SANDERSON, TEXAS, FRIDAY, FEBRUARY 19, 1932.

NO. 50.

BASKET BALL TOURNAMENT THIS WEEK

Alpine To Be Host To Clubs Entering District Tournament

On Friday and Saturday of this week the annual basketball tournament will be held at the Sul Ross Gymnasium in Alpine, to determine the representative team that will enter the state meet that will be held in Austin in March. B. C. Graves, coach at Sul Ross will be in charge of the cage tournament and there will in all probability be representatives from fifteen counties of West Texas present.

The series play will begin Friday morning at nine o'clock and games will be played through out the two days with the two winning teams entering the finals, playing Saturday night.

The tournament will be held on the elimination plan, with the winners of one game playing winners of another. The losers of the respective games will be out of the district running, but will be eligible for the scholastic games that will likely be played Saturday afternoon.

Teams from the counties of El Paso, Hudspeth, Culberson, Terrell, Presidio, Brewster, Pecos, Reeves, Ward, Winkler, Loving, Ector, and Upton, are eligible for competition in this tournament.

Sanderson stands a good chance of winners in this tournament for they have lost only two games in some fifteen or twenty games that they have played this season. Coach Smith and his boys left here early this morning and all of Sanderson is backing our boys to win.

WEST TEXAS HAS TWO MEMBERS IN U. S. LOAN BOARD

Name Duwain Hughes On Dallas Branch of Corporation

West Texas obtained a second representative on regional boards of the Reconstruction Finance Corporation with appointment of Duwain E. Hughes, San Angelo, to be a member of the Dallas branch.

L. Rust, Del Rio banker and ranchman recently was appointed a member of the San Antonio branch. Mr. Hughes, who is well known here, is Texas representative of Studley and Emery, Boston wool buyers.

RAILROAD MAN SUSTAINS INJURIES

C. L. Sims, extra conductor on the west end of the T. & N. O. received minor injuries early Sunday morning when he was thrown from the rear end of his caboose just as the freight train he was on pulled out of Ryan a section just this side of Valentine. Soon after the freight train had started, its conductor, E. B. Litton, gave the stop signal. The slack was so great that the caboose gave a jerk throwing Mr. Sims overboard. He was thrown clear of the track, his right shoulder striking the end of a tie and was bruised. No serious injuries were sustained by Mr. Sims however, he will be off duty for several days.

At the time of the accident Mr. Sims was acting as brakeman he being a regular conductor when full crews are employed on the T. & N. O.

His many friends here are glad to know that the accident was not a serious one and hope that Mr. Sims will soon be able to return to his duties.

H. D. Williams is in Houston this week having gone down to attend a meeting of the B. of R. T. Mr. Williams is on the general grievance committee.

"Not Republican"

Charging the paper erroneously called him a Republican, County Judge Tom Smiley of Karnes City, Texas, has filed suit against the San Antonio Express, asking \$10,000 actual and \$5,000 exemplary damages. The questionable item appeared several days before the election of a successor for Congressman Harry Wurtzbach. Smiley was an unsuccessful candidate in the election.

THOUGHTS FOR THE WEEK

There are other standards of greatness besides vastness of territory; and other forms of wealth besides mineral deposits or agricultural exuberance. Though every hill were a Potosi, though every valley, like that of the Nile, were rank with fatness, yet might a nation be poor in the most desperate sense—benighted in darkness of barbarism, and judgement stricken of heaven for its sins. A state has local boundaries which it cannot rightfully transcend; but the realm of intelligence the sphere of charity, the moral domain in which the soul can expand and expatiate, are illimitable—vast and boundless as the omnipresence of the being that created them. Worldly treasure is of that nature that rust may corrupt, or the moth destroy, or thieves steal; but, even upon the earth, there are mental treasures which are unapproachable by fraud, impregnable to violence, and whose value does not perish, but is redoubled with the using.—Horace Mann.

STEVENSON WON'T RUN

Coke R. Stevenson is not to run for governor. The decision of the popular member of the legislature from Junction was learned here this morning. The expense of making a campaign and the short time elapsing between now and the primary date, is assigned as the reason for the decision.

Mr. Stevenson, lawyer and ranchman, will run for the post of representative in Kimball and adjoining counties and will be candidate for speaker of the Texas house of representatives.—San Angelo Standard.

