## Bessie Sharp Given Two Year Sentence By Fort Stockton Jury

The Bessie Sharp murder case was brought to a close last Friday afternoon when the jury selected in Fort Stockton to determine her fate brought in a verdict of two years penitentiary sentence for the young murderess.

The case went to the jury last Tuesday night about 12 o'clock for the arguments of the attorneys. It had been heard all afternoon. Judge LaCrosse, district attorney of the district, being in charge of the prosecution, argued the case for the state. He was assisted by Weaver, attorney of Junction and by Dorsey, attorney of San Angelo.

Mrs. Sharp was first tried in Del Rio last Fall after the case was transferred to that city from here. The case ended in a mistrial after a jury had deliberated for three days failing to reach a verdict. Like the first trial, the defense was based on a plea of insanity and secured the testimony of alienists as well as friends and acquaintances of the accused woman. The defense was represented by Hon. E. S. Stinson of San Antonio and by Hon. C. K. Stevenson, speaker of the House, from Junction.

She is charged with the poison murder of her husband, W. Telefus Sharp, while the couple resided on a ranch near this city, by drinking July 3, 1931 from the results of 3 doses of poison.

## CHIEFS MOVE TO GIVE JOBS TO MILLIONS

Roosevelt And Aide Have Begun Selection Of 600 Lieutenants

WASHINGTON, July 22. (AP)—President Roosevelt and Hugh S. Johnson today began selecting 600 lieutenants to impel toward victory their unprecedented peace time program for putting at least six million idle to work by September.

Both Roosevelt and Johnson said they were highly pleased by the public reaction toward the scheme, under which a large number of employers would sign agreements with the President to increase pay and put more people to work by shortening the hours of work now employed.

## ANOTHER DOLLAR FOR SCHOOL REMITTANCE

AUSTIN, July 24. (AP)—Remittance of another \$1 on this year's state school apportionment has been authorized, making an aggregate of \$10 paid against the \$16 per capita allotment. The per capita apportionment for the next school year has not yet been fixed.

## NO COKE COUNTY FAIR

SAN ANGELO, Tex., July 25.—Directors of the Coke County Live-Stock-Home Fair, held annually at Bronte, have cancelled the exposition for this year. The date had originally been set for August 4. Plans for a fair next year are to be made later. Continued lack of rain until recent days had made it difficult to obtain exhibits of garden and farm products which were up to standard.

## BOXING BREAKS CAMP ROUTINE FOR TREE ARMY

Boys Enjoy Vaudeville, Boxing And Other Sports

LAMPASAS, Tex., July 25.—The monotony of camp life in the Citizens Conservation Corps at Camp Miriam are being overcome and the camp greatly enlivened through the various activities introduced at the camp for the entertainment and amusement of the boys.

The boxing arena, which was completed on the 19th of this month, has been dedicated with vaudeville acts and a boxing program with eight bouts featured. B. C. Greason, Lampasas business man and sportsman, acted as referee, and Corporal Maurice DeCarlo and Bernard Jackson acted as judges; Lieut. A. S. Heffley as timekeeper, and Capt. Brannon as announcer.

In the bouts, Don P. McBride of Del Rio lost to Primo Calvetti of Del Rio; Fred Taylor of Hamlin won from James Owens of Gordon; Carl Boles of Del Rio got a decision over Norman East of Sanderson; Elmer Willeby of San Benito won from Conrad Rudolph of Westhoff; William Peavey of Fort Worth bested Thomas Price of San Antonio; Henry Sparks of Rangerville and Orlin Hale of San Antonio fought a draw, and Whitnell F. Powell of Sanderson and Charles Edwards of Kenedy battled a draw. Prizes were offered the winners in the main event.

Joplin Hickman, colored, known to the camp as "Skeet", a former minstrel boy, gave several exhibitions of buck and wing and tap dancing. Music for this act was furnished by Elmer Willeby on his guitar. A couple of solos by Robert D. Timms of Mineral Wells, and some songs given by a chorus consisting of Thurman Sewell, Lampasas; Falton Charlie, Lampasas; Lonnie E. Hollis, Hawley, and Timms, entertained the assembled multitude, estimated at 500.

