NEW BRAUNFELS PLAN TO OPEN WOOL PLANT

Eight-Card Mill To Handle Coming Spring Clips

Announcement has been made by the New Braunfels Chamber of Commerce that an eight-card mohair and woolen mill, the first to be established in Texas, is to be located in that city and will probably be in operation in time to handle some of the spring clip of mohair and wool from West-Central Texas.

James McDowell, who has been associated the last four years as manager of the Bluebonnet Cotton Mills in that city is slated to head the proposed mohair and woolen mill, which is to occupy suitable stone and concrete buildings on the lands property adjacent to the Comal and Guadalupe Rivers on a ten-acre site.

The new mill will manufacture men's and women's wear cloth from Texas virgin wool and mohair and later on blankets. Capitalization of \$300,000 for the mill is in sight, according to Mr. McDowell, technically trained spinner who has contributed much to the success of the Bluebonnet Cotton Mill at New Braunfels.

Sponsors of the project say that successful location of such a plant within a short distance of the 52,000,000 pounds of wool, 16,000,000 pounds of mohair and 4,000,000 pounds of goat hair produced annually in Texas will bring other mills to the State within a few years.

DIVORCE MILL GRINDING IN VILLA ACUNA

Get One-Day Decrees For \$250 By Mutual Consent

Del Rio and Villa Acuna as rivals for Reno is seen by Mexican officials with the establishment of the "divorce mill" in the Mexican village, where decrees may be obtained by mutual consent in one day and by contest within 30 days.

Personal appearance in court is not necessary. A power of attorney to represent the one seeking divorce is all that is necessary, officials say. A trip to the border town is not even considered necessary, since papers may be signed and returned by mail.

Requirements for a divorce are \$250 and a marriage certificate necessary to file a petition. The marriage certificate must be legalized by a Mexican consul.

As to the validity, officials say there is no doubt, since they are recognized in all countries maintaining diplomatic relations with Mexico, or on principals of comity.

ABSENTEE VOTERS START BALLOTING MONDAY JULY 4th

According to a ruling made by Attorney General James V. Allred, Monday July the fourth is the first day that absentee votes can be cast in the July 23 State primary election.

Under an amendment to the statutes adopted by the last Legislature absentee voting is permitted not more than 20 days nor less than three days before elections. Under the former law an absentee vote could not be cast earlier than 10 days before an election.

Rev. Ira Harrison is expected home today, (Friday) from Rodeo, N. M., where he has been holding a revival meeting at the Baptist Church in that city.

CARLOAD FLOUR RECEIVED FOR DISTRIBUTION

Will Be Distributed To The Needy Of This Section

A carload, comprising 30,000 pounds, of flour was received this week by the Terrell County Red Cross Chapter and will be distributed to those who are needy and without employment.

The flour, milled from the American Farm Board wheat is put up in twenty-four and forty-nine pound sacks. For each family of five a twenty-four pound sack will be allowed each week.

This flour will be distributed to those who are in need and entitled to receive it by Mr. L. A. Lowe, between the hours of 10 o'clock a. m. and 4 o'clock p. m. of each Saturday through the months of July, August and September. The flour will be distributed from the Breeding Bakery on Main Street where it is now stored.

Early Newspaper Of Texas Boosts State's Climate

AUSTIN, Texas, June 30.—One of the earliest written accounts of Texas after settlers began to trek from the Old South and from Eastern states was that which appeared in "The Texas Republican," the first newspaper published in Texas, in which the editor, Eli Harris, eulogized the Texas climate. This description appeared in the first issue of his paper, published August 14, 1819, according to Douglas C. McMurtrie of the University of Chicago, who has written an article, "The First Texas Newspaper," which will appear in the July number of the Southwestern Historical Quarterly, edited by faculty members of the University of Texas.

