## THOMASON TO STAY ON JOB IN WASHINGTON

### States That Opponent Is Not Resident Of El Paso

WASHINGTON, June 16.—R. E. Thomason, seeking renomination for a second term as congressman from the sixteenth Texas district, will stay on the job in Washington until the House acts on the important pending matters before returning home to start his campaign, he said here this week.

Congressman Thomason announced that he would support a referendum on the Eighteenth Amendment if the Democratic party took such a stand, and he cited a few of his achievements here in asking for reelection.

Thomason expressed surprise when informed of Dan M. Jackson's announcement and said:

"This is the first I have heard of Jackson since the Republicans brought him to Washington nine years ago. I am curious to know his El Paso street address. The record here shows his residence to be 3029 Monument Avenue, Richmond, Virginia. It is strange, too, that he has paid no poll tax in Texas.

"I am not going to leave my post of duty here until all important questions have been voted upon. I will then return to the district and make an active campaign. In the meantime I urge my friends to organize in each county.

"Surely my record in Congress is not to be measured alone by my vote on prohibition. I believe it to be the highest duty of every representative to carry out the expressed will of his people. In 1917 when a member of the state legislature, I voted against prohibition because the people of El Paso County had voted on the question and I carried out their instructions.

"I have never failed loyally and actively to support the Democratic party. In my recent votes on the liquor question I carried out my campaign pledge, and nobody was deceived.

"If the Democratic National Convention adopts a referendum plank, I will give it my support.

"I have given active support to a balanced budget, economy, relief of unemployment and reconstruction.

"I have aided in the securing of loans from the Reconstruction Finance Corporation, including one to make a substantial payment to the depositors of the First National Bank, of El Paso.

"I obtained a moratorium for the El Paso valley farmers; have fought for enlargement of Fort Bliss, the retention of Fort D. A. Russell; new Federal buildings needed in my district; a tariff on copper; a tariff on oil; and Rio Grande rectification."

## Masons Elect New Officers For Ensuing Year

At the meeting of the Sanderson Lodge 988 A. F. & A. M. which was held Tuesday night the following officers were elected to serve the ensuing year: J. S. Nance, Worshipful Master; Rufus Murrah, Senior Warden; Willis Harrell, Junior Warden; S. C. Bodkin, Treasurer; Fred Savage, Secretary; S. S. Daggett, Tiler.

Mr. and Mrs. Paul E. Ritter of Dryden spent the week end in San Antonio and from there Mrs. Ritter departed by train Saturday for Lewistown, Penn., to visit Mr. Ritter's parents arriving there Tuesday noon. Mr. Ritter is stationed at the Dryden Airport and expects to visit his home some time this summer. Mrs. Ritter is the daughter of Mr. Jim Haley, of Sanderson.

Miss Anne Dunman spent several days this week with Mr. and Mrs. A. M. Buck and son, Emmitt at the Buck ranch near Dryden.

Mrs. Mary Pierson of Haymond spent Tuesday here with her son, Earls F. Pierson and family.

## Rabbit Roping At Odessa Proves "Cruelty To Cowboys"

When the American Legion Post at Odessa, Texas, decided to include a Rabbit Roping contest in their recent rodeo, they didn't realize what a ruckus they were starting. Humane societies all over the country complained. The Legion was restrained from having the contest, but the Legion won a writ of injunction restraining the sheriff from stopping them when Judge Henry Webb ruled the jack-rabbit a rodent, on which humane laws do not apply. But when the contest was held, it turned out to be cruelty to cowboys and not to animals, because only 7 of the 105 cowboys

## DEL RIO GETS TEXAS PRESS CONVENTION

### Houston Is Only City In Competition For Meet

Special Correspondent.

MINERAL WELLS, June 11.—Del Rio will be host to the 1933 Texas Press Association convention. Del Rio was selected over Houston in a vote taken on the final day of the convention here Saturday. Houston presented the only bid in competition to the border city.

District Attorney Julian LaCrosse and James C. Nettis, secretary of the Del Rio Chamber of Commerce, presented Del Rio's bid for the convention. The Del Rioans boosted their cause with huge Mexican sombreros and a lobby display extolling the scenic beauty of the Del Rio section.

Lowry Martin, publisher of the Corsicana Sun, was elected president of the Association.

## Bogus Money Is Circulated

A warning has been sent out in West Texas to watch out for counterfeit \$10 bills, following the arrest at Mentone the county seat of Loving county, last week of two men, Aubrey and Dan Smith, father and son.

The bogus money is Federal Reserve notes in denomination of \$10 and the imitation is said to be good. The counterfeiter usually presented the bills crumpled, in order that their newness might not cause suspicion.