A similar show will be put on every Wednesday night. The arena is placed in a natural amphitheater and there is no difficulty in seeing from the last row.—San Antonio Express.

## Oscar T. Ward Is Taken By Death

Funeral services were held Monday morning in El Paso for Oscar T. Ward, 51, veteran T. & N. O. railroad engineer, who passed away last Friday night at a hospital in that city. Mr. Ward had been sick for two weeks, suffering with high blood pressure, members of his family state.

He is survived by his widow, Mrs. Veleta Ward; a daughter, Miss Maud Ward, and four sons, John, Howard, Oscar, Jr., and Texas Sidney Ward all of El Paso; two sisters, Mrs. Mell McRee of Watkinsonville, Ga., and Mrs. J. E. Robinson of Atlanta and two brothers, Weyman and Howard Ward of Watkinsonville.

Mr. Ward was well and favorably known here and for many years worked out of here west on the T. & N. O. He is a brother-in-law of Mrs. Jesse Loehausen, who with her family, left the latter part of last week for El Paso to be with Mrs. Ward.

His many friends in this city extend their sympathy to the bereaved family.

Mrs. Asa Jones and children enroute to the Jones ranch near Texus, from their home in Pilot Point, were Sunday visitors with Miss Kate Frazier.

## NEGRO CARRIES MACHINE GUN, LANDS IN JAIL

Gangland 'Typewriter' Gets Colored Boy In Trouble

Echoes from Chicago gangland were introduced here Thursday afternoon when Sheriff Lee Cook and Capt. W. L. Barler, U. S. Customs officer, took two negroes, one of them carrying a 1921 model Thompson sub-machine gun, from a West bound freight train in the local Southern Pacific railroad yards.

Questioning revealed that Douglas Valentine, the 23 year old negro who admitted ownership of the machine gun, had served two terms in the St. Quentin penitentiary. He claimed that he had purchased the weapon from two white men paying them \$14 for it. Valentine gave Port Lavaca, Texas, as his birthplace. His companion, Rob Smith, was released by the officers after being questioned. He disclaimed any knowledge of the weapon and claimed that he was only a chance companion of Valentine and was not with him.

Valentine is being held here pending further investigation by the sheriff's office.

## Mrs. B. F. Cavin, Former Resident, Dies In Arizona

Death of Mrs. Cavin 188pt

Word was received here Monday of the death of Mrs. B. H. Cavin, formerly of this city, at her home in Douglas, Arizona.

Mr. and Mrs. Cavin were residents of Sanderson for many years and have many friends here. She was related to O. E. and O. T. Schupbach of this city.

First moving to this country in 1896, Mr. and Mrs. Cavin were engaged in the cattle business near Paffords Crossing, in the Del Rio country. They later moved to Sanderson where they resided until 1908 when they moved to Douglas, Arizona.

Besides her nieces and nephews, Chas. N. Daniels, Mrs. Richard Harris and Ed. C. Daniels, who reside in Del Rio, Mrs. Cavin is survived by her husband and six children, one sister and a brother.

## Sheppard Opens Drys' Campaign At Hughes Springs

TEXARKANA, Ark., July 25. (AP)—Morris Sheppard, United States Senator from Texas and one of the authors of the 18th Amendment, advised Dr. M. T. Andrews, Texas prohibition leader, today that he would open his campaign to keep the state in the dry column at Hughes Springs and Texarkana Aug. 1. Sheppard has planned a state-wide tour in behalf of prohibition, but his itinerary has not been announced.

## Beer Regulation Statute Found Constitutional

AUSTIN, July 22. (AP)—The Attorney General's department today held constitutional the law passed by the Legislature regulating the sale of beer and providing for local option in event that voters on August 26 authorize the manufacture and sale of 3.2 beer.

## WOOL PRICE IS LITTLE HIGHER BULLETIN SAYS

Estimates Give About Ten Per Cent Still In Growers Hands

BOSTON, July 22.—The Commercial Bulletin said today: "Wool prices are firm to slightly dearer for the week on moderate trading in the seaboard markets. This applies to all qualities of wool but more especially to the medium grades, which are getting relatively scarce."

"The manufacturers continue to consume a very large quantity of wool. It is estimated that about 40 per cent of the new domestic clip already has passed into the hands of the manufacturers and rather less than 10 per cent of the clip is still left in the hands of the growers."