"MA" FERGUSON TO RUN FOR GOVERNOR

Responding to the written request of more than 400 friends in 200 Texas counties in Texas, Mrs. Miriam Ferguson, former governor of Texas and wife of the once impeached Jim Ferguson, will seek to regain the governorship according to announcements made the first of the week.

At a later date she states that she shall publish her platform for the information of the people, and stated that the chief plank will be the material reduction of taxes.

Mr. and Mrs. Joe Lemons, who are ranching in the Dryden country were Del Rio visitors the first of the week.

EDUCATORS OF WEST TEXAS TO MEET IN ALPINE

To Organize Regional Division of the State Association

Leading educators of West Texas will meet at Alpine on Friday night, February 19, in the library building of Sul Ross State Teachers College for the purpose of organizing a regional meeting of the Texas State Teachers Association.

El Paso, San Angelo, Del Rio, and all towns within the "T. P." triangle are included in the section of the meeting. All other towns adjoining this territory are also invited to send representatives.

According to the tentative schedule, some of the items the schoolmen have outlined for consideration at this meeting are: to perfect a permanent organization, to determine the local problems that need attention first and a program for the next regular meeting, to decide whether the regional meeting shall take the place of the Consolidated Institute, to determine the time and place of the next meeting, as well as a plan for financing a "real educational program" for West Texas.

The meeting will be called to order by W. A. Stigler, assistant superintendent of El Paso city schools.—Alpine Avalanche.

Farm Lands Are Presented To A. and M.

COLLEGE STATION, Feb. 16.—(INS)—Farm lands valued at \$1,500,000 have been presented to Texas A. and M. college for the establishment of a loan fund by Mr. and Mrs. Robert M. McFarlin of Tulsa Oklahoma, it has been announced today.

The land is located in Ellis Kaufman, and Navarro counties. There are approximately 7000 acres of rich Trinity bottom soil.

Many other institutions in Texas and Oklahoma have received religious and educational gifts from Mr. and Mrs. McFarlin.

A special program honoring Mr. and Mrs. McFarlin, and for the presentation ceremony will be held at A. and M. February 23 and 24, according to an announcement by President T. O. Walton.

EMERGENCY FIELD SAVES KELLY FIELD FROM DESTRUCTION

A small emergency landing field laid out on the side of a hill at Pumpville, 25 miles west of Dryden, Monday was being given credit for saving a Kelly field attack plane.

The ship, piloted by Lieut. Russell Keillor, instructor in the Advanced Flying school, developed engine trouble late Saturday on a flight from El Paso to San Antonio. The motor quit over country where a safe landing was impossible.

Lieutenant Keillor according to a report made to Kelly field, headed the plane toward the railroad with intention of jumping and leaving the plane to crash into the hills.

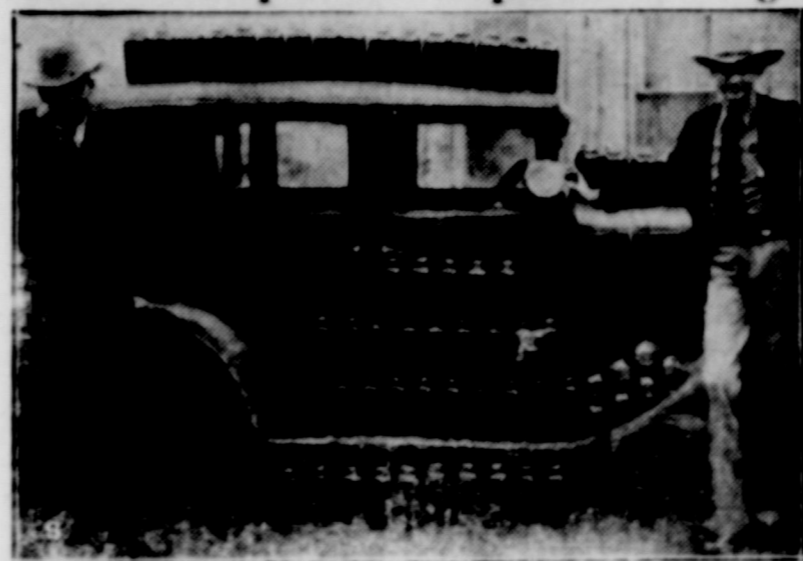

Just as he was getting ready to jump he saw the emergency landing field and made a safe landing with a dead stick.