Mr. McMurtrie has devoted considerable time to research on newspaper histories of the various states, and not long ago wrote an article for the January issue of the Southwestern Historical Quarterly on early newspapers of Texas. It was only after the publication of that article, however, that he learned, by reference here and there, of this publication of "The Texas Republican." No copies are known to exist now. Mr. McMurtrie found several articles reprinted from the "Republican" in 1819 editions of the "Nashville Clarion." In the description of Texas, taken from the first issue of the "Republican" the following passage is found:

"The country is well timbered, but is interspersed with some small prairies, is rich, prolific and possessing the most delightful temperature of air and climate in North America. The water is pure and clear and the country throughout very well watered.

"Animals—buffalo, deer, bear, elk, wild hogs, wild goats, cattle, wild horses, wild mules and asses. Some of the deer are perfectly white, and some are red and white, like our cattle.

Another article reprinted from the "Republican" by the "Nashville Clarion" is entitled "Encouragement to Settlers," and points out the ease with which grants of land might be obtained in Texas.

THOUGHTS FOR THE WEEK

STANDING OUT FROM THE CROWD

There are two ways of making yourself stand out from the crowd. One is having a job so big you can go home before the bell rings if you want to. The other is by finding so much to do that you must stay after the others have gone. The one who enjoys the former once took advantage of the latter.—Henry Ford.

Some Of Texas Bonus Army

Here are two of the scenes which were enacted all over Texas during the past week, as veterans of Texas assembled at railroad yards for their trek to Washington in an effort to get the soldier's bonus paid.

The picture at the top was taken at Houston, while the one below, from Texarkana, shows the American and Texas flags carried by the veterans.

Playhouse Club Organized By Young People

The Sanderson Playhouse was organized at a meeting at the home of Miss Kathleen Sullivan, Monday evening June 27th. The following officers were elected: Walter Grigsby, President; Kathleen Sullivan, Secretary-Treasurer; Faye Mace, Press Agent; Stump Duke, Advertising Manager; Denny Sullivan, Assistant Advertising Manager. The executive is made up of the following: Fieda Belle Harrell, Director; Novis White, properties; Kendrick Harrell, Lights; Fred Charlton, house manager.

The purpose of this organization is to study Stage Production. Work has been started on a musical comedy, "Those Friendly Devils," to be presented Tuesday July 12th. It is the endeavor of the Sanderson Playhouse to give good, clean entertainment at all times.

BUSINESS HOUSES TO OBSERVE THE 4th BY CLOSING

Monday July 4th being a national holiday, the various business firms will close their places of business that day in order that their employees may spend the day as they best choose.

No kind of celebration or patriotic program is planned for this city. The little city of Marathon, 60 miles West of here, is celebrating that day and a number of our citizens are planning on going there.

The following business firms of the city will be closed on that day and their customers are asked to bear this in mind and do their shopping for Monday on Saturday: Max Bogusch Jewelry Shop, Model Tailor Shop, Royal Barber Shop, Sanderson Mercantile Company, Black-welder Shoe Shop, A. F. Thrift General Dry Goods Store, James House, Cooke's Market, Kerr Mercantile Company, Sanderson State Bank, City Barber Shop, Holman Barber Shop, Empire Cleaners & Dyers, Office of Texas-Louisiana Power Company and the Sanderson Times.

Miss Anne Dunman who has been visiting her aunt, Miss Rosa Dunman, and brother, J. Riley Dunman left the first of the week for San Angelo.

Mrs. J. C. Green and daughter, Miss Willie Mae, Mr. and Mrs. Wallace Henshaw were week end guests with Mr. and Mrs. Roy Harrell at their ranch home.

SCHOOL CHECKS ARE EXEMPTED FROM U. S. TAX

Warrants For Salary And School Equipment Exempt

AUSTIN, June 24. (AP)—Checks and warrants issued by common and independent school districts for payment of salaries and equipment purchases are exempt from the new Federal tax of two cents per check. C. M. Shaver, State Superintendent of Education, received the ruling today from the Internal Revenue Bureau in Washington.

