## ODESSA MAN NEW ATTORNEY IN U. S. COURT

### 33-Year-Old Lawyer Takes Hartman's Office In Two Weeks

William R. Smith Jr., 33, of Odessa, Texas, Saturday was officially appointed federal district attorney for the western district of Texas to succeed John D. Hartman, who was asked to resign that post two weeks ago after having served here 12 years.

Smith, probably the youngest man to be appointed to the district attorneyship in this district, is not expected to take office until two or three weeks hence. Smith's appointment received the support of Senators Morris Sheppard and Tom Connally.

Hartman said last Tuesday that he hoped to remain in office until the fall term of court, which convenes October 9 as it was not expected that his successor would qualify before that time. Hartman then had announced receipt of a letter from Attorney General Homer S. Cummings, accepting his resignation "by direction of the president."

Hartman was asked some time ago to resign his post and upon receipt of the official request, sent in his resignation.

At that time Smith had been recommended for the district attorneyship but formal appointment had not been made.

Smith is a nephew of Judge Edward W. Smith, associate justice of the Court of Appeals for the Fourth Judicial district here.—San Antonio Light.

## NRA BOARD FOR TEXAS MEETS; OUTLINES WORK

### Rally In Ft. Worth With Ferguson In Leading Position

FORT WORTH, Texas, Aug. 21 (UP)—With former Gov. James E. Ferguson taking a leading part, the State Recovery Board to act in conjunction with the NRA met here today to formulate a program.

Acting in behalf of his wife, the Governor, Ferguson welcomed the nine State leaders named by National Recovery Administrator Hugh S. Johnson to make up the board. They were:

Maury Hughes of Dallas, Rabbi Henry Cohen of Galveston, Walter B. Cline of Wichita Falls, State Senator Margie Neal of Carthage, John Boyle of San Antonio, J. R. Eubens of Fayetteville, George Slater of Austin, H. W. Stillwell of Texarkana and O. L. Slaton of Lubbock.

Hughes was elected president of the board, Senator Neal vice president and Slater, secretary.

The organization will serve as a board of review to act on cases arising out of the NRA agreements, Ferguson said, in outlining the board's work.

"It will refer insolvent cases under the NRA to the district manager of foreign and domestic commerce," he said. "It will report on the progress of the State program to the office of General Johnson in Washington.

"It will also maintain contact with individuals through the State council of NRA and heads of civic organizations and will disseminate information to the people."

The State will be divided into nine territories, Ferguson said. He exhibited a message from General Johnson saying he was basing his hope for the recovery program's success in Texas on this State board.

Clifford Jones of Spur, regional director for the Federal works program, attended the meeting on invitation of Ferguson.

The former Governor, here also to make an address tonight in behalf of the proposed State bond issue and repeal of the Eighteenth Amendment, expressed confidence the blue eagle campaign would go over.

"And" he added with a smile, "of course you know that the State is going wet in the vote next Saturday. The bond issue will carry, too."

## LARGE LIQUOR HAUL IS MADE NEAR DEL RIO

### James Williams Is Under A \$3,000 Bond After His Arrest

DEL RIO, Aug. 22.—James Williams, 24 arrested late Monday on the Brackettville highway with one of the largest liquor hauls here in many months, was placed under \$3,000 bond at a hearing held Tuesday before U. S. Commissioner C. D. Smith.

Williams was arrested by Highway Patrolman George H. Grimes, who became suspicious of the license plates on the car. Stopping the reputed rum runner, Grimes' search of the car is said to have revealed 10 gallons of alcohol and 13 quarts of assorted liquors in sacks. When brought to Del Rio the sacks containing the liquor were still wet, officers stated.

Arrested at the hearing Williams refused to make a statement, maintaining an absolute silence when charged with violation of the tariff act.

## Voters Need Not Own Property To Ballot On Bonds

AUSTIN, Aug. 22. (AP)—The Texas attorney general's department today ruled that any qualified voter, even though not a property owner, is eligible to participate in the election next Saturday on the proposition to issue \$20,000,000 in bonds for unemployment relief.

Walter A. Koons, assistant attorney general, held there was no property test that could be applied to voters in the election. The ruling stated the question was not one primarily of issuing bonds but of amending the state's fundamental law to empower the legislature to authorize bonds.

## San Angelo To Get U. S. Fish Hatchery

WASHINGTON, D. C. (INS)—Allotment of \$3,052,051 public works funds, most of which will go directly or indirectly to wages and increased employment, has been announced by the public works administration. The proration hearing was postponed when a telegram was received from Commissioner Ernest O. Thompson, who is in Washington.

## Forestry Program To Be Continued Six Months More

WASHINGTON, Aug. 21 (AP)—The civilian conservation corps will be maintained at full strength for another six months, but President Roosevelt hopes some of the men will find jobs to make way for others to enlist.

In conference with Robert Fechner, director of the corps, Mr. Roosevelt agreed there was enough work ahead to employ the 314,000 men for the full year. However, he is writing a personal letter to the men, asking that they make an effort to find regular employment so that their places can be taken by others desirous of going into the forests.

If any of the men are unsuccessful in finding regular work after an honest effort Mr. Roosevelt is willing that they shall re-enroll for the second six months.

He asked Friday that the army and forestry service find locations for 450 new camps. This number will be moved from the deep snow regions during the winter, but it will be unnecessary to locate all of them in the South.

Approximately twenty-five camps will be put in the Tennessee Valley area, where the Government is undertaking a vast improvement program.

