## Heavy Vote Is Cast Here In First Primary That Was Held Here Last Saturday

A record number of Terrell county voters went to the polls last Saturday and made known their preferences from a ballot containing 22 names.

The heavy balloting in this county was due to the fact that much interest was manifested in the District Judge's race their being two candidates for this office namely, Judge Joseph Jones, present incumbent and Hon. Brian Montague, both of Del Rio. There was also much interest shown in the State Senator's race.

In the state offices Sterling led the race in this county for Governor followed closely by "Ma" Ferguson. Alfred for Attorney General had a good majority in this county. These two races were the most talked of in the State contest while the others were not taken lightly.

Every precinct in the county held election and a good vote turned out in each. In this precinct, 1, a total of 362 votes were cast, at Dryden, precinct 2, a total of 88 votes were cast. In precinct 3, at the Arvin ad Corder ranch only thirteen votes were cast, while in 4, the Independence School a large vote was cast there, 28 being the number.

Latest returns from the election as to the District Offices shows that Hon. Brian Montague is the winner over Judge Joseph Jones by a majority of 72 votes. State Representative J. Turney Terrell, Del Rio, defeated E. E. Townsend of Brewster County by 4 votes. In the race for State Senator a run off will be held between Ken Regan of Pecos and B. F. Berkeley of Alpine. For Representative, 16th Congressional district Thomason won over Dan M. Jackson.

The complete Terrell County vote, tabulated by precincts, will be found on page four of this issue.

## Del Rio Store Is Placed In Receivership

Announcement was made late Friday that the Roach-McLymont Company had been placed in the hands of a receiver for the purpose of conserving assets of the business. The following statement was issued by the management:

"The Roach-McLymont Company wishes to announce to the public that after consultations with its principal creditors and stockholders that it has been found advisable to place the corporation under the direction of a Court Receiver for the purpose of conserving the assets of the business. The unprecedented depression in values and marketing during the past few years has resulted in a condition whereby obligations cannot be met as promptly as usual.

"The management is confident that by a conservative and economical operation of the business that all indebtedness will be liquidated promptly and the store returned to the stockholders. The present personnel will be kept intact and the policies which have found favor in this territory will remain the same. By taking this step the management will be enabled to continue the operation of the store and serve its customers as always."

## PASTOR TO HOLD OWN REVIVAL THIS YEAR

The Board of Stewards, the official governing board of the Methodist Church met Friday evening with every Steward present at their monthly meeting. The Stewards by unanimous vote requested the Pastor to hold his own revival this conference year.

The pastor, Rev. B. M. Stradley, announced the date of October 2nd, through Sunday October 16th as the time for the several weeks revival meeting in the Fall.

## Executive Meeting Of Sheep And Goat Raisers' Held Thurs.

A special meeting of the executive meeting of the Sheep and Goat Raisers' Association of Texas was held in Sonora, yesterday, Thursday, for the purpose of taking under consideration the resignation of its president, T. A. Kincaid, who week before last tendered his resignation to Roger Gilles, vice-president of the association.

It is the general belief that the executive committee will bring strong pressure upon Mr. Kincaid in an effort to induce him to retain the post.

In the event that the executive committee accepts the resignation it will no doubt choose a president at the meeting.

## Huge Sale Of Mohair Cheers Local Growers

Good news for mohair producers in Terrell County is seen in the announcement by Sanford Mills and the Goodall Worsted Company of Sanford, Maine, world's largest mohair weavers, of the purchase from the government of 14,500,000 pounds of mohair. This is the largest single sale of mohair in history. The amount is equal to the average annual clip for the United States.

The encouraging point for local growers is the fact that both of the mills concerned have recently gone on record in behalf of quality mohair fabrics as opposed to the disastrously low grade materials which have been hurting the entire mohair industry from the finished product to the raw fleece.

The "quality platform" established by the mills has won wide endorsement in the furniture, automobile and other industries and the pledge to keep mohair products from further quality debasement is regarded as a constructive step greatly beneficial to growers.

"The purchase is in harmony with our announced decision to produce more products of high quality and thereby give the industry a constructive boost, read a joint statement given out by W. H. Marland, president of Sanford Mills, and James Campbell, president of the Goodall Worsted Company. "It is the largest single sale of mohair in history and gives evidence of our confidence in the future of the industry. It gives promise to the mohair grower of a continued market for his raw product and it gives notice to the upholstery industry that better quality velveteen and mohair plush are going to be produced henceforth. Since a large part of this mohair will be consumed by the Goodall Worsted Company, this purchase is also significant to the Palm Beach suiting industry and allied lines."

