NO. 2.

CONTRACT LET ON UNIVERSITY LIBRARY BLDG.

Present Building May Be Used For Art Museum

AUSTIN, Texas, March 17.—Contract for the new University of Texas library building has already been signed, and construction work will start soon. The building will be located 16 feet north of the old Main Building, connected with the latter by a bridge. Only the rear wing of the present Main Building will be torn down to allow construction work to go forward.

The library has been designed in modified Spanish Renaissance architecture. It was designed by Herbert M. Greene, La Roche and Dahl, Dallas firm of architects, under the supervision of Paul P. Cret of Philadelphia, consulting architect. The most modern types of equipment will be used in the new building, several firms having designed entirely new stack construction and shelving for this project. No definite decision has been made as to the use to which the present library building will be put, although it is thought it will be used for a fine arts museum.

Stock Hauling Law In Effect

Owners Permit Measure To Be Enforced As Aid In Quarantine

AUSTIN, March 17.—(AP)—L. G. Phares, chief of the Texas Highway Patrol, announced Saturday that a campaign would be launched at once, with the assistance of the State Live Stock Sanitary Commission, to enforce the law requiring permits for transportation on the highways of live stock and poultry.

The legislature enacted a statute requiring those hauling live-stock to obtain owner's permit certificates in an effort to prevent the removal of cattle from a quarantined district into areas not infested by ticks or cattle diseases.

Phares said that State Highway patrolmen or other officers can, without a search warrant, require the driver of any vehicle moving live stock or poultry to produce a permit for the transportation signed by the owner.

Failure to possess such a permit subjects the driver of the vehicle to a fine of not less than \$25 nor more than \$200 for each head of live stock or poultry involved in the movement.

The law has a dual purpose, in that it will prohibit the transportation of stolen animals, or butchered portions thereof over the highways, a practice that is very prevalent in many parts of the State. The law was originally sponsored by the Texas Cattle Raisers Association and the West Texas Sheep and Goat Raisers Association and these two organizations will take an active part in its enforcement.

A book of these certificates can be had by writing J. H. Walker, Live Stock Sanitary Commissioner, Weimar, Texas.

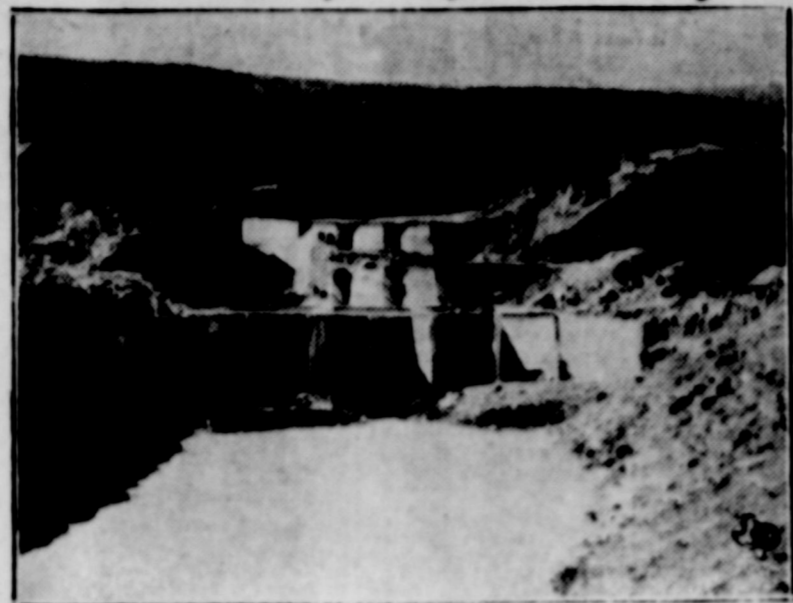

COMMISSIONERS MEET

The regular monthly meeting of the Commissioners Court met on Monday of this week with County Judge Henshaw, W. E. Stirman, commissioner of precinct 1, Eugene Peoples commissioner of precinct 2, and Jim Mitchell commissioner of precinct 3 in attendance. The regular monthly routine of business was transacted.

At this meeting Dr. P. F. Robertson was appointed County Health Officer until January 1st at a salary of \$25 per month.

Mr. and Mrs. W. H. Mansfield and son, James Albert, returned Monday to their home in Uvalde following a weeks visit at the ranch with Mr. and Mrs. Tip Frazier and family.