It is thought that quite a large amount of this money was circulated throughout the section, and all merchants are warned to carefully examine all the \$10 bills tendered them.—Alpine Avalanche.

## Rangers Seek Owners Of Stolen Saddles

Texas Rangers headquarters in Austin is seeking owners of more than 80 saddles recovered by the Rangers in smashing an organized ring of saddle thieves, according to a letter received by Sheriff M. L. "Bud" Whistler from Ranger Captain Frank Hamer.

Captain Hamer requests that ranchmen or others who have lost saddles, send a full description of their stolen property to Ranger headquarters so that the department may be assisted in returning the saddles to original owners.—Del Rio Evening News.

Mr. and Mrs. Doc Turk were visitors in the city the first of the week from his ranch in the eastern part of the county.

## THOUGHTS FOR THE WEEK

### OUR BIGGEST BUSINESS

It (education) is our biggest business. It is our only indispensable business. . . if we were to suppress our educational system for a single generation the equipment would decay, the most of our people would die of starvation, and intellectually and spiritually we would slip back four thousand years in human progress.—President Hoover.

## Delegates To Demo Convention Asked To Wear Cotton Suits

AUSTIN, Tex., June 13.—Southern delegates to the Democratic National Convention, to be held in Chicago June 27 are being urged by the National Association for Increased Use of Cotton to wear a cotton suit on at least one day of the convention.

Regional presidents of the Association are forwarding personal letters to all of the delegates from the cotton states. J. E. McDonald, Commissioner of Agriculture and President of the Texas Division of the National Association, forwarded the letters to Texas' 141 district delegates and 40 delegates at large.

"National delegates render an unselfish and patriotic service to their State and Nation, and this service can be materially broadened if every delegate from the cotton states should provide himself with a cotton suit to be worn on at least one day during the Chicago convention," Commissioner McDonald wrote. "The National Association for the Increased Use of Cotton respectfully urges that you provide yourself with a cotton suit.

"A letter similar to this is going to every southern delegate to our National Convention. Our only motive is the promotion of more uses for cotton, and we have implicit confidence in our delegates cooperating in this endeavor."

A. B. Cargile of Los Angeles, Calif., stopped over for a few days visit with Mr. and Mrs. W. C. Cargile this week. He will sail for Havana, Cuba next week where he has a position with a Publishing Company.

Mr. and Mrs. A. E. Creigh Jr. and son accompanied by Mrs. Creigh's mother, Mrs. John Craig are visiting relatives and friends in San Antonio.

Charlie Gregory was a business visitor in Del Rio several days this week.

J. M. Corder was a business visitor in Del Rio the first of the week.

## RADIO STATION BEING ERRECTED IN OLD MEXICO

### Station At Piedras Negras To Be Counterpart Of XER

EAGLE PASS, June 9.—Construction work was begun today on a 75,000-watt radio station in Mexico nine miles northwest of Piedras Negras. Its call letters will be EXPN.

The station site is just across the Rio Grande from the recently completed hydro-electric plant in Maverick County.

C. M. Bres of Piedras Negras and W. E. Branch, radio engineer, are chief stockholders in the company promoting the project. Mr. Branch was the engineer in charge of constructing station XER in Villa Acuna.

Plans call for completion of the station by September 15, on which date it will go on the air.

Fifty workmen were busy today clearing a 10-acre tract for the plant. It will be necessary to build a road to the station from Piedras Negras.

The station will have two studios, one in the Casino at Piedras Negras and the other at the Yolanda Hotel in Eagle Pass.

A permit has been granted for the station to operate on a frequency of 885 kilocycles.

## \$16 Apportionment Looms for Schools

AUSTIN, June 11.(AP)—Schools affiliated with the state education system may be forced to take a cut in the amount of money allotted by the state through the annual per capita apportionment.

L. W. Rogers, assistant state superintendent of education, estimated that the revenues in sight at the present time, unless augmented by additional taxes, would yield only \$16 per student as compared with the \$17.50 apportionment that has been granted the past few years.

B. J. Stewart of Rocksprings, a candidate for State Senator for this the 29th Senatorial District was a visitor in the city several days this week in the interest of his candidacy. Mr. Stewart gave a political address at the Princess Theatre on Tuesday evening setting forth his platform. He was accompanied by B. L. Stewart Stewart also of Rocksprings.

Mrs. H. C. Broadhead and daughter of El Paso visited Mr. and Mrs. W. C. Cargile this week.

Miss Fae Mace has returned from a visit with her sister, Mrs. Lucille Lee in San Angelo, Texas.