Department Store Sales Increase In Month Of May

AUSTIN, Texas, June 30.—Department store sales for 96 Texas firms reporting to the University of Texas Bureau of Business Research for May showed a 2 per cent increase as compared with April. This is contrasted with the preliminary report of the Federal Reserve Board which showed that department store sales over the United States declined from April to May. The volume was still 31 per cent under May, 1931, figures, however, every city on the list reporting declines ranging from 12.3 per cent in Wichita Falls to 44.2 per cent in San Angelo, as compared with last year. Comparisons with April were somewhat more cheerful, nine of the cities reporting showing increases. Towns showing increases over April were as follows: Beaumont, Corsicana, Dallas, El Paso, Ft. Worth, Galveston, Houston, Waco, Wichita Falls. Some of these gains were quite substantial, ranging as high as 20 per cent. This figure was recorded in El Paso, Waco and Corsicana followed in second and third place, with gains of 17.1 per cent and 14.5 per cent, respectively.

It was noticeable from Bureau of Business Research compilations that the larger stores had shown improvement while the smaller ones continued to decline in volume of sales. Stores with an annual volume of more than \$500,000 gained 4.1 per cent during May as compared with April and declined 31.4 per cent as compared with May last year, while stores with sales under \$500,000 a year declined 5.2 per cent from April and 33.3 per cent from May, 1931.

Men's clothing stores registered the largest gains among the various groups, showing an increase of 8.9 per cent over sales for April, while women's specialty shops also gained 1.8 per cent. Dry Goods and apparel stores declined 6.4 per cent from the April volume of sales.

The ratio of sales made on credit to net sales has declined from 57.6 per cent at this time last year to 56.7 per cent, while the ratio of collections to outstanding accounts has increased to 28.6 per cent as compared with 33.1 per cent at this time in 1931.

INTERMEDIATE CONFERENCE AT KERRVILLE

Mrs. W. J. Ferguson and Mrs. Jno. V. McCall left early Monday morning for the Intermediate Conference of Western Presbytery at Kerrville. There went with them Billy Ferguson, Mary Ferguson, Raymond Thrift, Mary Sue Mayberry, Melvin Pollard, "Buster" Holland and Jesse Lochausen. The party expects to return Saturday night and Sunday night they will give a report to the congregation as their representatives to the Conference.

W. M. S. MEET

Guest day was observed on Tuesday of this week by the Women's Missionary Society of the Methodist Church at their meeting at the Parsonage.

There were 22 members and guests present that enjoyed the ice course that was served by the hostesses, Mesdames Johnson and Garrison.

NEW OFFICERS INSTALLED AT MASONIC LODGE

Banquet After Installation Services Last Friday Night

Friday evening, June 24th, the officers of Sanderson Lodge No. 985 A. F. & A. M. for the ensuing year were installed into office by S. C. Bodkin, District Deputy Grand Master, Max Bogusch acting as Marshall. Those installed were J. S. Nance, Worshipful Master; Rufe Murrah, Senior Warden; Willis Harrell, Junior Warden; LeRoy Grigsby, Senior Deacon; Herbert Buchanan, Junior Deacon; Vance McLymont, Senior Steward; Tom Breeding, Junior Steward and S. S. Daggett, Tiler.

Mr. S. S. Daggett was presented with a Past Masters Jewel in token of his splendid services and untiring labors during the past year as Worshipful Master. The officers who served under Mr. Daggett presented him with a Grand Lodge Patent as a token of their love and esteem. The presentation was made by J. S. Nance, incoming Master. After the installation ceremony a banquet was served to the Masons and their families and the Order of Eastern Star, there being about two hundred in attendance.

Pests May Cut Pecan Crop To One-Fourth

AUSTIN, Tex., June 30.—Ravages of pests in the principal pecan growing sections of Texas threaten to reduce this year's crop to one-fourth of that of last year, or to approximately 8,000,000 pounds, of the seed-bearing nut, J. H. Burkett, chief of the pecan division of the Department of Agriculture, forecast upon completion of personal inspection of northern portions of the pecan belt.

"Indications now, based on personal observation and reports to my office, show that the nut case borer is present in large numbers and the estimate of a month ago (production of 32,000,000 pounds was then indicated) needs revision to the extent that at the present time it is indicated that the crop may not exceed 8,000,000 pounds," Burkett said.