Maverick County Project Is Complete

Sixty thousand acres of arid Maverick county land, in Southwest Texas, will soon bloom into rich fertility, with the completion of the \$8,000,000 irrigation project now

in its last stages of preparation for the celebration on April 7 at Eagle Pass. Pictured above is a portion of the main ditch, which takes water from the Rio Grande River.

Latta Is Released On Bond After New Hearing

DEL RIO, MARCH 15.—Lawrence Latta, 33, charged with murder was free Tuesday on a \$7,500 bond following granting of a writ of habeas corpus before Judge Joseph Jones of the 63rd District Court in Eagle Pass Monday afternoon.

Habeas corpus proceedings were resorted to when Justice of the Peace Charles Miller bound Latta over to the April term of the Val Verde County grand jury in examining trial Saturday morning.

Raymond Earwood, Edwards County ranchman, L. B. Wardlaw, ranchman, and Judge C. C. Belcher, local attorney, were the three men signing the \$7,500 bond.

Latta was placed in custody after the fatal shooting of his wife, Estelle Calk Latta, in the Colonial Apartments where the couple lived.

At the examining trial Saturday morning, Sheriff M. L. "Bud" Whistler testified that Latta told him over the phone Tuesday night when he called him and told him about the shooting, "I did it accidentally."

District Attorney Julian LaCrosse opposed the granting of bond to Latta at Eagle Pass in the hearing of the writ of habeas corpus as he did at the examining hearing here Saturday morning.

EASTERN STAR PRESENTS PLAY

The Sanderson Chapter O. E. S. met in the Masonic Temple Tuesday evening at 7:30 o'clock. After the regular routine of business the members were entertained with the following mirth provoking program:

Song, assembly; reading, Helen Duke; piano duets, Eula Mae Brown and Kathleen McLymont; reading, Mary Ferguson; solo, D. L. Duke; play, "Sister Masons."

Little aprons had previously been mailed out and were returned filled with pennies for your waist measure. A nice amount was received for the building fund.—Reported.

Visiting Minister Addresses School

School assembly was held at nine o'clock Wednesday morning in the High School auditorium. The High School orchestra played several numbers. The girls' glee club, directed by Miss Noble, sang "In an Apron Blue." A quartet composed of Ray Qualtrough, Andrew Henry, Ernest Farley and Aylmer Griffith sang, "The Blue of the Night," "Goodnight Sweetheart," and "Sweet Adeline."

A talk that was both interesting and inspirational was given by Rev. Batey of Alpine who is holding a revival here at The Church of Christ. The Rev. Batey spoke on the subject of preparing for leadership, and our ability to appreciate in proportion to that which we all know.

First Cavalry At Marfa Celebrates 99th Anniversary

MARFA, Mar. 15. (UP)—The First Cavalry, stationed at Fort D. A. Russell, celebrated its 99th birthday this month with the sad thought that its members might not observe its 100th anniversary as a cavalry unit. Fort D. A. Russell has been ordered abandoned by the War Department as an economy move, and the cavalry unit may be disbanded by the time another birthday come.

The regiment is the oldest and most distinguished regiment of cavalry in the United States army. It was organized March 2, 1833, and adopted the title of "The Black Hawks." The present ensign of the Black Hawks is worn in remembrance of the first assignment in the Black Hawk War.

The regiment has a long record, having participated in 34 engagements during the Indian Wars, two in Mexico, 17 in the Civil War, one during the Spanish War in Cuba, and eight during the Philippine insurrection.

Banker Raises Sheep For Wool To Make Suits

WEATHERFORD, Texas, Mar. 15 (UP)—G. A. Holland, local banker, is wearing a home-spun wool suit, to show that inexpensive yet wearable clothing can be produced at home.

The chairman of the board of Citizens National Bank here clipped the wool from his sheep, had it carded, spun the thread on his heirloom spinning wheel and wove the cloth on the family loom. He made the cloth at odd moments and had it made into a suit by a local tailor.

Last summer Holland made the cloth for a cotton suit in the same manner and wore it to the Parker County Old Settlers Reunion at which Gov. W. H. "Alfalfa Bill" Murray was the chief speaker. He received national recognition for his revival of pioneer methods to show the feasibility of home production of clothing. He said the wool suit "cost about the same" as the one made of cotton.

