## Legislature Refunding Act Will Save Terrell County Taxpayers Over \$200,000

AUSTIN, Texas, March 9.—Terrell County taxpayers will save more than \$200,000 on their outstanding road bonds through the refunding act of the legislature last year, according to preliminary figures compiled by the state highway department.

Gasoline tax revenues are providing the money of this saving, beginning this year. The law sets aside one cent of the four-cent gas tax, or more than \$7,000,000 a year. Each month's portion of this income is to be divided in the proper ratio and paid against the maturities of each county for that month.

The ratio is to be set by the new Board of County and District Road Indebtedness. Gibb Gilchrist, its chairman, said that while payments already have been begun, the amounts thus far are too scattered to bear any real significance.

The highway department's records show that Terrell county has contributed \$225,750 to the construction of designated state highways and bridges since the department was established in 1917.

The total expenditures of this type by all the counties of the state since 1917, total \$90,345,267, according to highway department records. Estimates of county officials are still larger but highway officials believe the ultimate total will be about \$110,000,000. On the basis now set by the legislature, from 12 to 15 years would be required to pay it from the gasoline tax.

The Texas Good Roads Association, which secured these figures from the department, pointed out that in addition to the one cent of the tax which goes to county bonds, another cent goes to the state school fund, leaving but two cents of the tax for its primary purpose—the construction and maintenance of roads.

"Surely the motorists of Texas," the association's statement said, "are entitled to the remaining one half of this special tax for highways and highways alone, unimpaired by any further diversions. It will provide barely enough money to carry on the highway program on a much reduced scale."

In order to weld the motorists of the state into a unified force for concerted action in their own interest, the association is now engaged in a statewide membership campaign, at a nominal fee. Civic leaders in every county in Texas are being selected to head local campaigns.

## Census Of School Now Being Taken By Mrs. Dawson

Mrs. Theresa Dawson has been appointed by ex-officio County Superintendent, G. J. Henshaw to take the school census for this year and Mrs. Dawson started her duties on the first of March.

All persons who have children within the school age should register them with Mrs. Dawson at once so that she may complete the census on time and thus assure our schools of getting their share of the per capita apportionment for the school year of 1933-34.

Edwin Smith of Del Rio was a week end visitor in the city with friends.

Mrs. W. H. Savage and son, Billy, spent the week end in San Antonio with her sister, Mrs. Maxey T. Hart.

J. E. Yates and daughter, Barbara of Alpine were visitors in the city Wednesday with friends.

Mr. and Mrs. E. H. McCright and baby were Del Rio visitors last Friday and Saturday.

The only way we have of making progress is through education. It is the only sure guarantee of civilization. If we fail there, we fail everywhere.—Lotus D. Coffman.

## Funeral Services Held For Sister Of John Harrison

Funeral services for Mrs. Lena Harrison Jenkins, 41, were held on Tuesday afternoon from the Church of Christ in Junction. Mrs. Jenkins, who was a sister of John Harrison, Dryden ranchman, died Monday afternoon about 2 o'clock at her ranch home in Kinney County. Death followed an illness of many months duration.

Mrs. Jenkins taught school in Del Rio for a number of years and was a teacher in the public school systems of Texas for 18 years.

Survivors are: her husband, Arch Jenkins, her parents, Mr. and Mrs. Mann N. Harrison, Sonora; three brothers, E. H. Harrison, Junction; Felix Harrison, Vinagron; John Harrison, Dryden; two sisters, Mrs. J. N. Nethers, Junction and Mrs. W. M. Seward, Del Rio.

## Texas Independence Day Program Given At The High School

On March 2, at the regular chapel period the following program was given in the High School auditorium.

Three Numbers by the Sanderson H. S. Band.

Talk on Texas Independence Day, Jesse Loehausen, two numbers by the girls' Glee Club, Solo, Mio, Sweethearts Forever.

Texas Under Six Flags—Texas Under French Flag, Madlyn Wilkinson, Texas Under Spanish Flag, Bess McAdams; Texas Under Mexican Flag, Thomazine St. Clair; Texas Under Texas Flag, Florene Thompson; Texas Under Confederate Flag, Dorothy Sullivan; Texas Under United States Flag, Mary Arrington.

The Eyes of Texas led by Miss Noble, Assembly; March, Bess McAdams.

## KITE FLYERS WARNED

As the kite season is now approaching warning to those who fly kites was given Thursday morning in an address to the student body by Clyde Morris, local manager of the Texas-Louisiana Power Company.

