SANDERSON, TEXAS, FRIDAY, JANUARY 29, 1932.

NO. 47.

SHARP CASE SET FOR MONDAY

BLAME FIREBUGS FOR DESTROYING PRESIDIO'S SPAN

Santa Fe Bridge Over Rio Grande Razed By Flames

Special Correspondence.
PRESIDIO, Jan. 25 — American and Mexican authorities are investigating the fire which early Sunday virtually destroyed the Santa Fe Railroad's international bridge over the Rio Grande here. Officials on both sides of the river expressed the belief the fire was incendiary.

Twelve bents of the bridge on the Mexican side and 20 on the American were burned. The eight untouched were near the center of the structure.

The span was built in 1930 at a cost of approximately \$250,000. It closed the gap between the Santa Fe lines in Mexico and Texas. When the bridge was opened, the event was celebrated with a joint barbecue for the towns of Presidio and Ojinaga, Mexico, and an excursion from San Angelo to Chihuahua City.

Most persons in Presidio turned out to fight the flames, but they were hindered by poor facilities. The structure was considered an almost total loss, as the steel and iron work over the burned bents will have to be replaced.

TEAMS READY TO COMPETE IN TOURNAMENT

Arrangements for the Sanderson Annual Basketball Tournament are nearing completion. Teams from San Antonio to El Paso have been invited to participate in this tournament, and a much larger group is expected this year than was here last year. Fort Stockton, Alpine Marfa, Marathon, McCarney, Rankin, Comstock, Eagle Pass, and others, have already made definite arrangements to participate. Both boys and girls teams will enter from Rankin and Comstock, and it is probable that both boys and girls from Del Rio will enter. It is of interest to note that Eagle Pass is one of the strongest teams in the Winter Garden District, and at the present time is undefeated by any team of the Winter Garden League. Such teams as this one will furnish plenty of strong competition, which will help to prepare the various teams for the district tournaments that will follow soon after this meet.

Tickets for the Tournament are now on sale. Season adult tickets are \$1.50, season student tickets are 85 cents, and tickets for the individual games will be 25 cents and 50 cents. Approximately 12 of 15 games will be played, so for the person who wishes to see the major portion of the games a season ticket is much more economical.

Sanderson Parent Teachers Association will serve lunches in the High School Cafeteria Friday from 11:30 to 7, and on Saturday from 11:30 to 2. These meals will be served at reasonable rates, and they are being served not only for the participants of the tournament, but the town people as well.

ALPHA DELPHIAN MEET

The Alpha Delphian chapter met Wednesday afternoon for the study of the musicians, Handel, Haydn, and Mozart.

The following program was given: Story of Handel's Life, Mrs. Clyde Griffith; His Oratorios and Operas, Mrs. W. H. Savage; The Life and Work of Hayden, Mrs. Jim Kerr; Mozart, the man and the musician, Mrs. G. Mussey.

Mrs. Clyde Deaton spent the week end in Del Rio.

Sues For Million

Here is Mrs. Sol Elisha with material evidence in the form of baseballs that she should sue the owners of the Beaumont baseball club for \$1,000,000 because her house was a target for wild hit balls and her ears were struck by profane words that came from the field where the Beaumont Exporters practiced. Mayor Emmett Fletcher of Beaumont is one of the owners of the club and one of the six business men against whom the suit is filed.

SECOND SCHOOL TERM STARTED LAST MONDAY

First Semester Exams Held The Past Week In Local Schools

This week began the second semester of our school term. Tests were given Thursday and Friday of last week throughout both the Grammar and the High School. Tests in the High School covered the work that has been completed since the beginning of school, while in the grades test covered only the work of the last six weeks. Report cards were given out Wednesday. Some failures were recorded but on the whole, students seem to be doing good work. For students who need outside help teachers are always glad to give extra time, so if your child's grades are low, cooperate with his teacher in helping him bring that grade up, and then check his work often to see that he does not fall down again. The names of students who fail each week are turned into the office of the Superintendent, each Monday morning, so by calling there you can see whether or not your child is doing satisfactory work.

OLD FASHIONED MUSICAL GIVEN

The old fashion musical program sponsored by the Parent Teachers Association at the High School Auditorium last Tuesday night, was well attended and apparently greatly enjoyed by all. Instrumental music was furnished by Rogers' Fiddle Band; Mr. Rogers and Lee Hardgrave playing the violins, Mrs. Rogers the ukulele, Mr. Hennings the bass violin, and Mr. Haynes the guitar. Vocal music was furnished by Mr. McAdams, Mr. Sessoms, and Mr. Duke. The program composed of both old time and popular music. Judging from the encoring Red Wing, Catfish Whiskers, Yes Sir, That's My Baby, Missouri Waltz, Turkey in the Straw and Sweet Jennie Lee were the favorite numbers.

It is hoped that another such program like this will be sponsored again in the near future, and that a larger crowd will see fit to come out and enjoy an evening of good entertainment.

BIG BEND ENJOYING RANGE SALE REVIVAL DUE TO RECENT MINING RUMORS

Patented lands with sound titles bordering the Rio Grande in Presidio and Brewster Counties are being purchased without inspection by out-of-state parties at \$1.75 to \$2 an acre, the highest prices in several years, reports Joe D. Jackson, Alpine Ranchman.