Another engine is being sent to Pumpville by truck and the plane will then be flown to Kelly Field. A ship was to be sent Monday to bring Lieut. Keillor home.

These small fields are kept up by the Dryden Airport Station for such use. We have them at Comstock Schumla, Langtry, Longfellow, Marathon and three in the Big Bend country.

Hank Shelton who has been very ill with intestinal influenza since last Friday was carried to San Angelo on Wednesday of this week by his father J. D. Shelton who arrived here Tuesday from his home in Big Lake.

"Louisiana Special" Popular at Kilgore

Here's a whole room full of "Louisiana Special" liquor which was discovered by Deputies George Casey and Frank Flouray (pictured) in a two-room oil field cabin near Kilgore, Texas. Seventy-five half gallons was the net result of the raid. It was retailing at \$2.50 a half gallon.

School Assembly Held Last Friday

School assembly was held at one o'clock Friday afternoon. The program was arranged and presented by the girls glee club under the direction of Miss Louise Noble. The program was in six parts. The first part was a group of popular numbers including Call Me Darling, Guilty, Faded Summer Love, Love Letters in the Sand, and Me. Following this was a trio, Neopolitan Nights, sang by Mary Arrington, Bess McAdams, and Beatrice Nichols. A group of high school songs composed the next arrangement. A reading given by Elnora Peeks was the next feature of the program, following which was a piano solo by Bess McAdams. The program was concluded by another group of popular numbers. You're so Different, Lies, Home, The Waltz You Saved for Me, and Goodnight Sweetheart, sang by the club.

WHEN IS A HOT STATE WARRANT VERY HOT

When is a hot check HOT? When is a treasury (not deficiency) Warrant HOT? It is when there are no funds to cover such checks and warrants. That's very plain, yet the state of Texas would send out these treasury warrants in order that it may be given credit for the face of such warrants.

But, for example, should a Treasury Warrant be sent us for say \$500, in payment of a just account against the state, and we would deposit said warrant, then draw checks payable to those we are justly indebted then in around ten or fifteen days these checks we have drawn are in themselves made HOT on account of our local banks notifying us that the Treasury Warrant has been returned marked N. S. F.

So, we are in a manner black-listed with our creditors and according to the laws of the State of Texas, are in position to be sued for passing HOT checks.

The state should follow the same procedure in regards HOT checks as it says the business men and others must follow. Give checks or Treasury Warrants only when there are funds in the banks to cover.

It's a poor rule that won't work both ways. If this procedure is followed, then there would be no danger of the State of Texas shooting holes in its own laws.—Rocksprings Record.

We agree with our brother Editor on this point it is no fun to receive a state warrant and to have it turned down at your bank. It is to be hoped that before the state starts to have the various constitutional amendments published that they will at least have the money to pay for same as the publishers has to publish them at his lowest rate. Then to have to take a Hot State check for same that would be something.

Miss Louise White has returned from a visit with friends and relatives in San Antonio, San Marcos and Austin.

THIRD TOWER FOR XER ABOUT HALF FINISHED

Directional Antennae To Be Installed For Station

Work on the third tower for radio Station XER is about one-half completed, according to information given out by Lisandro Pena, Mexican consul here.

With the completion of the third tower, XER will jump to 100,000 watts power and with the installation of new equipment will be able to direct programs of the station in any direction desired by the directors.

A directional antennae will be installed, making it possible to broadcast to United States without being heard in Mexico, or to broadcast to Mexico and Latin American countries without being heard in the United States.—Del Rio Evening News.

JUNIOR COLLEGE ESTABLISHED ON O. ADAMS RANCH

Boys May Take College And Learn Ranching At Same Time

A preparatory school and Junior College was opened on Monday February 8, at the Circle Bar Ranch 47 miles southeast of Fort Stockton, according to a news item appearing in the Fort Stockton Pioneer this past week. This unique college is for boys between the ages of 14 and 20.

The school is being conducted by Otho Adams, prominent young ranchman of Pecos county and who is well known in this city; Homer Adams, also well known here, and has formerly been connected with Draughon's Business College in San Antonio; and W. R. Calvert, B. A. M. S. Ph. D., who is a graduate and former instructor in Nebraska University, former head of geology at Washington State University, and nationally known in the field of science.

The aim of the school is to provide a place where boys may study, receive credit on their school work, learn ranch work, and have the advantages of outdoor life. Full high school and college credit will be given for the school work completed.