"Foreign markets keep very firm. London, which slipped about 5 per cent all around Monday, recovered its loss later in the week and closed firm at about opening levels. Mohair is in moderate demand and firm on last week's price basis."

Henry Scruggs shipped from Longfellow last Saturday 11 cars of cattle to Lobo, Texas.

## Commissioners In Special Meeting Call For Election

Commissioners Court 18pat h88et

A special meeting of the Commissioners Court was held last Saturday morning at 10 o'clock for the purpose of calling an election to be held here August 26 at which time voters will be given the opportunity to vote on four Constitutional Amendments and the ratification of the 21st Amendment to the United States Constitution.

Absentee voting starts August 6 and last day for absentee voting will be August 22.

Terrell County, having never had local option, will automatically become wet should the 18th Amendment be repealed, and if the State vote on August 26 is in favor of repeal the sale of 3.2 beer will immediately become legal in this County.

August 26 is the date set for voters of the State to cast their ballots in favor of, or against, the repeal of the 18th Amendment.

## Ten Commandments Of The New Deal

WASHINGTON, D. C.—These the University Club heard from Harry F. Prayer, assistant secretary of state, are what he considers "the Ten Commandments of the new deal":

1. Thou shalt not live beyond thy means.
2. Thou shalt not lose confidence in thyself.
3. Thou shalt not make mammon thy god, but neither shalt thou be unmindful of thy monetary system, lest it destroy thee.
4. Thou shalt not forget that when thy price level is achieved, the next layer on the road to prosperity is stabilization.
5. Thou shalt not make gold thy god, but thy servant.
6. Thou shalt not permit the unemployment of thy people, well beloved.
7. Thou shalt not fail to manage well and rationalize thy industry and stimulate and encourage it.
8. Thou shalt not suffer the paradox of poverty and plenty.
9. Thou shalt not indulge the fallacy of neglecting thy own domestic economy. This does not signify that thou shalt isolate thyself like a hermit.
10. Thou shalt not oversimplify or complicate thy problems.

## Body Of Missing Man Found In Treacherous Rio Grande

STATE SUES TO REGAIN STRIPS IN YATES POOL

Mid-Kansas, Turners And McGinley Corporation Are Defendants

Recovery of strips in the Yates field in Pecos county totaling 561 acres, which Fred Turner, Jr., of Midland purchased for \$2 an acre, is sought by the state as vacant, unsurveyed school land in a suit filed Tuesday by the attorney general's department in Travis county district court.

The Supreme Court of Texas in its decision in the Smith-Turner and other cases on May 14 held the land to be unsurveyed. Its effect was to shift westward boundaries of a number of sections.

Defendants in the state's suit are Mid-Kansas Oil & Gas Co., lessee of the land when Turner purchased it; Fred Turner, Jr.; Fred Turner, Sr., and the McGinley Corporation. Fred Turner sold the leases to his father, who in turn sold them to McGinley.

The suit, filed by W. R. Yarborough, assistant attorney general, asks recovery of the land, rental for the last two years estimated at \$1000,000 and damages for oil produced on the land.

The petition sets out that three wells on the land drilled by Mid-Kansas have been producing for five years. The state claims the wells have produced about 1,600,000 barrels of oil, the value of which is computed at an average price of 55 cents per barrel.

The wells are Mid-Kansas Nos. 1 and 3 Smith-Taylor on the north tract, which originally was in the east end of section 33, block 194, G. C. & S. F. Ry. Co. survey, and Mid-Kansas No. 2 M. A. Smith, farther southeast, in what originally was the east end of section 31, block 194, G. C. & S. F. Ry. Co. survey. The strips are staggered along the west side of the big Yates scrap file No. 12341.

The state is suing to cancel Turner's patents on the ground that the land was producing at the time it was sold and for that reason the state could not sell it and that the tracts came within the terms of article 5323 under which Turner proceeded in acquiring them.

## Border Patrolmen Moved To Marfa

Shelie Barnes and E. L. Brimberry, members of the Border Patrol, are being transferred to district headquarters at Marfa, effective next week. Both families plan to leave here Tuesday.

Barnes had been stationed here most of the time for the last five years and Brimberry had been here for nearly two years. Under the new orders the two border patrolmen will work on the border at least temporarily.

