Dr. John R. Brinkley Announces His Plans Friday

DEL RIO, Oct. 9.—Brinkley sanitariums of Milford, Kan., will be established in Del Rio November 1, announcements made late Friday by Dr. John R. Brinkley indicated. Interviewed as he stepped from his plane arriving here late Friday afternoon from Milford, Dr. Brinkley made the following statement: "Tell those folks that Dr. Brinkley states he has a purchasing agreement for Del Rio property and that his staff will occupy it November 1."

"Patients will be treated there as well as at the other Del Rio hospitals."

The remote control line from Milford will be discontinued November 1, broadcasts to be made from Del Rio.

"We have been fighting the depression for three years with continued shortage of money by the people, hence it becomes necessary to reduce expenses in the conduct of my business."

"Patients will be received at Milford until November 1."

Dr. and Mrs. Brinkley have maintained their Del Rio residence two years, occupying it on business trips to the city, which will hereafter be their permanent home, according to the present plans of the doctor. Furniture for their home is enroute to Del Rio to be staged.

His retinue to Del Rio will number 40 persons, including five staff surgeons and five staff nurses, all of whom will establish their residence here, according to Dr. Brinkley.

Dr. Brinkley was accompanied by Mrs. Brinkley and their little son, "Johnny Boy."

Mrs. Clyde Higgins To Conduct 1933 Seal Sale In County

Mrs. Clyde Higgins as health chairman of the Sanderson P. T. A. will direct the 1933 Christmas Seal sale in Terrell County according to an announcement made Wednesday by Mrs. Louis Rochet, president.

The annual Christmas Seal, the funds from which are used in the campaign against tuberculosis is conducted in this State by the Texas Tuberculosis Association whose headquarters are located in Austin. Samples of this year's seals and posters shown by the State representative are particularly attractive this year, the 1933 campaign being the 27th annual sale of the seals which officially opens throughout the United States on Thanksgiving Day.

EXCAVATING ON CREEK BRIDGES HAVE STARTED

Contractor To Employ 200 Men When Work Is In Full Swing

Excavation work for the bridges over Sycamore Creek 12 miles east of Del Rio on Highway No. 3 was under way Wednesday under the direction of L. A. Turner, holder of the contract for the work.

Turner started preliminary work of grubbing a roadway, some 150 yards above the present crossing, some weeks ago. He is using two crews of men of 12 each, eight men in each crew being drawn from Val Verde County and the remaining four from Kinney County, since the project is partly in both counties. When work at full strength starts, Turner will employ about 200 men, estimates at the Re-Employment Agency show.

Terms of the contract stipulate that Turner draw his labor from lists compiled of Val Verde and Kinney Counties. Of the 200 men estimated for the full crew, 70 are to be skilled laborers, paid 45 cents an hour, and the remaining 130, unskilled laborers. Figures in the Re-Employment Agency, with offices in the rear of the old Del Rio National Bank Building, show that 70 per cent of all the laborers will be drawn from Val Verde County and the remaining 30 per cent will be taken from Kinney County.

The two bridges will be 1,058 feet in length and cost \$100,000. One will be 460 feet long and the other 598 feet in length. Both will be of concrete and have a 24-foot clear roadway. —Del Rio Evening News.

Bucks Defeat Sanderson In Game Friday

The Alpine High Bucks defeated the Sanderson High Eagles 33-0 last Friday on the Jackson Field in Alpine in a game packed with sensational runs.

The Bucks drove the ball to the 3 yard marker in the first two minutes only to fumble over the goal line for a touchdown. Allen took Newton's punt, and started another drive to score. Allen put the ball in scoring position on a long skirt around end. He then plunged the ball over in two plays. Allen converted. Score 7-0.

The second quarter was uneventful, Alpine slowing down noticeably, but Harris scored early in the second half for the Bucks. The rest of the Alpine scores came from long runs by Allen, Ramos, Harris, and Fowlkes.

Sanderson played good ball, but was outweighed. Newton, Eagle quarterback, showed the Bucks some of the classiest punting seen here yet.

Alpine made 14 first downs to 4 made by Sanderson.—Sul Ross Skyline.

Charged With Wool Stealing From Ranchman

Preliminary hearing was held in Justice Court here last Friday for Kyle Smith and John Wolff, of Sheffield, who were arrested for alleged stealing of wool.