The personnel of the school is at present limited to ten boys, three of whom arrived on Monday of last week, while others are expected to enroll this week.

EIGHT-CYLINDER CAR TO BE ADDED TO FORD'S LINE

DETROIT, Mich., Feb. 15 (AP).—Declaring "some one has to risk something to get things started," Henry Ford Thursday disclosed his latest plan for breaking loose the jam that has nearly two years has retarded the automobile industry.

He announced that within the next few weeks that the Ford Company will bring out an improved four and a new V eight-cylinder model, and coupled with it the statement that he had determined to "get the price of an automobile down to the mark where the public can buy it."

Jack Sharp has accepted a position as barber at the shop owned by Mrs. Will Bennett in the Adams Building. L. E. Land, who has been manager of the shop since its purchase by Mrs. Bennett, has resigned the post and returned to Fort Stockton. Sam Beasley is now in charge of the business.—Ozona Stockman.

Mr. and Mrs. Ross Martin returned to their home in El Paso Monday afternoon following a week end visit here with his parents, Mr. and Mrs. C. W. Martin.

PROFITABLY UTILIZING OUR LEISURE TIME

A few years ago, certain publishers of educational books waged an intensive advertising campaign to tell the public what great things an individual could do by devoting fifteen minutes a day to this, that, or the other thing.

When Richard H. Waldo, president of McClure Newspaper Syndicate, told a Spokane audience recently that many world problems could be solved in leisure time, he had no books to sell.

It is possible to acquire an education in fifteen minutes a day. Three hundred and sixty-five such periods would be ninety-one hours and fifteen minutes.

It was brief periods of study, oft repeated, that produced minds which we hold in reverence today.

Leisure—the minutes when fancy is free and the body idle—is the fundamental thing behind every progressive movement the world has ever known.

But there is another side to the thought. A man can become a thief, a drunkard, a dissipated rascal in his leisure moments.

A few leisure moments devoted each day to constructive thinking show their effect in increased mental capacity of the thinker.

THIS AND THAT

By JIMMINY

AL SMITH DOES NOT CHOOSE TO RUN—YET

Al Smith and the Literary Digest are both out only in different ways. Mr. Smith is out of the race for Democratic presidential nominee, while the Literary Digest is out to prove the country is wet—"all wet."

Smith says he is not a candidate and has no intentions of becoming one—unless and until he is nominated. He says a candidate is a man who seeks support of delegates and makes an active campaign before the convention.

The "Happy Warrior" has the right idea, he is doing the right thing, the "manly thing"—he is waiting until he has one "bird in hand" before beating the brush for the other one.

The New Yorker is a Democrat, however—you can bet your last dime on that. "I have no headquarters and I'm spending no money," he says.

But we'll manage somewhat to get along without listening to the incantations of Mr. Smith on the "radio" this season. The Literary Digest has a prohibition poll under way which should offer Old Gus Citizen a chance to express his sentiments on the liquor question.

There must be a catch in the Digest poll, however, because the same question is asked two different ways—and there are no other questions. So when you vote you had better stay out of the ice box until you have cast your ballot.

The hobby-horse most people ride drinks gasoline.—Lubbock Avalanche.

Texas Industrial Activities

The per capita wealth of Texas at the close of 1930 was \$1,720—largest of any of the Southern States except Virginia. The national per capita was \$2,667.

One Fort Worth creamery—the Alta Vista Company—recently shipped five carloads of butter to New York and three carloads to Chicago.

All main contracts except one went to Texas concerns when the University of Texas Regents recently let building contracts totaling nearly \$4,000,000.

Pessoney Candy Co., manufacturing candies and handling candies and smoking materials is a new enterprise at Palestine, which expects to use Texas products extensively.

In furnishing of Texas data to be used in General Motors "Parade of the States"—a national radio broadcast program—Progressive Texas, Inc., is co-operating with the three regional chambers of commerce.

Contracts for the establishment at Corpus Christi of a branch factory of the California Products Corporation, packers of dehydrated vegetable products, have been signed and work on the first unit of the plant begun.

Final preliminaries for the big chemical plant of the Southern Alkali Corporation at Corpus Christi are to be completed as soon as possible, according to formal announcement from the company headquarters at Barberton, Ohio.

Diamond Mill & Elevator Co., Sherman, has started work on an addition to its present plant that will double its present daily capacity of 900 barrels of flour.