APPOINTED HEALTH OFFICER

Dr. P. F. Robertson, who has been a resident and practicing physician in this city and county for over twelve years, was appointed County Health Officer by the board of County Commissioners at their regular meeting held on Monday of this week.

Dr. Robertson is well known and a good physician with years of practical experience.

His many friends are glad to hear of his appointment and have been extending congratulations to him.

Mr. and Mrs. E. H. McCreight returned Tuesday from a ten day visit with relatives in Anson, La-mesa and Fort Worth Texas.

ANNUAL P. T. A. CONFERENCE IN STOCKTON

Many Speakers On Pro- gram To Be Held March 29 To 31

According to Mrs. D. S. Beeman, Chairman of Publicity for the Ft. Stockton Parent Teacher Association, plans are under way for the annual conference of the Fifteenth District Congress of Parents and Teachers.

Three rooms in the Ft. Stockton High School building will be given over for the use as class-rooms and section meetings.

Mrs. E. H. Marek of Yoakum, will conduct a class in Parliamentary Law. Mrs. Marek's class at the State Convention was largely attended.

Assisted by Miss Louise Moon of El Paso and Mrs. J. N. Harn, President of El Paso County Council, Mrs. T. F. Martin of Bracketville, State Chairman for the Spanish Speaking associations will conduct classes for those interested in the work among Spanish-speaking Americans.

Mrs. L. E. Ledbetter of Austin and Mrs. Hadder of Ft. Stockton will have charge of the pre-school and Summer Round-up. Mrs. Ledbetter is state chairman of this most important division of Parent Teacher activity.

The publicity room will be in charge of the district committee, composed of Mrs. Clarence Long-necker of El Paso, Mrs. T. F. Moore of Barstow and Mrs. N. F. Chapman of Pecos, assisted by Mrs. A. H. Dahl of Crane, Mrs. D. S. Beeman and the chairman of the Iran association. An attractive display of posters, year books and record books has been arranged for. The Endowment Fund Honor Roll and the Sul Ross Loan Fund Honor Roll will be displayed. A class on publicity will be held under the direction of Mrs. Chapman.

Mrs. J. C. Coleman of Alpine and Mrs. Will Rooney of Ft. Stockton will conduct the section for Grade and High School Associations.

Mrs. E. D. Hodge of El Paso, district chairman of endowment will present the Endowment Honor Roll. Delegates from the twelve counties comprising the Fifteenth District will be entertained at Ft. Stockton as guests of the Crane-Pecos Bi-County Council made up of the Iran, Ft. Stockton and Crane City Associations.

DISPLAY SALE OF NEW WOOLENS

Frank Robertson, owner of the Empire Cleaners and Dyers, will hold on Saturday March 19, a display sale showing the new wooleens for spring and summer suits as well as top coats.

Don Taylor of Chicago, a representative of the Ed. V. Price Company, will be here and assist Mr. Robertson in the sale.

Announcement of the sale, as well as the attractive prices for suits will be found in the advertisements of Mr. Robertson's elsewhere in this paper.

MRS. WILKINSON BURIED

(Special Correspondence)
WAELDER, Tex., March 14.—Mrs. J. W. Wilkinson, 72, widow of the late J. W. Wilkinson, was buried Saturday in the Thompsonville Cemetery. Rev. J. W. Long, pastor of the Methodist Church, officiating, assisted by Rev. George W. Springfield of the Baptist Church. Mrs. Wilkinson was a McBride before her marriage a member of one of the oldest and largest families in this section, and had a large number of family connections. She was a twin sister of Mrs. J. H. Porter of this place and as they were born on Feb. 29, they celebrated their 18th birthdays on last Feb. 29. Besides her sister, she is survived by a brother, Will Wilkinson; four sons, Willie, Carl, Wesley and Sims; four daughters, Miss Erna, Mrs. George Baer, Donna, Texas; Mrs. Mattie Kelly, San Antonio; Mrs. E. A. Lewis, Tyler, Texas.

THOUGHTS FOR THE WEEK

If it is true that the most beautiful roses are found on the most thorny bushes, then perhaps the old man we were so happy to see supplanted and who as you have correctly guessed allegorically represents the "Year of Our Depression 1931" will have, in spite of our gloomy recollections, served us to some good advantage.

