NO. 4.

STOCKTON HOST TO DISTRICT P. T. A. MEET

Many Prominent Speakers Heard At Three Day Program

The fourth annual conference of the fifteenth District Texas Congress of Parents and Teachers was held in Fort Stockton, March 29, 30 and 31. Delegates from the twelve counties comprising the Fifteenth District were the guests of the Crane-Pecos Bi-County Council made up of the Iranan, Fort Stockton and Crane City Associations.

Sanderson Parent Teacher's Association was represented at this meeting by Mrs. H. R. Laurence and Mrs. A. P. Utterback, president of the local organization.

Mrs. Laurence attended the banquet given for the members of the Texas Corresponding Course graduating class. At this banquet the graduates were awarded their certificates for having completed the course of study on the organization and workings of a Parent Teachers Association. Several of the outstanding speakers of the convention were introduced at this banquet.

Mrs. Utterback gleaned a great deal of beneficial knowledge from the class in publicity which she attended. This class was under the direction of Mrs. N. F. Chapman of Pecos.

Dr. Lucinda de L. Templin of the Radford School for Girls gave a very interesting talk concerning social health. Following Dr. Templin's talk Dr. A. P. Utterback of this city discussed the prevention of tuberculosis in children. Among other speakers were Mr. H. B. Fort, Principal of Austin Junior High School, El Paso; Mrs. J. C. Coleman of Alpine; Mrs. L. E. Ledbetter, State Chairman of the pre-school and Summer Round-ups and Mrs. T. F. Martin of Brackettville, State Chairman for Spanish Speaking associations.

One of the most attractive features of the convention was the display of posters, year books, and record books of the various organizations. The Endowment Fund Honor Roll and the Sul Ross Loan Honor Roll were also on display.

The counties of the Fifteenth District were well represented at the convention.

State Might Bar Road Contractors Not From Texas

AUSTIN, Apr. 5 (AP)—W. R. Ely, Abilene, chairman of the State Highway Commission, is considering an order barring out-of-State contractors from projects paid entirely by State and county funds.

The proposal has been discussed, but not voted upon, by the commission.

Ely stated the proposed action was not intended to apply on projects receiving Federal aid. He said some States have exhausted road building funds, causing contractors in those states to bid on Texas work.

STUDENTS GIVE COWBOY SKETCH

It is often quoted that the traditions of the West are fast becoming extinct, that the modern boy or girl though living in a region rich in cowboy legend, knows nothing of the life of the early cowboy, but after seeing the program which was presented at the High School last Thursday evening by a group of High School students, one would conclusively judge that such a statement is a falsity. The program consisted of cowboy music and readings. It was typical in every respect of the cowboy life in the west. The rangeboss, the foreman, the cook, and the hands were all depicted in a style quite characteristic of their types.

The colorful setting and the costumes were unique in portraying the outdoor life of the westerner.

WORLD FAMOUS SIMMONS BAND IN CONCERT HERE

The Cowboy Band of Simmons University which appeared here in concert at the High School Auditorium Tuesday evening, April 5.

This band was under the management of G. B. Sandifer and D. O. Wiley as director. This band, "The Best Known University Band in the World" played to a large and appreciative crowd. They left here Wednesday morning for Ft. Stockton for their next concert.

MRS. ADERHOLD STRICKEN IN SAN ANTONIO

Funeral Services Are Held In Del Rio On Thursday

Mrs. Belle Aderhold wife of J. P. Aderhold Sr., died shortly after 11 o'clock Tuesday morning in a San Antonio hospital of complications, following a ruptured appendix, according to telephone advices received here shortly before noon.

Mrs. Aderhold underwent an operation Wednesday after being rushed to a San Antonio hospital. No funeral arrangements have been made, but it is believed that the body will arrive here Wednesday.

Mrs. Aderhold resided in Del Rio more than 30 years, coming here as the bride of J. P. Aderhold from Georgia. She was Miss Belle Barge before her marriage.

Survivors include: Her husband, J. P. Aderhold Sr., one son, Dr. J. P. Aderhold Jr., two daughters, Mrs. Margaret Shipman and Dorothy Aderhold, both of whom are attending teachers college at San Marcos; her mother, four brothers, and one sister, all of whom reside in Georgia.—Del Rio Evening News.

The many friends here of the Aderhold family regret to learn of her death. Mr. Aderhold is a retired engineer of the Southern Pacific and is well known here.