On the 11th day of September, 5 sacks of wool was stolen from John Lanhorn, who ranches on the old Ketchum ranch in this county. The bags of wool was traced by officers and finally after sometime the above parties were arrested.

At the examining trial before Judge Henry, Kyle Smith was placed under bond to await the action of the grand jury at the January term of District Court and as sufficient evidence was not made against Wolff he was released.

F. L. Burnside accompanied the C. D. Strange family to Texarkana, Ark., on Thursday, he taking them overland in his car.

Armistice Day To Be Observed By American Legion

Armistice Day will be appropriately observed in this city by the local Clarence Hallie Mulkey Post No. 160, American Legion, according to plans now being made by a committee composed of J. L. Osgood, Ray Caldwell and D. L. Duke members of the Post.

The Committee is now working on a plan to make the affair one that will be fitting to the occasion and make it a County wide celebration. The day, November 11, falls on Saturday this year and at a time that all citizens of the county should be able to come in and take a part in commemorating the day.

Among the plans being made is a parade in which every business firm, organization and the school will have part. Arrangements are being made for a football game following the parade and if possible a free barbecue supper to be served after the game. That night a big dance will be held.

The Post asks that all citizens of the county co-operate and help in every way to make this a successful affair.

SPECIAL TERM DISTRICT COURT IS POSTPONED

John Martin Cases, Long On Docket, Is Put Off

The special term of District Court that was scheduled to be held here commencing on Monday of this week was postponed as the State's principal witness could not be here.

At this special term, John Martin, ranchman near Dryden, who is charged with theft of cattle, altering and defacing of brands, was to be tried. The case has been on docket for sometime and has from term to term been postponed.

The case is now scheduled to come up for hearing at the regular term of Court which will be held in January.

Sarah Dickson Anderson

Mrs. Sarah Dickson Anderson passed quietly on to her reward on Wednesday evening, September 27, about 11:30 o'clock at the home of her daughter, Mrs. B. N. Kimball, where she had been ill for several months. Mrs. Anderson was born November 20, 1862, in Gillespie county, and was married to Mr. Jno. H. Anderson on November 24, 1881. This couple has lived in Marathon off and on for forty-one years and are among the pioneers of this section.

Mrs. Anderson was a splendid mother, good neighbor and made a host of friends wherever she went. She is survived by her husband, J. H. Anderson, three sons and three daughters, A. B. Anderson and Mrs. Mary Kimball, Marathon; Mrs. Easter Kimball, Walter Anderson, Mrs. Martha Sherel, California; Lee Anderson, Abilene.

Funeral services were conducted Thursday afternoon from the Kimball home by Rev. Sparks of Alpine. Pallbearers were A. R. Davis, Wm. Jones, J. L. Henderson, George Hargus, Earl Young, and I. P. Rackley.—Marathon News, in Alpine Avalanche.

Mrs. Anderson was a half sister of Mrs. Luella Lemons of this city and of L. S. Dickson at Marathon. She is also survived by a brother, Will Dickson, El Paso and by a sister Mrs. Millie McFarland of San Diego, California.

Frank Wells, of El Paso, visited with Mr. and Mrs. C. V. McKnight over the week end and accompanied the McKnight to San Antonio.

L. H. Lemons was a week end visitor in San Antonio as the guest of his sister, Mrs. E. D. Pipes.

C. D. STRANGE DIES SUDDENLY AT VALENTINE

Railroad Man Of This City Is Victim Of Heart Disease

It was a shock as well as regrets that our little community received the news Wednesday night about 8 o'clock, that C. D. Strange had dropped dead in Valentine. Mr. Strange, a brakeman for the T. & N. O., was on his regular run. He was throwing a switch, preparatory to letting a train in the yards, when he was seen by his fellow workmen to suddenly sway and fall backwards. He was dead when they reached his side and when Dr. Vick was called to him.

The remains were taken on a special to Marfa where it was prepared for burial, passing through this city this morning, Friday, on its way to Texarkana, Arkansas for interment.

No definite funeral arrangements had been made up to Wednesday noon but, it was stated by his family here that funeral would not be held before Sunday afternoon.