San Angelo remains in the Marfa district but will not have resident patrolmen at least for the present.—San Angelo Standard-Times.

Mr. Barnes is well known in this city and before being transferred to San Angelo was stationed in this city. Both he and Mrs. Barnes have many friends in this city who are glad to know that they will be in this section of the country again.

William Lea returned Tuesday from Camp Bullis, Texas, where he has been attending the Citizens Military Training Camp. He reports a wonderful time and much good derived from the attendance at the camp.

Wright missing 2 col 24pt n. Di i

Late Wednesday afternoon the Rio Grande river gave up the body of W. E. Wright, El Paso man, whose car and clothing were found Monday afternoon on the banks of the river near Shumla.

Wright, who was buyer for the Peyton Packing Company in El Paso, had been in this city the past week. Sunday about 11 o'clock he left the Kerr Hotel in this city, where he was registered, saying that he was not checking out and then left in his car. He drove up to the Shumla filling station about 1 o'clock that afternoon and after purchasing a bottle of milk told the attendants at the station that he was going down to the river. Monday morning his car, a Ford coach, was found near the banks of the river, and nearby his shirt, hat, and trousers in which was his watch, was found weighted down by a rock.

Officers were notified and at once search was begun for the missing man. In the car pocket of the door was found \$24. Upon receipt of the news here, J. W. Downum, manager of the Kerr Hotel, and Sheriff Lee Cook, went into the room of the missing man and found his brief case and his trunk, neatly packed, but no note or any other clue to throw any light on his disappearance.

Relatives in El Paso were notified and early Tuesday morning friends of his from that city arrived at Shumla to assist in looking for the body. The body was found about four miles from the car. It is supposed that he was drowned.

Wright is survived by his wife, who has been ill the past two weeks and who was not told of his death; his stepdaughter, Mrs. M. M. Nornhauser, and stepson, L. F. Whitt-hauer of El Paso.

The body was taken to Del Rio and prepared for burial and shipped from that city Wednesday night to El Paso where funeral services were to be held today, Friday.

## 5,000 Apply For 46 Positions In Federal Service

DALLAS, July 22.—Collector of Internal Revenue W. A. Thomas announced this afternoon that all available positions in his office have been filled and that he will receive no more applications.

For the 46 positions which he had to fill Mr. Thomas received over 5,000 applications. He continued to receive applications until Thursday, when he was forced by the press of official business and by the fact that he will have no places to fill for almost a year to call a halt.

Official approval of Mr. Thomas' appointments is now being awaited from Washington. He said that the personnel of his force will be announced shortly. The new appointees will gradually replace the old in order not to disrupt the work of the office.

## Contract Offers To Slash Cotton Acreage Accepted

WASHINGTON, July 22. (AP)—Administrators of the farm law today formally accepted the first of the individual contract offers signed by cotton growers, mailing approximately 15,000 acceptances to county agents.

Messrs T. D. Snead and W. P. Gardner, proprietors of the Sunshine Pharmacy, this week announce a change in the name of the establishment. In the future the business will go under the name of the Rio Grande Pharmacy.

Yesterday Is Dead!

You young fellows just out of school. You have had a tough time the last two years. You were anxious to get to work. Nothing opened up. You felt you were butting your heads against a stone wall.

The Star passes on to you a phrase it saw the other day—to you and to the others who will join your ranks this spring. That phrase is, Yesterday is dead!

The country has been bogged down before. It is going to pull out shortly just as it always has pulled out. But mark this. Business is not coming back just as it was before.

A lot of the old leaders and old methods have passed out. A new bunch of aggressive and resourceful young fellows will come stomping up to grasp new opportunities. For yesterday is dead!

New opportunities, mind you. Not the opportunities of the last decade. Those are gone. If experience is a guide, recovery will not come in orderly fashion, along the old lines.

Perhaps these will lie in new products of science, in inexpensive novelties, in house cooling, in cheap farm lands.

But the alert young crowd will jump at the new chances, develop them, build up with them as business builds up.

Have you heard of the flu-flu bird that flies backwards? It wants to see where it has been. It doesn't give a darn where it is going.

You youngsters, seize any decent job that offers. But keep your eyes open. Be ready for new conditions, new ideas.

