THE DANGER OF WAITING

Life can play foul jokes on people some times. In a large middle-western city there was a grocer, who worked very hard and saved his money religiously so that his old age would be provided for.

For 50 years he stuck to his grocery store. He worked and saved too hard to have much fun, but he was looking forward to the day would have his fun. He would have money and leisure, and he would make up for the years of hard work.

Well, he finally retired—money in the bank, an assured income, a nice home, everything he needed. "Now," he told his friends, "I am going to enjoy life."

And just 24 hours after he had retired he dropped dead.

If a novelist put that in a book we wouldn't believe it. We would accuse the novelist of straining too hard for an ironic effect.

But life takes queer twists that are not permitted to good fiction. It all happened, precisely as it is described here, and all we can do is admit that there are times when wisdom and prudence are horribly confounded.

As a matter of fact this sort of thing happens fairly often—in a little different way. Not many people who have prepared for a carefree and leisurely old age die just as they begin to taste their reward, of course; but they get cheated out of their dues, just the same. They find that leisure, after a lifetime of hard work, is boredom. They find that they have forgotten how to play. They find that the empty hours are depressing because they do not know what to do with them. They find themselves feeling that they have been put upon the shelf, and they grow 10 years older in 12 months.

Perhaps we aren't meant to be

FROM THE TOP OF THE WINDMILL

By SAM ASHBURN San Angelo Morning Times

Buyers are offering 4 cents a pound for good fat range mutton lambs. Buyers are extremely active in offers of 4 cents for ewe lambs and perhaps would give 4 1-2 cents a pound for them.

Wool maintained its steady tone here last week when one accumulation of 12-months moved out at 14 cents a pound. Few pre-shearing advances were made by the Boston houses.

Ranchmen throughout the country are not in much of a selling mood when it comes to lambs just now. Nearly every one you see says "I have been offered 4 cents for my lambs but am holding. I will shear them soon." There are many efforts being made to contract lambs out of the wool prices at 3 cents a pound.

Lambing is going on in many parts of the country today with a great many twins reported. Sheep are in good condition everywhere. December lambers hit a few snags but January has been a good month thus far.

Roger Dudley of Ozona was at the Naylor yesterday while a son, Walter, aged 15 was operated on at the Shannon Hospital for appendicitis. He is doing well. Mr. Dudley recently was injured by a horse but is doing well now. He said people down on the Pecos do not know of the depression. "All I have seen in the last few days is the Mexican at the place and he doesn't know about hard times," he said.

Nat Holman of Del Rio is stocking with ewes which he is now buying for his 10,000 acre ranch near Pumpville. The ranch had been occupied by Bert Beckett who is moving to the Cedar Spring ranch of the Hamiltons. Mr. Holman, an abstractor is buying his ewes in the Silver Lake country.

Calf buyers are busy cleaning up the calves left in the country. There are few left.

A man who had been to Del Rio Bracketville, Sonora, Rocksprings, Uvalde, yesterday said range conditions were fine everywhere, that the only thing that can keep thousands of fat lambs from going out in March and April is a freeze that will kill the weeds.

Allen Holder of Midland, one of the famous rodeo men of the nation has bought from Hugh Crouch of Lometa a dun cutting horse for \$300. Many people who saw him in action in this section said the animal was in a class to himself. Holder bought the horse through here in a trailer. He will use him as a roping horse and that horse will see many a mile before his days are over.

Texas Industrial Activities

The Marshall shops of the Texas & Pacific railroad were reopened Jan. 3rd after a shut-down since Dec. 14, giving employment in all departments to several hundred men.

The Beebe Specialty Co., Brownsville, is manufacturing a salt shaker that is guaranteed to sprinkle salt regardless of atmospheric humidity. It incorporates a brand new idea that keeps the orifice sealed when the shaker is not in use.

Kerrville Fur Co., operating branches in seven other West Texas towns, is shipping an average of 10,000 pelts a week. Most of the pelts are opossum, but shipments include ringtail, fox, civet cat, skunk and raccoon.

Texas has 3,049 manufacturing establishments in 341 cities, according to the manufacturers' directory list issued by the University of Texas Bureau of Business Research. The 1930 census showed 5,198 manufacturing establishments, but many of them would not be counted as manufacturers under the usual interpretation of the word, which accounts for the difference in totals.