Improvements on the Cummer-Graham fruit and vegetable container factory at Beaumont have doubled its capacity and its products of crates, boxes, etc., made from Texas timbers, will be shipped all over the United States.

Clyde F. Ketner, Managing Editor of the Shamokin (Pa.) Dispatch, Says:

"Fear and hysteria followed an era of luxury throughout the trying years that have followed the World War and brought us to the present with an attitude of fear and trembling for the future."

"The answer lies in judicious spending. Everywhere the attitude of cowardly hoarding is being abandoned for the better system advocated by financiers of making wise expenditures for things that will last."

"Soon we will emerge from the nightmare of depression and start on the broad, bright highway of moderate and lasting good times. There have been other depressions. In the past one hundred and thirty years we have had thirteen of these lapses of prosperity. We have passed through seven of the ten years in the present cycle, and during the next three should forge ahead."

"The temporary collapse of the world's business structure was caused by a combination of circumstances, and only through courages and well considered action can we bring about a return of prosperity. There are good year ahead!"

Have your job printing done at the Sanderson Times.

LITHOGRAPHER EXAMS ANNOUNCED

The United States Civil Service Commission has announced that applications will be accepted until March 8 for positions of chief artistic lithographer, senior artistic lithographer, and lithographic pressman, for duty in Washington, D. C., or in the field.

The entrance salary for chief artistic lithographer is \$2,600 a year, and for senior artistic lithographer and lithographer pressman \$2,000 a year.

Certain specified experience required. Competitors will not be required to report for written examination at any place, but will be rated on their training, experience, and fitness.

All States except Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington, D. C.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office in any city which has a post office of the first or the second class, or from the United States Civil Service Commission, Washington, D. C.

Texas terminal grain elevator capacity was increased from 29,000,000 to 40,000,000 bushels in 1930 and corresponding capacity in country elevator capacity was made. A substantial additional increase was made in 1931, but accurate figures are not yet available.

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(C.I.A.)

DENTON, Feb. 18—At mid-winter, when the home garden makes no contribution of fresh foods to the family table, the problem of planning for variety in salads is rendered more difficult because of a more limited variety of salad materials on the market and also because of the usual raise in the market price of those which are available. Winter vegetables, dried fruits, cheese combinations and gelatine mixtures offer a large number of possibilities for combinations that are attractive and economical and easily made.

MENUS

Breakfast: Stewed apricots, bran, thin cream, bacon, hot biscuit, butter, jelly, coffee.

Luncheon: French fried potatoes, stewed tomatoes, cottage cheese salad, graham bread, butter, baked apples, whipped cream, tea.

Dinner: Lamb chops, corn a la Souther, creamed peas, rolls, butter, combination vegetable salad, French dressing, cherry pie.

Breakfast: Grape fruit, cream of wheat, thin cream, omelet, rolls, butter, apricot jam, coffee or milk.

Luncheon: Corn chowder, crackers, rolls, butter, prune salad, mayonnaise dressing, fruit punch, filled cookies.

Dinner: Roast loin of pork, gravy, creamed potatoes, string beans, bread, butter, banana grapefruit and carrot salad, thousand island dressing, fruit tapioca pudding, whipped cream.

RECIPES

Cottage Cheese Salad: To one cup of fresh cottage cheese, add one fourth cup of grated pineapple with sufficient pineapple juice to make the cheese pliable. Serve in a mound on lettuce with French Dressing.

Combination Vegetable Salad: Shred leaves or hearts of lettuce finely and combine with an equal quantity of shredded cabbage. Season with two tablespoonsfuls of chopped celery stem on tips and one tablespoonful of finely chopped onion. Serve with French or Thousand Island dressing.

Gelatin Salad: Place 2 tablespoonfuls of gelatin to soak in 1-4 c of cold water for 5 minutes. Heat a c of syrup from canned fruits to the boiling point. Dissolve the gelatin thoroughly with hot juice. Add 1-4 c of tarragon vinegar or mild cider vinegar, 2 tablespoonful of lemon juice, a pinch of salt, and 2 tablespoons or more of sugar, according to the original sweetness of the fruit juice. Cool and add 1 1-2 c of fruit cut into small sections, grapefruit, orange, pineapple, cherries, pears or combinations of either with celery, apples, or nuts may be used. Serve with mayonnaise.