One of the worst dangers to kite flying is when the string breaks and the kites then land on power line wires. Mr. Morris stated when this does happen that if the person whose kite is on the power line will notify the local power company office that they will send a man to remove the kite and that there will be no charge for this service.

Sanderson young folks are asked to bear this in mind and let's be careful so that we will have no casualties from kite flying.

Mrs. C. P. Peavey and daughters returned last Sunday from an extended visit in Marfa with her parents, Mr. and Mrs. Ben Pruett.

Mrs. M. I. Taylor and children of El Paso spent Sunday here with Mr. Taylor who is firing out of here west.

Miss Alyce Kilpatrick of Christoval visited with her sister Mrs. A. A. Shelton several days this week.

Carl Cochran was a business visitor in Del Rio on Sunday and Monday of this week.

Mr. and Mrs. Clyde Morris and children were Sunday visitors in Toyah with her mother, Mrs. Scott.

Mr. and Mrs. S. J. Kellogg visited with Mr. and Mrs. R. J. Ratliff in Alpine last Saturday.

Mrs. H. R. Laurence was a Fort Stockton visitor Tuesday.

## BANK HOLIDAY DECLARED BY GOVERNMENT

All Banks In Nation Have Been Closed Since Monday

The Sanderson State Bank, along with other banks of Texas, has been closed since last Friday in observance of the financial moratorium declared late last Thursday afternoon by Governor Miriam A. Ferguson. The moratorium, which was for a five day period, was supplemented by a national one issued late Sunday night by President Roosevelt and to extend through Thursday of this week. Unless an extension of time is further ordered, in all probability banks will open this morning, Friday.

A special session of Congress was called for Thursday and it is not thought by bankers and financiers that the situation could be worked out in a day and that the moratorium will be extended several days more.

In an interview with Joe Kerr, president of the local bank, he stated "that he had utmost confidence in the future of the bank, that it was in fine shape and that he was not worrying over the holiday for when the banks were re-opened the banking system throughout the United States will be in better shape than it has been in many years."

Merchants for the first few days found it hard to make change and a few of them were caught with a lot of State Highway checks on hand which they had taken in on accounts from customers and from those who wanted to purchase supplies. Monday the situation was remedied by arrangements being made whereby change could be secured at the office of Joe Kerr, but no checks were cashed.

Business is about the same as usual in the city with business firms continuing to charge supplies to those who have accounts with them and some firms even accepted checks but would not give out change.

It is the consensus of opinion that when the financial problem is solved by the national government that we will find better more modern and stronger financial institutions and that better times will be here.

At least the moratorium has brought out some hidden money and people were learning to do without money.

## A BIT OF PHILOSOPHY

By E. V. WHITE, DEAN Texas State College For Women (CIA)

One may be so poor that he cannot see which side his bread is buttered on.

The clearest tones are those that speak with the silence of a stern look.

Truth goes a little ways in a long time—a lie a long ways in a little time.

Better an ideal never attained than a permanent bed in the mire.

Mr. and Mrs. A. E. Creigh Jr. and son, returned Sunday night from several days visit in San Antonio the past week.

Mrs. S. S. Daggett returned Saturday from San Antonio where she has been for several weeks visiting relatives.

L. H. Lemons returned Wednesday from a business trip to Del Rio and San Antonio having motored down last Friday.

Mr. and Mrs. O. H. McAdams attended the meeting of the Pecos Valley Baptist Association which was held in Balmorhea Tuesday.

Mr. and Mrs. H. M. McCabe and children of the Dryden Airport were Del Rio visitors over the week end.

## HIGH SCHOOL HONOR ROLL IS ANNOUNCED

Past Six Weeks Term Closes With Many Students On List

With the close of the first six weeks term of the second semester of the public schools of this city many students made the honor roll the announcement of which was given out by Supt. B. J. Brannan this week.

Much interest in school affairs and studies are being manifested now by the students and great interest is being shown in school work. Only about twelve weeks more of school remains for the present 1932-33 term.

High School students making the honor roll are: Mildred Hurst, Marybelle O'Bryant, Bess McAdams, Mildred Underwood, Jack Bogusch, Elmo Taylor, Mary Arrington, Jack Hardgrave, Anna Lee Allen, Madlyn Wilkinson, Junior Lemons, Thomazine St. Clair, Jesse Loehausen, Helen Ruth Jackson, Mary Jane Carson, J. Q. Quailtrough, Joy Wyatt, Loreine Haass, Martha Stradley, and Mary Ferguson.