Surely if he has not taught us anything else, he has taught us to reflect and think. How many of us have not at some time or other reflected upon our past ventures, failures and extravagances, whether physical or abstract, and then analyzed them to find a solution for a more stable existence?

Hasn't he taught us tolerance and forbearance towards one another and a feeling of sympathy and responsibility for the welfare of some less fortunate neighbor? Wasn't it a pleasant surprise to find somebody whom we never suspected of any deep emotional feeling, express himself in an unassuming way, by an act of charity or kindness? The mention of this will surely bring to your mind such heroes.

Not among the least of his lessons has been the lesson of truthfulness of the old adage, "Look before you leap," which is no doubt the most self evident and which probably taught us to curb both our impulsiveness and our sometimes utter disregard of the effects of our actions.—Robin.

Self Defense Plea In Fort Stockton Trial

FORT STOCKTON, Tex., March 14.—Attorneys for William Wiley, charged with murder for the fatal stabbing of Leigh Harkey on July 4, 1931, at Iraan, in the West Texas oil field, indicated today he would plead self-defense as his trial began in district court here.

Selection of a jury proceeded slowly and out of 100 special veniremen examined only three jurors has been selected.

Father was pitted against son in the trial, James Cornell of San Angelo and Howell Johnson of Fort Stockton representing the defense while District Attorney Roy Priest had as his Assistant County Attorney Hart Johnson, son of Howell Johnson.

Jeff and Jim Harkey, brothers of the slain man, allegedly fired many shots from a pistol and rifle as Wiley ran after the stabbing and the youth's father, W. T. Wiley, was severely clubbed when he sought to interfere. The Harkey brothers will be tried after Wiley.

CO-OP NOT TO COLLECT FOR OVER ADVANCE

No Part Of Proceeds Of New Sales To Be Withheld

BOSTON, March 17.—That no part of the proceeds from the sale of 1931 or 1932 wool shipments to the National Wool Marketing corporation will be withheld to cover over-advances on 1930 shipments, is announced by J. Byron Wilson, general manager of the corporation. This announcement definitely set at rest all rumors to the effect that growers might be called upon to repay over-advances resulting from the drastic market decline in 1930.

"Operating costs, Wilson stated, have been greatly reduced to correspond with modern tendencies, without the least interfering with the most efficient handling of wool. In fact, the service will be much improved, he stated.

"While the sheep industry has suffered during the past two years, in common with everything else, and while no immediate return to profitable operations can be expected," said Wilson, "we certainly will see the day when mutton, lambs and wool will again bring cost of production and some profit in addition. Pre-shearing loans on a large scale are now being made by the National, thus helping to tide over the difficulties which low returns, droughts and severe winter weather have placed in the grower's path.

State May Sue For Pecos Water

Allred Holds New Mexico Is Taking More Than Share

(By Associated Press)
AUSTIN, Tex., March 12.—Attorney General James V. Allred said today he was contemplating instituting suit against the State of New Mexico to restrain New Mexico from diverting water from the Pecos River.

The river has its headwaters in New Mexico and Allred stated the Texas portion of the river virtually had been made arid through construction of dams in the upper reaches of the river in New Mexico.

The attorney general said he believed New Mexico was diverting more than its share of the water.

Instructions have been issued by Allred to Assistant Attorney General George T. Wilson to investigate the condition. Wilson has gone to Pecos and other cities along the Pecos to confer with land owners. Allred said the water was necessary to irrigate thousands of acres of fertile Texas farm land in the Pecos valley. If the suit is successful it will mean restoration of irrigation to this area. The land once was valued at \$100 an acre, Allred said.

Investigation of the water diversion was undertaken at the direction of the Legislature. Allred said that owing to lack of funds by his department it would be necessary for interested land owners to contribute to the expense of the suit.

The suit, if instituted, will be brought under a decision of the United States Supreme Court holding that upon interstate streams each State is entitled to benefit equally from the waters.

APPOINTED TRUSTEE

W. H. Savage was appointed trustee this past week to take the place of A. D. Brown, who, on account of continued illness, resigned.

Mr. Savage is well qualified to take Mr. Brown's place as he is a graduate of the school, a home owner and interested citizen of this community.

It is with regret that the community hated to lose Mr. Brown on the school board as he has made a good trustee. His many friends hope that soon he will regain his health.