Canyon is seeking two industrial establishments—a creamery and a broom factory—and has inducements to offer anybody interested in such industries. There already are enough dairy cows to supply a good volume of milk and a good local demand for butter and ice cream. For the broom factory it is only a short haul from the heart of the broom corn growing area and there is an abundance of good labor available from among the students of the Canyon Teachers College. Details and inducements may be had from Fred E. Wortham, secretary of the Canyon Chamber of Commerce.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

A total of 107,125 quarts of food was put up in Jack County in 1932 by 69 women and 189 girls who are members of home demonstration clubs, and by 35 other families helped by them.

A bi-weekly farm market and exchange has been opened in Gonzales by the home demonstration clubs of the county.

Farm women in Dickens county last year improved 162 bedrooms to make them beautiful and comfortable, and 4-H club girls improved 114 rooms, the home demonstration agent reports. There were 46 clothes closets built, 55 mattresses made, and 95 pieces of furniture re-finished. Many rooms were papered and the floors and wood-work re-finished.

"When Christianity and agriculture are balanced in a man's thinking and practice, and in a nation's economic system, there can be no depression that shatter human progress," declared Rev. R. B. Morgan at a rural pastor's agricultural short course held by county extension agents in Tarrant county recently. He called for an "agricultural revival" which he said was as valuable to a local farming community as a religious revival was to the several churches in that community.

Before starting sheep on winter feeding in Menard county last year, ranchers treated 50,000 head for

stomach worms by drenches recommended by the Sonora Experiment Sub-Station and supervised by the county agent. The saving was estimated at \$1575.

A survey in Hardeman county by the county agent shows that terraced and contoured land last year produced about 20 per cent more than other land.

Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.

To become a clipper at one clip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some item that you want to examine when you're shopping next time . . . clip out the notice and take it with you.

The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.

At all events, a clipping pinned to your shopping list helps you to remember this particular errand. It simplifies and shortens a shopping-trip so much to know what you want and where to get it!

RECIPES AND MENUS
 By Department of Home Economics
 Texas State College for Women
 (CIA)

DENTON, Jan. 26.—Good quality in pork is recognized by certain characteristics which are readily discerned by the purchaser who knows how to purchase.

The meat of the well-fattened animal is the most tender and has the best flavor. Quality is recognized in the lean by a fresh pink-white color, firmness, and a fine smooth grain. The outer, or skin side of the cut, is well covered with a firm white fat. The depth and evenness of the fat covering is also an indication of quality.

Cold weather menus may well include from time to time various types of pork dishes.

MENUS

Breakfast: Stewed apricots, oatmeal, cream, poached eggs, toast, butter, coffee.

Luncheon: Chicken chowder, crackers, biscuit, butter, peach cobbler, whipped cream.

Dinner: Loin roast of pork, gravy, baked potatoes, mashed turnips, hot rolls, butter, apple butter, combination salad, baked custard.

Breakfast: Wheat flakes, cream, ham omelet, cinnamon toast, butter, coffee.

Luncheon: Bacon with spinach and egg, french fried potatoes, cabbage salad, cornbread sticks, butter, hot chocolate, cookies.

Dinner: Roast shoulder of pork, gravy, potatoes au gratin, string beans, bread, butter, tart jelly, mince pie.

RECIPES

Bacon with Spinach and Egg: Season boiled spinach, chop rather finely, and place in a buttered casserole. Cover with slices of bacon, place into the oven and bake until the bacon is brown. Add carefully one egg for each serving desired. Bake until the eggs are as firm as desired.

Shoulder of Pork: Remove the bone from the shoulder cut and stuff with the following: Soak bread in hot water, press as dry as possible.

Season to taste with salt, pepper, onion, celery, sage, green pepper or other seasonings. Stuff the opening made by removal of the bone. Secure it with skewers or by sewing with cord. Roast at 350 degrees F. for thirty minutes to the pound. The time must be varied according to the fatness and shape of cut. Carve to cut thru the stuffing for each serving.

Trade among Friends

No matter what some folks say to the contrary, there certainly is a lot of sentiment in business. Friendship, for instance, makes more satisfactory sales than all the cleverness and argument in the world.

You like to trade at a certain store—not because its counters are arranged in a scientific way, but because the folks who serve you are always friendly and helpful.