It was at Sanford Mills, fifty years ago, that the world's first power wire loom for weaving velvets was invented. This development laid the foundation for the present extensive mohair industry in this country as mohair velvet, because of the slow and costly methods of weaving previously in vogue was too expensive for the average man. In the early days of the mohair industry, Sanford Mills encouraged growers in the section to produce better fleeces, bought single fleeces as well as larger quantities and in other ways constructively fostered the industry throughout the state.

Mr. and Mrs. W. R. Qualtrough and family left Wednesday for El Paso where they will visit relatives and Mr. Qualtrough will be under a Doctor's care.

Miss Johnnie Duke of El Paso is visiting Mr. and Mrs. D. L. Duke and family.

Sheriff Lee Cook was a Del Rio visitor Tuesday.

## Wins Nomination As District Judge

Hon. Brian Montague of Del Rio, who, as the results of the Democratic Primary held last Saturday is the nominee of this the 63rd Judicial District for Judge. Mr. Montague is a well known attorney and at one time was District Attorney at Marfa.

## PROBABLY SPUD IN WELL FOR TEST SATURDAY

Drilling To Be On McPhee Leases Secured South Of Dryden

The rig has been completed on the Kerr ranch south of Dryden where a test will be made for oil, according to an announcement made this week by Mrs. J. B. McPhee, prominent oil woman of California, and Marion Briggs of Kansas.

Mr. Briggs who together with associates, is putting down the test well hopes to be able to spud in by Saturday morning if not then he will spud in by the first of the week.

Wonderful geological reports have come in about this section of the county where this first test is to be put down. Three outstanding geologists who recently went over the field predict it to become the greatest oil field yet.

At least three test wells will be put down on the various properties that Mrs. McPhee has secured from Kerr, Barksdale, Gatlin and Bell, who ranch in the vicinity of Dryden.

## METHODIST HOLD SINGING AND FELLOWSHIP MEETING

Beginning Monday evening August 1, the Dryden Church and the Sanderson Methodist church will have two evenings each week devoted entirely to fellowship and singing.

The Monday evening meeting will commence at 8 p. m. and will be held in Sanderson at the Methodist Church. The Tuesday evening meeting will be held in Dryden at the church commencing at 8 p. m. This every Monday at Sanderson and every Tuesday evening at Dryden schedule will be maintained until school opens.

Everybody is invited to attend these fellowship and singing meetings.

Mr. James Fahl, Mr. J. R. Eldridge, Mr. Lowry Stradley, Mrs. A. M. Buck and the pastor, Rev. B. M. Stradley will direct the singing.

Mr. and Mrs. Tom Parsons left last Saturday for Christoval where Mr. Parson will take baths and treatments at the Sanitarium in that city.

Charlie Rogers was a business visitor in Valentine Monday.

## ANNUAL RODEO ATTRACT HUGE CROWDS HERE

Good Program Put On At Annual Event Last Week

The annual rodeo which was put on here last week by Charlie Turk, Jess Haley and Johnnie Harrison under the sponsorship of the American Legion attracted a large crowd of visitors from nearby towns as well as good attendance from local citizens.

On Wednesday, the first day of the rodeo, a parade was held just before noon, with a large number of cowboys and cowgirls in the parade. The Sanderson High School Band led the parade and also played during the afternoon at the rodeo. At the noon hour a barbecue dinner was served.

The rodeo events started each afternoon and many contestants entered the events both days.