Grammar grade students on the honor roll are: Mary Bess Hardgrave, Walter Sharp, Lillian Harrell, David Allen, Doris Cochran, Eloise Stidham, Lelia Johnson, Helen Ruth Harrell, Roberts Loehausen, Lurline Taylor.

Bill Cochran, M. G. Northcut, Robert Elliot, Marjorie Morris, Buster Johnson, Elizabeth Brown, Kenneth Lutton, Robert Loehausen, Janice White, Margaret Ruth Yeates, Katharine Moore, A. J. Ivy.

Bertha Mae O'Bryant, Amanda Haass, Joyce Yeates, Jimmie Wilkinson, Edward Kerr, Ross Stawley, Ethel Laura Nance and Marybeth Banner.

## Mexican Injured When Jumps From Moving Freight

Estamislado Guarairama, 23, of Villa Acuna, was injured Wednesday afternoon when he jumped from a moving freight train as it was passing through Dryden, a station 20 miles east of here on the T. & N. O. Railroad. The accident occurred in front of the house occupied by W. D. Chandler and family, who heard the Mexican's cries and went to his aid. In jumping from the train he fell back on the tracks.

His right leg was torn off from his knee down and was only holding to his body by means of a few threads of flesh. The heel on the left foot was torn in shreds and all bones in that leg were crushed.

He was brought into this city on the train where he was given first aid treatment by Dr. A. P. Utterback and was later sent into the hospital at Del Rio.

Very little hopes were held for the injured man as he was very weak from the shock and loss of blood. It is said that he has a brother working on the section gang of C. W. Thomas at Dryden.

Harry Newton Jr., returned Sunday to Del Rio to resume his studies in the High School in that city after spending a few days here with his parents, Mr. and Mrs. Harry Newton.

Mrs. Martin Hatcher and daughter, Mary Jean, arrived Wednesday from their home in East St. Louis, Ill., for a visit with her sister, Mrs. Ray Caldwell and other relatives here.

Mr. and Mrs. Francis Mansfield and sons returned last Saturday from several days visit in Uvalde with his parents, Mr. and Mrs. W. H. Mansfield.

Mr. and Mrs. P. E. Dishman and sons came in Tuesday from their home in Bryan for a visit with their parents, Mr. and Mrs. J. J. Nance.

## Thursday Night Meeting Of P. T. A. Honors Fathers; New Officers Are Elected

### Ranch Experiment Station Seeks To Kill Prickly Pear

SONORA, March 6.—Tests at the Ranch Experiment Station to determine methods best suited for poisoning of prickly pear, a cactus which causes much trouble in sheep and goat country have been showing good results since their introduction January 14.

Working with H. P. Smith of College Station, W. H. Dameron, station superintendent, began a series of tests in January and report results of 30 days later gratifying.

Though there is considerable bitterness in the vicinity of the station, according to Mr. Dameron, there is not enough to cause the severe damage to stock which resulted in 1931.

Station workers are conducting big experiments now to determine the time and amount of the weed required to kill stock under range conditions.

## NEW MARFA-ALPINE HIGHWAY IS NOW OPEN TO TRAFFIC

The new road from Marfa to Alpine which has been under construction for several months has been opened up for traffic, and with the exception of a short stretch from near the under-pass at the Santa Fe tracks to near the old Murray ranch house, is all graded and in excellent condition for travel. The new road is through Paradise canyon and is a much more beautiful road than the old one which crossed the railroad at Lover's rock. When this road has been hardsurfaced there will not be a more picturesque bit of scenery anywhere in the country and besides being somewhat shortened it is an all-weather road and tourists and travelers will not now be held up by high water at any part of the road, as all the low places have been bridged and built up high above the flood water line. —Big Bend Sentinel.

## MASONS TO BROADCAST

The following telegram was received Wednesday afternoon addressed to S. C. Bodkin, D. D. G. M. 58th Masonic District: "Grand Master will deliver important address to Masons of Texas and all listeners over radio station WFAA Dallas Saturday night at 6:35. Please notify your lodges and ask members to tune in. Ask newspapers to give publicity. This is of vital importance."

Mrs. Annie McLymont spent Monday in Del Rio visiting with her son, Vance McLymont and wife and with her brother, Dr. Ross. She reports that her son is getting along nicely and that he hopes to be able to return real soon.

Mrs. Ed Downie and sons, accompanied by her mother, Mrs. Walter Gregory, motored out from their home in San Antonio last Friday for a week end visit at the Downie Ranch. They returned to San Antonio Sunday.