Perhaps there was no other man on the road that was as well liked as Charlie Strange. He numbered his friends by legions and always had a good, kind word for everybody his home town and was a good citizen. His family was always his first thought and he made them a good home and devoted his life to them.

The survivors in this city, his widow, Mrs. Kate Strange, and the following children, Baird and Mike Strange, Mrs. Julian Kessler and her husband, left this city about noon Thursday in a car for Texarkana going by the way of San Antonio where they will be joined by another son, C. D. Strange, Jr., and at Austin by the other daughter, Mrs. Douglas Wilson. In addition to the above relatives, he is survived by a brother, W. A. Strange of Texarkana, a sister, Mrs. T. H. Davis in Texarkana and another sister, Mrs. Rice in Montana, as well as numerous other relatives in Texarkana and a host of friends there and in this city.

C. D. Strange, 41, was born in Texarkana, Ark., November 17, 1892, and spent most of his life in that city. Thirteen years ago he and his family moved to this city to make their home, he being employed on the T. & N. O. as brakeman. He was a member of the Baptist church in this city.

The Times joins with the many friends of the family in this city in extending sympathy to the bereaved ones in this hour of their sadness.

HAS APPENDICITIS OPERATION

YOUTH NOT SO FLAMING

Many evidences are at hand to show that the young people of 1933 are looking ahead with a clearer notion of "what it's all about" than did their parents.

A smart magazine, popular only a few years ago with college students, has, in the vernacular, "folded up" for want of support.

The plain fact of the matter is, however, that the whole world is getting over a giddy headache, brought on by the World War.

Today there is more sentiment and brotherly feeling manifested in the world than for many generations.

Stop hoarding—there is no longer any reason for it. Be an optimist—and act as you preach.

The wise person is the one who trains himself to do more than one thing well, thus providing additional outlets for his abilities.

OLD GAME, NEW RULES

Eyes of the world are almost literally turned toward the United States these days. The National Recovery Act is a popular topic from Tokyo to London.

Already the NRA has produced gratifying results. Some enthusiasts, violently reacting from the dark days of the past three years, unhesitatingly proclaim that the Blue Eagle, emblem of the New Deal, is in reality the Blue Bird of Happiness thinly disguised.

But, at the risk of being pigeon-holed as a grouser, let us venture the observation that recovery is far from being a fact achieved. Happily it is true that business throughout America is improving, but the long pull is certainly ahead.

Signing codes of ethics and business practice is important, but not enough. Abuses as ancient as trade itself are not to be eradicated by the swish of a flowing pen.

The acid test is going to come after the fanfare has died away, after the parade is past. It will come when the wheels of the new machinery begins, creaking at first, to mesh and to turn.

The New Deal has changed the rules of the game, but no one is excused from playing, and playing hard. There is nothing magic about the NRA; it is man made.

Today, more than ever, we must read.

"Bowery" Finds Plump Chorus Girl Still Exists

"Wanted: Very plump chorus girls for 'The Bowery.' Apply 2002 Century Studios."

That ad in a Hollywood theatrical paper revealed that there are hundreds of chorus girls in Los Angeles who live up to the requirements of musical shows of the 80's and '90's when curves were the style in feminine pulchritude.

The girls appear with Wallace Beery, George Raft and Jackie Cooper in the honky-tonky shows of "The Bowery," a gay romance of the bad old days along New York's East Side in Frankie-and-Johnny times. It is the attraction coming to the Princess Theatre—a United Artists release directed by Raoul Walsh, with Fay Wray and Pert Kelton playing the leading feminine roles.

DENTON, Oct. 12—Much has been said of the value of fruit in the diet. The free use of fruit is strongly advised because it is rich in minerals and vitamins, as well as in cellulose and all these are valuable in regulating the body. The flavor of fruit is pleasant to almost everyone and its use is easily extended in the majority of families. The abundant use of fruit during the spring and summer months is an easy matter because these seasons yield a wide choice. However during the fall and winter seasons the fruits intake in the average dietary is apt to be low. A little application to the problems of selection will direct one to the use of citrus fruits which are so abundant during these seasons, to the wide variety of dried fruits available at any time and to the canned fruits, and to such additional fresh fruits as appear on the market. Dried fruits will be found more economical than canned fruits, but the canned fruit market offers a wide range of selection during the seasons when fresh fruits are very scarce.