UNCLE SAM

By Francis G. Blair

You ask me who is Uncle Sam, I modestly reply, I am. These hungry urchins meanly dressed,

These mothers suckling babes at breast,

These traffic cops along the street, These rushing crowds on eager feet, These thousands caught in fortunes jam—

All these, and you and I, are Uncle Sam.

All farmers working in the field, All bankers making dollars yield, All those who teach or preach or pray,

All honest workers, night and day, All mountebanks who cheat and sham—

All these, and you and I, are Uncle Sam.

This miner climbing from the mine, This boot-black calling for your shine,

This lawyer pleading at the bar, This doctor rushing by in car, This druggist measuring gill and gram—

All these, and you and I, are Uncle Sam.

Those prosperous in high estate, Those beggars waiting at the gate, Those morons breeding in the slums, Those soldiers stepping to the drums,

Those toppers swigging down their dram—

All these, and you and I, are Uncle Sam.

Not high-topped hat nor stripes nor bars,

Not gaudy coat, bedecked with stars,

Not whiskered chin nor pointed nose,

Not gawky form from head to toes, Not Yankee Doodle's slap and slam

Not any or all of these are Uncle Sam.

But pioneers on land and sea, Unnumbered millions yet to be

Of noble men who work and plan To build and guard their native land,

Who daily do their civic share Unflinchingly and unaware

Of those who praise or those who dam—

All these, and you and I, are Uncle Sam.

—Kessinger's Mid-West.

GOOD OLD DAYS

The old-time liverystable and corner saloon have given way to the ornate garage and filling station; the movie show has replaced the town hall; we go in an hour now a distance it formerly took a day to travel. One can go from coast to coast in a single day in the air. He can telephone from a ship at sea to any one of the 18,000,000 telephones in the United States. He can listen on his radio to speakers thousands of miles away. In a short time he'll be able to see them, too. Our homes are heated by scientific and healthful methods. We have our own cooling systems. Oil and gas and electricity have taken the place of coal. We have the news of the world on our doorsteps, morning and evening, thanks to the stride of modern newspapering. Our lives are full of events. We go places and see things. Our horizons have broadened. Back-breaking drudgery has been eliminated in every avenue of activity. Household appliances, electrically operated, have come to lessen the work of the housewife. We have more time to play, and the golf links is an adjunct of every village and hamlet as well as the larger cities. We have improved our highways and have made our cities sanitary and attractive. But, why go on? Truth is the so-called "good old days" are only a figment of the imagination. The days we are living now are the best the world has ever seen up to now. And "we hain't seen nothing yet." — News-Telegraph, Atlantic, Iowa.

Mr. and Mrs. W. J. Ferguson were week end business visitors in Mason, Texas.

Donald H. Wilson, Editor and manager of the Port Hope (Ontario) Evening Guide, says:

That if any part or parts of our modern industrial civilization broke down we would be a helpless people.

It the ink or paper makers stopped, the printers would be unable to carry on because they do not know how to make their raw materials.

The present generation of farmers would be unable to raise their crops if the present supply of equipment failed, because the younger men could neither sow nor reap by hand as it is a lost art in this country by reason of being long in the discard.

With all our learning we are a helpless lot of people since we became inter-dependent. There is only one in a thousand who can make for himself the means of a livelihood—raise his own food, light a fire without a match, cook without modern utensils, make clothing, or any of the other things which would keep body and soul together.

This being the case, it seems essential that we study to keep our civilization from failing and strive to see that those we are dependent upon are fairly recompensed for their share in our welfare.

We must see that there is a means to check some individuals from getting unlimited wealth and depriving others of a fair return for their contribution to the common good.

Texas Industrial Activities

Fort Worth has a total of 8,518 workers and others actively engaged in some form of manufacturing, according to a U. S. Census bulletin. There are 71,826 gainfully employed persons in the city, of whom 73.2 per cent (52,547) are males and 26.8 per cent (19,279) are females.

Two hydro-electric projects on the Gaudalupe River near Seguin have been completed and a third is scheduled for completion during March with a total of 10,000 horsepower to be generated from the three units which will involve ultimately an outlay of \$2,600,000, according to the Texas Power Corporation.