Mrs. Effie Kennedy of San Angelo arrived Wednesday for a visit with her son Floyd Kennedy.

## TWO INJURED IN MOTORCYCLE TRUCK CRASH

### Suffer Arm Injuries In Accident Last Friday

As they were returning to Dryden last Friday night after attending church services in this city, Pat McDurean of the Dryden Airport, and Orin Anderson, who works on a bridge gang at Dryden, miraculously escaped death when the motorcycle they were riding crashed into the rear end of a truck which was parked on the Highway.

Newt Evans, who works for the Dozier Construction Company, was coming into town and had parked his truck along to one side of the road and was fixing the lights. McDurean and Anderson, who were riding a motorcycle, came along and drove too near the truck. A beam extending from the rear of the truck caught them crushing and breaking the bones in the left arm of each.

Both injured boys were brought into this city for treatment and later taken to Dryden. McDurean was carried by ambulance plane to the base hospital in Ft. Sam Houston, while Anderson was taken to the S. P. Hospital in Houston on the early morning train.

Reports from both boys are that they are getting along nicely and it is stated that McDurean will not lose his arm unless complications set up later.

## Start Caliche Work On Road

The work of hauling caliche for Highway No. 3 east from Brackettville to the Uvalde County line, contract for which was let a few weeks ago, has started. This is more good road news.

There had been a slight delay in starting this work, as we said in our last issue, but actual hauling and placing of the caliche was begun Friday of last week, and good progress is being made in this direction. The foundation and grading work has been completed some days ago by Mr. Vann, the contractor.

The contract for the caliche work its hauling and surfacing, is expected to be completed in about two weeks time, weather permitting steady and uninterrupted work. This will bring to a conclusion the preliminary work on this road.

Following the completion of the work covered by this contract, the road will be opened to traffic and will be in use for some time before the hard surface top is put on. Contract for the paving will very likely be let in late summer or during early fall. Meantime, when the highway is open to travel, it will permit traffic in any and every kind of weather, the detours having been very hard on all of the traffic in bad or rainy weather.—Brackett News Mail.

## LOCAL PASTOR PREACHING AT LA MESA N. M.

Rev. B. M. Stradley, pastor of the Sanderson Methodist Church, left on the midnight train Sunday for La Mesa N. M., where he will hold a two weeks meeting for Dr. E. J. Reeves, pastor at La Mesa, and Rev. F. L. Marlin, pastor at Anthony Church who are uniting in the meeting with three other Churches.

The Sanderson Pastor will preach three times daily for two weeks. Rev. George O'Neill will conduct the singing and Rev. F. M. Marlin will conduct the children's special meetings with Rev. E. J. Reeves doing personal work and working with the older group of young people.

The Sanderson Pastor will return Monday June 27th and will hold a three weeks meeting at his church here after a week's meeting at Dryden.

Mr. and Mrs. James House and family left last Friday for Carizzo Springs where they will visit rela-

## FUNERAL HELD FOR VICTIM OF GUNSHOT

### Mary Ruth Davis, Killed At C. F. Cox Ranch

Funeral services were held at 4 o'clock last Saturday afternoon from the First Methodist Church in this city for Mary Ruth Davis, age 6 years, with Rev. H. M. Stradley officiating. Death was due to a gunshot accidently inflicted Friday.

About noon Friday, while playing with her brothers at the ranch home of her uncle's C. F. Cox Jr., near Longfellow, the little girl was accidentally shot by a 30-30 rifle in the hands of her brother, Malcolm Edward, age 10 years. The rifle, which was in the bunk house near by, had not been used in sometime and it was not thought to be loaded. The little boy picked up the gun and was examining it when it was discharged the bullet going through the wall and striking Mary Ruth who was out in the front yard playing. The bullet went in the small of the back and out through the right shoulder passing through part of the lung. Dr. Doty was called and hastened to Longfellow where the child was taken. The accident happened about 1 o'clock and death came that afternoon at 4:35.

Surviving the little one is its mother, Mrs. Nita Cox Davis; three brothers: William Foster, Malcolm Edward and James Walsh; the grandparents, Mr. and Mrs. C. F. Cox Sr., aunt, Miss Mary Cox; uncle, C. F. Cox Jr., all of Longfellow and the father, Harry Davis of Phoenix, Ariz., Aunt, Mrs. F. A. Thumley and Grandmother, Mrs. William Coxe of El Paso, who were visiting relatives in Farmer City, Ill., and were unable to attend the funeral.