BOBBY JOHNSON HURT

Last Monday afternoon little Bobby Johnson, the youngest son of Mr. and Mrs. H. D. Johnson of this city, was accidentally thrown from a truck driven by his father and every since has been very sick. He suffered very few bruises but almost had concussion of the brain. Reports from his bedside Thursday were that he was lots better and thought to be well on the way to recovery.

LUTHERAN SERVICES

Rev. C. G. Weigeranders, Lutheran Minister of Del Rio, will hold services tonight, Friday April 8, at 7:30 at the Presbyterian Church.

The public is cordially invited to attend these services.

Mr. and Mrs. Buck Pyle, of the West Pyle Cattle Company ranch, near Longfellow, attended the American Legion dance here last Saturday night.

THOUGHTS FOR THE WEEK

PROFESSIONAL PESSIMISTS

Professional pessimists would do well to examine statistics which relate to the amount of money on deposit with state banks, national banks and private institutions under state supervision. These figures, indicating deposits of well over \$400 for every man, woman and child in the United States, may well be regarded as constituting a sound basis for business recovery.

The main difficulty with most critics resides in the fact that they do not hesitate to go out of their way to unearth unfavorable information even when favorable factors are nearer at hand.—Dr. Max Winkler.

HARDGRAVE IS ELECTED AS NEW TRUSTEE

Light Vote Polled In School Board Election Last Saturday

A very light vote was cast here Saturday in the Trustee election which was held. E. W. Hardgrave was the only candidate and he received 78 of the 91 votes that were cast in this precinct. A. F. Buchanan, of Dryden, received 12 votes and John Stovell, of this city received 1. Neither Stovell, whose term expires this year, or Buchanan were running their names being written in.

R. S. Wilkinson, Henry Gates and J. H. Loehausen held the election here.

We were unable to get the returns from the other precincts where the election was held but we hope to have them next week as the Commissioners Court will meet Monday and canvas the returns at that time.

DANCE AT DRYDEN TONIGHT

At the Dryden Community Hall tonight will be given a benefit dance and supper for the Dryden Baseball team. Charlie Rogers' string band will furnish the music.

Everybody is welcome to come to this dance and have a good time and also help out the baseball team.

COWBOY BAND PRESENTED IN CONCERT HERE

Large Appreciative Crowd Hears Well Known Band

On Tuesday evening, April 5th, the Cowboy Band of Simmons University was presented in Concert at the Sanderson High School Auditorium. Their repertoire consisted of marches, classical, and popular music.

Several numbers which were played as encores and as specialties were arranged by members of the Band. Harmon Covington attracted much attention with his xylophone solo playing. Walter Dickenson, solo cornet player, and the brass quartette also received much applause.

The stage scenery depicting the typical western range, and furnished by the Simmons University Art Department; and the colorful cowboy style uniforms in all their existence, lend much to the preservation of the traditions of the West.

The Cowboys are making a tour of Southwest Texas, visiting such towns as Odessa, Pecos, Balmorea, Sanderson, Fort Stockton, and Eagle Pass. At Eagle Pass they are to play the Pageant for the opening of the canal.

There are about 32 cowboys in the group. Mr. D. O. Wiley is director of the Band, and Mr. G. B. Sandifer is manager.

MEXICAN BROUGHT TO TOWN AFTER THREATENING MEN

Juan Alvarado was brought to town last Saturday evening by Sheriff Lee A. Cook and W. L. Barber, custom officer, after they had been summoned by ranchmen in the Bullis Gap country. The man is being watched for signs of insanity.

It seems as though Alvarado got mad at several herders in that section of the country and had them all afraid of him as he went up and down the river carrying an old Winchester and threatening their lives. Thinking he was crazy and also afraid of him the officers were sent for.

Immigration authorities investigated the case and thought that perhaps he was an alien but it was found out that he has been a resident of this section of the country for some fifteen years or more.

COUNTIES FAIL TO CUT TAX ON NEW FEE PLAN

License Fee Supposed To Supplant All Road Taxes

AUSTIN, Apr. 5.—The Legislature three years ago gave counties the money and pointed out the way for them to cut 15 cents off their local tax rates, but so far not a single county has made the cut, the author of the law pointed out here.