The lands lie below the Grand Canyon of the Rio Grande, are rugged land for the most part unfit for livestock raising. Tracts of 5,000 to 20,000 acres, some extending back from the river for 20 to 30 miles, are being acquired. In most instances payments have not been made but the deals are nearing consummation.

The Big Bend is known to be rich in minerals and the possibilities of petroleum and of irrigation are believed to be added inducements. Quicksilver has been mined near Terlingua for many years and four mines in the area are active now. One, the Waldren, has 4,900

to 6,000 tons of cinnabar on hand. Parts of the Big Bend are as fertile as the lower Rio Grande Valley, producing cotton, wheat and other crops, but the present cultivated acreage is small. The largest agricultural area is near Presidio and Wayne Cartledge and Jim Sublett have farms at Santa Lena in Brewster County below Terlingua. They sell most of their wheat to Mexicans across the river.

Extension of the Santa Fe from Alpine to Presidio, where a connection is made with the Orient of Mexico, solved the transportation problem for the upper half of the Big Bend but the tip of the Big Bend remains almost 100 miles from the nearest railroad point accessible by road, Alpine, on the Southern Pacific.

Mr. Jackson reported that 400 to 500 men with 100 teams have started work on the 75-mile scenic highway through the heart of the Davis Mountains.—Del Rio Evening News.

ATTENDS DELCO LIGHT MEETING HELD IN EL PASO

New Plant On Market For Latest Thing In Rural Electrification

A new Delco-Light plant, which opens the way to electrical service for thousands of farms and ranches, was announced at a meeting of Delco-Light men at El Paso, Texas, last Thursday, according to Chas. Chambers local dealer who attended the session. Mr. Chambers whose headquarters are at Alpine, Texas, says that the new Delco-Light is the most advanced step taken in rural electrification since the invention of the first individual power and light plant nearly 16 years ago.

The new equipment, which is manufactured by the Delco Appliance Corporation, subsidiary of General Motors, at Rochester, N. Y., in appearance is vastly different from any other plant in the field. It is more compact, more pleasing from the artistic standpoint and improved from every standpoint. Mechanically, all the best features of former plants have been retained, with improvements made where tests showed them advisable, says C. C. Whistler, manager, Delco-Light products division of the Rochester factory. Bearings are built extra heavy and the lubrication has been designed to keep a constant oil flow to all moving parts.

Months of experiments in the Delco Appliance Laboratories in Rochester and in actual operation in the field have added many refinements to the new plant. In the Laboratories, artificial weather, ranging from below zero to summer heat, has tried the performance of the new plant. Then, to be sure of satisfactory operation under various climatic conditions, experimental plants were installed in New York, North Carolina, Louisiana, Colorado, Missouri and Minnesota.

Nearly 375,000 Delco-Light plants have been put in service since the first one was installed nearly 16 years ago. They are in service from the frozen arctic to the seething tropics of central Africa.

Word received from Mrs. W. Laughlin who underwent a major operation at Kinney Sanitarium in San Antonio last Friday is that she is doing nicely and will soon be able to return home. Her many friends here are glad to hear this glad news.

Mrs. Myrtle King and daughter Zena of Uvalde, are visiting in the home of Mr. and Mrs. Terry Beckett.

BORDER PATROL SERVICE IS TO FACE CHANGES

Southern Boundary To Be Directed From El Paso Office

WASHINGTON, Jan. 22—Closer centralized control of the land Border Patrols in an effort to prevent alien smuggling and other illegal crossings is being undertaken by the immigration bureau.

Secretary Doak has directed George J. Harris, assistant immigration commissioner, to go to El Paso to direct Border Patrol activities from the Pacific ocean to the tip of Florida. Harris has been stationed in Washington. He will be director for the Mexican border, gulf and Florida district.

This is a new title but department officials said no new job was being created.

The Border Patrol heretofore has been operated by supervisors.

Many changes amounting almost to a reorganization of the field service are under way, but Secretary Doak declined to give out the list at this time.

One of the more important changes is the transfer of C. Arthur Palmer, district director of immigration at Spokane, Wash., to Chicago, where he will have charge of a large section of the Northwest and the Canadian border. He succeeds Shirley D. Smith, who several weeks ago was sent to Salt Lake City to replace the late William P. Coyne.

Edward J. Shaughnessy, who has been assistant at the bureau here, has been promoted to assistant commissioner general to succeed Harris.

LIGHT DOCKET AWAITS COUNTY COURT MONDAY

A very light docket faces County Judge G. J. Henshaw in the February session of County Court which begins here Monday morning February 1st. A total of 12 cases are on docket with six of them criminal. All the cases are ones that have been continued from time to time for various reasons. Most all of these cases on the criminal docket are for swindling by bogus check.

It is expected that at this term that Judge Henshaw will make some disposition of these cases.

Mr. and Mrs. Joe F. Brown and neice, Miss Clara Shurley, spent several days in town this week from the ranch. Mr. Brown was on the grand jury.