Wednesday winners of the various events are as follows: Bronc riding, Buster Edwards, Del Rio, first, Louie Cravey, city, second; Calf Roping, J. C. McElroy, Toyah, first, time 15.6 seconds; Olin Altzer, Comstock, 2nd, time 20 seconds; Jack Sellers, Del Rio, 3rd, time 22.1 seconds; Steer Breakaway, Earl Sellers, Del Rio, 1st, time 6.5 seconds; Willie Banner City, 2nd, time 7.9 seconds, Howard Westfall, Ft. Winners of Thursday's events were as follows: Bronc riding, Bill Hill, Ft. Stockton and Geo. Hill Ft. Stockton; Calf Roping, J. C. McElroy, Toyah, 1st, time 14.9 seconds; Jack Sellers, Del Rio, 2nd, time 16.8 seconds; Charlie Gregory, City, 3rd, time 20 seconds; Steer Breakaway, Charlie Gregory, City, 1st, time 7.1 seconds; Howard Westfall, (Continued on Page 4)

Mr. E. L. Burke, Cartegenta, Columbia, South America, spent the week end in the city as the guest of his sister, Mrs. L. A. Lowe, Mr. Burke at one time worked for the San Antonio Machine and Supply Company and use to make this territory.

Mrs. J. W. Lowe of Del Rio, is visiting her nephew, L. A. Lowe and wife at the Kerr Hotel.

## Finding Of Skeleton In Cave May Help Clear Up Murder Committed Here Years Ago

### BREAKS ANKLE IN PRACTICING FOR MATCHED ROPING

Walter Babb of Langtry had the misfortune to break his ankle on the right foot last Thursday afternoon at the Rodeo. Mr. Babb was trying out a horse and getting ready for a matched calf roping with McElroy of Toyah.

Mr. Babb got his horse and ran him across the grounds and got off and in so doing twisted his ankle. After finishing the roping he was taken to the office of Dr. Doty where the injured member was set.

He is getting along nicely according to reports.

### Sanderson Asked To Enter Contest On Beautification

Sanderson has been asked to enter the Inter-Community Beautification Contest just launched by the West Texas Chamber of Commerce.

Rules and regulations of the contest, an entry blank, and a letter inviting Sanderson to enter have been received by Joe Kerr manager of the local chamber from D. A. Bandeen, General Manager of the regional chamber.

Joe Kerr, the local director in the regional chamber, has also received an announcement of the contest and a letter from President Wilbur C. Hawk and Chairman Houston Harte of the Beautification Committee, urging Sanderson's entry in the contest.

The purpose of the contest is to promote the beautification of the West Texas landscape and appearance of West Texas communities by stimulating competition between the cities in beautification and clean-up activities. All affiliated towns of the West Texas Chamber are eligible for competition in the first year's contest which will close with the 1933 convention in Big Spring. The contests have been announced to run for a five year period—the same time of the All-West-Texas Beautification Program of the regional chamber that was launched last year, and of which this contest is a part.

A loving cup will be awarded annually at the conventions of the West Texas Chamber to the town showing the best results in beautification activities. As determined from reports made prior to the convention covering the year past in addition the winning city will have its name carried in West Texas To-Day each month for a year together with a description of the honor won.

Home planting and beautification painting and repair, city property beautification, and county and rural beautification will be factors in the judging.

### ROSS STAVLEY BREAKS ARM

While playing in the yard at the ranch home of his parents Monday afternoon, Ross Stavley fell, breaking the two bones in his left arm. The child was brought to town by his older brother, Bill and carried to the home of Mr. and Mrs. W. H. Mansfield in this city where it was set by Dr. Utterback. The fracture was pretty serious as the two bones, after breaking pierced the flesh inflicting a wound.

Mr. and Mrs. C. F. Stavley and daughter, Mrs. Bertha Brown were in Del Rio when the accident happened and upon their return to the ranch learned of the accident and hastened into town to the little fellow.

He was able to return to the ranch late Monday afternoon and was taken there by his parents, Mr. and Mrs. C. F. Stavley.

Misses Ora Lee and Ruby Fletcher have returned to their home in Valentine following a visit here with relatives.

With the finding of a skeleton on the Wade Bros. ranch this past week by J. S. Dickens, an employee, may be the solving of a murder which was supposed to have been committed about 25 years ago or more.

At one time a man by the name of Chris Lentzel, a native of Germany was ranching in the vicinity of Sheffield. He had a fairly good size ranch and well stocked and was financially well fixed. The last time that Lentzel was seen alive he was riding across the country horseback in company of two men, Green and Sheppard. Soon afterwards these two companions announced that they had bought out Lentzel and that he had returned to his native country, Germany, they having taken him to Midland where he boarded the train. Fake deeds to the property had been secured and they also had in their possession Lentzel's watch and clothing. Suspicion was aroused and Rangers went to the scene. It was thought at the time that he was murdered and a dirt tank which had been recently built was the burial ground, but the body could never be found and no evidence could be gotten on the men.