Rep. R. M. Hubbard of Bowie County pointed out that the last automobile license fee law specifically authorized counties to take State auto license fees and use them instead of the 15-cent road tax levy; but that the counties have used the license fees and continued to levy this tax, which the Legislature meant to have been abandoned by the counties. In most counties it runs 15 to 20 per cent of the total tax rate he pointed out.

The law gave all counties the first \$50,000 of auto license fees and 50 per cent of all over \$50,000. Nearly half the counties get all the license fees they pay, he pointed out.

His own county, Bowie, gets over \$60,000 in license fees a year he said, but continues to collect \$20,000 more in the local road taxes.

The law directs that counties may spend one-half of the license fees it receives in reducing its road bond purposes. Bowie County, he said, could abandon its road tax and still have \$40,000 for maintenance of county roads from the license fees.

"No county seems to have taken notice of this authority," Mr. Hubbard said. "I have inquired, and have yet to find the first county that took advantage of it to reduce the levy of taxes on property for road purposes."

Bonus Payment To Local Vets Near \$43,677

Should there be a payment of the adjusted service certificates by the Federal Government, as proposed in a number of bills now up for consideration in Congress, there would be a sum of about \$43,677.20 to Terrell County veterans, according to figures as compiled by Wright Patman, Texas Representative, who is making an active fight for the payment of the certificates.

Patman contends that the Government will be saved tens of millions of dollars annually in administration expenses if the certificates are paid now. He also declares that there are at least 1,600,000 veterans that need their money at this time.

President Hoover has gone so far as to declare that he would veto any bonus bill passed.

Legionnaires Hear Special Sermon By Dr. A. L. Moore

Members of the Clarence Hallie Post No. 160, American Legion, were special invited guest of the Methodist Church at the 11 o'clock services last Sunday morning.

Rev. B. M. Stradley, pastor, in giving the welcome to the Legionnaires spoke of the noble purpose of the American Legion and said in the execution of the noble purposes of the Divine flame within the breast of every man we always face this truth: "We must accept Divine leadership and guidance and seek heavenly power or else fail in our own strength." Dr. Moore in his address used the subject, "The Good Soldier," outlining his message in that a Good Soldier must be teachable, he must be strong, and he must be obedient to every command, closing with the thought of endurance.

A quartet, composed of Legionnaires, rendered a special number, "Jesus Keep Me Near the Cross."

After the services every member of the American Legion present came forward to express their thanks and gratitude for the services.

SERVICES FOR J. "ED" SMITH HELD SUNDAY

Pioneer Resident Of This Section Stricken In Del Rio

Funeral services for Jesse Edwin "Ed" Smith, 54, who died early Sunday morning following a three week's illness, were held Sunday afternoon at 4 o'clock from the First Baptist Church with the Rev. J. C. Burkett, pastor, officiating. Interment was in Westlawn Cemetery under the direction of Doran Funeral Home.

Mr. Smith was born in Jack County, January 29, 1878, and moved to Edwards County with his parents when a child. He grew up in Edwards County and engaged in ranching there and in the Sanderson country. Mr. and Mrs. Smith have lived in and around Del Rio for the past 12 years, coming here for the last time five years ago. Since that time Mrs. Smith has been engaged in the hotel business, running the Del Rio Hotel until recently when she took over the Gateway Hotel.

Mr. Smith married Mary Eunice Henderson, daughter of L. K. Henderson, Rocksprings, March 14, 1906.

He is survived by: His Widow, Mrs. Mary Smith; two sons, Milton Ellis, Sanderson, and Lemuel Edwin, Del Rio; one daughter, Mrs. Mildred Kirke, Carrizo Springs; two brothers, J. W. Smith, Batesville, and J. C. Smith, Christoval; one sister, Mrs. Susie Collier, Junction.

Active pallbearers were: John Draper, Natt Holman, John Potter, George Shadducks, B. E. Johnson and Ed. Arledge.

Mrs. Arthur Barrows, Rocksprings, a niece, was present for the funeral. Mr. and Mrs. L. K. Henderson Sr., Tom Henderson, L. K. Henderson Jr., Onie Henderson, Rocksprings, father, mother, brother and sister of Mrs. Smith, were here for the funeral, coming here Friday and returning home Sunday. Mrs. Buck Bishop, Mr. and Mrs. T. O. Bishop, J. C. Bishop and Nedd Bishop, all of Carta Valley, also attended the funeral.—Del Rio Evening News.