THOUGHTS FOR THE WEEK

WHAT IS HAPPINESS

What is happiness? It is not a thing that can be defined by mathematical formulas. Happiness is a quality and an attribute of the good life. It is as indefinable as health, as variable as speed, time, matter. It we want to know what happiness is we must seek it, not as if it were a pot of gold at the end of the rainbow, but among human beings who are living richly and fully the good life. Nearly every human being is looking for happiness. Nevertheless if you observe a really happy man you will find him building a boat, writing a symphony, educating his son, or growing double dahlias in his garden. He will not be searching for happiness as if it were a collar button that has rolled under the radiator. He will not be striving for it as a goal in itself. He will have become aware that he is happy in the course of living 24 crowded hours of the day.

FACULTY TO BE IN CHARGE OF P.T.A. MEETING

Next Thursday Is Set For Second Program Of The Year

Parent Teachers Association will meet at the High School Auditorium at the regular time, Thursday, February 4th, at 7:30 o'clock. The program for this meeting is to be arranged by the School Faculty. A number of important items are to come before the house, so all members are urged to be present.

On February 19th, in the High School Auditorium, at 7:30 o'clock a joint program has been arranged by the Parent Teachers Association and the Culture Club celebrating the Two Hundredth Anniversary of the Birth of George Washington. This is a program which should interest everyone, both old and young, because of the fact that it deals with one of the outstanding men of our country. A cordial invitation is extended to everyone to attend this program.

PAYMENT OF POLL TAXES ARE NORMAL

Only two more days remain in which those who have not paid their poll taxes will be able to do so in order that they may have a vote coming at the elections to be held this year.

Poll tax payment up to noon Thursday was about the same as last year. A total of 541 poll tax receipts being issued as against 539 last year.

Mr. Hunter, deputy tax collector, stated to the Times that he would be open Sunday as long as was necessary to take care of poll tax payment for those who wanted to pay their taxes.

A ruling issued Wednesday from the Attorney General's Department is that poll tax receipts issued on Sunday is legal.

MONTHLY STEWARD MEETING

The regular monthly meeting of the board of Stewards of the Methodist Church will be held Tuesday evening, February 2, at the Kerr Hotel from 7:30 to 8:30 p. m.

MANY CASES ARE DISPOSED OF IN DISTRICT COURT

Woman Held In Poison Plot May Get Hearing Monday

NO INDICTMENTS

Special Veniremen Called; Most All Civil Cases Disposed Of

The regular term of District Court opened here Monday morning with a very light docket. With only eight criminal cases and an equal amount of civil cases not much court has been held. At 10 o'clock Monday morning the grand jury was empaneled as follows: Albert Appel, Ben Gilbert, C. V. McKnight, O. H. McAdams, R. H. Murrain, Justin Canon, A. F. Buchanan, Joe Brown, C. M. Breeding, Robert Duncan, B. C. Farley and Roy Hurst.

Grand Jury Report

After being in session all of Monday and up to noon Tuesday the grand jury adjourned and made the following report to the Judge: The Honorable Joseph Jones, District Judge.

Your Grand Jury for the January term, 1932, of this court, begs, to leave to submit its final report. We have been unable to find and return any Bills of indictments, not having found any felonies committed in the county upon which we could secure sufficient evidence to warrant an indictment.

We point with pride to the fact that during the past six months in a county situated such as is Terrell County, that there have been no offenses committed in the county of the grade of felonies upon which, after diligent effort, we could find testimony sufficient to warrant bills being returned.

We have called before our body a number of witnesses solely for the purpose of running down rumors which reflected against citizens of the county, but after diligently running down said rumors we find nothing to them, and we hope that our effort will silence the same.

We have found that misdemeanors occurring in the county which have been very few during the past six months, have been diligently and properly handled by the local officers.

Respectfully,
R. H. Murrain
Foreman of the Grand Jury.

Civil Cases

A civil case of importance disposed of on Tuesday, appearance day of court, was that of W. J. Banner vs A. K. Bouse, et al, trespass to try title, wherein judgement was awarded plaintiff as prayed for in his petition. Wednesday the divorce case of Iva Chandler Nutt vs Happle E. Nutt was tried and Mrs. Nutt was granted a divorce and her maiden name restored. The following civil cases were continued on the docket until the next term of court:

Mrs. Nellie Nance Davis vs Ben F. Davis, suit for divorce.

W. F. Lindsey vs Kenneth Wooley et al suit on contract for debt and foreclosure of laborer's lien.

Antonio Barron vs Fred L. Howard, suit for damages.

Levi Garrett Turner et al vs J. C. Turner suit for partition.

Sam Bell vs A. E. Montgomery, writ of injunction.

Tol Murrain vs Walter Stansell, writ of injunction.

Criminal Cases Set

The criminal docket has been set for Monday morning at 9:30 o'clock at which time the case of The State of Texas vs Bessie Sharp will be called for trial. The defendant is now and has been in jail since last May; an indictment having

Advertising Rates Furnished Upon Request

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect, and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

A trade publication states that according to Bradstreet's report for 1930, 95 per cent of all business failures were non-advertisers. One does not hesitate a minute about insuring his home or place of business, but how about the business itself? The successful business man is the one who goes after business, the failure is the one who sits around and waits for business to come to him.

Eugene T. Giering, Editor of the Wilkes-Barre (Pa.) Record, says: That loyalty to one's community means much more than a spectacular display of the virtue without the spirit to apply it in a substantial way.