Banana, Grapefruit and Carrot Salad: Cut bananas into halves lengthwise and crosswise. Cover each strip with a thick layer of grated fresh carrot. Arrange alternately with sections of grape-

fruit. Serve on lettuce with thousand island dressing.

Jellied Prunes: Wash 1-2 lb. of dried prunes, soak, add a stick of cinnamon. Cook, add 1-2 c sugar and 2 tablespoonsfuls of lemon juice. Drain off 1 c of juice, heat to boiling and dissolve in it 1 tablespoonful of gelatin previously soaked in 2 t of water. Combine the gelatin mixture with the prunes and place in a mold to set. Use additional gelatin if there is more than one cup of juice. Serve with whipped cream.

VICTOR HARRISON COMING TO SANDERSON

Victor Harrison, a young Epworth League worker and Layman, has accepted an invitation from the board of lay activity of the Methodist Church of Sanderson to come and be with them as a special guest and to work with the Layman of the church in a two weeks singing and prayer period. Mr. Harrison is not a preacher but a young layman and will work with the layman of the church in this series of singing and prayer meetings every evening beginning promptly at 7:30 p. m. from Monday February 29th through Sunday evening March 13.

The pastor, Rev. B. M. Stradley, in advising of the coming of Mr. Harrison to Sanderson said that all meetings will be in charge of Mr. Harrison and the Layman of the church except each Sunday morning during the meeting he would continue his series of sermons on the Psalter. The pastor also advised that Mr. Harrison is a young man who is active in Epworth League work and in leading song services.

Everyone is invited to come to these singing and prayer services at the Methodist church and to bring any old song they would like to hear rendered.

Rev. Stradley stated that he would be there with the Layman and their invited guest each evening praying and singing and hoping the Lord will bless those Christian people joining hands and hearts with us to use us in doing his will.

Activity in the development of the chemical possibilities of Texas is seen in the announcement that the Texas Potash Corporation is planning erection of a complete potash mine unit and potash salts refinery on its 12,000-acre tract near Odessa; that the Continental Chemical Co. has leased a group of lakes near Tahoka, Lynn County, and will construct an evaporating plant and refinery to recover potash and other chemical products from the water of the lakes.

1930 Irrigation Census Is Given Out For Texas

According to a bulletin recently issued by the Bureau of the Census, showing State and county statistics on irrigation in the State of Texas, the number of farms on which irrigation is practiced increased from 5,974 in 1920 to 10,861 in 1930. The value of the irrigated farms, including land, buildings, and implements and machinery, was \$190,141,304.

The area irrigated in 1929 was 789,917 acres, an increase of 36.3 per cent from 586,120 acres irrigated in 1919. The 1,728 operating enterprises were capable of supplying water to 1,177,415 acres. Approximately one-half the area was irrigated by enterprises begun in the decade 1900-1909.

Irrigation districts accounted for 57 per cent of the irrigated area. The report also shows the acreage irrigated by individuals and partnerships, as well as enterprises of other character, including cooperative, commercial companies, and the Federal Government. Many enterprises operated pumping plants, the number of which increased from 1,369 in 1920 to 1,828 in 1930.

Rio Grande and its tributaries furnished water for about two-thirds of the area irrigated in 1929, the River alone accounting for nearly 58 per cent of the total. The irrigated areas are shown on the map.

A total investment of \$49,622,164 by irrigation enterprises was an increase of \$13,949,425 over the total in 1920. The irrigation investments and the irrigation works are classified by age and character of enterprise, and by drainage basin.

The report shows that it has cost, on the average, \$31.95 an acre to prepare land for irrigation in Texas, in addition to the cost of the irrigation systems. Projects distributing water delivered 1.7 acre-feet per acre to irrigators, but diverted at their headworks 3.3 acre-feet.

Irrigation enterprises reporting drainage represented 814,833 irrigable acres. Of this area, 345,926 acres were served by installed drains, and 135,936 additional acres were in need of drainage. In 1920 only 272,437 acres in irrigation enterprises were drained, while 154,332 additional acres needed drainage.

A copy of this bulletin for Texas may be obtained by writing to the Director of the Bureau of the Census, Washington, D. C.

As a rule the person who minds his own business has a steady job.—Sherman Daily Democrat.

EVENTS OF SOCIETY

VALENTINE PARTY

Mrs. J. R. Black and Mrs. Gayle Mussey were hostesses to the members of the Baptist Church at a Valentine party which was given last Friday evening at the home of Mrs. J. R. Black.