Menard Awarded Next Convention Of Legionnaires

At the meeting of the 16th American Legion District which was held in Kerrville on March 26th and 27th Menard was selected as the place for the next district convention. Over 200 legionnaires were in attendance at the convention with 25 towns being represented.

E. E. "Pat" Murphy of San Angelo was elected executive committee member succeeding E. D. Cox who is also from San Angelo. Robert Spindle of El Paso was elected assistant executive committee member.

The Legionnaires were well entertained by Kerrville citizens and a good meeting was held.

LOYALTY CLUB ELECT NEW OFFICERS

The Loyalty Club met Monday afternoon in the Methodist Church and elected the following officers to serve for the next six months: Miss Loraine Haley, president; Miss Bertha Mae O'Bryant, secretary; Miss Martha Davis, Educational director and Miss Mary Beth Banner, treasurer.

MRS. DUNNIGAN BURIED

Funeral services were held in Del Rio on Wednesday afternoon for Mrs. H. O. Dunnigan. Mrs. Dunnigan is a sister of S. M. "Bunk" McGee who works on the Charlie Gregory ranch near here.

Mr. and Mrs. E. E. Townsend

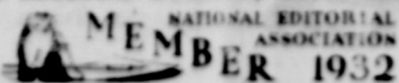

Mr. and Mrs. E. E. Townsend of Alpine were visitors in the city Tuesday and Wednesday. Mr. Townsend, who is candidate for Representative of this the 87th District, was meeting old friends and making new one and electioneering.

EDITORIALS

Sanderson Citizens should consider it a rare treat that they were able to hear the famous Simmons University Band which played in our city on Tuesday evening.

Now is the time for our public spirited citizens to get busy and let's clean up, paint up, and beautify our little city.

We feel as though our business people, those whom the tourist trade will mean most, is failing in their duty not only to themselves but to our city as well when they fail to get behind the movement to host and advertise Highway No. 90.

There has never been a change in the American school system without an important social reason for it.

Mr. and Mrs. Jake Morefield, enroute to their home in Del Rio from a visit to Marathon with friends and relatives, spent several hours here Monday with Mrs. Dixie Schupbach.

Mr. and Mrs. Hilton North, who ranch near Dryden were week end visitors with Mr. and Mrs. Kendrick Harrell and attended the American Legion dance here Saturday night.

Mr. and Mrs. R. E. Fred were in town Monday from their ranch on the Pecos.

Ervin Grigsby and "Pinky" Landers were visitors in Ft. Stockton Sunday.

That every citizen should support the business concerns of the home city because they are active, alive, and doing the things that go to make the home city a better place in which to live and make a living.

Cities grow through the leadership of its live citizens. They set the standard of the aims and ambitions of the home city, and should have the whole hearted support of the entire community in carrying those plans to a successful conclusion.

A live city is simply impossible without live citizens.

Knockers who constantly hammer away at every project should stop and think. They only hurt themselves.

Live citizens never side-step an unpleasant duty. They just step over all obstacles and go on their way.

Real boosters are always working to advance the interests of the home city.

Boosters know the truth when they see it and get busy and let the other fellows know it.

Boosters get going and keep going and the rest of the people should go the way the boosters go.

Boosters realize that every dollar invested in the home city means a new dollar enlisted in its service.

THIS AND THAT By JIMMINY

Newspaper reporters are such a bother. Recently a convict, who refused to work because he said he was sick, was given thirteen licks across his back with the "bat" and chained to a bench to finish out his period of punishment.

He investigated, and wrote a story about the convict's death. Prison officials were peeved; they denied the accusations. Manager Lee Simmons "looked into the matter" and exonerated officials and guards.

The whole thing might have been dropped there, had it not been for another convict who was released a few days later and rushed to the paper that "scooped" the story and recounted, as an eye witness, the events leading up to the beating and later death.

The story appearing in the paper "convinced" District Attorney Ben Greenwood of Palestine that something is wrong somewhere. He decided to make an investigation.

Now what? Newspaper reporters are such a bother. Well, anyway, "thar's smoke in them thar woods."

O. D. Shirley, of El Paso, spent the week end, week before last with his sisters, Mrs. Joe F. Brown and Miss Clara Shirley at the Brown ranch.

Dr. Suzzallo Speaks At N. E. A.