WHEN THE PAPER DOESN'T COME

My father says the paper he reads ain't put up right. He finds a lot of fault, he does, per- uain' it all night. He says there ain't a single thing in it worth while to read. And that it doesn't print the kind of stuff the people need. He tones it aside and says it's strictly on the bum-- But you ought to hear him holler when the paper doesn't come. He reads about the weddin' and he snorts like all get out. He reads the social doin's with a most derisive snort. He says they make the paper for the women folks alone. He'll read about the parties and he'll fume and fret and groan. He says of information it doesn't have a crumb-- But you ought to hear him holler when the paper doesn't come. He's always first to grab it and he reads it plumb clean through. He doesn't miss an item or a want ad--this is true. He says they don't know what we want, the darn news paper guys. I'm going to take a day sometime an' go an' put 'em wise. Sometimes it seems as though they must be blind and deaf and dumb. But you ought to hear him holler when the paper doesn't come.

God never made His work for man to mend.--Dryden. Great deeds cannot die: they with the sun and moon renew their light forever, blessing those that look on them.--Tennyson.

A wise man is one who so lives that he has enough laid by for an auto tire when the old one blows out.--Palestine Herald.

Being in the pink is dangerous, if we can believe the toothpaste ads.--Mineral Wells Index.

In smoking there's no waist, so the ads say.--Corpus Christi Caller.

BREVITIES

Decision in the injunction suit to test the state's cotton acreage law is expected this week. Many have expressed the opinion that the law will be invalidated. But whatever happens to it, it is quite possible that the farmers will follow their usual custom of planting whatever they think best. With about 26,000,000 bales of cotton on hand now, it is reasonable to believe that farmers are planning to raise feed and food, to give more attention to milk cows, hogs and poultry. And it's not going to be necessary to pass a law to make them do it.

Failure of the Texas legislature to reapportion the congressional districts so as to create three new districts allowed by the 1930 census leaves to Texas voters the job of filling the three posts of congressman-at-large. About 50 candidates have signified their intention of making the race. The contest is expected to develop into a real free-for-all race. All that is necessary is to pay the filing fee and watch the returns. With so many candidates in the field, any man with a lot of "poor relations" can be one of the three win-ners.

THIS AND THAT By JIMMINY

Well, we have two important problems before us this year--the depression and Leap Year.

Leap Year dates back to 1288 when the Scotch parliament went haywire and passed a law wherein a man was fined one hundred pounds if he refused the young lady who asked for his hand in marriage--provided he wasn't already married of course.

Many are out of work this Leap Year and the young maiden who has a job should find no trouble in getting a mate. Rents are cheaper this year. Food is cheaper, and clothing is down considerably. It is said two can live as cheaply as one did five years ago. Be brave you girls who have jobs, men are starving.

For those men and women who work by the day, Leap Year means an extra day's pay. Those working by the month will give an extra day's work. Those who rent by the month will get an extra day's rent. Those born on February 29 will have a birthday this year.

Dr. Lewis Haney, director of the New York University of Business Research, says "it hardly seems reasonable that every American farmer and laborer must own and operate an automobile."

Dr. Haney is right; it does seem unreasonable that farmers and laborers have fought their way up to a place in the social structure of this country which gives them a right to acquire and enjoy some of the "luxuries of life." It is no longer a secret that the wives of farmers and the wives of workmen, have appendicitis and are operated on just like the "blue bloods." It hasn't been so many years ago that appendix operations were very exclusive and only the rich people could afford to have them. The poor people had to be contented with a "severe stomach ache."

There are a lot of other things these two types of citizens, referred to by Mr. Haney, have acquired in this machine age which Dr. Haney probably doesn't know about. It is quite possible that he would be humiliated if he were to suddenly discover that farmers and wage earners have modern bath tubs in their homes and take more than one bath a week. It's hard to believe Dr. Haney, but true nevertheless. It is called progress.

Dr. Haney should leave his desk in New York long enough to go into the country and make a few observations. Farm methods have changed a lot in the past 100 years. An automobile is just as necessary to the farmer in this era of high-speed production as any other piece of farm machinery, if he is to be successful in his business of producing and marketing farm products.

It is no more unreasonable for a farmer to have an automobile today than it is for him to have a wife and children.

Every farmer should have an automobile, and the prices he receives for his products should be high enough so that neither its purchase price nor upkeep will financially embarrass him.

Tired Eyes! The Cause Is Poor Lighting WHEN a child complains of sleepiness and asks if he can do his home-work in the morning, it isn't always because he dislikes to study. More often than not it's a sign of eyestrain. Caused by poor lighting. Oculists will tell you how true this is. It means that a child is slipping instead of forging ahead. Falling behind in his studies because improper lighting makes his eyes tired early in the evening. And why should any youngster lose his chance in life when good light for studying costs but a cent or two a day more than poor light? Let us show you how to light your home for your children's benefit and your own comfort. Or ask for a copy of our free booklet, "How to Light Your Home." There is no charge for these services. Wednesday February 3rd Prayer meeting at 7:30 p. m. at the church.

Tuesday February 2nd at 7:30 p. m. the Monthly meeting of the Board of Stewards.

7:30 p. m. Sunday January 31st. Preaching by the Pastor Subject, "The restoration of manhood" text Luke 8:35.

The young peoples quartet will render a special vocal number at this service.

From 7:15 to 7:30 p. m. we have a 15 minutes Song service which you will enjoy.