Rufe Stirman returned Sunday from San Antonio where he went the latter part of last week for a visit with Mrs. Stirman who is there for medical care. He reports that Mrs. Stirman is doing fairly well.

Mr. and Mrs. M. H. Goode Jr. and children, from their ranch on the Pecos, spent several days in town this week with her parents, Mr. and Mrs. W. E. Lea.

Mr. and Mrs. Wilson Banner and son from the Banner ranch on the Pecos visited in town this week with relatives.

The regular meeting of Sanderson Parent Teachers Association last Thursday evening at the High School Auditorium was well attended. The program was dedicated to Dads, and it was of interest to note that a large per cent of those present were fathers.

In keeping with the fact that it was Texas Independence Day, two Texas flags adorned the stage draperies.

The subject of the program was "Physical Education." Mr. E. W. Hardgrave served as leader.

The house was called to order by the president, Mrs. A. P. Utterback, who presided at the meeting. Minutes of the last regular meetings of both the organization and of the Executive Board were read by the Secretary, Mrs. Loehausen.

Reports were heard from the chairman of the various committees. Mrs. Joe Nichols, chairman of the program committee, read the names of all people who are to appear on program at the next meeting. That Sanderson P. T. A. is a progressive organization is shown by the increase in membership from 107 to 111 since the last meeting. This final number was reported Thursday by Mrs. R. A. Hurst, Chairman of the membership committee. According to Mrs. E. W. Hardgrave, chairman of the finance committee, a chuck wagon supper and a play are the schemes to be used in increasing the funds of the treasury. In the absence of Mrs. Creigh, who is chairman of the health committee, Mrs. J. W. McKee reported that pamphlets containing information about tuberculosis had been distributed throughout the school, and children urged to study this material. Mrs. J. V. McCall reported that in the last month she had written, in behalf of the Association, one letter of congratulation, and one of sympathy.

The nominating committee reported the following people as having been nominated for the various offices:

Mrs. W. C. Cargile, President; Mrs. Will Savage, 1st Vice President; Mrs. R. A. Hurst, 2nd Vice President; Mrs. H. D. Johnson, 3rd Vice President; Mrs. J. A. Loehausen, Secy.; Mrs. Sam Harrell, Treasurer; Miss Corinne Fox, Parliamentarian. These nominees were elected to serve for the ensuing year. They will be officially installed at the next regular meeting. The nominating committee having fulfilled its duty was dismissed by the president, Mrs. Utterback.

The program opened with the High School Band playing several numbers. As a special feature Billy Cargile and Lloyd Utterback, accompanied by Bess McAdams at the piano, played a duet on their cornets.

Invocation was offered by the Rev. J. V. McCall of the Presbyterian Church.

A very appropriate reading entitled "Dad's Soft Spot," was given by Mrs. Loehausen.

With Mr. O. H. McAdams leading the group sang, "The Eyes of Texas."

Miss Corinne Fox gave an interesting talk showing the trend of development of the health programs in our public school systems. Another worthwhile talk, concerning the development of the child was made by Mr. I. C. Goldwire.

Joe Kerr Jr., accompanied at the piano by Miss Myrtle Harrell, played a baritone solo.

For the final number of the program, the assembly adjourned to the gymnasium where they witnessed a girls' volley ball game and a boy's basketball game.

The 15th district meet is to be held at Van Horn the 4th and 5th of April. The Executive Board voted that Mrs. Utterback should represent this organization at the meet.

The 11th grade won the picture

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. This is a fundamental principal of democratic government.

THE 20TH AMENDMENT

It is said to be very difficult to amend the United States constitution. Yet the 20th amendment to that venerable document has just gone through the state legislatures with a bang, and with little opposition. Yet it took ten years to get it through congress.

This difference may be thought to show where the real difficulty lies in getting needed legislation. Yet the real difficulty is not with the legislators, but rather with the indifference of the people. If they had demanded with any emphasis that congress pass this amendment, it would have been done years ago.

The people often refuse to be roused to political action, until they actually feel some kind of pinch personally. When they find that the actions of the government cause them some personal inconvenience and loss, then they get busy with a wrath so violent that it often does an injustice. A little more excitement in ordinary times, and a little less under disturbed conditions, would promote more satisfactory results.

The purpose of the 20th amendment is to remove the prolonged waiting period that exists between the election of a president and congress, and the time when these officials assume their duties. This too extended delay is a harmful influence this year, with business interests waiting to see what the new government will do. But such a long interruption will not again occur. The congress to be elected in November 1934 will begin its work January 3, 1935, which will make Uncle Sam look more like a business man and less like a back number.