The skeleton that was found by Dickens was in a cave just south of the Wade Bros. Ranch which is on the Independence about 50 miles north of here. The body was evidently placed in the cave without any clothing and was covered with rocks. Part of the hair, which is brown, remains on the skeleton and three gold teeth are visible. This description fits Lentzel.

Rangers have been notified and they are expected to get the skeleton this week and send it into Austin where it will be determined what nationality it is.

## Terrell County Voters In Favor Of Submission

Terrell County voters are overwhelmingly in favor of a submission of the question of a repeal of the 18th amendment to a vote, returns from the Democratic primary held last Saturday reveal.

The vote was 255 in favor of submission and 10 against submission.

## STATEWIDE BAND CONTEST PLANNED FOR STATE FAIR

DALLAS, Texas, July 28.—A statewide band contest, in which the first prize will be \$1,000 in cash with a second prize of \$400, has been planned for the 1932 State Fair of Texas, it has been announced by Otto Herold, who has named Col. Earl D. Irons, bandmaster at the North Texas A. & M. College of Arlington and first vice president of the Texas State Band Teachers Association, as superintendent.

The contest is open to any non-professional band in Texas, and in addition to the two major awards, various class winners will be given special prizes as will the winners in the various solo contests.

Competing bands will be heard in individual and massed band concerts throughout the afternoon of each day of the 16 day exposition. Early indications are that there will be more than 100 bands competing in the contest. Karl L. King, internationally famous band director and composer will judge the contest.

Mr. and Mrs. J. Neal, Mr. and Mrs. Sam Harrell and daughter, and Mr. and Mrs. Chester Surratt and son, left Wednesday morning for the Geo. Baker ranch on Devil's River where they will spend the remainder of the week fishing and camping.

Mr. and Mrs. G. N. Wright and children of Graham, and Mr. Freddie McCright of Anson, came in Tuesday for a visit with Mr. and Mrs. E. H. McCright and Mr. and Mrs. Jack McCright.

HELP TO MAKE HOME TOWN BEST TOWN ON EARTH

Fair competition is the life of trade.

Home business institutions that are helping to pay for the maintenance and improvements of a city, are entitled to the trade of the citizen of the home city.

Outside business concerns do nothing toward the building of the home city and local merchants should not be forced to compete with them.

Buying away from home should be stamped out forever. Every dollar and every activity should be united to make business of the home city better. Now is the time to get busy and make local business better.

Every citizen should take an active and positive stand on all things that go to make local business better.

All should take a mental inventory and find out how they stand in ability and honesty of purpose and willingness to make the home city bigger and better.

No man is a success who only enriches himself. The man is a success whose success enriches the community.

There is only one city in the world in which to live and prosper and that is the city in which you live.

A good way to boost the home city is to buy from the local business concerns who advertise in local papers.

Local advertisers are the people who lead in the things that keep a city moving forward in the march of progress. — Press, Guttenberg, Iowa.

TWO MONTHS' WORK FOR NOTHING

How would the average citizen like to work 6 days without any pay whatever?

The answer is that he wouldn't like it at all. But that, in effect is what he is doing. Sixty-one days' work out of each year is required to pay the cost of government. In 1924 it was 46 days, and in 1913 about 25 days.

The ratio is constantly rising, the taxpayers will be working for the tax eaters all the time, and for themselves not at all. Every time a new bureau is created, every time a new department comes into existence, a little more of the money we earn finds its way into the Treasury.

As President Hoover has said, to continue on the tax road we are traveling is to impoverish the nation. In the last 16 years the cost of government has increased nearly 150 per cent. The results are found in hoarding of capital, industrial retrenchment, unemployment. The tax issue, in all its phases, is one of the most important problems the American people have ever faced.

value of your local newspaper to the success of your business cannot be overestimated. It's worth all the support and cooperation you can give it. For the newspaper is a mirror reflecting the life of the community in which you and your store have an important part. Your advertisement is the reflection of your store in this mirror. Everybody sees it there. If it is not there, the mirror is dark where your store should be. You are there but you cannot be seen. Your store is open for business as usual, but "Out of sight; out of mind!" To keep in step with the progress of your community; to get your share of business, you must advertise regularly. Take your newspaper publisher into your confidence; he can give you invaluable assistance. Establish an advertising budget. Plan a regular schedule for your advertisements. SOREMOUTH DISCOVERY OF TEXAS STATION ATTRACTS ATTENTION