"July cloth," made from a clever combination of two Texas products cotton and mohair, is to be used in the manufacture of suits by the Pool Manufacturing Co., Sherman. Sear-suckers, imitation linens, poplins and cotton worsted are other materials made from Texas products which are to be used in the manufacture of about 150 summer suits weekly.

A combination plant to shell pecans from October until spring and then to can tomatoes during the tomato-growing season is to be established at Luling, giving an annual season of eight months and employing from 100 to 150 persons.

The 1931 Texas Turkey crop totaled about 2,500,000 valued at \$7,500,000. Thirteen hundred and sixteen carloads of dressed turkeys (1,949,000 fowls) were shipped out of Texas in the 1931 movement, increase of 24 per cent over the 1930 total.

Work sinking a 2,100-foot shaft at a cost of \$200,000 is expected to start on the holdings of the Texas Potash Co., in Ector and Midland Counties not later than May 1. The Company's holdings are said to contain some of the richest potash deposits in the world and plans are being made for a production of 2,000 tons daily when the plant is in operation.

SERMON SERIES AT DRYDEN BEGINS SUN.

Rev. B. M. Stradley Pastor of the Dryden Community Church will begin Sunday March 20th a series of sermons on "The Messages of the Prophets" beginning Sunday afternoon with the message of the Prophecy of Isaiah.

During these series of sermons, the Dryden mixed quartet led by Mrs. P. A. Wyatt will render a vocal number at each service in keeping with the message.

We are glad to see the attendance now which has steadily increased until we are having the Church filled.

We will have some additional seats in the Church for next Sunday.

We hope that our little Church may continue to grow until her influence is felt throughout this section for the Lord.

EASTER PAGEANT

For the past three weeks the Sanderson Hi-Epworth League has been rehearsing the New Easter Pageant titled "The Quest Of The Trail." This Pageant will be put on Easter Sunday afternoon at 5 at the Methodist Church building, directed by Miss Bessie Stradley Epworth League Director.

The League has recently furnished the Church with 24 new choir chairs, and one Pulpit Chair, and a free will offering will be taken at this pageant to pay for these chairs.

Easter Sunday is March 27. All are cordially invited to attend this Easter Pageant at 5 p. m. Sunday March, 27 at the Methodist Church building.

Pay up your subscription.

The Big News Is On The Inside Pages Too

Probably you read the front page of your paper first. But think how soon you forget the "news of the day"—and how long you enjoy the things you buy because of some item in an advertisement.

Almost always, there is big news for you somewhere in the advertising columns of this paper. Look for it. Here's a piece that tells how to make a nicer angel cake—a note on the new models of the car you hope to buy next—news of fashions and furnishings, of hardware and hats. . . interesting, intimate, often dramatic, news that really concerns you and yours.

Remember that size alone is not a measure of value. Often an advertisement in small space will offer just what you want at a saving. So form the good habit of reading the advertising section of this paper carefully. It will save time and money. It will make your home healthier, wealthier, happier.

Read and you will find!

DENTON, March 17. — On the very limited budget, meat and fish may be reduced to a minimum amount, but eggs are very valuable as food and should be included in the child's diet whenever possible. The iron content of egg yolk gives it an important place in the diet. It is also valuable as a source of protein, phosphorus, and vitamin A, vitamin B, and Vitamins D and G. It is advised that not more than one egg be used daily, but that one yolk should certainly be used three or four times daily.

MENUS

Breakfast: Apple sauce, rolled oats with top milk, toast, milk to drink.

Mid-morning: Orange juice, cod liver oil.

Dinner: Hideaway egg, buttered onions, carrot sandwich, chocolate blanc mange, milk.

Mid-afternoon Lunch: Milk, graham crackers.

Supper: Green vegetable soup, toast, pineapple bread pudding, and milk.

Breakfast: Prune pulp, petitjohns with top milk, toast, milk to drink.

Mid-morning Lunch: Tomato juice, cod liver oil.

Dinner: Tomato puff, baked bananas, cabbage sandwich, cinnamon apples, milk.

Mid-afternoon Lunch: Milk, graham crackers.

Supper: Escalloped potatoes and celery, spinach in lemon sauce, pineapple and grapefruit compote with honey, milk.

RECIPES

Hideaway Egg—Bake potatoes. Cut hole in potato and scrape out inside. Season with salt, butter, and cream. Whip until light and fluffy. Add one T of potato to the shell, spread evenly. Then add 1 egg and cover with potato fluff. Place in an oven of moderate temperature until the egg is set.