The success of this amendment should suggest that if changes are needed in our government, they can be made, if people really insist upon them. But they will not be made for a long time, if ever, if people acquire a violent headache when asked to consider the problems of government.—The Record, Bristow, Okla.

The Livestock Situation

J. A. McNAUGHTON

LOS ANGELES, March 9, 1933—In view of the fact that the livestock business has been on a strictly cash basis at the central markets for many years, stockmen are concerned over the bank "holidays", and apparent trade towards restrictions on cash withdrawals in many states. Probably the livestock business is unique in that, through good times and bad, the stockman has always been able to obtain immediate cash for his livestock provided he sold at the central markets.

This condition is not likely to change. All buyers and sellers at the Stock Yards markets are fully licensed and bonded under supervision of the Federal Government. Thus the man who ships livestock to the open market is doubly assured that he will receive quick cash for whatever he has to sell. These and other regulations surrounding the livestock trade have been formulated over a long period of years, with the express purpose of throwing every possible protection to the producer who ships to the open market. Selling agencies are required to place the proceeds of every sale into a separate bank account for the account of the seller.

Many states have adopted some restrictive legislation on withdrawals of actual cash. The need for National action to formulate protective methods is apparent, to the end of assuring depositors of the security of their money.

Out of these difficulties will come practical legislation to protect both the stability of banks and the funds of depositors. It is probable that we will have National legislation placing all banks under direct Federal supervision.

It is to be hoped that the bad effects which came from State guarantee of banking, tried and found wanting in several states, may serve to guide us to a practical solution of this important matter.

To the end of assuring stabilized credits and sound banking, we may look for some pretty quick and favorable action to correct the weakness that has existed right along, but it required the present conditions to prove the need for remedial action. There is apparently no need for apprehension because the foundation is sound and there is reason to believe that when we get thru the structure will be stronger and more secure in every way.

Export trade in the United Kingdom has been restrained by export restrictions, with slight improvement in some heavy industries. January foreign trade in Japan was considerably larger than in the same month of 1932.

The roster of public servants is no longer confined to legislators, Magistrates, police, military and naval personnel, and tax gatherers. It embraces virtually every trade and profession.—Merle Thorpe.

During the first five months of the current season, world consumption of cotton totaled 9.9 million bales as compared with 9.7 million and 9.1 million, respectively, in the same period in the two preceding years.

Late reports on major industries show: LIFE INSURANCE—Marked decrease in loans to policyholders. STEEL—Considerable irregularity still marks the demand situation. Prices are spotty. Plans are now under consideration of stabilize prices by discouraging price shading which has been a disruptive influence in the industry during the depression.

AUTOMOBILES—The steady decline in passenger car sales since 1929 was apparently halted last January. Sales for the month totaled 91,000 units as compared with 87,000 in January, 1932.

OIL—Curtailed and price structure situation in California, which had been offering resistance to general breakdown, again became acute recently.

WOOL—Little activity shown in market, with the New England branch of the industry making best record. Prices showed small decline.

Collections are fair in Canada, trade disappointing. Financial situation of Czechoslovakia slowly improving. Unemployment shows increase in France. German coal industry, improving. Economic recession was less pronounced in Spain than in many other countries.

ECONOMIC HIGHLIGHTS

Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

Current business developments have given cause for encouragement, according to most of the leading trade reviews.

The period of readjustment now under way offers increasing evidence that business is gradually recovering from its worst phases, and that, even though there have been no outstanding gains, influences toward further recession are meeting sturdy opposition. R. G. Dun & Co. observes that too much attention is being focused on catastrophes and not enough on the foundation that is being built steadily and quietly by those with patience, fortitude and faith in the future.

Particularly encouraging is the fact that manufacturers, wholesalers and retailers in general have cleaned out most of their old stocks made heavy cuts in inventories, increased operating economy, and have built up sizeable cash reserves.

The recent report of the Timber Conservation Board to Secretary of Commerce Chapin, forecasts that the lumber industry may be expected to improve during the present year. The importance of the forecast may be measured by the fact that lumber is an eight-billion-dollar basic industry, and that in normal years it employs more people than any other industry, in eleven states.

The industry has made a remarkable record in holding down output and reducing inventories. Where demand in 1927 was for 47 billion feet, it fell to 12 billion last year. At the moment demand is running slightly ahead of production.