All kinds of Valentine games and contests were enjoyed under the leadership of Mrs. Mussey.

A plate lunch, carrying out the Valentine motif, was served to about 30 guests.

MISCELLANEOUS SHOWER

Mrs. H. D. Medlin was honoree at a Miscellaneous shower given on Monday evening at the home of Mrs. C. J. Watts with Mrs. Watts as hostess. The honoree, Mrs. Medlin, was the recipient of many beautiful gifts from her many friends, will soon leave Sanderson to make her home at San Antonio.

Mrs. Ira Harrison had charge of the amusements for the evening.

A delightful plate lunch was served to the guests at a late hour.

CULTURE CLUB TO MEET

The regular meeting of the Sanderson Culture Club will be held this evening, (Friday) at 7:30 p. m. at the High School Auditorium with the program in charge of Mrs. A. P. Utterback, who is president of the Parent-Teachers Association. The program is to be a patriotic one and will commemorate the anniversary of the birth of George Washington, dealing with George Washington the Christian.

An interesting program has been prepared and the public is cordially invited to attend this meeting.

BIRTHDAY PARTY

Last Sunday, February 14, 1932, Mrs. Margaret Elizabeth Shely celebrated her 74th birthday at her home on Oak Street, all of her children, with the exception of one son, Sheriff (Bud) M. L. Whistler of Del Rio being present. At the noon hour a lovely luncheon, consisting of fried chicken with all the usual trimmings, was served. Mrs. Shely received a number of useful gifts

among them a lovely ring presented by the entire family.

Those present to enjoy this occasion were Mrs. Ester Shely and Mrs. Charley Shely and little daughter Pat of Tesnus, Texas, Mrs. Willie A. Jeffers, Mr. and Mrs. John Whistler of this city and Mr. and Mrs. Charley Gregory and daughter Margaret Ann with whom Mrs. Shely makes her home in this city.

NIGHT BRIDGE CLUB

Mrs. Lewis Lemons was hostess to the members of the Night Bridge club and a few invited guests at her home last Saturday night. The Valentine theme was carried out in the appointments.

Mrs. Frank Robertson won the lady's high score prize, a novelty powder box; a shirt was the gentleman's high score prize that was won by Herbert Buchanan. A Valentine box of candy was the cut prize that was won by Mrs. Herbert Buchanan.

Guest list included Mr. and Mrs. Max Bogusch, Mr. and Mrs. Clyde Griffith, Mr. and Mrs. Al Creigh Jr., Mr. and Mrs. S. S. Daggett, Mr. and Mrs. LeeRoy Grigsby, Mr. and Mrs. Jim Nance, Mr. and Mrs. L. A. Lowe, Mr. and Mrs. Herbert Buchanan, Mr. and Mrs. Frank Robertson, Mrs. Vance McLymont, Mrs. W. H. Savage, Miss Louise Noble and Messrs Sims Wilkinson and John Reininger.

Carter, Alex Mitchell and Misses Willie Mae Green, Louise White and Ruth Estelle Reed of San Antonio.—Reporter.

DRYDEN AIRPORT NEWS

By SGT. H. M. McCABE

Lieut. Irvin in Command of flight of twelve Pursuit Students and two Instructors landed at this Airport and was delayed several hours due to bad weather between Dryden and San Antonio. All Aircrafts were serviced and after flying conditions became good they departed for Kelly Field. Lieut. Keiller one of the Instructors was forced down at Pumpville with engine trouble after inspection it was found that he needed a new engine. A new engine was sent to him by truck from San Antonio.

Lieut. Ramey pilot and Mechanic of Kelly Field stopped and refueled at this airport enroute from El Paso to San Antonio.

Lieut. McHenry pilot and Mechanic of Kelly Field stopped and refueled at this airport enroute from El Paso to San Antonio.

Lieut. Shea and mechanic of Kelly Field stopped and refueled at this airport enroute from El Paso to San Antonio.

Lieut. Robinson and mechanic of Kelly Field stopped and refueled at this airport enroute from El Paso to San Antonio.

Flying conditions between Dryden and San Antonio has been very bad for the past week and is holding many Aircrafts on the ground at San Antonio waiting to come this way.