The recent discovery by the Texas Station that soremouth of sheep and goats is an infectious disease and the development and demonstration of a vaccine for its control is widely hailed as an example of direct benefits which flow to the public through research work. Congressman Frederick M. Davenport of New York in an address before Congress on June 24 urging support for research work cited this and other achievements of the Texas Station as examples showing that money spent in research is in his address that the Sheep and Goat Raisers' Association in resolution recently declared that this one discovery is worth more to ranchmen in Southwest Texas than the several hundred thousand dollars expended for the development and maintenance of their Ranch Station since it was established in 1915.

Mrs. P. E. Dishman and sons left for their home in Bryan last Saturday following a visit here with her parents, Mr. and Mrs. J. J. Nance.

State Land Office Will Refuse To Pass On Claims Involving U. Of T. Lands

AUSTIN, Texas, July 28.—The State Land Office will refuse to pass on any claim that may involve the boundaries of University of Texas lands pending the completion of the surveys of these lands and the filing of the report of the engineers, according to J. H. Walker, State land commissioner. In explanation of the position that he has taken in the matter, he said:

"From my viewpoint it would not be within the properties for this department to undertake to pass on school land surveys in cases where the boundaries of the University land would be involved before the University surveyor makes his report and files his field notes in this office. It is true the final approval of his field notes will devolve upon me and also true that I have been collaborating with him in the required research work and investigations on the ground. The reason for this course on my part has been that it would be better and less expensive in the end for me to make my investigations along with him. Still the reason suggested for not considering school land field notes contiguous to University land would hold.

"It should be borne in mind that neither the Constitution nor the law has granted land to the University of Texas. Two million acres have been set apart for the establishment and maintenance of the University. The people of Texas still own the land. The authority of the University surveyor is limited to the identification of the original boundary lines as placed on the ground or protracted. My authority in the approval of his field

notes is limited to the acceptance or rejection of his findings of fact.

"To me the unfolding of the story of the survey of the University lands has been as interesting as the tales of any story-teller. It so happens that 32 years ago I made the calculations and typed the instructions to the surveyors who located the public free school lands contiguous to the million acres of University lands originally surveyed by Dennis Corwin. Again, it so happens that the instructions to the surveyor who located the public free school lands adjoining the million acres surveyed by R. M. Thomson were written by me 32 years ago."

Construction has been started by the Humble Pipe Line Co. on an 8-inch line from the new Course field to connect at Satsuma with the trunk line running to the Webster tank farm near Houston. The new extension is about twenty-eight miles long and will cost \$300,000 furnishing employment to more than 100 workers.

Texas Industrial Activities

A carload of Texas telephone poles, creosote-treated by the Denison tie plant, was shipped to California for use there.

Another ice plant is in course of construction at Ennis. The new ice plant at Gilmer is in operation with a capacity of ten to twelve tons daily and a cold storage section will be added later.

The \$27,500 creamery announced for McKinney will include a complete butter-manufacturing unit and an ice cream mix plant to provide a local market for Collin County milk and cream.

Seven thousand persons attended the Made-in-Texas products show at Hearne started by the Hearne Chamber of Commerce. Exhibits included lumber products, groceries, canned goods, shirts, trousers, dresses, toilet goods, clothing and canned goods, all produced in Texas factories.

The Bulletin erred in its reply to the Brownfield Chamber of Commerce that there were no can factories in Texas. A half dozen members have directed attention to the fact that there are two—the Southwest Can Co., Houston, and the Thompson Can Co., Dallas. Suitable apologies to the two companies were made and the information dispatched to the Brownfield Chamber of Commerce that it could obtain its needed supply of cans from Texas manufacturers.

As Advertised

Here is a phrase with which shoppers are becoming more and more familiar. "As advertised"—these words are full of meaning. Placed with stacks or heaps of merchandise, they announce plainly for all to see—"Here are the goods we promised you, exactly as they were described in our advertisement." Such merchandise is dependable. It's quality is fully vouched for by the manufacturer who made it and by the store or dealer who is now offering it to you.