A Cordial invitation to all who do not regularly worship, and work elsewhere to come worship, and work for the Lord with us.

B. M. Stradley, Pastor.
L. A. Lowe, Church Treas.

BAPTIST

Last Sunday was one of the best days we have had since I have been pastor; two large and responsive congregations. Come Sunday praying that the Lord will be in our midst.

Subject for the morning hour: "The Safest Insurance Policy in the World." If you do not carry any Insurance hear this message; if you are Insurance poor this message will help you greatly.

Theme for Sunday night: "A Tribute to the Departed." Why do we wait till our friends and loved ones are gone before we give them flowers and words of appreciation. We will not have any flowers Sunday night. As the pastor eulogizes this person's life he will not preach him into heaven.

All the other regular services.
—Ira Harrison—Pastor.

PRESBYTERIAN

Sunday School at 9:45 a. m. Sims Wilkinson, Supt.
Preaching at 11 a. m. and at 7:15 p. m.

The Pastor will conclude the series of sermons on the Commandments, preaching on the tenth Sunday morning, "Praise the Lord" will be the subject of the night sermon.

The Bible class of the Auxiliary will meet with Mrs. Laurence at 3 p. m. Monday. Workers Conference will meet Wednesday at 7:30 p. m. to prepare for the Standard Training Class under the direction of Miss Kate Payne Owens.
—John V. McCall, Pastor.

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(CIA)

DENTON, Jan. 28—Canned foods have their advantages in convenience and economy, but, for excellence of flavor and certain health-giving qualities, the fresh product is much to be preferred. This applies to vegetables as well as fruits. We usually think that fresh, green vegetables are out of season in winter, but with our mild winters and excellent shipping facilities, it is quite possible to serve some fresh foods every day.

In the South there is no reason why this may not be practical. Our city markets when available show an excellent variety of these foods and in the small towns supply many of them. Cabbage, lettuce, celery, spinach, and cauliflower—these are the old stand-bys. In addition, others have become popular, either improved methods of production by improving the varieties or by and marketing. Beets, for example are used when young—before they become tough and strong floored. The same is true of carrots and kohlrabi.

Among the more recent additions to our fresh vegetable supply should be mentioned kale, endive, brussels sprouts, chinese cabbage, and broccoli. Some of these may be unfamiliar to many housewives but we suggest trying them. They make an excellent change and their use should be extended. Broccoli resembles cauliflower in form and has a pleasing blend of cauliflower and asparagus in flavor. It resembles the latter in color. It can be served in any of the forms of either such as creamed, scalloped, etc.

One of the great advantages of the fresh vegetables is the increased use uncooked salads, carrots, and spinach are good examples of our changing ideas in this regard.

MENUS

Breakfast: Grapefruit juice, shredded wheat, baked eggs, toast, coffee, milk.

Lunch or supper: Soup of brussels sprouts, cheese souffle, raw carrot salad, rye bread and butter, baked apples, tea.

Dinner: Veal loaf, baked potatoes, broccoli, rolls, fruit salad, apple pie.

Breakfast: Baked apple, oatmeal, sausage, muffins, marmalade, coffee, milk.

Lunch or Supper: Macaroni and cheese, string beans, rye bread, cabbage and carrot salad, cookies tea.

Dinner: Stuffed green peppers, mashed potatoes, buttered beets, rolls, raw spinach salad, fruit cup cake.

RECIPES

Soup of Brussels Sprouts: 1 qt. milk, 4 t butter, 4 t flour, 12 heads sprouts, 1 t grated onion, 1-4 t salt, pepper. Clean, wash, and parboil the sprouts, Drain and chop fine. Thicken the milk with the flour creamed into butter. Add sprouts, onion and seasonings, cook in a double boiler until the sprouts are tender. Or the sprouts may be cooked in a small quantity of water

and all added to the milk and served hot.

Broccoli: Wash and soak one bunch of broccoli in cold water for 1-2 hour. Boil in salted water and drain. This vegetable is excellent seasoned with butter, salt and pepper or creamed.

Spinach Salad: Wash, dry remove the large stems from spinach. Shred, add following dressing: 1-4 c pineapple juice, 1-4 c lemon juice, 1 t sugar, 1-4 t salt. To each individual salad add 1 t of dressing.

GOVERNMENT VACANCIES

The United States Civil Service Commission has announced open competitive examinations as follows:

Teacher of secondary English, 3,000 pesos to 3,200 pesos a year, normal school demonstration teacher, 3,000 pesos to 3,400 pesos a year, Philippine Service. The normal value of the Philippine peso equals 50 cents in United States money. Applications will be received until further notice.

Associate marine engineer, \$3,200 a year, assistant marine engineer, \$2,600 a year, Navy Department. Closing date, February 16, 1932.

Assistant dentist, \$2,600 to \$3,200 a year, Public Health Service. This examination is open to women only. Closing date, February 16, 1932.

Cytologist, 3,800 to \$4,600 a year, Public Health Service. Closing date, February 16, 1932.

All States except Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the apportioned department service at Washington, D. C.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

LIVESTOCK FEEDING INCREASES IN TEXAS

COLLEGE STATION, Jan. 29—Texas has nearly twice as many cattle feeders as a year ago and about 50 per cent more cattle on feed, according to January reports of county agents in 136 counties to A. L. Smith, livestock specialist in the Extension Service of Texas A. and M. College and the United States Department of Agriculture. In reporting feeding demonstrations underway agents reported also any cattle feeding in progress with which they are in contact in any way, and on this basis the figures show that 937 men are feeding 102,448 cattle as compared to 511 men feeding 70,805 head at the same time last year.