Tomato Puff—1 c strained tomatoes; 1 c white sauce, 6 eggs, 1-2 t salt, (White sauce—1 c milk; 4 t flour; 4 t butter; 1-4 t salt) To white sauce, add yolks which have been well beaten and cook 3 or 5 minutes. Heat the strained tomatoes and then salt; fold in the egg whites which have been beaten and bake at a moderate temperature until firm. Put baking dish in a pan of water and do not let the water boil.

Cinnamon Apples—2 c sugar; 2 c water; 8 t cinnamon candy, 8 large apples. Make a syrup of the sugar water, and candy. As it boils, add the apples which have been pared, cored, and cut in quarters. Cook very slowly until tender.

iliary will give its closing program for the church year. Each officer will make a report of the year's work. All the incoming officers will be installed. It would be wonderful to have every one of the 32 Auxiliary members present. Come and bring all the family, and invite your friends to this interesting service.

On Saturday afternoon at 4 o'clock the children of the Sunday School who are twelve and under are asked to meet at the church to learn some songs.

Remember the prayer meeting Wednesday at 7:30.

—John V. McCall, Pastor.

BAPTIST

March 20th.

The pastor will preach at both hours Sunday. We had a wonderful day last Sunday; a fine young man united with the church. Come praying for all the services Sunday.

Schreiner Institute Basketball Squad Closes Season

KERRVILLE, March 17.—Runners up in the recent western division tournament of the Texas Junior College Athletic Association at Stephenville, the Schreiner Institute Mountaineer basketball squad, trained by H. C. "Bully" Gilstrap, returned home this week from their last trip of the year.

"The Mountaineers this season played twenty-two games against some of the hardest junior college, senior college, and amateur league competition in the state, and the season has been as successful as we would wish for," said Coach Gilstrap as his squad hung up their cage togs for the last time this circuit. Of the twenty-two games played, Schreiner won thirteen and lost nine.

Jack Payne, of Pecos, center, scored the most points for the season with exactly 200. C. V. Bomar of New Gulf, forward was a close second with 198, and Gordon Wellborn, of Henderson, guard, was third with 188.

The climax of the season came last week-end when Schreiner sent the basketball squad to Stephenville to compete in the western division of the T. J. C. A. A., the first Schreiner athletic team to compete in the conference since Schreiner entered earlier this year. In the first game, Schreiner defeated John Tarleton 33 to 32, then drew a "by", and entered the finals against Hillsboro Junior College, losing to that team 38-28.

At the first of the season Schreiner played an independent team from Fredericksburg two games, winning 43-29 and 42-29. Victoria Junior College and Sul Ross then came to Schreiner for two games each, Schreiner taking the Victoria series 63-33 and 65-25, and Sul Ross series 32-26 and 34-33.

Following these games Schreiner took two trips, losing both games, one to San Angelo Junior College 37-34 and one to the Texas Freshmen 33-13. The Sam Houston National Bank came to Kerrville for one game and the Mountaineers won 26-25, and in a return game here with the San Angelo Junior College Schreiner won 33-25. The Texas Chiropractic College Hawks of San Antonio, last year state amateur champions, and the Texas Freshmen next defeated the Mountaineers, the Hawks winning 33-30 and the Freshmen 52-33.

On the annual trip into South Texas Schreiner lost one 27-25 and won one 55-18 with the Victoria Junior College, won two 50-24 and 40-16 with Edinburg Junior College, and lost two 44-43 and 49-33 with T. C. A. and I. at Kingsville. Kingsville then came to Schreiner and won the first game here 46-45. Schreiner won the second 37-32.

The Mountaineers played five games this season which ended in scores with one point margins, winning three and losing two.

ON TEXAS FARMS

By W. H. DARROW
Extension Service Editor

Winter grazing has been improved on 24 Rust county farms by the sowing of sweet clover seed obtained from roadsides and vacant lots, and from enterprising 4-H club boys who took steps to supply the demand after learning the value of this legume crop from their club work.

There are now seven one-variety cotton communities in Bell county, of which four were organized last year by the county agent.

The 105 dairy cows in eight herds whose owners are members of a testing association in Guadalupe county averaged 329 pounds of butterfat per cow last year. It cost an average of 12 cents per day to feed each cow, the county agent says.