As it is advertised—so it is.—Experience proves this to be true. The advertisements in this newspaper are sincere messages to you from the most progressive merchants who affix their signatures to attest to the correctness of every statement made. In his advertisements, the advertiser expresses the soundness of his entire business policy.

Read the advertisements in every issue of this newspaper. They are interesting. They will keep you informed of all the newest and best offerings to be found in the shops and stores. The advertisements are a record of business progress. They will save you time and money and assure fullest value for every purchase you make.

DENTON, July 28.—Texas produces a great variety of food products due to the wide range of climate and to the many different kinds of soil. Some of the outstanding Texas foods are onions, mainly of the Bermuda variety from the Rio Grande valley, sweet potatoes and peaches from East Texas, golden figs from the Gulf Coast, rice from Southeastern section, pecan, honey and sea food. The citrus fruits, grapefruit and oranges, have attracted much attention recently.

## MENUS

Breakfast: Sliced Texas oranges; grapefruit; sugar and cream; bacon; toast; coffee.

Dinner: Tomato soup; black eyed peas with fried onions; corn muffins; lettuce salad; peach cobbler with soft custard.

Supper: Vegetable soup; toasted Texas figs; brown bread with cheese and tea.

Breakfast: Texas grapefruit, rolled oats, brown sugar and cream toast; coffee.

Dinner: Honey dew melon cocktail, fried chicken with cream gravy; baked herring; buttered cauliflower; hot biscuits; asparagus salad; sweet potato custard pie.

Supper: Boiled rice with baked apples, cream and sugar.

## RECIPES

Black Eyed Peas With Fried Onions: Soak 1 c black eyed peas over night (2 c fresh peas may be used.) Boil until tender. Sear 6 sliced bacon in a hot frying pan; remove bacon and add a medium sized onion sliced. Cook until onions are light yellow color. In a well greased casserole place alternate layers of peas and onions. Arrange bacon on top and pour a c of rich milk or meat broth over all. Bake in a hot oven at 400 degrees F. for 20-30 minutes.

Sweet Potato Custard Pie: Bake 3 or 4 sweet potatoes or enough to make 2 c mashed. Add 1 c rich cream or 1 c milk and 4 T butter. Heat this mixture until it boils. Beat together two egg yolks, and 4 T honey. Add the hot potato-milk mixture to the egg mixture, beginning with a T and increasing the amount of each addition until all this milk mixture is used. Stir well all the time. Mix in 2 T lemon juice and 1-2 t nutmeg. Pour into a pie plate lined with rich crust and bake in a moderate oven at 350 degrees F. until set. Just before the baking is finished, sprinkle with a few finely chopped pecan meats and brown delicately.

Peach Cobbler with Soft Custard: Mix 2 T flour and 1-2 c sugar; add 2 c boiling water and stir until smooth and thick. Place a qt. of sliced peaches in a deep baking dish. Add syrup and 3 T butter. Sprinkle with 1-4 t allspice and 1-4 t cloves. Cover with small biscuits rolled 1-4 inch thick. Sprinkle with sugar and bake in hot oven at 425 degrees F and bake about 30 minutes in all.

For rich biscuits: mix and sift 1 c flour, 2 t baking powder and 1-4 t salt. Work 2 T shortening into flour mixture. Add 1-3 c milk; mix well; kneed lightly and roll out as directed. If so desired, the recipe for biscuits may be doubled in order to line the sides of the baking dish.

## EVENTS OF SOCIETY

### HONOR RECENT BRIDE AND GROOM AT DINNER

Mr. and Mrs. Bert Couch honored Mr. and Mrs. Louis Pyatt with an elaborate dinner last Sunday, at their ranch home. Mrs. Pyatt before her marriage on July 7, was Miss Lois Couch.

Various flowers were placed at intervals about the entire house while the dining room was most attractive. Pink sweet peas and roses formed the centerpiece of the table, with its handsome linen and silver. The bride cut her tiered wedding cake which was beautifully embossed with pink sweet peas. Covers were laid for fourteen guests.

Mr. and Mrs. Pyatt slipped away from their friends here on July 7 and were married in Fort Stockton. The marriage was not generally known here until the dinner given in their honor by the bride's parents. The young couple will make their home on the ranch. —Ozona Stockman.