Comparable figures from last year are not available on lamb feeding but current reports reveal that 286 feeders with whom county agents are working in 51 counties have 187,534 head of sheep on feed.

Commenting on these figures Mr. Smith states that the apparent increased feeding in the face of a rather unfavorable outlook and on the heels of disappointing returns last year is an indication that farmers and others are turning more definitely to livestock feeding as a way of disposing of surplus feed. County agents are helping most of these feeders with rations and records in an effort to make livestock feeding one of the foundation enterprises on Texas farms.

PASTOR SAYS BEWARE OF THE CONCEPTION

Rev. B. M. Stradley pastor of the Methodist church in his Sunday morning message said: "Moral Law and Christian Ethics must rest, and can only rest on Religion. Our relationship to God, first in order of importance is Religion, My relationship to God, second the moral law the righteous regulation of my conduct, and third the ethical code, my relationship to my fellow man.

My righteous relationship to my fellow man, unless that be an outward expression of the inward workings of Grace will fall as the house built on sand, but my supreme aim is to do Gods will, and in this light my relationship to my fellow man be righteous then my house shall stand on the solid rock of eternity, and I have found in life the real spirit of the great command Whatsoever we do in word or in deed do all in the name of Jesus Christ, giving thanks to God, and the Father by Him.

EVENTS OF SOCIETY

MR. AND MRS. LEEROY GRIGSBY BRIDGE HOSTS

Last Saturday evening at their home Mr. and Mrs. LeeRoy Grigsby were host to several tables of bridge. There were twenty four guests assembled for the evening and enjoyed playing bridge until a late hour.

Mrs. Ben Pruett made high score for the ladies and H. E. Fletcher was the winner of the high score for men.

A plate lunch was served to the following: Mr. and Mrs. Jim Nance, Mr. and Mrs. C. P. Peavey, Mr. and Mrs. Max Bogusch, Mr. and Mrs. Clyde Griffith, Mr. and Mrs. H. E. Fletcher, Mr. and Mrs. L. A. Lowe, Mr. and Mrs. C. M. Breeding, Mr. and Mrs. W. H. Savage, Mr. and Mrs. W. H. Buchanan, Mr. and Mrs. Harry Newton, Mesdames Ben Pruett, D. A. Pollard and Mr. Tom Breeding.

MISSIONARY SOCIETY HAS SOCIAL MEETING

The social meeting of the Methodist W. M. S. was held at the home of Prof. and Mrs. Brannan. Mrs. Utterback was leader. Mrs. White and Mrs. Watts gave a dialogue entitled, "Arrethea Walker makes a call." Mrs. Medlin gave a splendid address on the life of Christ which was very interesting and enjoyed by all.

A delicious plate lunch was then served to the following guests by the hostess: Bro. and Mrs. Stradley, Mrs. Utterback, Mrs. Dan's, Mrs. White, Mrs. Doty, Mrs. Halsell, Mrs. Lattimore, Mrs. Brannan, Mrs. McSparren, Mrs. Medlin, Mrs. Grigsby, Mrs. Watts.—Reporter.

AUXILIARY MEETS

The Presbyterian Auxiliary had a splendid all day meeting in the home of the President Mrs. J. W. McKeel on Thursday.

The Mission study book was reviewed by Mesdames, N. E. Charlton, J. V. McCall, J. W. McKeel, Jesse Lochausen, W. R. Holland and Miss Clara Shurley. A light lunch was served at noon and a self denoting offering was taken for Foreign Missions.

ENTERTAINS WITH BRIDGE

Mrs. LeeRoy Grigsby was hostess to several friends when on last Friday afternoon she entertained with bridge at her home. Mrs. Jim Nance won a Roseville pottery bowl for making the highest score of the afternoon; Mrs. Clyde Griffith was the holder of the second highest score and was given a Roseville pottery vase.

The following guests enjoyed Mrs. Grigsby's hospitality: Mesdames C. P. Peavey, Frank Robertson, L. A. Lowe, A. F. Thrift, H. E. Fletcher, S. C. Bodkin, C. M. Breeding, Clyde Griffith, Max Bogusch, L. H. Lemons, Jim Nance, D. A. Pollard, R. E. Stirman, C. V. McKnight, P. J. Holman, Ben Pruett, Lee McCue, W. H. Buchanan, Harry Newton and John Stovell.

A plate lunch consisting of tuna fish salad, cheese straws, pineapple cream, cake and coffee was served.

TUESDAY CLUB

On January 26th Mrs. F. L. Burnside entertained the Tuesday Bridge Club at her lovely home. At the close of the several tables of bridge, high score prize went to Mrs. C. M. Breeding and the second high score prize to Mrs. Lee McCue.

The hostess served apple pie with whipped cream, cheese and coffee to the following members and guests: Mesdames C. M. Breeding, Robert Duncan, LeeRoy Grigsby, Johnnie Harrison, P. J. Holman, Lee McCue, D. A. Pollard, R. E. Stirman, Jim Kerr, Joe Kerr, S. C. Bodkin, H. E. Fletcher, C. P. Peavey, L. A. Lowe, J. W. McKeel, and Clyde Harrell.