Remember, Yesterday is dead!—Kansas City Star.

BUYING POWER NEEDED

Men working, drawing fair wages all over the United States will mean prosperity for all. With the receipt of their first pay check they will begin patronizing the butcher, the baker and the candle stick maker.

There can be no complete recovery until the nations buying power is restored.

Corrupt political practices—long condoned by the American people—must be eliminated from governmental functioning lest this nation go the route of ancient Rome.

There is no substitute for the full dinner pail and the living wage. Cheap labor is not necessary to the success of big enterprises—Henry Ford has conclusively proven the fallacy of that theory.

ECONOMIC HIGHLIGHTS

Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

A short time ago the rules and regulations of procedure under the new Federal Securities Act (designed to protect American Investors against worthless stock issues, dishonest and misleading investment claims) were made public.

Any sales prospectus issued by the security sellers must likewise be filed. It will be studied with a view to determining whether it omits any information necessary to decide the value of the offering.

Thus, the new bill is more sweeping in its requirements than any similar measure we have ever known.

As the always vivid Frank Kent said in the Baltimore Sun, the extraordinary thing of the moment is that recovery has come before the recovery program has gotten started.

ed. None of the three billion public works dollars have been spent. The first agreement under the Industrial Control Act has just been signed, and has not yet had time to produce results.

Domestic prices recently reached the highest level in close to two years. Current upward movement has been the best sustained in more than a decade.

Postal Receipts—Reports from 50 cities show improvement of 13.55 per cent in June as compared with previous June.

Bank Deposits—Substantial gains made in second quarter. Power Production—Is making steady and sharp advances.

Car Loadings—About 25 per cent better than last year at this time. Railroad Earnings—Expenses are down and gross revenue up, presaging greatly improved net income showings.

Steel—At highest point since April, 1931, exceeding 50 per cent of capacity. Wholesale Prices—Steady advances registered week by week.

Stock of Goods—Stock of finished goods in hands of distributors are still low, and active demand will be reflected in restocking.

Employment Payrolls—Showed moderate increases recently. More aggressive advances expected in near future.

They're beginning to talk already about the next Congress, which convenes January 3rd for its first regular session.

Tax changes, reciprocal tariffs, bankruptcy revisions, veterans benefits, war debts—here are a few of the principal economic-social subjects that will be thrashed out.

It is an open secret that Mr. Roosevelt is not through with his program—he got much out of the last Congress, and he will ask much from the next.

He will doubtless have introduced a sweeping, revolutionary banking bill, which will eliminate state and private banks.

Another prospective proposal of vast importance is a transportation act to bring railroads, highway carriers, large-lines and air vehicles under centralized regulations.

Again, it is believed that the securities bill, drastic as it is, will be made still more rigid and fool-proof.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

A cotton campaigner wired the Extension Service the other day that prices of feed had advanced so sharply that farmers couldn't buy, and asked what steps to take.

Director O. B. Martin laconically replied: "Grow some."

In estimating 1933 cotton yields in campaign reduction offer contracts in Concho county, farmers' records of past years show that men who have terraced or contoured their land have made uniformly higher yields than those running rows up and down hills, says the county agent.

RECIPES AND MENUS By Department of Home Economics Texas State College for Women (CIA)

DENTON, July 27.—Salads are appetizing dishes that lend variety and completion to a meal. They can be prepared in the early morning or just before the meal is to be served.

Cheese is always a welcome addition to the salad bowl, cheese of all kinds. In one of the recipes below American cheese is featured in a delicious salad.

A salad and toasted crackers may be a luncheon in itself, especially if cheese, hardcooked eggs, meat, or fish are used.

The following menus contain salads that are appetizing and attractive: Breakfast: concord grapes, ready-prepared cereal, toast, butter, coffee, milk.

Luncheon: fresh string beans, potatoes, lettuce and tomato salad, corn bread sticks, apricot parfait, ice tea.

Dinner: fried chicken, gravy, buttered asparagus, creamed potatoes, tomato jelly, salad, rolls, butter, watermelon, ice tea.

Luncheon: corn on cob, buttered carrots, daisy salad, graham bread, butter, fresh peaches, ice tea.