### FRIENDLY BRIDGE CLUB

The members of the Friendly Bridge Club together with several guests were delightfully entertained on last Saturday at the home of Mr. and Mrs. Harry Newton.

Refreshments of cantaloupe-a-lamode was served to the following: Mr. and Mrs. Jim Nance, Mr. and Mrs. C. M. Breeding, Mr. and Mrs. Frank Robertson, Mr. and Mrs. LeeRoy Grigsby, Mr. and Mrs. W. H. Buchanan, Mesdames C. I. White, H. E. Fletcher and Mary Lou Keller, Messrs John Stovell and W. A. Whittle.

Mrs. LeeRoy Grigsby won the ladies high score prize and to Mr. Jim Nance went the men's high score prize.

### CACTUS BRIDGE CLUB

The members of the Cactus Bridge Club and several guests motored to the Kendrick Harrell ranch at 9 o'clock Wednesday morning where they were entertained at a bridge luncheon with Mrs. Hilton North as hostess.

The morning was spent in playing bridge with Mrs. Eva Stansell winning the high score and Mrs. Clyde Harrell getting the cut prize, Miss Gerry Coates winning guest prize.

Those present were: Mesdames S. C. Bodkin, Eva Stansell, Frank Robertson, C. I. White, Buck Pyle.

Kendrick Harrell, Clyde Harrell, R. T. Taylor, Wallace Henshaw Jr., Lucile Mason, Wayne Augustine, and Misses Mary Alice Happle, Myrtle Harrell, Novis and Louise White and Gerry Coates.  
Iced Watermelon was served.

### BRIDGE PARTY

One of the merriest social functions of the week was the bridge party given Tuesday by Mrs. J. W. McKee and Mrs. W. H. Savage. Mid-summer flowers adorned the spacious home of Mrs. Savage where twelve tables of guests enjoyed a number of interesting games.

Mrs. Horace Fletcher and Mrs. Robert Duncan were awarded first and second prizes, respectively, same being lovely hanging baskets of fern and ivy, and the cut prize went to Mrs. C. P. Peavey, also a hanging basket.

Attending the party were: Mesdames S. S. Daggett, Max Bogusch, Jim Kerr, Mary Lou Keller, F. B. Carter, Bozarth Brown, Clyde Griffith, Annie Ware, Joe Kerr, Al Creigh, L. A. Lowe, Lewis Lemons, C. P. ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

A grocery bill not exceeding \$2.50 per month for the last three months is the way Mrs. J. A. Hamilton of Nueces county describes the benefit of her work as a 4-H pantry demonstrator which has resulted in 727 cans of food of 30 different varieties.

Vegetables for a family of 11, and \$30 in cash used for supplying her sister with needed medical attention have been made from a garden by Hazel Clements, 4-H club girl in Bowie County.

A woman may dress appropriately for small cost, eight wardrobe demonstrators in Mason county home demonstration clubs have proven. One year's clothing ranged in cost from \$2.60 to \$40.97, with an average of \$17.89. All demonstrators made budgets, kept records, used foundation patterns in making their own clothes and improved their clothes closets.

Clyde Carruth, Gray county dairy herd demonstrator, doesn't see how he could run his dairy without a silo. Last year he dug a trench silo and filled it with 85 tons of sorghum and begari. He averted a drop of 25 per cent to 50 per cent in production last winter by feeding ensilage while wet weather kept his 15 cows off wheat pasture 2 and 1-2 months.

Six months extra grazing more than repaid N. P. Pace of Denton county for the labor and investment in clearing and planting a piece of bottom land to a clover and grass mixture last winter. He has asked further help from the county agent in improving more pastures with the view of turning his 400-acre farm into a profitable stock farm.

ANNUAL RODEO—

(Continued From Page 1)

Ft. Stockton, 2nd, time 7.2 seconds, Earl Sellers, Del Rio, 3rd time 8.1 seconds; Goat Roping, Leo Bishop, Uvalde 1st, time 11.1 seconds. Walter Babb, Langtry, 2nd, time 12 seconds, Jack Sellers, Del Rio, 3rd, time 12.5 seconds.

Following the regular rodeo events Thursday afternoon a matched calf roping was held between Walter Babb of Langtry and J. C. McElroy of Toyah, each man roping 3 calves a piece. McElroy beat Babb 2.2 seconds on the 3 calves roped. This was certainly a well matched roping and Babb was handicapped in that just before the matched roping started he broke his ankle on his right leg. Both men are good ropers not only when it comes to calves but to goats as well.

