -34-tfc.

Announcements

FOR CONGRESSMAN AT LARGE V. I. CARGILE, Houston, Texas.

Epworth League Social To Be Held Saturday Eve.

The Hi-Epworth Leaguers will be the special guests of Rev. and Mrs. B. M. Stradley to a social at the parsonage Friday evening, November 20, from 7:30 to 10 o'clock.

The social committee of the Hi-Epworth League has arranged for splendid entertainment, program of games, and fun.

Refreshments will be served. All Epworth Leaguers who attend the Sunday evening Epworth League services are invited.

Football

(Continued From Page 1.)

They have not lost a game on the local field and we must help them keep a clean record.

Come out and watch the blocking that is done by our strong line and the interference by our backs and you will see how it is possible for our ball carriers to make the gains they do. Watch the line work Friday and you will get the most out of the game.

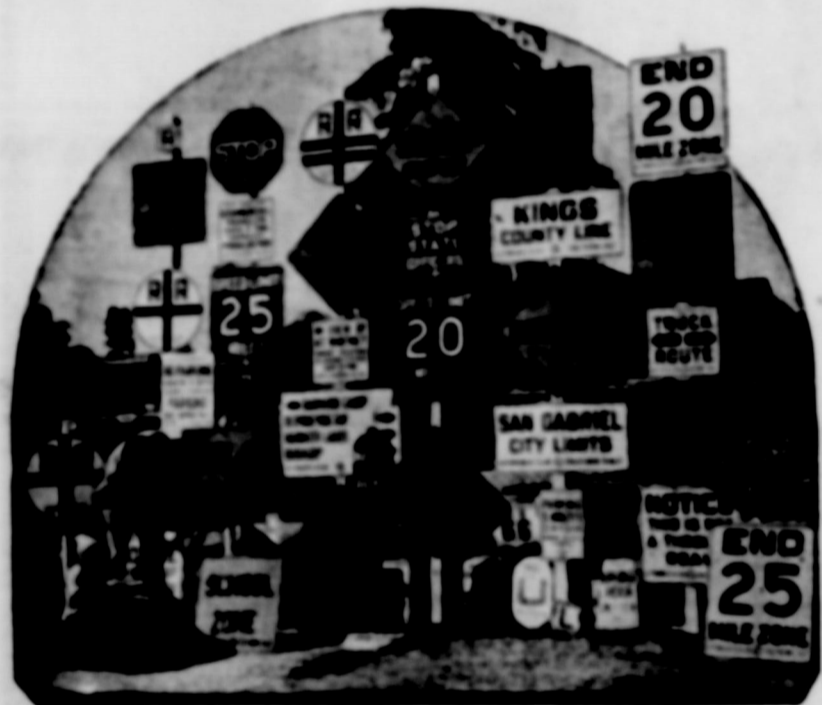

BRIDGE CARDS

I have the agency for a nice line of the latest in bridge cards, over twenty different designs, including monogram and initial cards.

An ideal Christmas gift and prices are reasonable.

Jerry Bell, phone 174

Looks Like a Motorist's Nightmare

A quarter of a million highway traffic signs have been erected by D. C. ("Dusty") Rhodes during the twenty years he has had charge of the sign posting work of the Automobile Club of Southern California. There are now 64 varieties of signs in the state. More than half are caution signs, including warnings of hospital zones, railroad crossings, fire stations, city limits, slow bridges, winding roads, slippery surface roads, pedestrian crossings, one way street flashers, etc.