Appearing before the Department of Superintendency of the National Education Association which met in Washington, D. C., during the week of February 22nd, Dr. Henry Suzzallo, president of the Carnegie Foundation for the Advancement of Teaching, New York City, and a member of the President's Advisory Committee on Education whose recent report favored the creation of a National Department of Education spoke as follows:

"There are too many academic specialists in our public schools who know very much about a little field of study and nothing much about the wider ranges which make up the rest of life."

Milton C. Potter superintendent of Milwaukee schools was elected president of the Department of Superintendents. Mr. Potter succeeds Edwin C. Broome of Philadelphia.

During the sessions of the Department of Superintendency, which were held in the palatial Constitution Hall, a letter was received by Mr. Potter, the new president, from President Hoover which congratulated the department upon the success of its conference.

NEW COTTON PRODUCT PROVIDES CONTAINER FOR FOOD MATERIALS

A new use for cotton, developed by A. & M. College, is for sausage containers—a kind of cellophane made from cotton and found most satisfactory for casings in which to pack the ground sausage. Experience has demonstrated how satisfactory it is in actual use, the transparent paperlike material showing clearly the contents and being 10 per cent sanitary and spotlessly clean.
The cellophane development is in line with the cotton products laboratory which Progressive Texans, Inc., is sponsoring, and bill establishing which is now in Congress, and the cotton containers furnished ocular proof of what scientific research can do in the finding of new uses to which the South's great staple can be put. The lowest grade cotton and linters seem, from experiments recently made to make a better cellophane wrapper than high-grade and long-staple lint.

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(CIA)

Denton, Apr. 7—The normal rapidly growing child has a good appetite. He comes to the table eager for his meals, and he eats with zest the food set before him. He has developed good food habits under guidance. When children dawdle over their food or refuse to eat it, their habits of eating need to be restrained.

Cod-liver oil is not a "luxury" but an indispensable food for young children. The vitamin D, important in preventing rickets, is plentifully supplied by cod-liver oil. It also furnishes large amounts of the vitamin A and is thought to aid in building up resistance to infections, particularly those that are respiratory in character. Recent studies seem to show that the effect of the sun rays in preventing rickets varies a great deal in different parts of the country under different conditions, so it would seem a good idea as a precaution to give cod-liver oil regularly even though the child is in the sunshine a great deal.

Menus

Breakfast: Stewed prunes, peaches with top milk, toast, milk to drink.

Mid-morning lunch: Orange juice, cod-liver oil.

Dinner: Beef stew with vegetable, spinach with lemon sauce, buttered cabbage, raisin custard, milk.

Mid-afternoon lunch: Milk, Graham crackers.

Supper: Cream of tomato soup, toast, baked bananas, milk to drink.

RECIPES

Meat Stew with Vegetables: 1 1/2 lb beef, 1 c celery, 1 c carrots, 1 c potatoes, 3 t salt. Method: Cook beef and cut into small pieces. Cut vegetables into small pieces and cook in boiling salted water. Mix with meat and mash.

Cream of Tomato Soup: Use 2 c strained tomato. Heat 1 1/2 c and add 2 t flour mixed with the rest of tomato. Add 2 t butter and 1/2 t salt. Cook together about 10 minutes. Heat 1 qt milk in double boiler, being sure that the water does not boil. Add tomato to this just before serving. If the mixture stands, it will curdle.

BAZAAR

Dates Set For Cowboy Reunion At Stamford

STAMFORD, April 7.—The Third annual session of the Texas Cowboy Reunion will be held here July 4, 5 and 6. The dates, which have just been adopted by the board of directors, are about a week later than past sessions have been held, and the Fourth of July is included for the first time as one of the show days.

Preparations are going forward for what is expected to be the largest Independence Day affair in the western half of the State and possibly in all Texas.

Beginning as a sectional affair in 1930, the Cowboy Reunion gained statewide prominence and attracted national attention last year.

Outstanding features of the Reunion each year are the gathering of hundreds of pioneer cowboys and ranchmen, and the cowboy rodeo in which cowhands from the ranges compete. New attractions will likely be added this year.

A number of improvements are being made on the Texas Cowboy Reunion grounds one mile southwest of the city. At the rodeo arena, the chutes are being lengthened and improved in order to speed up the show, making it possible for one contest to follow quickly after another, according to W. G. Swenson, president of the reunion.

One new corral has been built. A two-inch water line is to be laid from the city mains to supply water for the horses and cattle used in the rodeo as well as the entire Reunion grounds.