There is plenty of existing Federal land on which to place the camps and no further purchases are contemplated.

Original estimates showed a cost of about \$250,000,000 for one year's operation of the conservation corps. The President said Friday funds are available from the original appropriation to carry on the work for the second six months.

DOING OUR BIT

We are having as tough a time as you are brother. It costs money to run a newspaper, and there isn't much coming in these days. Much of our pay is in promises backed by our faith in the individuals.

But we are making the best of the situation. We are not growlin or crabbing or complaining. We are doing our best to make the world seem brighter for our readers.

If we point out defects in our system of government, if we censure public officials who are obviously failing in the tasks assigned to them, it is not that we have a chip on our shoulder, or a knife up our sleeve, or any other spirit of ill will. It is just our way of doing our share toward moulding public opinion and convincing the people that we can do better if we want to do so.

We can improve conditions only by supporting that which is right and condemning that which is wrong by aiding instead of destroying.

When a doctor discovers a cancer he cuts it out, that the patient may continue to live.

Our economic life is full of cancers today, much of them having their origin in political incompetence and dishonesty. When the people 'operate' these cancers will gradually disappear—and not before.

There is no gold at the end of the rainbow, just hard work. And we're doing our share of that work as we think it should be done.

RESTLESS AMERICA

Gone are the days when hobbin and the buckboard were the principal means of transportation for the American family, and with them seems also to have gone the stability and sanctity of the American home.

The simple life holds no appeal for the present generation. With the advent of modern transportation we have become a restless, speed-crazed nation. Our highways have become nationwide race tracks; from dawn until far into the night they are lined with roaring cars.

Never before in history have we had such a tremendous floating population. The wanderlust seems to have become a national epidemic and "let's go" our national slogan.

RECIPES AND MENUS
By Department of Home Economics Texas State College for Women (CIA)

DENTON, August 24.—During the spring and summer months when fresh fruits and vegetables are so plentiful, the task of meal planning is an easy one. Now that the resources of our summer gardens are exhausted, we must begin to look elsewhere for appetizing foods which to tempt our families. It is at this time that green apples come on the market. They lend a piquancy to the menu which might otherwise be lacking. The early apples are fairly tart and require considerable sugar for sweetening so they should be counted for their energy value and vitamins.

Breakfast: Fried apple rings, bacon, toast, preserves, butter, coffee. Lunch: tomato soup, stuffed eggs, lettuce salad, apple sauce and marshmallows, milk.

Dinner: Pork roast, creamed potatoes, asparagus, dill pickle salad, Dutch apple cake, sauce.

Breakfast: Baked apples, eggs a la goldenrod, toast, coffee.

Lunch: Boston baked beans, Graham bread, butter, cabbage salad, Apple compote, milk.

Dinner: Breaded veal cutlets, buttered peas, stuffed tomato salad, bread, butter, Apple crisp.

APPLE COMPOTE: 6 apples, 1/2 c sugar, 1c water, pinch of salt. Mix sugar, water and salt and heat to boiling. Place apples in hot syrup and boil gently until soft. Serve with the syrup. Rosy apple compote may be prepared by adding red cinnamon candies or red sugar to the water before the apples are placed in it.

DUTCH APPLE CAKE: 2or 3 apples, 1/2 c sugar, 1 1/2 to 2 t of cinnamon. Use recipe for yeast coffee

cake and apples when the dough is rising. Arrange apple slices on it in regular rows, sticking the thin edge of each into the dough, and letting each slice overlap the other. Make straight rows for a square or rectangular cake, circles for a circular cake. Mix sugar and cinnamon and sprinkle over apples. Bake 20 to 25 minutes in moderate oven. Serve either hot or cold, with sauce if desired.

APPLE CRISP: 2 c sliced apples, 1/2 c shortening, 1/2 c water, 3/4 c flour, 1 c sugar, 1 c sauce. Put apples in greased baking dish. Sprinkle cinnamon over, pour water over. Work together with a fork the flour, shortening and flour. It will be crumbly. Sprinkle over apples. Bake in a moderate oven, 30 to 40 minutes. Serve hot with any creamy sauce or maple syrup. Serves 6 to 8.

ON TEXAS FARMS

By W. H. DARROW Extension Service Editor

Poisoning grasshoppers by Extension Service methods has meant the difference between a crop and no crop to E. M. Ball, Young county farmer, who says he uses from 300 pounds to 1500 pounds of poison bran mash every year.

By bringing in competitive buyers for the tomato crop the Nacogdoches County Truck Growers' Association raised prices last season from one-half cent to one and one-half cents per pound, the county agent reports, and maintained market price for the crop throughout the season.

Overcoming natural difficulties caused by having a sharply sloping gravel yard in which nothing would grow because water could not be had for irrigation, Mr. and Mrs. B. J. Teague in Childress county have developed one of the prettiest farm yards in that section. Water was pumped into a concrete tank, then pumped across the road into another concrete tank, and from there piped back to the house. The yard was levelled and held in place by a stone retaining wall and Bermuda grass was sodded in. Shade trees and foundation plantings around the house completed the job of making this a real yard demonstration.

The price of wool was more than doubled in Hardin county this season by the newly organized wool growers' association which the county agent says pooled 10,500 pounds that brought 31 cents per pound sold in cooperation with the Southwest Louisiana Growers' Association.

A \$150,000 farmers' market is planned for El Paso to serve the farmers of El Paso, Hudspeth and Dona Ana (New Mexico) counties.