Just that very thing—FRIENDLY SERVICE—is the power that draws people together into communities like this, where everybody can enjoy the many benefits of neighborly cooperation.

And FRIENDLY SERVICE is the sentimental reason why you find it very much to your advantage to trade with our advertisers—to buy where you feel at home, where your friends will see that you are well satisfied.

Basketball Teams Stand Chance As District Winners

The Sanderson High School Basketball team stands good chances to come out as District Winners in the annual district tournament which will be held the latter part of February. The boys have won six out of eight starts this season and now have a record of 24 victories out of 29 starts when last seasons record is combined with that of the current season. Every member on the team are young men and will not average 15 years of age and they are Sophomores in school. Not an old member is left on the team from last year and these young boys are to be congratulated upon their successful games.

The girls team is undefeated having won three games. In the first game of the season they tied Comstock 31-31.

In the games on Friday the 13th our teams were both successful, the girls defeating Comstock by a score of 39-15 and the boys won over the Alpine team by a score of 31-13. In these games Beatrice Nichols was star for the girls and Elton Halley for the boys.

Last Saturday afternoon a double header was won from the Marfa boys and girls team. In the girls game the score was 30-17 with Loraine Haass starting for the girls. Clatfelter, Utterback and Falcon did most of the scoring for the boys when they had little trouble in defeating Marfa to the tune of 37-15.

The defeat last Saturday night by Fort Stockton boys team was not a bad one as during most of the game the score was tied. The final score gave a victory to Stockton by two points, 22-20 being the score. Utterback and Mussey turned in good exhibition at their respective positions while "Abe" Winkler of Stockton was the outstanding man of his team.

Fort Davis school team will be here this week and a large crowd is expected out to see our boys bring home another victory.

Monro Marionettes To Appear At Sul Ross Next Monday

The Monro Hollywood Marionettes, known as the smartest show in Hollywood will appear in the Sul Ross Auditorium on January 30.

The movie stars in miniature will be in Alpine on the first continental tour direct from the Hollywood Puppet Theatre, Sunset Boulevard. The group includes the original puppeteers and a cast of fifty marionettes, all sculptured portrait puppets of such stars as Ann Harding, Will Rogers, Clark Gable, Joe E. Brown, Marie Dressler, and others. Two Shows will be given, a children's gala matinee of "Cinderella," in a Spanish setting, with Ann Harding as Cinderella and Marie Dressler as the stepmother, and the evening performance, "Lost Adam's Diggings," an exciting '49 adventure in three acts, each show will include as well four snappy vaudeville acts.

The most modernized production is used, with sufficient loud speakers and amplifiers to allow everyone in the auditorium to hear. The performance represents all the arts, drama, comedy, music, painting, sculpture, stage craft, acting, and mechanics. The intriguing costumes add to the life like mannerisms of the actors.

Performance at the Sul Ross Auditorium on January 30 are at 3:30 for the matinee, and at 8:15 for the night program. Prices: \$40, adults; \$20, grade and high school pupils; \$25, without College Activity Tickets; \$10, with Activity Tickets.

as the report of the Legislative committee on organization and economy. This committee recommended abolition of several colleges, or their support by the communities in which they are located.

The board suggested that Texas Tech could absorb the upper classes of Sul Ross of Alpine and West Texas Teachers of Canyon with little additional expense. It added that the combined institution at Denton could take the upper classes from East Texas Teachers of Commerce at only a slight additional cost.

In similar manner, Sam Houston Teachers' College could absorb the juniors and seniors from Stephen F. Austin at Nacogdoches. "There need be very little discussion about the possibility of the University of Texas as absorbing students in upper level classes" from Southwest Teachers and from the College of Arts and Industries at Kingsville, the board said.

BONUS ADVOCATES TO DELAY ACTION

WASHINGTON.—Advocates of cash payment of the bonus have agreed to delay for the time being their efforts to obtain approval of such action.

At the conclusion of a meeting called by Representative Patman, (Dem.), Texas, Patman said the bonus advocates had "reaffirmed unanimously" their belief the best method of expanding the currency was by paying the bonus.

No final action in favor of this proposal was taken, however. The members present authorized Patman to call another meeting later when it may be easier to determine what might happen to other currency inflation proposals.

Estimates of attendance at the meeting varied from 35 to 75.