Mrs. Belle Sutherland, official court reporter from Del Rio arrived here Sunday to laak after her duties during the session of district court.

Mrs. Homer Frost and Mrs. Paul Pogue of Del Rio were guest of Mr. and Mrs. L. A. Lowe on Friday and Saturday of last week.

Judge Joseph Jones of Del Rio arrived in the city Sunday to hold the regular term of District court here.

EXHIBIT OF ART STUDENTS TO BE SHOWN

DENTON, Jan. 28—An exhibit of metal work, jewelry and pottery made and designed by students in the art department of Texas State College for Women (CIA) to be held in Dallas at the Joseph Sartor Galleries has been arranged for the first of February. This work will include glazed pottery pieces, beaten jewelry, and metal work of bookends, letter cases, silver chests and candle sticks.

The exhibit is the result of a visit made to the college by Mr. Sartor during December at which time he examined all art work of the college and selected the most outstanding pieces for exhibit in his gallery. Some of the articles to be shown were included in an exhibit sent to the galleries of the College Art Association in New York last spring.

Bridge, Highway Contracts To Be Awarded Soon

Contracts for bridges spanning the Sabinal and Nueces rivers on Highway No. 90 in Uvalde County, and the first unit of Highway No. 4 from Uvalde northward will probably be let at the March session of the State Highway Commission it was announced Monday by C. P. Spangler, who spent last Friday and Saturday in Austin, and while there conferred with members of the Highway Commission in regard to the two above projects.

The awarding of the contracts on the two projects is conditional, and will be let provided Uvalde County secures the necessary right-of-way on the two highways in time for the commission to advertise for bids before the March meeting.

The bridges spanning the Sabinal and Nueces rivers are a part of the bridge construction program in Uvalde County in which the State is building five bridges in the county while the county is widening the right-of-way on Highway No. 90 through the entire width of the county from east to west to the standard 100 foot width.

In the eastern part of the county work is said to have been started on the widening of the right-of-way, and fences are being moved back. Similar work is expected to start in the western part of the county within the next few weeks, at least in time to assure the commission that the county is doing its part in carrying out the provisions of the agreement so that the contracts for the bridges can be let at the specified time.

Preparations for widening the right-of-way at Knippa between the Main and Dry Frio rivers already has been made with the removal of the Mexican shacks at the trap rock quarry of the Southwest Stone Co. A large number of these shacks lined the highway at the trap rock plant, and all the building were removed to a location southeast of their former location and some distance from the highway.—Leader News, Uvalde.

BASKETBALL GIRLS IN McCAMEY TOURNAMENT

The High School girls basketball team participated in the Trans-Pecos Basketball Tournament held in McCamey January 22 and 23.

The local team won their first game in the tournament over Crane by a score of 15 to 14 and lost in the second round to the winners of the tournament, Rankin. The Rankin Girls' Club was the class of the meet; they defeated the local team by a one sided score and took the final game from McCamey by a score of 40 to 30.

The High School Girls' Club played good ball at times but were unable to hold a fast pace; in the first game with Crane the locals lead at the half by a score of 13 to 1 but were helpless during the third and fourth periods.

The all-state forward of Rankin, Hattie Garner, was chosen as the best girl player in the tournament. Nine girls were mentioned as outstanding players in the meet. In the ranking of the all tournament selections Beatrice Nichols was placed fifth among all participants.

Judge C. J. Henshaw was a business visitor in Alpine last Saturday.

Mrs. C. F. Haass visited with relatives and friends in Hondo last Saturday.

DRYDEN LOCALS

By Mrs. Paul E. Ritter.

Mr. Burk Rose of Del Rio and Mr. Frank Taylor of Juno, were Dryden visitors Wednesday.

Walter Edwards, of Langtry, was in Dryden Friday.

Buck Dunn of Del Rio was here Saturday.

Mr. and Mrs. A. F. Buchanan and son Jackie, were dinner guests of Mr. and Mrs. Rufus Kessler at their home on Thurnston section Sunday.

A. A. Burdwell spent several days on the John Watts ranch this past week.

Mr. and Mrs. L. J. LaMontague and Mr. and Mrs. P. E. Ritter motored to Del Rio last Friday.

Mr. and Mrs. Joe Lemons attended the Langtry dance last Friday night.

Mr. and Mrs. Horton Haley visited her parents in Uvalde last week.

A. F. Buchanan was in Sanderson Monday attending court.

Miss Bessie D. Haley of Del Rio is visiting her uncle and aunt, Mr. and Mrs. Horton Haley.

The Dryden boys have been practicing baseball these last few days.

Mr. and Mrs. Roy Haley visited Mr. and Mrs. W. D. Chandler Saturday evening.

Mr. and Mrs. Horton Haley and their niece, Miss Bessie D. Haley, were Sanderson visitors Tuesday.

Mr. and Mrs. Bustin Canon were in from their ranch last week.

Mr. Moody of Fort Stockton was a Dryden visitor Wednesday.

GROUNDS AT COURT HOUSE ARE CLEANED

Through the efforts of County Judge G. J. Henshaw and the Commissioners Court men were busy all this past week grading, cleaning and removing rubbish and trash that had collected about the yard at the court house and the results are that our citizens as well as visitors witness a neat clean yard. All the out houses were removed and those that were left standing were given a new coat of paint which has improved their appearance very much.