He estimated that 50 per cent of this year's crop already has been destroyed by the pest and that 25 per cent more will be taken. The borer is especially prevalent in Bexar, Tarrant, Guadalupe, Uvalde, Hill, McLennan and portions of Comanche and Erath Counties.

Basing his prediction on present indications, Burkett pointed out that accurate forecasts of pecan production can not be made until the period of July 15 to August 15 and that August is usually considered the critical month for pecans.

"The pecan nut is practically the only food for the nut borer in its first spring generation which usually occurs from the last of May up to the middle of June," he said. "The second brood appears during the last of June and continues until the middle of July, so no one can accurately forecast pecan production until the period of July 15 to August 15."

HIGHWAY BIDS TO BE LET JULY 15th

G. J. Henshaw received word Tuesday from the State Highway Department that due to unforeseen circumstances the letting of that part of the Highway 90 in the eastern part of this county would not be let on June 30th as had formerly been planned. The contract will be let on July 15th at which time bids will be received for the work. Judge Henshaw has now completed final details and has secured the necessary right of way needed for the highway.

Mrs. Eva Coleman of Alpine came in this week to make her home with Mr. and Mrs. R. H. Lewellen and family.

Mrs. A. A. Shelton and son, Jack, left Tuesday for Christoval where they will visit with relatives.

Advertising Rates Furnished Upon Request

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect, and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

ADVERTISING LIFE OF TRADE

Evidently, when it comes to advertising, the president of the Advertising Federation of America may be depended upon to know what he is talking about.

Sixty of these 120 corporations annually increased their advertising expenditures in spite of depression, at a rate of 16 per cent over the previous year.

The other 60 corporations present a different picture. These failed to maintain their advertising programs but pursued an erratic course, advertising heavily when times were good, but reducing their appropriations when business fell off.

The moral should be plain. To adorn the tale, three noted incidents of the kind, occurring some

years back, might be recalled. James Pyle's Pearline, S. Jacob's Oil and Sapolio were once three widely known products with enormous production and sale.

A use for old blue overalls and shirts has been found by home demonstration club women in Wil-lacy County. Cut into narrow strips such material makes into desirable hooked rugs.

Gwendolyn Whitaker, Cly county 4-H club girl, is making tomatoes take the place of fruit this year. She has set out 1400 plants.

Don't read your neighbor's paper after he has gotten all the news out of it. Subscribe for the Times yourself and get the news while it is fresh. Only \$2.00 a year.

Loose leaf ledgers, Rubber stamps and stamp pads for sale at the Sanderson Times.

THIS AND THAT

By JIMMINY

Back in the hectic days of 1917, when the Democrats were in command of the government and we were engaged in war with other nations, the people were asked to lay down their lives to save the government.

With the taxes already in effect, and those to come, the ordinary citizen has little to look forward to—unless it's a good supply of aspirin tablets.

The only relief being given the little man in this budget-balancing business is being done by the big oil companies.

And now—and now, ladies and gentlemen—those philanthropically inclined captains of industry are going to pay this new federal tax for us.

Bravo! Give these big boys a hand, they have saved the day for us. But they haven't explained why they boosted the price several months before the tax went into effect.

Speaking of governments, taxes, Barnum and that sort of thing, wonder what would happen if "Un-

PUBLIC NOTICE

The Terrell County Red Cross Chapter, through its Committee appointed, will have for distribution to those who are needy and without employment, American Farm Board wheat, milled in twenty-four and forty-nine pound sacks and stored in Warehouse known as the Breeding Bakery on Main Street.

Joe Kerr, Chairman of Red Cross Flour Committee Terrell County.

J. R. and Howard Black have returned from a visit with relatives in Mexia and Beaumont Texas.

Mr. Andy Mellon's sulphur interests in Texas had to pay taxes like ordinary folks do—or somewhere in Mr. Mellon's sulphur company has to be worth \$100,000,000.

And still they say we are not treating industry fair. Not much! But if Ambassador Mellon thought the people of Texas were going to "get what's coming to them," he would come home so fast he would forget to take off his knee breeches.