A paramount difficulty of the industry is taxation. A number of major lumber states tax standing timber, thus confiscating its entire value in a few years, which forces wasteful cutting to escape such a penalty.

Debate between foreign and American shipowners over U. S. Government subsidies to the merchant marine, grows more intense. Latest foreign blast came from President of the British Board of Trade, who said that many of the misfortunes of American cargo fleets were due to overbuilding, which was stimulated by "uneconomic subsidies."

Secretary of the American Shipowners' Association offered a vigorous denial. He said the U. S.

## LARSON-DUNNIGAN WEDDING MONDAY

Miss Willie Ina "Toots" Dunnigan became the bride of Louis Larson Monday morning in the Methodist parsonage with the Rev. Chas. Nixon reading the ceremony. Only relatives of the bride witnessed the ceremony.

The bride was charming in a gray coat suit with red hat, blouse and accessories. She is the daughter of H. O. Dunnigan and was born and reared in this section of the country. As "Toots" Dunnigan, Mrs. Larson was well known as a rider, having at one time made a short motion picture for a news-reel company.

Mr. Larson is a native of Montana, having come to this country some 10 years ago. He is employed on the Willie B. Whitehead ranch, where the couple plan to make their home.

Immediately after the ceremony Mr. and Mrs. Larson left for Sanderson for a visit with the bride's father.—Del Rio Evening News.

## MISSIONARY SOCIETY MEETS

The Dryden Women's Missionary Society met Monday afternoon at the A. F. Buchanan home as guests of Mrs. A. F. Buchanan, vice president. The following members being present: Mesdames F. B. Carter, A. M. Buck, W. A. Latimer, A. F. Buchanan, Millard Holmes, B. M. Stradley, P. A. Wyatt, Miller A. Holmes, Chester Smith, H. M. McCabe, W. D. Long and Miss Loreine Barker and Mr. W. D. Long and Rev. B. M. Stradley.

Mrs. P. A. Wyatt, president, presided and gave a talk on the subject, "Woman and the Christian Church." Mrs. H. M. McCabe read the scripture. Miss Loreine Barker gave a reading on the sisters of Bethany. Mrs. Miller A. Holmes spoke on the subject, Mary Magdoline and Mrs. Chester Smith on Lydia. Rev. B. M. Stradley quoted some present day church statistics

family in the Dryden section in need if you will report it at the 3:15 p. m. Sunday service we will minister to their needs in the Lord. If it be urgent notify in person our pastor and go with him.

Mrs. P. A. Wyatt, Sunday School Supt.

Mrs. A. M. Buck, A. F. Buchanan, W. A. Latimer, Stewards.

bringing home forcibly the fact of the sacrificial loyalty of the Christian Women to Christ and the church. Mrs. A. M. Buck led the closing prayer.

A delicious refreshment course of cake and coffee was served.

## BRIDGE PARTY

Mrs. L. A. Lowe entertained the members of the Wednesday Bridge Club and a few additional guests at the home of Mrs. James Kerr on Wednesday of the past week. Mrs. Lowe chose as her decoration scheme, a patriotic theme, Uncle Sam and the American flag being used as decorations on tallies, score pads and tiny silk American flags were plate favors.

The afternoon was pleasantly spent in playing bridge with Mrs. John Stovell making high score. The second high score was held by Mrs. James Kerr. Beautiful painted cookie jars filled with date cookies were the prizes awarded.

Refreshments of frozen pineapple salad, pimento-cheese sandwiches, coconut balls and coffee were enjoyed.

Members and guests present were: Mesdames Max Bogusch, A. E. Creigh Jr., F. B. Carter, J. C. Green, H. R. Laurence, J. W. McKee, C. V. McKnight, J. C. Mitchell, Jim Kerr, Joe Kerr, R. S. Wilkinson, W. H. Savage, John Stovell, C. M. Breeding, Clyde Griffith and Bustin Canon.

## W. M. S. MEET

The Methodist Women's Missionary society met Tuesday afternoon at the Church with the following members present: Mesdames J. L. Osgood, F. S. Garrison, B. M. Stradley, J. D. Halsell, M. B. Lattimore, C. H. White, J. R. Blackwelder, A. F. Buchanan, J. H. Bricker, M. B. Miller and Rev. B. M. Stradley.

Mrs. Osgood presided and led the devotional period, Mrs. F. S. Garrison read the scripture and Rev. B. M. Stradley gave the scripture exposition.