Dinner: baked trout with tartar sauce, mashed potatoes, fried okra, jellied cheese salad, rolls, butter, grapejuice sherbet, ice tea.

Breakfast: cantaloupe, creamed eggs on toast, coffee, milk. APRICOT PARFAIT: 1 c apricot juice, 3-4 C sugar, 2 egg whites, 1/2 c apricot and pineapple marmalade, 1 1/2 c cream.

Boil the juice and sugar until the syrup forms a thread when dropped from a spoon. Pour the hot syrup over the stiffly beaten egg whites and beat until the mixture is cold. Add the marmalade

of Tyler county county induced three farmers to grow sudan grass. Now more than 400 farmers are growing this crop for grazing and hay.

Marie Griffin did a real good piece of work beautifying her bedroom in her farm home in Brown county this year. She is a 4-H club girl who acted as demonstrator for her club, a sort of pace maker for the rest in this line of work.

There is yet ample time to plant late feeds if summer rains come, says County Agent C. L. Beason of Brazos county, pointing out the experience of John Ettle two years ago.

He planted hegari in corn middles early in August, corn having been cut and shocked early. Late August rains gave him 50 tons of hegari from 50 acres.

There are 285 sawmills in Texas, which in 1931 produced a total of 750,000,000 board feet of lumber, most of which was Southern Pine.

and fold in the stiffly beaten cream. Pour the mixture in refrigerator pans and freeze, or pour into a mold and pack in equal parts of ice and salt about 3 1/2 hours.

DAISY SALAD: place crisp lettuce leaves on a platter. Take hardboiled eggs and peel them. Starting from the small end, cut the white petals on the lettuce leaves, leaving the yolk in the center to form the heart of the salad. Sprinkle with paprika.

JELLIED CHEESE SALAD: 1 pimento, chopped, 1/2 c chopped nut meats, 1/2 c chopped green pepper, 1/2 c stuffed olives, 1/2 lb. American cheese, grated, 1 c whipped cream, 1 c mayonnaise, 2 T lemon juice, 2 T gelatine, 1/2 c cold water, 2 t Worcestershire sauce. Mix pimento nut meats, green peppers, olives, cheese mayonnaise, and lemon juice. Add gelatine soaked in cold water and dissolved over hot water. Add Worcestershire sauce, fold in whipped cream, season to taste with salt and pepper and pour into a mold. Chill, unmold, slice and serve in lettuce nests.

TOMATO JELLY SALAD: 1 T gelatine, 2 c canned tomatoes, 1 T onion juice, 1/2 leaf (if desired), stalk celery, few grains cayenne or pepper, 1 T mild vinegar or lemon juice, 1/2 tsp. salt. Soak gelatine in cold water for five minutes. Mix remaining ingredients, except onion juice and vinegar, let boil ten minutes. Add soaked gelatine, stir until dissolved. Add vinegar, onion juice (extracted by grating onion). Strain, turn into wet molds, chill. Remove from molds to bed of crisp lettuce leaves and garnish with mayonnaise or cooked dressing.

Space is being arranged at the 1933 State Fair of Texas for more than 300 Texas manufacturers to exhibit in the Texas Manufacturing Show, it has been announced here by Holmes Green director in charge of the exhibit. At the 1932 State Fair of Texas, 125 Texas manufacturers exhibited.

### IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality,—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

METHODIST MISSIONARY SOCIETY ENTERTAINS

The Garrison-Osgood Lawn on Tuesday evening of this week was the scene of a most enjoyable social affair when the Missionary Society of the Methodist church was hostess to about 75 guests.

Under the able leadership of Mrs. Annie Ware a splendid patriotic program was given. She was assisted by Mesdames H. D. Johnson, Lillian Neal, H. C. Goldwire, B. M. Stradley, J. E. Landers, F. S. Garrison and T. D. Snead.

A playlet, "The Simple Mrs. Laferty", was given by Miss Mary Jane Carson and Mr. Lowry Stradley.

At the conclusion of the program the guests were conducted to the back of the lawn where a table loaded with good things to eat was set for them.

Examination For Assistant And Junior Messengers

The United States Civil Service Commission will accept applications until August 8, 1933, for the positions of assistant and junior messengers in the Departmental Service, at Washington, D. C.