Mary Ruth was born in Phoenix, Ariz., August 10, 1925 and for the past three years or more has been living with her mother at the ranch home of her grandparents, Mr. and Mrs. C. F. Cox Sr. She was a lovable child, cheerful and even while suffering from the wounds her thoughts were all for her mother and other loved ones.

Active pall bearers were Clyde Griffith, Max Bogusch, G. J. Henshaw, W. J. Ferguson, W. L. Erwin and Ruel Adams.

The floral offering was beautiful and attested the high esteem in which the relatives are held.

## Orders S. P. To Restore Trains Through Texas

According to reports circulated here Wednesday, effective Sunday, the two daily passenger trains recently removed from the Southern Pacific schedule will be returned to service.

Removal of the trains several weeks ago was followed by a prohibitive order from the Texas Railroad Commission, but the trains were removed pending an appeal to the Interstate Commerce Commission on the plea the passengers were interstate traffic. According to reports the I. C. C. denied the Southern Pacific petition for removal.

With the restoration of the two trains between Orange and El Paso Texas normal mail and passenger service will be resumed.

## CONSIGNS WOOL TO BOSTON

On Wednesday of this week the Sanderson Wool Commission Company shipped their entire accumulation of wool which amounted to 500,000 pounds to Studley and Emery at Boston.

Mrs. Vance McLymont, Misses Rosa and Anne Dunman, and J. Riley Dunman spent the week end with Mr. and Mrs. Roger Dudley on their ranch near Ozona, Texas, in Crockett County.

C. F. Cox, accompanied by his daughter, Miss Mary left Wednesday for San Antonio where they will spend several days.

TWO DEPRESSION BEATERS

The two outstanding "depression beaters" last year were the two greatest users of newspaper advertising space, the American Tobacco Company and the Great Atlantic and Pacific Tea Company.

The American Tobacco Company not only did a greater business last year than ever before in its history, but its net profits exceeded those of any year, even those of the boom year 1929.

Atlantic and Pacific sold more than a billion dollars' worth of merchandise, moving into first place in

the volume of business done by any one company in this country.—St. Louis Star.

THIS AND THAT By JIMMINY

Clem Calhoun, who as a boy cleaned up a farm and as a man cleaned up an oil town, wants to clean out the attorney general's department by defeating young "Jimmie" Allred for the job in the July balloting. In his "official organ," The Challenger, a paper printed in Denison with a Dallas dateline, he outlines some of his reasons for wanting the job, chief among which is that "Jimmie" is not "doing right by Nell" and certain big oil companies operating in Texas.

Clem charges "Jimmie" with being a politician who uses his office for political purposes, and goes on to say that, "I pledge myself, if elected, to devote all the capacity energy and vision I have to the handling of the business of the attorney general's department as law business, without prejudice, favor or thought of political consequences," which even the most unobscuring citizen will agree is not bad for one who does not admit that he is a politician.

"I will surround myself with the most capable and efficient lawyers, as assistants, obtainable with the funds at my disposal," he continues. And the fellow next door whispers that the "most capable" lawyers are on payrolls of big corporations, where the pay is good, the work less arduous, and opportunities for advancement and increase in pay a little better.

Calhoun charges Allred, "a man who has displayed the greed of a Caesar for power and the craving of a comedian for applause," with being the state's most expensive attorney general, citing figures to substantiate the charge. His figures show that there has been a steady increase in the cost of operating the attorney general's department since 1923, which is another way of saying that the people may expect the expenses of the department to continue upward, no matter who is elected.

Boiled down, the Amarillo attorney's platform is—like one of the candidates for governor—"Do right"—and especially by the oil companies.

"No reasonable man can believe that to destroy the greater part of the oil industry of Texas, throwing tens of thousands of Texas workers out of employment and confiscating the savings of thousands of other Texans, would serve the public interest. Such a blow would fall, not only on investors and workers in the oil industry, but upon countless others engaged

THE PEOPLE OF TEXAS MUST DECIDE THE FATE OF TEXAS RAILROADS

THE WELFARE of Texas and Texans has gone and will always go hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employes, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employes fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in purchasing power in Texas communities. There has been a corresponding decrease in purchase of materials and supplies by Texas railroads. The ability to have maintained railroad payrolls and purchases would have been a very important factor in overcoming the present trying economic condition.

The decline in railroad payrolls and purchases is due only in part to economic conditions. The revenues of the railroads have been affected not only by business conditions but to a very large extent by loss of traffic to trucks and buses using the public highways in competition with the railroads.

The time has come when the people of Texas must decide whether the traffic of this state can best be carried by the railroads, using facilities which they built and maintain at their own expense, or by trucks and buses using the highways built and maintained at the taxpayers' expense.