O. T. Schupbach Jr., who is attending High School in Del Rio spent the week end here with his parents, Mr. and Mrs. O. T. Schupbach Sr.

Dr. and Mrs. J. V. McCall have gone for a ten days' trip into New Mexico and will also visit with friends in El Paso.

## WORLD'S DAY OF PRAYER OBSERVED HERE LAST FRI.

March 3rd was observed the whole world around as a day of prayer for peace and for Christian missions.

The program in Sanderson was held in the Presbyterian Church this year with Mrs. H. D. Johnson leading. The stories of the four union projects supported by fourteen denominations were told by Mesdames Jack McKee, A. P. Utterback, D. L. Duke and J. V. McCall.

A small offering was taken and will be sent to the Council of Home Missions and to the Federation of Woman's Boards for Foreign Missions to help these four worthy objects.

The World's Day of Prayer has grown since 1920 when a few Christian women in the United States and Canada observed the day, till now more than fifty countries report gatherings for prayer and the voice of prayer is heard the whole world round.—Contributed.

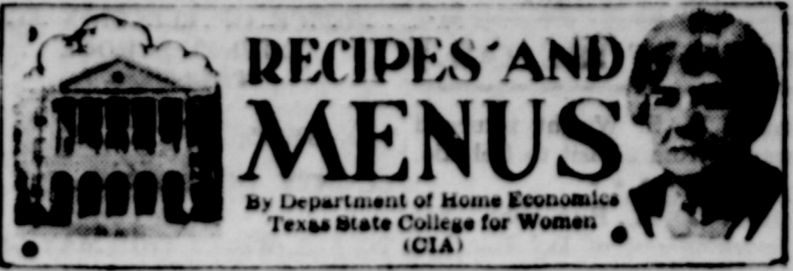

## PRESBYTERIAN POUND PARTY

On Friday night at the home of the president, Mrs. Jack McKee, the women of the Auxiliary entertained their husbands and other friends with a lively social. Mrs. Dave Pollard planned and carried out the program, and stood guard at the door to see that very one brought the little sock which was to hold a third of their weight in pennies.

extended delay is a harmful influence on such subjects as telephones, automobiles, goats, bees, flowers, banks and women. Mr. A. F. Thrift and Dr. McCall were voted the most fluent speakers.

Others who gave readings or music were Mesdames Sims Wilkinson, Jesse Lochausen, Dave Pollard, P. J. Holman, N. E. Charlton, Jimmie Wilkinson, Mary Ferguson and Nell Lea.

It was a happy evening of fun and laughter. Doughnuts and coffee were served to over forty guests. The Auxiliary treasury was increased over twenty dollars.—Contributed.

### RECIPES AND MENUS

By Department of Home Economics Texas State College for Women (CIA)

DENTON, March 9.—The main value of fish lies in the protein content which is proportionately high. This is true of both fresh and preserved fish, the latter being purchased in dried, salted and canned forms.

Several kinds of fish such as salmon, herring, and mackerel also contain considerable amounts of fat and thus give an added energy value to a food already rich in body-building elements. Marine fish also supply sufficient iodine to protect against the development of the type of goiter due to lack of iodine in the system.

Fish may be cooked by any of the methods used for cooking other foods, namely, baking, boiling, broiling, or frying. Whatever method is used, however, it must be remembered that such a protein-rich food should never be subjected to continued high temperature.

Large fresh fish are sometimes cut into pieces and fried, but more often they are baked whole. To make up for the natural lack of fat in the fish and to prevent the heat searing the protein on the surface, strips of bacon are sometimes placed over the top of fish or the fish may be "basted" with melted fat during baking when the surface becomes dry.

Breakfast: Orange juice, steel cut oats, toast, butter, coffee, milk. Lunch: Fish chowder, cornmeal muffins, peach salad. Dinner: Baked stuffed fish, boiled rice, scalloped tomatoes, lettuce salad, baked apples. Breakfast: Grapefruit, creamed fish on toast, buttered toast, cocoa, coffee. Lunch: Baked tomatoes, fish stuffing, string beans. Dinner: Fried fish, lemon sauce, mashed potatoes, buttered beets.

## Trade among Friends

No matter what some folks say to the contrary, there certainly is a lot of sentiment in business. Friendship, for instance, makes more satisfactory sales than all the cleverness and argument in the world.

You like to trade at a certain store—not because its counters are arranged in a scientific way, but because the folks who serve you are always friendly and helpful.

Just that very thing—FRIENDLY SERVICE—is the power that draws people together into communities like this, where everybody can enjoy the many benefits of neighborly cooperation.