Both nights dancing was enjoyed at the C. A. C. Hall with a large crowd of young folks from near by cities in attendance. Music was furnished by a negro orchestra from San Angelo.

Mrs. A. D. Brown and children have returned from a visit with Mr. Brown in San Antonio and with relatives in Bandera, Texas.

Miss Mabel Newton, who has been visiting her cousin, Miss Willie Mae Green returned to her home in Valentine, Sunday.

Place that order with us today for your printing needs and be assured of good work, quick service at a reasonable cost.—The Sanderson Times.

CAMMACK MAKES THE TOUR WITH SIMMONS BAND

Famous Cowboy Band Is Making Summer Tour

ABILENE, July 28.—Cecil Cammack, for the past year director of the high school band at Sanderson, left early the past week with the Cowboy Band of Simmons University on a tour of South and East Texas, Oklahoma, and Louisiana. The party of musicians is now rounding out a tour of the coast line and will soon move to East Texas dates.

The tour is to be extended into a transcontinental trip if the band meets with sufficient success on the first leg of its journey. If this is done, it will turn out to be the longest tour since the trip to Europe in 1930. The Sanderson director also was with the band when it made that famous tour and played for eight weeks before audiences in Europe.

The present tour of the band is being made for the benefit of charity leagues in the respective towns. All proceeds above expenses are going to charity funds. Prof. D. O. Wiley is in charge. The band is being accompanied by Rex Felker, champion rope twirler of West Texas and will be joined later by John Regan, famous English-Australian cowboy entertainer who returned with the Cowboys from Europe in 1930. Cammack plays the trombone.

Oscar Bolice, a well known boot-maker who has made boots for many ranchmen in this section of the country for several years, arrived here Monday and is now with J. R. Blackweider who has a boot and shoe repair shop on Oak St. next door to the Sanderson Mercantile Co. These two men are now equipped to make first class cowboy boots and solicit the trade of all who are in need of boots.

A new entrance to the Poultry Building at the State Fair of Texas will house an aquarium and display tanks for water fowls, it has been announced by Walter Burton, superintendent of the department. In addition to the fish and water fowl display, there will be an exhibit of pheasants of every known variety, wild game and other birds.

Let us print your letterheads, envelopes and statements. Work guaranteed and the best of stock used.—The Sanderson Times.

RATTLE OF THE RAIL

Fireman A. R. Bean made a visit to Houston the early part of the week.

President A. D. McDonald passed through Thursday enroute to Los Angeles.

The safety meeting was held in Del Rio Thursday.

Owing to reduction in number of crews, F. L. Cochrane has been placed on the fireman's board here.

Twenty cars of stock loaded at Sinton for Arizona points passed through Sunday.

Engineer Tom Kent, who has been on extra board here for some time, has returned to Del Rio.

Practically every line of manufactured goods will be on display in which is now being arranged for the 1932 State Fair of Texas, it has been announced by Col. W. E. Talbot, managing director of the Southwest Development Bureau, under whose auspices the show will be held. The Texas Manufacturers Exhibit will be in the Main Exhibit Building and has been limited to only those goods which are actually made in Texas. Two hundred exhibits are expected.

Economical, Delicious Desserts Of Dried Fruits and Tapioca

TODAY economy is the watchword, yet withal, families must have nourishing and tasty desserts to crown the meal. Dried fruits—figs, raisins, apricots, dates and prunes—can be made into a wealth of delicious desserts at small cost. They are Nature's own sweets packed with sugar for cold weather energy and they make desserts pleasing to the sweet tooth of the whole family—young and old.

Apricot Tapioca: 1/2 pound dried apricots, 2 tablespoons quick cooking Tapioca, 1 cup water, 1/2 cup sugar, 1/2 teaspoon salt. Wash apricots. Soak in 3 cups water 1 hour and cook until tender. Drain. To juice, add enough water to make 2 cups liquid. Add Tapioca and salt, and cook in double boiler 15 minutes, or until Tapioca is clear, stirring frequently. Add sugar. Cool. Force apricots through sieve. Fold pulp (about 1 cup) into tapioca mixture. Chill and serve with whipped cream. Serves 6.