The entrance salary for assistant messenger is \$1,080 a year, and for junior messenger \$600 a year, less a deduction of not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1/2 per cent.

As the States of Maryland, Virginia, Iowa, New Hampshire, Vermont, and the District of Columbia have already received appointments in excess of their quotas under the appointment. Residents of these States and the District of Columbia will not be admitted to this examination unless they submit documentary proof that they are entitled to military preference.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners, at the post office in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

Many rare collections of both domestic and foreign stamps will be seen in the stamp exhibit which is being arranged for the 1933 State Fair of Texas by the Dallas Stamp Club. Co-operating with the Dallas club will be the State organization. Several very rare collections of stamps are owned in Texas and parts of these collections will be placed on exhibit.

In 1932 there were 17,000 workers employed in sawmills of Texas and drew wages amounting to \$14,000,000. The lumber crop of that year brought \$45,000,000 into the state.

Texas is the 4th State in the union in the production of Southern pine, and ranks 7th in the nation in the production of lumber.

\$30,000 Spent By State In Conviction Of Bessie Sharp

FORT STOCKTON, July 24.—Mrs. Bessie Sharp, who received a two-year sentence Friday for the poison death of her husband, Telefus Sharp, in Terrell County, is much improved in health from the time she entered a jail cell two years ago after her arrest. It was agreed here at the trial. It is believed Mrs. Sharp may accept the jury verdict, though a motion for new trial has been filed.

The State of Texas and Terrell County, however, have not fared so well. Estimates are that the trial of the case, the hospital care she has been given since being jailed, and other costs have run into the fat total of \$30,000. Mrs. Sharp has been in jails and in insane asylums since her arrest.

In the trial here, the second had in the case, the other one having resulted in jury stalemate, the State used eight of its pre-emptory challenges of jurors, the defense nine while the court excused 34. The State, represented by Julian La-Crosse, Weaver Baker and Dorsey Hardeman, did not ask the death penalty for the life of her husband, but pleaded with the jury for a penitentiary confinement. Judge

Montague, presiding, excluded minors from the court room at all times and told the women in the court room that some of the evidence might be such as to offend.

The court room was crowded at all times, and when Julian La-Crosse and Weaver Baker spoke for the State there were people standing in the aisles. Coke R. Stevenson Speaker of the Texas House of Representatives, and C. S. Slatton spoke for the defense and pressed the plea of insanity offered by Mrs. Sharp. The defendant seemed indifferent to the proceedings. She sat drawing or writing with a pencil or leaned her head on her arms, resting on the desk.

Dorsey Hardeman, speaking for the State, told how her husband, Telefus Sharp, lying in his death agony asked for water. She showed no reaction to this recital, but Mrs. Sharp's mother, who was with her, sobbed. Mr. Hardeman, San Angelo attorney, told the jury that hardy pioneers had brought law and order west of the Pecos and that it was up to them as sons of these men to see that law and order is respected.—Del Rio Evening News.

Texas has twenty-four industries with annual production in excess of \$10,000,000 and sixty-two with annual production in excess of \$1,000,000 each.

New breweries are projected at Dallas, Fort Worth, San Antonio, Houston and Galveston in anticipation of the legalizing of 3.2 beer in Texas after the election of Aug. 26.

Texas Portland cement plants increased their production for May, 1933, by 60 per cent over that of May, 1932, according to reports to the University Bureau of Business Research.

Total income for Texas for 1933 is now estimated at \$2,000,000,000 by Stuart McGregor, industrial editor of the Dallas News, with \$1,400,000,000 of it to come during the remaining six months of the year.

Of the 100,072,476 pounds of carbon black exported from the United States last year, Texas accounted for 80,000,000 pounds as well as 80 per cent of the domestic production of that important commodity. The bulk of Texas production came from the Panhandle gas fields.

One hundred and fifty-one new Texas corporations were chartered during May, an increase of 23 per cent over the total of April, according to the University Bureau of Business Research. Twenty-two of the new corporations were for manufacturing purposes.

The new Dodge-Lackey Geography ranks the Magic Valley of Texas with California and Florida in the production of citrus fruits, commenting also on Texas peaches, which have, it says, gained an international reputation. It also mentions the fact that Texas produces about half the pecans grown in the United States.