Mrs. W. H. Savage and son, Billy left Sunday morning for San Antonio where they visited this week with her sister, Mrs. Maxey T. Hart.

The Kerr Merchandise Company on Tuesday of this week purchased one of the new Ford Four light trucks from the Ferguson Motor Company in this city.

Mr. and Mrs. Louis Cravey, who are ranching in the Bullis Gap country, were visitors in the city several days this week.

Ervin Grigsby was a Sunday visitor in Midland.

RAIL TRANSPORTATION IS EFFICIENT AND ECONOMICAL

THE RAILROAD is the most efficient and the most economical transportation agency the human mind has ever devised.

The ability of commercial trucks to operate with various charges for their services has been because they are not required to carry all kinds and classes of freight. The truck can choose its freight and is privileged to reject that which it cannot handle.

In 1930 the shippers of Texas paid the railroads \$225,223,142 in freight charges. If the same volume and character of traffic had been carried by trucks it would have cost the shippers, according to the best available data on trucking costs, \$900,000,000, or four times as much.

What will be the effect on the shippers of Texas if only the traffic which the trucks cannot handle is left to the railroads? If traffic paying the higher rate is taken from the railroads by the trucks, it will be necessary for the rail carriers to increase their rates on the low grade traffic or go out of business.

The railroad rate structure is a composite designed for the purpose of enabling the free movement of ALL ARTICLES OF COMMERCE, making it possible to bring even the cheapest commodities into general use and distribution.

THE RAILROADS CANNOT SUBSIST ON LOW GRADE TRAFFIC ALONE.

PERSONALS

Mr. and Mrs. Lee McCue and son, Bobby Lee visited with friends and relatives in Del Rio several days this week.

Mrs. E. L. Womack and children came in last week to join Mr. Womack who is working at the Sanderson State Bank.

Bobby Johnson returned Tuesday from several days visit with Mr. and Mrs. Jerry Bell at the Banner ranch on the Pecos.

Mrs. Vance McLymont, Misses Anne and Rosa Dunman and J. Riley Dunman were week end visitors with Mr. and Mrs. Roger Dudley at their ranch near Ozona.

Mr. and Mrs. W. H. Mansfield and family, Mrs. Bertha Brown and son left Wednesday for the Pecos River near the Chandler ranch where they will spend the balance of the week camping and fishing and will attend the Ranchmen's Reunion and Rodeo at the Chandler Ranch Friday and Saturday. They were joined in Dryden by Mr. and Mrs. C. F. Stavley and family.

Mr. and Mrs. Clyde Morris and family motored to Toyah, Texas, last Saturday where Mr. Morris and family are visiting relatives this week. Mr. Morris returned home Sunday night.

Preston Utterback returned home Saturday from a visit in San Angelo with Tom Shott Jr.

The officers of the church, both elders and deacons will be held at 4 p. m. There are matters of importance that come before the official body and each officer is urged to come if possible.

Prayer meeting Wednesday 8:15. The subject for thought will be the 24th chapter of Acts, Paul's appearance before the Roman governor Felix.

At the Sunday evening service these who attended the Intermediate Conference this week at Kerrville are expected to make a report of the proceedings of the Conference. We would be pleased to have the whole church hear this report.
Jno. V. McCall, Pastor.

BAPTIST

The Pastor will preach at both hours, Sunday July 3rd. I will be happy to be home again. Come praying for the services on this day.
Ira Harrison, Pastor.

EXPLAINS THE NEW RULE ON VOTING

AUSTIN, Texas, June 30. (SPL.)—Ernest C. Ozro Cox, candidate for Congressman-at-large, Place No. 1, is campaigning the whole of West Texas this week from Austin to El Paso and Amarillo to Wichita Falls. Mr. Cox states that he has found a little confusion in the minds of some of the voters about the Congressman-at-large race.