Mrs. J. B. McPhee, who has long been interested in the oil leasing and drilling for oil in Terrell county returned Thursday to her home in Los Angeles, Calif. Mrs. McPhee stated in an interview with the editor that she hoped soon to have some news for the people in this county in regard to the oil situation. She is planning on soon resuming drilling on her well that has been shut down and which is located near Pumpville.

ANNOUNCES FOR COUNTY AND DISTRICT CLERK

The Times is authorized this week to place before the voters of the county the name of L. A. Lowe as a candidate for the office of county and District clerk subject to the November election.

Mr. Lowe has been a resident of this county for the past three years being employed in the building department of the Kerr Mercantile Company. He feels as tho he is qualified to handle the many duties of the office and assures the people that if he is elected to this office that he will attend to all his duties faithfully and will at all times be of service to the public.

He asks that you give his candidacy your careful consideration and will appreciate any activity in his behalf.

BASKET BALL SCHEDULE

Following is the schedule that is given out for the first day in the annual basket ball tournament that will be held in Alpine this Friday and Saturday.

WOOL NOTES

Conditions in our domestic wool markets have improved over last week. Broader demand has developed for most grades of wool, but more especially for fine and halfblood combing grades. That these purchases have been made against orders for goods has been indicated by insistent demand for quick deliveries.

The National Wool Marketing Corporation, being able to show the best selections, has received its full share of the business recently developed—at firm prices.

GOODS MARKET: While the New York goods market has continued to reflect the gloom which, during the past year has settled over nearly every activity in that city, demand for garments for women's wear may still be termed fairly good.

Following is the schedule that is given out for the first day in the annual basket ball tournament that will be held in Alpine this Friday and Saturday. 9 a. m.—McCamey vs Wink. 10 a. m.—Ft. Davis vs Odessa. 11 a. m.—Sanderson vs Marfa. 2 p. m.—El Paso County vs Pyote. 3 p. m.—Austin Hi (El Paso) vs Marathon. 4 p. m.—Fort Stockton vs Toyah. The games Saturday will be those that are played by the winners in Friday's contest. Saturday night the finals will be played and the winners in this tournament will be the team that will represent this district in the state meet in Austin in March.

FOREIGN MARKETS: All foreign markets continue firm. England and the Continent are buying freely, but Japan is the main contributing factor to the maintenance of values in Australia and probably will so continue while in arms. There appears to be little prospect now for lower prices abroad or for any sizable carryover at the end of the season.

OUTLOOK AT HOME: It seems probable that the months immediately ahead witness fairly active markets and that our predictions made some time ago, that no burdensome carryover into the next season would result, will come true. Among the most vital purposes sought in the enactment of relief measures at Washington is to raise commodity values to a point where cost of production at least may be realized. If this proves successful wool values should move forward in line with those of other basic commodities. How far such hopes for improvement may extend will depend on the values of competing foreign wools which are still above importing parity.

F. L. COCHRANE'S MOTHER DIES IN CALIF.

Mr. and Mrs. F. L. Cochrane returned the first part of last week from San Bernardino Calif. where they had been called on account of the serious illness and death of his mother Mrs. Frances E. Cochrane.

At the time of her death Mrs. Cochrane was 77 years of age. She is the widow of the late Harry Cochrane, veteran Texas and Pacific Railroad engineer and was a pioneer of El Paso. She was making her home in San Bernardino with a daughter. Before going to California four years ago she had lived in El Paso for 25 years.

Besides her son, Frank L. Cochrane of this city she is survived by three daughters.

EDUCATOR TO BE HERE

Miss Kate Payne Owens who is to be in Sanderson Feb. 28th to March 5th, to conduct a course in Leadership Training has been in Kerrville the past week, conducting a similar course.

"The Kerville Mountain Sun" had this to say of her talk to the P. T. A. of Kerrville:

Miss Kate Payne Owen, director of religious training in the San Antonio district of the Presbyterian Churches, gave a splendid talk, one that was far-reaching and gave both parents and teachers food for thought. Miss Owen's talk centered on the importance of teaching children to pray and of developing the prayer life in children. She stated that the influence for good that teachers have upon the life of a child is immeasurable, and of paramount importance.

The Presbyterian church is expecting great good from Miss Owens visit and cordially invite other friends to hear Miss Owens, and join the class if they so desire.

Since he began mixing flour in his lamb rations two years ago Craig M. Logan of Valley Mills, Bosque county, has had no lambs "cut out" at market. Two shipments last fall topped the market, the county agent reports.