We have a beautiful location for our Court House and a spacious ground. Many trees have been set out and with a little extra work there is no reason why flowers and shrubbery couldn't be planted and thus beautify the grounds. There is plenty of water and this can't be had as an excuse for a more beautiful yard. It is to be hoped that if the Commissioners do not see fit to make this beautification that some civic club will take it upon their hands to do so.

MANY CASES ARE—

(Continued from Page 1)

been returned against her at the July term of District court charging her with the death of her husband, W. Telefus Sharp. Many witnesses will be in attendance at court for this case, as well as several prominent attorneys. The defendant is being represented by Judge R. F. Spencer and C. S. Slaton of San Antonio. Julian La-Crosse, district attorney, and Judge James Cornell of San Angelo, have charge of the prosecution.

Special Venire Summoned
A special venire of 100 jurors have been summoned for the selection of a jury. Should the case go to trial here it will probably take up all of next week.

There are several other criminal cases on the docket and just what disposition will be made of them is not known.

W. M. S. MEET

The Woman's Missionary Society of the Baptist Church met in social hour at the home of Mrs. Frank Burnside Monday afternoon. Mrs. Joe Nance and Mrs. Burnside were co-hostesses.

Mrs. E. R. Cofield was in charge of the devotional and Mrs. O. H. McAdams had charge of the program. Mrs. Ira Deaton, the president, had charge of the business.

Those present were Grandmother Druse, Rev. and Mrs. Ira Harrison, Mesdames Attaway, Joe Nance, E. P. Halley, A. D. Brown, Ira Deaton, D. L. Duke, F. L. Burnside and H. D. Johnson.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

In Lubbock county, demonstration club women prepared 13 hot beds for early gardens, and more are in the making.

From an irrigated plot of ground 2400 feet square Mrs. J. C. Busher, garden demonstrator for Wingate Home Demonstration Club in Runnels county has kept her family in fresh vegetables every month of 1931. She has had 37 varieties and from one to 22 different varieties each month. Her net profit is \$153.65.

An Upshur county farmer, boasting to the county agent of making six bales of cotton on 7 1-2 recently terraced acres for a profit of \$119, had to confess that he had dropped the poultry demonstration because "there is no money in chickens." Whereupon the agent pulled out the records of another demonstrator who cleared \$232.40 from a start of 386 hens last year. With a poultry calendar under his arm the owner of the prize cotton patch went home to start another poultry demonstration.

Twenty-one cows in a demonstration dairy herd owned by Ernest Ritcre of DeWitt county paid him 35 cents an hour for doing the chores in October, or returned him a profit of \$2.23 for every dollar's worth of feed.

CARD OF THANKS

Dear Friends and Sympathetic Neighbors:

We take this way of attempting to convey to you our sincere appreciation of your neighborly assistance, tender solicitations, and beautiful floral tributes to the memory of our departed loved one. The black cloud of our deep sorrow has been relieved by your many thoughtful expressions of loving sympathy.

C. F. James.
Mr. and Mrs. R. E. Fred
Mr. and Mrs. E. H. Jessup.

Sgt. and Mrs. H. M. McCabe and children from the Dryden Airport were visitors here Wednesday.

READ THE ADS. They are instructive and may help you in many ways.

FREE Firestone STANDARDIZED BATTERY SERVICE

- Test battery with hydrometer.
- Add approved water if needed.
- Clean top and terminal posts.
- Tighten and grease terminals.
- Inspect and check cables.
- Tighten hold down clamps.
- Check generator charging rate.

It is easy to neglect a battery until it gives trouble, but this is costly and dangerous practice. You carry spare battery and should protect the one you have.

RATTLE OF THE RAIL

J. C. Harris, Master Mechanic was here from El Paso Tuesday.

Engineer C. E. Johnson of Ded Rio now has a regular run out of here west.

A private car occupied by R. H. Harkness of New York passed through on the 103 Wednesday.

Fireman J. H. Acosta has been assigned to the switch engine here.

Engineer G. W. Toms returned Monday from a visit to El Paso.

NEW POLICY FOR PRINCESS THEATRE

Beginning Monday February 1st, the Princess Theatre will commence to show six nights a week instead of three as they have been doing the past few months. In adopting this new policy the Princess will continue to show the latest in talking pictures and will have three changes a week, every Monday, Thursday and Saturday. Wednesday of each week will be merchants bargain nights and the following merchants have tickets that will entitle you to the show: Sanderson Mercantils, Cooke's Market, Sanderson Drug Co., Ferguson Motor Co., Blackwelder Shoe Shop and Loma Alta Cafe.

There will be no changes in price with the adoption of this new policy Mrs. Eloise White, the manager, states. During the time since the Princess has installed talkie equipment the manager has endeavored to give theatre goers the latest and best in pictures and this theatre is one of the best to be found in this section of the country.

Mrs. C. P. Peavey had as her guest over the week end her mother, Mrs. Ben Pruett of Marfa.

Julian LaCrosse district attorney from Del Rio was in attendance at court here this week.

Mr. and Mrs. R. M. Gatlin from their ranch near Dryden were visitors in the city Wednesday.