Following the 1930 census the Congressmen were re-apportioned among the various states on the new basis of population. This state gained three additional Congressmen, but the State Legislature failed to redistrict Texas to absorb them. This made it necessary for the three new Congressmen to be elected by the whole state rather than any section. Then instead of letting the three highest men in the race have the places, the State Democratic Committee decided to make three separate places out of it. Now a voter is to vote for but one man, and one man only, in each place—one man in Place 1, one man in Place 2, and one man in Place 3. No matter, if he prefers two men in Place 1, and none in one of the other places, if he does not scratch all but one man in each place he nullifies his vote. These three places are entirely separate campaigns and have nothing to do with each other nor with the other Eighteen Congressional District races.

In his rounds, Mr. Cox is urging the voters to study the issues of the Campaigns, and the qualifications of the Candidates, and then to vote according to the dictates of their consciences. He is emphasizing the power of the ballot as the citizens' greatest political weapon, and is urging the intelligent use of it as a necessary preservation of Democracy.

Mrs. P. D. Lowry and son, Pat, have returned to their home in El Paso following a visit with her parents, Mr. and Mrs. J. E. Landers.

Mrs. D. L. Duke and children left Friday morning for San Antonio, Fort Worth and Dallas where they will visit relatives.

Mrs. Ray Caldwell left Thursday morning for Lytle Texas, where she will visit Mr. and Mrs. George Chapman.

Place that order with us today for your printing needs and be assured of good work, quick service at a reasonable cost.—The Sanderson Times.

Seeks Re-Election

James V. Allred who is seeking re-election to the office as Attorney General Mr. Allred submits his record during the past eighteen months as his platform for re-election.

The Lamb-Whitson Food Products, Inc. at Denton is producing 5,000 cans daily, chili seasoning, chili and chicken noodles in various sizes being present products with hot tamales and Mexican beans to be canned later. Sales will be made only to retailers.

A. M. Buck has returned from a two weeks visit with his daughter Mrs. Roger Dudley and family at the Dudley ranch near Ozona.

Mrs. John Stovell and sons left Tuesday for Raton N. M., and Denver, Colo., where they will visit relatives.

L. H. Lemons and Frank Robertson were Del Rio visitors Sunday.

EVENTS OF SOCIETY

W. M. U. HAS SOCIAL MEETING

Mrs. H. D. Johnson and Mrs. Reynolds were hostesses to the social meeting of the Womens Missionary Society which was held on Monday of this week at the home of Mrs. O. H. McAdams. Mrs. Gayle Mussey had charge of the program which was given by the young people of the church. A piano duet by Mrs. McAdams and daughter Miss Bess and a solo

by Miss Elizabeth Brown was enjoyed.

There were twenty two members and guests present that enjoyed the delightful ice course that was served by the hostesses.

Mr. and Mrs. E. E. Townsend of Alpine were visitors in the city last Friday and Saturday. Mr. Townsend is seeking election to the office of Representative from this District.

THE STARS AND THE EARTH

By DR. MARS
Horoscopes Questions and Answers The Future

X. D. Would you advise any change this year?
For two reasons would not advise a change. One is none is indicated, and the other is it does not look like a good idea. Think you have made too many changes in your life for your good. That is financially. You should have had a good time, that is a sort of social good time, and that is what we live for, so perhaps you have not missed much, except the pleasure of leaving a lot of money for folks to scrap over. Think you have a lady friend in view who you might consider seriously, and if not now, you may expect to meet one this year, and it is not such a bad idea. While your time of birth indicates rather bad luck in marriage, this one appears to be all right. The lady should be almost as old as you and small. Believe if you do your part you will hit it off all right.

You see we do not go to much on birth time given as there is no certainty it is right, and some things look like it is wrong. So my advice would be to not ramble very much this year. If you find an agreeable lady within ten years of your age, and rather small and inclined to refinement, don't let her get away. She will perhaps be a little disappointed in you at first but you do your best, and you will win out in the long run. I believe you do not expect a doctor to tell you if you do not like the taste of your medicine to throw it away. You expect to take it if you like it or not. Now take this. The lady indicated is more refined and better educated than you. She will be not quite so well pleased after she gets you, but you are made of good stuff, and you must live up to her standard. It will not be so hard. You let the little lady be boss so far as you can and she will make you fairly happy. You will grow to be real good friends, and that is what counts in the long run.