And FRIENDLY SERVICE is the sentimental reason why you find it very much to your advantage to trade with our advertisers—to buy where you feel at home, where your friends will see that you are well satisfied.

Read the Ads in this Paper and save yourself money by trading at home

**NOTICE OF ELECTION FOR COUNTY SCHOOL TRUSTEES**

THE STATE OF TEXAS  
COUNTY OF TERRELL

TO ALL WHOM THIS MAY CONCERN:

By virtue of authority vested in me by law, I hereby order, and notice is hereby given that there will be an election held on Saturday the 1st day of April, 1933, by the qualified voters of the several Commissioner's Precincts in Terrell County, Texas, at the voting places in and for each common school District in said Commissioner's Precincts as follows:

At the Court House, in Sanderson, Texas, in Commissioner's Precinct No. 1, for the purpose of electing one County School Trustee, for said Precinct No. 1, and one County Trustee at large.

At the Old Dryden School House, in Dryden, for the purpose of electing one County School Trustee, at large.

At the Cecil Arvin Headquarter Ranch, in Commissioner's Precinct No. 3, for the purpose of electing one County School Trustee for said Commissioner's Precinct, and one County School Trustee at large.

At the Independence School House, in Commissioner's Precinct No. 4, for the purpose of electing one County School Trustee at large.

Said Election shall be held at the time and place and by the same election officers that hold the election for Common School Trustees in and for Common School District No. 1, embracing the entire county of Terrell, (which election will be held for the purpose of electing one Common School Trustee for said District) and the polls at said election places shall be opened at 8 o'clock A. M. and shall not close before 6 o'clock P. M.

G. J. Henshaw,  
County Judge, Terrell County, Texas.

FOR SALE—A stove and a cream separator. See J. L. Brown, Pump.

**ON TEXAS FARMS**

By W. H. DARROW  
Extension Service Editor

The old notion that alfalfa won't grow in Texas is rapidly giving way to an enthusiasm for this valuable crop. A barrage of demonstrations in 63 counties last year in which 665 men grew alfalfa on 13,182 acres has furnished convincing proof that with proper methods it's a good crop in many parts of the state. The demonstrators made an average of 2.68 tons of hay to the acre, county agents report, and more than half of them got some grazing besides.

More than half the 903 dairy demonstration herds in Texas last year were provided rich permanent pastures for grazing, at the rate of about 2 1-2 acres per cow. Grazing almost the year 'round can be had in East Texas pastures where improved grasses and clovers are sown. One acre per cow is enough in some of the best pastures.

A total of 17,512 farmers in 138 Texas counties butchered, cut and cured 53,431 hogs last year the "A and M Way" with the help of farm demonstration agents. It is estimated that at least five times as many farmers used these methods which were shown in hundreds of demonstrations in all parts of the state.

Greene Cooke was an Ozona visitor last Friday.

**THURSDAY NIGHT—**

(Continued from Page 1)

for having the best attendance. At the end of the year, the class which has had the picture the greatest number of times in the past two years will be given the picture to keep.

The President expressed appreciation to the band and the band master for the music which they have so willingly furnished at meetings throughout the year. She also extended thanks to the H. E. girls for having made the two Texas flags which adorned the stage.

In order that Sanderson P. T. S. may maintain the standard which it has now attained it is urged that members subscribe for the Child-Welfare Magazine. The subscription to a certain number of these magazines is one of the requirements of a standard organization.

A letter from W. H. Stillwell, president of Texas State Teachers Association, stated that there will likely be a reduction per capita in apportionment for the public schools system from \$16 to \$8 or \$9. Mr. Stillwell pointed out in his letter that such a reduction as this spells ruin to the public school system of the State. In view of this fact, citizens are urged to take the welfare of the schools into consideration at once and petition legislators to find means of securing revenues for the system, and thus avoid a reduction in taxes.

P. T. A. will meet again Thursday afternoon, 4 o'clock, April 6th at the high school.

mission has an easy, classless shift and a silent second gear. The engine is a smooth, fast, responsive six. And Chevrolet engineers have made economy an outstanding feature! Engineering tests show that the Standard Six goes more miles on a gallon of gas, more on a filling of oil, than will any other full-size car on the road. As for reliability—remember, it's a Chevrolet.

Introduction of this new Standard Six opens the way for new thousands of people to enjoy the advantages of Chevrolet quality. It gives the public, for the first time, a full-size automobile combining maximum quality and maximum all-round economy.