With the aid of the county key banker and the county agent, McCulloch county farmers formed a livestock shipping association in 1930 to enable less-than-carlot-shippers to get the full benefit of the market. At the end of 1931 a total of 60 cars of livestock had been shipped at an estimated saving of \$7600. There are now 150 members.

Washington county 4-H club girls made clothing last year worth \$8,660.

In improving their living rooms in Tom Green county last year 75 farm women spent a total of \$486, says the home demonstration agent, with the largest amount spent by one woman, \$36.

Navarro county dealers report the sale of three-quarters of a million tin cans of home canning last year, and the sale of 190 steam pressure canners and 186 sealers.

Value of Texas industries to others than themselves is indicated by the annual expenditure by Texas industrial plants of \$41,489,860 for fuel and for electric energy alone. Their pay rolls aggregate nearly \$160,000,000 a year and their tax payments are a major contributor to the public exchequer, State, county and municipal.

ANNOUNCS FOR RE-ELECTION AS COUNTY TREASURER

It is with pleasure that the Times makes the announcement this week of Frank K. Harrell who is seeking re-election to the office of county treasurer.

Mr. Harrell is one of the old-timers of Terrell County and is known to almost every citizen of the county and during the time that he has held the office he has made an efficient and agreeable county officer.

"I will sincerely appreciate the vote of every one and above all I cherish the friendship and honor that has been conferred upon me in the past by electing me to this office," Mr. Harrell stated. "I solicit and will be grateful for the continued support of the people of Terrell County and any support and good word spoken in my behalf will be appreciated," he further stated.

Misses Ruby and Ora Lee Fletcher have returned to Valentine after a short visit with their sister, Mrs. Charlie Rogers.

LEAP YEAR CALL

The Editor was handed the following "Leap Year Proposal" by a young bachelor friend of this city, with the understanding that the Editor would not try the proposal on him. Girls we have given our promise that neither would we try the proposal on the said good looking young bachelor nor would we divulge his name. All that we ask that some one or all of our young girls try this proposal on their favorite young sheik, wherever he may be, and please whether you are successful or not let us know the results as the Editor might want to try same.

My Dearest Friend:
I send you this your heart to stir, 'tis you I've chosen of all, on whom to make a "Leap Year Call." I've given you the foremost chance a home for you I will entrance. Your heart I want this is no jest, I hope you will grant me my request, to send me back without delay, your answer saying, "yes or nay." But if your hand does not incline, in wedlock bound yours in mine, then you must "Leap Year Laws" obey, and down to me ten dollars pay. Besides, kind sir, a handsome dress, I ask no more I take no less.

Now you may think this letter funny but I must have man or money. So now please send me your reply, and I'll be your wife until I die. And if you think I am a dandy, please send me a box of candy.

If the writer's name you guess, send your name to my address. If for me there is no hope,—Oh! send to me six yards of rope.

With all kinds of love and kisses, from one who wants to be your Mrs.

From your loving admirer who gives you just three guesses.

Your Future Mrs.
Editor's Note.—This bachelor stated that it had been twelve years since he had received this missive and had cherished same all these years. Wonder why he did not fall? Such a nice good looking man, an ideal one we believe, even to escape this Leap Year.

No girls we can't tell you his name and we are not selfish either.

CROSS SERVICE FRIDAY MARCH 25th.

The annual Cross service of the Sanderson Methodist Church this year will be held Friday, March 25th, 7:45 to 8:45 p. m.

Rev. B. M. Stradley Pastor of the Church is now training 12 boys and 12 girls, the two junior classes of the Sunday School.

Miss Martha Davis is director of the girls group, and Charles Morris is director of the boys group.

Both the Church mixed adult quartet, and the Hi-Epworth League mixed quartet will take part. Mrs. A. P. Utterback a member of the Church music committee will direct the music.

Last year more people were turned away than were seated so this year the Church will be filled with seats so that all attending may be provided with seats.

This year a young men's quartet directed by Mr. Savill Lee Sharp will render two special numbers.

Mrs. Geo. Thurman and children were visitors here Wednesday from the S. L. Stumberg ranch. Her sister, Miss Doris Bruce, who has been visiting her returned to her home in Brackettville Wednesday.