X. Y. Z. Certain things indicate to me times are improving. Wish you to tell me if this is correct.

It appears you are partly right. While the bottom may have really been past, times will improve so slowly that we will hardly notice it, that is for the next few months, but believe by fall, or winter at latest a decided change for the better will be in evidence.

C. M. N. When if ever will we realize anything worth while from our oil holdings?
There is nothing in sight now, or soon. Looks about as slim a chance as it could be. There is no reason why it may not come out later, that is after a few years, maybe two or three, but at present there is absolutely no chance at all to cash in. Now we will hope the planets are mistaken in this case. It will be a real pleasure to have them wrong when they promise nothing good.

K. M. I think of buying a small store that is doing almost nothing at all in the way of business, but believe it can be made to pay. Please advise.

You are the right man for the job. You can buy for less than what the place is worth. You will make friends, and appear to be a man who will treat every one right, and while success will come slowly, years at most you will be much

Dr. Mars, noted astrologist, will make readings and answer a limited number of questions FREE for readers of the Sanderson Times. The answers will be published from time to time.

Write him a letter, explaining fully the problem that is uppermost in your mind, sign your correct name (which is not for publication) and key your letter by signing initials or figures for identification. The answers will appear in the Times as fast as they can be handled Under no circumstances will Dr. Mars divulge the contents of your letter, and all letters will be destroyed after being read.

Remember, confine your letter to only one question, and address it to Dr. Mars, Box 123 Del Rio, Texas, or in care of this newspaper. In the thousands of questions he has answered in the past he has never divulged the secret of a single person, and he will not betray your confidence. If you want your questions answered please sign your correct name and address.

it will come, and in a year, or two better off than you are now. Do not let this get away. Hope to hear from you again some day.

G. T. Am offered work but for a man who is said to be hard to get along with. A good thing if I can stick it out, but no one ever has. What shall I do?
This is easy for me. See if it is for you. Take the job and study your man. He is all right. Start off fine. You will get along just dandy for a while, and can stick if you will stand a little temper. This man thinks he is square. He is rather exacting, and is really all right, but he wants his own way, and it is up to you to let him have it even if you know he is wrong. Just admit that you see your mis-

take. Go over to his side, and hop into his way and just keep in mind you are working for him and he has a right to say how and what shall be done. Would not advise this but believe you are smart enough to get away with it when it is put up to you. You may be blamed for things that are not your fault, but no matter, he will not turn you off, and just you admit he was right, and stick it out. He will get used to you, and after the first few months will begin to really like you and your place will be permanent. Here is wishing you success. But don't argue. Take all blame he hands you and even go out of your way to add to it. Be game and win out a good thing.

RATTLE OF THE RAIL

Fireman L. Wooten has arrived from El Paso to take a regular freight assignment here.

The ninth train crew has been placed in service, owing to heavy business.

Fireman J. H. Acosta has been assigned to a regular freight run on this district.

Engineer H. W. Sherod of Del Rio is now working on this board.

J. H. Knowles, division engineer from San Antonio made a trip over the division the first of the week.

Tom Reed, former locomotive engineer but now ranching in Val Verde county was a visitor here Wednesday.

CARD OF THANKS

We wish to thank every one for their kindness during the illness and death of our darling baby girl, and for the many flowers.

May Gods richest blessings rest upon each of you.

Mr. and Mrs. T. H. McDonald and family and relatives.

PROGRAM

FOR THE COMING WEEK

AT THE
PRINCESS THEATRE

TWO SHOWS EACH NIGHT

(First show commencing at 7:30 p. m.)

FRIDAY AND SATURDAY

July 1st. And 2nd.

"LASCA OF THE RIO GRANDE"

This picture is a high class story of the West featuring Leo Carillo. We see thundering hordes of cattle stampeding. Bad men-a plenty. A girl giving her life for her cowboy lover.

Is it good? Boy we'll say it is.

COMING! "SCARFACE"

A noted underworld picture-one that you should not miss.