Don't Get UP Nights

You need a bladder physic to drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25c test box of BUKETS, the bladder physic, from any drug store. After four days if not relieved of getting up nights go back and get your money. BUKETS, containing buchu leaves, juniper oil, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains arising from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Bohlman Drug Store says BUKETS is a best seller.

FROM THE TOP OF THE WINDMILL

By SAM ASHBURN San Angelo Morning Times

Halfway between Sheffield and Dryden, on a fork of Independence one enters the ranch of Doc Turk, who according to an article by Frank Dobie in the Saturday Evening Post, was in his younger days one of the toughest and hardest riding cowboys in the pear country on the border. These days cowboys passing along the road always stop at the Turk ranch assured of a warm welcome. While sitting in the cooling shade of the large porches, they listen to tales of the old days when they roped them and tied them where they found them. "Sure now," says Mr. Turk, "I guess I have pulled enough wild cattle out of the brush to stock this county and broke down enough pear and mesquite brush to build a fence around it." Watching the grey-haired man at work, hatless, almost shirtless, yelling and joking, one can really believe that he has pulled those steers out of the brush and broken down that much pear.

One of the prettiest homes in West Texas is that of Busten Canon, who ranches 45 miles out of Sheffield on the Dryden road. His home is only two miles from the main highway but to reach it you must travel about 15 miles. You climb up the divide between the two forks of Independence and about eight miles before you get to his home and you can see it—white house, barns, stables and a mountain road leading to it. You can see it—white house, barns, stables and a mountain road leading to it.

The sealed bid sale of the Russell Menzies 60,000 pounds of fall wool has been changed to Wednesday, October 18, it was announced yesterday from the Lyndon F. Webb warehouse here, where it will be offered.

Estimates here are that more than 125,000 head of sheep will cross the Pecos this fall for range and at least 25,000 head of cattle. What sheep territory? One of the finest kind of country is this more or less sheep territory? It is a land of fine homes, few mortgages and green grass. One of the finest homes is that of Mrs. Hicks, located near the banks of Independence near the point it flows into the Pecos. It is a comfortable home, well improved, with a pretty yard and plenty of shade. There there is the N. M. Scott place. Visiting it is like going to see a Missouri farm. The residence is Spanish type, and lies off the Sheffield and Dryden road. The Fred and Callahan ranch headquarters has about fifty springs coming from out the side of a bluff and nearby is one of the largest live oak motts in the state. Recently Rob Fred sold interest in the place to John Mitchell and Mr. Callahan. Fred now runs the Sanderson tourist camp in Sanderson. The Bill Banner place also in this part of the Trans Pecos near Sheffield, is one of the amazing points of interest in this big country.

Shortly there is expected to arrive in West Texas the first of a series of about 300 guns for use in killing prickly pear. This gun is being made now. The maker was given about \$4,000 by ranchmen as down payment for the manufacture, some ranchmen making the country with him and helping solicit the funds. The cost of the guns will be about \$40 each, each ranchman who got one making a deposit of about \$13.

There are more orders to buy feeder lambs in the country than at any time this year. One estimate places the number of orders far in excess of 300,000 head, and the price outlook is definitely better. The feeder market in Chicago has been better for the last two days, and predictions are for feeder lambs at five cents shortly.

Why Did You Buy This Newspaper?

SUPPOSING that, beginning tomorrow, all the newspapers are discontinued. What a furor the public would make. "News! News! We must have news or we will be no better off than the ancients." All right, suppose we give them news but cut out the advertisements.

Then you would discover that politics, the doings of society, notices of fires, accidents, deaths, scandals, sports, the activities of the police and criminal add little or nothing to the real comfort and happiness of this greatest age in the world's history.

Advertising is the NEWS of all the looms, of all the furnaces, of all the laboratories, of all the shops, of all the stores, of all the world, and all working for you.

Because of advertising, luxuries and necessities that once cost a king's ransom are yours at little prices. Advertising pits merchant against merchant, artisan against artisan, producer against producer, for your benefit, forcing out the best there is in everything and telling the world about it.

Read advertising. Keep abreast of today. Advertising furnishes you with facts and opportunities that otherwise you would never know.