The cowboys dance, one of the popular features of the reunion, will likely be transferred from the open pavilion to the City Auditorium this year in order that it may be witnessed by a larger number of spectators.

With the shifting of the dates to include the Fourth of July, preparations are being made to handle a much larger crowd than last year when nearly 15,000 persons attended.

DRYDEN LOCALS

By Mrs. C. C. Chambers

Miss Elizabeth Sherrod spent last week end in Dryden the guest of Miss Marifrances Mason.

The ladies of the Dryden Methodist Church gave a box supper at the Community House Saturday night, March 21, which was well attended. There were many pretty and well filled boxes which sold readily and a neat sum was realized.

Mr. O. J. James and family went to Eagle Pass Sunday to attend the funeral of Mrs. James' brother, Bob White, who died in that city Sunday morning.

Miss Marifrances Mason is spending a few days with Miss Elizabeth Sherrod at her ranch home near Dryden.

Mr. and Mrs. N. M. Scott have returned to their ranch home near Dryden after an extended trip to San Antonio.

Two seesaws are being installed at the Dryden School for the little fellows.

Mr. Will Chandler and son, Homer, motored to San Antonio last week where Mr. Chandler went to consult a doctor.

Mr. DeWitt Coleman of Post, Texas, is visiting his uncle, V. M. Mason and family.

Mrs. A. F. Buchanan and Miss Lorene Barker were Sanderson visitors Monday.

Notley Scott and mother, Mrs. Ella Scott are both confined to their bed with illness.

Quite a number of Drydenites went to Sanderson Tuesday night to hear the Simmons University Band of Abilene. All pronounced it a rare musical treat.

Mrs. M. E. Chambers and Mrs. V. M. Mason were Sanderson visitors Tuesday.

Mr. Sims Eldridge and Mr. Dick Eldridge of Sabinal were in Dryden last week enroute to Sanderson on business.

R. W. Patton was a business visitor in Del Rio Monday and Tuesday.

Geo. C. Haseltine was a visitor from Fort Stockton Saturday. Mr. Haseltine was a former agent here more than 35 years ago.

Violations Of Full Weight And Measure Law Show Decrease

AUSTIN, TEX. Apr. 7.—Computing scales that are out of adjustment more often favor the buyer than the merchant, but gasoline pumps are just the opposite, in that when out of order they tend to give short measure, according to M. S. Frazee, chief of the Weights and Measures Division of the Department of Agriculture.

Short-weighting by merchants is on a rapid decline and buyers can be relatively sure of getting full weight, more so now than ever before, reports of his inspectors lead Frazee to believe.

But in the matter of gasoline pumps it is different. At least twenty per cent of those tested by state inspectors are out of the tolerances and are condemned for repair. Their reports show that around seventy-five per cent of the pumps out of order favor the seller and not the buyer.

Those figures are gained from inspections made of apparatus legally out of order, and do not include those "jimmied" to short weigh or short measure intentionally, Frazee points out. Violations of the State full weight and measure laws are fewer now than in several years following an intensive campaign waged by the weights and measures division in co-operation with the federal bureau of standards, Frazee said.

Texas Industrial Activities

A new egg-breaking plant at Ft. Worth will give Texas egg producers an additional outlet. It will be the largest egg-drying plant of its type in the United States, according to announcement of Lucien Cloquet, and has the backing of the Doughnut Machine Corporation of New York. Employing 125 people the plant will have an annual capacity of 4,200,000 dozen eggs.

The first cracking plant in East Texas has been completed at Longview. It has a daily capacity for handling 12,000 barrels of oil and of producing 7,500 gallons of gasoline. The additional equipment to transform the former skimming plant into a cracking plant cost around \$150,000 and thirty-five skilled workmen have been added to the payroll.

Groesbeck Chamber of Commerce is interested in establishing a canning factory. San Angelo men have acquired the property of the San Angelo Refining Co. with a daily capacity of 2,500 barrels and will put it in operation. Diamond Mill & Elevator Co., Sherman, is adding to its capacity. Amarillo Baking Co. has been organized with \$60,000 capital. Doughnut Machine Corporation is erecting a \$75,000 plant in Fort Worth for an egg-breaking project. Brent Hydraulic Brake Co. is a new corporation at Orange. Glenn Rubber Co., \$15,000 capital, is a new industrial concern at Waco.
